PROXY STATEMENT

FOR THE 2010 ANNUAL MEETING OF STOCKHOLDERS

MAY 21, 2010

This proxy statement (this Proxy Statement) is being furnished to holders of ARCA biopharma, Inc. (sometimes referred to as the Company, ARCA, we, us, and our) common stock, par value \$0.001 per share (the Common Stock). Proxies are being solicited on behalf of the Board of Directors of ARCA (the Board of Directors) to be used at the Annual Meeting of Stockholders (the Annual Meeting) to be held on Friday, May 21, 2010 at 9:00 a.m. local time at Renaissance Suites, 500 Flatiron Boulevard, Broomfield, CO 80021 and at any postponement or adjournment thereof, for the purposes set forth in the Notice of Annual Meeting of Stockholders.

ARCA is using the Securities and Exchange Commission (the SEC) rule that allows companies to furnish their proxy materials over the Internet. As a result, we mailed to our stockholders a Notice of Internet Availability of Proxy Materials (the Notice) instead of a paper copy of the proxy materials (including the form of proxy, this Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, filed with the SEC on March 4, 2010 (the 2009 Annual Report), collectively, the Proxy Materials) on or about April 7, 2010. We also provided access to our Proxy Materials over the Internet beginning on that date. By furnishing the Notice to our stockholders of record, you *will not* receive a printed copy of the Proxy Materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and Annual Report electronically or to receive a printed version in the mail. The Notice also instructs you on how you may submit your proxy over the Internet, by toll-free number or in person at the Annual Meeting. Subsequent to receiving the Notice, all stockholders have the ability to access the Proxy Materials over the Internet and request to receive a paper copy of the Proxy Materials by mail. Instructions on how to access the Proxy Materials over the Internet or to request a paper copy may be found on the Notice. In addition, the Notice contains instructions on how stockholders may request to receive Proxy Materials electronically by e-mail.

All stockholders may view and print ARCA's proxy statement and the 2009 Annual Report, which are available at www.arcabiopharma.com.

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a notice regarding the availability of the Proxy Materials on the Internet?

As described above, pursuant to rules adopted by the SEC, we have elected to provide access to the Proxy Materials over the Internet. Accordingly, on or about April 7, 2010, we sent the Notice to ARCA's stockholders of record. The Board of Directors is soliciting your proxy to vote at the Annual Meeting. All stockholders will have the ability to access the Proxy Materials on the website referred to in the Notice or request to receive a printed or electronic set of the Proxy Materials. Instructions on how to access the Proxy Materials over the Internet or to request a printed copy may be found in the Notice.

How do I attend the Annual Meeting?

The meeting will be held on Friday, May 21, 2010 at 9:00 a.m. local time at Renaissance Suites, 500 Flatiron Boulevard, Broomfield, CO 80021. Directions to the annual meeting may be found at www.arcabiopharma.com. Information on how to vote in person at the Annual Meeting is discussed below.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on March 26, 2010 will be entitled to vote at the Annual Meeting. On this record date, there were 7,620,448 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on March 26, 2010 your shares were registered directly in your name with ARCA's transfer agent, Computershare Trust Company N.A., then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to vote by proxy over the telephone or on the Internet as instructed below or return the proxy card we may mail to you to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If, on March 26, 2010, your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are two matters scheduled for a vote:

Election of two directors; and

Ratification of selection by the Board of Directors of KPMG LLP as independent registered public accounting firm of the Company for its fiscal year ending December 31, 2010.

What if another matter is properly brought before the meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may Withhold your vote for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy over the telephone, vote by proxy through the Internet or vote by proxy using a proxy card that you may request or that we may elect to deliver at a later time. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

Edgar Filing: ARCA biopharma, Inc. - Form DEF 14A

To vote using the proxy card, simply complete, sign and date the proxy card that may be delivered and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free **1-800-652-VOTE (8683)** using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice. Your vote must be received by 11:59 p.m., Mountain Time on May 20, 2010 to be counted.

To vote through the Internet, go to <http://www.envisionreports.com/abio> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice. Your vote must be received by 11:59 p.m. Mountain Time on May 20, 2010 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice containing voting instructions from that organization rather than from ARCA. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your access to the Internet, such as usage charges from internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of March 26, 2010.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, For the election of both nominees for director and For the ratification of KMPG as the Company's independent auditor for the fiscal year 2010. If any other matter is properly presented at the meeting, your proxy holder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, the directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the Notices to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

You may submit another properly completed proxy card with a later date.

You may grant a subsequent proxy by telephone or through the Internet.

You may send a timely written notice that you are revoking your proxy to ARCA's Secretary at 8001 Arista Place, Suite 200, Broomfield, CO 80021.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy. Your most current proxy card or telephone or the internet proxy is the one that is counted.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 8, 2010, to ARCA's Secretary at 8001 Arista Place, Suite 200, Broomfield, CO 80021. If you wish to submit a proposal that is not to be included in next year's proxy materials or nominate a director, you must do so by no earlier than February 20, 2011 and no later than March 22, 2011. You are also advised to review the Company's Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Withhold and, with respect to proposals other than the election of directors, Against votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are broker non-votes ?

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. Under the rules and interpretations of the New York Stock Exchange (NYSE), non-routine matters are matters that may substantially affect the rights or privileges of shareholders, such as mergers, shareholder proposals and, for the first time, under a new amendment to the NYSE rules, elections of directors, even if not contested.

How many votes are needed to approve each proposal?

For the election of directors, the two nominees receiving the most For votes (from the holders of votes of shares present in person or represented by proxy and entitled to vote on the election of directors) will be elected. Only votes For or Withheld will affect the outcome.

To be approved, Proposal No. 2 to ratify the selection of KPMG LLP as the Company's independent auditors for fiscal year 2010 must receive For votes from the holders of a majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 7,620,448 shares outstanding and entitled to vote. Thus, the holders of 3,810,225 shares must be present in person or represented by proxy at the meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

EXPLANATORY NOTE

The Company was originally incorporated as Hyseq, Inc. in Illinois in 1992 and reincorporated in Nevada in 1993. On January 31, 2003, the Company merged with Variagenics, Inc., a publicly traded Delaware corporation based in Massachusetts, and, in connection with the merger, changed its name to Nuvelo, Inc. On March 25, 2004, Nuvelo was reincorporated from Nevada to Delaware. On January 27, 2009, Nuvelo, Inc. completed its business combination with ARCA biopharma, Inc., a Delaware corporation (ARCA Colorado), in accordance with the terms of the Agreement and Plan of Merger and Reorganization, dated September 24, 2008, as amended October 28, 2008, by and among Nuvelo, Inc., Dawn Acquisition Sub, Inc., a wholly-owned subsidiary of Nuvelo, Inc., or Merger Sub, and ARCA Colorado (the Merger Agreement). Pursuant to the Merger Agreement, Merger Sub merged with and into ARCA Colorado, with ARCA Colorado continuing after the merger as the surviving corporation and a wholly-owned subsidiary of Nuvelo, Inc. ARCA Colorado was then merged into the Company in December 2009. At the effective time of the merger, Nuvelo, Inc. changed its name to ARCA biopharma, Inc. (ARCA). Immediately following the effective time of the merger, former ARCA Colorado stockholders owned approximately 67% of the outstanding common stock of the new company, and former Nuvelo stockholders owned approximately 33% of the outstanding common stock of the new company. These transactions are referred to herein as the merger. Unless the context otherwise requires or as otherwise stated herein, all references herein to the Company, ARCA, we, us, and our refer to ARCA Colorado prior to the completion of the merger and to ARCA biopharma, Inc. following the completion of the merger and the name change, and all references to Nuvelo refer to Nuvelo, Inc. prior to the completion of the merger and the name change.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Amended and Restated Certificate of Incorporation provides that the Board of Directors is divided into three classes to provide for staggered terms and that each director will serve for a term of three years or less, depending on the class to which the Board of Directors has assigned a director not previously elected by the stockholders. The Board of Directors presently has nine members. There are currently three Class II directors, whose terms expire at the annual stockholders' meeting in 2011, and four Class III directors, whose terms expire at the annual stockholders' meeting in 2012. The Board of Directors has nominated two Class I directors, Dr. Linda Grais and Dr. John L. Zabriskie, for election to the Board of Directors, each for a three-year term ending on the date of the annual meeting in 2013 or until a successor is duly elected and qualified or appointed. There is currently one vacancy in the Class I directors and the Company has not nominated anyone to fill that vacancy. This vacancy can be filled at any time, but there are no immediate plans to do so. Stockholders may not vote for more than two nominees even though there is a vacancy. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

If elected at the Annual Meeting, each of these nominees would serve until the 2013 annual meeting and until his or her successor has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal. It is the Company's policy to encourage directors and nominees for director to attend the Annual Meeting. Nine of the Company's ten directors then on the Board attended the 2009 Annual Meeting of Stockholders.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. The two nominees receiving the highest number of affirmative votes will be elected. Each person nominated for election has agreed to serve if elected. The Company's management has no reason to believe that any nominee will be unable to serve.

Director Qualifications and Diversity

The below paragraphs provide information as of the date of this proxy statement about each nominee and current members of the Board of Directors, including age, all positions currently held, principal occupation and business experience for the past five years. In addition to the information presented regarding each nominee's specific experience, qualifications, attributes and skills that led the Board to conclude that such director or nominee should be able to serve as a director, the Board also believes that all of the directors and nominees have a reputation of integrity, honesty and adherence to high ethical standards. They each have demonstrated business acumen and an ability to exercise sound judgment as well as a commitment to service to ARCA and the Board.

Our Nominating and Corporate Governance Committee considers diversity in the director identification and nomination process. The Nominating and Corporate Governance Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. Such Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. ARCA believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

As part of a member of the Board of Directors for Kellogg Co., Dr. Zabriskie has served on the audit committee for the past ten years. Within the past five years, Dr. Zabriskie has also served on the Board of Directors of Momenta Pharmaceuticals, Inc. and MacroChem Corporation. Dr. Zabriskie received his undergraduate degree in chemistry from Dartmouth College and his Ph.D. in organic chemistry from the University of Rochester. Dr. Zabriskie is an appropriate nominee to the Company's Board of Directors due to his extensive experience in the pharmaceutical industry, including senior management experience up to the level of president and chief executive officer of significant public companies, as well as his experience on the boards of directors of public companies, including service on audit committees. Dr. Zabriskie also has extensive experience with and knowledge of the Company's business from his service on the Board of ARCA Colorado since 2005, and his service as a Board member and Chairman of the Audit Committee of the Company since January 2009.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

INDEPENDENCE OF THE BOARD OF DIRECTORS

As required under the NASDAQ Stock Market (NASDAQ) listing standards, a majority of the members of a listed company's Board of Directors must qualify as independent, as affirmatively determined by the Board of Directors. The Board consults with the Company's counsel to ensure that the Board's determinations are consistent with relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the NASDAQ, as in effect from time to time.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, the Board has affirmatively determined that the following six directors are independent directors within the meaning of the applicable NASDAQ listing standards: Dr. Formela, Dr. Freytag, Dr. Grais, Ms. Pendergast, Dr. Sobel and Dr. Zabriskie. In making this determination, the Board found that none of these directors or nominees for director had a material or other disqualifying relationship with the Company. Dr. Bristow, the Company's President and Chief Executive Officer, Mr. Brewer, the Company's former President and Chief Executive Officer and Dr. Love, Nuvelo's former President, are not independent directors by virtue of their relationship or former relationship with the Company.

BOARD LEADERSHIP STRUCTURE

The Company's Board of Directors is currently chaired by the Richard Brewer. The Board has also appointed Dr. Freytag as Lead Independent Director.

The Company separates the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. The Company believes that the CEO should be responsible for the day to day leadership and performance of the Company, while the Chairman of the Board should set the strategic direction and provide guidance to the CEO. The Chairman also sets the agenda for Board meetings and presides over them. Mr. Brewer

is the Company's former Chief Executive Officer and is uniquely positioned to understand the detailed operations of the Company as well as provide the leadership to help to develop strategy. As CEO, Dr. Bristow is then able to implement the strategic initiatives and business plans approved by the Board.

Because Mr. Brewer, the Chairman, is not independent, the Board appointed Dr. Freytag as the Lead Independent Director to help reinforce the independence of the Board as a whole. The position of Lead Independent Director has been structured to serve as an effective balance to the Chief Executive Officer and Board Chair. The Lead Independent Director is empowered to coordinate the activities of the other independent directors and perform such other duties and responsibilities as the Board may determine, including: scheduling and presiding over regular meetings of the independent directors; serving as principal liaison between the Chairman of the Board and the independent directors; providing the Chairman with input as to the preparation of the agendas for Board; providing the Chairman with input as to the information submitted by the Company's management in order for the independent directors to perform their duties; making recommendations to the Board on behalf of the independent directors; and undertaking such further responsibilities that the independent directors as a whole may designate to the Lead Independent Director from time to time.

In addition, the Company believes that the Lead Independent Director can effectively coordinate between the Board and management with regard to the determination and implementation of responses to any problematic risk management issues. As a result, the Company believes that the Lead Independent Director can help ensure the effective independent functioning of the Board in its oversight responsibilities. In addition, the Company believes that the Lead Independent Director is well positioned to build a consensus among directors and to serve as a conduit between the other independent directors and the Board Chair, for example, by facilitating the inclusion on meeting agendas of matters of concern to the independent directors.

ROLE OF THE BOARD IN RISK OVERSIGHT AND RISK MANAGEMENT

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, while the Board is responsible for monitoring and assessing strategic risk exposure, the audit committee has the responsibility to consider and discuss the major financial risk exposures and the steps management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The audit committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of ARCA's accounting and financial reporting processes. The nominating and corporate governance committee monitors the effectiveness of the corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. The compensation committee assesses and monitors whether any compensation policies and programs have the potential to encourage excessive risk-taking. The entire Board and its Committees address risk management issues from time-to-time and at least annually meet with the employees responsible for risk management in the committees' respective areas of oversight. Both the Board as a whole and the various standing committees receive periodic reports from the employees responsible for risk management, as well as incidental reports as matters may arise. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors met eight times during the last fiscal year since the merger with Nuvelo in January 2009. Each Board member attended 75% or more of the aggregate number of meetings of the Board and of the committees on which s/he served, held during the portion of the last fiscal year for which s/he was a director or committee member, with the exception of Dr. Lowe who attended two out of the three Nominating and Corporate Governance committee meetings prior to his resignation from the Board on July 31, 2009.

Below is a description of each committee of the Board of Directors. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board of Directors has determined that each member of each committee meets the applicable NASDAQ rules and regulations regarding independence and that each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

Audit Committee

The Audit Committee of the Board of Directors was established by the Board in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act), to oversee the Company's corporate accounting and financial reporting processes and audits of its financial statements. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's audit engagement team as required by law; reviews and approves or rejects transactions between the company and any related persons; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and meets to review the Company's annual audited financial statements and quarterly financial statements with management and the independent auditor, including a review of the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations. The Audit Committee is composed of three directors: Ms. Pendergast, Dr. Sobel and Dr. Zabriskie. The Audit Committee met seven times during the fiscal year. The Audit Committee has adopted a written charter that is available to stockholders on the Company's website at www.arcabiopharma.com.

The Board of Directors reviews the NASDAQ listing standards definition of independence for Audit Committee members on an annual basis and has determined that all members of the Company's Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A)(i) and (ii) of the NASDAQ listing standards). The Board of Directors has also determined that Dr. Zabriskie qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Board made a qualitative assessment of Dr. Zabriskie's level of knowledge and experience based on a number of factors, including his prior experience, business acumen and independence.

Report of the Audit Committee of the Board of Directors¹

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2009 with management of the Company. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants' communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm the accounting firm's independence. Based on the foregoing, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

Dr. Burton Sobel

Ms. Mary Pendergast

Compensation Committee

The Compensation Committee is composed of three directors: Dr. Freytag, Dr. Jean-François Formela and Dr. Grais. All members of the Compensation Committee are independent, as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards. The Compensation Committee met five times during the fiscal year. The Compensation Committee has adopted a written charter that is available to stockholders on the Company's website at www.arcabiopharma.com.

The Compensation Committee of the Board of Directors acts on behalf of the Board to review, adopt and oversee the Company's compensation strategy, policies, plans and programs, including:

overseeing succession planning for senior management of the Company, including a review of the performance and advancement potential of current and future senior management and succession plans for each and recommending, as appropriate, the retention of potential succession candidates;

assessing the overall compensation structure of the Company and evaluating and recommending changes to the Company's compensation philosophies and strategies;

reviewing and approving performance-based compensation plans or programs, including establishing goals and targets, applicable to the Chief Executive Officer and other members of the management team;

administering, reviewing, and approving all executive compensation programs or plans, and all of the Company's incentive compensation and stock plans and awards thereunder of the Company, including amendments to the programs, plans or awards made thereunder;

general incorporation language in any such filing.

preparing and discussing with the Company's management the Compensation Discussion and Analysis, or the CD&A, if required to be included in the Company's annual meeting proxy statement and recommending to the Board that the CD&A be included in the annual meeting proxy statement, to the extent required; and

preparing and approving the Report of the Compensation Committee to be included as part of the Company's annual meeting proxy statement, to the extent required.

Compensation Committee Processes and Procedures

Typically, the Compensation Committee meets on a regular basis as it deems appropriate. The agenda for each meeting is usually developed by the Chair of the Compensation Committee. The Compensation Committee meets regularly in executive session. However, from time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, to provide financial or other background information or advice or to otherwise participate in Compensation Committee meetings. The Chief Executive Officer may not participate in, or be present during, any deliberations or determinations of the Compensation Committee regarding his compensation or individual performance objectives. The Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms.

In early 2009, the Compensation Committee retained the services of a compensation consultant, Compensia, to assist the Compensation Committee in assessing ARCA's equity and cash compensation to all employees. In February 2009, the Company's Board of Directors and Compensation Committee completed a review of the Company's executive compensation in light of general market conditions in the life science industry and the completion of the merger with Nuvelo, pursuant to which the management of ARCA became the management of the Company. Compensia assisted in this review. As part of this review process, Compensia identified a peer group of pre-revenue generating biotechnology companies that had become public companies prior to the middle of 2006. This peer group included Acadia Pharmaceuticals, Alexza Pharmaceuticals, Allos Therapeutics, Array Biopharma, Cytokinetics, Cytori Therapeutics, Dendreon, Geron, Incyte, Intermune, Neurocrin Biosciences and Pain Therapeutics. No other services were retained from compensation consultants.

In setting 2009 base salary and cash bonus award amounts for the ARCA Named Executive Officers, the Compensation Committee analyzed the peer group data and targeted cash compensation in the 50th percentile of cash compensation paid to similarly situated executive officers within the peer group. In light of its considerations, the Compensation Committee recommended and the Board of Directors approved increases to base salary of Mr. Brewer to \$456,000 and of Dr. Bristow to \$365,000. The increased base salaries became effective retroactively as of January 1, 2009. Effective July 10, 2009, Dr. Bristow took a voluntary reduction of his base salary by \$100,000 to \$265,000 in order to conserve the Company's available cash.

Historically, the Compensation Committee has made most of the significant adjustments to annual compensation, determined bonus and equity awards and established new performance objectives at one or more meetings held during the first quarter of the year. However, the Compensation Committee also considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of the Company's compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation, at various meetings throughout the year. Generally, the Compensation Committee's process comprises two related elements: the determination of compensation levels and the establishment of performance objectives for the current year.

The Committee reviews and approves the compensation of the Chief Executive Officer and the other executive officers of the Company, including annual base salaries, annual and long-term incentive or bonus awards, employment agreements, and severance and change in control agreements/provisions, in each case as, when and if appropriate, and any special or supplemental benefits. For executives other than the Chief Executive

Officer, the Compensation Committee solicits and considers evaluations and recommendations submitted to the Committee by the Chief Executive Officer. The Committee evaluates the performance of the Chief Executive Officer in light of Company and individual goals and objectives, and makes appropriate recommendations for improving performance. In performing the evaluation, the Chair of the Committee may solicit comments from the other non-employee members of the Board and lead the Board in an overall review of the Chief Executive Officer's performance in an executive session of non-employee Board members. If the compensation for the Chief Executive Officer or any other executive officer is governed by an employment agreement, the Committee approves such employment agreement and any amendments thereto.

For all executives as part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executives in various hypothetical scenarios, executive and director stock ownership information, company stock performance data, analyses of historical executive compensation levels and current Company-wide compensation levels.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for identifying, reviewing and evaluating candidates to serve as directors of the Company (consistent with criteria approved by the Board), reviewing and evaluating incumbent directors, recommending to the Board candidates for election to the Board of Directors, making recommendations to the Board regarding compensation for Board and Committee service, making recommendations to the Board regarding the membership of the committees of the Board, assessing the performance of the Board and developing a set of corporate governance principles for the Company. The Nominating and Corporate Governance Committee is composed of three directors: Ms. Pendergast (Chair), Dr. Sobel and Dr. Grais. All members of the Nominating and Corporate Governance Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards). Additionally, Dr. Lowe was independent during his tenure on the Nominating and Corporate Governance Committee prior to his resignation in July 2009. The Nominating and Corporate Governance Committee met five times during the fiscal year. The Nominating and Corporate Governance Committee has adopted a written charter that is available to stockholders on the Company's website and www.arcabiopharma.com.

The Board has adopted a process for identifying and evaluating director nominees, including stockholder nominees. Before recommending an individual to the Board for Board membership, the Nominating and Corporate Governance Committee canvasses its members and the Company's management team for potential members of the Board of Directors. The Nominating and Corporate Governance Committee will consider stockholders' recommendations for nominees to serve as director if notice is timely received by the Secretary of the Company. Candidates nominated by stockholders will be evaluated in the same manner as other candidates. The Nominating and Corporate Governance Committee keeps the Board regularly apprised of its discussions with potential nominees, and the names of potential nominees received from its current directors, management, and stockholders, if the stockholder notice of nomination is timely made. Although the Board has not adopted a fixed set of minimum qualifications for candidates for Board membership, the Nominating and Corporate Governance Committee generally considers several factors in its evaluation of each potential member, such as the potential member's area of expertise, education, and professional background, experience in corporate governance, the reasonable availability of the potential member to devote time to the affairs of the Company, as well as any other criteria deemed relevant by the Board or the Nominating and Corporate Governance Committee. However, the Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee typically considers diversity, age, skills and such other factors as it deems appropriate given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. The Nominating and

Corporate Governance Committee believes it is essential that Board members come from a variety of backgrounds and experiences. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews these directors overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent for NASDAQ purposes, which determination is based upon applicable NASDAQ listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating and Corporate Governance Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Corporate Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote.

Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board of Directors may do so by delivering a written recommendation to the Nominating and Corporate Governance Committee addressed to the Corporate Secretary, between 60 and 90 days before the anniversary date of ARCA's last Annual Meeting of Stockholders. Recommendations must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director, and a representation that the recommending stockholder is a beneficial or record owner of ARCA's stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. To date, the Nominating and Corporate Governance Committee has not rejected a timely director nominee from a stockholder or stockholders holding more than 5% of the Company's voting stock.

In 2009, the Nominating and Corporate Governance Committee did not pay any fees to anyone to assist in the process of identifying or evaluating director candidates.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Company's Board has adopted a formal process by which stockholders may communicate with the Board or any of its directors. Stockholders who wish to communicate with the Board may do so by mail or e-mail as specifically set forth on ARCA's website at www.arcabiopharma.com, under the section titled, "Investors" and the subsection titled "Corporate Governance".

CODE OF ETHICS

The Company has adopted the ARCA biopharma, Inc. Code of Business Conduct and Ethics that applies to all officers, directors and employees. The Code of Business Conduct and Ethics is available on the Company's website at www.arcabiopharma.com. If the Company makes any substantive amendments to the Code of Business Conduct and Ethics or grants any waiver from a provision of the Code of Business Conduct and Ethics to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website and file any current report on Form 8-K required by applicable law or NASDAQ listing standards.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010 and has further directed that management submit the selection of independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. KPMG LLP audited the 2009 fiscal year financial statements as well. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm. However, the Board is submitting the selection of KPMG to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of KPMG LLP. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

On March 25, 2009, ARCA dismissed its prior independent registered public accounting firm, Ernst & Young LLP, or EY, and subsequently engaged KPMG. The dismissal of EY and the engagement of KPMG were approved by the Audit Committee.

KPMG was the independent registered public accounting firm that audited the financial statements of ARCA Colorado for its fiscal years through December 31, 2008 prior to the merger with Nuvelo described above.

For accounting purposes, ARCA Colorado is deemed to have acquired the Company pursuant to the transactions contemplated by the merger, and the historical financial statements of ARCA Colorado are considered to be the historical financial statements of the Company after the merger, pursuant to the rules and regulations of the SEC.

During Nuvelo's fiscal years ended December 31, 2008 and 2007, and in the Company's subsequent interim period from January 1, 2009 through March 25, 2009, the date of the dismissal of EY, with regard to Nuvelo's financial statements for the fiscal years ended December 31, 2008 and 2007, (i) there were no disagreements with EY on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to EY's satisfaction, would have caused EY to make reference to the subject matter of the disagreement in connection with its report, and (ii) there were no reportable events of the type described in Item 304(a)(1)(v) of Regulation S-K. In connection with a related Current Report on Form 8-K, we provided EY with a copy of the foregoing disclosures and requested that EY furnish the Company with a letter addressed to the SEC stating whether or not it agreed with the disclosures substantially equivalent to the disclosures set forth above. A letter from EY to the SEC, dated March 30, 2009, was attached as Exhibit 16.1 to the Current Report on Form 8-K that was filed with the SEC on March 30, 2009 stating that it read Item 4.01(a) of Form 8-K dated March 25, 2009, of ARCA biopharma, Inc. (formerly known as Nuvelo, Inc.) and was in agreement with the statements contained in the third, fourth, fifth paragraphs and the first sentence of the sixth paragraph on page 2 therein, and that it had no basis to agree or disagree with other statements of the registrant contained therein.

Prior to the decision to engage KPMG, ARCA did not consult with KPMG regarding the application of accounting principles to a specified transaction, either completed or proposed, the type of audit opinion that might be rendered on the consolidated financial statements, or any other matters or reportable events described in Item 304(a)(2)(ii) of Regulation S-K.

The above services performed by the independent registered public accounting firms were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. This policy describes the permitted audit, audit-related, tax, and other services that the independent registered public accounting firm may perform. The policy also requires that an annual description of the services expected to be performed by the independent registered public accounting firm during the subsequent fiscal year in each of these categories be presented to the Audit Committee for pre-approval. Any pre-approval details the particular service or category of services.

Any requests for audit, audit-related, tax, and other services not contemplated by those pre-approved services must be submitted to the Audit Committee for specific pre-approval. Generally, pre-approval is considered at the Audit Committee's regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the chairman of the Audit Committee. In the event that the chairman is not available, the other two Audit Committee members together have the authority to grant specific pre-approval between meetings. The chairman or the other two members must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval.

The independent auditor's report of KPMG LLP on the consolidated financial statements of the Company for the two years ended December 31, 2009, dated March 4, 2010, included in the Form 10-K filed with the SEC on March 4, 2010 states that the Company's recurring losses from operations, dependence upon raising additional funds from strategic transactions, sales of equity, and/or issuance of debt, and the uncertainty surrounding the Company's ability to consummate such transactions, raise substantial doubt about the Company's ability to continue as a going concern. KPMG LLP's report on the financial statements for the past two years contained no adverse opinion or disclaimer of opinion and was not qualified as to audit scope or accounting principles.

- (1) The amounts reported under "Option Awards" in the above table reflect the grant date fair value of these awards as determined in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation (ASC Topic 718), excluding the effects of estimated forfeitures. The value of stock option awards was estimated using the Black-Scholes option-pricing model. The valuation assumptions used in the valuation of option awards may be found in Note 16 to the Company's consolidated financial statements included in our annual report on Form 10-K for the year ended December 31, 2009 and filed with the SEC on March 4, 2010.
- (2) Represents cash compensation for service as a director on the Company's Board of Directors.
- (3) Because Dr. Bristow was not a named executive officer in 2008, SEC rules do not require his compensation for that year to be reported.
- (4) Because Mr. Wheeler was not a named executive officer in 2008, SEC rules do not require his compensation for that year to be reported.
- (5) Because Mr. Ozeroff was not a named executive officer in 2008, SEC rules do not require his compensation for that year to be reported.
- (6) Dr. Love resigned from the position of Chief Executive Officer effective January 27, 2009, but continues to serve as a member of the Company's Board of Directors.
- (7) Because Mr. Brewer was not a named executive officer in 2008, SEC rules do not require his compensation for that year to be reported. Mr. Brewer resigned from the position of Chief Executive Officer effective July 10, 2009, but currently serves as the Company's Chairman.
- (8) Because Ms. Falberg was not a named executive officer in 2008, SEC rules do not require her compensation for that year to be reported. Ms. Falberg resigned from the position of Chief Financial Officer and Chief Operating Officer effective November 30, 2009.

- (9) Mr. Bendekgey resigned from the position of General Counsel effective January 27, 2009 and resigned from the position of Chief Financial Officer effective February 24, 2009.
- (10) Options to purchase 25,047 shares of the Company's common stock were granted to Dr. Bristow and Mr. Brewer on January 23, 2009, with an exercise price of \$5.57 per share, which vest in equal monthly installments over a four year period from the date of grant.
- (11) Options to purchase 5,844 shares of the Company's common stock were granted to Mr. Wheeler on January 23, 2009, with an exercise price of \$5.57 per share, which vest in equal monthly installments over a four year period from the date of grant. Options to purchase 20,000 shares of the Company's common stock were granted to Mr. Wheeler on June 25, 2009, with an exercise price of \$2.90 per share, which vest in equal monthly installments over a four year period from the date of grant. In addition, if the U.S. Food and Drug Administration approves the New Drug Application for Gencaro (the FDA Approval) and provided that Mr. Wheeler remains in service to the Company and fewer than 50% of the shares subject to the option have become vested by such date, the vesting of the option will be accelerated such that, on the date of the FDA Approval, the shares subject to the option will be vested as to an aggregate of 50% of the total number of shares subject to the option, with the balance of the shares vesting thereafter on the original vesting schedule described above.
- (12) Options to purchase 7,500 shares of the Company's common stock were granted to Dr. Love on February 27, 2009 for his service as a director on the Company's board, with an exercise price of \$5.29 per share, which vest in equal monthly installments over a two year period.
- (13) Options to purchase 49,500 shares of the Company's common stock were granted to Ms. Falberg associated with her appointment as the Company's CFO and COO on February 27, 2009, with an exercise price of \$5.29 per share, which vest as to 25% one year after the vesting start date and the remainder over the three years thereafter. Options to purchase 50,000 shares of the Company's common stock were granted to Ms. Falberg on June 25, 2009, with an exercise price of \$2.90 per share, which vest in equal monthly installments over a four year period from the date of grant. In addition, if FDA Approval had been granted on the New Drug Application for Gencaro and provided that Ms. Falberg remained in service to the Company and fewer than 50% of the shares subject to the option had become vested by such date, the vesting of the option would have been accelerated such that, on the date of the FDA Approval, the shares subject to the option would have been vested as to an aggregate of 50% of the total number of shares subject to the option, with the balance of the shares vesting thereafter on the original vesting schedule described above. Ms. Falberg forfeited \$270,596 of unvested stock option awards upon her November 30, 2009 termination.
- (14) Upon the closing of the Company's merger with ARCA Colorado, Dr. Love's employment with the Company was terminated in connection with a change in control and he received the following benefits: \$1,834,000 of cash severance, \$27,662 of medical benefits and \$2,872,356 of stock option vesting acceleration. Stock option vesting acceleration amount represents the fair value of unvested stock options that were accelerated upon the closing of the merger on January 27, 2009. The fair value was determined on the grant date of the respective options in accordance with ASC Topic 718 and, therefore, is not indicative of the value that would be ultimately realized upon exercise of these options. As of January 27, 2009, the closing price of the Company's common stock was \$4.40 (as adjusted for the 20 for 1 reverse stock split), and the exercise prices of all stock options held by Dr. Love as of that date were above \$4.40. Accordingly, Dr. Love would not receive any benefits from the acceleration of stock option vesting.
- (15) Mr. Bendekgey's employment with the Company was terminated in connection with a change in control and he received the following benefits: \$501,449 of cash severance, \$50,000 of cash transition-bonus, \$12,867 of medical benefits and \$571,130 of stock option vesting acceleration. Stock option vesting acceleration amount represents the fair value of unvested stock options that were accelerated upon the closing of the merger on January 27, 2009. The fair value was determined on the grant date of the respective options in accordance with ASC Topic 718 and, therefore, is not indicative of the value that would be ultimately realized upon exercise of these options. As of January 27, 2009, the closing price of the Company's common stock was \$4.40 (as adjusted for the 20 for 1 reverse stock split), and the exercise prices of all stock options held by Mr. Bendekgey as of that date were above \$4.40. Accordingly, Mr. Bendekgey would not receive any benefits from the acceleration of stock option vesting.

Narrative Disclosure to Summary Compensation Table

Employment Agreements or Arrangements

Michael R. Bristow, M.D., Ph.D. Dr. Bristow serves as the Company's President and Chief Executive Officer under an Employment and Retention Agreement that was amended and restated as of June 4, 2008. Pursuant to such employment agreement, Dr. Bristow is permitted to continue his academic work for the University of Colorado Health Sciences Center and for the Cardiovascular Institute, so long as it does not interfere with his duties as President and Chief Executive Officer of ARCA.

The Company's Board of Directors approved 2009 annual base salary for Dr. Bristow of \$365,000. Effective July 10, 2009, Dr. Bristow took a voluntary reduction of his base salary by \$100,000 to \$265,000 in order to conserve the Company's available cash. Dr. Bristow's salary is subject to annual increases if approved by the Company's Board of Directors or Compensation Committee and he is eligible to receive an annual bonus as determined by the Board of Directors or Compensation Committee in its sole discretion.

If the Company terminates Dr. Bristow's employment without cause, or if Dr. Bristow terminates his employment with good reason (as these terms are defined in his employment agreement), the Company has agreed to pay Dr. Bristow a severance payment equivalent to (i) 12 months of his base salary, (ii) a pro rata portion of any bonus compensation under any employee bonus plan that has been approved by the Board of Directors payable to him for the fiscal year in which his employment terminated to be paid at the same time that such incentive bonus would have been paid had the termination not occurred, and (iii) reimbursement to cover out-of-pocket costs to continue group health insurance benefits under COBRA for 12 months, whether he elects or is eligible to receive COBRA (provided, that even if he does not elect or is not eligible to receive COBRA, he will receive the equivalent of such out-of-pocket expenses paid by him not to exceed the costs that the benefits would equal under COBRA if he were so eligible). In addition, ARCA may elect in its sole discretion, to pay additional severance equal to up to 12 months of base salary, which additional payment would extend the covenants and obligations under Dr. Bristow's Employee Intellectual Property, Confidentiality and Non-Compete Agreement for such additional period. The severance payment is conditioned on the execution by Dr. Bristow of a legal release in a form acceptable to the Company. A termination for cause includes willful misconduct, gross negligence, theft, fraud, or other illegal or dishonest conduct, any of which are considered to be materially harmful to the Company; refusal, unwillingness, failure, or inability to perform material job duties or habitual absenteeism; or violation of fiduciary duty, violation of any duty of loyalty, or material breach of any material term of the employment agreement or the Employee Intellectual Property, Confidentiality and Non-Compete Agreement, or any other agreement, with the Company. Good reason includes a relocation of normal work location greater than 30 miles; a decrease in current base salary by more than 15%, with certain exceptions; and the Company's unilateral decision to significantly and detrimentally reduce Dr. Bristow's job responsibilities.

Patrick M. Wheeler. Mr. Wheeler serves as the Company's Acting Chief Financial Officer under an Employment Agreement dated February 11, 2009. Under his employment agreement, Mr. Wheeler is entitled to receive an annual base salary of \$215,000, subject to annual increases if approved by the Company's Board of Directors or Compensation Committee and is eligible to receive an annual bonus as determined by the Board of Directors or Compensation Committee in its sole discretion.

If the Company terminates Mr. Wheeler's employment without cause, or if Mr. Wheeler terminates his employment with good reason (as these terms are defined in his employment agreement), the Company has agreed to pay Mr. Wheeler severance benefits that include (i) a payment equal to, as applicable, (A) 12 months of his base salary, if such termination occurs on the same day as or within thirteen months after a change of control of the Company, or (B) six months of his base salary, if a change of control of the Company has not occurred on or within thirteen months of such termination, (ii) a payment equal to a pro rata portion of any bonus compensation under any employee bonus plan that has been approved by the board of directors payable to him for the fiscal year in which his employment terminated, to be paid at the same time that such incentive bonus would have been paid had the termination not occurred, and (iii) reimbursement of out-of-pocket costs to continue group health insurance benefits (and dependent coverage, if applicable) under COBRA for a period

equivalent to that set forth in clause (i) above, whether he elects or is eligible to receive COBRA (provided, that even if he does not elect or is not eligible to receive COBRA, he will receive the equivalent of such out-of-pocket expenses paid by him not to exceed the costs that the benefits would equal under COBRA if he were so eligible). In addition the Company may elect in its sole discretion to pay additional severance equal to up to 12 months of his base salary, which additional payment would extend certain of the covenants and obligations under Mr. Wheeler's Employee Intellectual Property, Confidentiality and Non-Compete Agreement for such additional period. The severance benefits are conditioned on the execution by Mr. Wheeler of a legal release in a form acceptable to the Company. A termination for cause includes willful misconduct, gross negligence, theft, fraud or other illegal or dishonest conduct, any of which are considered to be materially harmful to the Company; refusal, unwillingness, failure or inability to perform material job duties or habitual absenteeism; or violation of fiduciary duty, violation of any duty of loyalty or material breach of any material term of the employment agreement or the Employee Intellectual Property, Confidentiality and Non-Compete Agreement, or any other agreement, with the Company. Good reason includes a relocation of normal work location greater than 30 miles; a decrease in current base salary by more than 15%, other than any such decrease resulting from a general reduction by the Company in the base salary of all Company executive officers; and the Company's unilateral decision to significantly and detrimentally reduce Mr. Wheeler's job responsibilities.

Christopher D. Ozeroff. Mr. Ozeroff serves as the Company's Senior Vice President and General Counsel under an Employment and Retention Agreement that was amended and restated as of June 12, 2008.

Under his employment agreement, Mr. Ozeroff is entitled to receive an annual base salary of \$259,000, subject to annual increases if approved by the Company's Board of Directors or Compensation Committee and is eligible to receive an annual bonus as determined by the Board of Directors or Compensation Committee in its sole discretion.

If the Company terminates Mr. Ozeroff's employment without cause, or if Mr. Ozeroff terminates his employment with good reason (as these terms are defined in his employment agreement), the Company has agreed to pay Mr. Ozeroff a severance payment equivalent to (i) 12 months of his base salary, (ii) a pro rata portion of any bonus compensation under any employee bonus plan that has been approved by the Board of Directors payable to him for the fiscal year in which his employment terminated to be paid at the same time that such incentive bonus would have been paid had the termination not occurred, and (iii) reimbursement to cover out-of-pocket costs to continue group health insurance benefits under COBRA for 12 months, whether he elects or is eligible to receive COBRA (provided, that even if he does not elect or is not eligible to receive COBRA, he will receive the equivalent of such out-of-pocket expenses paid by him not to exceed the costs that the benefits would equal under COBRA if he were so eligible). In addition, ARCA may elect in its sole discretion, to pay additional severance equal to up to 12 months of base salary, which additional payment would extend the covenants and obligations under Mr. Ozeroff's Employee Intellectual Property, Confidentiality and Non-Compete Agreement for such additional period. The severance payment is conditioned on the execution by Mr. Ozeroff of a legal release in a form acceptable to the Company. A termination for cause includes willful misconduct, gross negligence, theft, fraud, or other illegal or dishonest conduct, any of which are considered to be materially harmful to the Company; refusal, unwillingness, failure, or inability to perform material job duties or habitual absenteeism; or violation of fiduciary duty, violation of any duty of loyalty, or material breach of any material term of the employment agreement or the Employee Intellectual Property, Confidentiality and Non-Compete Agreement, or any other agreement, with the Company. Good reason includes a relocation of normal work location greater than 30 miles; a decrease in current base salary by more than 15%, with certain exceptions; and the Company's unilateral decision to significantly and detrimentally reduce Mr. Ozeroff's job responsibilities.

Non-Equity Incentive Plan Compensation

In February 2007, the Compensation Committee and the Board of Directors of ARCA established a bonus structure for its entire executive team. The philosophy employed was to create incentives for the executive officers to achieve key corporate goals. The Compensation Committee retained discretion to change the bonus structure and the bonus payment amounts as it considered appropriate.

For incentive bonuses tied to 2009 performance, the Compensation Committee and Board of Directors approved a similar bonus structure as they approved for 2008. For 2009 performance, the Compensation Committee of the Board of Directors set a potential bonus target of 50% of base salary for Dr. Bristow and 30% of base salary for Mr. Wheeler and Mr. Ozeroff. For incentive bonuses tied to ARCA's 2009 performance, the Compensation Committee approved a revised set of equally weighted goals, which the Board of Directors of ARCA believes are attainable with a very high level of executive performance and will be challenging to achieve. These goals include:

compliance with securities laws and stock exchange listing requirements applicable to public companies;

FDA approval of the new drug application (NDA) for Gencaro;

FDA approval of LabCorp's premarket approval submission;

development and execution of the Gencaro commercialization plan;

securing the manufacturing, tableting, and packaging arrangements adequate for the anticipated commercial launch of Gencaro;

securing financing to support commercialization of Gencaro;

development of additional product candidates; and

development of collaborative relationships to support development and commercialization of Gencaro and other product candidates in additional markets.

The Compensation Committee and Board of Directors reviewed the 2009 corporate goals described above and determined that they had been partially achieved; however, due to the Company's limited financial resources, it was concluded that the Company would not pay cash bonuses related to 2009 performance.

Equity Incentive Compensation

Prior to the merger with Nuvelo, the Compensation Committee of ARCA considered the equity ownership of the executive officers and, based upon the committee members' experience investing in and serving on the boards of similar life sciences companies, and upon the executive officers' ownership percentages in ARCA, the Compensation Committee of ARCA did not approve any additional option awards in 2008. However, based upon the committee members' assessment of equity ownership of executive officers based on the peer group data described above, and in recognition of their efforts to bring about the successful completion of the business combination with Nuvelo, in January 2009, the Board of Directors of ARCA awarded each of Mr. Brewer and Dr. Bristow options to purchase 25,047 shares of ARCA common stock at an exercise price of \$5.57 per share pursuant to a Stock Option Agreement between ARCA and Dr. Bristow and the other terms and conditions of the ARCA Colorado 2004 Stock Incentive Plan (the ARCA Plan).

In connection with the merger, a change of control as defined in the ARCA Plan occurred, all outstanding options and restricted stock were substituted for new common stock options and new restricted stock of the Company. Appropriate adjustments as to the number of shares and option prices were made, and outstanding options and restricted stock continue in the manner and under the terms so provided.

Other Elements of Executive Compensation Program

The remaining elements of the Company's executive compensation program, like its broader employee compensation programs, are intended to make the Company's overall compensation program competitive with those of its peer companies, keeping in mind the constraints imposed by the Company's reliance on capital markets as a primary source of cash. The remaining elements of the Company's executive compensation program, (401(k) Plan, Medical, Dental, and Vision Plans, Life and Disability Insurance) are available to all Company employees.

Payments Made in Connection with Change in Control

Following the merger with ARCA Colorado on January 27, 2009, each of Nuvelo's then serving Named Executive Officer was entitled to receive the following benefits under the Severance Plan, adopted by the Board of Directors, or, as applicable, such Named Executive Officer's employment agreement to the extent such agreement provided for greater benefits.

Upon the closing of the Company's merger with ARCA Colorado, Dr. Love's employment with the Company was terminated in connection with a change in control and he became entitled to receive the benefits described below. In addition, upon the closing of the merger, Mr. Bendekgey resigned from his position as General Counsel and Secretary of the Company, but agreed to remain as the Company's Chief Financial Officer and Treasurer for a transitional period ending March 31, 2009. Mr. Bendekgey's resignation from his positions constituted a Constructive Termination pursuant to the terms of the Severance Plan. As a result, Mr. Bendekgey was entitled to receive benefits under the Severance Plan payable in connection with a change of control, but agreed to defer the effective date of the Constructive Termination and his rights to receive severance benefits under the Severance Plan until March 31, 2009.

Name	Benefits	Value Received
Ted W. Love, M.D.(1)	Cash severance	\$ 1,834,000
	Cash bonus	
	Medical benefits	27,662
	Stock option vesting acceleration(2)	2,872,356
	Total	\$ 4,734,018
Lee Bendekgey	Cash severance	\$ 501,449
	Cash bonus	50,000
	Medical benefits	12,867
	Stock option vesting acceleration(2)	571,130
	Total	\$ 1,135,446

- (1) The Company entered into an employment agreement with Dr. Love in January 2001, which was subsequently amended in April 2007. Pursuant to the amended employment agreement, Dr. Love is entitled to cash severance benefits and medical benefits substantially equivalent to those shown above and additional vesting and option exercise benefits related to his stock options, which are described in more details in Employment and Severance Agreements below. In addition, Dr. Love, or his estate, as applicable, are entitled to the benefits under his employment agreement in the event his employment is terminated due to his death or disability.
- (2) Amounts represent the fair value of unvested stock options that were accelerated upon the closing of the merger on January 27, 2009. The fair value was determined on the grant date of the respective options in accordance with ASC Topic 718 and, therefore, is not indicative of the value that would be ultimately realized by the Named Executive Officers upon exercise of their options. As of January 27, 2009, the closing price of the Company's common stock was \$4.40 (as adjusted for the 20 for 1 reverse stock split), and the exercise prices of all stock options held by the Named Executive Officers as of that date were above \$4.40. Accordingly, the Named Executive Officers would not receive any benefits from the acceleration of stock option vesting as provided in the Severance Plan.

Compensation Risks

ARCA believes its approach to goal setting, setting of targets with payouts at multiple levels of performance, and evaluation of performance results assist in mitigating excessive risk-taking that could harm the value or reward poor judgment by its executives. Several features of the Company's programs reflect sound risk

management practices. ARCA believes it has allocated compensation among base salary and short and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking. The mix of equity award instruments used under long-term incentive program that includes full value awards also mitigates risk. Finally, the multi-year vesting of equity awards and share ownership guidelines properly account for the time horizon of risk. Furthermore, the Company's compensation committee assesses and monitors whether any of ARCA's compensation policies and programs has the potential to encourage excessive risk-taking.

On December 7, 2009, the Company's board of directors approved the engagement of Richard Brewer, the chairman of the board of directors and the former Chief Executive Officer of the Company, to assist the Company in completing a strategic transaction in order to further the clinical development of Gencaro, the Company's lead product candidate. Pursuant to this arrangement, the Company will compensate Mr. Brewer at a rate of \$6,625 per month up to and including the date on which the Company consummates a strategic transaction. The determination of whether a strategic transaction has been consummated shall be determined by the Company's board of directors in its sole discretion, and the board of directors reserves the right to terminate the engagement of Mr. Brewer and to modify or reduce the compensation payable to Mr. Brewer at any time in its sole discretion.

Also on December 7, 2009, the Company's board of directors amended its director compensation policy to increase the annual retainer fee paid to Richard Brewer, as chairman of the board, to \$45,000 per year, which is comprised of the standard annual retainer fee of \$30,000 paid to all non-employee directors and an annual retainer fee of \$15,000 for his service as chairman of the board.

CERTAIN RELATED-PERSON TRANSACTIONS

Transactions with the Company's President and Chief Executive Officer

The Company has entered into certain transactions with the University of Colorado Foundation (CU Foundation), in the form of unrestricted gifts, intended to support the laboratory of Dr. Bristow, its President and Chief Executive Officer (the Lab), for the advancement of research in chronic heart failure. Effective July 1, 2009, the Company stated its intent to make such an unrestricted research gift to the CU Foundation in the amount of 20,167 per month for 12 months, for a total amount of \$242,000. Funding of this research gift is contingent upon the Company's financial condition, and can be deferred or terminated, in the Company's sole discretion, at any time. For the period from July 1, 2008 through June 30, 2009, the Company provided funding intended for the Lab under another unrestricted research gift, to the CU Foundation also for \$242,000. In the first half of 2008, ARCA provided a research gift to the CU Foundation, which was used as funding for the lab, of approximately \$150,000, in accordance with a similar research grant arrangement. Total expense under these arrangements for the years ended

December 31, 2009 and 2008 was \$220,000 and \$294,000, respectively.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are ARCA biopharma, Inc. stockholders will be householding the Company's proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, please notify your broker or ARCA biopharma, Inc. Direct your written request to Secretary, ARCA biopharma, Inc., 8001 Arista Place, Suite 200, Broomfield, CO 80021 or contact Investor Relations at 720-940-2100. Stockholders who currently receive multiple copies of the Notices of Internet Availability of Proxy Materials at their addresses and would like to request householding of their communications should contact their brokers.
