Forward Looking Statements

3

This presentation contains forward-looking statements, which can be identified by the use of words such as believes, expects, anticipates, estimates, forecasts, projections, goals, intentions, and similar expressions. These forward-looking statements include, but are not limited to:

- statements of our goals, intentions and expectations;
- statements regarding our business plans, prospects, growth and operating strategies;
- statements regarding the asset quality of our loan and investment portfolios; and
- estimates of our risks and future costs and benefits.

These forward-looking statements are subject to significant risks and uncertainties. Actual results may differ materially from the forward-looking statements due to, among others, the following factors:

- general economic conditions, either nationally or in our market areas, that are worse than expected;
- changes in the interest rate environment that reduce our margins or reduce fair value of financial instruments;
- increased competitive pressures among financial services companies;
- changes in consumer spending, borrowing and savings habits;
- legislative or regulatory changes that adversely affect our business;
- adverse changes in the securities and credit markets; and
- changes in accounting policies and practices, as may be adopted by bank regulatory agencies or the Financial Accounting Standards Board.

Any of the forward-looking statements that we make in this presentation and in other public statements we make may later prove to be incorrect or incomplete due to changes in our assumptions, the factors illustrated above or other factors that we cannot foresee. Consequently, no forward-looking statement should be relied upon as a guarantee of future performance.

Because of these and other uncertainties, our actual future results may be materially different from the results indicated by these forward-looking statements. Please see "Risk Factors" beginning on page 17 of the prospectus.

Reasons for the Conversion

Why Now?

Optimizing future growth opportunities

Continue to execute proven business model

Consolidation opportunities in current and new markets

Support organic growth through community-oriented focus

Enhance existing products and services

Provide new products and services

Improve capital strength in a difficult economic and regulatory environment

Minimize regulatory uncertainty

Improve shareholder returns

Fully public structure provides increased structural flexibility

in an uncertain

regulatory environment

12

Business Strategy

13

Continue community oriented focus by offering a full range of financial products and services to its customers

Grow through acquisition opportunities in areas in or adjacent to existing market area

Actively manage the balance sheet and diversify the asset mix

Prudently increase percentage of assets consisting of multi-family, commercial real estate and commercial business loans

Continue conservative underwriting practices and maintain a high quality loan

portfolio

Increase core deposits by emphasizing demand, savings and money market accounts

Supplement noninterest income through expanded mortgage banking operations and existing wealth management operations

Acquisition Opportunities

14
