Dear Stockholders:

On behalf of the Board of Directors of Town Sports International Holdings, Inc., I cordially invite you to attend our Annual Meeting of Stockholders, which will be held on Thursday, May 10, 2012 at 10:00 a.m. (New York City time) at Crowne Plaza Times Square, 1605 Broadway, New York, New York 10019.

In accordance with rules approved by the Securities and Exchange Commission allowing companies to furnish proxy materials to their shareholders over the Internet, we are now primarily furnishing proxy materials to our stockholders on the Internet, rather than mailing paper copies of the materials (including our Annual Report to Stockholders for fiscal 2011) to each stockholder. We believe that this e-proxy process will expedite our stockholders' receipt of proxy materials, lower costs, and reduce the environmental impact of our annual meeting. A Notice of Internet Availability of Proxy Materials or a full set of proxy materials was sent on or about March 27, 2012 to our stockholders of record as of the close of business on March 13, 2012. We also provided access to our proxy materials over the Internet beginning on that date. If you did not receive, but would like to receive, a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the notice or on page 2 of this Proxy Statement. The formal Notice of Annual Meeting and the Proxy Statement follow.

It is important that your shares be represented and voted at the meeting, regardless of the size of your holdings. To have your vote recorded, you should vote over the Internet. In addition, if you have requested or received a paper copy of the proxy materials, you may vote by signing, dating and returning the proxy card sent to you in the envelope accompanying the proxy materials sent to you. We encourage you to vote by any of these methods even if you currently plan to attend the Annual Meeting.

If you decide to attend the Annual Meeting, you can still vote your shares in person if you wish. Please let us know whether you plan to attend the meeting by indicating your plans when prompted over the Internet voting system or, if you have received a paper copy of the proxy materials, by marking the appropriate box on the proxy card sent to you. If you plan to attend the Annual Meeting, please bring proof of ownership and valid picture identification (such as a driver's license or passport) with you to the meeting, as proof of ownership and your picture identification will serve as your admittance pass to the meeting. If you choose to vote over the Internet or, if you have received a paper copy of the proxy materials, by completing the proxy card sent to you, and later decide to attend the Annual Meeting and wish to change your proxy vote, you may do so automatically by voting in person at the Annual Meeting.

We look forward to seeing you at the Annual Meeting.

Sincerely,

Robert J. Giardina

Chief Executive Officer and President

PROXY STATEMENT

General

This Proxy Statement is furnished to the stockholders of record of Town Sports International Holdings, Inc., a Delaware corporation ("Town Sports" or the "Company"), as of March 13, 2012, in connection with the solicitation of proxies on behalf of the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held on Thursday, May 10, 2012, and at any adjournments of such meeting that may take place. The Annual Meeting will be held at 10:00 a.m. (New York City time) at Crowne Plaza Times Square, 1605 Broadway, New York, New York 10019. In accordance with rules approved by the Securities and Exchange Commission, a Notice of Internet Availability of Proxy Materials or proxy statement was sent on or about March 27, 2012 to our stockholders of record as of the close of business on March 13, 2012. We also provided access to our proxy materials over the Internet beginning on that date. If you did not receive, but would like to receive, a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the notice or on page 2 of this Proxy Statement.

Voting

The specific matters to be considered and acted upon at the Annual Meeting are:

- (i) To elect seven members of the Company's Board of Directors (the "Board") as listed herein;
- (ii) To ratify the Audit Committee's appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012; and
- (iii) To act upon such other business as may properly come before the Annual Meeting.

These matters are described in more detail in this Proxy Statement.

On March 13, 2012, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, 23,182,767 shares of the Company's common stock were issued and outstanding. No shares of the Company's preferred stock were outstanding. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on March 13, 2012. Stockholders may not aggregate their votes in the election of directors.

The stock transfer books of the Company will remain open between the record date and the date of the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at the Annual Meeting and for a period of ten days prior to the meeting during regular business hours at the offices of the Company.

The presence, in person or by proxy, at the Annual Meeting of the holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the Annual Meeting is necessary to constitute a quorum in connection with the transaction of business at the Annual Meeting. Abstentions, broker non-votes and withheld votes are each counted as present for the purpose of determining the presence of a quorum.

Edgar Filing: TOWN SPORTS INTERNATIONAL HOLDINGS INC - Form DEF 14A

With respect to the election of the members of the Board, if a quorum is present at the Annual Meeting, the seven nominees who receive the greatest number of votes properly cast (in person or by proxy) by holders of stock entitled to vote in the election will be elected as directors. All other proposals must be approved by the affirmative vote of the holders of a majority of the shares of the common stock present at the Annual Meeting, in person or by proxy, and having voting power.

Abstentions and Withheld Votes: With respect to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded entirely from the vote with respect to the nominee from which they are withheld and will have the same effect as an abstention. Votes that are withheld will not have any effect on the outcome of the election of directors. Abstentions will have the effect of a vote against Proposal No. 2.

Table of Contents

Broker Non-Votes: Broker non-votes occur when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the stockholder who beneficially owns the shares and (2) the broker lacks the authority to vote the shares at his/her discretion. Under current New York Stock Exchange interpretations that govern broker non-votes, Proposal No. 1 is considered a non-discretionary matter and a broker will lack the authority to vote shares at his/her discretion. Proposal No. 2 is considered a discretionary matter and a broker will be permitted to exercise his/her discretion. Broker non-votes will have no effect on the outcome of Proposal No. 1, the election of directors.

All votes will be tabulated by the inspector of election appointed for the meeting.

Under the General Corporation Law of the State of Delaware, stockholders are not entitled to dissenter's rights with respect to any matter to be considered and voted on at the Annual Meeting, and the Company will not independently provide stockholders with any such right.

Proxies

Unless revoked, all proxies representing shares entitled to vote that are delivered pursuant to this solicitation will be voted at the Annual Meeting and, where a choice has been specified on the proxy card, will be voted in accordance with such specification. Where a choice has not been specified on the proxy card, the proxy will be voted FOR the election of all the nominated directors listed herein, unless the authority to vote for the election of such directors is withheld. In addition, if no contrary instructions are given, the proxy will be voted FOR the approval of Proposal No. 2 described in this Proxy Statement and as the proxy holders deem advisable for all other matters as may properly come before the Annual Meeting. You may revoke or change your proxy at any time before the Annual Meeting by filing with the Corporate Secretary of the Company, at the Company's principal executive offices at 5 Penn Plaza (4th Floor), New York, New York 10001, a notice of revocation or another signed Proxy Card with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person. If you hold shares in street name, you may submit new voting instructions by contacting your bank, broker or other nominee. You may also change your vote or revoke your proxy in person at the Annual Meeting if you obtain a signed proxy from the record holder (broker or other nominee) giving you the right to vote the shares.

If you are a shareholder of record you may vote by granting a proxy. For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. In all circumstances, you may vote:

By Internet If you have Internet access, you may submit your proxy by going to www.proxyvote.com and by following the instructions on how to complete an electronic proxy card or voting instruction form. You will need the 12-digit Control Number included on your Notice or your proxy card in order to vote by Internet or voting instruction from.

By Mail You may vote by mail by requesting a proxy card from us, indicating your vote by completing, signing and dating the card where indicated and by mailing or otherwise returning the card in the envelope that will be provided to you. Deadline for Receipt of Stockholder Proposals

In order to be considered for inclusion in the Company's Proxy Statement and Proxy Card relating to the 2013 Annual Meeting of Stockholders, any proposal by a stockholder submitted pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended, must be received by the Company at its principal executive offices in New York, New York, on or before November 2, 2012.

Pre-Approval Policies and Procedures

Edgar Filing: TOWN SPORTS INTERNATIONAL HOLDINGS INC - Form DEF 14A

As early as practicable in each fiscal year, the independent registered public accounting firm provides the Audit Committee with a schedule of the audit and other services that it expects to provide or may provide during the fiscal year. The schedule is specific as to the nature of the proposed services, the proposed fees and other details that the Audit Committee may request. The Audit Committee by resolution authorizes or declines the proposed services. Upon approval, the schedule serves as the budget for fees by specific activity or service for the fiscal year.

Table of Contents

A schedule of additional services proposed to be provided by the independent registered public accounting firm or proposed revisions to services already approved, along with associated proposed fees, may be presented to the Audit Committee for its consideration and approval at any time. The schedule is required to be specific as to the nature of the proposed service, the proposed fee, and other details that the Audit Committee may request. The Audit Committee intends by resolution to authorize or decline authorization for each proposed new service.

The Audit Committee pre-approved 100% of the audit fees and tax fees and all other services for the fiscal years ended December 31, 2011 and 2010.

Required Vote

The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and having voting power is required to ratify the Audit Committee's selection of PricewaterhouseCoopers LLP. Abstentions will have the effect of a vote against this proposal. We believe that there can be no broker non-votes with respect to Proposal No. 2 because brokers should have discretion under current stock exchange rules to vote uninstructed shares on Proposal No. 2.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE AUDIT COMMITTEE'S SELECTION OF PRICEWATERHOUSECOOPERS LLP TO SERVE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2012.

CORPORATE GOVERNANCE AND BOARD MATTERS

Director Independence

The Board affirmatively has determined that a majority of our directors – Messrs. Alessi, Arnold, Bruckmann, Edmonds, Galligan and McCall and our director nominee – Mr. Flood, are independent under, and as required by, the listing standards of The Nasdaq Stock Market. Mr. Giardina is not considered independent due to his employment with the Company as Chief Executive Officer and President. In making its independence determinations, the Board considered and reviewed the various commercial, charitable and employment transactions and relationships known to the Board (including those identified through annual directors’ questionnaires) that exist between us and our subsidiaries and the entities with which certain of our directors, director nominees or members of their immediate families are, or have been, affiliated. Specifically, the Board’s independence determinations included reviewing Mr. Bruckmann’s affiliation with BRS, who in the past received payments from our Company under a professional services agreement, which was terminated in September 2008, as well as his stock ownership. There were no amounts paid by the Company to BRS under the professional services agreement in 2009, 2010 or 2011. In addition, BRSE Associates, Inc., an affiliate of BRS, did not own any shares of our common stock during 2011. The Board further determined that BRSE’s previous ownership of our common stock did not affect Mr. Bruckmann’s independence. The Board determined that none of the transactions or relationships identified were material or affected the independence of Mr. Bruckmann under the applicable Nasdaq rules.

Board Structure

Since the time of our initial public offering in 2006, it has been our policy to separate the positions of Chief Executive Officer and Chairman of the Board of Directors. While we recognize that different board leadership structures may be appropriate for companies in different situations, we believe that our current policy of separation of these two positions is most appropriate for our Company. In today’s challenging economic and regulatory environment, directors, more than ever, are required to spend a substantial amount of time and energy in successfully navigating a wide variety of issues and guiding the policies and practices of the companies they oversee. To that end, we believe that having an independent Chairman, whose sole job is to lead the Board, allows our Chief Executive Officer, Mr. Giardina, to completely focus his time and energy on running the day-to-day operations of our Company. We believe that our Chief Executive Officer and our Chairman have an excellent working relationship and open lines of communication. The Board currently has seven members and the following four committees: Audit; Compensation; Nominating and Corporate Governance and Executive. Each of the four committees is led by an independent director, and we believe that the number of independent, experienced directors that make up our board, along with the independent leadership of each of our committees, and the independent oversight of the board by the non-executive Chairman, benefits our company and our stockholders.

Board Committees and Meetings

The Board held five (5) meetings during the fiscal year ended December 31, 2011, which is referred to in this Proxy Statement as the 2011 Fiscal Year. In the 2011 Fiscal Year, each director who was a member of the Board during 2011 attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board, and (ii) the total number of meetings held by all committees of the Board on which such director served (in each case, for meetings held during the period in the 2011 Fiscal Year for which such director served).

The Board meets in executive session, without the presence of any of the Company’s officers, at least twice per year and upon the request of any independent director. Currently, all directors are independent, other than Mr. Giardina who is not considered to be independent due to his employment with the Company.

All members of the Board are encouraged to attend the Company’s annual meeting of stockholders. All of our directors serving at that time, other than Mr. Alessi, were present at the 2011 annual meeting of our stockholders.

Audit Committee

The Audit Committee appoints our independent registered public accounting firm, subject to ratification by our stockholders, reviews the plan for and the results of the independent audit, approves the fees of our independent registered public accounting firm, reviews with management and the independent registered public accounting firm our quarterly and annual financial statements and our internal accounting, financial and disclosure controls, reviews and approves transactions between Town Sports and its officers, directors and affiliates and performs other duties and responsibilities as set forth in a charter approved by the Board. The Audit Committee currently consists of three members of our Board: Keith E. Alessi, Thomas J. Galligan III (Chair) and Kevin McCall. Each member of our Audit Committee is independent, as independence is defined for purposes of Audit Committee membership by the listing standards of Nasdaq and the applicable rules and regulations of the Securities and Exchange Commission (SEC). The Audit Committee held four (4) meetings during the 2011 Fiscal Year.

The Board has determined that each member of the Audit Committee is able to read and understand fundamental financial statements, including our balance sheet, income statement and cash flow statement, as required by Nasdaq rules. In addition, the Board has determined that both Messrs. Alessi and Galligan satisfy the Nasdaq rule requiring that at least one member of the Audit Committee of our Board have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the member's financial sophistication, including being, or having been, a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. The Board has also determined that Messrs. Alessi and Galligan are audit committee financial experts as defined by the SEC.

The Company is exposed to a number of risks including financial risks, operational risks and risks relating to regulatory and legal compliance. During each meeting of the Board of Directors, management discusses with the Board the Company's major risk exposures and the steps management has taken to monitor and control such exposures, including the guidelines and policies to govern the process by which risk assessment and risk management are undertaken. For example, at each Board meeting, the Board will discuss with management factors affecting the Company's financial risk, which include, among others, events impacting revenue, cost saving initiatives, and capital expenditure budgets and results; factors affecting the Company's operations, including, among others customer satisfaction, logistics related to the opening of new clubs or closing of clubs, hiring and promotion plans for club and corporate personnel, marketing programs, and factors related to regulatory and legal compliance, including, among others, updates of pending litigation, discussions with contract counterparties, and relevant regulatory updates.

Table of Contents

Compensation Committee

The Compensation Committee of our Board evaluates performance and establishes and oversees executive compensation policy and makes decisions about base pay, incentive pay and any supplemental benefits for our executive officers. The Compensation Committee also administers our stock incentive plans and approves the grant of equity awards, the timing of the grants and the number of shares for which equity awards are to be granted to our executive officers, directors and other employees. The Compensation Committee also performs other duties and responsibilities as set forth in a charter approved by the Board. The Compensation Committee currently consists of four members of our Board: Paul N. Arnold (Chair), Bruce C. Bruckmann, Thomas J. Galligan III, and Kevin McCall. Each member of the Compensation Committee is independent, as independence is defined for purposes of Compensation Committee membership by the listing standards of Nasdaq. In addition, each member is an outside director, as defined under applicable federal tax rules and each of Messrs. Arnold, Galligan and McCall is a non-employee director, as defined under the applicable rules and regulations of the SEC. In fulfilling its responsibilities, the Compensation Committee is entitled to delegate any or all of its responsibilities to a subcommittee of the Compensation Committee. In 2011, the Compensation Committee established a subcommittee consisting of Messrs. Arnold, Galligan and McCall for purposes of granting awards under the Amended and Restated Town Sports International Holdings, Inc. 2006 Stock Incentive Plan (the "2006 Stock Incentive Plan"). The Compensation Committee held four (4) meetings during the 2011 Fiscal Year and the subcommittee of the Compensation Committee held one (1) meeting during the 2011 Fiscal Year.

When considering decisions concerning the compensation of the executive officers listed in the Summary Compensation Table (the "Named Executive Officers") (other than the Chief Executive Officer), the Compensation Committee asks for the Chief Executive Officer's recommendations, including his evaluation of each Named Executive Officer's performance. Each December, in connection with the preparation of the Company's annual budget for the immediate succeeding fiscal year, the Chief Executive Officer and the Chief Financial Officer review the compensation of all key employees of the Company, including the Named Executive Officers. Once the Chief Executive Officer and the Chief Financial Officer have finalized the budget, the compensation component of the budget for the Named Executive Officers is submitted to the Compensation Committee for its review and approval. Following its approval, the entire proposed budget is submitted to Board for its review and approval.

No Named Executive Officer has a role in determining or recommending compensation for outside directors.

In addition, the Compensation Committee has the authority under its charter to retain outside consultants or advisors, as it deems necessary or advisable. In 2011, the Compensation Committee did not retain any compensation consultant. However, in 2010, the Compensation Committee retained the services of Axiom Consulting Partners ("Axiom"), an independent compensation consultant, to review the executive and director compensation programs of the Company as it pertains to the Chief Executive Officer, the other executive officers and the non-employee members of the Board of Directors. In 2012, the Compensation Committee again retained the services of Axiom to review executive and director compensation.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of our Board selects nominees to be recommended by the Board for election as directors and for any vacancies in such positions. The Nominating and Corporate Governance Committee also oversees the evaluation of our Board and management and oversees our Code of Ethics and Business Conduct. The Nominating and Corporate Governance Committee also performs other duties and responsibilities as set forth in a charter approved by the Board. The Nominating and Corporate Governance Committee currently consists of three members of our Board: J. Rice Edmonds, Thomas J. Galligan III and Kevin McCall (Chair). Each member of the Nominating and Corporate Governance Committee is independent, as independence is defined for purposes of Nominating and Corporate Governance Committee membership by the listing standards of Nasdaq. The Nominating and Corporate Governance Committee held one (1) meeting during the 2011 Fiscal Year.

Table of Contents

The Board seeks to ensure that the Board is composed of members whose particular experience, qualifications, attributes and skills, when taken together, will allow the Board to satisfy its oversight responsibilities effectively. In that regard, in identifying candidates for membership on the Board of Directors, the Nominating and Corporate Governance Committee considers all factors it deems appropriate. The Nominating and Corporate Governance Committee considers director nominees on a case-by-case basis, and therefore has not formalized any specific, minimum qualifications that it believes must be met by a director nominee, identified any specific qualities or skills that it believes are necessary for one or more of our directors to possess, or formalized a process for identifying and evaluating nominees for director, including nominees recommended by stockholders. Although the Board does not have a policy with regard to the consideration of diversity in identifying director nominees, among the many factors that the Nominating and Corporate Governance Committee considers, are the benefits to the Company of gender and racial diversity in board composition. Mr. Flood, a director nominee, was recommended for nomination to our Board by one of our non-management directors.

When considering whether the Board's directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Board focused primarily on the information discussed in each of the Board members' or nominees' biographical information set forth on pages 4-5. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Objectives and Strategy

The Company's compensation program for our executive officers is designed to attract and retain the caliber of officers needed to ensure the Company's continued growth and profitability and to reward them for their contribution to the Company's performance and for creating long term value for the Company's stockholders. The primary objectives of the program are to:

Attract and retain top tier executive talent who will draw upon their experience across industries to lead the Company in meeting its objectives

Our overall compensation levels are targeted to attract and retain the best executives in light of the competition for executive talent. The Compensation Committee generally targets total direct compensation (base salary plus annual non-equity incentive compensation at target plus stock-based long-term incentive opportunity) at the market median for target performance. However, the competitiveness of individual components (such as base salary, annual non-equity incentive compensation or long-term incentive opportunity) may at times be below or above the market median due to performance achievement against goals, employment experience and labor market demands.

Motivate and reward the achievement of critical strategic, operational and financial objectives through highly transparent programs that directly link performance and pay

A significant component of an executive officer's total compensation package is annual non-equity incentive compensation which links an executive officer's compensation directly to specific financial performance goals of the Company. If the Company does not meet the financial performance targets set by the Compensation Committee, the executive officers generally would not receive any annual non-equity incentive compensation.

Reward for collective accomplishments to support the Company's strong team orientation while promoting individual accountability through achievement of individual goals and milestones

Compensation depends in significant measure on Company results, but individual accomplishments are also very important factors in determining each Named Executive Officer's compensation. For example, annual non-equity incentive compensation is based not only on the financial performance of the Company, but may be adjusted based on a review of the individual performance of an executive. The Compensation Committee also has the ability to award discretionary cash bonuses based on an executive's achievements throughout the year.

Align the interests of executives with those of stockholders

The Compensation Committee believes that the interests of executives and stockholders should be substantially aligned. Accordingly, a portion of the total compensation for the Named Executive Officers is in the form of stock-based compensation, which the Compensation Committee believes keeps the interests of executives aligned with those of the Company's stockholders and promotes a long-term commitment to the Company.

The Company's executive compensation programs are approved and administered by the Compensation Committee of the Board. Working with management, the Compensation Committee has developed a compensation and benefits strategy that rewards performance and productive behaviors and reinforces a culture that the Compensation Committee believes will drive long-term success.

Compensation Determination Process

The Compensation Committee is responsible for setting our executive compensation objectives and policies, establishing our executive compensation program in a manner consistent with those objectives and policies and determining the compensation for our executive officers.

Determining the appropriate level of executive

Table of Contents

compensation is not an exact science and involves careful deliberation and business judgment. See Corporate Governance and Board Matters Committee Membership Compensation Committee for more information on the Compensation Committee and its practices.

The compensation of the Chief Executive Officer (CEO) is determined by the Compensation Committee based on (1) the Compensation Committee's assessment of the Company's overall performance and the individual performance of the CEO, (2) previous compensation levels provided to the CEO and (3) comparable compensation data for the Compensation Comparison Group (as defined below) previously provided by Axiom Consulting Partners (Axiom), an independent compensation consultant initially hired in 2008 and again engaged in 2010 to review the executive compensation program of the Company as it pertained to the CEO and the other executive officers. While the Compensation Committee did not re-engage Axiom in 2011, it based its 2011 compensation decisions in part on data and analysis provided to the Compensation Committee by Axiom during 2010. In January 2012, the Compensation Committee again retained Axiom to review the executive compensation program.

With respect to compensation for the other Named Executive Officers, the Compensation Committee considers a variety of factors, including Company and individual performance, the recommendations of the CEO, and comparable compensation data for the Compensation Comparison Group previously provided by Axiom in 2010.

The Compensation Committee, with the assistance of the CEO (with respect to the other Named Executive Officers only), seeks to set the target for total direct compensation (that is, the sum of base salary, annual non-equity incentive compensation and stock-based long-term incentive awards) of our executives, including the Named Executive Officers, at levels that are competitive with equivalent positions at a select group of companies that the Compensation Committee believes to be an appropriate reference group (the Compensation Comparison Group). Data for the Compensation Comparison Group includes (1) information about a peer group of companies and (2) data from well-established, publicly available general industry compensation surveys that have been calibrated to compare to companies of the Company's size. The peer group is a group primarily consisting of employee-intensive companies of comparable size that deliver brand-oriented, upscale, discretionary fitness and lifestyle-oriented services in comparatively large facilities, concentrated in and around metropolitan areas. The second group is composed of public companies with median revenue and/or market capitalization comparable to that of the Company. We regard the peer group as potential competition for executive talent. The Compensation Committee believes that the inclusion of information regarding general industry compensation practices reflects the labor market for those executive positions that are not industry-specific, adding to the validity and reliability of the comparison.

Information about the Company's peer group's historical compensation practices was used as one factor in setting 2011 salary and non-equity incentive compensation. The group consisted of the following companies, which were determined in consultation with Axiom in 2010: Big 5 Sporting Goods Corp.; California Pizza Kitchen, Inc.; The Cheesecake Factory, Inc.; Golfsmith International Holdings, Interstate Hotels and Resorts; Life Time Fitness, Inc.; McCormick & Schmick's Seafood Restaurants, Inc.; Morton's Restaurant Group Inc.; PF Chang's China Bistro; Sport Chalet, Inc.; and Standard Parking Corp.

Pay Levels and Benchmarking

Pay levels for the Named Executive Officers are determined based on a number of factors, including the individual's roles and responsibilities within the Company, the individual's experience and expertise, the pay levels for peers within the Company, pay levels in the marketplace for similar positions and the performance of the individual and the Company as a whole. In determining pay levels, the Compensation Committee considers all forms of compensation and benefits. The Company has historically benchmarked the compensation of executives against the compensation of similarly situated executives in the Compensation Comparison Group peer group. The Compensation Committee has historically targeted total direct compensation (that is, the sum of base salary, annual cash bonuses and stock-based long-term incentive awards) at the market median of the peer group for target performance. However, as noted above, notwithstanding the Company's overall pay positioning objectives, pay opportunities for specific individuals vary based on a number of factors such as performance achievement against goals, the diversity of executive backgrounds, employment history and labor market demands.

Compensation Structure

Pay Elements Overview

The Company utilized four main components of compensation during 2011:

Base Salary fixed cash compensation to attract and retain key executives, recognizing and rewarding the application of their skills and experience in fulfillment of their responsibilities.

Annual Cash Incentive Compensation variable cash compensation paid in accordance with the achievement of established annual objectives.

Long-term Equity Incentives equity-based compensation that grows in value in accordance with long-term value creation, aligning executive and stockholder interests, and giving executives an opportunity to participate in the Company's success over time.

Benefits and Perquisites these may include disability insurance, medical and dental insurance benefits and retirement savings and free membership to the clubs.

Pay Elements Details

1. Base Salary

As part of its review of the annual budget for the immediately succeeding fiscal year, the Board reviews the base salaries and other compensation for our Named Executive Officers and makes adjustments as warranted based on individual responsibilities and performance, Company performance in light of market conditions and competitive practice. Salary adjustments for any given year are generally approved at the end of the immediately preceding year and implemented during the first quarter of the calendar year.

Historically, salary increases have been based on cost of living increases and range from 3-4%. Salary increases for Named Executive Officers are generally consistent with those of other management employees. In light of market conditions, there were no base salary increases in 2009 or 2010 for the Named Executive Officers. In light of the fact that there had been no merit or cost of living increases in two years, the Compensation Committee approved a salary increase for all Named Executive Officers, other than Mr. Giardina, of 5% effective January 1, 2011 and for Mr. Giardina from \$505,000 to \$520,000 effective March 1, 2011. In November 2011, the Compensation Committee approved a salary increase for all Named Executive Officers, other than Mr. Giardina, of 3% effective January 1, 2012.

In connection with Mr. Giardina's hiring in March 2010, Mr. Giardina's 2010 base salary was set to be identical to that of the departing CEO and President, Alexander Alimanestianu, which had been determined by Axiom in mid-2010 to be slightly below the median of the Compensation Comparison Group peer group for executives in similar positions.

There was no benchmarking of Named Executive Officer base salaries in 2011. However, base salaries for the Company's most highly compensated employees, including the Named Executive Officers, generally were within the competitive range of median salaries within the Compensation Comparison Group peer group in 2010. From time to time, individual salaries may range above or below the median based on a variety of factors, including the potential impact of the executive's role at the Company, the terms of the executive's employment agreement, if any, the experience the executive brings to the position and the performance and potential of the executive in his or her role.

2. Annual Cash Incentive Compensation

Annual incentive compensation for designated key employees is paid under our Amended and Restated 2006 Annual Performance Bonus Plan (the "Bonus Plan"). The Bonus Plan is designed to grant bonus awards to such individuals as an incentive to contribute to our profitability. The Compensation Committee administers the Bonus Plan and selects the key employees, which may include Named Executive Officers, who are eligible to participate in the Bonus Plan each year. Bonus targets are set at a percentage of base salary and are paid based on the Company's

achievement of performance goals established on or before March 30 of the applicable calendar

Table of Contents

year and the attainment of personal performance objectives established individually by each employee at the beginning of each year. We seek to calibrate annual incentive opportunities to generate less-than-median awards when goals are not fully achieved and greater-than-median awards when goals are exceeded.

Under the Bonus Plan, participants are eligible to receive bonus awards that may be expressed, at the Compensation Committee's discretion, as a fixed dollar amount, a percentage of compensation (whether base pay, total pay or otherwise) or an amount determined pursuant to a formula. Annual non-equity incentive plan awards are contingent upon the attainment of certain pre-established performance targets established by the Compensation Committee, which may include, without limitation, the following:

earnings before interest, taxes, depreciation and amortization (EBITDA);

return on equity, assets or capital;

gross or net revenues;

earnings per share; or

such other goals established by the Compensation Committee.

The amount of an annual non-equity incentive compensation award may also depend on the performance of the employee.

Prior to the 2011 Fiscal Year, annual non-equity incentive compensation had been based entirely on achievement of Adjusted EBITDA targets and personal performance. In respect of the 2011 Fiscal Year, the Compensation Committee determined to base the annual non-equity incentive plan compensation award on the achievement of targets related to return on assets, Adjusted EBITDA and budgeted revenue in order to more closely align management incentives to overall Company performance. In addition, in 2011, the Compensation Committee instituted a deferral aspect for the annual non-equity incentive plan compensation award, whereby amounts earned above 133% of the target bonus will be deferred and be payable in equal annual installments over a three-year period, subject to acceleration upon specified termination events. The Compensation Committee decided to defer a portion of the annual non-equity incentive plan compensation award over a three-year period in order for the annual non-equity incentive plan compensation award to serve as an additional retention tool.

For the 2011 Fiscal Year, no annual non-equity incentive compensation was to be paid unless the Company earned at least an 11.5% return on assets. Once that threshold is achieved, the non-equity incentive plan award is computed as shown in the table below. Actual amounts earned under the Bonus Plan by the Named Executive Officers in the 2011 Fiscal Year are set forth in the Summary Compensation Table:

Component	Weight	Goal	Actual Performance	% of Target
Target Return on Assets	Threshold for any payment	11.5%	14.7%	Achieved
Target Adjusted EBITDA	80%	\$ 82,000,000	\$ 90,000,000	109.8%
Target Revenue	20%	\$ 468,800,000	\$ 467,046,000	99.7%

The definition of Adjusted EBITDA for executive bonus computation purposes is earnings before interest, taxes, depreciation, amortization, executive bonuses and compensation expense incurred in connection with stock options of the Company and items of a non-recurring nature as approved by the Compensation Committee. In the 2011 Fiscal Year, there were no non-recurring or other items included in the calculation of Adjusted EBITDA.

Return on assets for executive bonus computation purposes is calculated as Adjusted EBITDA (without adjustment for compensation expense described above), divided by the average monthly gross investments in 2011, which reflects the cumulative investments made by the Company

in its operation of the business.

In order to further promote executive officer retention, in the 2011 Fiscal Year, the Compensation Committee introduced a deferral provision to the payment of non-equity incentive award compensation. To the extent any Named Executive Officer earned more than 133% of his target non-equity incentive award, that excess was to be paid in three equal annual installments beginning in the first quarter of 2013. As a result of the Company exceeding the Adjusted EBITDA target but slightly underperforming on the Revenue target, each Named Executive

Table of Contents

Officer received 160.3% of the targeted payout. Under the Bonus Plan, all amounts in excess of 133% were to be deferred over three years. However, because of the payment structure, each Named Executive Officer, other than Mr. Giardina, would have received an amount in 2012 that was less than the amount of the actual bonus paid in 2011. As a result, the Compensation Committee agreed to increase the amount of the expected 2012 payment so that that payment was 10% greater than the payment made in 2011, which then commensurately lowered the amount being deferred. See 2011 Narrative Supplement to the Summary Compensation Table and the 2011 Grants of Plan-Based Awards Table and the Non-Qualified Deferred Compensation table for more information on the calculation and payment of amounts under the Bonus Plan.

In connection with Mr. Giardina's hiring in March 2010, Mr. Giardina's 2010 target bonus as a percent of base salary (i.e., 75%) was set to be identical to that of the departing CEO and President, Mr. Alimanestianu, which had been determined by Axiom in mid-2010 to be competitive to the median of the Compensation Comparison Group peer group for executives in similar positions. In January 2012, the Compensation Committee, in taking into account the performance of the Company since March 2010, increased the target bonus as a percent of base salary to 100%, commencing with the fiscal year ending December 31, 2012.

3. Long-term Equity Incentives

The Company and the Compensation Committee believe that equity-based awards are an important factor in aligning the long-term financial interests of our executive officers and stockholders. The Compensation Committee designs long-term equity incentive awards to ensure that our executive officers have a continuing stake in the long-term success of the Company, that the total compensation realized by our executive officers reflects our multi-year performance as measured by the efficient use of capital and changes in stockholder value, and that a large portion of the total compensation opportunity is earned over a multi-year period and is forfeitable in the event of termination of employment.

The Compensation Committee continually evaluates the use of equity-based awards and intends to continue to use such awards in the future as part of designing and administering the Company's compensation program. The Company expects to make equity grants at regular intervals.

The Compensation Committee, or a subcommittee, may grant equity incentives under the Company's 2004 Common Stock Option Plan, as amended, in the form of non-qualified and incentive stock options and the 2006 Stock Incentive Plan in the form of stock options (non-qualified and incentive stock options), stock appreciation rights, restricted stock, performance shares and other stock-based awards (including restricted stock units (RSUs) and deferred stock units).

In the past, the Company has followed a practice of granting equity incentives in the form of stock options on an annual basis to employees and on occasion, has also made awards of restricted stock. Beginning in 2011, the Compensation Committee decided to make the annual equity incentive grant in the form of restricted stock rather than stock options, although the Compensation Committee may continue to award stock options as it deems appropriate. The Company may also make grants to new employees on the commencement of employment and to key employees following a significant change in job responsibilities or to meet specific retention objectives. In July 2011, the Compensation Committee formed an Equity Grant Subcommittee, delegated with authority to approve equity grants to executive officers. Actions described herein as taken by the Compensation Committee related to grants of equity (or equity-based awards) to executive officers were performed by the Equity Grant Subcommittee. As a matter of practice, grants approved by the Compensation Committee were issued shortly following the next regularly scheduled release of quarterly financial results following the approval, and stock options and shares of restricted stock typically vest in four equal annual installments, beginning on the first anniversary of the grant date, subject to continuous employment from the date of grant until the applicable vesting date. We believe that this vesting schedule reinforces the long-term orientation of our compensation philosophy. In the past, some stock options have contained accelerated vesting features upon the achievement by the Company of pre-determined equity value targets. The Compensation Committee has not awarded other stock-based awards in the past.

In the Fiscal Year 2011, the Compensation Committee granted restricted stock awards to our Named Executive Officers as indicated in the 2011 Grants of Plan-Based Awards Table. These restricted stock awards vest in four equal annual installments, beginning on the first anniversary of the grant date, and subject to continuous

Table of Contents

employment from the date of grant until the applicable vesting date. In determining the amount of the equity and equity-based awards to be granted to the Named Executive Officers in 2011, Compensation Committee targeted the annual grants to be competitive with the Compensation Comparison Group peer group based on data provided to the Compensation Committee in 2010 and made awards based, in part, on the Company's improving performance and the officers' overall compensation. The Compensation Committee awarded 40,000 shares of restricted stock to Mr. Giardina in March 2011, and 12,500, 25,000, 15,000 and 12,500 shares of restricted stock to each of Messrs. Annese, Gallagher, Kastin and Barron, respectively, in October 2011. In addition, on February 1, 2011, the Compensation Committee granted 7,500 stock options to Mr. Barron in connection with the commencement of his employment with the Company.

4. Other Benefits and Perquisites

The Company's executive compensation program also includes other benefits and perquisites. We maintain a 401(k) plan for our eligible employees and Named Executive Officers with annual matching contributions up to \$500 per year which vest over four years. In addition, we provide medical benefits, long-term disability insurance (and gross-ups for related taxes) for specified employees, and free memberships in the Company's clubs for all employees. The Company annually reviews these other benefits and perquisites and makes adjustments as warranted based on competitive practices, the Company's performance and the individual's responsibilities and performance.

The Compensation Committee has approved these other benefits and perquisites as a reasonable component of the Company's executive compensation program. Please see the "All Other Compensation" column in the Summary Compensation Table for further information regarding these benefits.

Pay Mix

We utilize the particular elements of compensation described above because we believe that it provides a well-proportioned mix of low-risk compensation, retention value and at-risk compensation that produces short-term and long-term performance incentives and rewards. By following this approach, we provide the Named Executive Officers a measure of security in the minimum level of compensation that such individuals are eligible to receive, while motivating the Named Executive Officers to focus on the business metrics that will produce a high level of performance for the Company and long-term benefits for stockholders, as well as reducing the risk of recruitment of top executive talent by competitors. The mix of metrics used for the Bonus Plan and the 2006 Stock Incentive Plan likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance.

For our Named Executive Officers, a significant portion of total compensation is related to at-risk pay (annual cash incentives and long-term equity incentives). Maintaining this approach reinforces a pay-for-performance orientation for our Named Executive Officers, which is aligned with the Company's stated compensation philosophy of providing compensation commensurate with performance.

In accordance with our philosophy that overall compensation should be competitive and that the compensation of the Named Executive Officers should be at least partially dependent upon individual and Company performance, these executives are eligible to receive a higher portion of total annual compensation in the form of performance-based annual cash bonuses and long-term equity compensation as compared to other Company employees. In addition, in support of pay-for-performance objectives, the portion of total direct compensation delivered through long-term equity incentives generally increases with an executive's role and level of responsibility. As a result, our most senior executives are held most accountable for achieving multi-year performance objectives and changes in stockholder value.

Chief Executive Officer Compensation

Mr. Giardina's annual compensation consists primarily of base salary, annual incentive bonus and restricted stock awards. Mr. Giardina's annual compensation was higher than that of the other Named Executive Officers due to his extensive experience and history with the Company and the higher demands of the chief executive officer position. For the 2011 Fiscal Year, Mr. Giardina's annual compensation consisted of:

\$520,000 annual base salary, effective March 1, 2011 (an increase from \$505,000 annual base salary);

Table of Contents

\$625,316 annual incentive compensation, of which \$64,071 is deferred and will be paid over three equal annual installments beginning in the first quarter of 2013;

A grant on March 1, 2011 of 40,000 shares of restricted stock; and

Participation in other benefit plans and perquisites.

Post-Termination Compensation and Benefits

None of the Named Executive Officers have employment agreements with the Company, but Mr. Kastin's offer letter with the Company contains severance arrangements in the event that Mr. Kastin is terminated without cause. Mr. Kastin's severance arrangement reflects a negotiation between Mr. Kastin and the Company at the time Mr. Kastin was hired and was considered at the time by the Compensation Committee to be appropriate to retain Mr. Kastin.

All Named Executive Officers have entered into an executive severance agreement providing for specified severance benefits upon a termination of the executive's employment with the Company without cause or by the executive for good reason within six months following a change in control of the Company. The Compensation Committee believes that severance in connection with a termination or reduction in responsibilities in connection with a change in control is necessary to attract and retain the talent necessary for our long-term success. These severance arrangements allow our executives to focus on duties at hand and provide security should their employment be terminated as a result of involuntary termination without cause or a constructive discharge in connection with a change in control of the Company. Under these severance arrangements, the executives will be required to comply with a non-competition covenant for a period of up to one year and will receive in return one year (in the case of Mr. Giardina, eighteen months) of salary, a pro rata annual bonus, continuation of health and dental coverage for up to one year (in the case of Mr. Giardina, eighteen months) and continuation of fitness club membership for one year (in the case of Mr. Giardina, eighteen months). The Compensation Committee believes that these benefits are reasonable given that the executive's employment opportunities for a period following termination will be constrained by the non-competition covenants contained in the severance agreements. These executive severance agreements are more fully described under Potential Payments Upon Termination or Change in Control.

Under the 2006 Stock Incentive Plan and the related award agreements entered into between the Company and certain Named Executive Officers, if the Named Executive Officer resigns or the Named Executive Officer's employment is terminated by the Company for any reason, if the Company wishes to enforce specified non-competition and non-solicitation covenants for a period of up to one year, the Company must pay the Named Executive Officer severance compensation equal to no less than such Named Executive Officer's base salary during such period. The Compensation Committee believes that discretionary enforcement of non-competition and non-solicitation arrangements is beneficial to the competitive position of the Company and that the corresponding severance compensation is reasonable in such circumstances.

On February 27, 2012, the Company announced that Martin Annese, the Company's Chief Operating Officer, will be leaving, effective May 11, 2012. In connection with his departure from the Company, Mr. Annese and the Company entered into a separation agreement providing for his continued employment through May 11, 2012, a severance payment of \$18,477 (which an amount equal to the portion of his 2011 bonus that was deferred pursuant to the terms of the Bonus Plan), continued participation in health benefits on the same basis as if he were an active employee through December 31, 2012 and a gym membership for him and members of his immediate family for one year.

Compensation Committee Discretion

The Compensation Committee retains the discretion to decrease all forms of incentive payouts based on significant individual or Company performance shortfalls. Likewise, the Compensation Committee retains the discretion to increase payouts and/or consider special awards for significant achievements, including but not limited to superior management, investment or strategic accomplishments and/or consummation of acquisitions.

Impact of Tax and Accounting

As a general matter, the Compensation Committee takes into account the various tax and accounting implications of compensation vehicles employed by the Company. When determining amounts of grants under the 2006 Stock Incentive Plan to Named Executive Officers and employees, the Compensation Committee examines the accounting cost associated with the grants. Under ASC Topic 718, grants of stock options, restricted stock, restricted stock units and other share-based payments result in an accounting charge for the Company. The accounting charge is equal to the fair value of the instruments being issued. For restricted stock and restricted stock units, the cost is equal to the fair value of the stock on the date of grant times the number of shares or units granted. This expense is amortized over the requisite service period, or vesting period of the instruments. The Compensation Committee also carefully considers the impact of using performance metrics that are tied to market conditions (for example, share price or total stockholder return) as performance metrics under the 2006 Stock Incentive Plan, mindful of the fact that, even if the condition is not achieved, the accounting charge would not be reversible.

Section 162(m) of the Internal Revenue Code generally prohibits any publicly held corporation from taking a federal income tax deduction for compensation paid in excess of \$1,000,000 in any taxable year to the corporation's chief executive officer and next three highest compensated executive officers (other than the chief financial officer), unless the compensation qualifies as performance-based compensation within the meaning of Section 162(m). With respect to the 2006 Stock Incentive Plan and the Bonus Plan, we generally intend to structure performance based awards to qualify as performance-based compensation within the meaning of Section 162(m). While it is the Compensation Committee's policy to maximize the effectiveness of our executive compensation plans in this regard, we reserve the right to pay compensation that is not deductible under Section 162(m) if appropriate and in the best interests of the Company and our stockholders.

Conclusion

The level and mix of compensation for each of our Named Executive Officers is considered within the context of our historical compensation practices as well as the factors outlined above. The Compensation Committee believes that each of the compensation packages for our Named Executive Officers is appropriate in light of our industry and related industries and our competitive position in that context.

Payments under the Bonus Plan are based on the Company's achievement of certain financial targets.

Company Performance

For the 2011 Fiscal Year, each Named Executive Officer's potential award under the Bonus Plan in respect of Company performance was based on a percentage of his base salary. If the Company achieved its hurdle of 11.5% return on assets, and achieved target Adjusted EBITDA (\$82,000,000 for the 2011 Fiscal Year) and target revenue (\$468,800,000 for the 2011 fiscal year), each of the Named Executive Officers would receive (subject to adjustment as described below) the following percentage of his base salary: Mr. Giardina (75%), Messrs. Gallagher and Annese (50%) and Messrs. Kastin and Barron (30%) (each amount the Target Bonus). Based upon the Company's actual results in relation to target Adjusted EBITDA and budgeted revenue, the Target Bonus amounts would be adjusted as follows:

Achievement of Percentage of**Adjusted EBITDA Target**

Below 95%

95 - 99.99%

Percentage of Target Bonus Awarded

0%

For every \$1 million below target Adjusted EBITDA,

Target Bonus award reduced by 15%

100% Target Bonus for target Adjusted EBITDA component (80% of Target Bonus)

For every \$1 million above target Adjusted EBITDA,

Target Bonus award increased by 8.4%

Maximum Target Bonus for target Adjusted EBITDA component (160% of Target Bonus)

111.7% and above

Achievement of Percentage of**Revenue Target**

Below 99%

99.1% - 99.9%

100%

100.1% - 102.0%

102% and above

Percentage of Target Bonus Awarded

0%

For every \$1 million below target Revenue, Target Bonus award reduced by 3.7%

100% Target Bonus for target Revenue component (20% of Target Bonus)

For every \$1 million above target Revenue, Target Bonus award increased by 2.1%

Maximum Target Bonus for target Revenue component

(40% of Target Bonus)

To the extent any Named Executive Officer earned more than 133% of his target non-equity incentive award, that excess is to be paid in three equal annual installments beginning in the first quarter of 2013. As a result of the Company exceeding the Adjusted EBITDA target but slightly underperforming on the Revenue target, each Named Executive Officer received 160.3% of the targeted payout. Based on the general Bonus Plan payment structure, each Named Executive Officer, other than Mr. Giardina, would have received a bonus amount in 2012 that was less than the amount of the actual bonus paid in 2011. As a result, the Compensation Committee agreed to increase the amount of the expected 2012 payment by 10%, which then commensurately lowered the amount being deferred. For actual amounts paid under the Bonus Plan for the 2011 Fiscal Year, see the Summary Compensation Table above.

Table of Contents

Payment

Annual non-equity incentive awards will generally be paid in cash after the end of the performance period in which they are earned, as determined by the Compensation Committee, but not later than the later of (1) March 15 after the end of the applicable year and (2) two and one-half months after the expiration of the fiscal year in which the performance period with respect to which the annual non-equity incentive award is earned ends. In addition, annual non-equity incentive awards will not be paid until the Company's independent registered public accounting firm has issued its report with respect to the audit of the Company's consolidated financial statements for the applicable fiscal year. In order to receive any deferred bonus amount, the Named Executive Officer must remain employed on each payment date. The deferred amounts are also payable in connection with specified termination events and in connection with a change in control. *See* Potential Payments Upon Termination or Change in Control for more information. Unless otherwise determined by the Compensation Committee, no annual non-equity incentive award, full or pro rata, will be paid to any individual whose employment has ceased prior to the date such award is paid.

Terms of Equity-Based Awards

Vesting Schedule

Option and restricted stock awards vest ratably over four years following the date of grant, subject to acceleration upon a change in control.

Forfeiture

Absent death, disability or retirement, unexercised option awards are generally forfeited at termination of employment following a 90-day post-termination exercise period if the termination was involuntary. If the termination was voluntary by the employee, the option may be exercised during the 30-day period following termination. In the event the employee is terminated for cause, the option expires on the date of termination. In the event of death, disability or retirement prior to the complete exercise of a vested option award, the vested portion of the option may be exercised, in whole or in part, within one year after the date of death, disability or retirement, as the case may be, and, in all cases, prior to the option expiration. Unvested restricted stock awards are generally forfeited at termination of employment.

Covenants

The option and restricted stock awards contain confidentiality provisions and non-compete and non-solicitation provisions that apply to our executive officers.

Option awards granted under the 2006 Stock Incentive Plan have an exercise price equal to the closing price of the underlying shares on the date of grant. All equity award grants to Executive Officers are approved by the Compensation Committee.

Edgar Filing: TOWN SPORTS INTERNATIONAL HOLDINGS INC - Form DEF 14A

In the 2011 Fiscal Year, the Compensation Committee introduced a deferral provision to the payment of a portion of non-equity incentive award compensation. Deferred portions (the "Deferred Amount") are to be paid in three equal annual installments at the same time that bonuses are paid in general but in no event later than March 15th of each of the following three years so long as the Named Executive Officer remains employed by the Company on the applicable payment date. If a Named Executive Officer is terminated (i) other than for Cause (as defined in the 2006 Stock Incentive Plan) or (ii) as a result of the Named Executive Officer's death or Disability (as defined in the 2006 Stock Incentive Plan), then the Named Executive Officer will be entitled to receive the

Deferred Amounts within 30 days of the date of termination. If a Change in Control (as defined in 2006 Stock Incentive Plan) occurs, the Deferred Amounts will be paid within 30 days of the Change in Control. If the Named Executive Officer is not employed by the Company on the payment date for reasons other than as set forth above, then any outstanding Deferred Amount will be forfeited and no longer due and payable. See Narrative Supplement to the Summary Compensation Table and the 2011 Grants of Plan-Based Awards Table.

Potential Payments Upon Termination or Change in Control

Under the stock option and restricted stock agreements entered into between the Company and the Named Executive Officers in connection with the grant of stock options or restricted stock, as the case may be, by the Company to the Named Executive Officer, if the Company wishes to enforce a non-competition and non-solicitation covenant for a period of up to one year, it must pay the Named Executive Officer severance payments for one year at a rate and an amount equal to the Named Executive Officer's salary received by the Named Executive Officer immediately prior to the termination date.

In addition, the Company's employment agreement with Mr. Kastin provides for payment of one year of base salary upon his termination from the Company other than for cause as defined in Mr. Kastin's employment agreement.

Our Bonus Plan provides for deferral of specified amounts if bonus achievement exceeds specified levels in any given year. Such excess amounts are deferred and become payable in three equal annual installments during the first quarter of each of the following three years, so long as the Named Executive Officer remains employed with the Company at the payment date. If the named Executive Officer is terminated by the Company other than for cause as such term is defined in the 2006 Stock Incentive Plan, or as a result of the Named Executive Officer's death or disability, then the Named Executive Officer will continue to be entitled to receive the deferred payments, payable at the times had such termination not occurred. In addition, if there is a change in control as defined in the 2006 Stock Incentive Plan (described below), the deferred amounts will be payable within 30 days of the change in control.

Under the 2006 Stock Incentive Plan, an executive's unvested stock option and restricted stock awards will vest in full upon a change in control.

Change in control is generally defined in the 2006 Stock Incentive Plan as: (1) any person becoming the beneficial owner directly or indirectly, of 40% or more of the combined voting power of the then outstanding securities of the Company or (2) the stockholders of the Company approving a plan of complete liquidation of the Company or the consummation of the sale or disposition by the Company of all or substantially all of the Company's assets other than the sale of all or substantially all of the assets of the Company to a person or persons who beneficially own 50% or more of the Company's common stock or pursuant to a spin-off type transaction of such assets to the stockholders of the Company.

The Company has entered into a severance agreement (an Executive Severance Agreement) with each Named Executive Officer of the Company. The Executive Severance Agreement provides that, if the executive officer's employment is terminated by either (1) the Company without cause (as such term is defined in the Executive Severance Agreement) or (2) by the executive officer due to a constructive termination (including a material diminution in the executive's authority, duties, responsibilities or reporting relationship, except as part of an organizational change; a change in the location at which the executive primarily performs services for the Company of more than 50 miles; or a material reduction in the executive's base pay or incentive cash compensation), within a period of six months following a change in control (as such term is defined in the Executive Severance Agreement), then the executive officer will receive the following severance: (a) an amount equal to one year of the executive officer's base salary, payable in twelve equal monthly installments (or, in the case of Mr. Giardina, 18 months base salary, payable in 18 equal monthly installments); (b) a pro rata annual bonus for the fiscal year in which the termination occurred, assuming the approved bonus targets had been met (which bonus will be payable at such time as bonuses are paid to the Company's employees generally); (c) the continuation of health and dental coverage for up to one year, with the Company continuing to pay the same portion of the premiums as it does for current employees; and (d) continuation of Passport Membership at the Company's fitness clubs for the executive and his or her immediate family at no cost to the executive for a period of one year. The foregoing severance is subject to (1) a covenant by the executive officer not to compete with the Company or its subsidiaries for a period of one year following the termination date; (2) a covenant not to solicit

the employees, consultants, customers or suppliers of the Company and its subsidiaries for the one-year period following the termination date; (3) a covenant not to disclose confidential information at all times following the termination date and (4) the execution of a release of claims against the Company.

On February 27, 2012, the Company announced that Martin Annese, the Company's Chief Operating Officer, will be leaving, effective May 11, 2012. In connection with his departure from the Company, Mr. Annese and the Company entered into a separation agreement providing for his continued employment through May 11, 2012, a severance payment of \$18,477 (which is an amount equal to the portion of his 2011 bonus that was deferred pursuant to the terms of the Bonus Plan), continued participation in health benefits on the same basis as if he were an active employee through December 31, 2012 and a gym membership for him and members of his immediate family for one year.

Pursuant to these agreements, if our Named Executive Officers were terminated on the last day of the 2011 Fiscal Year or if a change in control occurred on such date, the Named Executive Officers would have received the payments set forth in the following table:

(1) For a termination not in connection with a change-in-control, if the Company wishes to enforce the non-competition/non-solicitation covenant contained in 2006 Stock Incentive Plan and the related award agreements, the Company must pay one year of continued base salary. No additional payments or benefits are contractually required to be provided, although in connection with a termination, the Company may provide additional compensation in consideration for a release of claims. In addition, in the case of Mr. Kastin, even if the Company does not enforce the non-competition/non-solicitation covenant, in accordance with his employment agreement, the Company would pay this amount upon a termination without cause.

(2) Represents the value of one year of continued health and other insurance benefits to the extent paid by the Company and one year of Passport Membership at the Company's fitness clubs for the executive for a period of one year \$1,068.

- (3) For stock options, represents the amount by which the fair market value of a share of the Company's common stock as of December 31, 2011 exceeded the exercise price of each outstanding unvested stock option, multiplied by the number of shares of the Company's common stock underlying each such stock option. For restricted stock, represents the total number of unvested shares that would vest and would be distributed under each termination scenario multiplied by the fair market value of a share of the Company's common stock on December 31, 2011.
- (4) In connection with a termination in connection with a change in control, pursuant to Executive Severance Agreements (described above), the Company must pay one year of continued base salary (18 months in the case of Mr. Giardina), payment of a pro-rata annual bonus at target levels with respect to the fiscal year in which the termination occurred, continuation of health and dental coverage for up to one year, and continuation of Passport Membership at the Company's fitness clubs for the executive and his or her immediate family at no cost to the executive for a period of one year.
