**Item 8.01 Other Events.**

Apple Inc. (the Company) is filing herewith updated financial statements and other affected financial information for the periods included in the Company's Annual Report on Form 10-K for the fiscal year ended September 29, 2012. These financial statements and other affected financial information have been updated to reflect changes made in fiscal year 2013 to the Company's reportable operating segment data and categorization of product-level net sales reporting, and the presentation of comprehensive income as a separate financial statement.

In fiscal year 2013, the Company established a new reportable operating segment, Greater China, which was previously included in the Asia-Pacific segment. As a result of this change, the Company now has the following reportable operating segments: Americas, Europe, Greater China, Japan, Rest of Asia Pacific, and Retail. Additionally, the Company began allocating certain manufacturing costs and variances, including costs related to product tooling and manufacturing process equipment, to its operating segments, instead of classifying these costs and variances in other corporate expenses.

In fiscal year 2013, the Company adopted amended accounting standards that change the presentation of comprehensive income. These standards increase the prominence of other comprehensive income (OCI) by eliminating the option to present components of OCI as part of the statement of changes in shareholders' equity and requires the components of OCI to be presented either in a single continuous statement of comprehensive income or in two consecutive statements. The amended accounting standards only impact the financial statement presentation of OCI and do not change the components that are recognized in net income or OCI; accordingly, the adoption had no impact on the Company's financial position or results of operations.

Pursuant to guidance provided by the Securities and Exchange Commission (SEC), the Company has updated the applicable items that were contained in the Company's Annual Report on Form 10-K for the fiscal year ended September 29, 2012, (Form 10-K) reflecting the above mentioned changes in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations and Item 8, Financial Statements and Supplementary Data in Exhibits No. 99.1 and No. 99.2 filed in this Current Report on Form 8-K (Form 8-K), respectively. The information included in this Form 8-K is presented for information purposes only in connection with the change in the Company's reportable operating segment data and the other items referred to above. There is no change to the Company's previously reported Consolidated Statements of Operations, Consolidated Balance Sheets, Consolidated Statements of Shareholders' Equity and Consolidated Statements of Cash Flows included in the Form 10-K.
