(f) Each natural person identified in Item 2 is a citizen of the United States.

Item 3. Source and Amount of Funds or Other Consideration.

As of September 8, 2008, VN Capital Fund I, L.P. had acquired an aggregate of 639,272 shares of Common Stock in open market transactions for an aggregate (including broker's fees and commissions) of approximately \$5,342,872.

All purchases of Common Stock referenced above were funded by working capital, which may, at any given time, include margin loans made by brokerage firms in the ordinary course of business. In certain instances, the Reporting Entities do not believe that certain of the foregoing information is called for by the Items of Schedule 13D and are disclosing it for supplemental informational purposes only.

Item 4. Purpose of Transaction.

Each of the Reporting Entities acquired beneficial ownership of the shares of Common Stock to which this Statement relates in order to obtain a significant equity position in the Company, the Common Stock of which, in the opinion of the Reporting Entities, is significantly undervalued. The Reporting Entities may further purchase, hold, vote, trade, dispose or otherwise deal in the securities of the Company at times and in such manner, as they deem advisable to benefit from changes in the Company's operations, business strategy, or from a sale of the Company. To evaluate those alternatives, the Reporting Entities will routinely monitor the Company's operations, prospects, business development, management, competitive and strategic matters, capital structure and prevailing market conditions.

The Reporting Entities may seek to meet with the Company's management, Board of Directors, other current or prospective shareholders, strategic partners or competitors to discuss measures to maximize stockholder value.

The Reporting Entities believe that the Company's stock is currently undervalued and that the Board of Directors and management can take several measures to rectify this situation. These include, but are not limited to, the following:

- a) Conducting a strategic review in order to assess the long term prospects for each of the Company's various business lines.
- b) Determine which business lines are deserving of further investment and expanded, which units should be kept and milked for their cash flow, and which businesses should be sold.
- c) Aggressively trim overhead, excess production capacity and other costs to bring them in line with lower sales and return the Company to profitability as the Company shifts from selling its products to Sears towards other retailers.
- d) Keep pursuing the shift from Sears towards selling the Company's products to other retail channels.
- e) Concurrent with the above measures, exploring strategic discussions to take the Company private or suspend public reporting requirements thereby saving costs associated with Sarbanes/Oxley compliance and public financial reporting obligations, along with examining potential acquirers in order to determine whether the acquisition value of the Company materially exceeds the current trading value.

Each of the Reporting Entities considers its equity position to be for investment purposes. The Reporting Entities may consider seeking to obtain representation on the Company's Board of Directors in the future.

Each of the Reporting Entities may acquire additional shares of the Company or sell or otherwise dispose of any or all of the shares of the Company beneficially owned by it. Each Reporting Entity may also take any other action with respect to the Company or any of its debt or equity securities in any manner permitted by law.

Except as set forth in this Item 4, none of the Reporting Entities has any present plans or proposals that relate to or would result in any of the actions specified in clauses (a) through (e) of the instructions to Item 4 of Schedule 13D.

Item 5. Interest in Securities of the Issuer.

(a) As of the date hereof, the Reporting Entities beneficially own an aggregate of 639,272 shares of Common Stock, representing approximately 5.1% of the shares of Common Stock presently outstanding based upon the 12,616,042 shares of Common Stock reported by the Company to be issued and outstanding as of July 31, 2008 in its Form 10-Q filed with the SEC on August 1, 2008 (the "Issued and Outstanding Shares").

As the general partner of VN Capital Fund I, L.P., VN Capital Management, LLC and Joinville Capital Management, LLC may be deemed to beneficially own the 639,272 shares of Common Stock owned by VN Capital Fund I, L.P. As the Managing Members of VN Capital Management, LLC, and Joinville Capital Management, LLC, Mr. Vanasek and Mr. Noone may be deemed to beneficially own the 639,272 shares of Common Stock owned by VN Capital Fund I, L.P., constituting approximately 5.1% of the Issued and Outstanding Shares.

(b) Each of the Reporting Entities is deemed to have sole voting and dispositive power over the shares of Common Stock reported as beneficially owned by virtue of their respective positions as described in paragraph (a). Each of the Reporting Entities are deemed to have sole voting and dispositive power with respect to the shares each beneficially owns, regardless of the fact that multiple Reporting Entities within the same chain of ownership are deemed to have sole voting and dispositive power with respect to such shares. Each such Reporting Entity reports sole voting and dispositive power with respect to such shares based on its relationship to the other Reporting Entities within the same chain of ownership.

The Reporting Entities do not believe that certain of the foregoing information is called for by the Items of Schedule 13D and are disclosing it for supplemental informational purposes only.

(c) Except as set forth in Item 3 of this Statement and on Schedule A hereto, no person identified in Item 2 hereof has effected any transaction in shares of Common Stock during the 60 days preceding the filing of this Statement, or thereafter and prior to the date hereof.
