PROXY STATEMENT
April 30, 2013

THE MEETING

The accompanying proxy is solicited on behalf of the Board of Directors (the “Board of Directors” or the “Board”) of ExactTarget, Inc., a Delaware corporation (“ExactTarget”), for use at the 2013 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the Indiana Repertory Theatre, 140 West Washington Street, Indianapolis, Indiana 46204, on June 11, 2013, at 3:00 p.m. Eastern. This Proxy Statement and the accompanying form of proxy were first mailed to stockholders on or about April 30, 2013. An Annual Report for the year ended December 31, 2012 is enclosed with this Proxy Statement. An electronic copy of this proxy statement and annual report are available at www.proxyvote.com.

Voting Rights, Quorum and Required Vote

Only holders of record of our common stock at the close of business on April 15, 2013, which is the record date, will be entitled to vote at the Annual Meeting. At the close of business on April 15, 2013, we had 69,447,712 shares of common stock outstanding and entitled to vote. Holders of ExactTarget common stock are entitled to one vote for each share held as of the above record date. A quorum is required for our stockholders to conduct business at the Annual Meeting. The holders of a majority in voting power of all issued and outstanding stock entitled to vote at the Annual Meeting, present in person or represented by proxy, will constitute a quorum for the transaction of business. Dissenters’ rights are not applicable to any of the matters being voted upon.

For Proposal No. 1, directors will be elected by a plurality of the votes of the shares of common stock cast at the Annual Meeting, which means that the two nominees receiving the highest number of “for” votes will be elected. If stockholders withhold their votes, including brokers holding their clients’ shares of record who cause withheld votes to be recorded, these shares will be considered present and entitled to vote at the Annual Meeting and will be counted towards determining whether or not a quorum is present. Withheld votes and broker non-votes (as defined below) will not be treated as votes cast with regard to Proposal No. 1.

Regarding Proposal No. 2, the affirmative vote of the holders of a majority in voting power of the stock entitled to vote at the Annual Meeting, present in person or represented by proxy are required to approve the ExactTarget, Inc. Employee Stock Purchase Plan under our bylaws. For this purpose, abstentions will count as votes present and entitled to vote on Proposal No. 2, but broker non-votes will not. In addition, the New York Stock Exchange (“NYSE”) has separate approval requirements for this proposal. NYSE rules require approval by a majority of the votes cast on Proposal No. 2, provided that the total votes cast on Proposal No. 2 represents over 50% in interest of all securities entitled to vote on Proposal No. 2. For purposes of the NYSE rules, abstentions will be treated as votes cast, but broker non-votes will not be treated as votes cast with regard to Proposal No. 2. Under the NYSE rules, both abstentions and broker non-votes will be treated as securities entitled to vote with regard to Proposal No. 2.

Proposal No. 3 requires the affirmative vote of the holders of a majority in voting power of the stock entitled to vote at the Annual Meeting, present in person or represented by proxy. Abstentions will count the same as votes against Proposal No. 3. Broker non-votes will not count as votes present and entitled to vote on Proposal No. 3.

Broker Non-Votes and Abstentions

If stockholders abstain from voting, including brokers holding their clients’ shares of record who cause abstentions to be recorded, these shares will be considered present and entitled to vote at the Annual Meeting and will be counted towards determining whether or not a quorum is present.

If shares are owned through a broker, stockholders must instruct the broker how to vote in order for the vote to be counted, except as to certain “routine” proposals. Brokers who hold shares for the accounts of their clients may vote such shares either as directed by their clients or in the absence of such direction, in their own discretion if permitted by the stock exchange or other organization of which they are members. Members of the New York Stock Exchange are permitted to vote their clients’ proxies in their own discretion as to certain “routine” proposals. Only Proposal No. 3

(ratifying the appointment of our independent registered public accounting firm) is considered a routine matter. Where a proposal is not “routine,” a broker who has received no instructions from its clients generally does not have discretion to vote its clients’ uninstructed shares on that proposal. When a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, the missing votes are referred to as “broker non-votes.” Those shares would be considered present for purposes of determining whether or not a quorum is present, but would not be considered entitled to vote on the proposals. Those shares would not be taken into account in determining the outcome of the non-routine proposal.

Voting of Proxies

The proxy accompanying this Proxy Statement is solicited on behalf of the Board of Directors of ExactTarget for use at the Annual Meeting. Stockholders are requested to complete, date and sign the accompanying proxy and promptly return it in the enclosed envelope. All signed, returned proxies that are not revoked will be voted in accordance with the instructions contained therein. Signed proxies that give no instructions as to how they should be voted on a particular proposal at the Annual Meeting will be counted as votes “for” such proposal, or in the case of the election of the Class I directors, as a vote “for” election to Class I of the Board of both nominees presented by the Board. In the event that sufficient votes in favor of the proposals are not received by the date of the Annual Meeting, the Chairman of the Annual Meeting may adjourn the Annual Meeting to permit further solicitations of proxies.

Expenses of Solicitation

The expenses of soliciting proxies to be voted at the Annual Meeting will be paid by ExactTarget. Following the original mailing of the proxies and other soliciting materials, ExactTarget and/or its agents may also solicit proxies in person, by telephone or email. Following the original mailing of the proxies and other soliciting materials, ExactTarget will request that banks, brokers, custodians, nominees and other record holders of its common stock forward copies of the proxy and other soliciting materials to persons for whom they hold shares of common stock and request authority for the exercise of proxies. We will reimburse banks, brokers, custodians, nominees and other record holders for reasonable charges and expenses incurred in forwarding soliciting materials to their clients.

Revocability of Proxies

Any person signing a proxy in the form accompanying this Proxy Statement has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by a writing delivered to ExactTarget stating that the proxy is revoked, by a subsequent proxy that is signed by the person who signed the earlier proxy and is delivered before or at the Annual Meeting, or by attendance at the Annual Meeting and voting in person. Please note, however, that if a stockholder’s shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Annual Meeting, the stockholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming that stockholder’s beneficial ownership of the shares.

Telephone or Internet Voting

For stockholders with shares registered in the name of a brokerage firm or bank, a number of brokerage firms and banks are participating in a program for shares held in “street name” that offers telephone and Internet voting options. Stockholders with shares registered directly in their names with Computershare, ExactTarget’s transfer agent, will also be able to vote using the telephone and Internet. If your shares are held in an account at a brokerage firm or bank participating in this program or registered directly in your name with Computershare, you may vote those shares by calling the telephone number specified on your proxy or accessing the Internet website address specified on your proxy instead of completing and signing the proxy itself. The giving of such a telephonic or Internet proxy will not affect your right to vote in person should you decide to attend the Annual Meeting.

The telephone and Internet voting procedures are designed to authenticate stockholders’ identities, to allow stockholders to give their voting instructions and to confirm that stockholders’ instructions have been recorded properly. Stockholders voting via the telephone or Internet should understand that there may be costs associated with telephonic or electronic access, such as usage charges from telephone companies and Internet access providers, that must be borne by the stockholder.

Delivery of Documents to Stockholders Sharing an Address

We have adopted a procedure approved by the SEC called “householding” under which multiple stockholders who share the same address will receive only one copy of the Annual Report and Proxy Statement, unless we receive contrary instructions from one or more of the stockholders. If you wish to opt out of householding and receive multiple copies of the proxy materials at the same address, or if you have previously opted out and wish to participate

in householding, you may do so by notifying us by telephone at (317) 423-3928, by mail at Investor Relations, 20 North Meridian Street, Suite 200, Indianapolis, Indiana, 46204, by fax at (317) 396-1592, or by email at investors@exacttarget.com, and we will promptly deliver the requested materials. You also may request additional copies of the proxy materials by notifying us in writing or by telephone at the same address, email address, fax number or telephone number. Stockholders with shares registered in the name of a brokerage firm or bank may contact their brokerage firm or bank to request information about householding.

Explanatory Note

We are an “emerging growth company” as defined in the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”). For as long as we are an emerging growth company, we will not be required to provide an auditor's attestation report on management's assessment of the effectiveness of our system of internal control over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act of 2002, or obtain stockholder approval of any golden parachute payments not previously approved. In addition, because we are an emerging growth company, we are not required to include a Compensation Discussion and Analysis section in this proxy statement and have elected to comply with the scaled executive compensation disclosure requirements applicable to emerging growth companies.

We could be an emerging growth company for up to five years from March 21, 2012, the date of our initial public offering, or until the earliest of (i) the last day of the first fiscal year in which our annual gross revenues exceed \$1 billion, (ii) the date that we become a “large accelerated filer” as defined in Rule 12b-2 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), which would occur at the end of the fiscal year during which the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the last business day of our most recently completed second fiscal quarter, or (iii) the date on which we have issued more than \$1 billion in non-convertible debt during the preceding three year period. Under Section 107(b) of the JOBS Act, emerging growth companies may delay adopting new or revised accounting standards until such time as those standards apply to private companies. We have irrevocably elected not to avail ourselves of this exemption from new or revised accounting standards and, therefore, we are subject to the same new or revised accounting standards as other public companies that are not emerging growth companies.

PROPOSAL NO. 1—ELECTION OF DIRECTORS

ExactTarget's Board of Directors is presently comprised of eight members, who are divided into three classes, designated as Class I, Class II and Class III. One class of directors is elected by the stockholders at each annual meeting to serve a three-year term. Class I directors consist of Julie M.B. Bradley, Michael M. Brown and Scott M. Maxwell; Class II directors consist of David L. Yuan and Matthew W. Ferguson; and Class III directors consist of Scott D. Dorsey, Timothy I. Maudlin and Rory T. O'Driscoll.

Class I directors standing for election or reelection at the Annual Meeting are Ms. Bradley and Mr. Maxwell. Mr. Brown is not standing for reelection and, accordingly, the Board has reduced the number of directors to seven effective immediately prior to the commencement of the Annual Meeting. Class II and Class III directors will stand for reelection or election at the 2014 and 2015 annual meetings of stockholders, respectively. Unless otherwise provided by law, any vacancy on the Board, including a vacancy created by an increase in the authorized number of directors, may only be filled by the affirmative vote of a majority of the remaining directors then in office, although less than a quorum. Any director elected in accordance with the preceding sentence shall hold office until the next election of the class for which such director shall have been chosen and until his or her successor shall be elected and qualified, or his or her earlier death, resignation or removal.

Each of the nominees for election to Class I is currently a director of ExactTarget. If elected at the Annual Meeting, each of the nominees would serve for three years and until his or her successor is duly elected and qualified, or until such director's earlier death, resignation or removal. If either of the nominees is unable or unwilling to be a candidate for election by the time of the Annual Meeting (a contingency which the Board does not expect to occur), the stockholders may vote for a substitute nominee chosen by the present Board to fill the vacancy. In the alternative, the stockholders may vote for just the remaining nominee, leaving a vacancy that may be filled at a later date by the Board. Alternatively, the Board may reduce the size of the Board.

Each of our Board members has a broad range and depth of experience in the technology industry, including serving as members of the Boards of Directors of public or private technology companies. Many of our Board members also have extensive experience investing in public and private technology companies. We also believe that each of the directors possess other key attributes that are important to an effective Board, including analytical skills, collaborative working style, and commitment to devoting significant time and energy to Board service. In addition to the above, we also considered the specific experience described in the biographies of each of our directors and nominees described below.

- Messrs. Brown and O'Driscoll were elected as the designees of stockholders who, prior to our initial public offering, held a majority of the outstanding shares of our Series E preferred stock;
- Messrs. Dorsey and Maxwell were elected as the designees of stockholders who, prior to our initial public offering, held a majority of the outstanding shares of our common stock; and
- Messrs. Ferguson and Maudlin were elected as the designees of stockholders who, prior to our initial public offering, held a majority of the outstanding shares of our common stock and preferred stock.

The voting provisions of our stockholders' agreement by which the directors were elected terminated upon the completion of our initial public offering, and there are no contractual obligations regarding the election of our directors. Ms. Bradley was appointed by our Board of Directors following adoption of a resolution increasing the size of the Board from seven to eight directors. Our current directors will continue to serve as directors until their successors are duly elected by the holders of our common stock, or until their earlier death, resignation or removal.

Classified Board

Our amended and restated certificate of incorporation and amended and restated bylaws provide for a classified Board of Directors consisting of three classes of directors, each serving staggered three-year terms. Our directors are divided among the three classes as follows:

-

Class I directors are Ms. Bradley and Messrs. Brown and Maxwell, whose initial term will expire at the 2013 annual meeting of stockholders;

Class II directors are Messrs. Yuan and Ferguson, whose initial term will expire at the 2014 annual meeting of stockholders; and

Class III directors are Messrs. Dorsey, Maudlin and O'Driscoll, whose initial term will expire at the 2015 annual meeting of stockholders.

Directors for a particular class will be elected for three-year terms at the annual meeting of stockholders in the year in which their term expires. As a result, only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms. Each director's term continues until the election and qualification of his or her successor, or his or her earlier death, resignation or removal.

Board Independence

Under the listing requirements and rules of the NYSE, independent directors must comprise a majority of a listed company's Board of Directors. Our Board of Directors has undertaken a review of its composition, the composition of its committees and the independence of each director. Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, our Board of Directors has determined that each of Ms. Bradley and Messrs. Brown, Ferguson, Maudlin, Maxwell, O'Driscoll and Yuan is "independent" under the rules of the NYSE. Mr. Brown is not standing for reelection and, accordingly, will no longer be a director after the Annual Meeting. In making the independence determinations, our Board of Directors assessed the current and prior relationships that each non-employee director has with us and all other relevant facts and circumstances, including the beneficial ownership of our capital stock by each non-employee director. Based on these assessments, for each director deemed to be independent, our Board of Directors made a determination that, because of the nature of the director's relationships and/ or the amounts involved, the director had no relationships with our company or our management that, in the judgment of the Board, would impair the director's independence. For those directors that have relationships with our significant stockholders, consistent with the rules of the NYSE, our Board of Directors does not believe that ownership of our company's stock, or a relationship with a stockholder, by itself, prevents a director from being independent.

The independence determinations of the Board of Directors included reviewing the following transactions. Our Board specifically considered that: (1) Mr. Brown is a General Partner of Battery Ventures, affiliates of which owned approximately 7% of our common stock as of December 31, 2012; (2) Mr. O'Driscoll is a Managing Director at Scale Venture Partners, which (together with its affiliates) owned approximately 3% of our common stock as of December 31, 2012; and (3) Mr. Yuan is a General Partner of Technology Crossover Ventures, which (together with its affiliated entities) owned approximately 12% of our common stock as of December 31, 2012. Our Board of Directors also considered: (1) Mr. Ferguson's relationship with CareerBuilder, LLC, ("CareerBuilder") where he serves as President and Chief Executive Officer. CareerBuilder has been one of our clients for several years. We have provided services to CareerBuilder in the ordinary course, and the amounts involved are not significant to us or to CareerBuilder. During the past three fiscal years, the aggregate amount of payments that we received from CareerBuilder, did not exceed 1% of either our company's or CareerBuilder's consolidated gross revenues in any fiscal year. Similarly, we have been a client of CareerBuilder's for the past few years, and during the past three fiscal years, the amounts we have paid to CareerBuilder did not exceed 1% of either our company's or CareerBuilder's consolidated gross revenues in any fiscal year. Mr. Ferguson does not have any financial or other interest in our relationship with CareerBuilder and does not personally benefit from this relationship; and (2) Ms. Bradley is the Chief Financial Officer of TripAdvisor, Inc., ("TripAdvisor") which has been a client of ours during prior years. We have provided services to TripAdvisor, in the ordinary course, and, during the past three fiscal years, the amounts that we have received from TripAdvisor did not exceed 1% of either our company's or TripAdvisor's consolidated gross revenues in any fiscal year. Ms. Bradley does not have any financial or other interest in our relationship with TripAdvisor and does not personally benefit from this relationship.

Our Board of Directors also specifically considered that Messrs. Maudlin, Brown, Maxwell, O'Driscoll and Yuan serve as non-employee directors of companies that do business with ExactTarget. Our Board of Directors believes that

a relationship between our company and an entity where a director's only relationship is serving on the entity's Board is not material and does not impact the director's independence.

Leadership Structure and Risk Oversight

Our Board of Directors believes that it should maintain flexibility to select a chairman and determine Board leadership structure from time to time. Our Board of Directors does not have a policy on whether the role of the chairman and chief executive officer should be separate and believes that it is currently in the best interest of our company and our stockholders for Mr. Dorsey to serve in both roles, in light of his knowledge of our company and our industry. This also enables Mr. Dorsey to act as the key link between the Board of Directors and other members of management. His ability to speak as Chairman of the Board and Chief Executive Officer also provides strong unified leadership for our company.

To help assure effective independent oversight, our Board of Directors appointed Mr. Maudlin to serve as our lead independent director. In this role, Mr. Maudlin, among other responsibilities, presides over regularly scheduled meetings at which only our independent directors are present, serves as a liaison between the Chairman of the Board and the independent directors, assists the Board in helping to assure effective corporate governance and performs such additional duties as our Board of Directors may otherwise determine and delegate.

Our Board of Directors oversees the management of risks inherent in the operation of our business and the implementation of our business strategies. Our Board of Directors performs this oversight role by using several different levels of review. In connection with its reviews of the operations and corporate functions of our company, our Board of Directors addresses the primary risks associated with those operations and corporate functions. In addition, our Board of Directors reviews the risks associated with our company's business strategies periodically throughout the year as part of its consideration of undertaking any such business strategies.

Each of our Board committees also oversees the management of our company's risk that falls within the committees' respective areas of responsibility. In performing this function, each committee has full access to management, as well as the ability to engage advisors. Our Chief Financial Officer reports to the Audit Committee and is responsible for identifying, evaluating and implementing risk management controls and methodologies to address any identified risks. In connection with its risk management role, our Audit Committee meets privately with representatives from our independent registered public accounting firm and our Chief Financial Officer. The Audit Committee oversees the operation of our risk management program, including the identification of the primary risks associated with our business and periodic updates to such risks, and reports to our Board of Directors regarding these activities.

Corporate Governance Guidelines

Our Corporate Governance Guidelines are available on our website at www.ExactTarget.com/Investor.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including our Chief Executive Officer and Chief Financial Officer and those officers responsible for financial reporting. The full text of our code of business conduct and ethics is posted on the investor relations section of our website at www.ExactTarget.com/Investor. We intend to disclose future amendments to certain provisions of our code of business conduct and ethics, or waivers of these provisions that we grant to our Chief Executive Officer, Chief Financial Officer, or officers responsible for financial reporting, on our website and/or in public filings.

Rule 10b5-1 Sales Plans

All of our executive officers have adopted written plans, known as Rule 10b5-1 plans, in which they will contract with a broker to buy or sell shares of our common stock on a periodic basis. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by the officer when entering into the plan, without further direction from the officer. Rule 10b5-1 plans, and any amendments to them, must be approved by the Company. Executive officers may only sell shares through Company-approved Rule 10b5-1 plans.

Board Meetings

During 2012, the Board held eleven meetings. Other than Ms. Bradley, who joined our Board of Directors in October 2012, each director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by any of the committees of the Board of Directors on which such director served. Ms. Bradley was appointed to our Board of Directors in October 2012 and was also added to the

Compensation Committee and the Audit Committee at that time. During the time that Ms. Bradley served on our Board of Directors in 2012, one meeting of the Board of Directors was held, two meetings of the Compensation Committee were held and one meeting of the Audit Committee was held. Ms. Bradley attended the one Board of Directors meeting and the one Audit Committee meeting, but was unable to attend either Compensation Committee meeting due to, in one case, a schedule conflict because of certain commitments made prior to Ms. Bradley's appointment to the Board of Directors and, in the other case, an illness. Ms. Bradley has attended all meetings held to date in 2013 by the Board of Directors, the Compensation Committee and the Audit Committee. We expect our directors to attend the Company's 2013 Annual Meeting of Stockholders.

Board Committees

Audit Committee

Our Audit Committee, which met five times in 2012, is currently composed of Ms. Bradley and Messrs. Maudlin, Maxwell and Brown, each of whom is a non-employee, independent member of our Board of Directors. Mr. Maudlin is the Chairman of the Audit Committee and our Audit Committee financial expert, as currently defined under SEC rules. Each member of the Audit Committee meets the requirements for financial literacy under the applicable rules of the NYSE. The composition of our Audit Committee complies with all applicable requirements of the SEC and the listing requirements of the NYSE. All of our Audit Committee members meet the additional, heightened independence criteria applicable to directors serving on the Audit Committee under SEC and NYSE rules.

The Audit Committee operates under a written charter, available on our website at www.ExactTarget.com/Investor, that satisfies the applicable standards of the SEC and the listing requirements of the NYSE, and oversees our corporate accounting and financial reporting process. The Audit Committee's responsibilities include, but are not limited to:

- appointing, compensating, retaining and overseeing our independent registered public accounting firm;
- reviewing the qualifications, performance and independence of the independent registered public accounting firm at least annually;
- consulting with the independent registered public accounting firm to assure the rotation of the lead audit partner and the audit partner responsible for reviewing the audit every five years;
- approving in advance the engagement of the independent registered public accounting firm for all audit services and permissible non-audit services, subject to any permissible pre-approval procedures;
- establishing policies for our hiring of employees or former employees of the independent registered public accounting firm who participated in the audit of our company;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- resolving any disagreements between the independent registered public accounting firm and management regarding financial reporting;
- meeting with and having required discussions with the independent registered public accounting firm;
- overseeing the preparation of the report required by the rules of the SEC to be included in our annual proxy statement;
- overseeing our internal audit function; and
- reviewing and approving any related-party transactions in accordance with our related-party transactions policy, as in effect from time to time.

Compensation Committee

Our Compensation Committee, which met six times in 2012, is currently composed of Ms. Bradley and Messrs. Ferguson, O'Driscoll and Yuan, each of whom is a non-employee, independent member of our Board of Directors. Mr. O'Driscoll is the Chairman of the Compensation Committee. The Compensation Committee operates under a written charter, available on our website at www.ExactTarget.com/Investor, that satisfies the applicable standards of the SEC and the NYSE. The Compensation Committee's responsibilities include, but are not limited to:

- reviewing and approving goals and objectives relevant to the compensation of our Chairman of the Board and/or Chief Executive Officer;
- annually evaluating the performance of our Chairman of the Board and/or Chief Executive Officer in light of such compensation goals and objectives and determining the compensation of our Chairman of the Board and/or Chief Executive Officer;

annually reviewing and approving the compensation of our other executive officers;
overseeing and administering our compensation plans and making recommendations to the Board with respect to new plans or amendments to existing plans; and
approving and amending the compensation of our directors.

In January 2012, the Compensation Committee directly engaged Compensia, a compensation consulting company. Compensia reviewed our compensation program for our Board of Directors and executive officers and advised us with respect to such programs for 2012. Compensia also reviewed our equity compensation program and provided guidance to the Company as we considered the adoption of an employee stock purchase program. Compensia did not provide any other services to the Compensation Committee or the Company.

The Compensation Committee assessed the independence of Compensia after considering the following six factors, as well as other factors that it deemed relevant: (1) other services provided to ExactTarget by Compensia; (2) the amount of fees paid by ExactTarget to Compensia as a percentage of Compensia's total revenue; (3) the policies or procedures maintained by Compensia that are designed to prevent conflicts of interest; (4) any business or personal relationships between the individual employees of Compensia involved in the engagement and a member of the Compensation Committee; (5) any ExactTarget stock owned by Compensia employees involved in the engagement; and (6) any business or personal relationships between our executive officers and Compensia or the employees of Compensia involved in the engagement. After such assessment, the Compensation Committee determined that Compensia is independent and Compensia's engagement does not raise any conflicts of interest.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is, or has at any time been, an officer or employee of ExactTarget. None of our executive officers currently serves, or in the past year has served, as a member of the Board of Directors or Compensation Committee of any other entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee, which met three times in 2012, is currently composed of Messrs. Maudlin, Maxwell and Ferguson, each of whom is a non-employee, independent member of our Board of Directors. Mr. Maudlin is the Chairman of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee operates under a written charter, available on our website at www.ExactTarget.com/Investor, that satisfies the applicable standards of the SEC and the NYSE. The Nominating and Corporate Governance Committee's responsibilities include, but are not limited to:

- developing and recommending to the Board criteria for Board membership;
- establishing procedures for identifying and evaluating director candidates;
- identifying individuals qualified to become Board members;
- recommending qualified candidates for election to the Board and the Board's committees;
- developing and recommending to the Board corporate governance guidelines;
- making recommendations to the Board regarding management succession planning;
- overseeing the self-evaluation of the Board and the Board's committees; and
- developing and recommending to the Board procedures for stockholders to send communications to the Board.

Policy Regarding Stockholder Recommendations

ExactTarget identifies new director candidates through a variety of sources. The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders in the same manner it considers other candidates, as described below. Stockholders seeking to recommend candidates for consideration by the Nominating and Corporate Governance Committee should submit a recommendation in writing describing the candidate's qualifications and other relevant biographical information and provide confirmation of the candidate's consent to serve as director. Please submit this information to the Corporate Secretary, ExactTarget, Inc., 20 North Meridian Street, Suite 200, Indianapolis, Indiana, 46204, by fax at (317) 396-1592, or by email at CorporateSecretary@exacttarget.com.

Stockholders may also propose director nominees by adhering to the advance notice procedure described under “Stockholder Proposals” elsewhere in this Proxy Statement.

In identifying director candidates from time to time, the Nominating and Corporate Governance Committee reviews a director candidate's recognized achievements, broad knowledge and experience, ability to bring sound business judgment to the deliberations of the Board and other factors deemed appropriate - all in the context of an assessment of the perceived needs of the Board at that point in time. Although the Nominating and Corporate Governance Committee does not have a formal policy on diversity with regard to its consideration of director nominees, it considers diversity in its selection process and seeks to nominate candidates that have a diverse range of views, backgrounds, leadership and business experience.

PROPOSAL NO. 2—APPROVAL OF THE EXACTTARGET, INC. EMPLOYEE STOCK PURCHASE PLAN

Our Board has unanimously approved the adoption of the ExactTarget, Inc. Employee Stock Purchase Plan, which we refer to as the “ESPP,” for the benefit of eligible employees of the Company and its designated subsidiaries. The adoption of the ESPP by our Board is subject to the approval of our stockholders. In this proposal, we are asking our stockholders to approve the ESPP at the Annual Meeting.

Our Board believes that the Company's interests are best advanced by aligning stockholder and employee interests. The ESPP is intended to provide the Company's eligible employees an opportunity to participate in the Company's success by permitting them to acquire an ownership interest in the Company through periodic payroll deductions that will be applied towards the purchase of shares of our common stock at a discount from the market price. The following description of the ESPP is a summary of its principal provisions and is qualified in its entirety by reference to the plan document, a copy of which is appended to this proxy statement as Appendix A. To the extent that there is a conflict between this summary and the actual terms of the ESPP, the terms of the ESPP will govern. References to “common stock” below mean the common stock, par value \$0.0005 per share, of the Company.

Description of the Employee Stock Purchase Plan

Purpose. The purpose of the ESPP is to encourage ownership of our common stock by all eligible employees and to provide incentives to exert maximum efforts for the success of the Company. The ESPP is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code (the “Code”). However, sub-plans that do not meet the requirements of Section 423 of the Code may be established by the plan administrator for the benefit of eligible employees of non-U.S. subsidiaries of the Company.

Eligibility. Employees of the Company and its designated subsidiaries who are customarily employed for at least 20 hours per week and who have been employed for at least thirty (30) days prior to the beginning of the applicable offering period are eligible to participate in the ESPP. Officers who are subject to the reporting requirements of Section 16(a) of the Securities and Exchange Act of 1934, as amended, and contract and temporary staff are not eligible to participate in the ESPP. As of April 15, 2013, the Company had approximately 1,800 employees, most of whom would have been eligible to participate in the ESPP.

Administration, Amendment, Suspension and Termination. The Compensation Committee of the Board of Directors administers the ESPP. Subject to the terms of the ESPP, the Compensation Committee has the plenary power to construe and interpret the ESPP. The Compensation Committee may establish, amend and revoke rules and regulations for its administration of the ESPP and may establish the terms under which common stock may be purchased under the ESPP. The Compensation Committee may also adopt rules or procedures relating to the operation of the ESPP to accommodate the specific requirements of local laws and procedures, and sub-plans applicable to particular subsidiaries or locations, which may be outside the scope of Section 423 of the Code. The Compensation Committee may delegate administrative matters relating to the ESPP to the Company's officers or employees. The Compensation Committee may amend, suspend or terminate the ESPP at any time and for any reason, provided that no such amendment may adversely affect the participants' rights and obligations with respect to purchase rights which are at the time outstanding under the ESPP, except with the participants' consent or as necessary to comply with any laws or regulations, including the requirements of Section 423 of the Code. In addition, as required by Section 423 of the Code and NYSE listing requirements, certain material amendments must be approved by the Company's stockholders.

Number of Shares of Common Stock Available under the ESPP. Subject to adjustment as provided below, a maximum of 2,000,000 shares will be available for issuance pursuant to the ESPP, which represents approximately 3% of the Company's outstanding common stock. The number of shares of common stock reserved for issuance will automatically increase on January 1st of each year from 2014 until 2023 by an amount equal to 1% of the total number of shares of common stock outstanding on the date immediately preceding the date of increase or such lesser number as is prescribed by the Board for such year. Shares issued under the ESPP may be unissued shares, treasury shares or shares bought in the market. In the event there is any change in the shares of the Company through the declaration of stock dividends or a stock split, or through recapitalization resulting in share split-ups, or combinations or exchanges of shares, or otherwise, the Compensation Committee will make appropriate adjustments in the number of shares available for purchase under the ESPP, and the purchase price and the number of shares subject to any purchase rights

which have not yet been exercised, and will take any further action that it determines in its discretion may be necessary or appropriate.

Enrollment and Contributions. Eligible employees voluntarily elect whether or not to enroll in the ESPP. Unless and until the Compensation Committee determines otherwise, there will be two six-month offering periods each calendar year, one commencing on the first trading day of October and ending on the last trading day of the next following March, and the other commencing on the first trading day of April and ending on the last trading day of the following September. An employee may cancel his or her enrollment at any time, subject to the ESPP rules.

Employees contribute to the ESPP through payroll deductions. Participating employees may contribute, in whole percentage increments, not less than 1% and up to 10% of their base salary, annual bonus and sales commissions through after-tax payroll deductions. The Compensation Committee may establish different minimum and maximum permitted contribution percentages, or change the length of the offering periods or the number of shares purchasable in an offering period. After an offering period has begun, an employee may decrease, but not increase, his or her contribution percentage, subject to ESPP rules.

Purchase of Shares. On the last day of each offering period, each participating employee's payroll deductions are used to purchase shares for the employee. Unless and until the Compensation Committee determines otherwise, the purchase price for the shares so purchased will be 85% of the fair market value of the Company's common stock on the last business day of the offering period. However, in no event will the purchase price be less than the lower of (1) 85% of the fair market value of the Company's common stock on the first business day of the offering period, or (2) 85% of the fair market value of the Company's common stock on the last business day of the offering period. Fair market value under the ESPP generally means the closing price of our common stock on the NYSE for the day in question. As of April 15, 2013, the fair market value of our common stock was \$20.73 per share. During any single calendar year, no employee may purchase more than \$25,000 of shares under the ESPP (based on market value on the applicable enrollment date(s)). Unless and until the Compensation Committee determines otherwise, a participant may not purchase more than 4,000 shares during any offering period.

Termination of Participation. Participation in the ESPP terminates when a participating employee's employment with the Company and its designated subsidiaries ceases for any reason, the employee withdraws from the ESPP, or the ESPP is terminated or amended such that the employee no longer is eligible to participate.

Effective Date and Term of Plan. The ESPP was adopted by the Board on April 18, 2013 and will be effective as of such date subject to approval by the Company's stockholders in accordance with the requirements of Section 423 of the Code. The term of the ESPP will expire on April 17, 2023.

New Plan Benefits. The actual number of shares that may be purchased by any individual under the ESPP is not currently determinable because the number is determined, in part, based on future contribution elections of individual participants and the purchase price of the shares, which is not determined until the last day of each offering period.

Certain U.S. Federal Income Tax Consequences

The rules concerning the federal income tax consequences with respect to the purchase of shares under the ESPP are quite technical. Moreover, the applicable statutory provisions are subject to change, as are their interpretations and applications, which may vary in individual circumstances. Therefore, the following is designed to provide a general understanding of the U.S. federal income tax consequences with respect to such purchases. In addition, the following discussion does not set forth any gift, estate, social security or state or local tax consequences that may be applicable and is limited to the U.S. federal income tax consequences to individuals who are citizens or residents of the United States, other than those individuals who are taxed on a residence basis in a foreign country. In addition, if one or more sub-plans are established for employees of non-U.S. subsidiaries, the tax rules may be different than discussed below. The ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Section 423 of the Code. Under these provisions, no income generally will be taxable to a participant until the shares purchased under the ESPP are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon how long the shares have been held by the participant. If the shares are sold or otherwise disposed of more than two years after the first day of the applicable offering period in which such shares were acquired and more than one year after the applicable date of purchase, the participant will recognize ordinary income equal to the lesser of (1) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (2) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period in which such shares were acquired. Any additional gain

will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of the aforementioned periods (a “disqualifying disposition”), the participant will recognize ordinary income equal to the excess of (1) the fair market value of the shares on the date the shares are purchased over (2) the purchase price. Any additional gain or loss on such sale or disposition will be capital gain or loss, which will be long-term if the shares are held for more than one year. The Company generally is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a disqualifying disposition.

The Board recommends a vote FOR approval of the ExactTarget, Inc. Employee Stock Purchase Plan.

Table of Contents**PROPOSAL NO. 3—RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has selected KPMG LLP (“KPMG”) to be ExactTarget’s independent registered public accounting firm for the year ending December 31, 2013, and recommends that the stockholders vote for ratification of such appointment. KPMG has been engaged as our independent registered public accounting firm since 2007. As a matter of good corporate governance, the Audit Committee has requested the Board of Directors to submit the selection of KPMG as the Company's independent registered public accounting firm for 2013 to stockholders for ratification. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection. We expect representatives of KPMG to be present at the Annual Meeting. They will have the opportunity to make a statement at the Annual Meeting if they desire to do so, and will be available to respond to appropriate questions.

Audit and Related Fees

The following table sets forth the aggregate fees billed for professional services rendered by KPMG for the audit of our financial statements for 2012 and 2011 and the aggregate fees for other services rendered by KPMG billed in those periods:

Audit fees ⁽¹⁾	\$747,900	\$599,550
Audit-related fees	—	—
Tax fees	95,346	141,328
All other fees	—	—
Total audit and related fees	\$843,246	\$740,878

2012 and 2011 audit fees consist of fees billed for professional services rendered for the audits of ExactTarget's annual financial statements, reviews of financial statements included in Quarterly Reports on Form 10-Q, and ⁽¹⁾ additional work performed in connection with the Company's initial public offering and secondary offering. The 2012 audit fee also includes \$322,000 in fees billed relating to products and services primarily consisting of audit work associated with ExactTarget's acquisition of Pardot LLC.

The Audit Committee’s policy is to pre-approve all audit and permissible non-audit services provided by the independent accountants. These services may include audit services, audit-related services, tax services and other services. The Audit Committee generally pre-approves particular services or categories of services on a case-by-case basis. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with these pre-approvals, and the fees for the services performed to date.

All of the services of KPMG for 2012 and 2011 described above were pre-approved by the Audit Committee.

The Board of Directors recommends a vote FOR the ratification of the appointment of KPMG LLP.

See the notes to our consolidated financial statements included in our Annual Report on Form 10-K for a discussion of the assumptions made by our Company in determining the grant date fair value of option awards.

The amounts included in the “Non-Equity Incentive Plan Compensation” column reflect cash bonuses (quarterly and annual) paid pursuant to our performance-based cash bonus program, as described in “Performance-Based Cash Compensation” below.

These amounts consist solely of matching contributions under our 401(k) plan, life insurance premiums paid by us, and company paid travel for the executive officer's spouse.

Mr. Collins commenced employment with us in June 2011. His 2011 option award represents an initial grant upon hire.

2012 Narrative to Summary Compensation Table

Employment Agreements. Each of our named executive officers is a party to our standard executive employment agreement. The agreement, which is for an indefinite term, sets forth the terms and conditions of the officer's employment with the Company, including but not limited to: compensation, eligibility for various Company benefit programs, severance benefits upon termination (with or without a change in control), confidentiality and assignment of inventions obligations, and customary non-competition and non-solicitation restrictive covenants. For further information on these agreements, see “Termination and Change in Control Agreements” below.

Performance-Based Cash Compensation. Our named executive officers participate in our performance-based cash bonus program, which provides an opportunity to earn quarterly and annual cash bonuses upon achievement of performance objectives approved by the Compensation Committee.

For 2012, the incentive compensation targets for our named executive officers were as follows:

Named Executive Officer	Target Quarterly	Target Annual Bonus	Total Target Bonus for 2012
-------------------------	------------------	---------------------	-----------------------------

	Bonus Amount (Total)		
Scott D. Dorsey	\$180,000	\$45,000	\$225,000
Steven A. Collins	120,000	30,000	150,000
Scott S. McCorkle	148,000	37,000	185,000

Bonus Determinations. Under our performance-based cash bonus program, each year (generally during the first quarter) the Compensation Committee establishes financial performance objectives, which serve as the basis for determining the amount of quarterly and annual bonuses to be paid under the program. Bonus payouts are determined in the month following the close of the quarter or year end and may not reflect subsequent audit adjustments. Notwithstanding performance against the pre-set objectives, the Compensation Committee retains final discretion to adjust bonus payouts. The Compensation Committee did not exercise such discretion in administering the bonus payouts during 2012.

For 2012, the Compensation Committee established financial performance objectives tied to total bookings, subscription bookings, adjusted operating income and cash balance for quarterly bonuses and tied to adjusted operating income and cash balance for annual bonuses. The Compensation Committee determines threshold and target levels for each of these goals in consultation with management and taking into account our performance for the immediately preceding year. We must achieve a threshold level of adjusted operating income and target cash balance in order for the executives to become eligible for an annual bonus. Additionally, there is a target level of adjusted operating income that must be satisfied in order for bonuses to be paid at 100% of the annual target bonus opportunity if the target cash also is achieved. We must achieve the target level of adjusted operating income and at least 90% of the target level of the total bookings objective in order for the executives to become eligible for a quarterly bonus for the applicable quarter. Performance at the 90% level would result in quarterly bonus payouts to the named executive officers at 50% of the named executive officers' respective individual target bonus opportunity for the period; provided the target level of adjusted operating income has been achieved. If the target level of adjusted operating income has been achieved, the quarterly bonus payout increases 5% for every 1% increase in total bookings over 90% of the total bookings target level and capped at 100% of the target bonus. If total bookings, adjusted operating income and cash balance are at or above the target level, additional bonus may be earned if subscription bookings also exceed the target level. Quarterly bonus payout increases 5% for every 1% increase in subscription bookings over the target level and is capped at 200% of the target bonus.

The table below summarizes how bonus determinations are made with respect to the quarterly financial objectives, subject to the Compensation Committee's final discretion:

Performance Against Financial Objectives	Potential Quarterly Bonus Payout (as a percentage of target)
Adjusted Operating Income is below target or Total Bookings is below 90% of target	Zero payout
Adjusted Operating Income is at or above target and Total Bookings is at 90% of target	50% payout
Adjusted Operating Income is at or above target and Total Bookings is above 90% of target	50% payout plus an additional 5% (over the 50% level) for every 1% increase in Total Bookings up to 100%
Adjusted Operating Income is at or above target and Total Bookings and Cash Balance are at or above target and Subscription Bookings is above target	100% payout plus 5% (over the 100% level) for every 1% increase in subscription bookings over target up to a maximum of 200%

Equity Incentive Compensation. The named executive officers received the following equity awards in 2012:

Named Executive Officer	Option Shares
Scott D. Dorsey	300,000
Steven A. Collins	50,000
Scott S. McCorkle	150,000

These awards were issued under the ExactTarget, Inc. 2008 Equity Incentive Plan, as amended (the “2008 Plan”). The awards are scheduled to vest over a four-year period, with 25% of the awards becoming vested on March 1, 2013, and the remainder of the awards becoming vested in equal monthly installments over the 36 months thereafter, subject to continued employment. However, the Compensation Committee has the authority to accelerate the vesting and exercisability of all or any portion of any award under the 2008 Plan at any time in its sole discretion, regardless of any provision in the relevant award agreement. The Compensation Committee may determine the terms and conditions of any acceleration so long as the terms and conditions do not materially adversely affect the rights of any participant without the consent of the participant. The Compensation Committee may rescind the effect of any acceleration if it was done in anticipation of an event and the Compensation Committee or the Board of Directors later determines that the event will not occur.

The grant date for each award was ten years prior to the Option Expiration Date noted in this column.

Termination and Change in Control Agreements

Pursuant to employment agreements entered with each of our named executive officers, each executive is eligible for severance pay equal to six months (twelve months for Mr. Dorsey) of base salary and company-paid COBRA benefits for the executive and his eligible dependents for the same period if the executive's employment is terminated by us other than due to death, disability or termination for unacceptable performance or if the executive resigns for adequate reason.

The employment agreements with each of our named executive officers also provide for enhanced severance benefits in the event the executive is terminated by us without cause (and not due to death or disability) or resigns for good reason, in each case, upon or within twelve months following a change in control. These benefits consist of severance pay equal to the sum of twelve months (18 months for Mr. Dorsey) of base salary and 50% of the executive's bonus for the calendar year immediately preceding the year in which the termination date occurs and company-paid COBRA

benefits for the executive and his eligible dependents for the same number of months.

Further, pursuant to the named executive officers' outstanding stock option agreements, upon a change in control, each executive would be entitled to accelerated vesting of the portion of the executive's then outstanding stock options that would have become vested in the following twelve months (24 months for all options granted to Mr. Dorsey).

For purposes of the employment and stock option agreements with our named executive officers, "adequate reason,"

"cause," "change in control," "good reason" and "unacceptable performance" are generally defined as follows:

"Adequate reason" means our (i) material breach of the employment agreement, (ii) material reduction of the executive's base compensation, or (iii) requirement that the executive perform the principal duties of employment at a location more than 40 miles from our headquarters.

"Cause" means the executive's (i) act or omission constituting fraud, (ii) commission of a felony, (iii) intentional disclosure of confidential information or (iv) material neglect of duty or serious misconduct, in each case that is materially injurious to us.

"Change in control" means (i) our consummation of a merger, consolidation, reorganization or similar business transaction, unless immediately after such transaction, more than 50% of the outstanding voting power of the surviving or resulting entity is held by persons who were stockholders of the company immediately before the transaction or (ii) our consummation of a sale of all or substantially all of our assets.

"Good reason" means our (i) material breach of the employment agreement, (ii) material reduction of the executive's base compensation, (iii) requirement that the executive perform the principal duties of employment at a location that is more than 40 miles from the location at which the executive was required to perform such duties immediately before the change in control, (iv) material diminution of the executive's authority, duties or responsibilities, (v) material diminution in the budget over which the executive retains authority or (vi) material diminution in the authority, duties or responsibilities of the supervisor to whom the executive is required to report.

"Unacceptable performance" means the executive's (i) act or omission constituting cause, (ii) willful and material failure to perform the duties of the executive's employment, (iii) willful and material violation of our code of ethics or written harassment policies or (iv) intentional breach of a material term or condition of the executive's employment agreement.

Retirement and Other Plans

Our named executive officers are eligible for the same benefits available to our full-time employees generally. These include participation in a tax-qualified 401(k) plan and group life, health, dental and disability insurance plans. The type and extent of benefits offered are intended to be competitive within our industry. The Company does not maintain any defined benefit retirement plans, supplemental executive retirement plans, or non-qualified defined contribution plans.

Annual Restricted Stock Grant-Lead Director	145,000
Annual Restricted Stock Grant-Non-Lead Directors	135,000

As reflected in the table above, on March 1, 2012 or April 15, 2012, each non-employee director received an annual equity award of restricted stock with a value of approximately \$145,000 for the Lead Director and \$135,000 for other directors pursuant to our Non-Employee Directors Restricted Stock Plan and ExactTarget, Inc. 2008 Equity Incentive Plan. The number of shares subject to such award was determined by dividing the dollar value of the grant (\$145,000 for the Lead Director and \$135,000 for the other directors) by the fair market value of our common stock on such dates (\$15.00 on March 1, 2012 and \$23.41 on April 15, 2012). The restricted stock awards vested on January 1, 2013. Ms. Bradley was awarded 12,408 shares of restricted stock on October 15, 2012 valued at \$21.76 per share or \$270,000, pursuant to our Non-Employee Directors Restricted Stock Plan and ExactTarget, Inc. 2008 Equity Incentive Plan, of which half will vest on January 1, 2014 and the remaining half will vest on January 1, 2015.

TRANSACTIONS WITH RELATED PERSONS

Other than the executive officer and director compensation arrangements discussed above under “Director Compensation” and “Executive Compensation,” there were no transactions since January 1, 2012 to which we have been a participant, in which the amount involved in the transaction exceeds or will exceed \$120,000 and in which any of our directors, executive officers or holders of more than 5% of our capital stock, or any immediate family member of, or person sharing the household with, any of these individuals, had or will have a direct or indirect material interest.

Review, Approval or Ratification of Transactions with Related Parties

We have a written policy that our executive officers, directors, director nominees, stockholders who own more than 5% of our voting securities, and any immediate family members and certain related persons of the foregoing persons (each a “Related Party”) are not permitted to enter into a transaction with us, regardless of the dollar amount involved, without the prior consent of our Audit Committee or the Chairman of our Audit Committee. If a member of the Audit Committee is a party to such transaction, he or she may not participate in the review of such transaction. Any request for us to enter into a related party transaction must first be presented to our General Counsel, who will determine whether a transaction is a related party transaction and, if so, will submit the related party transaction to the Audit Committee or its Chairman for review and approval. All Related Parties are required to notify the General Counsel of any possible related party transaction. In approving or rejecting the proposed transaction, our Audit Committee or its Chairman must consider all of the facts and circumstances it deems appropriate, including but not limited to the benefits to us, the terms of the transaction, the terms available to third parties or to employees generally, the availability of other sources for comparable services or products, and, if applicable, the impact on a director's independence. Our Audit Committee or its Chairman may approve only those agreements that are in, or are not inconsistent with, our best interests, as our Audit Committee or its Chairman determines in good faith.

REPORT OF THE AUDIT COMMITTEE

This report of the Audit Committee is required by the Securities and Exchange Commission ("SEC") and, in accordance with the SEC's rules, will not be deemed to be part of or incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that ExactTarget specifically incorporates this information by reference, and will not otherwise be deemed "soliciting material" or "filed" under either the Securities Act of 1933 or the Securities Exchange Act of 1934.

The principal purpose of the Audit Committee is to assist the Board of Directors in its oversight of (i) the integrity of our accounting and financial reporting processes and the audits of our financial statements; (ii) our system of disclosure controls and internal controls over financial reporting; (iii) our compliance with legal and regulatory requirements; (iv) the qualifications and independence of our independent auditor; (v) the performance of our independent and internal auditors; and (vi) the business practices and ethical standards of the Company. The Audit Committee is responsible for the appointment, compensation, retention and oversight of work of the Company's independent auditor. The Audit Committee's function is more fully described in its charter.

Our management is responsible for the preparation, presentation, and integrity of our financial statements, for the appropriateness of the accounting principles and reporting policies that we use and for establishing and maintaining adequate internal control over financial reporting. KPMG LLP ("KPMG"), our independent registered public accounting firm for 2012, was responsible for performing an independent audit of our consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles. The Audit Committee has reviewed and discussed with management our audited financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2012 (the "10-K").

The Audit Committee has also reviewed and discussed with KPMG the audited financial statements in the Form 10-K. In addition, the Audit Committee discussed with KPMG those matters required to be discussed by Auditing Standard No. 16, as adopted by the Public Company Accounting Oversight Board (the "PCAOB"). Additionally, KPMG provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the PCAOB regarding KPMG's communications with the Audit Committee concerning independence. The Audit Committee also discussed with KPMG its independence from ExactTarget.

Based upon the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the 10-K for filing with the SEC.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 and SEC rules require our directors, executive officers and persons who own more than 10% of our common stock to file reports of their ownership and changes in ownership of our common stock with the Securities and Exchange Commission. Based solely on our review of the reports filed during 2012, and on written representations from such reporting persons, we determined that no director, executive officer or beneficial owner of more than 10% of our common stock failed to file on a timely basis during 2012.

STOCK SUBJECT TO THE PLAN

Subject to adjustment from time to time as provided in Article VII, the total number of shares of Common Stock which may be issued under the Plan is 2,000,000, plus an annual increase to be added on the first day of each fiscal year of the Company beginning in calendar year 2014, which increase shall equal a number of shares of Common Stock equal to 1% of the number of outstanding shares of Common Stock on the last day of the immediately preceding fiscal year, or such lesser number of shares of Common Stock prescribed by the Board of Directors with respect to a particular calendar year. Shares issued under the Plan may be unissued shares, treasury shares or shares bought on the market.

ARTICLE IV

ADMINISTRATION

4.1 The Plan shall be administered by the Committee. The Committee may delegate administrative matters relating to the Plan (for the avoidance of doubt, including its authority under Section 4.2(a) of this Plan, but excluding its authority under Section 4.2(b) of this Plan), to such of the Company's officers or employees as the Compensation Committee so determines.

4.2 The Plan Administrator shall have the plenary power, subject to and within the limits of the express provisions of the Plan:

(a) to construe and interpret the Plan and to establish, amend, and revoke rules and regulations for its administration, including determining all questions of policy and expediency that may arise, and correcting any defect, supplying any omission, reconciling any inconsistency and interpreting or resolving any ambiguity in the Plan or in any instrument associated with the Plan in a manner and to the extent it shall deem necessary or appropriate to operation of the Plan; and

(b) to the extent not inconsistent with the terms of this Plan, to establish and/or amend the terms under which Common Stock may be purchased, including but not limited to: the purchase price of Common Stock, the commencement date of an Offering Period, the duration of an Offering Period, the number of Offering Periods per year, the minimum and maximum amount of contributions allowable per Participant in an Offering Period, and the

number of shares purchasable in an Offering Period.

4.3 The Plan Administrator may adopt rules or procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures. Without limiting the generality of the foregoing, the Plan Administrator is specifically authorized to adopt rules and procedures regarding handling of payroll deductions or other contributions by Participants, payment of interest, conversion of local currency, data privacy security, payroll tax, withholding procedures and handling of stock certificates which vary with local requirements; however, if such varying provisions are not in accordance with the provisions of Section 423(b) of the Code, including but not limited to the requirement of Section 423(b)(5) of the Code that all options granted under the Plan shall have the same rights and privileges unless otherwise provided under the Code and the regulations promulgated thereunder, then the individuals affected by such varying provisions shall be deemed to be participating under a sub-plan and not in the Plan.

4.4 The Plan Administrator may adopt sub-plans applicable to particular Subsidiaries or locations, which sub-plans may be designed to be outside the scope of Section 423 of the Code and shall be deemed to be outside the scope of Section 423 of the Code unless the terms of the sub-plan provide to the contrary. The rules of such sub-plans may take precedence over other provisions of this Plan, with the exception of Article IV, but unless otherwise superseded by the terms of such sub-plan, the provisions of this Plan shall govern the operation of such sub-plan. The Plan Administrator shall not be required to obtain the approval of stockholders prior to the adoption, amendment or termination of any sub-plan unless required by the laws of the foreign jurisdiction in which Eligible Employees participating in the sub-plan are located.

ARTICLE V

ELIGIBILITY AND PARTICIPATION

The persons eligible to participate in the Plan (Eligible Employees) shall consist of all Employees of the Company and/or a Subsidiary who have been employed by the Company for at least thirty (30) days prior to the beginning of the applicable Offering Period. Officers who are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended, and contract and temporary staff are not eligible to participate in the plan.

Unless and until the Plan Administrator determines otherwise, there will be two (2) six-month Offering Periods each calendar year, one commencing on the first trading day of October and ending on the last trading day of the next following March, and the other commencing on the first trading day of April and ending on the last trading day of the next following September. In order to participate in the Plan for a particular Offering Period, an Eligible Employee must complete the required enrollment forms and file such forms with the Plan Administrator or its designee no later than the due date prescribed by the Plan Administrator. The enrollment forms will include a payroll deduction authorization directing the Company to make payroll deductions from the Participant's Compensation, designated in whole percentages, at a rate of not less than one percent (1%) of such Compensation and not to exceed ten percent (10%) of such Compensation per pay period (unless and until, in each case) the Plan Administrator determines otherwise), for purposes of acquiring Common Stock under the Plan. A Participant may discontinue his or her participation in the Plan as provided in Section 6.4, or may decrease (but not increase) the rate of his or her payroll deductions during the Offering Period by completing or filing with the Company a new enrollment form authorizing a change in payroll deduction rate. The Plan Administrator may, in its discretion, limit the number of deduction rate changes during any Offering Period. The change in rate shall be effective with the first full payroll period following five (5) business days after the Company's receipt of the new deduction authorization form unless the Company elects to process a given change in participation more quickly. Unless the Plan Administrator provides otherwise, a Participant's deduction authorization will continue in effect from Offering Period to Offering Period, unless the Participant ceases participation in the Plan or elects a different rate by filing the appropriate form with the Plan Administrator on the due date designated by the Plan Administrator prior to the first day of the Offering Period for which the new rate is to become effective. Payroll deductions, however, will automatically cease upon termination of the Participant's right to purchase Common Stock under this Plan.

ARTICLE VI

TERMS AND CONDITIONS

An Eligible Employee who participates in this Plan for a particular Offering Period will have the right to acquire Common Stock upon the terms and conditions set forth in this Plan, and must enter into an agreement (which may be the payroll deduction authorization) with the Company setting forth such terms and conditions and such other provisions, not inconsistent with the Plan, as the Plan Administrator may deem advisable.

6.1 Purchase Price. Unless and until the Plan Administrator determines otherwise, the purchase price per share for an Offering Period will be eighty-five percent (85%) of the Fair Market Value of the Common Stock on the Purchase Date. However, in no event shall the purchase price be less than the lesser of (i) eighty-five percent (85%) of the Fair Market Value of the Common Stock on the Offering Date or (ii) eighty-five percent (85%) of the Fair Market Value of the Common Stock on the Purchase Date.

6.2 Number of Shares. The number of shares purchasable per Participant per Offering Period will be the number of shares obtained by dividing the amount collected from the Participant through payroll deductions during that Offering Period by the purchase price in effect for such Offering Period. Subject to Section 6.11, unless and until the Plan Administrator determines otherwise, the maximum number of shares that may be purchased by an Eligible Employee in any Offering Period is 4,000 shares.

6.3 Payroll Deductions. The amounts collected from a Participant through payroll deductions will be credited to the Participant's individual account maintained on the Company's books, but no separate account will actually be established to hold such amounts. Interest will not be credited or paid on any amounts held for, credited or recorded, refunded or otherwise paid over to, for or on behalf of a Participant. The amounts collected from each Participant may be commingled with the general assets of the Company and may be used for any corporate purpose.

6.4 Termination of Purchase Rights. A Participant may, through notification to the Plan Administrator or its designee by the due date specified by the Plan Administrator prior to the close of the Offering Period, terminate his or her outstanding purchase right and receive a refund of the amounts deducted from his or her earnings under the terminated right. The Participant will not be eligible to rejoin the Offering Period following the termination of the purchase right and will have to re-enroll in the Plan in accordance with the requirements outlined in Article V should he or she wish to resume participation in a subsequent Offering Period.

6.5 Termination of Employment. If a Participant ceases to be an Employee for any reason during an Offering Period, his or her outstanding purchase right will immediately terminate and all sums previously collected from the Participant under the terminated right will be refunded.

6.6 Exercise. Each outstanding purchase right will be exercised automatically as of the Purchase Date. The exercise of the purchase right is to be effected by applying the amount credited to each Participant's account as of the Purchase Date to the purchase of shares of Common Stock at the purchase price in effect for the Offering Period. No purchase rights granted under the Plan may be exercised to any extent unless the shares of Common Stock to be issued upon such exercise under the Plan are covered by an effective registration statement pursuant to the Securities Act of 1933, as amended, and the Plan is believed by the Plan Administrator to be in material compliance with all applicable federal, state, foreign, and other securities and other laws applicable to the Plan. If, on the Purchase Date during any Offering Period hereunder, the shares of Common Stock are not so registered or the Plan is not in such compliance, no purchase rights granted under the Plan or any Offering Period shall be exercisable on such Purchase Date. If, on the Purchase Date under any Offering Period hereunder, the shares of Common Stock are not registered and the Plan is not in such compliance, purchase rights granted under the Plan which are not in compliance shall not be exercisable and all payroll deductions and/or other contributions accumulated during the Offering Period shall be refunded to the Participants, unless the Plan Administrator determines to extend the Offering Period. The provisions of this Section 6.6 shall comply with the requirements of Section 423(b)(5) of the Code to the extent applicable.

6.7 Proration of Purchase Right. Should the total number of shares of Common Stock for which the outstanding purchase rights are to be exercised on any particular date exceed the number of shares then available for issuance under the Plan, the available shares will be allocated pro-rata on a uniform and non-discriminatory basis, and any amounts credited to the accounts of Participants will, to the extent not applied to the purchase of Common Stock, be

promptly refunded.

6.8 Rights as Stockholder. A Participant will have no rights as a stockholder with respect to shares subject to any purchase right held by such individual under the Plan until that right is exercised and Common Stock is credited to the Participant's account. No adjustments will be made for any dividends or distributions for which the record date is prior to such date.

6.9 Receipt of Stock. As soon as practicable after the end of the Offering Period, the Participant will be entitled to receive either a stock certificate for the number of purchased shares or confirmation from a broker designated by the Company that the Participant's account at the broker has been credited with the number of purchased shares.

6.10 Assignability. No purchase right granted to a Participant will be assignable or transferable and a purchase right will be exercisable only by the Participant.

6.11 Limitations. Payroll deductions for purchase rights during a calendar year shall cease when such deductions for a Participant exceed \$25,000 (or such other maximum as may be prescribed from time to time by the Code) in accordance with the provisions of Section 423(b)(8) of the Code. No Participant shall be granted a right to purchase Common Stock under this plan:

- (a) if such Participant, immediately after his or her election to purchase the Common Stock, would own stock possessing more than five percent (5%) of the total combined voting power or value of all classes of stock of the Company or its parent or subsidiary, computed in accordance with Section 423(b)(3) of the Code; or
- (b) if under the terms of the Plan the rights of the Participant to purchase stock under this and all other qualified employee stock purchase plans of the Company would accrue at a rate which exceeds \$25,000 of fair market value of the Common Stock (determined at the time such right is granted) for each calendar year for which such right is outstanding at any time.

6.12 No Right to Continued Employment. Nothing in this Plan or in any purchase right under the Plan shall confer on any Employee any right to continue in the employment of the Company or any of its Subsidiaries or to interfere in any way with the right of the Company or any of its Subsidiaries to terminate his or her employment at any time.

ARTICLE VII

ADJUSTMENT IN NUMBER OF SHARES AND IN PURCHASE PRICE

In the event there is any change in the shares of the Company through the declaration of stock dividends or a stock split-up, or through recapitalization resulting in share split-ups, or combinations or exchanges of shares, or otherwise, the Committee shall make appropriate adjustments in the number of shares available for purchase under the Plan, as well as the shares subject to purchase rights and the purchase price thereof, and shall take any further actions which, in the exercise of its discretion, may be necessary or appropriate under the circumstances, and its determination shall be final, binding and conclusive.

ARTICLE VIII

AMENDMENT OF THE PLAN

The Committee at any time, and from time to time, may amend the Plan, provided, that no amendment will be made without shareholder approval, where such approval is required under Section 423 of the Code or other applicable laws or regulations, including the rules and regulations of any applicable securities exchange.

The rights and obligations with respect to purchase rights at any time outstanding under the Plan may not be adversely affected by any amendment of the Plan, except (a) with the consent of the person to whom such purchase rights were granted, (b) as necessary to comply with any laws or regulations, or (c) as necessary to ensure that the Plan and/or purchase rights granted under the Plan comply with the requirements of Section 423 of the Code.

ARTICLE IX

TERMINATION OR SUSPENSION OF PLAN

The Committee may at any time suspend or terminate the Plan, but no such action may adversely affect the Participants' rights and obligations with respect to purchase rights which are at the time outstanding under the Plan, except (a) with the consent of the person to whom such purchase rights were granted, (b) as necessary to comply with any laws or regulations, or (c) as necessary to ensure that the Plan and/or purchase rights granted under the Plan comply with the requirements of Section 423 of the Code. No Offering Period may commence while the Plan is suspended or after it is terminated.

ARTICLE X

GOVERNING LAW

To the extent not preempted by federal law, the Plan shall be governed by and construed in accordance with the laws of the State of Delaware.

ARTICLE XI

EFFECTIVE DATE AND TERM

This Plan was adopted by the Board on April 18, 2013 and will become effective on such date subject to approval by the Company's stockholders in accordance with Section 423 of the Code. This Plan will continue in effect for a term of ten (10) years from the Effective Date, unless sooner terminated under Article IX.
