### **Item 3.02. Unregistered Sales of Equity Securities**

On February 15, 2013, GeoPetro Resources Company ("GeoPetro") completed a sale in a private placement transaction to certain institutional and individual accredited investors, of 3,650,000 units at ten cents (\$0.10) per unit, each unit consisting of one share of common stock, no par value per share, and a 3-year warrant to purchase one-half of a common share with an exercise price of \$0.50 per share. The aggregate purchase price for the units sold was \$365,000.00, and represented the sale of 3,650,000 common shares and 1,825,000 warrants to acquire common shares. In connection with the sale, GeoPetro granted "piggyback" registration rights to the investors with respect to the shares of common stock and common stock issuable upon exercise of the warrants which the investors acquired.

GeoPetro issued the aforementioned common shares and warrants in reliance on the exemption from registration provided for under Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act"), and Rule 506 of Regulation D thereunder. GeoPetro relied on the exemption from registration provided for under Section 4(2) of the Securities Act based in part on the representations made by the purchasers, including the representations with respect to each purchaser's status as an accredited investor, as such term is defined in Rule 501(a) of the Securities Act, and each purchaser's investment intent with respect to the securities purchased.
