Year Ended December 31, 2018

Dear shareholder,

I am thrilled to report that Plumas Bancorp delivered another year of record earnings performance, exceeding previous records for all four quarters in 2018. This accomplishment has resulted in Plumas Bank being **selected by Raymond James as the second top performing community bank in the country!** The Raymond James 2018 Community Banker's Cup was awarded for exceptional performance and to reward our Company for building long-term shareholder value. Moreover, **S&P Global Market Intelligence named Plumas Bank one of the Best-performing Community Banks of 2018!** Our performance was driven by strong loan and deposit growth. We also maintained excellent asset quality metrics and continued our focus on improving overall efficiency.

Enhancing Shareholder Value

These operating results enhanced shareholder value by increasing tangible book value and providing a return on average equity significantly higher than peer institutions. Our strong earnings enabled us to pay a \$0.36 per share cash dividend which exceeded the dividend paid in the prior year by 28%.

Investing in our Team

All of this was accomplished while we continued to invest in our team members. We believe strongly that our ability to attract and retain the highest quality staff is an important part of our capacity for achieving success. Because of that, we increased the Company's minimum wage to \$15 per hour to help in our effort of recruiting and retaining the most talented and hardworking staff at all levels.

We are also very focused on the health and well-being of our employees so for the past three years, Plumas Bank has offered a robust corporate wellness plan that provides incentives for our team members to live more active, healthy lives. And in addition to investing in their physical wellness, Plumas Bank is investing in the financial wellness of our team by expanding our bonus plan beyond corporate officers to include all employees. What's more, we increased our 401(k) match to help our employees better prepare for their retirement.

Taking Care of our Communities

Finally, for our communities, we have been focused on engagement by reaching out in meaningful ways to the communities that we serve. In fact, we are proud to share that in the past year, Plumas Bank has provided over \$100 thousand in cash contributions to community fund-raising activities and our employees have spent more than 1,660 volunteer hours reaching out to over 50 organizations within our communities. In September, we were able to demonstrate our commitment to community by donating \$25,000 to aid the victims of the devastating fires in Shasta County. Additionally, our Redding team embraced our motto, 'HERE. For Good.' and volunteered over 130 hours working at various shelters, food banks, and other local fire relief organizations to help those in need. The government shutdown provided yet another opportunity for our Company to demonstrate that we are fully invested in the welfare of our local communities. During the shutdown, Plumas Bank allowed depositors, directly affected by the shutdown, to overdraw direct deposit accounts by up to 80 percent of their monthly paycheck for up to three months.

Table of Contents

Also, during 2018, we successfully executed on our strategic priorities, most notably our technology initiatives and our expansion into Carson City, Nevada and the Sierra region. Additionally, we hired two experienced commercial/agricultural lending professionals who will be tremendous assets to our clients. One loan officer will serve the Carson City/ Sierra region area and the other will serve the Red Bluff/Tehama County area.

In closing, with our solid level of capital and our robust earnings momentum, we believe that Plumas Bancorp is well positioned to continue its strong growth and high returns in 2019. We continue to monitor the competitive landscape and make strategic investments in our business that are well aligned with the interests of our shareholders, employees, clients and communities. As we move forward, we will continue to look for novel and inspiring ways to demonstrate to all our stakeholders that Plumas Bank is HERE. For Good.

Table of Contents

Voting Securities

The Board of Directors of the Company has fixed March 29, 2019 as the record date for purposes of determining the shareholders entitled to notice of, and to vote at, the Meeting. On March 29, 2019, there were 5,150,876 shares of the Company's common stock issued and outstanding. Each holder of the Company's common stock will be entitled to one vote for each share of the Company's common stock held of record on the Company's books as of the record date. In connection with the election of directors, shares may be voted cumulatively if a shareholder present at the Meeting gives notice at the Meeting, prior to the voting for election of directors, of his or her intention to vote cumulatively. If any shareholder of the Company gives that notice, then all shareholders eligible to vote will be entitled to cumulate their shares in voting for election of directors. Cumulative voting allows a shareholder to cast a number of votes equal to the number of shares held in his or her name as of the record date, multiplied by the number of directors to be elected. These votes may be cast for any one nominee, or may be distributed among as many nominees as the shareholder sees fit. This proxy statements seeks discretionary authority to cumulate votes. If cumulative voting is declared at the Meeting, votes represented by proxies delivered pursuant to this proxy statement may be cumulated and allocated at the discretion of the proxy holders, in accordance with management's recommendation.

The nine nominees for director receiving the most votes will be elected. Therefore, shares voted "withhold" and broker non-votes will have no impact on the outcome of the election of directors.

Proposal 2, the advisory vote on the Company's executive compensation program, requires the approval of a majority of the shares represented and voting at the Meeting, with affirmative votes constituting at least a majority of the required quorum. With respect to proposal 3, the advisory proposal concerning the frequency of future advisory votes on the Company's executive compensation program, the Board will consider the alternative (one, two or three years) receiving the most vote to be the preference of the shareholders. Proposal 4 regarding the ratification of the appointment of the Company's auditors requires the approval of a majority of the shares represented and voting at the Meeting, with affirmative votes constituting at least a majority of the required quorum. Therefore, shares voted "withhold" and broker non-votes will have no impact on the outcome of Proposals 2 or 4 assuming that the affirmative votes constitute at least a majority of the required quorum and will have no impact on Proposal 3.

Board Matters

The Board of Directors and Committees

During 2018, the Company's Board of Directors met 17 times. None of the Company's directors attended less than 75 percent of all Board of Directors meetings and committee meetings of which they were members. The Company does not have a policy requiring director attendance at its annual meeting; however, most directors attend the meeting as a matter of course. All current directors, except Ms. Ascuaga, attended the 2018 annual meeting of shareholders.

The Board has established, among others, an Audit Committee and a Corporate Governance Committee, which serves as a nominating committee and a compensation committee, and each of these committees have charters. Charters for each of these committees are available on the Company's website, www.plumasbank.com.

Shareholder Communication with the Board of Directors

If you wish to communicate with the Board of Directors or the Chairman of the Board you may send correspondence to the Corporate Secretary, Plumas Bancorp, 35 S. Lindan Avenue, Quincy, California 95971. The Corporate Secretary will perform a review of such correspondence to ensure that communications forwarded to the Board or the Chairman preserve the integrity of the process. For example, items that are unrelated to the duties and responsibilities of the Board or the Chairman such as spam, junk mail and mass mailings, product complaints, personal employee complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements (the “Unrelated Items”) will not be forwarded. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded. Any communication that is relevant to the conduct of the Company’s business and is not forwarded will be retained for one year (other than Unrelated Items) and made available to the Chairman and any other independent director on request. The independent directors grant the Corporate Secretary discretion to decide what correspondence shall be shared with the Company’s management and specifically instruct that any personal employee complaints be forwarded to the Company’s Human Resources Department.

Board Role in Risk Oversight

The Board’s duties include understanding and assessing risks to the Company and monitoring the management of those risks. To fulfill this responsibility the directors are expected to attend all Board meeting and meetings of the committees on which they serve and review materials in advance of the meetings. Each meeting includes a review of the activities of each board committee including the committee’s activities related to risk management. Each of our board committees concentrates on specific risks for which they have an expertise, and each committee is required to regularly report to the Board of Directors on its findings.

The Board believes that evaluating how the executive team manages the various risks confronting the Company is one of its most important areas of oversight. In carrying out this critical responsibility, the Board has designated the Audit Committee with primary responsibility for overseeing enterprise risk management. While the Audit Committee has primary responsibility for overseeing enterprise risk management, each of the other Board committees also considers risk within its area of responsibility. For example, the Corporate Governance Committee reviews risks related to legal and regulatory compliance as they relate to corporate governance structure and processes and reviews risks related to compensation matters. Our Loan Committee regularly reviews the Company’s lending policies, evaluates the adequacy of our allowance for loan losses, and approves the Company’s larger extensions of credit. The Board is apprised by the committee chairs of significant risks and management’s response to those risks via periodic reports. While the Board and its committees oversee risk management strategy, management is responsible for implementing and supervising day-to-day risk management processes and reporting to the Board and its committees on such matters.

Furthermore, because the banking industry is highly regulated, certain risks to the Company are monitored by the Board through its review of the Company's compliance with regulations set forth by its regulatory authorities, including the FDIC and recommendations contained in regulatory examinations. The Company's chief compliance officer regulatory reports to and meets with the Corporate Governance Committee.

With respect to risk related to compensation matters, the Corporate Governance Committee considers, in establishing and reviewing the Company's executive compensation program, whether the program encourages unnecessary or excessive risk-taking and has concluded that it does not. Executives' base salaries are fixed in amount and thus do not encourage risk-taking. On December 19, 2017, the Board approved the Company's cash non-equity incentive plan for 2018 (See "Executive Compensation – Non-Equity Incentive Plan.") No individual officer's earnings under the 2018 non-equity incentive plan exceeded \$63,614, except for Mr. Ryback who earned an incentive of \$166,575. The Corporate Governance Committee concluded that the 2018 non-equity incentive plan did not encourage unnecessary or excessive risk taking. The other significant source of compensation to executives is in the form of long-term equity awards that are important to help further align executives' interests with those of the Company's shareholders. The Corporate Governance Committee believes that these awards do not encourage unnecessary or excessive risk-taking since the ultimate value of the awards is tied to the Company's stock price, and awards are subject to long-term vesting schedules to help ensure that executives have significant value tied to long-term stock price performance.

Table of Contents

The Corporate Governance Committee has also reviewed the Company's compensation programs for employees generally and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The Corporate Governance Committee believes that the design of the Company's annual cash and long-term equity incentives provides an effective and appropriate mix of incentives to help ensure the Company's performance is focused on long-term shareholder value creation and does not encourage the taking of short-term risks at the expense of long-term results.

Leadership Structure of Board

The Board believes that the Company and its shareholders are best served by having an independent Board Chairman and a separate CEO. We separate these roles in recognition of the differences between the two roles. The CEO is responsible for day-to-day leadership and performance of the Company, while the Chairman of the Board provides strategic guidance to the CEO and presides over meetings of the full Board.

Code of Ethics

The Board of Directors has adopted a code of business conduct and ethics for directors, officers (including the Company's principal executive officer and principal financial officer) and financial personnel, known as the Corporate Governance Code of Ethics. This Code of Ethics Policy is available on the Company's website at www.plumasbank.com. Shareholders may request a free copy of the Code of Ethics Policy from Plumas Bancorp, Ms. Elizabeth Kuipers, Investor Relations, 35 S. Lindan Avenue, Quincy, California 95971. Additionally, a copy of the Company's Corporate Governance Code of Ethics can be accessed at <http://www.plumasbank.com>. Click on the "Investor Relations" tab and then "Governance Documents."

Michonne R. Ascuaga
Steven M. Coldani

Robert J.
McClintock

Terrance J.
Reeson
Daniel E. West

Gerald W. Fletcher
Richard F. Kenny

Mr. Ryback is not independent because he is an employee of the Company. The Board has not determined that Mr. Elliot is independent because he is the Company's former President and Chief Executive Officer and receives retirement benefits from the Company.

Audit Committee

The Company has an Audit Committee composed of Mr. McClintock, Chairman, and Messrs. Kenny and Reeson. The Board has determined that each member of the Audit Committee meets the independence and experience requirements of the listing standards of NASDAQ and the SEC rules applicable to audit committee members. The Board has also determined that Mr. McClintock is qualified as an audit committee financial expert and that he has accounting or related financial management expertise, in each case in accordance with the rules of the SEC and NASDAQ's listing standards.

Table of Contents

The Audit Committee met ten times during 2018. The Audit Committee reviews all internal and external audits including the audit by Vavrinek, Trine, Day & Company, LLP, the Company's independent auditor for 2018. The Audit Committee reports any significant findings of audits to the Board of Directors and ensures that the Company's internal audit plans are met, programs are carried out, and deficiencies and weaknesses, if any, are addressed. The Audit Committee meets regularly to discuss and review the overall audit plan. The Audit Committee's policy is to pre-approve all recurring audit and non-audit services provided by the independent auditors using engagement letters. These services may include audit services, audit-related services, tax services, and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding all services provided by the independent auditors and fees associated with those services performed to date. The fees paid to the independent auditors in 2018 and 2017 were approved per the Audit Committee's pre-approval policies.

Audit Committee Report

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference and shall not otherwise be deemed filed under the Acts.

The Board of Directors and the Audit Committee has reviewed the Company's audited financial statements and discussed such statements with management. The Audit Committee has discussed with Vavrinek, Trine, Day & Company, LLP, the Company's independent auditors during the year 2018, all communications required by standards of the Public Company Accounting Oversight Board, including the matters required to be discussed by Auditing Standard No. 16 (Communications with Audit Committees) and Rule 2-07 (Communication with Audit Committees) of Regulation S-X and, with and without management present, discussed and reviewed the results of the independent external audit firm's examination of the financial statements. The Committee also discussed the results of internal audits.

The Audit Committee has also received the written disclosures and the letter from Vavrinek, Trine, Day & Company, LLP as required by the PCAOB's Ethics and Independence Rule 3526 (Communication with Audit Committees Concerning Independence) and has discussed with the independent registered public accounting firm their independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the SEC.

THE AUDIT COMMITTEE:

Robert J. McClintock, Chairman

Terrance J. Reeson

Richard F. Kenny

Corporate Governance Committee

The Company has a Corporate Governance Committee which met seven times during 2018. The Corporate Governance Committee consists of Mr. Kenny, Chairman, and Messrs. Coldani, Reeson, and West. The Board has determined that Messrs. Kenny, Coldani, Reeson, and West are “independent” within the meaning of the listing standards and rules of NASDAQ, including those applicable to compensation committee members. The Corporate Governance Committee, which functions as the Board’s nominating and compensation committees, provides assistance to the Board by identifying qualified individuals as prospective Board members, recommends to the Board the director nominees for election at the annual meeting of shareholders, nominates the Chairperson and Vice-Chairperson of the Board, oversees the annual review and evaluation of the performance of the Board and its committees, and develops and recommends corporate governance guidelines to the Board of Directors.

Table of Contents

The Corporate Governance Committee also serves as the Board's compensation committee and at least annually reviews, adjusts (as appropriate), and approves the Company's directors' compensation, including cash, equity, or other compensation for service on the Board, any committee of the Board, and as Chairperson of the Board or any committee of the Board. The Corporate Governance Committee at least annually reviews, adjusts (as appropriate) and approves the Chief Executive Officer's compensation, provides advice and consents to the Chief Executive Officer in the review and adjustment of executive officer compensation (other than the Chief Executive Officer), approves the compensation strategy for the Company's employees, reviews and recommends for approval by the Board all equity-based compensation, including stock options and stock grants, and approves other personnel matters, which are in excess of management's authority.

The Corporate Governance Committee does not have any written specific minimum qualifications or skills that the committee believes must be met by either a committee-recommended or a shareholder-recommended candidate to serve on the Board. The Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Corporate Governance Committee or the Board decided not to re-nominate a member for re-election, the Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the following criteria. While no specific diversity policy exists, in practice, when identifying and evaluating new directors, the Corporate Governance Committee considers the diversity and mix of the existing members of the Board, including, but not limited to, such factors as: the age of the current directors, their geographic location (being a community bank, there is a strong preference for local directors), background, skills, and employment experience. Among other things, when examining a specific candidate's qualifications, the Corporate Governance Committee considers the candidate's ability to represent the best interest of the Company; existing relationships with the Company; interest in the affairs of the Company and its purpose; ability to fulfill director responsibilities; leadership skills; reputation within the Company's community; community service; integrity; business judgment; ability to develop business for the Company; and ability to work as a member of a team. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The Committee does not discriminate against prospective nominees on the basis of race, religion, national origin, gender, sexual orientation, disability or any other basis proscribed by law. All nominees to be considered for election as directors at the Meeting were recommended by the Corporate Governance Committee.

The Corporate Governance Committee will consider nominees to the Board proposed by shareholders, although the Board has no formal policy with regard to shareholder nominees as it considers all nominees on their merits as aforementioned. Any shareholder nominations proposed for consideration by the Board may only be made by complying with the nomination procedures set forth in the Company's Bylaws. See "Shareholder Proposals - Nomination of Director Candidates." Any such notices should be addressed to:

PROPOSAL 2

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board of Directors has adopted a policy that provides Company shareholders the opportunity to vote on an advisory (nonbinding) resolution every three years to approve the compensation of the Company's executives named in the Summary Compensation Table.

This proposal, commonly known as a “Say-on-Pay” proposal, gives you as a shareholder the opportunity to provide an advisory vote on the Company's executive compensation as disclosed in this proxy statement through the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K is hereby APPROVED.”

Because the vote is advisory, it will not be binding upon the Board of Directors, will not overrule any decision made by the Board of Directors, and will not create or imply any additional fiduciary duty on the Board of Directors. The Corporate Governance Committee may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors believes that the Company's executive compensation program is reasonable in comparison both to similar sized companies in the industry and to the performance of the Company during 2018. We also believe that the Company's compensation program is effective in aligning the interests of the executives with the interests of the Company's shareholders on a long-term basis and is appropriate.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL, ON AN ADVISORY (NON-BINDING) BASIS, OF THE COMPANY’S EXECUTIVE COMPENSATION AS DESCRIBED IN THIS PROXY STATEMENT.

PROPOSAL 3

NON-BINDING ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON THE COMPANY’S EXECUTIVE COMPENSATION

We are seeking advisory shareholder approval of the frequency of advisory shareholder votes on compensation of named executive officers. Section 14A of the Exchange Act requires publicly traded companies to allow shareholders to indicate, on an advisory (nonbinding) basis at least once every six years, how frequently the Company should seek an advisory vote on the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules. This proposal allows shareholders to indicate whether they prefer an advisory vote on named executive officers every one, two or three years, through the following resolution:

“RESOLVED, that the shareholders of Plumas Bancorp recommend that the Company hold an advisory vote on the compensation of the named executive officers, as disclosed pursuant to the SEC's rules, every one, two or three years, as determined by the option that receives the highest number of shareholder votes.”

The next time shareholders will have an opportunity to vote on the frequency of advisory shareholder votes to approve the compensation of our named executive officers will be in 2025. We value the opinion of our shareholders and welcome communication regarding our executive compensation policies and practices. Primarily based on the results of the advisory vote taken in 2013 in which 74% of the votes cast, excluding broker non-votes, voted in favor of a triennial vote on the compensation of the name executive officers, the Board has previously adopted a policy to provide a vote every three years on executive compensation. After taking into account various considerations described below, we believe that a triennial vote will provide shareholders with the ability to express their views on our executive compensation policies and practices while providing us with an appropriate amount of time to consult with our shareholders and to consider their input.

Table of Contents

Our executive compensation program is administered by our Corporate Governance Committee, as described in this proxy statement. Compensation decisions with respect to our named executive officers, are disclosed in our proxy statement. We believe that establishing a three-year time frame for holding shareholder advisory votes on executive compensation will both enhance shareholder communication and provide the Company time to consider, engage with and respond to shareholders, in terms of expressed concerns or other feedback. In addition, we believe a long term focus will decrease the likelihood of a detrimental change in the Company's executive compensation program made in response to short-term economic or market fluctuations.

Although, as an advisory vote, this proposal is not binding upon the Company or the Board, the Board will carefully consider the shareholder vote on this matter, along with all other expressions of shareholder views it receives on this matter.

While you have the opportunity to vote for every 1, 2 or 3 years, or abstain from voting on the frequency of shareholders voting on “say-on-pay”, THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR A FREQUENCY OF EVERY 3 YEARS.

Non-Equity Incentive Plan

On December 20, 2017, the Board of Directors of Plumas Bancorp (the “Company”) approved the Company’s cash non-equity incentive plan for 2018 (the “2018 NEI”, the “Plan”). Eligible employees under the 2018 NEI include all employees of the Company’s subsidiary, Plumas Bank (the “Bank”), who are regularly scheduled to work at least 20 hours per week. The aggregate bonus pool is comprised of two pools, one for officers of the Company and one for all other employees. The officers’ portion represents 90.9% of the combined pools. Incentives are payable under the 2018 NEI once the Bank has reached 80% of targeted pretax, pre-bonus income. The maximum total bonus available for distribution is \$1.5 million at 120% of targeted pretax, pre-bonus income and the maximum total bonus available for the officers’ pool would be \$1.4 million. At target, the officers’ bonus pool would total \$953,000. Up to 13% of the officers’ pool could be allocated to the Company’s Chief Executive Officer (“CEO”) and President. Executive Vice Presidents (“EVPs”) each can earn up to 5% of the officers’ bonus pool.

Table of Contents

Under the 2018 NEI, the cash incentive payment to the Company's CEO and President will be based 46% on pretax, pre-bonus income targets, 15% upon the attainment of performance goals, and 15% upon various performance metrics with the remaining 24% based on the CEO's performance during 2018, as evaluated by the Company's Corporate Governance Committee, which serves as the Company's compensation committee. Cash incentive payments for the Company's EVPs will be based 56% on pretax, pre-bonus income targets, 16% upon the attainment of performance goals, and 8% upon various performance metrics with the remaining 20% based on the CEO's evaluation of the EVP's performance during 2018. Goals for the CEO include targeted increases in loans and deposits, continued improvement in asset quality, implementation of a system of procedures and processes to facilitate the transition to an Electronic Document Management System (EDMS), and development of a current expected credit loss model as required under ASU No. 2016-13, Measurement of Credit Losses on Financial Instruments (CECL). Metrics include targeted levels of ROE and ROA (calculated on a pre-tax basis) compared to a select group of peer institutions. At target, the maximum amount of incentive payment that can be earned by the Company's CEO is \$124,000 and for each EVP the maximum incentive payable at target would average \$48,000. At 120% or more of target, the maximum amount of incentive payment that can be earned by the Company's CEO is \$178,000 and for each EVP the maximum incentive payable would average \$69,000. The Company's Board of Director can terminate or modify the Plan and all payouts under the Plan are subject to approval by the Company's Corporate Governance Committee. A bonus pool of \$1.4 million was accrued under the 2018 NEI based on the Bank achieving 112% of budgeted pretax, pre-bonus income and meeting all the performance goals and metrics. No individual officer's earnings under the 2018 NEI exceeded \$63,614, with the exception of Mr. Ryback who earned an incentive of \$166,575 in 2018. A total of one hundred fifty-eight employees received bonus payments under the 2018 NEI, which were paid during the first quarter of 2019.

Incentives earned by NEOs under the Plan were as follows:

| Executive | Incentive Earned Based on: | | | | |
|---------------------|----------------------------|----------|----------|-------------|-----------|
| | Pretax Income | Goals | Metrics | Performance | Total |

Stock Option Awards

The Board considers equity compensation in the form of stock option awards to be an important component of its total compensation package because it helps align the interests of the Company's executives to those of its shareholders and provides a significant retention incentive. During 2013 the Company's shareholders approved the Plumas Bancorp 2013 Stock Option Plan (the "2013 Plan"), which allows for the granting of stock option awards to employees. The 2013 Plan has a term of 10 years. Up to 500,000 shares of common stock may be issued pursuant to awards of stock options under the 2013 Plan. The Corporate Governance Committee approves and recommends to the Board for its approval all stock option grants. The Company makes grants of equity-based compensation only at fair market value of our stock at the time of grant. The exercise price of stock options is set at the closing stock price on the date of grant. All option grants have a maximum vesting period of five (5) years and expire no more than ten (10) years from the date of grant.

Table of Contents

During 2018, the Company granted a total of 56,000 stock options to Company officers; however, we choose to grant these only to officers who had not previously been granted shares under the 2013 Plan. The Company did not grant stock options during the year ended December 31, 2017.

The Company incorporates the officer's position level in the determination of the total value of the equity-based compensation to be included in the officer's total compensation. Generally, the higher the officer's level, the more options that may be granted to the officer. Additional options may be granted to an individual based on outstanding achievement. This is consistent with the Company's philosophy of rewarding those officers who have the most impact on our performance.

Post-Employment Benefits and Potential Payments Upon Termination or Change of Control

We consider providing significant post-employment benefits in the form of salary continuation benefits to our executives as an important long-term component of their total executive compensation to reward them for their service and loyalty to the Company. These post-employment benefits also help us retain executives because the benefits are subject to vesting over a period of years.

In 2005 the Company entered into a salary continuation agreement with Mr. Ryback. The purpose of the salary continuation agreement is to provide a special incentive to the experienced executive officer to continue employment with the Company on a long-term basis. The 2005 agreement provides Mr. Ryback with salary continuation benefits of up to \$62,000 per year for 15 years after retirement at age 65. On April 1, 2016 this agreement was amended to increase Mr. Ryback's annual benefit from \$62,000 to \$80,000 per year. In the event of death prior to retirement, Mr. Ryback's beneficiary is entitled to a portion of the death benefits pursuant to a split dollar agreement. In the event of disability wherein Mr. Ryback does not continue employment with the Company, he is entitled to salary continuation benefits, at a reduced amount depending on the length of service with the Company, beginning at age 65 or on the date on which he is no longer entitled to disability benefits under the Company's group disability insurance, whichever is earlier. If Mr. Ryback terminates employment with the Company for a reason other than death or disability prior to the retirement age of 65, he will be entitled to salary continuation benefits at a reduced amount depending on the length of service with the Company. The vesting of salary continuation benefits for Mr. Ryback occurs at a rate that provides for a 90% vesting at age 60 and 2% per year for the next five years of service.

In the event of a change of control of the Company and Mr. Ryback terminates employment with the Company or its successor within a period of 24 months after such change in control, the unvested portion of his salary continuation benefits would vest and the payment of the salary continuation benefits would begin the month following the month of termination, subject to the reduction of benefits if the benefits result in a limitation of deductibility of such benefits for the Company under Section 280G of the Internal Revenue Code. The salary continuation benefits are informally funded by single premium life insurance policies with Mr. Ryback as the insured party and the Company as the beneficiary of the policies.

The Company has entered into a split dollar agreement with Mr. Ryback. The purpose of the split dollar agreement is to provide special incentive to Mr. Ryback to continue employment with the Company on a long-term basis. To accomplish this, the Company agrees to divide the net death proceeds of life insurance policies on Mr. Ryback's life with Mr. Ryback's beneficiary. However, Mr. Ryback's rights or interests in the split dollar policies no longer exist once he ceases to be employed by the Company for any reason whatsoever prior to normal retirement age provided that he has received or had the opportunity to receive any benefit under his executive salary continuation agreement. The Company has agreed to pay the taxes on the imputed income on the life insurance benefit provided to Mr. Ryback under the split dollar agreement.

On April 1, 2016, the Company entered into Salary Continuation Agreements with Mr. Belstock and Ms. North. Mr. Belstock’s agreement provides him with salary continuation benefits of up to \$54,000 per year for 10 years, subject to his continuous employment through March 31, 2026. Ms. North’s agreement provides salary continuation benefits of up to \$48,000 per year for 10 years, subject to her continuous employment through March 31, 2026. If Mr. Belstock or Ms. North terminates employment with the Company for a reason other than a change in control prior to the retirement date of March 31, 2026, he/she will be entitled to salary continuation benefits at a reduced amount depending on their length of service with the Company. In the event that Mr. Belstock or Ms. North terminates their employment with the Company or its successor within a period of 24 months after a change in control, he/she is entitled to the full vesting of their salary continuation payments and the payment of the salary continuation benefits beginning with the month following the month of termination, subject to the reduction of benefits if the benefits result in a limitation of deductibility of such benefits for the Company under Section 280G of the Internal Revenue Code.

Perquisites

The Company offers a qualified 401(k) plan in which the named executive officers participate on the same terms as all other employees. The Company recommenced its matching contribution beginning on January 1, 2015. During 2018 and 2017, the Company’s contribution to the 401(k) plan totaled \$176,000 and \$150,000, respectively consisting of a matching amount of 30% of the employee’s contribution up to a total of 2.4% of the employee’s compensation. The Company also offers its executives medical, dental, and vision plans under the same terms to all employees. Other perquisites and benefits, which do not represent a significant portion of the named executive’s total compensation, include for Mr. Ryback and Ms. North a Company provided automobile and maintenance on the automobile. For Mr. Ryback the payment of his portion of the split dollar insurance premium. For Messrs. Ryback and Belstock and for Ms. North a monthly allowance to cover the business portion of their cellular phone use and gasoline for use in their automobiles. These plans and the contributions we make to them provide an additional benefit to attract and retain executive officers of the Company.
