NOTICE OF ACTION TO BE TAKEN PURSUANT THE WRITTEN CONSENT OF THE SHAREHOLDER HOLDING A MAJORITY OF THE VOTING POWER OF THE OUTSTANDING SHARES OF STOCK OF THE COMPANY IN LIEU OF A SPECIAL MEETING OF THE SHAREHOLDERS.

To the Company's Shareholders:

NOTICE IS HEREBY GIVEN that the following action has been approved pursuant to the written consent of the holder of a majority of the voting power of the outstanding capital stock of the Company dated December __, 2016, in lieu of a special meeting of the shareholders.

1. To amend the Company's articles of incorporation to increase (the "**Increase**") the authorized shares of common stock of the Company from 750,000,000 to 2,000,000,000 (the "**Amendment**").

OUTSTANDING SHARES AND VOTING RIGHTS

As of the record date of December __, 2016 (the "**Record Date**"), the Company's authorized capitalization consisted of 750,000,000 shares of Common Stock, of which approximately 507,210,576 shares were issued and outstanding and 10,000,000 shares of Preferred Stock authorized, of which 130,000 were issued and outstanding. Each share of Common Stock entitles its holder to one vote on each matter submitted to the shareholders. However, because shareholders holding a majority of the voting rights of all outstanding shares of common stock as of December __, 2016 have voted in favor of the foregoing action by resolution dated December __, 2016, no other shareholder consents will be solicited in connection with this Information Statement.

Shareholders of record on the Record Date will be entitled to receive this notice and Information Statement.

Pursuant to Rule 14c-2 under the Securities Exchange Act of 1934, as amended, the actions described herein will not be implemented until a date at least 20 days after the date on which this Information Statement has been mailed to the shareholders. The Company anticipates that the Amendment will be effectuated on or before January __, 2017.

What action was taken by written consent?

We obtained stockholder consent for the approval of an amendment to our articles of incorporation to increase our authorized shares of common stock, par value \$0.001 per share (the “**Common Stock**”), from 750,000,000 to 2,000,000,000.

How many shares of voting stock were outstanding on the Record Date?

On the Record Date, the date we received the consent of the holders of a majority of the voting power of our stockholders, there were approximately 507,210,576 shares of Common Stock outstanding.

What vote was obtained to approve the amendment to the articles of incorporation described in this information statement?

We obtained the approval of the holders of 159,494,165 shares of Common Stock, or approximately 31.47% of the voting power of our common stockholders. In addition, we obtained the approval of the holders of all 130,000 issued and outstanding shares of our Series B Preferred Stock, each of which carries the voting power of 4,000 shares of common stock. As a result, we obtained the approval of approximately 66.16% of the voting power eligible to vote on the amendment to our articles of incorporation.

AMENDMENT TO THE ARTICLES OF INCORPORATION

TO INCREASE AUTHORIZED SHARES OF COMMON STOCK FROM 750,000,000 TO 2,000,000,000

Our board of directors and the holders of a majority of the voting power of our stockholders have approved the amendment to our articles of incorporation (the “**Amendment**”) increasing our authorized shares of Common Stock from 750,000,000 to 2,000,000,000. The increase in our authorized shares of Common Stock will become effective upon the filing of the Amendment with the Secretary of State of the State of Nevada. We will file the Amendment approximately (but not less than) 20 days after the definitive information statement is mailed to stockholders.

The form of Certificate of Amendment to be filed with the Secretary of State of the State of Nevada is set forth as Appendix A to this information statement.

Outstanding Shares and Purpose of the Amendment

Our articles of incorporation currently authorize us to issue a maximum of 750,000,000 shares of Common Stock, par value \$0.001 per share. As of the Record Date, we had approximately 507,210,576 shares of Common Stock issued and outstanding.

The board of directors believes that the increase in our authorized Common Stock will provide us with greater flexibility with respect to our capital structure for purposes including additional equity financings and stock based acquisitions.

Effects of the Increase in Authorized Common Stock

The additional shares of Common Stock will have the same rights as the presently authorized shares, including the right to cast one vote per share of Common Stock. Although the authorization of additional shares will not, in itself, have any effect on the rights of any holder of our Common Stock, the future issuance of additional shares of Common Stock (other than by way of a stock split or dividend) would have the effect of diluting the voting rights and could have the effect of diluting earnings per share and book value per share of existing stockholders.

At present, the board of directors has no plans to issue the additional shares of Common Stock authorized by the Amendment. However, it is possible that some of these additional shares could be used in the future for various other purposes without further stockholder approval, except as such approval may be required in particular cases by our charter documents, applicable law or the rules of any stock exchange or other quotation system on which our securities may then be listed. These purposes may include: raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies, and expanding our business or product lines through the acquisition of other businesses or products.

We could also use the additional shares of Common Stock that will become available pursuant to the Amendment to oppose a hostile takeover attempt or to delay or prevent changes in control or management of our company. Although the board's approval of the Amendment was not prompted by the threat of any hostile takeover attempt (nor is the board currently aware of any such attempts directed at us), nevertheless, stockholders should be aware that the Amendment could facilitate future efforts by us to deter or prevent changes in control of our company, including transactions in which our stockholders might otherwise receive a premium for their shares over then current market prices.

In addition, the Company has been required to reserve a substantial number of shares for issuance upon conversion of certain outstanding debt instruments. While the Company is presently able to satisfy the requisite number of shares of Common Stock to be reserved under the terms of the debt instruments, if the market price of such shares were to fall significantly, it may no longer be able to do so. In addition, the Company has filed a registration statement on Form S-1 in connection with a common stock purchase agreement entered into with Beaufort Capital Partners, LLC; the Company believes that it would have to increase the number of its shares of Common Stock available for issuance pursuant to that registration statement as and when it intends to avail itself of the common stock purchase agreement, if at all. Other than as set forth above, the Company has no present intention of issuing any shares of its Common Stock, provided, however, that it may be required to issue additional debt instruments that may be convertible into shares of Common Stock.

Interests of Certain Persons in the Action

Certain of the Company's officers and directors have an interest in the Amendment as a result of their ownership of shares of our common stock, as set forth in the section entitled "Security Ownership of Certain Beneficial Owners and Management" below. However, we do not believe that our officers or directors have interests in the Amendment that are different from or greater than those of any other of our stockholders.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding beneficial ownership of the Company's Common Stock as of the Record Date by (i) each person who is known by us to beneficially own more than 5% of the Company's Common Stock; (ii) each of the Company's officers and directors; and (iii) all of the Company's officers and directors as a group.

Unless otherwise indicated, the persons named in the table below have sole voting and investment power with respect to the number of shares indicated as beneficially owned by them. Common stock beneficially owned and percentage ownership is based on approximately 507,210,576 shares outstanding on the Record Date and assuming the exercise of any options or warrants or conversion of any convertible securities held by such person, which are presently exercisable or will become exercisable within 60 days of the Record Date.
