NOTICE OF 2017

ANNUAL MEETING OF SHAREHOLDERS

AND PROXY STATEMENT

1293 South Main Street — Akron, Ohio 44301

March 21, 2017

Dear Fellow Shareholders,

On behalf of the Board of Directors of Myers, I am writing to update you about our work on behalf of the shareholders of the company.

The board has been actively engaged in one of its most important functions: hiring and monitoring management. Our very capable and highly energetic CEO, Dave Banyard, assumed that role in December 2015. A new head of Human Resources, Kevin Gehrt, came aboard in September and Matteo Anversa joined Myers as its Chief Financial Officer in December. Our two business segments gained new leadership as well, with Mike Valentino becoming head of the Material Handling segment and Alex Williamson being named head of the Distribution segment, both highly qualified internal candidates.

Vice President and Controller Kevin Brackman earned our thanks for his diligent and conscientious work as Interim Chief Financial Officer, from March through November.

As a board, we are a relatively new team. Three directors joined the Myers board between 2007 and 2010, and five directors joined the board in the past two years. Myers' board now includes two women, with Jane Scaccetti's election in April 2016. Myers follows several best practices in corporate governance. For example, we conduct annual elections for all directors, we ensure there is an independent board chair and committees of only independent board members, and we have engaged an independent third party to conduct annual self-evaluations of our board.

During the summer and fall, the board engaged in comprehensive and vigorous strategy sessions. These dynamic discussions continue as strategy implementation begins.

The Myers board has three Committees: Audit, Compensation, and Nominating & Governance. Our Audit Chair, Bob Stefanko, worked tirelessly with management, our external accounting team of Ernst & Young LLP, internal auditors, and consultants to improve the company's controls. In April 2016, the board approved implementation of more robust internal control procedures for financial reporting. Between meetings, Bob has been reporting on the status of the implementation of these procedures to the Audit Committee and to the full board. Given our prior material weaknesses in internal controls, the Audit Committee has been holding intensive and lengthy meetings, scheduled independently of other Committee and board meetings. We believe we are effectively addressing the internal control issues with these robust, sustainable process improvements.

Our relatively new Compensation Committee Chair, Sarah Coffin, led our efforts to design shareholder-aligned compensation packages to attract high-quality executives to Myers, while at the same time making changes to reflect industry and governance best practices. For example, the company does not enter into employment contracts, nor do we reprice underwater options or provide perquisites. The majority of compensation is tied to financial performance and long-term incentives—our objective is to align management and shareholders' interests. We want our management to act like all of us as owners and have designed our compensation plans to reflect this goal.

Our Nominating and Governance Chair, John Crowe, continues to emphasize ongoing director education, while monitoring conferences and symposiums attended by the directors and information sharing by fellow directors. In September, a number of us attended the annual meeting of the National Association of Corporate Directors. Over several days, we learned about best practices of corporate governance, which we shared with the full board. Importantly, in both January 2016 and January 2017, the entire board conducted an evaluation using an independent third party. In each of these past two years, we have evaluated individual directors, each committee, and the board as a whole. The results of this comprehensive exercise have been communicated, confidentially, to

each director and to the board by outside counsel. We believe this exercise, used by only a minority of companies, has been enormously useful in optimizing the effectiveness of the Myers' board on behalf of our shareholders. In addition, this committee is focused on succession planning and discusses this topic at each meeting.

In an effort to improve our "say on pay" results by better articulating our compensation practices and governance principles, last fall we reached out to leading proxy advisors and each of the company's shareholders who owned more than 1% of our shares to solicit their opinions. We are pleased that ten of thirteen of such shareholders agreed to engage with us in order to discuss governance and compensation matters. From September through November, Sarah Coffin, our head of investor relations, Monica Vinay, and I spoke with these shareholders (who, cumulatively, own approximately 65% of Myers' shares). We greatly appreciated the frank conversations and these shareholders' valuable insights on a number of matters (including, but not limited to, board composition, compensation, say on pay, strategic planning, and over boarding of directors) and have adopted improvements as a result of this feedback.

We welcome feedback from our owners. Shareholders may send such communications by email to governance@myersind.com or by mail or courier delivery addressed as follows: Board of Directors (or Committee Chair, Board Member or Non-Management Directors, as the case requires), c/o Chief Financial Officer and Corporate Secretary, Myers Industries, Inc., 1293 South Main Street, Akron, Ohio 44301 as more fully outlined in our Communication Procedures for Interested Parties and Shareholders available on the Company's website www.myersind.com.

The board remained active and engaged throughout 2016 and begins 2017 with a renewed commitment to building long-term shareholder value at Myers. Thank you for your continued support of the company and confidence in our efforts on your behalf.

Sincerely,
F. Jack Liebau, Jr.

Shareholder Outreach

We believe engaging in shareholder outreach is an important element of strong corporate governance. In 2016, members of our Board and executive management acted on this belief and reached out to the top 13 shareholders who own 1% or greater of outstanding shares and represent 75% of total shares outstanding. Following this outreach, conference calls were conducted with 10 of the 13 shareholders initially approached, whose ownership represented approximately 65% of total shares outstanding. During our outreach meetings, we discussed with shareholders corporate governance matters (including the Company's independent Board evaluations), the Company's performance and strategy, executive compensation practices and metrics, board composition and other items of shareholder interest. This dialogue with shareholders was considered in the development of the changes to our compensation program for 2017 and has led to the enhanced disclosure in and presentation of this Proxy Statement and the adoption of an over-boarding policy.

In addition, each spring, we mail all shareholders a copy of the Company's Annual Report and Proxy Statement.

Corporate Governance and Compensation Guidelines

The Board of Directors is committed to maintaining a sound corporate governance structure that promotes the best interests of our shareholders. The Company has adopted “Corporate Governance Guidelines” and a “Code of Business Conduct and Ethics” for the Company’s directors, officers and employees. Each of our corporate governance policies is available on the Corporate Governance page accessed from the Investor Relations page of our website at www.myersindustries.com.

Corporate Governance and Compensation Practices

Below is a discussion of our corporate governance and compensation practices and policies:

Shareholder Outreach

The Company and members of the Board have conducted considerable shareholder outreach, through which we have sought ongoing input from our largest institutional investors and other stockholders holding approximately 75% of our outstanding shares.

Following this outreach, discussions were ultimately conducted with 10 of the shareholders initially approached, whose ownership represented approximately 65% of the Company’s outstanding shares regarding, and the Company received feedback on:

- corporate governance matters, including independent Board evaluations
- the Company’s performance, strategy, and executive compensation practices
- the Board’s composition

We value shareholder views and insights, and our dialogue with shareholders has led to the enhanced disclosure in and presentation of this Proxy Statement and the adoption of an over-boarding policy.

Annual Elections

In accordance with best practices, all of our directors are elected annually.

Independent Chairman

- Since October 2009, the Company has maintained an independent Chairman. F. Jack Liebau has served as the independent Chairman since the 2016 Annual Meeting of Shareholders
- The Company believes this leadership structure is appropriate for the Company as it further aligns the interests of the Company and our shareholders by ensuring independent leadership of the Board
- The independent Chairman serves as a liaison between our directors and the Company’s management and helps to maintain open communication and discussion by the Board
- Our independent Chairman is an ex officio member of each of our standing committees
- Duties of the Chairman are specified in the Charter of the Chairman of the Board of Directors and include serving in a presiding capacity, coordinating the activities of the Board, and such other duties and responsibilities as the Board may determine from time-to-time. This charter is available on our website at www.myersindustries.com on the Corporate Governance page accessed from the Investor Relations page

Board and Committee Independence

Periodic Review of Director Independence: On an ongoing basis, the Board of Directors reviews the independence of each director using the current standards for “independence” established by the New York Stock Exchange (“NYSE”) and other applicable regulations and considers any other material relationships a director may have with the Company as disclosed in annual director and officer questionnaires. The Company’s Corporate Governance Guidelines provide that a majority of the Board of Directors be comprised of independent directors and the charters of each of the Board’s committees require that all committee members be independent.

• **Independence Determination:** The Board has determined that Mses. Coffin and Scaccetti and Messrs. Crowe, Foley, Lee, Liebau, Lisman and Stefanko (all of its current members except for Mr. Banyard, our President and Chief Executive Officer) are independent under these standards. The determination of whether a director is “independent” is based upon the Board’s review of the relationships between each director and the Company, if any, under the Company’s “Board of Directors Independence Criteria” policy, and the corporate governance listing standards of the NYSE. In connection with the Board’s determination regarding the independence of each non-management director and nominee, the Board considered any transactions, relationships and arrangements as required by our independence guidelines. In particular, the Board considered the following relationships:

• **Committee Independence:** All members of the Company’s Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee (the “Governance Committee”) have been determined to be independent directors. In addition, the Board has determined that the members of the Audit Committee and Compensation Committee meet the additional independence criteria required for such committee membership under the applicable NYSE listing standards.

• **Other Relationships:** Except as set forth in this Proxy Statement, neither the Company nor any of the Board nominees or any of their associates have or will have any arrangements or understandings with any person with respect to any future employment by the Company or its affiliates or with respect to any future transactions to which the Company or any of its affiliates will or may be a party.

Director Resignation Policy

Pursuant to the Company’s director resignation policy, in an uncontested election, any incumbent director who receives a greater number of votes “Withheld” or “Against” his or her election than votes “For” his or her election (and with respect to such incumbent director’s election at least 25% of the Company’s shares outstanding and entitled to vote thereon were “Withheld” or voted “Against” the election of such director) shall submit an offer of resignation to the Board of Directors.

• The Governance Committee will then recommend to the Board whether to accept or reject any tendered resignations, and the Board will decide whether to accept or reject such tendered resignations.

• The Board’s decision will be publicly disclosed in a Current Report on Form 8-K filed with the Securities and Exchange Commission (the “SEC”).

If an incumbent director’s tendered resignation is rejected, he or she will continue to serve until his or her successor is elected, or until his or her earlier resignation, removal from office, or death. If an incumbent director’s tendered resignation is accepted, then the Board will have the sole discretion to fill any resulting vacancy to the extent permitted by the Company’s Amended and Restated Code of Regulations.

Over-Boarding Policy

The Company has adopted a policy that the maximum number of public company boards on which a non-CEO director may sit is five (including the Company’s board) and the maximum number of public company boards on which a CEO director may sit is three (including the Company’s board).

Board Role in Risk Oversight

The Board annually reviews the Company's strategic plan, which addresses, among other things, the risks and opportunities facing the Company. Certain areas of oversight are delegated to the relevant Committees of the Board and the Committees regularly report back on their deliberations. This oversight is enabled by reporting processes that are designed to provide visibility to the Board about the identification, assessment, monitoring and management of enterprise-wide risks. Every year, management conducts an enterprise-wide risk assessment of the Company and each of its business segments and presents the assessment to the Board for review. The focus of this assessment includes a review of strategic, financial, operational, compliance and technology objectives and risks for the Company. In addition, on an ongoing basis:

• **Audit Committee:** The Audit Committee maintains primary responsibility for oversight of risks and exposures pertaining to the IT, accounting, auditing and financial reporting processes of the Company

• **Compensation Committee:** The Compensation Committee maintains primary responsibility for risks and exposures associated with oversight of the administration and implementation of our compensation policies

• **Governance Committee:** The Governance Committee maintains primary responsibility for risks and exposures associated with corporate governance and succession planning

Clawback Policy

The Company maintains a "Clawback Policy" that provides for the recoupment of certain incentive compensation in the event of an accounting restatement resulting from material noncompliance (whether or not based upon misconduct) with financial reporting requirements under the federal securities laws. The Clawback Policy is administered by the Compensation Committee and applies to current and former executive officers and such other employees who may from time to time be deemed subject to the policy by the Compensation Committee.

Succession Planning

Our Board, in coordination with the Governance Committee, oversees succession planning for the CEO and other officers of the Company, which is considered at least annually. As part of its succession planning oversight, the Board reviews the senior management team's experience, skills, competence and potential, in order to assess which executives have the ability to develop the attributes that the Board believes are necessary to lead and execute the Company's strategic vision.

Stock Ownership Guidelines

The Company maintains "Stock Ownership Guidelines" whereby our executive officers and non-employee directors are expected to hold a specified amount of our common stock. These expectations are as follows:

• **CEO:** 5X annual base salary

• **CFO:** 3X annual base salary

• **Non-Employee Directors:** 5X annual cash Board retainer

The executive officers and non-employee directors have five years from the effective date of the guidelines to attain the ownership requirement. Executive Sessions of the Board

During 2016, the Board and each Committee met regularly in executive session as follows: Board, 11 times; Audit Committee, 6 times; Compensation Committee, 5 times; and the Governance Committee, 5 times.

Annual Board and Committee Self-Assessments

In early 2015, the Board and each of its Committees conducted the self-evaluations and discussed the results of the self-evaluations. In early 2016 and 2017, evaluations were conducted by an independent third party through telephone interviews and feedback was provided to the Board, committees and individual directors.

Each of the foregoing nominees is recommended by the Governance Committee. The Governance Committee believes that each of the nominees possesses certain key attributes that the Governance Committee believes to be important for an effective Board. There are, and during the past ten years there have been, no legal proceedings material to an evaluation of the ability of any director, nominee, or executive officer of Myers Industries to act in such capacity or concerning his or her integrity. There are no family relationships among any of the directors and executive officers.

The Board recommends that you vote "FOR" each of the director nominees listed above

Nominating Process

The Governance Committee reviews and evaluates individuals for nomination to stand for election as a director who are recommended to the Governance Committee: in writing by any of our shareholders or by our current or past directors, executive officers, or identified by professional search firms retained by the Governance Committee.

Recruiting Guidelines and Director Qualifications

The Company's Board Member Recruiting Guidelines outline the process for the Governance Committee to recruit and evaluate potential director candidates. These guidelines are available on the Corporate Governance page accessed from the Investor Relations page of the Company's website at www.myersindustries.com. In considering these potential candidates for nomination to stand for election, the Governance Committee will consider:

- The current composition of the Board and how well it functions as a group
- The talents, personalities, strengths, and weaknesses of current directors
- The value of contributions made by individual directors
- The need for a person with specific skills, experiences or background relevant to the Company's strategy to be added to the Board
- Any anticipated vacancies due to retirement or other reasons
- Other factors that may enter into the nomination decision

The Governance Committee endeavors to select nominees that contribute unique skills and professional experiences in order to advance the performance of the Board of Directors and establish a well-rounded Board with diverse views that reflect the interests of our shareholders. The Governance Committee considers diversity as one of a number of factors in identifying nominees for directors, however, there is no formal policy in this regard. The Governance Committee views diversity broadly to include diversity of experience, skills and viewpoint, in addition to traditional concepts of diversity such as race and gender.

When considering an individual candidate's suitability for the Board, the Governance Committee will evaluate each individual on a case-by-case basis. The Governance Committee does not prescribe minimum qualifications or standards for directors, however, the Governance Committee looks for directors who have personal characteristics, educational backgrounds and relevant experience that would be expected to help further the goals of the Company. In addition, the Governance Committee will review the extent of the candidate's demonstrated excellence and success in his or her chosen business, profession, or other career and the skills and talents that the candidate would be expected to add to the Board. The Governance Committee may choose, in individual cases, to conduct interviews with the candidate and/or contact references, business associates, other members of boards on which the candidate serves or other appropriate persons to obtain additional information. The Governance Committee will make its determinations on whether to nominate an individual candidate based on the Board's then-current needs, the merits of that candidate and the qualifications of other available candidates.

Shareholder Recommendation Policy

The Governance Committee will consider individuals for nomination to stand for election as a director who are recommended to it in writing by any of our shareholders that strictly follow the below procedures. Shareholders making recommendations for directors must:

- Provide a signed written statement from the proposed nominee consenting to be named as a candidate and, if nominated and elected, consenting to serve as a director

Submit a signed written statement that the nominating shareholder and the candidate will make available to the Governance Committee all information reasonably requested in furtherance of the Governance Committee's evaluation

Provide a letter of recommendation to the following address: Corporate Governance and Nominating Committee, c/o Corporate Secretary, Myers Industries, Inc., 1293 South Main Street, Akron, Ohio 44301

The value of common stock awarded at the 2016 Annual Meeting was \$72,500 for each director entitled to an award. The Company's non-employee director compensation program reflects the recommendations of our compensation consultant who conducted an assessment of the market competitiveness of the Company's non-employee director compensation program in 2015.

PROPOSAL NO. 2 — ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Myers Industries provides, pursuant to Section 14A of the Securities Exchange Act of 1934, shareholders with the opportunity to cast an annual advisory vote on executive compensation (“Say-on-Pay”). The Compensation Committee has designed an executive compensation program (described further in the Compensation Discussion & Analysis (“CD&A”) and tabular disclosures of this Proxy Statement) designed as follows:

Executive Compensation Objectives	Executive Elements
Provide competitive compensation packages to attract and retain experienced executives and other key employees	<p>Base salary</p> <p>Annual bonus opportunities</p> <p>Long-term incentives, such as equity awards</p>
<p>Ensure that the actual compensation paid to our executive officers is aligned and correlated with financial performance and changes in shareholder value (“pay for performance”) and motivate our executive officers to achieve short-term and long-term Company goals that will increase shareholder value by providing:</p> <ul style="list-style-type: none"> • Short-term performance incentives by establishing goals for our executives through an annual bonus plan focused on operating performance • Long-term performance incentives and reward executive management for achievement of long-term strategic initiatives through the use of restricted stock awards, option grants, other equity-based awards under our Amended and Restated 2008 Incentive Stock Plan 	<p>Benefits</p> <p>Annual bonus opportunities</p> <p>Long-term incentives, such as equity awards</p>
Reward executives whose knowledge, skills and performance are crucial to our success	<p>Base salary</p> <p>Annual bonus opportunities</p> <p>Long-term incentives, such as equity awards</p>

2016 Pay for Performance Highlights

In deciding how to cast your vote on this proposal, the Board requests that you consider the structure of the Company's executive compensation program as it aligned with our 2016 performance. We have attempted to provide closer alignment between named executive officer compensation and Company performance and believe that the 2016 change in metrics described above achieved a better result. The Company's financial performance did not meet our objectives in 2016 and as such, our NEOs did not achieve payouts of their incentive bonuses.

Compensation Program Updates and Result of 2016 Advisory Vote on Executive Compensation

In 2015 and 2016, to achieve the Company’s compensation goals of attracting and retaining top talent while aligning awards to performance of the Company and increasing shareholder value, the Compensation Committee approved certain changes to the Company’s compensation program (including payment of a portion of the CEO’s and CFO’s long-term incentives in performance restricted stock units instead of cash; updated performance metrics for annual

bonuses to focus on achieving budgeted operating profit, growth in operating profit and budgeted cash flow; discontinued executive perquisites; and used ROIC (the Company's earnings before interest and taxes ("EBIT") divided by our total invested capital (net long term debt and shareholders' equity)) as the performance metric for long-term incentive awards). At the 2016 Annual Meeting of shareholders, approximately 73% of the votes cast on the say-on-pay proposal were voted in favor of the compensation of Myers' named executive officers.

Following the 2016 Annual Meeting, members of the Board reached out to the shareholders representing 75% of the Company's total shares outstanding, with a view to understanding those shareholders' views on a range of governance and compensation topics, including board composition, compensation, say-on pay, strategic planning and over-boarding. Following this outreach, conversations were held with ten of the initial shareholders approached, whose ownership represented approximately 65% of the Company's total shares outstanding and

their feedback was considered in the development of the changes to our compensation program for 2017, as described below.

Pay Decisions for 2017

As part of its ongoing efforts to achieve the Company’s performance goals, the Compensation Committee recently approved a number of updates to the Company’s compensation program for 2017, including revising the long-term incentive mix for executive management, revising long-term incentive performance metrics and annual bonus performance metrics, as discussed in further detail below.

Long-Term Incentive Mix

Granting performance restricted stock units in lieu of performance cash

- Motivates executive management to achieve Company goals that will increase shareholder value

- Aligns executive management’s interests with the Company’s financial performance and the interests of shareholders while also rewarding executives based on the Company’s three-year financial performance

- Reflects belief that a significant component of executive compensation remain at risk in alignment with achieving Company performance objectives

- Focuses on key performance objectives and increasing stock price and stock ownership

Revising long-term incentive mix to:

50% performance restricted stock units

30% stock options

20% restricted stock units

- Balance of long-term incentive mix helps achieve the compensation goals of aligning compensation and the Company’s financial performance and shareholder returns, while also retaining talented executives and key employees

Long-Term Incentive Performance Metrics

Adopting cumulative EBITDA and free cash flow over the performance period as a percentage of sales as the LTI performance metrics in lieu of ROIC

- Cumulative EBITDA acts as a measure of the Company’s operating performance and correlates strongly to shareholder return

- Free cash flow (cash flow from continuing operations less capital expenditures) as a percentage of sales recognizes the importance of cash flow generation driving long-term shareholder value

Annual Bonus Performance Metrics

Using operating income growth and individual performance targets as performance metrics for annual bonus in lieu of operating profit, cash flow and growth in adjusted operating profit

- Allows the Company to align annual performance bonuses with the Company’s financial performance and individual performance and reward improved year-over-year results

2017 Advisory Vote on Executive Compensation

We are presenting the following proposal, which gives you, as a shareholder, the opportunity to endorse or not endorse our compensation program for our NEOs by voting “FOR” or “AGAINST” the following resolution.

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis, compensation tables, and narrative discussion is hereby APPROVED.”

Although the advisory vote is non-binding, the Board values shareholders’ opinions. The Compensation Committee will review the results of the vote and will consider shareholders’ concerns and take into account the outcome of the vote when considering future decisions concerning our executive compensation program.

The advisory Say-on-Pay vote occurs annually, and the next advisory vote will occur at the Annual Meeting in 2018.

The Board of Directors recommends that you vote “FOR” Proposal 2 relating to the approval of the Company’s executive compensation

PROPOSAL NO. 3 – ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

Pursuant to Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, at least once every six years, Myers Industries is required to submit for shareholder vote a non-binding resolution to determine whether the advisory shareholder vote on executive compensation should occur every one, two, or three years. Shareholders last approved an annual advisory vote on executive compensation in 2011.

After careful consideration of the appropriate frequency, the Board believes that submitting the advisory vote on executive compensation to shareholders on an annual basis is appropriate for the Company and its shareholders at this time.

The proxy card provides shareholders with four choices (every one, two, or three years, or “Abstain”). Shareholders are not voting to approve or disapprove the Board’s recommendation and, because the frequency vote is non-binding, shareholder approval of a one, two, or three-year frequency vote will not require the Company to implement an advisory vote on executive compensation every one, two, or three years. The final decision on the frequency of the advisory vote on executive compensation remains with the Board.

The Board values our shareholders’ opinions as expressed through their votes and other communications. Although the resolution is non-binding, the Board and the Compensation Committee will carefully consider the outcome of the frequency vote and other communications from shareholders when making future decisions regarding the frequency of say-on-pay votes.

The Board of Directors recommends a vote “FOR” a frequency of one (1) year relating to the frequency for holding the non-binding advisory vote on say-on-pay

Overview

Executive Summary

The role of the Compensation Committee is to oversee our executive plans and policies, administer our equity plans and approve all compensation for our NEOs.

Performance Highlights and Key Achievements in 2016

The Company's key achievements in 2016 included, among others:

- ◆ **New leadership:** Myers Industries recently hired and promoted new leaders to key positions with the addition of Matteo Anversa as Executive Vice President, CFO, and Secretary, Kevin Gehrt, Vice President of Human Resources and the promotion of Mike Valentino to Group President, Material Handling Segment, and Alex Williamson to Group President, Distribution Segment
- ◆ **Niche market success and growth:** The Company grew its niche market presence through a number of wins in two of its strategic markets - Vehicle and Auto Aftermarket
- ◆ **Improved operating model:** The Company significantly reduced working capital at certain businesses and reduced inventory at each of its businesses in the Material Handling Segment
- ◆ **Improved internal controls process:** The Company reviewed and improved the internal control processes at every business

Executive Compensation Highlights

Highlights of our 2016 executive compensation program are summarized below:

- ◆ We continued to use a long-term incentive portfolio of options, service-based restricted stock units, performance-based restricted stock units and long-term cash incentives tied to financial results to provide greater reward balance, manage share dilution and offer us flexibility to reward for long-term results
- ◆ We have several pay practices and policies that are in the best interests of our shareholders, including stock ownership guidelines, limited executive retirement benefits, and no perquisites
- ◆ We concluded that our incentive pay programs do not encourage excessive or unnecessary risk taking

Compensation Philosophy

The Compensation Committee's goals are to:

- ◆ Attract and retain talented and experienced executives and other key employees
- ◆ Ensure that the actual compensation paid to our executive officers is correlated with financial performance and changes in shareholder value ("pay for performance")
- ◆ Motivate our executive officers to achieve short-term and long-term Company goals that will increase shareholder value
- ◆ Reward executives whose knowledge, skills and performance are crucial to our success

The Compensation Committee believes that the Company's NEOs should be paid in a manner that attracts the best-available talent, drives performance, encourages an appropriate sensitivity to risk and rewards and motivates increases in shareholder value. This philosophy is achieved through the Company's long-term incentive plan, annual bonus opportunity, base salary and other benefits, which are described in greater detail later in this Proxy Statement. Myers Industries' NEOs are compensated in a manner consistent with the Company's strategy, competitive practice, sound compensation governance principles and shareholder interests.

2016 Changes

In keeping with the Company's compensation philosophy, in 2015 and 2016, the Compensation Committee adopted the following changes to the Company's incentive pay program:

Paying Performance Restricted Stock Units instead of Performance Cash to CEO: The Company changed from paying a portion of the CEO's long-term incentives in performance cash to paying such portion in performance restricted stock units.

Updated Performance Metrics for Annual Bonus: The Compensation Committee approved the following metrics: achieving budgeted operating profit (30%), growth in operating profit (40%) and achieving budgeted cash flow (30%), instead of EBITDA (50%) and cash flow (50%) to determine the award of annual bonuses.

- **Discontinuing of Executive Perquisites:** The Company ceased providing a car allowance perquisite.

Process Used to Set Pay for 2016

Interactions between multiple parties established our executive pay program for 2016:

• Compensation Committee

• Senior management

• Shareholders

• Independent compensation advisor

• Outside advisors, including legal counsel

Checklist of Compensation Practices

Our success depends largely on the contributions of motivated, focused and energized executives all working to achieve our strategic objectives. The Compensation Committee and senior management, with assistance from our independent compensation advisor, develop competitive pay programs for our executives and we follow the basic tenets set forth below:

WHAT WE DO	WHAT WE DON'T DO
Pay for Performance	Enter into Employment Contracts
Reasonable Post-Employment/Change in Control Provisions	Offer Tax Gross-Ups
Double Trigger Change in Control Provisions	Reprice Underwater Options
Stock Ownership Guidelines	Allow Cash Buyouts of Underwater Options
Independent Compensation Advisors	Permit Short Sales by Directors, Officers, or Employees
Tally Sheet to Evaluate and Monitor NEO Compensation	Provide Perquisites
Clawback Policy	No Hedging or Pledging of Company Stock
Compensation Benchmarking	

It is difficult to determine an appropriate peer group for the Company because there are few public companies with relatively similar top-line revenues conducting business in our segments. Because it is difficult to determine an appropriate peer group for the Company, in 2016, the Compensation Committee referenced Mercer's 2014 Q4 Executive Remuneration Survey to assess the competitiveness of the compensation paid to our NEOs.

The Company believes its practices are consistent with the practices for other companies of its size, reflects best practices regarding the governance of executive pay programs and reflects the executive pay program's objectives of delivering competitive and appropriate pay aligned with our shareholders' interests.

Elements of Compensation for 2016

Our executive compensation program consists of several elements designed to provide an integrated and competitive total pay package: base salary, annual bonus, long-term incentives and benefits. A majority of the compensation package for NEOs is performance-based and the metrics are focused on paying for growth.

Consistent with the objectives of our executive pay philosophy of attracting and retaining talented and experienced executives and other key employees, paying for performance, motivating our executive officers to achieve short-term and long-term Company goals that will increase shareholder value and rewarding executives whose knowledge, skills and performance are crucial to our success, actual compensation may be above or below the median for executives in similar roles at companies of similar size and complexity, depending on an evaluation of several factors including, but not limited to, time-in-position, experience, performance, and future potential. We believe this approach is appropriate as it is sufficient to attract and retain key executives, but does not position our compensation costs out of line with performance.

Description of Compensation Elements

Our 2016 executive compensation program was designed to reinforce the relationship between the interests of our NEOs and our shareholders. The objectives and key characteristics of each element of our 2016 executive compensation are described below:

Base Salary

Component: Cash

- Provides a fixed level of compensation in order to recognize the skills, competencies, experience, and individual performance an executive brings to his or her role
- The Compensation Committee generally considers an individual's time in the position, experience, performance, future potential and external market conditions
- Changes in base salary result primarily from changes in the executive's responsibilities, an assessment of annual performance, and our financial ability to pay base salaries and provide increases

Annual Bonus

Component: Cash

- Increases each executive's focus on specific short-term corporate operational goals
- Reflects the belief that a significant component of executive compensation should be at risk where the amount earned depends on achieving Company performance objectives designed to enhance shareholder value
- Allows us to manage fixed salary costs, while still providing executives with competitive cash compensation consisting of salaries and bonuses
- 2016 Performance Metrics:
 - Achieving budgeted operating profit
 - Growth in operating profit
 - Achieving budgeted cash flow
- The Compensation Committee annually approves a target bonus opportunity for each NEO

- In 2016, annual bonuses were based on achievement of annual performance targets in the following areas: achieving budgeted operating profit, growth in operating profit and achieving budgeted cash flow. These metrics focus on:
- The Company's core operating profitability. We believe consistent improvements in our operating results over time should produce value for our shareholders over the long-term
- Balancing the profitability focus with our executives' ability to manage our working capital. Moreover, it focuses our management on generating discretionary cash that can be used to invest in assets, make acquisitions, retire debt, pay dividends and re-purchase our common stock without disrupting operations. Cash flow is measured before capital expenditures so as to balance sound decisions on long-term capital investments with achievement of cash flow goals
- Actual bonuses can range from 0% to 200% of target, depending on actual performance, practices that are consistent with the range of annual bonus opportunities of other companies our size. We reward our executives with higher levels of cash compensation for results that substantially exceed target results. Conversely, we pay relatively lower levels of cash compensation for results that fail to meet minimally acceptable standards

Long-Term Components:
Incentives

- Performance Restricted Stock Units
- Stock Options
- Restricted Stock Units
- Performance Cash Awards
- Motivates and rewards executive officers for increasing shareholder value and promotes our long-term interests by aiding in the retention of high-quality executives
- Reflects the belief that a significant component of executive compensation should be at risk where the amount earned depends on achieving Company performance objectives designed to enhance shareholder value
- Helps build executive stock ownership, consistent with our stock ownership objectives
- 2016 Performance Metric: Performance restricted stock units and performance cash: tied to ROIC achievement over 3 years
- The Company's Amended and Restated 2008 Incentive Stock Plan provides us with flexibility to grant stock options, stock appreciation rights, performance awards, restricted stock, stock units, and other forms of equity-based awards
- The Board awarded a blend of stock options, service-based restricted stock units, and performance-based long-term performance cash incentives and performance restricted stock units
- This approach provides reward balance with each element designed to meet specific reward objectives:
 - Stock options align our executives' interests with those of our shareholders because options only produce rewards to our executives if our stock price increases after options are granted. We believe options are performance-based awards, because the stock price appreciation that produces gains to the executive can generally be achieved if the Company's operating and financial results improve. In addition, options help build executive stock ownership. Stock options vest ratably on the first three anniversaries of the grant and are exercisable within ten years following their grant, consistent with our historical terms for option grants
 - Service-based restricted stock unit grants help retain our key executives. Restricted stock units also align our executives to the total returns earned by our investors. Service-based restricted stock unit grants vest ratably over a three year period, are tied to continued service, and provide a strong device for retaining our executives
 - Long-term performance restricted stock units and cash incentives are intended to reward our executives for achieving financial goals over a multi-year period. The use of cash helped us to manage the shares available for use under our Amended and Restated 2008 Incentive Stock Plan, reducing dilution of our shareholders' ownership. Long-term performance restricted stock units and cash incentives are based on the achievement of pre-established objectives over a three-year period

- In 2016, long-term performance restricted stock units and cash incentives were based on our average ROIC for the three-year period beginning in 2016 and ending in 2018. ROIC targets were adopted to support a focus on returning greater than our cost of capital over time and to balance the measures used in our annual bonus plan

Benefits Component: Participation in various broad-based benefit plans

- Provides basic health, life and income security needs
- The Company maintains qualified and non-qualified retirement programs
- NEOs participate in our qualified retirement plan (a tax-qualified 401(k) Plan, pursuant to which all participants are eligible to receive matching contributions from the Company) on the same terms as all of our other employees
- SERP Plan: The Company adopted a Supplemental Executive Retirement Plan (“SERP”) to replace retirement benefits lost because of regulatory limits associated with qualified plans, provide retirement benefits for our NEOs comparable to that of other employees who are not constrained by regulatory limits, offer more competitive benefits to newly appointed senior executives, and enhance the retention and recruitment of high-quality executives. The SERP provides additional pension benefits to a select group of management. The annual supplemental pension benefit is payable for ten years commencing at the earlier of retirement or termination. Credit for years of service under the

SERP may also be awarded to a participant at the discretion of the Compensation Committee. In 2015, the Company ceased adding new participants to the SERP. As a result, none of our current NEOs have a SERP benefit

- NEOs also participate in broad-based benefit plans that are available to all employees, including health insurance and life and disability insurance
- Executives’ benefits are not tied to individual or Company performance, which is the same approach used for other employees- changes to executives’ benefits reflect the changes to the benefits of other employees
- The Company provides no executive perquisites

NEO Compensation Mix

We believe in linking pay for performance. The following table indicates the percentage of each NEO’s total target direct compensation that is attributable to base salary, target bonus, and long-term incentives.

Application of Compensation Elements in 2016

Short-Term Incentives

Base Pay and Annual Bonuses

For 2016, Mr. Banyard received an increase in salary as a result of the elimination of his executive car allowance. In establishing Mr. Anversa's base salary, the Committee considered several factors including, but not limited to, median base salary for similarly situated CFOs, time-in-position, experience, performance, recruiting and future potential.

As described above, annual performance targets were established for achieving budgeted operating profit, growth in operating profit and achieving budgeted cash flow. Targets are established based upon a reasonable level of expected return given our performance against the annual budget. Once targets are established, the Compensation Committee sets minimum and maximum goals to appropriately reward for results that exceed or fall short of target expectations. The range of performance associated with each measure is within the range of market practices. For 2016, as set forth in greater detail below, the Company's financial performance did not meet our objectives and as such, our NEOs did not achieve payouts of their incentive bonuses.

	Bonus % Target Award ⁽¹⁾	Operating Profit (\$Millions)	Cash Flow (\$Millions)	Bonus % Target Award ⁽¹⁾	Growth In Operating Profit
Performance Objective					
Minimum	0%	33.1	40.2	35%	0%
Target	100%	41.4	50.3	100%	13.5%
Maximum	200%	49.7	60.4	200%	33.5%
2016 Actual Results		29.2	31.3		(20.0)%
2016 Percentage Achievement for Each Component		0%	0%		0%
Weighted Percentage		30%	30%		40%
2016 Percentage Payout Weighted Bonus		0%	0%		0%

(1) Bonuses for results in between performance objectives are interpolated

Long-Term Incentives

Once target values are developed, awards for each long-term element are based on an individual's position, experience, future potential, organizational level, scope of responsibilities, their ability to impact results, and any special recruiting and retention needs. For the NEOs, the Compensation Committee aimed to emphasize performance-based elements (long-term performance stock and cash incentives) and options over service-based elements (restricted stock units).

2016 Long-Term Incentive Mix

For the Company's NEOs, the following mix of target long-term incentives were set for 2016:

Mr. Banyard Mr. Brackman and Mr. Branning

*Mr. Anversa did not participate in the 2016 long-term incentive program due to his December 1, 2016 start date.

Long-Term Incentive Performance Objectives for Three-Year Period Ended in 2016

For the three-year period ending in 2016, the three-year ROIC performance objectives ranged from 8% (minimum) to 18% (maximum) with target results achieved at 13%. The method for determining the corresponding awards are as follows:

Return on Invested Capital (ROIC):	Calculation of Award (Percentage of Target Award):
Less than 8%	0%
8%	50%
8.01%-12.99%	100%, minus the amount, expressed as a percentage, determined by dividing (x) the number of percentage points (not to exceed 5 percentage points) by which the ROIC is lower than 12.99% by (y) 10%
13%	100%
13.1%-17.99%	100%, plus the amount, expressed as a percentage, determined by dividing (x) the number of percentage points (not to exceed 5 percentage points) by which the ROIC exceeds 13% by (y) 5%
18% or more	200%

For the three-year period ending in 2016, the Company achieved a three-year ROIC of 10.8%.

Long-Term Incentive Performance Objectives Established in 2016

For the three-year period ending in 2018, the Company established three-year ROIC performance objectives and the method for determining the corresponding awards, which are as follows:

Return on Invested Capital (ROIC):	Calculation of Award (Percentage of Target Award):
Less than 8.7%	0%
8.7%	50%
8.71%-13.69%	100%, minus the amount, expressed as a percentage, determined by dividing (x) the number of percentage points (not to exceed 5 percentage points) by which the ROIC is lower than 13.69% by (y) 10%
13.7%	100%
13.71%-18.69%	100%, plus the amount, expressed as a percentage, determined by dividing (x) the number of percentage points (not to exceed 5 percentage points) by which the ROIC exceeds 13.7% by (y) 5%
18.7% or more	200%

Target ROIC performance reflects the Compensation Committee's view of an appropriate benchmark based on the Company budget presented to the Committee by management. The Compensation Committee set a reasonable target in the preceding years to challenge management to continuously strive for and drive greater shareholder return.

Other Benefits

Mr. Branning participated in our SERP. The SERP was adopted to replace retirement benefits lost because of regulatory limits associated with qualified plans, provide retirement benefits for our NEOs comparable to that of other employees who are not constrained by regulatory limits, offer more competitive benefits to newly appointed senior executives, and enhance the retention and recruitment of high-quality executives. The SERP provided additional pension benefits to a select group of management.

The annual supplemental pension benefit is payable for ten years commencing at the earlier of retirement or termination. Credit for years of service under the SERP may also be awarded to a participant at the discretion of the Compensation Committee. As part of his employment arrangement, prior to his departure from the Company, Mr. Branning was provided with an annual SERP benefit up to \$50,000, respectively, payable for ten years commencing at the earlier of retirement or termination.

At the time of Mr. Branning's separation from the Company, he had earned 3 years of service under the SERP which means that he was 30% vested in the \$50,000 annual benefit. His benefit was further reduced by 50% based on his age at separation rather than the full retirement age of 65. Therefore Mr. Branning's SERP benefit is \$7,500 per year payable for 10 years.

In 2015, the Company ceased adding new participants to the SERP; therefore, Messrs. Banyard and Anversa are not provided with a SERP benefit.

NEOs also participate in broad-based benefit plans that are available to all employees, including health insurance and life and disability insurance. Executives' benefits are not tied to individual or Company performance, which is the same approach used for other employees. Moreover, changes to executives' benefits reflect the changes to the benefits of other employees.

Pay Decisions for 2017

As part of its ongoing efforts to achieve the Company's compensation goals, in November 2016 and again in March 2017, the Compensation Committee met to approve the Company's executive incentive pay program for NEOs for 2017. The Compensation Committee approved the following components the Company's incentive pay program:

- Revised Long-Term Incentive Mix for Executive Management
- Continue to Measure Performance Over a 3-Year Performance Period
- Continue the Practice of Utilizing Fixed Economic Awards as a Percentage of Salary
- Revised Long-Term Incentive Performance Metrics
- Revised Annual Bonus Performance Metrics

2017 NEO Compensation Mix

In arriving at its decisions on executive compensation, the Compensation Committee took into account the affirmative shareholder "say-on-pay" vote at the previous annual meeting of shareholders, as well as the results of discussions with shareholders, to inform the determination regarding the amounts and types of executive compensation and to better align with the Company's strategy and to more effectively correlate Company performance to compensation.

Revised Long-Term Incentive Mix for Executive Management

The Compensation Committee has adopted the following long-term incentive award mix for executive management (including our NEOs), to increase focus on stock price and stock ownership, while creating greater alignment with shareholder return:

- 50% performance restricted stock units at target
- 30% stock options
- 20% restricted stock units

These changes align executive management's long-term incentive mix with the NEOs', reflecting the view that all executive management should be aligned with the same incentive mix and have at least 50% of long-term incentive compensation subject to performance-based criteria.

Revised Performance Metrics

The Compensation Committee revised the long-term incentive and annual bonus performance metrics (as described below). These metrics were adopted to better align with the Company's strategy and to more effectively correlate Company performance to compensation. Additionally, these metrics are used by management to assess operating performance of the business.

Revised Long-Term Incentive Performance Metrics

For the 2017-2019 performance cycle, performance will be determined using the following metrics:

- Cumulative EBITDA over the performance period – 50% weighting
- Free cash flow as percentage of sales over the performance period – 50% weighting

Cumulative EBITDA acts as a measure of the Company's operating performance and relates strongly to shareholder return, creating greater alignment between executive compensation and enhancing shareholder value. Free cash flow is defined as cash flow from continuing operations less capital expenditures. Free cash flow as a percentage of sales recognizes the importance of the efficient use of cash to the Company's ability to fund ongoing investments in our business while incentivizing management to create a business culture that generates strong cash flow year after year.

Revised Annual Bonus Performance Metrics

For 2017 annual bonuses, performance will be determined using the following metrics:

Operating income growth – 70% weighting

Individual performance targets – 30% weighting

These metrics allow the Company to set long-term performance goals and align annual performance bonuses with the Company's financial performance, while retaining talented management.

Other Compensation Policies and Practices

Timing of Equity Grants and Grant Price

- Option grants and other equity incentives are generally awarded during the first Compensation Committee meeting of the fiscal year (normally in late February or early March)
- Because the date of this meeting is set more than a year in advance, we have limited our ability to time the market for equity awards
- The value of grants is determined by the closing price of our stock on the NYSE on the date that the Board approves such grants
- In addition, from time to time during the year, the Compensation Committee may make grants to a new employee or, in rare circumstances, to a current employee. In such cases, the value of the grant is based on the closing price of our stock on the NYSE on the date the grant is approved by the Board

Stock Ownership Guidelines

- A key objective of our pay program in general and our long-term incentive awards in particular is to encourage stock ownership. As a result, we have maintained Stock Ownership Guidelines since 2010
- Under the Stock Ownership Guidelines, our NEOs and non-employee directors are expected to hold a specified amount of our common stock. These expectations are as follows:
 - CEO: 5X annual base salary
 - CFO: 3X annual base salary
 - Non-Employee Directors: 5X annual cash Board retainer
- The NEOs and non-employee directors have five years from the effective date of the guidelines to attain the ownership requirement
- In determining stock ownership, we count shares owned outright, including shares owned jointly with a spouse or separately by a spouse and/or children that live in the NEO's household, vested and unvested restricted stock and restricted stock unit awards, and vested stock options

Accounting and

- We intend annual cash bonus amounts, performance restricted stock units and our long term cash incentive amounts to be fully deductible for federal income tax purposes under

Tax Considerations

Section 162(m)

- In order to achieve this we establish an annual Incentive Bonus Plan Pool against which payouts may be made
- In 2013, our shareholders approved the Performance Bonus Plan which is designed to permit us to grant incentive awards that may qualify as “qualified performance-based compensation” for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”)

Risk Assessment of Compensation Practices

In establishing compensation policies and practices for all of our employees, we use a mix of salary, bonus and equity-based compensation that supports the enhancement of revenue, earnings and cash performance of the Company for our shareholders without incurring undue risk. Under our long term incentive program, we place a greater emphasis on performance-based awards than service-based awards that we believe will further align the interests of our employees with those of our shareholders. Our risk oversight and overall compensation structure has features that guard against excessive risk taking, including:

- Our Board’s and its Committees’ role in risk oversight, including internal control over financial reporting and other strategic, financial, operational, compliance and technology policies and practices (see discussions elsewhere in this Proxy Statement regarding the Board’s involvement in risk oversight)
 - Diversified nature of our business segments with respect to industries and markets served, products and services sold, and geographic footprint
 - Establishment and annual review of base salaries to be consistent with an employee’s responsibilities
 - Determination and award of incentive awards based on a review of a variety of indicators of performance that diversifies the risks associated with any single indicator of performance
 - A mixture of fixed and variable, annual and long-term, and cash and equity compensation are provided to our employees to encourage strategy and actions that are in the long-term interests of the Company and our shareholders
 - Awards of incentive compensation with performance vesting criteria to reward employees for driving sustainable, profitable growth for shareholders
- Compensation Decision-Making

Pension Benefits

The following table shows all pension benefits held by the NEOs at the end of fiscal 2016 other than pursuant to our 401(k) Plan. The Company adopted a SERP, which provides certain pension benefits to a select group of management employees. The annual supplemental pension benefit is payable for ten years commencing at the earlier of retirement or termination. As part of their respective employment arrangements, Mr. Branning was provided with an annual SERP benefit up to \$50,000, payable for ten years commencing at the earlier of retirement or termination.

At the time of Mr. Branning's separation from the Company, he had earned 3 years of service under the SERP which means that he was 30% vested in the \$50,000 annual benefit. His benefit was further reduced by 50% based on his age of 55 rather than the full retirement age of 65. Therefore Mr. Branning's SERP benefit is \$7,500 per year payable for 10 years.

In 2015, the Company ceased adding new participants to the SERP, therefore Messrs. Banyard and Anversa are not provided with SERP benefits.

PROPOSAL NO. 4 — APPROVAL OF ADOPTION OF AMENDED AND RESTATED 2017 INCENTIVE STOCK PLAN

On April 24, 2015, Company shareholders adopted the Amended and Restated 2008 Incentive Stock Plan. On March 2, 2017, the Board approved, subject to receipt of shareholder approval at the Annual Meeting, the Amended and Restated 2017 Incentive Stock Plan (the “Amended and Restated Plan”).

Key changes to and new features of the Amended and Restated Plan include:

- Increases the number of shares of common stock available for grant under the plan by 1,126,950
- Extends the term of the Amended and Restated Plan to March 1, 2027
- Provides an absolute limit on the value of awards to non-employee directors
- Allows for liberal share counting
- Prohibits payment of dividends and dividend equivalents on unvested awards

The purpose of the Amended and Restated Plan is to provide incentives to our key employees and non-management independent directors to acquire common stock in the Company and to further align their incentives with the long-term growth and profitability objectives of the Company along with assisting the Company in attracting and retaining key employees, directors and consultants.

Since 2015, the Company’s weighted average diluted shares outstanding has been reduced through share repurchase of approximately 2,000,000 shares more than offsetting the dilutive effect from the award of shares under the equity compensation plan over that time period.

As of December 31, 2016, a total of 688,050 shares remained available for future awards under the plan.

As of December 31, 2016, the Company had approximately 48 employees and non-employee directors who are eligible to be considered for awards under the Amended and Restated Plan. The following table shows all compensation plans under which equity securities of the Company are authorized for issuance as of the end of fiscal 2016.

The Board of Directors recommends shareholder approval of the Amended and Restated Plan, which, if the amended plan is approved, will increase the number of shares available for awards from 688,050 to 1,815,000.

Summary of the Amended and Restated Plan

The following summary description of the Amended and Restated Plan is qualified in its entirety by reference to the full text of the Amended and Restated Plan, which is attached to this Proxy Statement as Annex A and incorporated herein by reference. The Amended and Restated Plan provides for the grant of awards to our directors, officers and key employees. The Compensation Committee has the ability to grant a number of types of stock awards such as stock options, stock appreciation rights, stock units, performance stock units, performance awards, restricted stock awards, restricted stock or restricted stock equivalents, or other forms of equity-based awards consistent with the purpose of the Amended and Restated Plan. The purpose of the Amended and Restated Plan is to provide incentives to our key employees and non-employee directors to acquire common stock in the Company, to further align their incentives with those of our shareholders to increase the value of the Company, and to assist the Company in attracting and retaining key employees and directors.

Administration of the Amended and Restated Plan

The Amended and Restated Plan is administered by the Compensation Committee of the Board or any other committee appointed by the Board. However, such other committee must consist of not less than two non-employee, independent directors of the Board. The Board has designated the Compensation Committee with the responsibility for the administration of the Amended and Restated Plan. Subject to the provisions of the Amended and Restated Plan, the Compensation Committee is authorized to grant awards, to interpret the plan and any awards, to prescribe, amend and rescind the rules and regulations relating to the Amended and Restated Plan and the awards and to make other necessary or advisable determinations.

Eligibility and Participation

The Amended and Restated Plan provides that directors, officers and key employees of, and consultants to, the Company and its subsidiaries who are selected by the Compensation Committee are eligible to receive awards. No incentive stock options may be granted to a participant who is not an employee of the Company or its subsidiaries. In determining participants to whom awards will be granted and the number of shares to be subject to such award, the Compensation Committee shall take into account the duties of the participants, their present and potential contributions and such other factors as the Compensation Committee deems relevant. In no event shall a participant receive an award to acquire more than 1,000,000 shares of common stock in any one calendar year. As of December 31, 2016, eight (8) non-employee directors, and approximately two (2) officers and thirty-eight (38) other employees were entitled to participate in the plan.

If the Amended and Restated Plan is approved by the shareholders at the Annual Meeting, an additional 1,126,950 shares will be authorized to be issued under the plan. Shares that are subject to awards that are forfeited, terminated or cancelled will be available for future issuance.

Option Awards

The Compensation Committee may grant incentive stock options, non-qualified stock options, or a combination of the two.

The exercise price of each option, whether it is an incentive stock option or non-qualified stock option, may not be less than the fair market value of the common stock at the date of grant. Under the plan, the fair market value is generally the closing price of the common stock on the NYSE (or other principal exchange) on the date of grant or if no sale takes place on such day on any exchange, the average of the last reported closing bid and asked price on such day. The exercise price of each incentive stock option granted to any participant possessing more than 10% of the combined voting power of all classes of capital stock of the Company, or, if applicable, a parent or subsidiary of the Company, on the date of grant must not be less than 110% of the fair market value on that date, and no such option

may be exercisable more than five years after the date of grant.

Options (other than certain incentive stock options as described above) granted will be exercisable for a term of not more than ten years from the date of grant but shall be subject to earlier termination. In addition, no employee may be granted an incentive stock option to the extent the aggregate fair market value, as of the date of grant, of the common stock with respect to which incentive stock options (under the plan and all other equity plans of the Company and its subsidiaries) are first exercisable by such participant during any calendar year exceeds \$100,000.

Except in connection with certain corporate transactions, the terms of outstanding awards may not be amended to reduce the exercise price of outstanding options or cancel outstanding options in exchange for cash, or other awards or options with an exercise price that is less than the exercise price of the original options, without shareholder approval.

Restricted Stock Awards and Performance Restricted Stock Awards

Restricted stock awards are rights to receive shares of common stock subject to forfeiture and other restrictions determined by the Compensation Committee. Generally, the number of shares of common stock subject to the restricted stock award shall be issued in the recipient's name and the recipient shall be a shareholder and have all the rights of a shareholder with respect to such shares including the right to vote such shares and to receive dividends and other distributions; provided, however, that dividends on any shares subject to a restricted stock award that have not previously vested may be paid directly to the participant, withheld by the Company subject to vesting or reinvested in additional shares subject to a restricted stock award with similar vesting provisions as determined by the Compensation Committee. Until the restrictions with respect to any restricted stock award lapse, the shares will be held by the Company and may not be sold or otherwise transferred by the employee. Except as otherwise determined by the Compensation Committee, until the restrictions lapse, the shares will be forfeited if the employee's employment is terminated for any reason. Restricted stock awards may vest upon either the passage of time or the achievement of one or more performance goals approved in writing and administered in accordance with Section 162(m) of the Code, which performance goals may be based on an increase in the fair market value of the common stock of the Company; total shareholder return; revenue, sales, settlements, market share, customer conversion, net income, share price and/or earnings per share; return on assets, net assets, and/or invested capital; economic value added; improvements in costs and/or expenses, EBIT, EBITDA, operating or gross profits, cash earnings or income from continuing operations, ROIC, net cash from continuing operations, cash flow from operating activities, free cash flow as a percentage of sales, growth in operating profit, performance relative to a peer group, or any similar performance measure established by the Compensation Committee.

Stock Appreciation Rights ("SARs")

An SAR is a right granted to a participant to receive shares of common stock or cash, or a combination thereof, in an amount equal to the excess of (a) the fair market value of a share of common stock on the date the SAR is exercised over (b) the fair market value of a share of common stock on the date the SAR was granted.

SARs granted on a stand-alone basis are exercisable for a term, not to exceed 10 years, to be determined by the Compensation Committee. SARs shall be subject to such other terms and conditions as the Compensation Committee, in its discretion, shall determine. The terms and conditions may include Compensation Committee approval of the exercise of the SAR, limitations on the time within which and the extent to which such SAR shall be exercisable, limitations, if any, on the amount of the appreciation in value which may be recognized with regard to such SAR, and specification of what portion, if any, of the amount payable to the participant upon exercise of such SAR shall be payable in cash and what portion, if any, shall be payable in shares of common stock.

Except in connection with certain corporate transactions, the terms of outstanding awards may not be amended to reduce the exercise price of outstanding SARs or cancel outstanding SARs in exchange for cash, or other awards or SARs with an exercise price that is less than the exercise price of the original SARs without shareholder approval.

Stock Unit Awards

Stock unit awards may be granted on such terms as the Compensation Committee may determine and may vest either based upon the passage of time or the achievement of one or more performance goals (performance stock units). A participant awarded stock units will not be deemed the beneficial owner of shares underlying the stock unit. Each stock unit or performance stock unit will represent the right of the participant to receive an amount equal to the fair market value of a share of common stock on the date of payment of such stock unit. A holder of stock units will have

no rights other than those of a general creditor of the Company. Payments made with respect to stock units may be made in the form of cash, shares or a combination of both and at such time as determined by the Compensation Committee at the time of the grant of the stock unit. Dividends and dividend equivalents are not paid on unvested awards.

Director Awards

Each non-employee director who is a director as of the date of the annual meeting with respect to any given year and has been a director for the entire period since the annual meeting of shareholders of the Company that was held in the immediately preceding calendar year will be granted a director award for a number of full shares determined by dividing the Applicable Director Amount by the fair market value of a share on the grant date, such grant to be made as of such meeting date without further action by the Compensation Committee (the “Applicable Director Amount” being the amount recommended by the Compensation Committee and approved by the full Board). A recipient director, upon receipt of the director award of shares, will be a shareholder with respect to all shares of common stock subject to the director award, including the right to vote such shares and to receive dividends and other distributions paid with respect to such shares. The Company has the right to grant stock units in lieu of shares, and a recipient director has the right to elect to receive stock units in lieu of shares.

Adjustments in Capitalization: Change In Control

Awards granted under the Amended and Restated Plan will be subject to adjustment upon stock dividend, stock split, recapitalization, merger, consolidation, combination, or exchange of shares, separation, reorganization or liquidation event, or other similar events, or in the event of extraordinary cash or non-cash dividends, being declared with respect to the shares, or similar transactions or events. Upon the occurrence of a specified event, the number and class of shares available under the Amended and Restated Plan in the aggregate and the number and class of shares subject to outstanding awards, applicable purchase prices and other applicable provisions, will be equitably adjusted by the Compensation Committee. Any adjustment to an incentive stock option shall be made in a manner consistent with Section 424 of the Code.

In the case of a “Change of Control,” the Compensation Committee may, in its sole discretion, determine, on a case-by-case basis, that each award, other than an award of stock units, granted under the Amended and Restated Plan shall terminate on the later of (i) the 30th day after the holder of the award receives written notice from the Company of its intention to terminate the award or (ii) the consummation of the Change of Control. Any holder of an option or SAR, in the event of such a termination, shall have the right, subject to any limitations on exercise contained in the award agreement, to exercise such option or SAR prior to the termination. A “Change of Control” includes: (i) the acquisition by any person of securities of the Company representing 30% of the voting power; (ii) during any one year period a majority of the Board has been changed; (iii) a merger or consolidation of the Company where securities representing more than 50% of the voting power are not held by the Company’s existing shareholders after such merger or consolidation; or (vi) approval by the shareholders of a plan of complete liquidation or sale or disposition of more than 50% of the Company’s assets.

Except as provided in an agreement that is currently in effect, the Company will not accelerate the vesting of any outstanding awards unless either (i) such acceleration is conditioned upon the subsequent termination of employment of a holder of an award or (ii) any such outstanding award is not assumed or replaced with a substituted award or right having a substantially equivalent economic value and substantially equivalent or better terms and conditions.

Valuation

The exercise price of each incentive stock option may not be less than the fair market value of the common stock at the date of grant. Under the Amended and Restated Plan, the fair market value is generally the closing price of the common stock on the NYSE on the date of grant if it is a business day (if the date of grant is not a business day, then fair market value is the closing price of the common stock on the last business day prior to the date of grant). Unless the Compensation Committee determines otherwise, the option price per share of any non-qualified stock option shall be the fair market value of the shares of common stock on the date the option is granted. The exercise price of each incentive stock option granted to any participant possessing more than 10% of the combined voting power of all classes of capital stock of the Company, or, if applicable, a parent or subsidiary of the Company, on the date of grant

must not be less than 110% of the fair market value on that date, and no such option may be exercisable more than five years after the date of grant.

Amendment and Termination

The Amended and Restated Plan will terminate on March 1, 2027, and awards will not be granted under the plan after that date although the terms of any award may be amended in accordance with the plan at any date prior to the end of the term of such award. Any awards outstanding at the time of termination of the plan will continue in

full force and effect according to the terms and conditions of the award and the plan. The plan may be amended by the Board of Directors, provided that shareholder approval will be necessary as required by applicable law, and provided further that no amendment may impair any rights of any holder of an award previously granted under the plan without the holder's consent.

Certain Federal Income Tax Consequences

Federal Income Tax Consequences – Non-Qualified Stock Options

A recipient of a non-qualified stock option will not recognize taxable income upon the grant of a non-qualified stock option. Upon the exercise of a non-qualified stock option, an option holder will generally recognize ordinary compensation income in an amount equal to the excess of (i) the fair market value of the shares received, over (ii) the exercise price paid therefor. An option holder will generally have tax basis in any shares received pursuant to the exercise of a non-qualified stock option that equals the fair market value of such shares on the date of exercise. Subject to the discussion under "Tax Code Limitations on Deductibility," the Company will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by an option holder under the foregoing rules.

Federal Income Tax Consequences – Incentive Stock Options

A recipient of an incentive stock option will not recognize taxable income for regular tax purposes upon the grant or exercise of such an option. Upon exercise of an incentive stock option, the excess of the fair market value of the shares received over the exercise price will increase the alternative minimum taxable income of the option holder, which may cause such option holder to incur alternative minimum tax. The payment of any alternative minimum tax attributable to the exercise of an incentive stock option would be allowed as a credit against the option holder's regular tax liability in a later year to the extent the option holder's regular tax liability is in excess of an alternative minimum tax for that year. Upon the disposition of shares acquired upon exercise of an incentive stock option that have been held for the requisite holding period (two years from the date of grant and one year from the date of exercise of the incentive stock option) an option holder will generally recognize capital gain (or loss) equal to the excess (or shortfall) of the amount received in the disposition over the exercise price paid by the option holder for the shares. However, if an option holder disposes of shares that have not been held for the requisite holding period (a "Disqualifying Disposition"), the option holder will generally recognize ordinary compensation income in the year of the Disqualifying Disposition in an amount equal to the amount by which the fair market value of the shares at the time of exercise of the incentive stock option (or, if less, the amount realized in the case of an arms-length Disqualifying Disposition to an unrelated party) exceeds the exercise price paid by the option holder for such shares. An option holder would also recognize capital gain to the extent the amount realized in the Disqualifying Disposition exceeds the fair market value of the shares on the exercise date.

The Company will generally not be entitled to any federal income tax deduction upon the grant or exercise of an incentive stock option, unless an option holder subsequently makes a Disqualifying Disposition of the shares. If an option holder makes a Disqualifying Disposition, the Company will then, subject to discussion below under "Tax Code Limitations on Deductibility," be entitled to a tax deduction that corresponds as to timing and amount with the compensation income recognized by an option holder under the rules described in the preceding paragraph.

Federal Income Tax Consequences – Restricted Stock Awards and Director Awards of Shares

Generally, a recipient of restricted stock (including performance stock awards) or a director award made in shares of common stock will recognize ordinary income for federal income tax purposes in an amount equal to the excess of the fair market value of the shares of common stock received at the time the shares first become transferable or are no longer subject to forfeiture over the purchase price, if any, paid for such common stock, and such amount will then be deductible for federal income tax purposes by the Company. Alternatively, if the recipient of a restricted stock award

so elects, the recipient will recognize ordinary income on the date of grant in an amount equal to the excess of the fair market value of the shares of common stock (without taking into account any lapse restrictions) on such date, over the purchase price, if any, paid by the recipient for such common stock, and such amount will then be deductible by the Company. In the event of the forfeiture of the common stock included in a restricted stock award, the recipient will not be entitled to any deduction except to the extent the recipient paid for such common stock. Upon a sale of the common stock included in the restricted stock award, the recipient will recognize a capital gain or loss, which will be a long term capital gain or loss if held for more than

one year, as the case may be, equal to the difference between the amount realized from such sale and the recipient's tax basis for such shares of common stock.

Federal Income Tax Consequences – SARS and Stock Units

A recipient will not generally recognize taxable income upon the grant of an SAR or stock unit (including performance stock units). The recipient will generally recognize ordinary income for federal income tax purposes in an amount equal to the amount of cash and/or the then fair market value of the shares of common stock received upon exercise of the SAR or payment of the stock unit, in the tax year in which payment is made in respect of an SAR or stock unit, and, subject to the discussion under "Tax Code Limitations on Deductibility," the Company will generally be entitled to a tax deduction for an equivalent amount for the same year.

Tax Code Limitations on Deductibility

In order for the amounts described above to be deductible by the Company, such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses. The ability of the Company to deduct the amounts described above could also in some circumstances be limited by the golden parachute payment rules of Section 280G of the Code, which prevent the deductibility of certain excess parachute payments made in connection with a change in control of a corporation. Finally, the ability of the Company to obtain a deduction for amounts paid under the plan could be limited by Section 162(m) of the Code, which limits to \$1,000,000 per officer the deductibility for federal income tax purposes of most compensation paid during a taxable year to certain executive officers of the Company. However, an exception to this limitation applies in the case of certain performance-based compensation. The Amended and Restated Plan is intended to satisfy the requirements for this exception for option grants and SARs and any other awards that vest based on the achievement of one or more performance goals.

The Amended and Restated Plan, and awards granted pursuant to it, are intended to comply with, or be exempt from, Section 409A of the Code and the regulations thereunder, to the extent applicable, so that recipients of awards will not be subject to the adverse consequences applicable to non-qualified deferred compensation that is not compliance with, or exempt from, Section 409A of the Code.

Tax Withholding

The Company is authorized to withhold from any award granted under the Amended and Restated Plan any withholding taxes due in respect of the award or payment. Subject to Compensation Committee approval, a participant may elect to satisfy his or her obligations for the payment of withholding taxes by delivery of shares of common stock.

Participants may obtain additional information about the Amended and Restated Plan by contacting the Company, Attention: Corporate Secretary, 1293 S. Main Street, Akron, Ohio 44301, (330) 253-5592.

New Plan Benefits Under the Amended and Restated Plan

The awards under the Amended and Restated Plan are subject to the discretion of the Compensation Committee and, therefore, are not determinable at this time. Similarly, the benefits or amounts which would have been received by or allocated to executive officers and our other employees for the last completed fiscal year if the amendment had been in effect cannot be determined. Please see the Grants of Plan-Based Awards Table and the Outstanding Equity Awards Table for information about awards made to our NEOs in the last year and currently held awards from prior years.

PROPOSAL NO. 5 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm. In accordance with these responsibilities, the Audit Committee appointed Ernst & Young LLP ("EY") as the Company's independent registered public accounting firm to audit the Company's consolidated financial statements for the year ended December 31, 2017. Additional information regarding the services provided to the Company by EY during 2016 is set forth below, under the section titled "Matters Relating to the Independent Registered Public Accounting Firm."

In selecting EY as the Company's independent registered public accounting firm, the Audit Committee considered a variety of factors, including:

- The firm's independence and internal quality controls
- The overall depth of talent
- EY's experience with the Company's industry and companies of similar scale and size

In determining whether to reappoint EY as the Company's independent registered public accounting firm for the year ending December 31, 2017, the Audit Committee again took those factors into consideration along with its evaluation of the past performance of EY and EY's familiarity with the Company's business and internal control over financial reporting. EY's audit report appears in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

In accordance with SEC rules and EY policies, audit partners are subject to rotation requirements to limit the number of consecutive years an individual partner may provide audit service to our company. For lead and concurring review audit partners, the maximum number of consecutive years of service in that capacity is five years. The process for selection of the lead audit partner under this rotation policy involves discussions with EY regarding qualified audit experience and ability to devote the time necessary to serve as lead audit partner. The EY lead audit partner at EY for the Company was appointed in 2014.

The Audit Committee believes that the continued retention of EY as our independent registered public accounting firm is in the best interest of the Company and our shareholders and, although shareholder ratification is not required under the laws of the State of Ohio, we are asking shareholder to ratify the selection of EY as our independent registered public accounting firm for 2017, in order to provide a means by which our shareholders may communicate their opinion to the Audit Committee. If our shareholders do not ratify the appointment of EY, the Audit Committee will reconsider the appointment, but is not obligated to change the appointment, and may for other reasons be unable to make another appointment.

The Board of Directors recommends that you vote "FOR" Proposal 5 relating to the ratification of the appointment of Ernst & Young LLP

The information contained in this report shall not be deemed to be “soliciting material” or “filed” with the SEC or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act or Exchange Act.

The Audit Committee, which is composed of five independent directors, is responsible for assisting the Board in fulfilling its oversight responsibilities pertaining to the accounting, auditing and financial reporting processes of the Company. The duties and responsibilities of the Audit Committee are set forth in the Audit Committee Charter, which is published on the Company’s website (www.myersindustries.com) on the Corporate Governance page under the Investor Relations section (and can be found directly here: http://s2.q4cdn.com/555961355/files/doc_downloads/committee/Audit-Committee-Charter-Amended-8-2-2016.pdf).

Management is responsible for establishing and maintaining the Company’s internal control over financial reporting and for preparing financial statements in accordance with accounting principles generally accepted in the United States of America. The Audit Committee is directly responsible for the appointment, oversight, compensation and retention of EY, the independent registered public accounting firm for the Company. EY is responsible for performing an independent audit of the Company’s annual financial statements and expressing an opinion on:

☐ The conformity, in all material respects, of the Company’s financial statements with accounting principles generally accepted in the United States of America and

☐ The effectiveness of internal control over financial reporting.

Each member of the Audit Committee is financially literate and independent as defined under the Board of Directors Independence Criteria policy and the independence standards set by the NYSE. The Board has identified each of Daniel R. Lee, F. Jack Liebau, Jr., Jane Scaccetti and Robert A. Stefanko as an “audit committee financial expert” and each are independent, as independence for audit committee members is defined in the applicable listing standards of the NYSE.

The Audit Committee’s responsibility is one of oversight. Members of the Audit Committee rely on the information provided and the representations made to them by: management, which has primary responsibility for establishing and maintaining appropriate internal control over financial reporting, and for the Company’s financial statements and reports; and by the independent registered public accounting firm, which is responsible for performing an audit in accordance with Standards of the Public Company Accounting Oversight Board — United States (“PCAOB”) and expressing an opinion on:

☐ The conformity, in all material respects, of the Company’s financial statements with accounting principles generally accepted in the United States of America

☐ The effectiveness of internal control over financial reporting

In the performance of our duties we have:

☐ Reviewed and discussed with management the Company’s audited financial statements as of and for the year ended December 31, 2016

☐ Discussed with EY, the independent registered public accounting firm for the Company, among other matters, the fair and complete presentation of the Company’s results, the assessment of the Company’s internal control over financial reporting, significant accounting policies applied in the Company’s financial statements, as well as, when applicable, alternative accounting treatments and the matters required to be discussed by Auditing Standard No. 16 (PCAOB 2012-01) and the rules of the Securities and Exchange Commission

☐ Received the written disclosures and the letter from EY required by applicable requirements of the Public Company Accounting Oversight Board Rule 3526 regarding EY’s communications with the Audit Committee concerning independence, and discussed with EY their independence from the Company and its management. As part of that review, we received the written disclosures and the letter required by applicable requirements of the PCAOB

regarding the independent accountant's communications with the Audit Committee concerning independence, and the Committee discussed the independent registered public accounting firm's independence from the Company.

¶The Audit Committee also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with the auditor's independence.

¶The Audit Committee concluded that the independent registered public accounting firm is independent from the Company and its management.

Based on the reviews and discussions referred to above, and exercising our business judgment, we recommended to the Board that the financial statements referred to above be included in this Proxy Statement and incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2016. We have selected EY as the Company's independent registered public accounting firm for fiscal 2017, and have approved submitting the selection of the independent registered public accounting firm for ratification by the shareholders.

Not later than November 21, 2017, if the proposal is submitted for inclusion in the Company's proxy materials for the annual meeting pursuant to Rule 14a-8 under the Exchange Act, or

Not earlier than January 25, 2018 and not later than February 24, 2018 (subject to announcement of the annual meeting date, as described below) if the proposal is submitted pursuant to the Company's Amended and Restated Code of Regulations.

In accordance with our Amended and Restated Code of Regulations, a shareholder may submit notice of a shareholder proposal that it intends to raise at our annual meeting (and not desiring to be included in the Company's proxy statement) only if advance written notice of such intention is received by the Corporate Secretary not less than sixty (60) days nor more than ninety (90) days prior to the date of such annual meeting of shareholders. The submission of such a notice does not ensure that a proposal can be raised at our Annual Meeting.

Incorporation by Reference

The Compensation Committee Report and the Audit Committee Report (including reference to the independence of the Audit Committee members) are not deemed filed with the SEC or subject to the liabilities of Section 18 of the Exchange Act, and shall not be deemed incorporated by reference into any prior or future filings made by us under the Securities Act, or the Exchange Act, except to the extent that we specifically incorporate such information by reference. The section of this proxy entitled “Compensation Discussion and Analysis” is specifically incorporated by reference in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016.

Cost of Proxy Solicitation

The accompanying proxy is solicited by and on behalf of the Board, whose notice of meeting is attached to this Proxy Statement, and the entire cost of such solicitation will be borne by Myers. In addition to the use of the mail, proxies may be solicited by personal interview, telephone and telegram by directors, officers and employees of Myers. Arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons, and Myers will reimburse them for reasonable out-of-pocket expenses incurred by them in connection therewith.

Copy of the Form 10-K

Although a copy of the Annual Report on Form 10-K is provided to you at the time of delivery of the definitive Proxy Statement, we will mail without charge, upon written request, a copy of our Annual Report on Form 10-K for the year ended December 31, 2016, including the consolidated financial statements, schedules and list of exhibits, and any particular exhibit specifically requested. Requests should be sent to: Myers Industries, Inc., 1293 South Main Street, Akron, Ohio 44301, Attn: Investor Relations. The Annual Report on Form 10-K is also available at www.myersindustries.com and at the SEC’s website at www.sec.gov.

Notice Regarding Delivery of Security Holder Documents

The SEC now permits companies to send a single set of annual disclosure documents to any household at which two or more shareholders reside, unless contrary instructions have been received, but only if the Company provides advance notice and follows certain procedures. In such cases, such shareholders continue to receive a separate notice of the meeting and proxy card. This “householding” process reduces the volume of duplicate information and reduces printing and mailing expenses. We have not instituted householding for shareholders of record; however, a number of brokerage firms may have instituted householding for beneficial owners of the Company’s shares of common stock held through such brokerage firms. If your family has multiple accounts holding shares of common stock of the Company, you already may have received householding notification from your broker. Please contact your broker directly if you have any questions or require additional copies of the annual disclosure documents. The broker will arrange for delivery of a separate copy of this Proxy Statement or our Annual Report promptly upon your written or oral request. You may decide at any time to revoke your decision to household, and thereby receive multiple copies.

The Committee shall consist of not less than two (2) outside directors as defined in Treasury Regulation 1.162-27 who shall also qualify as non employee directors within the meaning of Rule 16b-3; provided, however, that the failure to satisfy the foregoing requirement shall not affect the validity of any Awards granted under the Plan. Awards may be granted in each calendar year or portion thereof while the Plan is in effect to such of the Participants as the Committee, in its discretion, shall determine; provided, however, that no Incentive Stock Options may be granted to a Participant who is not an Employee. In determining the Participants to whom Awards shall be granted and the number of Shares to be subject to issuance or subject to purchase under such Awards, the Committee shall take into

A-6

account the duties of the respective Participants, their present and potential contributions to the success of the Company and its Subsidiaries, and such other factors as the Committee shall deem relevant in connection with accomplishing the purposes of the Plan. Notwithstanding anything to the contrary herein, no Participant shall receive Awards to acquire more than One Million (1,000,000) Shares in any one calendar year.

5.2Vesting. Awards granted under the Plan on or after the date the Plan this amendment and restatement becomes effective shall be subject to a minimum three (3) year vesting schedule, with one-third vesting to occur on each of the first three anniversaries of the date of the Award Agreement, provided however, that the Committee shall have the discretion to award up to ten percent (10%) of the Shares available for the grant of future Awards under the Plan as of the date hereof without being subject to the minimum vesting requirement.

6.Options

6.1Types of Options. Options granted under the Plan may be (i) Incentive Stock Options, (ii) Non-Qualified Stock Options, or (iii) a combination of the foregoing. The Option Agreement shall designate whether an Option is an Incentive Stock Option or a Non-Qualified Stock Option and separate Option Agreements shall be issued for each type of Option when a combination of an Incentive Stock Option and a Non-Qualified Stock Option are granted on the same date to the same Participant. Any Option which is designated as a Non-Qualified Stock Option shall not be treated by the Company or the Participant to whom the Option is granted as an Incentive Stock Option for federal income tax purposes.

6.2Option Price. The option price per share of any Option granted under the Plan shall not be less than the Fair Market Value of the Shares covered by the Option on the date the Option is granted. Notwithstanding anything herein to the contrary, in the event an Incentive Stock Option is granted to an Employee who, at the time such Incentive Stock Option is granted, owns, as defined in Section 424 of the Code, stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of:

(i)the Company; or

(ii)if applicable, a Subsidiary; or

(iii)if applicable, a Parent,

then the option price per share of any Incentive Stock Option granted to such Employee shall not be less than one hundred ten percent (110%) of the Fair Market Value of the Shares covered by the Option on the date the Option is granted.

6.3Terms of Options. Options granted hereunder shall be exercisable for a Term of not more than ten (10) years from the date of grant thereof, but shall be subject to earlier termination as hereinafter provided. Each Option Agreement issued hereunder shall specify the term of the Option, which term shall be determined by the Committee in accordance with its discretionary authority hereunder. Notwithstanding anything herein to the contrary, in the event an Incentive Stock Option is granted to an Employee who, at the time such Incentive Stock Option is granted, owns, as defined in Section 424 of the Code, stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of:

(i)the Company; or

(ii)if applicable, a Subsidiary; or

(iii)if applicable, a Parent,

then such Incentive Stock Option shall not be exercisable more than five (5) years from the date of grant thereof, but shall be subject to earlier termination as hereinafter provided.

A-7

6.4 Other Terms and Conditions of Options. Each Option or each Option Agreement setting forth an Option shall contain such other terms and conditions (e.g., vesting conditions) not inconsistent herewith as shall be approved by the Committee. Notwithstanding anything contained herein to the contrary, except in connection with a change in capitalization described in Section 15, the terms of outstanding Awards may not be amended to reduce the exercise price of outstanding Options or cancel outstanding Options in exchange for cash, or other Awards or Options with an exercise price that is less than the exercise price of the original Options without stockholder approval.

7. Limit on Fair Market Value of Incentive Stock Options

No Employee may be granted an Incentive Stock Option hereunder to the extent that the aggregate fair market value (such fair market value being determined as of the date of grant of the option in question) of the stock with respect to which incentive stock options are first exercisable by such Employee during any calendar year (under all such plans of the Employee's employer corporation, its Parent, if any, and its Subsidiaries, if any) exceeds One Hundred Thousand Dollars (\$100,000). For purposes of the preceding sentence, Options shall be taken into account in the order in which they were granted. Any Option granted under the Plan which is intended to be an Incentive Stock Option, but which exceeds the limitation set forth in this Section 7, shall be a Non-Qualified Stock Option.

8. Restricted Stock Awards

Restricted Stock Awards granted under the Plan shall be subject to such terms and conditions as Committee may, in its discretion, determine and set forth in the related Restricted Stock Award Agreements. Restricted Stock Awards shall be granted to Participants in accordance with, and subject to, the provisions set forth below.

8.1 Issuance of Shares. Each Restricted Stock Award shall be evidenced by a Restricted Stock Award Agreement that shall set forth the number of Shares issuable under the Restricted Stock Award. Subject to the restrictions in Section 8.3 of the Plan, and subject further to such other restrictions or conditions established by the Committee, in its discretion, and set forth in the related Restricted Stock Award Agreement, the number of Shares granted under a Restricted Stock Award shall be issued in the recipient Participant's name on the date of grant of such Restricted Stock Award or as soon as reasonably practicable thereafter.

8.2 Rights of Recipient Participants. Shares received pursuant to Restricted Stock Awards shall be duly issued or transferred to the Participant, and a certificate or certificates for such Shares shall be issued in the Participant's name. Subject to the restrictions in Section 8.3 of the Plan, and subject further to such other restrictions or conditions established by the Committee, in its discretion, and set forth in the related Restricted Stock Award Agreement, the Participant shall thereupon be a stockholder with respect to all the Shares represented by such certificate or certificates and shall have all the rights of a stockholder with respect to such Shares, including the right to vote such Shares and to receive dividends and other distributions paid with respect to such Shares provided that any cash dividends and stock dividends with respect to the Restricted Stock shall be withheld by the Company for the Participant's account, and interest may be credited on the amount of the cash dividends withheld at a rate and subject to such terms as determined by the Committee. The cash dividends or stock dividends so withheld by the Committee and attributable to any particular share of Restricted Stock (and earnings thereon, if applicable) shall be distributed to the Participant in cash or, at the discretion of the Committee, in shares of Common Stock having a Fair Market Value equal to the amount of such dividends, if applicable, upon the release of restrictions on such share and, if such share is forfeited, the Participant shall have no right to such dividends. In furtherance of the restrictions in Section 8.3 of the Plan and in the related Restricted Stock Award Agreement, the certificate or certificates for Shares awarded hereunder, together with a suitably executed stock power signed by such recipient Participant, shall be held by the Company in its control for the account of such Participant (i) until the restrictions in Section 8.3 of the Plan and in the related Restricted

Stock Award Agreement lapse pursuant to the Plan or the Restricted Stock Award Agreement, at which time a certificate for the appropriate number of Shares (free of all restrictions imposed by the Plan or the Restricted Stock Award Agreement) shall be delivered to the Participant, or (ii) until such Shares are forfeited to the Company and cancelled as provided by the Plan or the Restricted Stock Award Agreement.

A-8

8.3Restrictions. Except as otherwise determined by the Committee, in its sole discretion, and set forth in a Restricted Stock Award Agreement, each Share issued pursuant to a Restricted Stock Award Agreement shall be subject, in addition to any other restrictions set forth in the related Restricted Stock Award Agreement, to the following restrictions until such restrictions have lapsed pursuant to Section 8.4 of the Plan:

(a)Disposition. The Shares awarded to a Participant and held by the Company pursuant to Section 8.2 of the Plan, and the right to vote such Shares or receive dividends on such Shares, may not be sold, exchanged, transferred, pledged, hypothecated or otherwise disposed of; provided, however, that such Shares may be transferred upon the death of the Participant to the Participant's Successor. Any transfer or purported transfer of such Shares in violation of the restrictions outlined in this Section 8.3 shall be null and void and shall result in the forfeiture of the Shares transferred or purportedly transferred to the Company without notice and without consideration.

(b)Forfeiture. The Shares awarded to a Participant and held by the Company pursuant to Section 8.2 of the Plan shall be forfeited to the Company without notice and without consideration therefor immediately upon the complete termination of the Participant's employment with the Company and its Subsidiaries for any reason whatsoever and at such other times as may be set forth in a Restricted Stock Award Agreement.

8.4Lapse of Restrictions. The restrictions set forth in Section 8.3 of the Plan on Shares issued under a Restricted Stock Award shall lapse upon either the passage of time or the achievement of one or more Performance Goals and on such terms as the Committee, in its sole discretion, shall determine and set forth in the related Restricted Stock Award Agreement, and certificates for the Shares held for the account of the Participant in accordance with Section 8.2 of the Plan hereof shall be appropriately distributed to the Participant as soon as reasonably practical thereafter. In granting any Restricted Stock Award which is intended to qualify under Section 162(m) of the Code and the regulations thereunder, the Committee shall follow any procedures determined by the Committee from time to time to be necessary or appropriate to ensure the qualification of such Restricted Stock Award under Section 162(m) of the Code and the regulations thereunder.

8.5Issuance of Shares in Book Entry Form. Shares subject to a Restricted Stock Award, may be issued in book entry form and evidenced by a book entry account maintained by the Company's stock transfer agent, in which case (i) any requirement that certificates for Shares subject to a Restricted Stock Award be issued or delivered to a Participant shall be satisfied by the Company causing such Shares to be evidenced in a book entry account maintained by its stock transfer agent, (ii) any reference in Sections 8.2 through 8.4 of the Plan to Shares subject to a Restricted Stock Award being held by the Company shall include any Shares being held in a book entry account maintained by the Company's stock transfer agent, and (iii) the Company shall have the same right to delay the entry of the Shares in a book entry account maintained by its stock transfer agent as its right to delay delivery of Shares subject to an Award pursuant to Sections 18.1 and 21 of the Plan.

9. Stock Appreciation Rights

9.1Grant of SAR. The Committee, in its discretion, may grant a Participant an SAR on a stand-alone basis (i.e., independent of an Option).

9.2Limitations on Exercise. Each SAR granted on a stand-alone basis shall be exercisable to the extent, and for such Term, as the Committee may determine, provided, however that such Term shall not exceed ten (10) years. The SARs shall be subject to such other terms and conditions as the Committee, in its discretion, shall determine, which are not otherwise inconsistent with the Plan. The terms and conditions may include Committee approval of the exercise of the SAR, limitations on the time within which and the extent to which such SAR shall be exercisable, limitations, if any, on the amount of appreciation in value which may be recognized with regard to such SAR, and specification of what portion, if any, of the amount payable to the Employee upon exercise of such SAR shall be payable in cash and what portion, if any, shall be payable in Shares. If, and to the extent, that Shares are issued in satisfaction of amounts payable on exercise of an SAR, the Shares shall be valued at their Fair Market Value on the date of exercise.

9.3 Other Terms and Conditions of SARs. Notwithstanding anything contained herein to the contrary, except in connection with a change in capitalization described in Section 15, the terms of outstanding Awards may not be amended to reduce the exercise price of outstanding SARs or cancel outstanding SARs in exchange for cash, or other Awards or SARs with an SAR Base Price that is less than the SAR Base Price of the original SARs without stockholder approval.

10. Stock Units

Awards of Stock Units or Performance Stock Units granted under the Plan shall be subject to such terms and conditions as the Committee may, in its discretion, determine and set forth in the related Stock Unit Award or Performance Stock Unit Award Agreements.

10.1 Number of Shares. Each Stock Unit Award or Performance Stock Unit Award Agreement shall set forth the number of Shares subject to such Award.

10.2 Rights of Participant. A Participant awarded Stock Units or Performance Stock Units pursuant to the terms of this Plan shall not be deemed to be the beneficial owner of Shares underlying the Stock Units. Each Stock Unit or Performance Stock Unit shall represent the right of the Participant to receive an amount equal to the Fair Market Value of a Share on the date of the payment of such Stock Unit. A holder of Stock Units or Performance Stock Units shall have no rights other than those of a general creditor of the Company. Stock Units or Performance Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Stock Unit Award or Performance Stock Unit Award Agreement.

10.3 Terms of the Stock Units. Each Stock Unit or Performance Stock Unit Award Agreement granting one or more Stock Units or Performance Stock Units shall contain such other terms and conditions, including but not limited to provision for payment of dividend equivalents, not inconsistent herewith as shall be approved by the Committee, and may vest based on the passage of time or the achievement of one or more Performance Goals. Notwithstanding the foregoing, no dividend equivalents shall be paid on unvested Stock Units.

10.4 Performance Conditions. The right of a Participant to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Committee and provided within the applicable Performance Stock Unit Agreement. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions. If and to the extent required under Code Section 162(m), any power or authority relating to an Award intended to qualify under Code Section 162(m), shall be exercised by the Committee.

10.5 Performance Goals Generally. The Performance Goals for such Performance Stock Unit Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this Section 10. If an Award is intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the Code, Performance Goals shall be objective and shall meet the requirements of Code Section 162(m) and regulations thereunder including the requirement that the level or levels of performance targeted by the Committee result in the achievement of Performance Goals being “substantially uncertain.” The Committee may determine that such Awards shall be granted, exercised and/or settled upon achievement of any one Performance Goal or that two or more of the Performance Goals must be achieved as a condition to grant, exercise and/or settlement of such Awards. Performance Goals may differ for Awards granted to any one Participant or to different Participants.

10.6 Timing For Establishing Performance Goals. If an Award is intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the Code, Performance Goals shall be established

not later than the earlier of (i) ninety (90) days after the beginning of any Performance Period applicable to such Awards and (ii) the day on which 25% of any Performance Period applicable to such Awards has expired, or at such other date as may be required or permitted for “performance-based compensation” under Code Section 162(m).

A-10

10.7 Payment of Stock Units or Performance Stock Units. Payments made with respect to Stock Units or Performance Stock Units may be made in the form of cash, Shares or any combination of both and at such time as determined by the Committee at the time of the grant of the Stock Units.

11. Director Awards

11.1 Grant of Director Awards. Each Director, who is a Director as of the date of the annual meeting of the Board with respect to any given year (such date, the "Meeting Date") and has been a Director for the entire period since the annual meeting of shareholders of Company held in the immediately preceding calendar year, shall be granted a Director Award for a number of full Shares determined by dividing the Applicable Director Amount by the Fair Market Value of a Share on the grant date, such grant to be made as of such Meeting Date without further action by the Committee. The Applicable Director Amount shall be recommended by the Committee based on an annual review of the total Board compensation package and approved by the full Board. Each Director Award shall be evidenced by a Director Award Agreement. The number of Shares granted under a Director Award shall be issued in the recipient Director's name on the date of grant of such Director Award or as soon as reasonably practicable thereafter. Shares received pursuant to Director Awards shall be duly issued or transferred to the Director, and a certificate or certificates for such Shares shall be issued in the Director's name. Notwithstanding the foregoing, the Company may determine to grant Directors Stock Units in lieu of a grant of Shares.

11.2 Rights of Directors. A recipient Director shall thereupon be a stockholder with respect to all the Shares represented by such certificate or certificates and shall have all the rights of a stockholder with respect to such Shares, including the right to vote such Shares provided that any cash dividends and stock dividends with respect to the Shares shall be withheld by the Company for the Director's account, and interest may be credited on the amount of the cash dividends withheld at a rate and subject to such terms as determined by the Committee. The cash dividends or stock dividends so withheld by the Committee and attributable to any Shares (and earnings thereon, if applicable) shall be distributed to the Director in cash or, at the discretion of the Committee, in shares of Common Stock having a Fair Market Value equal to the amount of such dividends, if applicable, upon the release of restrictions on such Shares and, if such Share is forfeited, the Director shall have no right to such dividends. Notwithstanding anything to the contrary in this Section 11, each Director entitled to receive a Director Award of Shares on a particular Meeting Date shall have the right to elect to receive and be granted a Director Award for a number of full Stock Units determined by dividing the Applicable Director Amount by the Fair Market Value of a Share on the grant date in lieu of receiving a Director Award for an equivalent number of Shares on such Meeting Date. Any such election must be made in a written notice delivered to the Chairman of the Board or his designee on or before the Meeting Date for the calendar year immediately preceding the applicable Meeting Date, which election once made, shall be irrevocable. Any Stock Units granted to a Director pursuant to any such election or as provided in Section 11.1 shall provide that the Company will make a payment to such Director on the date that such Director ceases to be a member of the Board for any reason whatsoever of one Share for each such Stock Unit then held by such Director, or as soon thereafter as is reasonably practical, but in no event later than March 15 of the year following the date that such Director ceased to be a member of the Board, and will be subject to such other terms, including but not limited to provision for the payment of dividend equivalents, as contained in a Stock Unit Agreement approved by the Board, the execution of which shall be a condition to the receipt of the Stock Units.

11.3 Issuance of Shares in Book Entry Form. Shares subject to a Director Award as described in this Section 11 of the Plan, may be issued in book entry form and evidenced by a book entry account maintained by the Company's stock transfer agent, in which case (i) any requirement that certificates for Shares subject to a Director Award be issued or delivered to a Director pursuant to this Section 11 of the Plan shall be satisfied by the Company causing such Shares to be evidenced in a book entry account maintained by its stock transfer agent, and (ii) the Company shall have the same right to delay the entry of the Shares in a book entry account maintained by its stock transfer agent as its right to delay delivery of Shares subject to an Award pursuant to Sections 18.1 and 21 of the Plan.

11.4 Limitation on Awards to Non-Employee Directors. Notwithstanding any other provision of this Plan to the contrary, the aggregate grant date fair value (computed as of the date of grant in

A-11

accordance with applicable financial accounting rules) of all Awards granted to any Participant who is a non-employee Director of the Company during any single fiscal year shall not exceed \$300,000.

12.Date of Grant

The date of grant of an Award granted hereunder shall be the date on which the Committee acts in granting the Award or, if later, such other date as the Committee shall specify.

13.Exercise of Rights Under Awards and Recoupment of Certain Compensation.

13.1 Notice of Exercise. A Participant entitled to exercise an Award may do so by delivery of a written notice to that effect specifying the number of Shares or SARs with respect to which the Award is being exercised and any other information the Committee may prescribe. The notice shall be accompanied by payment in full of the purchase price of any Shares to be purchased, which payment may be made in cash or, with the Committee's approval in Shares valued at Fair Market Value at the time of exercise or a combination thereof. No Shares shall be issued upon exercise of an Option until full payment has been made therefor. All notices or requests provided for herein shall be delivered to the Chief Financial Officer of the Company, or such other person as the Committee shall designate.

13.2 Cashless Exercise Procedures. The Company, in its sole discretion, may establish procedures whereby a Participant, subject to the requirements of Rule 16b-3, Regulation T, federal income tax laws, and other federal, state and local tax and securities laws, can exercise an Option or a portion thereof without making a direct payment of the option price to the Company; provided, however, that these cashless exercise procedures shall not apply to Incentive Stock Options which are outstanding on the date the Company establishes such procedures unless the application of such procedures to such Options is permitted pursuant to the Code and the regulations thereunder without affecting the Options' qualification under Code Section 422 as Incentive Stock Options. If the Company so elects to establish a cashless exercise program, the Company shall determine, in its sole discretion, and from time to time, such administrative procedures and policies as it deems appropriate and such procedures and policies shall be binding on any Participant wishing to utilize the cashless exercise program.

13.3 Rights of Award Holder. Except as set forth in Section 8 and Section 11 of the Plan, the holder of an Award shall not have any of the rights of a stockholder with respect to the Shares subject to purchase or receipt under his Award, except to the extent that one or more certificates for such Shares shall be delivered to him upon the due exercise or grant of the Award. Shares subject to an Award under the Plan may be issued in book entry form and evidenced by a book entry account maintained by the Company's stock transfer agent, in which case (i) any requirement that certificates for Shares subject to an Award be issued or delivered to a Participant or Director pursuant to Section this Section 13.3 of the Plan shall be satisfied by the Company causing such Shares to be evidenced in a book entry account maintained by its stock transfer agent, and (ii) the Company shall have the same right to delay the entry of the Shares in a book entry account maintained by its stock transfer agent as its right to delay delivery of Shares subject to an Award pursuant to Sections 18.1 and 21 of the Plan.

13.4 Recoupment of Certain Compensation Attributable to Awards. Any Award granted hereunder which is subject to recovery under any law, government regulation, stock exchange listing requirement, or Company policy, will be subject to such deductions and clawback as may be required to be made pursuant to such law, government regulation, stock exchange listing requirement, or Company policy.

14.Nontransferability of Awards

An Award shall not be transferable, other than: (a) by will or the laws of descent and distribution, and an Award may be exercised, during the lifetime of the holder of the Award, only by the holder or in the event of death, the holder's

Successor, or in the event of disability, the holder's personal representative, or (b) pursuant to a qualified domestic relation order, as defined in the Code or the Employee Retirement Income Security Act (ERISA) or the rules thereunder; provided, however, that an Incentive Stock Option may not be transferred pursuant to a qualified domestic relations order unless such transfer is otherwise permitted pursuant to the Code and the regulations thereunder without affecting the Option's qualification under Code Section 422 as an Incentive Stock Option.

A-12

15. Adjustments Upon Changes in Capitalization

In the event of changes in all of the outstanding Shares by reason of stock dividends, stock splits, recapitalizations, mergers, consolidations, combinations, or exchanges of shares, separations, reorganizations or liquidations, or similar events, or in the event of extraordinary cash or non-cash dividends being declared with respect to the Shares, or similar transactions or events, the number and class of Shares available under the Plan in the aggregate, the number and class of Shares subject to Awards theretofore granted, applicable purchase prices, Option prices, SAR Base Prices, individual share limits, and all other applicable provisions, shall, subject to the provisions of the Plan, be equitably adjusted by the Committee (which adjustment may, but need not, include payment to the holder of an Option or SAR, in cash or in shares, in an amount equal to the difference between the price at which such Award may be exercised and the then current Fair Market Value of the Shares subject to such Option as equitably determined by the Committee) in order to prevent the diminution or enlargement of benefits thereunder. The foregoing adjustment and the manner of application of the foregoing provisions shall be determined by the Committee, in its sole discretion; provided, however, that to the extent applicable, any adjustment to an Incentive Stock Option shall be made in a manner consistent with Section 424 of the Code. Any such adjustment may provide for the elimination of any fractional share which might otherwise become subject to an Award.

16. Change in Control

Notwithstanding anything to the contrary in the Plan or any Award Agreement, in the case of a Change of Control, the Committee may, in its sole discretion, determine, on a case by case basis, that each Award, other than an Award of Stock Units, granted under the Plan shall terminate upon the later of (i) the thirtieth (30th) day after the Award holder receives written notice from the Company of its intention to terminate the Award, or (ii) the consummation of such Change of Control, but, in the event of any such termination, an Option or SAR holder shall have the right, conditioned upon the consummation of such Change of Control and subject to any limitation on the exercise of such Option or SAR in effect on the date of exercise, to exercise such Option or SAR, prior to its termination, as to the portion of the Option or SAR with respect to which the holder's right to exercise the Option or SAR had previously vested as of the termination date. Except as provided in an Award Agreement, or a written employment agreement or separation agreement in effect on the Effective Date, the Company will not accelerate the vesting of any outstanding Awards in connection with a Change in Control unless either (i) such acceleration is conditioned upon the employment of the holder of an outstanding Award being terminated on or after such Change in Control or (ii) any such outstanding Awards are not assumed or replaced with a substituted award or right having a substantially equivalent economic value and substantially equivalent or better terms and conditions.

17. Forms of Awards

Nothing contained in the Plan nor any resolution adopted or to be adopted by the Board, the Committee or by the stockholders of the Company shall constitute the granting of any Award. An Award shall be granted hereunder only by action taken by the Committee in granting an Award. Whenever the Committee shall designate a Participant or Director for the receipt of an Award, the President of the Company, or such other person as the Committee shall designate, shall forthwith send notice thereof to the Participant or Director, in such form as the Committee shall approve, stating the number of Shares subject to the Award, its Term, if applicable, and the other terms and conditions thereof. The notice shall be accompanied by an Award Agreement in such form as may from time to time hereafter be approved by the Committee, which shall have been duly executed by or on behalf of the Company. If the surrender of previously issued Awards is made a condition of the grant, the notice shall set forth the pertinent details of such

condition. Execution by the Participant or Director to whom such Award is granted of an Award Agreement in accordance with the provisions set forth in this Plan shall be a condition precedent to the exercise or grant of any Award.

18. Taxes

18.1 Right to Withhold Required Taxes. The Company shall have the right to require a person entitled to receive Shares pursuant to receipt, vesting or exercise of an Award under the Plan to pay the Company the amount of any taxes which the Company is or will be required to withhold with respect to such Shares before the certificate for such Shares is delivered pursuant to the Award. Furthermore, the

A-13

Company may elect to deduct such taxes from any other amounts then payable in cash or in shares or from any other amounts payable any time thereafter to the Participant. If an Employee disposes of Shares acquired pursuant to an Incentive Stock Option in any transaction considered to be a disqualifying transaction under Sections 421 and 422 of the Code, the Employee shall notify the Company of such transfer and the Company shall have the right to deduct any taxes required by law to be withheld from any amounts otherwise payable then or at any time thereafter to the Employee. Shares subject to an Award under the Plan may be issued in book entry form and evidenced by a book entry account maintained by the Company's stock transfer agent, in which case the Company shall have the same right to delay the entry of the Shares in a book entry account maintained by its stock transfer agent as its right to delay delivery of Shares subject to an Award pursuant to this Section 18.1 and Section 21 of the Plan.

18.2 Election to Withhold Shares. Subject to Committee approval, a Participant may elect to satisfy his tax liability with respect to the exercise of an Option or the receipt or vesting of a Restricted Stock Award or payment of a Stock Unit Award by having the Company withhold Shares otherwise issuable upon exercise of the Option or deliverable upon the grant or vesting of the Restricted Stock Award or payment of a Stock Unit Award; provided, however, that if a Participant is subject to Section 16(b) of the Exchange Act, such election must satisfy the requirements of Rule 16b-3.

18.3 The Plan shall terminate ten (10) years from the Effective Date hereof, and an Award shall not be granted under the Plan after that date although the terms of any Awards may be amended at any date prior to the end of its Term in accordance with the Plan. Any Awards outstanding at the time of termination of the Plan shall continue in full force and effect according to the terms and conditions of the Award and this Plan.

The Plan may be amended at any time and from time to time by the Board, but no amendment without the approval of the stockholders of the Company shall be made if stockholder approval would be required under any applicable law. Notwithstanding the discretionary authority granted to the Committee in Section 4 of the Plan, no amendment of the Plan or any Award granted under the Plan shall impair any of the rights of any holder, without such holder's consent, under any Award theretofore granted under the Plan.

Delivery of certificates for Shares pursuant to the grant or exercise of an Award may be postponed by the Company for such period as may be required for it with reasonable diligence to comply with any applicable requirements of any federal, state or local law or regulation or any administrative or quasi-administrative requirement applicable to the sale, issuance, distribution or delivery of such Shares. The Committee may, in its sole discretion, require a Participant to furnish the Company with appropriate representations and a written investment letter prior to the receipt or exercise of an Award or the delivery of any Shares pursuant to an Award. Shares subject to an Award under the Plan may be issued in book entry form and evidenced by a book entry account maintained by the Company's stock transfer agent, in which case the Company shall have the same right to delay the entry of the Shares in a book entry account maintained by its stock transfer agent as its right to delay delivery of Shares subject to an Award pursuant to Section 18.1 and this Section 21 of the Plan.

19. Fees and Costs

The Company shall pay all original issue taxes on the grant or exercise of any Award granted under the Plan and all other fees and expenses necessarily incurred by the Company in connection therewith.

20. Effectiveness of the Plan

The Plan shall be submitted to the Company's shareholders for approval and unless the Plan is approved either (i) by the affirmative votes of the holders of shares having a majority of the voting power of all shares represented at a meeting duly held in accordance with Ohio law within twelve (12) months after being approved by the Board, or (ii) by a written consent of shareholders in accordance with Ohio law within twelve (12) months after being approved by the Board, the Plan (and all Awards made from the Additional Shares) shall be void and of no force and effect, and

the Existing Plan shall continue in full force and effect.
