INFORMATION CONCERNING FORWARD-LOOKING STATEMENTS

Marsh & McLennan Companies, Inc. and its subsidiaries ("MMC") and their representatives may from time to time make verbal or written statements (including certain statements contained in this report and other MMC filings with the Securities and Exchange Commission and in our reports to stockholders) relating to future results, which are forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Such statements may include, without limitation, discussions concerning revenues, expenses, earnings, cash flow, elimination of market service agreements ("MSA"), capital structure, existing credit facilities, access to commercial paper markets, pension funding, the adverse consequences arising from market-timing issues at Putnam, including fines and

restitution, the matters raised in the complaint filed by the New York State Attorney General's Office stating a claim for, among other things, fraud and violations of New York State antitrust and securities laws, as well as market

and industry conditions, premium rates, financial markets, interest rates, foreign exchange rates, contingencies, and matters relating to MMC's operations and income taxes. Such forward-looking statements are based on available current market and industry materials, experts' reports and opinions, and long-term trends, as well as management's expectations concerning future events impacting MMC. Forward-looking statements by their very nature involve risks and uncertainties. Factors that may cause actual results to differ materially from those contemplated by any forward-looking statements contained herein include, in the case of MMC's risk and insurance services business, changes in competitive conditions, the impact of litigation and other matters concerning the claims brought by the New York State Attorney General's Office and state insurance regulators, loss of clients, inability to collect previously accrued MSA revenue, movements in premium rate levels, the conditions for the transfer of commercial risk and other changes in the global property and casualty insurance markets, natural catastrophes, mergers between client organizations, and insurance or reinsurance company insolvencies. Factors to be considered in the case of MMC's investment management business include changes in worldwide and national equity and fixed income markets, actual and relative investment performance, the level of sales and redemptions, and the ability to maintain investment management and administrative fees at historic levels; and with respect to all of MMC's activities, the ability to amend or replace MMC's existing credit facilities to provide long term support for commercial paper borrowings following the claims brought by the New York State Attorney General, the continued strength of MMC's relationships with its employees and clients, the ability to successfully integrate acquired businesses and realize expected synergies, changes in general worldwide and national economic conditions, the impact of terrorist attacks, changes in the value of investments made in individual companies and investment funds, fluctuations in foreign currencies, actions of competitors or regulators, changes in interest rates or in the ability to access financial markets, developments relating to claims, lawsuits and contingencies, prospective and retrospective changes in the tax or accounting treatment of MMC's operations, and the impact of tax and other legislation and regulation in the jurisdictions in which MMC operates.

Forward-looking statements speak only as of the date on which they are made, and MMC undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which it is made or to reflect the occurrence of unanticipated events. Please refer to Marsh & McLennan Companies' 2003 Annual Report on Form 10-K for "Information Concerning Forward-Looking Statements," its reports on Form 8-K, and quarterly reports on Form 10-Q.

MMC is committed to providing timely and materially accurate information to the investing public, consistent with our legal and regulatory obligations. To that end, MMC and its operating companies use their websites to convey meaningful information about their businesses, including the anticipated release of quarterly financial results and the posting of updates of assets under management at Putnam. Monthly updates of total assets under management at Putnam will be posted to the MMC website the first business day following the end of each month.
