Item 2.05. Costs Associated with Exit or Disposal Activities.

As of November 20, 2018, Invacare Corporation (the “Company”) has informed substantially all of its affected employees of a reduction in the Company’s workforce of approximately 50 associates in Europe in connection with the Company’s cost reduction efforts. As part of the Company’s long-term plan to increase shareholder value, the Company targeted a goal of achieving \$12.5 million of operating margin improvement from cost reduction activities specifically in Europe. In connection with this reduction in workforce, the Company expects to incur total pre-tax cash restructuring charges, primarily relating to severance and transition assistance, of approximately \$0.9 million, that will be expensed in the fourth quarter of 2018 in the Europe segment. The Company expects cash payments to be made in the fourth quarter of 2018 through the second quarter of 2019. Once this reduction in workforce is completed, the Company expects that it will generate approximately \$2.5 million in annualized pre-tax savings. To date, including this action, the Company has announced cost reductions actions which are anticipated to result in approximately \$5.8 million in annualized pre-tax savings towards the \$12.5 million goal in Europe.
