The Aristotle Corporation Announces

2007 First Quarter Results and Sets Date of Annual Meeting

Stamford, CT, May 4, 2007 - The Aristotle Corporation (NASDAQ: ARTL; ARTLP) announced today its results of operations for the quarter ended March 31, 2007, and set the date for its 2007 Annual Meeting of Stockholders.

First Quarter 2007 Results

For the quarter ended March 31, 2007, net sales increased 4.5% to \$48.2 million from \$46.2 million for the quarter ended March 31, 2006. Earnings before income taxes increased 13.7% to \$7.4 million for the quarter ended March 31, 2007 from \$6.5 million for the quarter ended March 31, 2006, and net earnings increased 14.1% to \$4.5 million for the quarter ended March 31, 2007 from \$4.0 million from the quarter ended March 31, 2006. Net earnings applicable to common stockholders for the quarter ended March 31, 2007 were \$2.4 million, or \$.13 per diluted common share, compared to \$1.8 million, or \$.10 per diluted common share, for the quarter ended March 31, 2006.

The reported net earnings are shown after deduction for Federal, state and foreign income tax expenses. Approximately \$1.3 million and \$1.9 million of the income tax provision for the quarters ended March 31, 2007 and 2006, respectively, relate to the non-cash charge for utilization of Federal net operating tax loss carryforwards (NOL s). The utilization of NOL s for the reported quarters reduced Aristotle s current Federal tax liability, thereby conserving cash. In the quarter ended March 31, 2007, the remaining balance of NOL s available as of December 31, 2006, approximately \$3.6 million, was utilized by Federal taxable income generated by the Company.

Steven B. Lapin, Aristotle s President and Chief Operating Officer, stated, I am delighted to report the increase in quarterly earnings per share, on a fully diluted basis, to \$.13 per common share compared to \$.10 per common share in the same quarter of last year. Although the first calendar quarter is historically one of the lower revenue quarters of the year, the Company s ability to yield improved earnings in the 2007 first quarter is an indication that management continues to effectively control the Company s operating expenses.

Additionally, gross profit margins improved in the 2007 first quarter to 39.3% of net sales, compared to 38.1% in the 2006 first quarter. Each business unit applies corporately-coordinated procurement practices that effectively consolidate purchasing leverage to attain the best available merchandise pricing from vendors. The Company continues to nurture mutually-beneficial business relationships with vendors so as to expand the value of its product offerings to all customers.

Dean Johnson, Aristotle s Chief Financial Officer, commented, At December 31, 2006, the Company had approximately \$3.6 million of NOL s available that could be utilized to offset future Federal income tax obligations. In the first quarter of 2007, the Company generated taxable income in excess of the \$3.6 million balance of NOL s. Utilization of this remaining balance of NOL s provided the Company a Federal tax benefit of approximately \$1.3 million in the first quarter of 2007. In future quarters, the Company will utilize cash to pay its Federal income tax obligations.

2007 Annual Meeting

Aristotle also announced today that it will hold its 2007 Annual Meeting of Stockholders on August 8, 2007. Stockholders of record on June 29, 2007 will be entitled to vote at the meeting. Any stockholder wishing to submit a proposal to be considered for inclusion in Aristotle's proxy statement and proxy for the Annual Meeting must deliver the proposal by May 25, 2007, addressed to Aristotle's Secretary at 96 Cummings Point Road, Stamford, Connecticut 06902.
