Proxy Statement for the 2002 Annual Meeting of Stockholders
To Be Held on August 29, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Diacrin, Inc. (the "Company") for use at the Annual Meeting of Stockholders to be held on August 29, 2002 (the "Annual Meeting") and at any adjournment of that meeting. All proxies will be voted in accordance with the stockholders' instructions, and if no

Edgar Filing: DIACRIN INC /DE/ - Form DEF 14A

choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of a written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting.

The Company's Annual Report for the year ended December 31, 2001 was mailed to stockholders, along with these proxy materials, on or about July 26, 2002.

A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2001, as filed with the Securities and Exchange Commission, except for exhibits, will be furnished without charge to any stockholder upon written request of Investor Relations, Diacrin, Inc., Building 96, 13th Street, Charlestown Navy Yard, Charlestown, Massachusetts 02129. Exhibits will be provided upon written request upon payment of an appropriate processing fee.

Securities and Votes Required

At the close of business on July 5, 2002, the record date for the determination of stockholders entitled to vote at the Annual Meeting, there were outstanding and entitled to vote 17,937,204 shares of common stock, \$0.01 par value per share (the "Common Stock") (constituting all of the outstanding voting stock of the Company). Each share of Common Stock entitles the holder to one vote.

Under the Company's By-laws, the holders of a majority of the shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock present in person or represented by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

If a quorum is present, the affirmative vote of the holders of a plurality of the shares of Common Stock present (either in person or by proxy) and entitled to vote is required for the election of directors. If a quorum is present, the affirmative vote of the holders of a majority of the shares of Common Stock present (either in person or by proxy) and entitled to vote is required to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the current year. For purposes of tabulating the vote, abstentions will be treated as shares that are present and entitled to vote. Accordingly, an abstention will have the same effect as a vote against the matter. In addition, if a broker or nominee holding stock in "street name" indicates on the proxy that it does not have discretionary authority to vote as to a particular matter, those shares will not be considered as present and entitled to vote with respect to that particular matter. Accordingly, a "broker non-vote" on a matter will have no effect on the outcome of the voting on such matter.

Principal Stockholders

The following table sets forth the beneficial ownership of the Company's Common Stock as of June 15, 2002 by:

- each person who is known to beneficially own more than 5% of the Company's Common Stock;

Edgar Filing: DIACRIN INC /DE/ - Form DEF 14A

- each of the Company's directors;
- each of the Company's executive officers; and
- all of the Company's executive officers and directors as a group.

Unless otherwise noted, each person or group has sole voting and investment power of the shares listed. The inclusion of any shares listed below as beneficially owned does not constitute an admission of beneficial ownership of those shares.

The "Options" column reflects shares of the Company's Common Stock subject to options which are exercisable within 60 days after June 15, 2002. The shares of the Company's Common Stock which are subject to options are deemed to be outstanding for the purpose of computing the percentage of ownership of the person holding such options, but are not deemed to be outstanding for computing the percentage of ownership of any other person. As of June 15, 2002, there were 17,937,204 shares of the Company's Common Stock outstanding.

Each director will be elected to hold office until the 2003 Annual Meeting of Stockholders and until his successor is duly elected and qualified. The nominees have indicated their willingness to serve, if elected; however, if any nominee should be unable to serve, the shares of Common Stock represented by proxies may be voted for a substitute nominee designated by the Board of Directors. The Board of Directors unanimously recommends a vote "For" the election of the nominees.

Meetings of Board of Directors and Committees

During 2001, the Board of Directors held seven meetings. Each director attended at least 75% of the meetings of the Board and of the committees on which he then served.

The Company has a Compensation Committee composed entirely of directors who are not employees of the Company. The Committee provides recommendations to the Board regarding compensation programs of the Company, administers the Company's stock option plans and is authorized to grant stock options under such plans to officers and directors of the Company. In addition, this Committee approves the compensation paid to the President and Chief Executive Officer and other executive officers of the Company. The Compensation Committee met once during 2001. The current members of the Compensation Committee are Messrs. Littlechild and Termeer and Dr. Papadopoulos. See "Report of the Compensation Committee" below.

The Company has an Audit Committee which provides the opportunity for direct contact between the Company's independent auditors and the Board, reviews the effectiveness of the auditors during the annual audit, monitors the Company's internal accounting control policies and procedures, oversees financial reporting to stockholders, oversees the ethical behavior of management, and considers and recommends the selection of the Company's independent auditors. The Audit Committee met three times during 2001. The current members of the Audit Committee are Drs. Horovitz and Papadopoulos and Mr. Ruch. See "Report of the Audit Committee" below.

The Company does not have a Nominating Committee or a committee serving similar functions. Nominations are made by and through the full Board of Directors.

Director Compensation

Dr. Horovitz receives \$2,000 plus expenses per board meeting attended plus an additional \$4,000 annually for consulting work performed on behalf of the Company. No other directors receive any cash compensation for services on the Board of Directors.

On June 11, 2001, all non-employee directors were granted an option to purchase 6,000 shares of common stock under our 1997 Stock Option Plan at an exercise price of \$2.00 per share. The options may be exercised on a cumulative basis as to 25% of the shares on the first anniversary of the date of grant and an additional 25% at the end of each one-year period thereafter.

Employment Agreements

The Company has entered into a letter agreement with Dr. Fraser dated February 6, 1990, providing for an annual salary plus bonus as determined by the Board of Directors. The Company has agreed with Dr. Fraser to continue to pay his then current salary for a period of six months if it terminates his employment without cause. Dr. Fraser has also agreed not to compete with the Company for one year following termination of his employment. At the Company's election, this non-competition provision can be extended for an additional two-year period upon the payment of additional consideration.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities. Officers, directors and greater than ten percent beneficial owners are required to furnish us with copies of all Section 16(a) forms that they file.

Based solely on our review of the copies of such reports received or written representations that no other reports were required, we believe that, except as follows, during the fiscal year ended December 31, 2001, our officers, directors and ten-percent stockholders complied with all Section 16(a) filing requirements applicable to such individuals. A Form 5, Annual Statement of Changes in Beneficial Ownership, for Mr. Littlechild reporting a stock option grant made during 2001 was inadvertently filed late.

Report of the Compensation Committee

The Company's executive compensation program is administered by the Compensation Committee (the "Committee"), which is composed of three directors who are neither employees nor officers of the Company. The Committee reviews and approves the salaries and incentive compensation of the Chief Executive Officer and the other executive officers of the Company. The objectives of the Company's executive compensation program are as follows:

- provide an incentive for the achievement of strategic goals and objectives of the Company;
- support the pay-for-performance concept by tying executive

Edgar Filing: DIACRIN INC /DE/ - Form DEF 14A

- compensation to the Committee's subjective determination of the quality of performance for the preceding fiscal year;
- attract and retain key executives essential to the long-term success of the Company; and
- align the executive officers' interests with the long-term interests of the stockholders.

The Company's executive compensation program consists of three principal elements: base salary, an annual management cash bonus and incentive stock options. The Company does not believe that section 162(m) of the Internal Revenue Code of 1986, as amended, which disallows a tax deduction for certain compensation in excess of \$1 million, will generally have an effect on the Company.

Given that the Company is in the process of developing its initial products, the Committee does not believe that the use of profit levels as a measure of the Company's achievements or as a basis for compensation decisions is appropriate. However, the Committee considers the ability to control losses without compromising the progress of the Company's product development programs.

The Chief Executive Officer submits for the Committee's consideration at the end of the fiscal year the amount of proposed compensation (following fiscal year base salary, current fiscal year cash bonus and stock option awards) for himself and for the Company's other executive officers. The factors considered by the Chief Executive Officer in making his recommendations to the Committee are the Board of Directors' prior evaluation of the Company's success in meeting its strategic objectives during the most recent fiscal year and the Chief Executive Officer's subjective evaluation of each executive officer's individual performance. The Committee acts upon the recommendations made with respect to the executive officers after weighing the Board of Directors' evaluation of the Company's overall achievements for the year, the Chief Executive Officer's discussion of each executive officer's individual performance for the year and each executive officer's current level of compensation. The Committee members, based upon their active professional involvement with other companies within the Company's industry, are also able to assess whether proposed compensation levels are in keeping with industry norms.

The Committee applies the same criteria in evaluating the Chief Executive Officer's cash compensation as that applied to the other executive officers of the Company. The base salary for fiscal 2001 of the President and Chief Executive Officer of the Company was increased by \$5,000 to \$275,000. On January 14, 2002, the Compensation Committee granted Dr. Fraser an option to purchase 65,000 shares of Common Stock at a per share exercise price of \$2.08 for his performance during the 2001 fiscal year. The option was granted at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant and vests in four annual installments commencing one year following the date of grant as long as Dr. Fraser remains employed by the Company. In awarding this option to Dr. Fraser, the Committee subjectively considered the compensation criteria discussed above as well as its interests in providing incentives for long-term performance, promoting retention of employees and further aligning the interests of the Chief Executive Officer with that of the stockholders.

During 2001, the Committee adopted a retention plan. The plan provides for a cash payment to each participant if they continue to be employed by the company at certain dates. Participants in the plan include the Named Officers.

PROPOSAL TWO: RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors of the Company annually considers and recommends to the Board of Directors the selection of the Company's independent auditors. Effective July 8, 2002, the Audit Committee dismissed Arthur Andersen LLP as its independent auditors and engaged PricewaterhouseCoopers LLP as its independent auditors for the fiscal year ending December 31, 2002. This engagement is being submitted to the stockholders for ratification. Although stockholder approval of the Audit Committee of the Board of Directors' selection of PricewaterhouseCoopers LLP is not required by law, the Board of Directors believes that it is advisable to give the stockholders an opportunity to ratify this selection. If this proposal is not approved at the Annual Meeting, the Board of Directors will reconsider the selection of PricewaterhouseCoopers LLP.

Arthur Andersen LLP's audit reports on the Company's financial statements for each of the two most recent fiscal years ended December 31, 2000 and 2001 did not contain an adverse opinion or a disclaimer of opinion nor were they qualified or modified as to any uncertainty, audit scope or accounting principal.

In connection with the audits for the periods ended December 31, 2000 and 2001, and the subsequent interim period through the dismissal of Arthur Andersen LLP, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles and practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of Arthur Andersen LLP, would have caused them to refer to such disagreement in connection with their report. In addition, during such period there were no "reportable events" as defined in Item 304(a)(1)(v) of Regulation S-K.

During the periods ended December 31, 2000 and 2001 and the subsequent interim period through the engagement of PricewaterhouseCoopers LLP, neither the Company nor anyone on its behalf consulted PricewaterhouseCoopers LLP with respect to the application of

Edgar Filing: DIACRIN INC /DE/ - Form DEF 14A

accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements nor has PricewaterhouseCoopers LLP provided a written report or oral advice that was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue.

Report of the Audit Committee

The Audit Committee of the Company's Board of Directors is composed of three members and acts under a written charter first adopted and approved in June 2000.

The Audit Committee is comprised of Joshua Ruch, Stelios Papadopoulos and Zola P. Horovitz. The three members of the Audit Committee are each independent directors, as defined by the rules of the Nasdaq Stock Market.

At an Audit Committee meeting held on March 11, 2002 (the "March 2002 meeting"), the Audit Committee reviewed the Company's audited financial statements for the fiscal year ended December 31, 2001 and discussed these financial statements with the Company's management. At the March 2002 meeting, the Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards 61 (Communication with Audit Committees) with Arthur Andersen LLP, the Company's independent auditors for the fiscal year ended December 31, 2001.

At the March 2002 meeting, the Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee discussed with the independent auditors the matters disclosed in this letter and their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of the other, non-audit related services to the Company that are referred to below under the heading "Independent Auditors Fees and Other Matters" is compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee at the March 2002 meeting recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001.
