The enclosed Proxy is solicited on behalf of LSI Logic Corporation (referred to as "LSI Logic" or the "Company"), a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on Thursday, May 12, 2005, at 9:00 a.m., local time, or at any adjournment(s) thereof, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting of Stockholders. The annual meeting will be held at the Fairmont San Jose located at 170 South Market Street, San Jose, CA 95113. The address of the Company's principal executive offices is 1621 Barber Lane, Milpitas, California 95035, and the Company's telephone number is (408) 433-8000.

These proxy solicitation materials were mailed on or about April 7, 2005, to all stockholders entitled to vote at the meeting.

Record Date; Shares Outstanding

Stockholders of record at the close of business on the record date of March 18, 2005 (the "Record Date"), are entitled to notice of and to vote at the meeting. As of the Record Date, 387,762,529 shares of the Company's common stock, \$0.01 par value, were issued and outstanding. On the Record Date, the closing price of the Company's common stock on the New York Stock Exchange was \$6.03 per share.

How to Vote

Stockholders may vote by attending the meeting and voting in person, by mailing the proxy card in the postage prepaid envelope provided by the Company, by telephone, using the toll free telephone number 1-800-690-6903, or by Internet, by using the Internet voting site www.proxyvote.com. Stockholders will be asked to enter the 12-digit control number located on their proxy cards to proceed with voting by telephone or by Internet.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Corporate Secretary of the Company at the Company's principal executive offices a written notice of revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person.

Voting and Solicitation

On all matters other than the election of directors, each share has one vote. See "Election of Directors - Required Vote." The cost of soliciting proxies will be borne by the Company. The Company has retained the services of Georgeson & Company, Inc. to aid in the solicitation of proxies from brokers, bank nominees and other institutional owners. The Company estimates that it will pay Georgeson & Company, Inc. a fee not to exceed \$10,000 for its services and will reimburse it for certain out-of-pocket expenses estimated to be \$10,000. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may be solicited by some of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone.

Table of Contents

Householding

In an effort to reduce printing costs and postage fees, the Company has adopted a practice approved by the Securities and Exchange Commission (SEC) called householding. Under this practice, stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of the Company s proxy materials unless one or more of these stockholders notifies the Company that they wish to continue receiving individual copies. Stockholders who participate in householding will continue to receive separate proxy cards.

If you share an address with another stockholder and received only one set of proxy materials and would like to request a separate copy of these materials and/or future proxy materials, please send your request to: LSI Logic Corporation, 1621 Barber Lane, MS AD-115, Milpitas, CA 95035, Attn: Investor Relations or call (408) 954-4710, or you may visit the Company s website at www.lsillogic.com. You may also contact the Company if you received multiple copies of the proxy materials and would prefer to receive a single copy in the future.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the annual meeting is a majority of the votes eligible to be cast by holders of shares of common stock issued and outstanding on the Record Date. Shares that are voted For, Against or Withheld From a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as votes cast at the annual meeting with respect to that matter (the Votes Cast).

The Company intends to count abstentions for purposes of determining both the presence and absence of a quorum and the total number of Votes Cast with respect to any matter (other than the election of directors). Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be considered to be Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast (such as the ratification of the independent registered public accounting firm).

Deadline for Receipt of Stockholder Proposals

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company s 2006 annual meeting and that stockholders desire to have included in the Company s proxy materials relating to such meeting must be received by the Company no later than December 8, 2005, which is 120 calendar days prior to the anniversary of this year s mail date, and must be in compliance with applicable laws and regulations in order to be considered for possible inclusion in the proxy statement and form of proxy for that meeting.

Stockholder proposals that are not intended to be included in the proxy materials for such meeting, but that are to be presented by the stockholder from the floor, are subject to advance notice provisions described below.

Other Matters

According to the Company s bylaws, in order to be properly brought before the meeting, a proposal not intended for inclusion in the Company s proxy materials must be received by the Company no later than January 7, 2006, which is 90 days prior to the anniversary of this year s mail date, and the notice must set forth the following: (a) a brief description of the proposed matter and the reasons for conducting such business at the meeting; (b) any material interest of the stockholder in such business; (c) the name and address of such stockholder as they appear on the Company s books; (d) the class and number of shares of the Company that are beneficially owned by the stockholder; and (e) all other information relating to such person that is required to be disclosed pursuant to Regulation 14A of the Securities Exchange Act of 1934. If the notice does not

Table of Contents

comply with the requirements set forth in the Company's bylaws, the presiding officer of the meeting may refuse to acknowledge the matter.

The Company has not been notified by any stockholder of his or her intent to present a stockholder proposal (including nominations for directors) from the floor at this year's annual meeting. The enclosed proxy card grants the proxy holders discretionary authority to vote on any matter properly brought before the meeting.

Board Meetings and Committees**Board of Directors**

The Company's Board of Directors (the Board of Directors or the Board) is the ultimate decision-making body of the Company except with respect to those matters reserved for the approval of stockholders. The Board is responsible for selection of the executive management team, providing oversight responsibility and direction to management and evaluating the performance of this team on behalf of the stockholders. The Board has adopted Corporate Governance Guidelines to assist it in the performance of its responsibilities. These Guidelines are available on the Company's website at www.lsillogic.com.

The Board of Directors has determined that all the directors other than Mr. Corrigan, including those who serve on the committees described below, are independent for purposes of Section 303A of the Listed Company Manual of the New York Stock Exchange, and that the members of the Audit Committee are also independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934. The Board of Directors based these determinations primarily on a review of the responses of the directors and executive officers to questions regarding employment and compensation history, affiliations and family and other relationships, and on discussions with the directors. The Board also reviewed the relationships between the Company and companies with which the Company's directors are affiliated.

The Board of Directors of the Company held a total of 10 meetings during the fiscal year ended December 31, 2004. Currently Mr. T.Z. Chu serves as the Board's lead independent director. The Board has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The Audit, Compensation and Nominating and Corporate Governance Committees consist solely of non-employee independent directors as defined by the New York Stock Exchange. The Board appoints the members and chairs of the committees annually. All committees operate under charters approved by the Board, which are available on the Company's website at www.lsillogic.com.

You may contact the Board of Directors by sending an email to lead-director@lsil.com or board@lsil.com. In accordance with instructions from the Board, the Corporate Secretary to the Board reviews all correspondence, organizes the communications for review by the Board, and posts communications to the full Board or individual directors as appropriate. The Company's directors have requested that certain items that are unrelated to the Board's duties, such as spam, junk mail, mass mailings, solicitations, resumes and job inquiries, not be posted.

The Company customarily schedules Board and committee meetings on the same day as the annual meeting of shareholders to encourage and facilitate director attendance at the annual meeting. Seven of the Company's eight directors attended the Company's annual meeting held in May 2004.

During the year ended December 31, 2004, all incumbent directors attended more than the required minimum of 75% of the aggregate number of meetings of the Board of Directors and meetings of the committees of the Board on which they served.

Audit Committee

The Audit Committee, which consists of Dr. Currie, who serves as its chairman, Messrs. Chu, Keyes, Norby and O'Rourke, held 13 meetings during the last fiscal year. The Audit Committee reviews the Company's accounting policies and practices, internal controls, financial reporting practices, contingent risks

Table of Contents

and risk management strategies and plans. The Audit Committee selects and retains the Company's independent registered public accounting firm to examine the Company's accounts, reviews the independence of the independent registered public accounting firm as a factor in making these determinations and pre-approves all audit and non-audit services performed by the independent registered public accounting firm. The Audit Committee regularly meets alone with the Company's management, independent registered public accounting firm and the director of the Company's Internal Audit Department, and grants them free access to the Audit Committee at any time. All members of the Audit Committee are financially literate, as such qualification is interpreted by the Company's Board of Directors in its business judgment. In addition, Messrs. Keyes, Norby and O'Rourke are designated as financial experts of the Audit Committee, as defined by SEC rules. Stockholders interested in communicating with the Audit Committee may do so by sending an email to auditchair@lsil.com.

Compensation Committee

The Compensation Committee, which consists of Mr. Keyes, who serves as its chairman, Mr. Chu, Dr. Currie, Mr. O'Rourke and Mr. Reyes, held four meetings during the last fiscal year. At least annually, the Compensation Committee reviews the goals of the Company's executive officer and director compensation plans, and amends or recommends that the Board of Directors amend these goals if the Compensation Committee deems it appropriate. The Compensation Committee evaluates and reviews, at least annually, the performance of the Chairman and Chief Executive Officer and other executive officers in light of those goals. Based upon such an evaluation, the Compensation Committee establishes the Company's overall executive compensation strategy, and, in particular, determines the compensation structure for the Chairman and Chief Executive Officer and other executive officers. The Compensation Committee reviews and approves the Company's stock option and other stock incentive award programs and reviews, as needed (with an independent consultant), executive compensation matters and significant issues that relate to executive compensation. Stockholders interested in communicating with the Compensation Committee may do so by sending an email to compensationchair@lsil.com. A copy of the charter of the Compensation Committee is attached to this proxy statement as [Appendix A](#).

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee held two meetings during the last fiscal year. As of February 2005, the Nominating and Corporate Governance Committee consists of Mr. Chu, who serves as its chairman, Dr. Currie and Messrs. O'Rourke, Reyes and Sonsini. The Nominating and Corporate Governance Committee provides assistance to the Board of Directors in recommending to the Board of Directors individuals qualified to serve as directors of the Company and on committees of the Board of Directors, recommending to the Board the director nominees for the next annual meeting of stockholders, advising the Board of Directors with respect to Board composition and procedures and whether to form or dissolve committees. The Nominating and Corporate Governance Committee also assists in advising the Board of Directors with respect to the corporate governance principles applicable to the Company and developing criteria for oversight of the evaluation of the Board and management. A copy of the charter of the Nominating and Corporate Governance Committee is attached to this proxy statement as [Appendix B](#).

Although there are no specific, minimum qualifications for nominees, each nominee to the Board of Directors is considered on the basis of his or her likelihood to enhance the Board's ability to manage and direct the affairs and businesses of the Company, including, when applicable, to enhance the ability of committees of the Board to fulfill their duties and satisfy any requirements imposed by law, regulation or exchange listing requirements.

The Nominating and Corporate Governance Committee will consider properly submitted stockholder recommendations for candidates for election to the Company's Board of Directors at the 2006 annual meeting if received no later than December 8, 2005. The Nominating and Corporate Governance Committee uses the same criteria described above in assessing candidates recommended by stockholders. The name of any recommended candidate for director, together with a brief biography, a document indicating the candidate's willingness to serve and evidence of the nominating person's ownership of Company stock should be sent to

Table of Contents

the attention of the Nominating and Corporate Governance Committee at nominatingchair@lsil.com. Stockholders may use the same email address to communicate other matters to the Nominating and Corporate Governance Committee.

Compensation of Directors

Members of the Board of Directors who are not employees of the Company receive an annual fee of \$35,000 and \$2,000 for each regular Board meeting they attend in person, plus reimbursement of expenses for attendance at regular Board and committee meetings. For additional telephonic meetings, members receive a fee of \$1,000 per meeting. In addition, the lead director of the Board receives an annual payment of \$5,000. Each director will receive \$1,000 for attending a committee meeting if the committee meeting is not held in conjunction with a meeting of the Board of Directors. Notwithstanding the foregoing, members of the Audit Committee receive \$1,000 for each Audit Committee meeting they attend, regardless of whether it is held in conjunction with a Board of Directors meeting. In addition, the Audit Committee's designated financial experts receive an additional \$5,000 for their services annually, and the Audit Committee chairman receives an additional annual fee of \$7,000.

Certain non-employee members of the Board of Directors are also members of the Board of Directors of Engenio Information Technologies, Inc., (Engenio), which is a majority-owned subsidiary of the Company. In return for their services to Engenio, these individuals receive an annual fee of \$30,000, \$2,000 for each regularly scheduled meeting and \$1,000 for each telephonic meeting. The chairman of the Audit Committee of Engenio receives an annual fee of \$7,000. The financial expert of the Engenio Audit Committee would receive an annual fee of \$5,000 and the Engenio Board of Directors' designated lead director would receive an annual fee of \$5,000. Currently the Engenio Board of Directors has not appointed a lead director. In addition, the Engenio Audit Committee does not have any members designated as financial experts.

The Company's Amended 1995 Director Option Plan, as adopted by the Board of Directors and approved by the stockholders, provides for the grant of non-statutory stock options to non-employee directors of the Company. Under a non-discretionary formula approved by the stockholders, each non-employee director is granted an initial option to purchase 30,000 shares of common stock on the date on which he or she first becomes a director. In addition, on April 1 of each year, each non-employee director is automatically granted a subsequent option to purchase 30,000 shares of common stock of the Company, if on the date of grant he or she has served on the Board of Directors for at least six months. The vesting schedule for initial options granted under the Amended 1995 Director Option Plan is set at 25% on each of the first four anniversaries of the grant date. Subsequent option grants become exercisable in full six months after the date of grant. Options may be exercised only while the optionee is a director of the Company, within 12 months after death or within three months after the optionee ceases to serve as a director of the Company, but in no event after the ten-year term of the option has expired. As of the Record Date, a total of 2,000,000 shares have been reserved for issuance under the 1995 Amended Director Option Plan, of which 1,080,000 shares are subject to outstanding options, 15,000 shares have been issued upon exercise of options, and 905,000 shares remain available for grant. On April 1, 2004, an option to purchase 30,000 shares was granted to each of Directors Chu, Currie, Keyes, Norby, O'Rourke, Reyes and Sonsini having an exercise price of \$9.46 per share.

The Engenio Information Technologies, Inc. Amended and Restated Equity Incentive Plan (Engenio Plan) provides for the grant of stock options to non-employee directors of Engenio. Under a non-discretionary formula, each non-employee director of the subsidiary is granted an initial option to purchase 25,000 shares of Engenio's common stock as of the date the individual first becomes a director of Engenio. In addition, each non-employee director who both (a) is a non-employee director on the last business day of a fiscal year and (b) has served as a non-employee director for the entire fiscal year, which includes such last business day, automatically shall receive, as of the last business day, an option to purchase 15,000 shares. The vesting schedule for the initial and subsequent stock options granted under the Engenio Plan is set at 100% on the first anniversary of the grant date. Notwithstanding the preceding, once an individual ceases to be a director, his or her options that are not then exercisable shall never become exercisable and shall be immediately forfeited. Messrs. Norby, O'Rourke, Reyes and Sonsini each received options to purchase 25,000 shares of Engenio common stock on the date each individual became a director of Engenio, which

Table of Contents

options have an exercise price of \$10.00 per share, as determined by the Engenio Board of Directors with assistance from outside consultants.

In addition, under the Engenio Plan, each non-employee director who first becomes a non-employee director on or after the effective date of the Engenio Plan automatically receives 2,500 shares of restricted stock as of the date the individual becomes a non-employee director. The shares of restricted stock are held by Engenio in escrow, which ends as to 100% of the shares on the first anniversary of the grant date and all such shares fully vest on such date. Messrs. Norby, O'Rourke, Reyes and Sonsini each received 2,500 shares of restricted stock on the date each individual became a director of Engenio, which have a grant date fair value of \$10.00 per share, as determined by the Engenio Board of Directors with assistance from outside consultants.

Required Vote

Directors shall be elected by a plurality vote. The eight nominees for director receiving the highest number of affirmative votes of the shares entitled to be voted for them shall be elected as directors. Votes against, votes withheld and broker non-votes have no legal effect on the election of directors due to the fact that such elections are by a plurality.

Every stockholder voting in the election of directors may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected (eight) multiplied by the number of votes to which the stockholder's shares are entitled, or may distribute the stockholder's votes on the same principle among as many candidates as the stockholder thinks fit, provided that votes cannot be cast for more than eight candidates. However, no stockholder shall be entitled to cumulate votes for a candidate unless the candidate's name has been properly placed in nomination in accordance with the Company's bylaws prior to the meeting, and the stockholder, or any other stockholder, has given notice at the meeting prior to the voting of the stockholder's intention to cumulate votes. The proxy holders will exercise discretionary authority to cumulate votes in the event that additional persons are nominated for election as directors.

Board Recommendation

The Board of Directors unanimously recommends a vote FOR the proposed slate of directors for the current year. Unless you indicate otherwise, your proxy will be voted FOR each of the Company's nominees (except as otherwise noted under Required Vote above).

Change-in-Control and Employment Agreements

In November 2003, the Company entered into change-in-control severance agreements with each of the Named Executive Officers, except Mr. Corrigan, to help ensure the continued services of management to the

Table of Contents

Company. Mr. Corrigan's employment agreement dated September 2001 is discussed in this proxy statement in the section entitled "CEO Employment Agreement," below.

For purposes of the change-in-control agreements made with the Named Executive Officers, a change in control of the Company is deemed to have occurred in the event of (1) the consummation by the Company of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation that would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent more than 50% of the total voting power represented by the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; (2) the approval by the shareholders of the Company, or if shareholder approval is not required, by the Board of Directors, of a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets; (3) any person becoming the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of the total voting power represented by the Company's then outstanding voting securities or (4) a change in the composition of the Board of Directors, as a result of which fewer than a majority of the directors are incumbent directors. In addition, in the Company's change-in-control agreement with Mr. Thomas Georgens, Executive Vice President, Storage Systems, a change in control also occurs in the event Engenio ceases to be a subsidiary of the Company due to a sale of the subsidiary to a third party.

Under the change-in-control agreements, if the executive officer's employment is terminated involuntarily at any time within 12 months after a change in control, the executive officer will receive a lump sum payment equal to the sum of two years' base salary plus 200% of the executive officer's target bonus for the year in which the change in control occurs, and continued health-care benefits during the two years following the termination. In addition, the vesting and exercisability of all unexpired options, unexpired restricted stock and any other unexpired equity-based compensation awards that were granted at least six months prior to the change in control shall be automatically accelerated and fully vested and exercisable at the date of the involuntary termination. An additional limited payment will be made to an executive officer in order to offset the effect of any excise taxes on payments made to the executive officer under the change-in-control agreement. These agreements shall terminate in November 2008, unless a change of control occurs, in which case, the agreements shall terminate upon the date that all obligations of the parties have been satisfied.

CEO Employment Agreement

In September 2001, the Company entered into an employment agreement (the "Agreement") with Wilfred J. Corrigan, the Company's Chairman of the Board and Chief Executive Officer ("CEO"). The Agreement provides for Mr. Corrigan to continue to serve as CEO and Chairman of the Company's Board of Directors, and further provides for an annual base salary as determined by the Board and an annual bonus based on performance goals determined by the Compensation Committee of the Board.

If the Company terminates Mr. Corrigan's employment other than for cause, or his employment terminates as a result of death or disability, Mr. Corrigan will receive 36 months base salary, 300% of his target bonus for the year in which the employment termination occurs, 24 months of health, dental and vision benefits, 18 months of life insurance benefits and vesting of unexpired options granted in November 1999, April 2001 and after September 2001. With respect to each such option, Mr. Corrigan will have the full term of each option to exercise the vested part of the option. An additional payment will be made to Mr. Corrigan in order to offset the effect of any excise taxes on payments made to him under the Agreement. If Mr. Corrigan voluntarily terminates his employment as CEO for any reason other than death or disability and the Company does not ask him to remain as the employee Chairman of the Board, Mr. Corrigan will receive all of the payments and benefits described above. If Mr. Corrigan voluntarily resigns for any reason other than death or disability and the Company asks Mr. Corrigan to remain as the employee Chairman of the Board and he agrees to do so, Mr. Corrigan will receive the payments and benefits described above, except for the accelerated option vesting. Instead, unexpired options from grants after September 2001 and from the two option grants made in November 1999 and April 2001, respectively, will be converted to a monthly vesting schedule such that all such options will vest within 36 months of the resignation date. If Mr. Corrigan is terminated for cause or if he voluntarily resigns and does not remain as the employee Chairman of the Board

Table of Contents

following a Company request to do so, he will not receive any of the payments or benefits described above and instead, will receive only salary and other benefits that accrued prior to his termination of employment or as may be required by law.

Stock Option Grants and Exercises

The following tables set forth information with respect to the stock options granted to the Named Executive Officers under the Company's stock option plans during the fiscal year ended December 31, 2004, the options exercised by such Named Executive Officers during such fiscal year and the options held by the Named Executive Officers at December 31, 2004.

The Option Grants Table sets forth hypothetical gains or option spreads for the options at the end of their respective terms, as calculated in accordance with the rules of the SEC. Each gain is based on an arbitrarily assumed annualized rate of compound appreciation of the market price of 5% or 10% from the date the option was granted to the end of the option term and does not represent the Company's projection of future stock price performance. Actual gains, if any, on option exercises are dependent on the future performance of the Company's common stock and overall market conditions.

**REPORT OF THE COMPENSATION COMMITTEE ON CEO AND OTHER
EXECUTIVE OFFICER COMPENSATION FOR LSI LOGIC CORPORATION**

Overview and Philosophy

The Compensation Committee of the Board of Directors (the Compensation Committee) administers LSI Logic's executive compensation program. The role of the Compensation Committee is to review and approve salaries and other compensation of LSI Logic's executive officers and administer the chief executive officer and executive officer incentive plans. The Compensation Committee reviews and approves other Company compensation policies and matters and oversees LSI Logic's stock option plans, including reviewing and approving stock option grants to LSI Logic's executive officers. The Compensation Committee's charter reflects these various responsibilities. The

Compensation Committee and the Board of Directors periodically review and revise the charter, a copy of which is available on the Company's website at www.lsilogic.com.

The Compensation Committee is currently comprised of five non-employee, independent members of the Board of Directors, none of whom has any interlocking relationships as defined by the Securities and Exchange Commission. The Compensation Committee has available to it such external compensation advice

Table of Contents

and data as the Compensation Committee deems appropriate to obtain. The Compensation Committee engaged a compensation consulting firm to assist the Compensation Committee in its review of proposed 2004 compensation for the executive officers.

The philosophy of the Compensation Committee is to provide a comprehensive compensation package for each executive officer that is well suited to support accomplishment of the Company's business strategies, objectives and initiatives. For incentive-based compensation, the Compensation Committee considers the desirability to qualify for deductibility by the Company under Section 162(m) of the Internal Revenue Code. Options granted under the Company's option plan qualify as performance-based compensation, and therefore, are not subject to the limitations on deductibility of certain executive compensation under Section 162(m) of the Internal Revenue Code. To maintain flexibility in compensating executive officers in a manner designed to promote corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible. As the Compensation Committee applies this compensation philosophy in determining appropriate executive compensation levels and other compensation factors, the Compensation Committee reaches its decisions with a view towards the Company's overall financial performance.

Executive Officer Compensation

The Compensation Committee believes that a substantial portion of aggregate annual cash compensation for executive officers is contingent upon the Company's performance and an individual's contribution to the Company's success. The Compensation Committee aligns the interests of the Company's executive officers with the long-term interests of shareholders through stock option and restricted stock unit grants that can result in ownership of the Company's common stock. The Compensation Committee structures each executive officer's overall compensation package to attract, retain and reward individuals who contribute to the success of the Company.

The Company's compensation program for executive officers is based on the following guidelines:

Establishment of base salary levels and participation in generally available employee benefit programs based on competitive compensation practices.

Utilization of short-term cash incentives that are funded based on Company financial metrics, and vary according to individual contribution to that performance.

Inclusion of equity opportunities that create long-term incentives based upon increases in shareholder return.

The Compensation Committee reviews executive officer compensation levels utilizing information provided by an independent consulting firm engaged by the Compensation Committee to benchmark the Company's executive pay practices against industry norms. The Company's 2004 benchmark study included 25 high technology companies, including semiconductor, storage systems, storage components and networking companies.

The Company had a cash incentive plan based on performance in fiscal year 2004 that provided for bonus awards to be made to the executive officers (other than the chief executive officer) and other members of senior management, subject to an aggregate budget for all awards under the plan. The plan established a formula of operating income and revenue growth metrics to be achieved by the Company, as well as for its subsidiary, Engenio Information Technologies, Inc., on a standalone basis for fiscal year 2004 before any payments would be made under the plan. In addition, the plan provides for the Chief Executive Officer to determine individual bonus award amounts pursuant to his judgment of each participant's personal contributions to the Company's performance for the year, subject to the approval of the Compensation Committee. The Company's operating income and revenue growth for fiscal year 2004 did not meet the threshold performance established under the plan. However, the subsidiary's operating income for fiscal year 2004 met the threshold performance for the subsidiary. Therefore, a cash bonus was paid to the chief executive officer of the subsidiary, who is also a Company 16(b) officer and a Named Executive Officer.

Table of Contents

The Compensation Committee approved base salary increases on average of 5% for select incumbent executive officers, effective January 6, 2004. The increases were the first to be made to executive base salaries since March 2000. As a result of this action, base salaries for the executive officers are, on average, within competitive range of the Company's market target of the 60th percentile.

The Company maintains a set of guidelines for use in making recommendations to the Compensation Committee on individual option grants to executive officers to purchase common stock of the Company. Stock option grants were made to certain executive officers during fiscal year 2004 by reference to the guidelines. These guidelines are developed with data provided by external published surveys and other information that are believed to fairly reflect the competitive environment in which the Company operates and that are consistent with the compensation principles set forth above.

The Compensation Committee has reviewed and approved the total compensation package of all Company 16(b) officers, including each of the components (base salary, bonus incentive, stock options, executive perquisites and benefits), and determined the amounts to be reasonable and competitive for our industry, utilizing industry benchmarks. Executives do not receive deferred compensation, retirement benefits or any other benefits other than eligibility to participate in the same programs and on the same basis as all other employees.

Chief Executive Officer Compensation

Mr. Corrigan has been Chairman of the Board and Chief Executive Officer (CEO) of the Company since its founding in 1981. In September 2001, the Company entered into an employment agreement (the Agreement) with Mr. Corrigan. A summary of the Agreement is set forth in the section on CEO Employment Agreement. The current base salary of \$860,000 for Mr. Corrigan established by the Compensation Committee falls in the median of the range of such information used for competitive comparisons. Mr. Corrigan's base salary has not been increased since March 2000.

Mr. Corrigan was eligible to participate in a bonus compensation plan for the Company's CEO that is based on the CEO's performance, operating income objectives for the Company and on the overall performance of the Company. Mr. Corrigan did not receive a bonus with respect to the Company's performance during fiscal year 2004. In addition, Mr. Corrigan did not receive a stock option grant in fiscal year 2004.

The Compensation Committee is pleased to submit this report to LSI Logic's stockholders relating to compensation of its executive officers.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors of LSI Logic Corporation (Audit Committee) assists the Board of Directors in executing its responsibilities. The Audit Committee is composed of five non-employee members, each of whom is independent as defined by the New York Stock Exchange listing rules and operates under a charter approved by the Board of Directors. This charter is available on the Company's website at www.lsillogic.com. The Audit Committee is responsible for, among other things, retention and

termination of the Company's independent registered public accounting firm, determining the compensation of the independent registered public accounting firm and monitoring the integrity and adequacy of the Company's financial information, control systems and reporting practices. The Audit Committee held 13 meetings during fiscal year 2004.

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting, for preparing the Company's financial statements and for the public reporting process. The Company's independent registered public accounting firm, PricewaterhouseCoopers LLP (PricewaterhouseCoopers), is responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles and on management's assessment of the effectiveness of the Company's internal control over financial reporting. In addition, PricewaterhouseCoopers will express its own opinion on the effectiveness of the Company's internal control over financial reporting.

In this context, the Audit Committee reviewed and discussed with management and PricewaterhouseCoopers the audited financial statements for the year ended December 31, 2004, management's assessment of the effectiveness of the Company's internal control over financial reporting and PricewaterhouseCoopers's evaluation of the Company's internal control over financial reporting. The Audit Committee has discussed with PricewaterhouseCoopers certain matters required under Statement on Auditing Standard No. 61 (Communication with Audit Committees), and has received written disclosures and the letter required by the Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) from PricewaterhouseCoopers and has discussed with them their independence.

The Audit Committee has considered whether the non-audit services provided by PricewaterhouseCoopers are compatible with maintaining the independence of PricewaterhouseCoopers and has concluded that the independence of PricewaterhouseCoopers is maintained and is not compromised by the services provided.

Based on the review and discussion referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved the Audit Committee's recommendation, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

The Audit Committee also selected PricewaterhouseCoopers to audit the Company's consolidated financial statements for the 2005 fiscal year.

The following represents fees billed by PricewaterhouseCoopers for professional services provided in connection with the audit of the Company's annual financial statements for the fiscal years 2004 and 2003 and other services during these years.

Nature of Services	2004	2003
	(In millions)	(In millions)
Audit Fees(1)	\$ 3.50	\$ 1.76
Audit-Related Fees(2)	\$ 0.10	\$ 0.30
Tax Fees(3)	\$ 1.60	\$ 1.50
All Other Fees	\$ 0	\$ 0

- (1) The increase in audit fees in 2004 as compared to 2003 is primarily related to (a) attestation services relating to the report on the Company's internal controls as specified in Section 404 of the Sarbanes-Oxley Act and (b) fees associated with the filing of the Registration Statement on Form S-1 and related amendments with the Securities and Exchange Commission for the Company's majority-owned subsidiary, Engenio Information Technologies, Inc. On July 29, 2004, the Company announced jointly with Engenio the postponement of the initial public offering of Engenio's common stock due to then-current market conditions.

(2) Audit-related service fees include fees for accounting assistance primarily related to leasing transactions.

Table of Contents

(2) Tax fees represent fees charged for services for tax advice, tax compliance and domestic and international tax planning.

The Audit Committee has established a policy for pre-approval of audit and permissible non-audit services. The Audit Committee reviews and approves the independent registered public accounting firm's annual audit plan and any subsequent engagements. The Audit Committee requires that all audit and permissible non-audit services be submitted to it for review and approval in advance. Occasionally, a subcommittee of the Audit Committee, consisting of one or two members, pre-approves certain services. The entire Audit Committee ratifies the subcommittee's pre-approval in the subsequent meeting of the Audit Committee. In 2004, the Audit Committee followed these guidelines in approving all services rendered by PricewaterhouseCoopers.
