INDEPENDENT AUDITORS' REPORT

To Conexant Systems, Inc.
Hourly Employees' Savings Plan:

We have audited the accompanying statements of net assets available for benefits of Conexant Systems, Inc. Hourly Employees' Savings Plan (the Plan) as of September 30, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the

Edgar Filing: CONEXANT SYSTEMS INC - Form 11-K

Index is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2001 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

CONEXANT SYSTEMS, INC.
HOURLY EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED SEPTEMBER 30, 2001 AND 2000

1. DESCRIPTION OF PLAN

Effective January 1, 1999, Conexant Systems, Inc. (the Company or Plan Sponsor) adopted the Conexant Systems, Inc. Hourly Employees' Savings Plan (the Plan). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined-contribution plan designed to qualify under Internal Revenue Code (the Code) Section 401(a). The Plan covers substantially all union employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). At September 30, 2001, the Plan had 299 participants.

Fidelity Investments Institutional Operations Company, Inc. provides recordkeeping services to the Plan in its capacity as agent for the trustee, Fidelity Management Trust Company (Fidelity), pursuant to the terms of the Trust Agreement between Conexant Systems, Inc. Master Trust (the Trust) and Fidelity Management Trust Company. All of the Plan's assets and the assets of the Conexant Systems, Inc. Retirement Savings Plan are kept in the Trust. As of September 30, 2001 and 2000, the Plan owned 4% and 5%, respectively, of the total net assets available for benefits in the Trust. Net assets of the Trust and plan-specific expenses are allocated to the Plans based on specific identification. Net investment income, gains and losses, and general expenses are allocated based on the Plans' proportional share of net assets in the Trust.

Contributions - Each year, participants may elect to contribute up to 15% of pretax/post-tax annual compensation, as defined in the Plan. Total participant pretax contributions may not exceed \$10,500 for the year ended September 30, 2001. For employees with 52 weeks of service, the Company will match 55% of employee contributions, up to \$550 in the form of Conexant common stock for the calendar year ended December 31, 2001 and has matched 60% of employee contributions, up to \$450 in the form of Conexant common stock for the calendar year ended December 31, 2000. The amount allocated to any participant cannot exceed the lesser of \$35,000 or 25% of a participant's total compensation for the Plan year ended September 30, 2001. For purposes of this limitation, amounts allocated shall be comprised of Company matching contributions and the participant's pretax and post-tax contributions. All Company contributions are directed to the Conexant Stock Fund A (not participant-directed), which was established for company-matching contributions.

Benefit Distribution - Upon retirement, a participant's account shall be distributed in either (a) a lump sum payment or (b) ten or fewer annual installment payments, less any loans outstanding. Account withdrawals are

Edgar Filing: CONEXANT SYSTEMS INC - Form 11-K

permitted by participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Service (IRS). Participants who terminate employment prior to retirement and whose aggregate vested account value is less than \$5,000, will receive the vested portion of their accounts in a lump-sum distribution. For aggregate vested accounts with a value greater than \$5,000, the account may be kept in the Plan at the election of the participant.

6

Participant Accounts - Each participant's account reflects the participant's contributions, the Company's matching contributions, an allocation of Plan earnings (losses), and an allocation of administrative expenses. Allocations of administrative expenses are equally allocated to all participants.

Participants are permitted at any time to transfer all or a portion of the value of their interest in the Plan's investment funds (including Conexant Stock Fund B) which are attributable to their own participant contributions into one or more of the other investment funds. A participant who has attained the age of 59 1/2, whether or not retired from the Company, is permitted to elect at any time to transfer all or a portion of the total value of their interest in Conexant Stock Fund A to any one or more of the other investment funds. If a participant who is still an employee has made such an election, and as a result of that election, 100% of the participant's interest in Conexant Stock Fund A has been transferred to one or more of the investment funds, all subsequent company-matching contributions, if any, made on the participant's behalf after the effective date of the election will be made in cash and will be invested in the same manner as his or her participant contributions.

Investment Options - As of September 30, 2001 and 2000, the Plan offered investment options in the following funds (percentages are approximate and descriptions are based on information extracted from the related prospectus):

Conexant Stock Fund B - Conexant Systems, Inc. common stock, cash, and the proceeds and income on such cash and common stock. Such option became available to participants in August 2000.

Franklin Small-Cap Growth Fund - A (Fund removed during fiscal year 2001) - Primarily invests in equity securities of companies with market capitalizations of less than \$1.5 billion at the time of the investment. The fund may also invest a portion of its assets in foreign securities, including those of developing markets issuers, which involve greater risk.

Franklin Small Mid-Cap Growth Fund - A (Fund added during fiscal year 2001) - Normally invests at least 80% of its net assets in equity securities of small capitalization companies and in the equity securities of mid-capitalization companies. The fund may invest in equity securities of larger companies, initial public offerings of securities and may invest a very small portion of its assets in private or illiquid securities, such as late-stage venture capital financings.

Fidelity Fund - Invests primarily in common stocks. The fund potentially invests a portion of its assets in bonds, including

Edgar Filing: CONEXANT SYSTEMS INC - Form 11-K

lower-quality debt securities. Invests in domestic and foreign issuers.

Fidelity Growth Company Fund - Invests primarily in common stocks of domestic and foreign issuers. The fund invests in companies that it believes have above-average growth potential.

7

Fidelity OTC Portfolio Fund - Normally invests primarily in common stocks with at least 65% of its assets in securities principally traded on the over-the-counter (OTC) market, which has more small- and medium-sized companies than other markets. Potentially, the fund may invest in non-OTC securities. The fund may invest in domestic and foreign issuers. Securities traded on the OTC market tend to be from smaller or newer companies, which generally involve greater investment risk than investments in larger, well-known companies.

Fidelity Equity-Income Fund - Primary investment focus on income-producing stocks, such as common and preferred stocks, with some limited focus on bonds producing income (in general, would avoid securities without proven earnings or credit).

Fidelity Emerging Markets Fund - Primary investment focus is stock of companies in emerging markets, with emphasis on countries with relatively low Gross National Products compared to the world's major economies, but with potential for rapid growth.

Fidelity Diversified International Fund - Primary focus is stocks of larger companies which are located outside the United States and which are viewed as being undervalued.

Fidelity Dividend Growth Fund - Stocks of companies that have potential to increase the amount of their dividends or to begin paying them if none are being paid now.

Fidelity Mid-Cap Stock Fund - Primary focus in stocks of mid-size companies with capitalizations within the range of the Standard & Poors MidCap 400 (approximate capitalization of \$110 million to \$5 billion).

Fidelity Freedom Income Fund - 20% in Fidelity stock mutual funds, 40% in Fidelity bond mutual funds, and 40% in Fidelity money market mutual funds.

Fidelity Freedom 2000 Fund - 30% in Fidelity stock mutual funds, 42% in Fidelity bond mutual funds, and 28% in Fidelity money market mutual funds. Percentage mix will gradually become more conservative over time.

Fidelity Freedom 2010 Fund - 49% in Fidelity stock mutual funds, 43% in Fidelity bond mutual funds, and 8% in Fidelity money market mutual funds. Percentage mix will gradually become more conservative over time.

Fidelity Freedom 2020 Fund - 72% in Fidelity stock mutual funds and 28% in Fidelity bond mutual funds. Percentage mix will gradually

Edgar Filing: CONEXANT SYSTEMS INC - Form 11-K

become more conservative over time.

Fidelity Freedom 2030 Fund - 83% in Fidelity stock mutual funds and 17% in Fidelity bond mutual funds. Percentage mix will gradually become more conservative over time.

Fidelity U.S. Bond Index Fund - Investment-grade (medium to high quality) or above with maturities of at least one year, including U.S. Treasury and U.S. government securities, corporate bonds, asset-backed and mortgage-backed securities, and U.S. dollar-denominated foreign securities.

8

Spartan U.S. Equity Index Fund - Primary investment focus on the 500 domestic companies that make up the S&P 500 and in other securities that are based on the value of that Index.

Fidelity Managed Income Portfolio (Stable Value) Fund - Primarily invests in investment contracts providing a stated rate of interest which is offered by major insurance companies, with some investment in certain types of fixed income securities to provide daily liquidity.

Vesting - Participant elective deferral contributions are fully vested at all times. Each participant who is an employee and has at least five years of vesting service, as defined in the Plan document, or has attained the age of 65, shall be fully vested in their Company contribution account.

Plan Termination - The Company has the right under the Plan to discontinue contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA.

Participant Loans Receivable - Participants who are active employees of the Company may borrow up to the lesser of 50% of their account balance in the Plan or \$50,000. The minimum loan is \$1,000. Loans are repayable ratably through bi-weekly payroll deductions over a period not to exceed five years, except for loans for the purchase or construction of a participant's principal residence, which provide for repayment over a reasonable period of time that may not exceed ten years. Loans bear interest at the prime rate, as published by the Wall Street Journal on the last day of the preceding quarter in which the loan funds, plus 1% (7.75% at September 30, 2001). As of September 30, 2001 and 2000, no participant loans were delinquent.
