PROXY STATEMENT

SOLICITATION OF PROXIES

This Proxy Statement and the accompanying proxy card are furnished in connection with the solicitation by the Board of Directors of Tidewater Inc. (the "Company") of proxies to be used at the Annual Meeting of Stockholders of the Company which will be held in the Auditorium of the Pan-American Life Center, 601 Poydras Street, New Orleans, Louisiana, on Thursday, July 26, 2001, at 10:00 a.m., C.D.S.T., and at any adjournment thereof. Only stockholders of record at the close of business on June 11, 2001, are entitled to vote at the meeting or any adjournment thereof.

The Company will bear the costs of soliciting proxies. Proxies may be solicited, without extra remuneration, by Directors, officers, or employees of the Company, by mail, telephone, telex, telefax, telegram, or personal interview. The Company will reimburse brokers, banks, and other custodians, nominees, or fiduciaries for their reasonable expenses in forwarding proxies and proxy materials to beneficial owners of shares.

REVOCATION OF PROXIES

Any stockholder giving a proxy may revoke it at any time before it is voted by voting in person at the meeting or by delivering written revocation or a later dated proxy to the Secretary of the Company.

SHARES OUTSTANDING AND VOTING PROCEDURES

The Bylaws of the Company (the "Bylaws") provide that the holders of a majority of the shares of common stock of the Company, par value \$.10 per share (the "Common Stock"), issued and outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum at the Annual Meeting. The Bylaws further provide that, except as otherwise provided by statute, the Certificate of Incorporation of the Company, or the Bylaws, all matters coming before the Annual Meeting shall be decided by the vote of a majority of the number of shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting.

Votes cast by proxy or in person at the Annual Meeting will be counted by the persons appointed by the Company to act as election inspectors for the meeting. The election inspectors will treat shares represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum and for purposes of determining the outcome of any matter submitted to the stockholders for a vote.

Abstentions as to particular proposals will have the same effect as votes against such proposals. Broker non-votes as to particular proposals will not, however, be deemed to be a part of the voting power present with respect to such proposals, will not therefore count as votes for or against such proposals and will not be included in calculating the number of votes necessary for approval of such proposals.

As of the close of business on June 11, 2001, the Company had 60,534,635 shares of Common Stock that were issued, outstanding, and entitled to vote. Each share of Common Stock is entitled to one vote with respect to matters to be voted upon at the meeting.

The Company's Audit Committee is composed of Messrs. Madonna, Murrill, and Russell. The Committee met four times during fiscal 2001. The Audit Committee's functions are described in its charter, which is attached as Exhibit A. The principal functions of the Committee are to recommend selection of independent auditors, review the plan for and results of audit examinations by internal and independent auditors, review the Company's annual and quarterly financial statements, and review and approve the services provided and fees charged by independent auditors. The Committee also monitors and evaluates internal accounting controls of the Company and ensures continuing adherence to stated management policies and regulatory requirements in the area of financial reporting.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Company's Compensation Committee are Messrs. Boh, Carlson, Pollack and Roff. None of the members of the Compensation Committee have been officers or employees of the Company or any of its subsidiaries. No executive officer of the Company served in the last fiscal year as a director or member of the compensation committee of another entity one of whose executive officers served as a Director or on the Compensation Committee of the Company.

5

DIRECTOR COMPENSATION

Outside Directors of the Company receive an annual retainer of \$30,000 and a fee of \$1,500 for attendance at each Board meeting. The chairman of each Board committee receives an additional annual retainer of \$5,000, and each committee member, including the chairman, receives a fee of \$1,200 for attendance at each committee meeting.

Outside Directors also receive an annual grant of options to purchase up to 5,000 shares of Common Stock, the exact number to be set by the Compensation Committee. Outside Directors will receive an option to purchase 2,500 shares of Common Stock on the day of the 2001 Annual Meeting of Stockholders. The exercise price of the stock option is equal to the closing price for the Common Stock reported on the New York Stock Exchange consolidated tape on that date.

The Company provides a Deferred Compensation Plan pursuant to which an Outside Director may elect to defer all or a portion of the fees that are payable to him from the Company. Deferred amounts are credited to an account in the name of the Director as phantom shares of the Company's Common Stock or as units in one or more investment funds made available through the plan. Upon termination of Board service with the Company or on another date chosen by the Director, amounts accrued under the plan are payable either in a lump sum or over a period of two to ten years, at the election of the participant. A distribution from the plan may also be made upon a change of control of the Company or in the event of hardship. Two Directors participated in the Deferred Compensation Plan during fiscal 2001.

The Company also provides a Retirement Plan for the benefit of Outside Directors who retire from the Board on or after reaching age 65 or after completing five or more years of service on the Board. Under the Retirement Plan, an eligible Director will be entitled to an annual benefit equal to the annual retainer fee for a Board member at the time of his retirement. An eligible Director who was a member of the Board on May 31, 2001, will receive the annual benefit for a term equal to the number of years the retired Director served as an Outside Director. An eligible Director who joins the Board after May 31, 2001, will receive the annual benefit for a term equal to the number of years the retired director served as an Outside Director, but not to exceed five years.. If a Director dies prior to payment of his benefit, a death benefit is payable to his beneficiaries equal to the then present value of the unpaid benefit.

The Deferred Compensation Plan and the Retirement Plan both provide for the

Edgar Filing: TIDEWATER INC - Form DEF 14A

protection of benefits in the event of a change of control of the Company and also permit the acceleration of payment of benefits in such event.

- (1) The options become fully exercisable three years after the date of grant. Exercisability is accelerated upon a change of control, and exercisability of Mr. O'Malley's options will also be accelerated upon retirement at age 65 or older.
- (2) The theoretical values on grant date are calculated under the Black-Scholes Model. The Black-Scholes Model is a mathematical formula used to value options traded on stock exchanges. This formula considers a number of factors to estimate the option's theoretical value, including the stock's historical volatility, dividend rate, exercise period of the option and interest rates. The grant date theoretical value above assumes an expected stock price volatility of 48.4%, an expected annual dividend yield of 1.2%, a 4.7% risk free rate of return and an expected five year stock option life.
- (3) Does not include the grant of a replacement option for 100,000 shares. This option was granted to replace a cancelled option with the same terms, except that the replacement option may be exercised for five years, rather than two years, following retirement.

Pension Plans

The Company and its participating subsidiaries sponsor a defined benefit pension plan ("Pension Plan") and a Supplemental Executive Retirement Plan ("SERP") covering eligible employees. The SERP provides certain benefits for Company officers that the Pension Plan is prevented from providing because of compensation and benefits limits in the Internal Revenue Code. The Pension Plan and the SERP are referred to together as the "Pension Program".

An officer's benefits under the Pension Program are based on his highest average of 5 consecutive calendar years of pay over the last 10 years ("final average pay"). Upon normal retirement at age 65, an officer participating in the Pension Program receives a monthly benefit equal to the sum of (i) 2% of the portion of final average pay that exceeds Social Security covered compensation, times years of service to a maximum of 35, plus (ii) 1.35% of the portion of final average pay that does not exceed Social Security covered compensation, times years of service to a maximum of 35, plus (iii) 1% of final average pay times years of service in excess of 35 years.

Early retirement benefits are available upon retirement after attaining age 55 and completing 10 years of service. There is no reduction for benefits that begin at age 62 or later. For retired employees electing commencement between age 55 and 62, the reduction is 5% per year for each year prior to age 62. A retired employee may select a life annuity or one of several optional forms of settlement.

Edgar Filing: TIDEWATER INC - Form DEF 14A

Employees completing five years of credited service are 100% vested in their Pension Program benefits. Messrs. O'Malley, Laborde, Currence, Rigdon, Taylor and Lousteau, have 6, 9, 27, 24, 22 and 23 years of credited service, respectively, under the Company's Pension Program.

The following table sets forth estimated aggregate annual benefits payable in the form of a straight life annuity under the Pension Program upon retirement at age 65 to persons in the remuneration and years-of-service classifications specified. Benefits are not subject to any deduction for Social Security or other offset amounts.

Employment Contracts

On September 27, 2000, the Company entered into an Employment Agreement (the "Employment Agreement") with William C. O'Malley, pursuant to which Mr. O'Malley will serve as the Chairman, President and Chief Executive Officer of the Company through his scheduled retirement on March 28, 2002. Under the Employment Agreement, the Company has agreed to pay Mr. O'Malley an annual base salary of \$700,000. In addition, Mr. O'Malley will be eligible for an annual incentive bonus in accordance with the terms of the Executive Officer Annual Incentive Plan. Under the Employment Agreement, the Company has agreed to pay Mr. O'Malley such additional amounts as are necessary in order that his total retirement benefits will not be less than the benefits he would have been entitled to receive under the retirement plans of his previous employer.

9

Upon death or disability, Mr. O'Malley or his estate will be paid 50% of the base salary that he would have been paid under the Employment Agreement for the remaining term.

The Company entered into a Continuing Employment and Separation Agreement with Richard M. Currence effective December 31, 2000. Under that agreement, Mr. Currence will continue to be employed by the Company through March 31, 2003, unless terminated earlier as a result of death or by the Company for cause, as defined in the agreement. The agreement provides for an annual salary of \$44,445 and a total bonus of \$308,800 for fiscal 2001. Mr. Currence will not be entitled to receive future bonuses. Under the agreement, Mr. Currence began receiving monthly benefits under the Company's Supplemental Executive Retirement Plan (the "SERP") on January 1, 2001. The SERP benefits are calculated based upon the inclusion of service to the Company through

Edgar Filing: TIDEWATER INC - Form DEF 14A

December 31, 2002. Mr. Currence also remains eligible to participate in certain of the Company's benefit plans, including health, life and disability insurance plans, and continues to accrue service under the Pension Plan.

Change of Control Agreements

The Company has in effect change of control agreements (the "Change of Control Agreements") with each current executive officer. Mr. O'Malley's Change of Control Agreement supersedes his employment agreement upon a change of control of the Company.

The Change of Control Agreement for each executive officer provide for continued employment for a two-year period following a change of control (the "Employment Term"). Should the officer's employment be terminated during the Employment Term for any reason other than death, disability or "Cause", as defined, or should the officer terminate his employment for "Good Reason", as defined, the officer will become entitled to certain benefits. The benefits include a lump sum payment equal to three times the officer's base salary at termination, plus a payment equal to three times the greater of the average of his last three bonuses or the target bonus for which the officer is eligible within the following twelve months. The Change of Control Agreements also provide for a pro-rated bonus assuming performance at the target level for the portion of the year prior to termination. Also, the officer will be entitled to continued life and health insurance benefits for thirty-six months following the date of termination. The officer will immediately become fully vested in his benefits under each supplemental or excess retirement plan of the Company in which the officer participated. In addition, the Company will contribute to a trust for the officer's account an amount equal to the additional benefits to which the officer would have been entitled under any qualified or non-qualified defined benefit or defined contribution plan of the Company, as if the officer had continued to participate in such plan for three years following the change of control.

Mr. O'Malley's Change of Control Agreement provides that he is entitled to payments related to any excise tax that arises as a result of the "excess parachute payment" provisions of section 4999 of the Internal Revenue Code of 1986. The payments are intended to place Mr. O'Malley in the same after-tax position as he would have been in had such excise tax not been applicable to him. The Change of Control Agreements with the other named executive officers provide that if the officer would be in a better after-tax position if the benefits payable under the Change of Control Agreements were reduced to avoid the excise tax, then a reduction will occur. Mr. O'Malley's Change of Control Agreement also continues in effect any additional retirement, death and disability benefits provided by an employment agreement in effect at the time of a change of control.

COMPENSATION COMMITTEE REPORT

Principles of Executive Compensation

The Compensation Committee of the Board of Directors is composed of independent Outside Directors who are responsible for Tidewater's compensation programs. The executive compensation program is designed to help the Company attract, motivate, and retain the executive talent that the Company needs in order to maximize its return to shareholders. Toward that end, the Company's executive compensation program has been structured based on the following principles:

- . Competitive Levels of Compensation--Tidewater attempts to provide its

Edgar Filing: TIDEWATER INC - Form DEF 14A

executives with a total compensation package that, at expected levels of performance, is competitive with those provided to executives who hold comparable positions or have similar qualifications. Total compensation is defined to include base salary, annual incentive bonus, long-term incentives, and executive benefits.

The Company's philosophy is to provide a total compensation package which is market driven. The Company determines competitive levels of compensation for executive positions based on information drawn from compensation surveys and proxy statements for comparable organizations. Tidewater considers market pay data for general industry companies with comparable revenues to Tidewater and the Value Line oilfield service peer group of companies used in the total shareholder return graph in this proxy statement in setting competitive compensation levels.

. Pay for Performance--Tidewater's base salary and incentive plans are managed within a pay for performance framework. As a result, while the expected value of an executive's compensation package may be market driven, actual payments made to executives in a given year may be higher or lower than competitive market rates because of Company and individual performance.

. Focus on Annual and Long Term Results--As part of its pay for performance program, Tidewater maintains both an annual and a long-term incentive plan for key employees. The purpose of the annual incentive plan is to reward short-term performance that is tied to the Company's annual business objectives. The long-term incentive plan focuses on providing stock based incentives which are intended to be consistent with the goals of long-term shareholders.

Description of the Current Executive Compensation Program

This section describes each of the principal elements of the Company's executive compensation program with specific reference to the objectives discussed above. The Company's compensation program is periodically reviewed to ensure an appropriate mix of base salary, annual incentive, and long-term incentive within the philosophy of providing competitive total direct compensation opportunities.

Base Salary Program. Tidewater believes that offering competitive rates of base pay plays an important role in its ability to attract and retain executive talent. Discretionary base salary adjustments are also made based upon each individual employee's performance over time. Consequently, employees with higher levels of sustained performance over time will be paid correspondingly higher salaries. Generally, salaries for executives are reviewed annually based on a variety of factors, including individual performance, general levels of market salary increases, the Company's overall financial condition and industry conditions. All of the executive officers, except for William O'Malley, received promotional base salary increases during fiscal year 2001, as part of an organizational restructuring.

Annual Incentive Plan. Tidewater provides an annual management incentive plan in which all executive officers other than Mr. O'Malley participate. The annual incentive plan is intended to attract, motivate, and retain high quality executives by offering variable pay tied to Company and individual performance. This program is also an important component in providing a fully competitive compensation package to the Company's executive officers.

A bonus pool is established each year based on the Company's overall performance against measures established by the Compensation Committee of the Board of Directors. In fiscal 2001, two performance measures were considered:

Edgar Filing: TIDEWATER INC - Form DEF 14A

(1) adjusted net income compared to the budget, and (2) return on total capital compared to a peer group consisting of the Value Line Oilfield Services Group and three direct competitors. As in prior years, the weight of the adjusted net income versus budget measure was 66.67% to once again underscore the Company's emphasis on net income, and the weight of the return on total capital measure was maintained at 33.33%.

For fiscal 2001, the Company reached the maximum award level for adjusted net income as compared to the budget and exceeded the target for return on total capital. As a result, the overall company performance measures generated a bonus pool from which payouts were made. Individual awards from the established bonus pool are approved by the Compensation Committee. The Chief Executive Officer provides advice to the Committee for specific individual awards. Individual awards from the pool are based on a combination of objective performance criteria (such as operating margins, business unit performance, and the attainment of safety goals), as well as discretionary evaluation of individual employee performance. The Chief Executive Officer participates in a separate Executive Officer Annual Incentive Plan, which is described below under "2001 Chief Executive Officer Compensation."

Long-Term Incentive Plan. In recent years, Tidewater has provided long-term incentives in the form of stock options to its executives. Stock options are intended to reward participants for generating appreciation in the Company's stock price through their individual performance. Stock options granted during the last fiscal year were granted at the fair market value on the date of grant. All stock options have a term of 10 years and vest one-third per year commencing one year following the grant date.

Tidewater's overall stock option grant levels generally are established by considering industry conditions and market data on grant levels. Individual grants are based on a subjective evaluation of level of responsibility, individual performance, and the expected value of future service to the Company.

2001 Chief Executive Officer Compensation

During fiscal 2001, William C. O'Malley served as Chief Executive Officer pursuant to an employment contract entered into in September 2000 with a term ending with the date of his planned retirement in March 2002. The employment contract continued Mr. O'Malley's annual base salary at \$700,000. At the March 29, 2001, Compensation Committee meeting, in recognition of his service to the Company, a \$50,000 base salary increase was given to Mr. O'Malley for the coming fiscal year, bringing his new base salary to \$750,000.

In addition, under the terms of the Executive Officer Annual Incentive Plan, Mr. O'Malley was eligible for an annual incentive award for fiscal 2001. This plan provides for payment of a variable bonus contingent upon achievement of certain Company performance goals. For fiscal 2001, the performance measures were: 1) adjusted net income versus budget; 2) return on total capital as compared to a peer group consisting of the Value Line Oilfield Services Group and three direct competitors; and 3) safety performance. The actual amount of the incentive award is dependent upon the attainment of corporate performance in each of these three criteria. The target payout is 43% of base salary; the maximum payout is 143% of base salary. For fiscal 2001, Company performance exceeded the target for the return on total capital and safety measures, and achieved the maximum award levels for adjusted net income as compared to the budget. As a result, the overall Company performance measures generated a fund from which \$950,000 was awarded to Mr. O'Malley.

In fiscal 2001, Mr. O'Malley was granted stock options to purchase 50,000 shares of Common Stock based upon the Committee's subjective evaluation of Mr. O'Malley's performance during the last fiscal year. The options vest one-third

Edgar Filing: TIDEWATER INC - Form DEF 14A

per year beginning one year following grant, but will vest in full upon retirement at age 65 or older. In recognition of Mr. O'Malley's planned retirement in 2002, the Committee also took action to allow these and previously granted stock options to remain exercisable for five years after Mr. O'Malley's retirement, but no later than ten years after grant.

12

\$1 Million Pay Deductibility Cap

Section 162(m) of the Internal Revenue Code limits the tax deductibility by the Company of compensation, other than performance-based compensation, in excess of \$1 million paid to each of its most highly compensated executive officers. Although the aggregate of Mr. O'Malley's salary and bonus for fiscal 2001 exceeded \$1 million, Mr. O'Malley's bonus paid through the Executive Officer Annual Incentive Plan qualified as performance-based compensation and therefore was deductible by the Company. Stock options also qualify as performance-based and are excluded in calculating the \$1 million limit of Section 162(m).

The Compensation Committee intends to continue to establish executive officer compensation programs that will maximize Tidewater's income tax deduction, assuming the Committee determines that such actions are consistent with its philosophy and in the best interest of Tidewater and its shareholders. However, from time to time, the Committee may award compensation that is not fully tax deductible if the Committee determines that such award is consistent with its philosophy and in the best interest of Tidewater and its shareholders.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of three directors, all of whom the Board believes are independent under the rules of the New York Stock Exchange. The responsibilities of the Audit Committee are set forth in its Charter, which was adopted by the Board and is attached as Exhibit A. The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the Company's reporting process including the systems of internal controls.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the Company's financial statements with management and the Company's independent auditors. In addition, the Audit Committee has discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61 (Communications with Audit Committees). The independent auditors also provided to the Audit Committee the written disclosures required by Independence Standards Board Statement No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended March 31, 2001, for filing with the Securities

and Exchange Commission. The Audit Committee and the Board have also approved, subject to shareholder ratification, the selection of the Company's independent auditors for fiscal year 2002.

INTEREST IN CERTAIN TRANSACTIONS

Related Party Transactions

During fiscal 2001, the Company contracted with Bollinger Shipyards, Inc. ("Bollinger Shipyards") for repair and storage of vessels owned by the Company for an aggregate cost of approximately \$1,366,000. The contracts for the repair and storage services were awarded to Bollinger Shipyards on the basis of competitive bidding and/or space availability. Donald T. Bollinger is the Chairman and Chief Executive Officer of Bollinger Shipyards and a Director of the Company. In the opinion of management, all of the Company's transactions with Bollinger Shipyards were on terms that were usual, customary, and no less favorable to the Company than would be available from unaffiliated parties.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Directors, executive officers, and beneficial owners of more than 10% of the Common Stock to file certain beneficial ownership reports with the SEC. To the

Edgar Filing: TIDEWATER INC - Form DEF 14A

Company's knowledge, based on the Company's review of copies of reports received by the Company and on written representations by certain reporting persons that no reports on Form 5 were required, the Company believes that during fiscal year 2001 all Section 16(a) filing requirements applicable to its officers, directors and 10% stockholders were complied with in a timely manner.

PROPOSAL TO APPROVE 2001 STOCK INCENTIVE PLAN

(PROPOSAL 2)

General

The Board of Directors of the Company believes that the continued growth of the Company depends significantly upon the efforts of its officers, directors and key employees, and that such individuals are best motivated to put forth maximum effort on behalf of the Company if they own an equity interest in the Company and can participate in the long-term growth and financial success of the Company. In accordance with this philosophy, the Board of Directors has adopted the 2001 Stock Incentive Plan (the "Plan") and has directed that it be submitted for approval by the stockholders at the Annual Meeting. The principal features of the Plan are summarized below.

Purpose of the Proposal

The Board of Directors is committed to creating and maintaining a compensation system based to a significant extent on grants of equity-based incentive awards. Only approximately 5,000 shares of Common Stock will remain available for issuance under the Company's 1997 Stock Incentive Plan (the "1997 Plan") after the Annual Meeting, and the Board is proposing approval of the Plan to allow for the future grant of stock options and other forms of equity compensation. The Board believes that approval of the Plan will provide the Company with the continued ability to attract, retain and motivate key personnel in a manner that is tied to the interests of stockholders.

Terms of the Plan

Administration of the Plan. The Compensation Committee of the Board or a sub-committee of the Compensation Committee (the "Committee") administers the Plan and has authority to make awards under the Plan, to set the terms of the awards, to interpret the Plan, to establish any rules or regulations relating to the Plan that it determines to be appropriate and to make any other determination that it believes necessary or advisable for the proper administration of the Plan. With respect to awards to participants not subject to Section 16 of the Securities Exchange Act of 1934 or Section 162(m) of the Internal Revenue Code of 1986 (the "Code"), the Committee may delegate its authority to appropriate officers of the Company.

15

Eligibility. Officers and other key employees of the Company will be eligible to receive awards ("Incentives") under the Plan when designated by the Committee. There are approximately 7 officers and 35 key employees of the Company and its subsidiaries who may be expected to participate in the Plan. In addition, directors of the Company who are not employees of the Company ("Outside Directors") may be granted non-qualified stock options under the Plan on an annual basis. There are currently eight Outside Directors.

Shares Issuable through the Plan. A total of 2,850,000 Common Shares are authorized to be issued under the Plan. In addition, the 5,169 shares that remain available for grant under the 1997 Plan may be granted in the future

Edgar Filing: TIDEWATER INC - Form DEF 14A

under the Plan, as may shares that are represented by currently outstanding awards under the 1997 Plan that are forfeited, expire or are cancelled in the future by their terms.

The closing sale price of a share of Common Stock, as quoted on the New York Stock Exchange on June 6, 2001 was \$45.49.

Limitations and Adjustments to Shares Issuable Through the Plan. Incentives relating to no more than 500,000 shares of Common Stock may be granted to a single participant in one calendar year and no more than 300,000 shares of Common Stock may be issued as restricted stock or other stock-based awards during the life of the Plan.

For purposes of determining the maximum number of shares available for delivery under the Plan, shares that are not delivered because the Incentive is forfeited, canceled or settled in cash and shares that are withheld to satisfy participants' tax withholding obligations will not be deemed to have been delivered under the Plan. Also, if the exercise price of any stock option granted under the Plan is satisfied by tendering shares of Common Stock, only the number of shares issued net of the shares tendered will be deemed delivered for purposes of determining the maximum number of shares of Common Stock available for delivery under the Plan. However, no more than 2,850,000 shares may be delivered upon the exercise of stock options intended to qualify as incentive stock options under Section 422 of the Code, and shares withheld to cover taxes or shares delivered in payment of the exercise price will be deemed to have been delivered under the Plan for purposes of the 2,850,000 share limit applicable to incentive stock options.

Proportionate adjustments will be made to all share limitations provided in the Plan, including the number of shares issuable through the Plan and shares subject to outstanding Incentives, in the event of any recapitalization, reclassification, stock dividend, stock split, combination of shares or other change in the Common Stock, and the terms of any Incentive will be adjusted to the extent appropriate to provide participants with the same relative rights before and after the occurrence of any such event. In the event of any merger, consolidation or reorganization of the Company, there will be substituted for each of the shares of Common Stock then subject to the Plan, the number and kind of shares of stock, other securities or property (including cash) to which the holders of the shares of Common Stock will be entitled pursuant to the transaction.

Amendments to the Plan. The Board may amend or discontinue the Plan at any time. However, the shareholders must approve any amendment that would materially increase the benefits accruing to participants under the Plan; increase the number of shares of Common Stock that may be issued under the Plan; or materially expand the classes of persons eligible to participate in the Plan. No amendment or discontinuance of the Plan may materially impair any previously granted Incentive without the consent of the recipient.

Types of Incentives. Each of the types of Incentives that may be granted under the Plan is described below:

Stock Options. The Committee may grant non-qualified stock options or incentive stock options to purchase shares of Common Stock. The Committee will determine the number and exercise price of the options, and the time or times that the options become exercisable, provided that the option exercise price may not be less than the fair market value of a share of Common Stock on the date of grant, except in the case of a stock option granted in substitution of an outstanding award of a company acquired by the Company or with which the Company combines. The term of an option will also be determined by the Committee; provided that the term of

an incentive stock option may not exceed 10 years. The Committee may accelerate the exercisability of any stock option at any time.

The option exercise price may be paid (a) in cash; (b) in shares of Common Stock, subject to certain limitations; (c) in a combination of cash and Common Stock; (d) through a "cashless" exercise arrangement with a broker approved in advance by the Committee; or (e) in any other manner authorized by the Committee.

Incentive stock options will be subject to certain additional requirements necessary in order to qualify as incentive stock options under Section 422 of the Code.

Restricted Stock. Shares of Common Stock may be granted by the Committee to an eligible employee and made subject to restrictions on sale, pledge or other transfer by the employee for a certain period (the "restricted period"). Restricted stock must vest over a minimum restricted period of three years, except that if vesting of the shares is subject to the attainment of specified performance goals, vesting over a period of one year or more is permitted. Incremental vesting of shares at intervals during the three-year and one-year periods is permitted. All shares of restricted stock will be subject to such restrictions as the Committee may provide in an agreement with the participant, including provisions obligating the participant to forfeit or resell the shares to the Company in the event of termination of employment or if specified performance goals or targets are not met. Subject to the restrictions provided in the restricted stock agreement and the Plan, a participant receiving restricted stock shall have all of the rights of a shareholder as to such shares.

Other Stock-Based Awards. The Plan also authorizes the Committee to grant participants awards of Common Stock and other awards that are denominated in, payable in, valued in whole or in part by reference to, or are otherwise based on the value of, or the appreciation in value of shares of Common Stock ("other stock-based awards"). The Committee has discretion to determine the participants to whom other stock-based awards are to be made, the times at which such awards are to be made, the size of such awards, the form of payment, and all other conditions of such awards, including any restrictions, deferral periods or performance requirements. The Committee may grant other stock-based awards for an aggregate of up to 100,000 shares without vesting requirements. All additional grants must vest over a period of no less than three years, except that a vesting period of at least one year is permitted if the award vests based upon the achievement of performance goals. Incremental vesting of shares at intervals during the three-year and one-year periods is permitted.

Performance-Based Compensation under Section 162(m). Stock options granted in accordance with the terms of the Plan will qualify as performance-based compensation under Section 162(m) of the Code, which protects the Company's tax deduction for the income the participant recognizes on the stock option. Grants of any restricted stock or other stock-based awards that the Company intends to qualify as performance-based compensation under Section 162(m) must be made subject to the achievement of pre-established performance goals. The pre-established performance goals will be based upon any or a combination of the following business criteria applied to the Company, the Company together with its subsidiaries, a division or a subsidiary: earnings per share, return on assets, an economic value added measure, shareholder return, earnings, stock price, return on equity, return on total capital, safety performance, reduction of expenses or increase in cash flow. For any performance period, the performance goals may be measured on an absolute basis or relative to a

Edgar Filing: TIDEWATER INC - Form DEF 14A

group of peer companies selected by the Committee, relative to internal goals, or relative to levels attained in prior years.

The Committee has authority to use different targets from time to time under the performance goals provided in the Plan. As a result, the regulations under Section 162(m) require that the material terms of the performance goals be reapproved by the stockholders every five years. To qualify as performance-based compensation, grants of restricted stock and other stock-based awards will be required to satisfy the other applicable requirements of Section 162(m).

Termination of Employment. If an employee participant ceases to be an employee of the Company for any reason, including death, his outstanding Incentives may be exercised or shall expire at such time or times as may be determined by the Committee and described in the applicable Incentive agreement or an amendment thereto.

17

Change of Control. In the event of a change of control of the Company, as defined in the Plan, all Incentives will become fully vested and exercisable, all restrictions or limitations on any Incentives will lapse and all performance criteria and other conditions relating to the payment of Incentives will generally be deemed to be achieved or waived. In addition, in the event of a tender offer or exchange offer, all options shall become fully vested and exercisable, all restrictions or limitations on any Incentive will lapse and all performance criteria and other conditions relating to the payment will be deemed waived for a 30-day period. After the 30-day period, any options not exercised and any shares not tendered or exchanged will again be subject to the terms and conditions applicable prior to the tender offer or exchange offer.

Loans to Participants. The Plan permits loans on certain terms to Plan participants in the maximum amount of the aggregate option exercise price and maximum tax liability on the option exercises, but only in connection with a change of control of the Company in which the participant's employment will be terminated and the participant will be precluded from selling shares of Common Stock.

Transferability of Incentives. The Incentives awarded under the Plan may not be transferred except (a) by will; (b) by the laws of descent and distribution; (c) pursuant to a domestic relations order; or (d) in the case of stock options only, to immediate family members or to a partnership, limited liability company or trust for which the sole owners, members or beneficiaries are immediate family members, if permitted by the Committee and if so provided in the stock option agreement.

Payment of Withholding Taxes. The Company may withhold from any payments or stock issuances under the Plan, or collect as a condition of payment, any taxes required by law to be withheld. Any participant may, but is not required to, satisfy his or her withholding tax obligation by electing to have the Company withhold, from the shares the participant would otherwise receive, shares of Common Stock having a value equal to the minimum amount required to be withheld. This election must be made prior to the date on which the amount of tax to be withheld is determined and is subject to the Committee's right of disapproval.

Grant of Options to Outside Directors. The Plan permits the grant each year to each Outside Director of options to acquire up to 5,000 shares of Common Stock. The exact number of options that the Outside Director will receive will be set from time to time by the Committee.

Edgar Filing: TIDEWATER INC - Form DEF 14A

The options granted to Outside Directors generally become exercisable six months after grant and have a term of ten years. The per share exercise price of the options granted to Outside Directors will be equal to the fair market value of a share of Common Stock on the date of grant. If an Outside Director ceases to serve on the Board due to death or disability, options granted under the Plan that have become exercisable at the time of death or disability must be exercised within two years from the date of termination of Board service. In the event of retirement from the Board on or after reaching age 65 or after completing five years of service, exercisable options that have become exercisable at the time of retirement must be exercised within five years following retirement. If an Outside Director's service terminates for any other reason, exercisable options must be exercised within one year. Options that have not become exercisable at the time of termination of Board service will be forfeited.

Awards To Be Granted

The grant of awards under the Plan is entirely in the discretion of the Committee. Because benefits under the Plan will depend on the Committee's actions, it is not possible to determine at this time the benefits that officers, directors and key employees will receive if the Plan is approved by the stockholders.

Federal Income Tax Consequences of Stock Options

Under existing federal income tax provisions, a participant who is granted a stock option normally will not realize any income, nor will the Company normally receive any deduction for federal income tax purposes, in the year the option is granted.

18

When a non-qualified stock option granted pursuant to the Plan is exercised, the participant will realize ordinary income measured by the difference between the aggregate purchase price of the Common Stock acquired and the aggregate fair market value of the Common Stock acquired on the exercise date and, subject to the limitations of Section 162(m) of the Code, the Company will be entitled to a deduction in the year the option is exercised equal to the amount the participant is required to treat as ordinary income.

An employee generally will not recognize any income upon the exercise of an incentive stock option, but the excess of the fair market value of the shares at the time of exercise over the option price will be an item of tax preference, which may, depending on particular factors relating to the employee, subject the employee to the alternative minimum tax imposed by Section 55 of the Code. The alternative minimum tax is imposed in addition to the federal individual income tax, and it is intended to ensure that individual taxpayers do not completely avoid federal income tax by using preference items. An employee will recognize capital gain or loss in the amount of the difference between the exercise price and the sale price on the sale or exchange of stock acquired pursuant to the exercise of an incentive stock option, provided the employee does not dispose of such stock within two years from the date of grant and one year from the date of exercise of the incentive stock option (the "holding periods"). An employee disposing of such shares before the expiration of an applicable holding period will recognize ordinary income generally equal to the difference between the option price and the fair market value of the stock on the date of exercise. The remaining gain, if any, will be capital gain. The Company will not be entitled to a federal income tax deduction in connection with the exercise of an incentive stock option, except where the employee disposes of the shares received upon

Edgar Filing: TIDEWATER INC - Form DEF 14A

exercise before the expiration of an applicable holding period.

If the exercise price of a non-qualified option is paid by the surrender of previously owned shares, the basis and the holding period of the previously owned shares carry over to the same number of shares received in exchange for the previously owned shares. The compensation income recognized on exercise of these options is added to the basis of the shares received. If the exercised option is an incentive stock option and the shares surrendered were acquired through the exercise of an incentive stock option and have not been held for the applicable holding period, the optionee will recognize income on such exchange, and the basis of the shares received will be equal to the fair market value of the shares surrendered. If the applicable holding period has been met on the date of exercise, there will be no income recognition and the basis and the holding period of the previously owned shares will carry over to the same number of shares received in exchange, and the remaining shares will begin a new holding period and have a zero basis.

If, upon a change in control of the Company, the exercisability or vesting of an Incentive is accelerated, any excess on the date of the change in control of the fair market value of the shares or cash issued under accelerated Incentives over the purchase price of such shares, if any, may be characterized as "parachute payments" (within the meaning of Section 280G of the Code) if the sum of such amounts and any other such contingent payments received by the employee exceeds an amount equal to three times the "base amount" for such employee. The base amount generally is the average of the annual compensation of such employee for the five years preceding such change in ownership or control. An "excess parachute payment", with respect to any employee, is the excess of the parachute payments to such person, in the aggregate, over and above such person's base amount. If the amounts received by an employee upon a change in control are characterized as parachute payments, such employee will be subject to a 20% excise tax on the excess parachute payment and the Company will be denied any deduction with respect to such excess parachute payment.

This summary of federal income tax consequences of non-qualified and incentive stock options does not purport to be complete. Reference should be made to the applicable provisions of the Code. There also may be state and local income tax consequences applicable to transactions involving options.

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

Stockholders are entitled to submit proposals on matters appropriate for stockholder action consistent with regulations of the Securities and Exchange Commission and the Bylaws of the Company.

Should a stockholder intend to present a proposal at the Annual Meeting to be held in 2002, under Securities and Exchange Commission rules, it must be received by the Secretary of the Company (at 601 Poydras Street, Suite 1900, New Orleans, Louisiana 70130) not less than 120 days in advance of June 21, 2002, in order to be included in the Company's Proxy Statement and form of proxy relating to that meeting.

The Company's Bylaws provide that in addition to any other applicable requirements for business to be properly brought before the Annual Meeting by a stockholder, the stockholder must give timely notice in writing to the Secretary. To be timely, a stockholder's notice must be delivered or mailed to and received at the principal executive offices of the Company not less than 75 days nor more than 100 days prior to the anniversary date of the immediately preceding Annual Meeting, provided that in the event that the Annual Meeting is called for a date more than 50 days prior to such anniversary date, notice by the stockholder, in order to be timely, must be

so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first. The Bylaws provide that a stockholder's notice to the Secretary must set forth among other things, specified information as to the matters to be brought before the meeting and as to the stockholder making the proposal. This requirement does not preclude discussion by any stockholder of any business properly brought before the Annual Meeting in accordance with such procedures.

Edgar Filing: TIDEWATER INC - Form DEF 14A

The Bylaws further provide that a stockholder of the Company entitled to vote for the election of Directors may make nominations of persons for election to the Board at a meeting of stockholders by complying with required notice procedures. Such nominations shall be made pursuant to notice in writing to the Secretary, which must be delivered or mailed to and received at the principal executive offices of the Company not less than 75 days nor more than 100 days prior to the anniversary date of the immediately preceding Annual Meeting, provided that in the event the Annual Meeting is called for a date more than 50 days prior to such anniversary date, notice by the stockholder in order to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first. Such stockholder's notice to the Secretary must set forth among other things, specified information as to the nominees and as to the stockholder making the nomination. The Company may require any proposed nominee to furnish such information as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as a Director of the Company.

OTHER MATTERS

The Board of Directors knows of no business, other than that described above, that will be presented to the meeting but, should any other matters properly arise before the meeting, the persons named in the enclosed proxies will vote the proxies in accordance with their best judgment.

AUDIT COMMITTEE CHARTER

PURPOSE

The primary purpose of the Audit Committee (the "Committee") is to assist the Board of Directors (the "Board") in fulfilling its responsibility to oversee management's conduct of the Company's financial reporting process, including:

- . the financial reports and other financial information provided by the Company to any governmental or regulatory body, the public or other users thereof;
- . the Company's systems of internal accounting and financial controls;
- . the annual independent audit of the Company's financial statements; and
- . the Company's legal compliance and ethics programs as established by

Edgar Filing: TIDEWATER INC - Form DEF 14A

management and the Board.

The Committee's job is one of oversight and it recognizes that the Company's management is responsible for preparing the Company's financial statements and that the outside auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that financial management, including the internal audit staff, as well as the outside auditors, have more time, knowledge and more detailed information on the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the outside auditors' work.

In discharging its oversight role, the Committee is empowered to investigate any matter that may come to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain outside counsel, auditors or other experts for this purpose. Any person or firm retained by the Committee may be discharged only by the Committee. Fees and expenses for such services shall be established and approved by the Committee and paid by the Company.

The Board and the Committee are in place to represent the Company's shareholders; accordingly, the outside auditors are ultimately accountable to the Board and the Committee.

The Committee shall review the adequacy of this Charter on an annual basis.

ORGANIZATION AND ADMINISTRATION

Membership

The Committee shall be comprised of not less than three members of the Board, and the Committee's composition will meet the requirements of the Audit Committee Policy of the New York Stock Exchange. Accordingly, all of the members will be directors:

- . who have no relationship to the Company that may interfere with the exercise of their independence from management and the Company; and
- . who are financially literate or who become financially literate within a reasonable period of time after appointment to the Committee.

In addition, at least one member of the Committee will have accounting or related financial management expertise.

22

Appointment and Term

At its meeting next following the Company's Annual General Meeting, the Board shall appoint, by a majority vote, the members of the Committee with one of such members being designated as the chairperson of the Committee. Each member of the Committee so appointed shall serve for a term of one year or until his/her successor is duly appointed and qualified.

Any vacancy on the Committee may be filled by a majority vote of the Board. If at anytime the number of members of the Committee is less than three (3), the Board shall appoint, by a majority vote, a sufficient number of new members to bring the minimum membership of the Committee to at least three (3).

Edgar Filing: TIDEWATER INC - Form DEF 14A

Quorum and Voting

A majority of the members of the Committee shall constitute a quorum. Each member of the Committee is entitled to one vote. The affirmative vote of a majority of the quorum shall be required to adopt and/or approve any matter.

KEY RESPONSIBILITIES

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

- . The Committee shall review with management and the outside auditors the audited financial statements to be included in the Company's Annual Report on Form 10-K to be filed with the Securities and Exchange Commission (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-K) and review and consider with the outside auditors the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61, as it may be modified or supplemented.
 - . The Committee shall discuss with management and the outside auditors the quality and adequacy of the Company's internal controls.
 - . The Committee shall discuss with the outside auditors the auditors' judgment about the quality, not just the acceptability, of the Company's accounting principles as applied in its financial statements and as selected by management.
 - . The Committee shall:
 - . request from the outside auditors annually, a formal written statement delineating all relationships between the auditors and their related entities and the Company and its related entities consistent with Independence Standards Board Standard Number 1, as it may be modified or supplemented;
 - . discuss with the outside auditors any such disclosed relationships and their impact on the outside auditors' independence; and
 - . recommend, when necessary, that the Board take appropriate action in response to the outside auditors' report to satisfy itself of the auditors' independence.
 - . The Committee, subject to any action that may be taken by the full Board, shall have the ultimate authority and responsibility to recommend to the full Board for ratification by shareholders the selection and, where appropriate, replacement of the outside auditors.
 - . The Committee shall review and approve annually the scope and cost of audit and non-audit services to be performed by the outside auditors.
 - . The Committee shall review and approve annually the scope of work to be performed by internal auditors, and shall review with the Company's internal auditors their findings and recommendations.
- 23
- . The Committee shall review annually management's programs governing code of conduct, conflicts of interest, legal and environmental compliance.

Edgar Filing: TIDEWATER INC - Form DEF 14A

- . The Committee shall prepare annually its report to be included in the Company's proxy statement pursuant to Item 306 of Regulation SK, as it may be modified or supplemented.
- . The Committee shall review and approve all changes in accounting principles other than those changes in accounting principles mandated by newly-adopted authoritative accounting pronouncements.
- . The Committee shall concur with the appointment or replacement of the Company's senior internal auditor.
- . The Committee shall review annually expense accounts of members of executive management of the Company.

Appendix A to Proxy Statement

TIDEWATER INC. 2001 STOCK INCENTIVE PLAN

1. PURPOSE. The purpose of the 2001 Stock Incentive Plan (the "Plan") of Tidewater Inc. ("Tidewater") is to increase shareholder value and to advance the interests of Tidewater and its subsidiaries (collectively, the "Company") by furnishing stock-based economic incentives (the "Incentives") designed to attract, retain and motivate key employees, officers and directors and to strengthen the mutuality of interests between such employees, officers and directors and Tidewater's shareholders. Incentives consist of opportunities to purchase or receive shares of common stock, \$.10 par value per share, of Tidewater (the "Common Stock"), on terms determined under the Plan. As used in the Plan, the term "subsidiary" means any corporation, limited liability company or other entity, of which Tidewater owns (directly or indirectly) within the meaning of Section 425(f) of the Internal Revenue Code of 1986, as amended (the "Code"), 50% or more of the total combined voting power of all classes of stock, membership interests or other equity interests issued thereby.

2. ADMINISTRATION.

2.1. COMPOSITION. The Plan shall be administered by the Compensation Committee of the Board of Directors of Tidewater or by a subcommittee thereof (the "Committee"). The Committee shall consist of not fewer than two members of the Board of Directors, each of whom shall (a) qualify as a "non-employee director" under Rule 16b-3 under the Securities Exchange Act of 1934 (the "1934 Act") or any successor rule, and (b) qualify as an "outside director" under Section 162(m) of the Code.

2.2. AUTHORITY. The Committee shall have plenary authority to award Incentives under the Plan, to interpret the Plan, to establish any rules or regulations relating to the Plan that it determines to be appropriate, to enter into agreements with or provide notices to participants as to the terms of the Incentives (the "Incentive Agreements") and to make any other determination that it believes necessary or advisable for the proper administration of the Plan. Its decisions in matters relating to the Plan shall be final and conclusive on the Company and participants. The Committee may delegate its authority

Edgar Filing: TIDEWATER INC - Form DEF 14A

hereunder to the extent provided in Section 3 hereof. Directors who are not also employees of the Company ("Outside Directors") may receive awards under the Plan only as specifically provided in Section 9 hereof.

3. ELIGIBLE PARTICIPANTS. Key employees and officers of the Company (including officers who also serve as directors of the Company) shall become eligible to receive Incentives under the Plan when designated by the Committee. Employees may be designated individually or by groups or categories, as the Committee deems appropriate. With respect to participants not subject to Section 16 of the 1934 Act or Section 162(m) of the Code, the Committee may delegate to appropriate officers of the Company its authority to designate participants, to determine the size and type of Incentives to be received by those participants and to set and modify the terms of the Incentives; provided, however, that the per share exercise price of any options granted by an officer, rather than by the Committee, shall be equal to the Fair Market

1

Value (as defined below). Outside Directors may participate in the Plan only as specifically provided in Section 9 hereof.

4. TYPES OF INCENTIVES. Incentives may be granted under the Plan to eligible participants in the forms of (a) incentive stock options; (b) non-qualified stock options; (c) restricted stock and (d) Other Stock-Based Awards (as defined in Section 8 hereof).

5. SHARES SUBJECT TO THE PLAN.

5.1. NUMBER OF SHARES. Subject to adjustment as provided in Section 10.5, the maximum number of shares of Common Stock that may be delivered to participants and their beneficiaries under the Plan shall be equal to the sum of (a) 2,850,000 shares of Common Stock (b) any shares of Common Stock available for future awards under the Company's 1997 Stock Incentive Plan (the "Prior Plan") as of July 27, 2001; and (c) any shares of Common Stock that are represented by awards under the Prior Plan that are forfeited, expire or are cancelled without delivery of shares of Common Stock or which result in the forfeiture of shares of Common Stock back to the Company.

5.2. SHARE COUNTING. To the extent any shares of Common Stock covered by a stock option are not delivered to a participant or beneficiary because the Option is forfeited or canceled, or shares of Common Stock are not delivered because an Incentive is paid or settled in cash or used to satisfy the applicable tax withholding obligation, such shares shall not be deemed to have been delivered for purposes of determining the maximum number of shares of Common Stock available for delivery under this Plan. In the event that shares of Common Stock are issued as an Incentive and thereafter are forfeited or reacquired by the Company pursuant to rights reserved upon issuance thereof, such forfeited and reacquired Shares may again be issued under the Plan. If the exercise price of any stock option granted under the Plan or the applicable withholding tax obligation is satisfied by tendering shares of Common Stock to the Company (by either actual delivery or by attestation), only the number of shares of Common Stock issued net of the shares of Common Stock tendered shall be deemed delivered for purposes of determining the maximum number of shares of Common Stock available for delivery under the Plan.

5.3. LIMITATIONS ON NUMBER OF SHARES. Subject to Section 10.5, the following additional limitations are imposed under the Plan:

A. The maximum number of shares of Common Stock that may be issued upon exercise of stock options intended to qualify as incentive stock options under Section 422 of the Code shall be 2,850,000 shares.

Edgar Filing: TIDEWATER INC - Form DEF 14A

Notwithstanding any other provision herein to the contrary, (i) all shares issuable under incentive stock options shall be counted against this limit and (ii) shares that are issued and are later forfeited, cancelled or reacquired by the Company, shares withheld to satisfy withholding tax obligations and shares delivered in payment of the Option price shall have no effect on this limitation.

B. The maximum number of shares of Common Stock that may be covered by Incentives granted under the Plan to any one individual during any one calendar-year period shall be 500,000.

2

C. The maximum number of shares of Common Stock that may be issued as restricted stock and Other Stock-Based Awards (as defined in Section 8) shall be 300,000 shares.

5.4. TYPE OF COMMON STOCK. Common Stock issued under the Plan may be authorized and unissued shares or issued shares held as treasury shares.

6. STOCK OPTIONS. A stock option is a right to purchase shares of Common Stock from Tidewater. Stock options granted under the Plan may be incentive stock options (as such term is defined in Section 422 of the Code) or non-qualified stock options. Any option that is designated as a non-qualified stock option shall not be treated as an incentive stock option. Each stock option granted by the Committee under this Plan shall be subject to the following terms and conditions:

6.1. PRICE. The exercise price per share shall be determined by the Committee, subject to adjustment under Section 10.5; provided that in no event shall the exercise price be less than the Fair Market Value of a share of Common Stock on the date of grant, except in case of a stock option granted in assumption or substitution for an outstanding award of a company acquired by the Company or with which the Company combines.

6.2. NUMBER. The number of shares of Common Stock subject to the option shall be determined by the Committee, subject to Section 5 and subject to adjustment as provided in Section 10.5.

6.3. DURATION AND TIME FOR EXERCISE. The term of each stock option shall be determined by the Committee. Each stock option shall become exercisable at such time or times during its term as shall be determined by the Committee. Notwithstanding the foregoing, the Committee may accelerate the exercisability of any stock option at any time, in addition to the automatic acceleration of stock options under Section 10.11.

6.4. MANNER OF EXERCISE. A stock option may be exercised, in whole or in part, by giving written notice to the Company, specifying the number of shares of Common Stock to be purchased. The exercise notice shall be accompanied by the full purchase price for such shares. The option price shall be payable in United States dollars and may be paid by (a) cash; (b) uncertified or certified check; (c) by delivery of shares of Common Stock which, unless otherwise determined by the Committee, shall have been held by the optionee for at least six months, and which shares shall be valued for this purpose at the Fair Market Value on the business day immediately preceding the date such option is exercised; (d) delivery of irrevocable written instructions to a broker approved by the Company (with a copy to the Company) to immediately sell a portion of the shares issuable under the option and to deliver promptly to the Company the amount of sale proceeds (or loan proceeds if the broker lends funds to the participant for delivery to the Company) to pay the exercise price; or (e) in such other manner as may be authorized from time to time by the

Edgar Filing: TIDEWATER INC - Form DEF 14A

Committee.

3

6.5. INCENTIVE STOCK OPTIONS. Notwithstanding anything in the Plan to the contrary, the following additional provisions shall apply to the grant of stock options that are intended to qualify as incentive stock options (as such term is defined in Section 422 of the Code):

A. Any incentive stock option agreement authorized under the Plan shall contain such other provisions as the Committee shall deem advisable, but shall in all events be consistent with and contain or be deemed to contain all provisions required in order to qualify the options as incentive stock options.

B. All incentive stock options must be granted within ten years from the date on which this Plan is adopted by the Board of Directors.

C. Unless sooner exercised, all incentive stock options shall expire no later than ten years after the date of grant.

D. No incentive stock options shall be granted to any participant who, at the time such option is granted, would own (within the meaning of Section 422 of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the employer corporation or of its parent or subsidiary corporation.

E. The aggregate Fair Market Value (determined with respect to each incentive stock option as of the time such incentive stock option is granted) of the Common Stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year (under the Plan or any other plan of Tidewater or any of its subsidiaries) shall not exceed \$100,000. To the extent that such limitation is exceeded, such options shall not be treated, for federal income tax purposes, as incentive stock options.

7. RESTRICTED STOCK.

7.1. GRANT OF RESTRICTED STOCK. The Committee may award shares of restricted stock to such officers and key employees as the Committee determines pursuant to the terms of Section 3. An award of restricted stock shall be subject to such restrictions on transfer and forfeitability provisions and such other terms and conditions, including the attainment of specified performance goals, as the Committee may determine, subject to the provisions of the Plan. To the extent restricted stock is intended to qualify as "performance-based compensation" under Section 162(m) of the Code ("Section 162(m)"), it must be granted subject to the attainment of performance goals as described in Section 7.2 below and meet the additional requirements imposed by Section 162(m).

7.2 PERFORMANCE-BASED RESTRICTED STOCK. To the extent that restricted stock granted under the Plan is intended to qualify as "performance-based compensation" under Section 162(m), the performance goals pursuant to which the restricted stock shall vest shall be any or a combination of the following performance measures applied to the Company, Tidewater, a division or a subsidiary: earnings per share, return on assets, an economic value added measure,

4

shareholder return, earnings, stock price, return on equity, return on total

Edgar Filing: TIDEWATER INC - Form DEF 14A

capital, safety performance, reduction of expenses or increase in cash flow. For any performance period, such performance objectives may be measured on an absolute basis or relative to a group of peer companies selected by the Committee, relative to internal goals or relative to levels attained in prior years. If the performance-based restricted stock is intended to qualify as performance-based compensation under Section 162(m), the Committee may not waive any of the pre-established performance goal objectives, except for an automatic waiver under Section 10.10 hereof, or as may be provided by the Committee in the event of death or disability.

7.3. THE RESTRICTED PERIOD. At the time an award of restricted stock is made, the Committee shall establish a period of time during which the transfer of the shares of restricted stock shall be restricted and after which the shares of restricted stock shall be vested (the "Restricted Period"). Except for shares of restricted stock that vest based on the attainment of performance goals, the Restricted Period shall be a minimum of three years, with incremental vesting of portions of the award over the three-year period permitted. If the vesting of the shares of restricted stock is based upon the attainment of performance goals, a minimum Restricted Period of one year or more is permitted, with incremental vesting of portions of the award over the one-year period permitted. Each award of restricted stock may have a different Restricted Period. The expiration of the Restricted Period shall also occur as provided under Section 10.3 and under the conditions described in Section 10.10 hereof.

7.4. ESCROW. The participant receiving restricted stock shall enter into an Incentive Agreement with the Company setting forth the conditions of the grant. Certificates representing shares of restricted stock shall be registered in the name of the participant and deposited with the Company, together with a stock power endorsed in blank by the participant. Each such certificate shall bear a legend in substantially the following form:

The transferability of this certificate and the shares of Common Stock represented by it are subject to the terms and conditions (including conditions of forfeiture) contained in the Tidewater Inc. 2001 Stock Incentive Plan (the "Plan"), and an agreement entered into between the registered owner and Tidewater Inc. thereunder. Copies of the Plan and the agreement are on file at the principal office of the Company.

7.5. DIVIDENDS ON RESTRICTED STOCK. Any and all cash and stock dividends paid with respect to the shares of restricted stock shall be subject to any restrictions on transfer, forfeitability provisions or reinvestment requirements as the Committee may, in its discretion, prescribe in the Incentive Agreement.

7.6. FORFEITURE. In the event of the forfeiture of any shares of restricted stock under the terms provided in the Incentive Agreement (including any additional shares of restricted stock that may result from the reinvestment of cash and stock dividends, if so provided in the Incentive Agreement), such forfeited shares shall be surrendered and the certificates cancelled. The participants shall have the same rights and privileges, and be subject to the same forfeiture provisions, with respect to any additional shares received pursuant to Section 10.5 due to a recapitalization, merger or other change in capitalization.

7.7. EXPIRATION OF RESTRICTED PERIOD. Upon the expiration or termination of the Restricted Period and the satisfaction of any other conditions prescribed by the Committee, the restrictions applicable to the restricted stock shall lapse and a stock certificate for the number of shares of

Edgar Filing: TIDEWATER INC - Form DEF 14A

restricted stock with respect to which the restrictions have lapsed shall be delivered, free of all such restrictions and legends, except any that may be imposed by law, to the participant or the participant's estate, as the case may be.

7.8. RIGHTS AS A SHAREHOLDER. Subject to the terms and conditions of the Plan and subject to any restrictions on the receipt of dividends that may be imposed in the Incentive Agreement, each participant receiving restricted stock shall have all the rights of a shareholder with respect to shares of stock during the Restricted Period, including without limitation, the right to vote any shares of Common Stock.

8. OTHER STOCK-BASED AWARDS.

8.1 GRANT OF OTHER STOCK-BASED AWARDS. The Committee may grant to eligible participants "Other Stock-Based Awards," which shall consist of awards, other than options or restricted stock provided for in Sections 6 and 7, the value of which is based in whole or in part on the value of shares of Common Stock. Other Stock-Based Awards may be awards of shares of Common Stock or may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of, or appreciation in the value of, Common Stock (including, without limitation, securities convertible or exchangeable into or exercisable for shares of Common Stock), as deemed by the Committee consistent with the purposes of this Plan. The Committee shall determine the terms and conditions of any Other Stock-Based Award (including which rights of a shareholder, if any, the recipient shall have with respect to Common Stock associated with any such award) and may provide that such award is payable in whole or in part in cash. An Other Stock-Based Award may be subject to the attainment of such specified performance goals or targets as the Committee may determine, subject to the provisions of this Plan. To the extent that an Other Stock-Based Award is intended to qualify as "performance-based compensation" under Section 162(m), it must meet the additional requirements imposed thereby.

8.2 PERFORMANCE-BASED OTHER STOCK-BASED AWARDS. Any grant of an Other Stock-Based Award that is intended to qualify as "performance-based compensation" under Section 162(m) shall be conditioned on the achievement of one or more performance goals. The performance goals pursuant to which the Other Stock-Based Award shall vest shall be any or a combination of the following measures applied to the Company, Tidewater, a subsidiary or a division: earnings per share, return on assets, an economic value added measure, shareholder return, earnings, stock price, return on equity, return on total capital, safety performance, reduction of expenses or increase in cash flow. For any performance period, such performance objectives may be measured on an absolute basis or relative to a group of peer companies selected by the Committee, relative to internal goals or relative to levels attained in prior years. For grants of Other Stock-Based Awards intended to qualify as "performance-based compensation," the grants of Other Stock-Based Awards and the establishment of performance measures shall be made during the period required under Section 162(m).

6

8.3 Limitations. Other Stock-Based Awards granted under this Section 8 shall be subject to vesting periods that are equivalent in length to the Restricted Periods for restricted stock described in Section 7.3 hereof, except that the Committee may make special awards under this Section 8 with respect to an aggregate of no more than 100,000 shares of Common Stock, as adjusted under Section 10.5, which special awards shall not be subject to the minimum vesting period requirements described in Section 7.3.

Edgar Filing: TIDEWATER INC - Form DEF 14A

9. Stock Options for Outside Directors.

9.1 GRANT OF OPTIONS. During the period beginning on the day following the 2001 annual meeting of stockholders and ending on the day of the 2002 annual meeting of stockholders and during each period between annual meetings thereafter, for as long as the Plan remains in effect and shares of Common Stock remain available for issuance hereunder, each Outside Director may be granted non-qualified stock options to purchase up to 5,000 shares of Common Stock, the exact number of which shall be set by the Committee.

9.2 EXERCISABILITY OF STOCK OPTIONS. The stock options granted to Outside Directors under this Section 9 shall be exercisable six months after the date of grant and shall expire no later than ten years following the date of grant.

9.3 EXERCISE PRICE. The Exercise Price of the Stock Options granted to Outside Directors shall be equal to the Fair Market Value, as defined in the Plan, of a share of Common Stock on the date of grant. The Exercise Price may be paid as provided in Section 6.4 hereof.

9.4 EXERCISE AFTER TERMINATION OF BOARD SERVICE. In the event an Outside Director ceases to serve on the Board, the stock options granted hereunder must be exercised, to the extent otherwise exercisable at the time of termination of Board service, within one year from termination of Board service; provided, however, that

A. In the event of termination of Board service as a result of death or disability, the stock options must be exercised within two years from the date of termination of Board service; and

B. In the event of termination of Board service as a result of retirement (at age 65 or later or after having completed five or more years of service on the Board), the stock options must be exercised within five years from the date of termination of Board service;

and further provided, that no stock options may be exercised later than ten years after the date of grant.

7

10. GENERAL.

10.1. DURATION. Subject to Section 10.9, the Plan shall remain in effect until all Incentives granted under the Plan have either been satisfied by the issuance of shares of Common Stock or otherwise or been terminated under the terms of the Plan and all restrictions imposed on shares of Common Stock in connection with their issuance under the Plan have lapsed.

10.2. TRANSFERABILITY. No Incentives granted hereunder may be transferred, pledged, assigned or otherwise encumbered by a participant except: (a) by will; (b) by the laws of descent and distribution; (c) pursuant to a domestic relations order, as defined in the Code, if permitted by the Committee and so provided in the Incentive Agreement or an amendment thereto; or (d) as to options only, if permitted by the Committee and so provided in the Incentive Agreement or an amendment thereto, (i) to Immediate Family Members, (ii) to a partnership in which Immediate Family Members, or entities in which Immediate Family Members are the sole owners, members or beneficiaries, as appropriate, are the sole partners, (iii) to a limited liability company in which Immediate Family Members, or entities in which Immediate Family Members are the sole owners, members or beneficiaries, as appropriate, are the sole members, or (iv) to a trust for the sole benefit of Immediate Family Members. "Immediate Family

Edgar Filing: TIDEWATER INC - Form DEF 14A

Members" shall be defined as the spouse and natural or adopted children or grandchildren of the participant and their spouses. To the extent that an incentive stock option is permitted to be transferred during the lifetime of the participant, it shall be treated thereafter as a nonqualified stock option. Any attempted assignment, transfer, pledge, hypothecation or other disposition of Incentives, or levy of attachment or similar process upon Incentives not specifically permitted herein, shall be null and void and without effect.

10.3. EFFECT OF TERMINATION OF EMPLOYMENT OR DEATH. Except as provided in Section 9.4 with respect to Outside Directors, in the event that a participant ceases to be an employee of the Company for any reason, including death, disability, early retirement or normal retirement, any Incentives may be exercised, shall vest or shall expire at such times as may be determined by the Committee and provided in the Incentive Agreement. The Committee has complete authority to modify the treatment of an Incentive in the event of termination of employment of a participant by means of an amendment to the Incentive Agreement. Consent of the participant to the modification is required only if the modification materially impairs the rights previously provided to the participant in the Incentive Agreement.

10.4. ADDITIONAL CONDITION. Anything in this Plan to the contrary notwithstanding: (a) the Company may, if it shall determine it necessary or desirable for any reason, at the time of award of any Incentive or the issuance of any shares of Common Stock pursuant to any Incentive, require the recipient of the Incentive, as a condition to the receipt thereof or to the receipt of shares of Common Stock issued pursuant thereto, to deliver to the Company a written representation of present intention to acquire the Incentive or the shares of Common Stock issued pursuant thereto for his own account for investment and not for distribution; and (b) if at any time the Company further determines, in its sole discretion, that the listing, registration or qualification (or any updating of any such document) of any Incentive or the shares of Common Stock issuable pursuant thereto is necessary on any securities exchange or

8

under any federal or state securities or blue sky law, or that the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with the award of any Incentive, the issuance of shares of Common Stock pursuant thereto, or the removal of any restrictions imposed on such shares, such Incentive shall not be awarded or such shares of Common Stock shall not be issued or such restrictions shall not be removed, as the case may be, in whole or in part, unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company.

10.5. ADJUSTMENT. In the event of any merger, consolidation or reorganization of the Company with any other corporation or corporations, there shall be substituted for each of the shares of Common Stock then subject to the Plan, including shares subject to restrictions, options or achievement of performance objectives, the number and kind of shares of stock, other securities or property (including cash) to which the holders of the shares of Common Stock are entitled pursuant to the transaction. In the event of any recapitalization, stock dividend, stock split, combination of shares or other similar change in the Common Stock, the number of shares of Common Stock then subject to the Plan, including shares subject to outstanding Incentives, and all limitations on share issuances imposed by Section 5.3 hereof shall be adjusted in proportion to the change in outstanding shares of Common Stock. In the event of any such adjustments, the purchase price of any option and the performance objectives of any Incentive, shall also be adjusted as and to the extent appropriate, in the reasonable discretion of the Committee, to provide participants with the same

Edgar Filing: TIDEWATER INC - Form DEF 14A

relative rights before and after such adjustment. No substitution or adjustment shall require the Company to issue a fractional share under the Plan and the substitution or adjustment shall be limited by deleting any fractional share.

10.6. WITHHOLDING.

A. The Company shall have the right to withhold from any payments made or stock issued under the Plan or to collect as a condition of payment, issuance or vesting, any taxes required by law to be withheld. At any time that a participant is required to pay to the Company an amount required to be withheld under applicable income tax laws in connection with the lapse of restrictions on Common Stock or the exercise of an option, the participant may, subject to disapproval by the Committee, satisfy this obligation in whole or in part by electing (the "Election") to deliver currently owned shares of Common Stock or to have the Company withhold shares of Common Stock, in each case having a value equal to the minimum statutory amount required to be withheld under federal, state and local law. The value of the shares to be delivered or withheld shall be based on the Fair Market Value of the Common Stock on the date that the amount of tax to be withheld shall be determined ("Tax Date").

B. Each Election must be made prior to the Tax Date. The Committee may disapprove of any Election, may suspend or terminate the right to make Elections, or may provide with respect to any Incentive that the right to make Elections shall not apply to such Incentive. If a participant makes an election under Section 83(b) of the Code with respect to shares of restricted stock, an Election to have shares withheld to satisfy withholding taxes is not permitted to be made.

9

10.7. NO CONTINUED EMPLOYMENT. No participant under the Plan shall have any right, because of his or her participation, to continue in the employ of the Company for any period of time or to any right to continue his or her present or any other rate of compensation.

10.8. DEFERRAL PERMITTED. Payment of an Incentive may be deferred at the option of the participant if permitted in the Incentive Agreement.

10.9. AMENDMENTS TO OR TERMINATION OF THE PLAN. The Board may amend or discontinue this Plan at any time; provided, however, that no such amendment may:

A. without the approval of the shareholders, (i) increase, subject to adjustments permitted herein, the maximum number of shares of Common Stock that may be issued through the Plan, (ii) materially increase the benefits accruing to participants under the Plan or (iii) materially expand the classes of persons eligible to participate in this Plan, or

B. materially impair, without the consent of the recipient, an Incentive previously granted.

10.10. CHANGE OF CONTROL; TENDER OFFER OR EXCHANGE OFFER.

A. Notwithstanding any other provision of the Plan (or any provision of any agreement with respect to any grant hereunder), immediately prior to any Change of Control of the Company (as defined in Section 10.10(C) hereof), all stock options (whether non-qualified or incentive and whether granted to an employee or to an Outside Director) which are then outstanding hereunder shall become fully vested and exercisable and all restrictions and limitations on shares of restricted

Edgar Filing: TIDEWATER INC - Form DEF 14A

stock or Other Stock-Based Awards then outstanding hereunder shall automatically lapse and all performance criteria and other conditions relating to the payment of Incentives shall automatically be deemed to be achieved or waived by the Company. As used in the immediately preceding sentence, 'immediately prior' to the Change of Control shall mean sufficiently in advance of the Change of Control to permit the grantee to take all steps reasonably necessary (i) if an optionee, to exercise any such option fully and (ii) to deal with the shares purchased or acquired under any such option or any Other Stock-Based Award and any formerly restricted shares on which restrictions have lapsed so that all types of shares may be treated in the same manner in connection with the Change of Control as the shares of Common Stock of other shareholders. To the extent, if any, required by section 422(d) of the Code, incentive stock options which become exercisable immediately prior to a Change of Control pursuant to this Section 10.10(A) shall thereby become non-qualified stock options. Notwithstanding any other provision of the Plan, including, without limitation, Section 10.10(B) hereof (or any provision of any agreement with respect to any grant hereunder), (i) any stock option which becomes exercisable pursuant to this Section 10.10(A) shall remain exercisable until the earlier of the end of the option term or the lapse of the option, and (ii) any lapse and deemed waiver of restrictions and limitations on any shares of restricted stock and any Other Stock-Based Awards pursuant

10

to this Section 10.10(A) shall be a permanent lapse and deemed waiver of such restrictions and limitations.

B. If any corporation, person or other entity (other than the Company) makes a tender offer or exchange offer for shares of the Common Stock pursuant to which purchases are made (an "Offer"), then from and after the date of the first purchase of the Common Stock pursuant to the Offer (the "Acceleration Date"), all outstanding options shall automatically become fully exercisable, all restrictions or limitations on any Incentives shall lapse and all performance criteria and other conditions relating to the payment of Incentives shall be deemed to be achieved or waived by the Company, without the necessity of any action by any person, for a period of 30 calendar days following the Acceleration Date. Subject to the other provisions of this Section 10.10, following the expiration of the 30-day period, any options not exercised and any shares of Common Stock issued hereunder not tendered or exchanged shall again be subject to the terms and conditions applicable prior to the Offer.

C. As used in this Section 10.10, 'Change of Control' shall mean:

(i) the acquisition by any 'Person' (as defined in Section 10.10(D) hereof) of 'Beneficial Ownership' (as defined in Section 10.10(D) hereof) of 30% or more of the outstanding shares of the Common Stock, or 30% or more of the combined voting power of the Company's then outstanding securities; provided, however, that for purposes of this subsection (C)(i), the following shall not constitute a Change of Control:

(a) any acquisition (other than a 'Business Combination' (as defined in Section 10.10(C)(iii) hereof) which constitutes a Change of Control under Section 10.10(C)(iii) hereof) of Common Stock directly from the Company,

(b) any acquisition of Common Stock by the Company or

Edgar Filing: TIDEWATER INC - Form DEF 14A

its subsidiaries,

(c) any acquisition of Common Stock by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or

(d) any acquisition of Common Stock by any corporation pursuant to a Business Combination which does not constitute a Change of Control under Section 10.10(C) (iii) hereof; or

(ii) individuals who, as of the date of adoption of the Plan by the Board (the "Adoption Date"), constitute the Board (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the Adoption Date whose election, or nomination for election by the Company's shareholders,

11

was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered a member of the Incumbent Board, unless such individual's initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Incumbent Board; or

(iii) consummation of a reorganization, merger or consolidation (including a merger or consolidation of the Company or any direct or indirect subsidiary of the Company), or sale or other disposition of all or substantially all of the assets of the Company (a "Business Combination"), in each case, unless, immediately following such Business Combination,

(a) the individuals and entities who were the Beneficial Owners of the Company's outstanding Common Stock and the Company's voting securities entitled to vote generally in the election of directors immediately prior to such Business Combination have direct or indirect Beneficial Ownership, respectively, of more than 50% of the then outstanding shares of common stock, and more than 50% of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, of the Post-Transaction Corporation (as defined in Section 10.10(D) hereof), and

(b) except to the extent that such ownership existed prior to the Business Combination, no Person (excluding the Post-Transaction Corporation and any employee benefit plan or related trust of either the Company, the Post-Transaction Corporation or any subsidiary of either corporation) Beneficially Owns, directly or indirectly, 30% or more of the then outstanding shares of common stock of the corporation resulting from such Business Combination or 30% or more of the combined voting power of the then outstanding voting securities of such corporation, and

(c) at least a majority of the members of the board of directors of the Post-Transaction Corporation were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such Business Combination; or

Edgar Filing: TIDEWATER INC - Form DEF 14A

(iv) approval by the shareholders of the Company of a complete liquidation or dissolution of the Company.

D. As used in Section 10.10(C) hereof, the following words or terms shall have the meanings indicated:

12

(i) Affiliate: 'Affiliate' (and variants thereof) shall mean a Person that controls, or is controlled by, or is under common control with, another specified Person, either directly or indirectly.

(ii) Beneficial Owner: 'Beneficial Owner' (and variants thereof), with respect to a security, shall mean a Person who, directly or indirectly (through any contract, understanding, relationship or otherwise), has or shares (a) the power to vote, or direct the voting of, the security, and/or (b) the power to dispose of, or to direct the disposition of, the security.

(iii) Person: 'Person' shall mean a natural person or company, and shall also mean the group or syndicate created when two or more Persons act as a syndicate or other group (including, without limitation, a partnership or limited partnership) for the purpose of acquiring, holding, or disposing of a security, except that 'Person' shall not include an underwriter temporarily holding a security pursuant to an offering of the security.

(iv) Post-Transaction Corporation: Unless a Change of Control includes a Business Combination (as defined in Section 10.10(C)(iii) hereof), 'Post-Transaction Corporation' shall mean the Company after the Change of Control. If a Change of Control includes a Business Combination, 'Post-Transaction Corporation' shall mean the corporation resulting from the Business Combination unless, as a result of such Business Combination, an ultimate parent corporation controls the Company or all or substantially all of the Company's assets either directly or indirectly, in which case, 'Post-Transaction Corporation' shall mean such ultimate parent corporation.

10.11. DEFINITION OF FAIR MARKET VALUE. Whenever "Fair Market Value" of Common Stock shall be determined for purposes of this Plan, it shall be the closing sale price on the consolidated transaction reporting system for New York Stock Exchange issues on the date of reference for a share of the Common Stock, or if no sale of the Common Stock shall have been made on that day, on the next preceding day on which there was a sale of the Common Stock.

10.12 LOANS TO OPTIONEES. In the event of a Change of Control of the Company, as defined in Section 10.10, in connection with which a participant's employment with the Company will be terminated and the participant is precluded for any reason from selling shares of Common Stock, the Company shall, in connection with the exercise of an option, if requested by the participant, extend a loan to the participant in the maximum amount of the exercise price of the options to be exercised, plus the maximum tax liability that may be incurred in connection with the option exercise. Any such loan shall be unsecured, shall be on market terms and shall be payable in full no later than thirty days after the termination of the period during which the participant is precluded from selling shares of Common Stock. Any participant to whom a loan is extended hereunder shall, if requested by the Company, agree in writing not to sell shares of Common Stock for such period as shall be requested, it being understood that the Company's request that the participant not sell shares of Common Stock shall only be invoked to

Edgar Filing: TIDEWATER INC - Form DEF 14A

the extent necessary to preserve or recognize pooling-of-interests accounting treatment, tax-free reorganization status, or comparable corporate benefits from making such a request.

This Plan is executed effective the ____ day of _____, 2001.
