PROXY STATEMENT

SOLICITATION AND REVOCABILITY OF PROXIES

The accompanying proxy is solicited by the Board of Directors of Goodrich Petroleum Corporation, a Delaware corporation (the "Company"), for use at the 2002 Annual Meeting of Stockholders (the "Annual Meeting") to be held at 11:00 a.m., local time on May 22, 2002, at the Plaza Room, St. Regis Hotel, 1919 Briar Oaks Lane, Houston, Texas, or at any adjournment(s) thereof. The solicitation of proxies by the Board of Directors will be conducted primarily by mail. In addition, directors, officers and employees of the Company may solicit proxies by fax, telex, telephone and personal interview. The Company will bear the cost of preparing and mailing proxy materials as well as the cost of soliciting proxies. The Company will reimburse banks, brokerage firms, custodians, nominees and fiduciaries for their expenses in sending proxy materials to the beneficial owners of shares of the Company's common stock (the "Common Stock"). The approximate date on which this Proxy Statement and the accompanying form of proxy will first be sent to stockholders is April 22, 2002.

A proxy may be revoked at any time (a) by execution and submission of a

Edgar Filing: GOODRICH PETROLEUM CORP - Form DEF 14A

revised proxy, (b) by written notice to the Secretary of the Company or (c) by voting in person at the Annual Meeting. In the absence of such revocation, shares represented by the proxies will be voted at the Annual Meeting.

Only holders of record of shares of Common Stock at the close of business on March 18, 2002 (the "Record Date") will receive notice of and will be entitled to vote at the Annual Meeting. At the close of business on March 18, 2002, there were 17,896,356 shares of Common Stock outstanding. Holders of record of shares of Common Stock on the Record Date are entitled to one vote for each share of Common Stock held with respect to each matter to be voted upon. The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock is required for a quorum.

The Company's annual report to stockholders for the year ended December 31, 2001, including financial statements, is being mailed herewith to all stockholders entitled to vote at the Annual Meeting. The annual report does not constitute a part of the proxy soliciting material.

PROPOSAL 1--ELECTION OF DIRECTORS

General

Two directors are to be elected at the annual meeting. The Company's Bylaws provide for a classified Board of Directors. The Board of Directors is divided into Classes I, II and III, the terms of office of which are currently scheduled to expire, respectively, on the dates of the Company's Annual Meetings of Stockholders in 2002, 2003 and 2004. Sheldon Appel and Donald M. Campbell have been nominated to serve as Class I directors and, if elected, will serve until the Company's 2005 Annual Meeting of Stockholders or until their respective successors shall have been elected and qualified. The remaining directors named below will not be required to stand for election at the Annual Meeting because their present terms expire in either 2003 or 2004.

A plurality of the votes cast in person or by proxy by the holders of Common Stock is required to elect a director. Accordingly, abstentions and "broker non-votes" will have no effect on the outcome of the election assuming a quorum is present or represented by proxy at the Annual Meeting. A broker non-vote occurs if a broker or other nominee does not have discretionary authority and has not received instructions with respect to a particular item. Stockholders may not cumulate their votes in the election of directors.

Unless otherwise instructed or unless authority to vote is withheld, the enclosed proxy will be voted FOR the election of the nominees listed below. Although the Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons named in the enclosed proxy will vote for the election of such other person(s) as may be nominated by the Board of Directors.

The Directors Compensation Plan also provides for the annual issuance of options to purchase 4,000 shares of Common Stock to each nonemployee director on the date of the Company's Annual Meeting of Stockholders.

The Directors Compensation Plan also provides for the payment of \$1,000 to each nonemployee director for each board meeting attended in person and \$500 for each committee meeting attended, and the reimbursement

7

of reasonable out-of-pocket expenses in connection with travel to meetings of the Board of Directors or committees thereof.

The maximum number of shares of Common Stock that may be issued under the Directors Compensation Plan is 150,000. Options granted under the Directors Compensation Plan have a term of 10 years and are subject to earlier termination if the optionee's membership on the Board of Directors terminates for cause. If the optionee's membership on the Board of Directors is terminated for any reason other than cause, options may be exercised for up to four years from the date of such termination, but only as to the number of shares of Common Stock such optionee could have purchased on the date of termination from the Board of Directors. Discretionary option grants are exercisable as determined by the Board of Directors, and formula option grants are fully exercisable on the date of grant. The exercise price of an option shall be the closing stock price on the date of grant for both discretionary option grants and formula option grants.

The Directors Compensation Plan contains provisions whereby the Board of Directors may make adjustments to the number of shares of Common Stock to be acquired upon exercise of options in the event of a stock split, combination

Edgar Filing: GOODRICH PETROLEUM CORP - Form DEF 14A

or stock dividend.

The Directors Compensation Plan may be amended or terminated at any time by the Board of Directors. Such amendment or termination will not impair the rights of a non-employee director or affect options previously granted and outstanding under the Directors Compensation Plan.

Goodrich Petroleum Corporation 1995 Stock Option Plan ("Goodrich Plan")

The Goodrich Plan provides for the granting of options (either incentive stock options within the meaning of Section 422(b) of the Code, or options that do not constitute incentive stock options ("nonqualified stock options")), restricted stock awards, stock appreciation rights, long-term incentive awards, and phantom stock

awards, or any combination thereof. The Goodrich Plan covers an aggregate of 2,000,000 shares of Common Stock (subject to certain adjustments in the event of stock dividends, stock splits and certain other events). No more than 62,500 shares of Common Stock, subject to adjustments, may be issued pursuant to grants made under the Goodrich Plan to any one employee in any one year.

Edgar Filing: GOODRICH PETROLEUM CORP - Form DEF 14A

The limitation set forth in the preceding sentence will be applied in a manner which permits compensation generated in connection with the exercise of options, stock appreciation rights and, if determined by the Compensation Committee, restricted stock awards to constitute "performance-based" compensation for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

Administration. The Goodrich Plan is administered by the Compensation Committee, which consists of members of the Board who are outside and disinterested directors for purposes of the Code and the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Compensation Committee has the power to determine which employees will receive an award, the time or times when such award will be made, the type of award and the number of shares of Common Stock to be issued under the award or the value of the award. Only persons who at the time of the grant are employees or consultants of the Company or of any subsidiary of the Company are eligible to receive grants under the Goodrich Plan.

Options. The Goodrich Plan provides for two types of options: incentive stock options and nonqualified stock options. The Compensation Committee will designate the employees to receive the options, the number of shares subject to the options, and the terms and conditions of each option granted under the Goodrich Plan. The term of any option granted under the Goodrich Plan shall be determined by the Compensation Committee; provided, however, that the term of any incentive stock option cannot exceed ten years from the date of the grant and any incentive stock option granted to an employee who possesses more than 10% of the total combined voting power of all classes of stock of the Company or of its subsidiaries within the meaning of Section 422(b)(6) of the Code must not be exercisable after the expiration of five years from the date of grant. The exercise price per share of Common Stock of options granted under the Goodrich Plan is determined by the Compensation Committee; provided, however, that such exercise price cannot be less than the fair market value of a share of Common Stock on the date the option is granted (subject to adjustments). Further, the exercise price of any incentive stock option granted to an employee who possesses more than 10% of the total combined voting power of all classes of stock of the Company or of its subsidiaries within the meaning of Section 422(b)(6) of the Code must be at least 110% of the fair market value of the shares at the time such option is granted. The exercise price of options granted under the Goodrich Plan is paid in full in a manner prescribed by the Compensation Committee.

Restricted Stock Awards. Pursuant to a restricted stock award, shares of Common Stock will be issued or delivered to the employee at any time the award is made without any cash payment to the Company, except to the extent otherwise provided by the Compensation Committee or required by law; provided, however, that such shares will be subject to certain restrictions on the disposition thereof and certain obligations to forfeit such shares to the Company as may be determined in the discretion of the Compensation Committee. The restrictions on disposition may lapse based upon (a) the Company's attainment of specific performance targets established by the Compensation Committee such as (i) the price of a share of Common Stock, (ii) the Company's earnings per share, (iii) the Company's revenue, (iv) the revenue of a business unit of the Company designated by the Compensation Committee, (v) the return on stockholders' equity achieved by the Company, or (vi) the Company's pre-tax cash flow from operations; (b) the grantee's tenure with the Company; or (c) a combination of both factors. The Company retains custody of the shares of Common Stock issued pursuant to a restricted stock award until the disposition restrictions lapse. An employee may not sell, transfer, pledge, exchange, hypothecate, or otherwise dispose of such shares until the expiration of the restriction period. However, upon the issuance to the employee of shares of Common Stock pursuant to a restricted stock award, except for the foregoing restrictions, such employee will have all the rights

Edgar Filing: GOODRICH PETROLEUM CORP - Form DEF 14A

of a stockholder of the Company with respect to such shares, including the right to vote such shares and to receive all dividends and other distributions paid with respect to such shares.

9

Stock Appreciation Rights. A stock appreciation right permits the holder to receive an amount (in cash, Common Stock, or a combination thereof) equal to the number of stock appreciation rights exercised by the holder multiplied by the excess of the fair market value of Common Stock on the exercise date over the stock appreciation rights' exercise price. Stock appreciation rights may or may not be granted in connection with the grant of an option and no stock appreciation right may be exercised earlier than six months from the date of grant. A stock appreciation right may be exercised in whole or in such installments and at such times as determined by the Compensation Committee.

Long-Term Incentive and Phantom Stock Awards. The Goodrich Plan permits grants of long-term incentive awards ("performance awards") and phantom stock awards, which may be paid in cash, Common Stock, or a combination thereof as determined by the Compensation Committee. Performance awards granted under the Goodrich Plan have a maximum value established by the Compensation Committee at the time of the grant. A grantee's receipt of such amount is contingent upon satisfaction by the Company, or any subsidiary, division or department thereof, of future performance conditions established by the Compensation Committee prior to the beginning of the performance period. Such performance awards, however, shall be subject to later revisions as the Compensation Committee shall deem appropriate to reflect significant unforeseen events or changes. A performance award will terminate if the grantee's employment with the Company terminates during the applicable performance period. Phantom stock awards granted under the Goodrich Plan are awards of Common Stock or rights to receive amounts equal to share appreciation over a specific period of time. Such awards vest over a period of time or upon the occurrence of a specific event(s) (including, without limitation, a change of control) established by the Compensation Committee, without payment of any amounts by the holder thereof (except to the extent required by law) or satisfaction of any performance criteria or objectives. A phantom stock award terminates if the grantee's employment with the Company terminates during the applicable vesting period or, if applicable, the occurrence of a specific event(s), except as otherwise provided by the Compensation Committee at the time of grant. In determining the value of performance awards or phantom stock awards, the Compensation Committee shall take into account the employee's responsibility level, performance, potential, other awards under the Goodrich Plan, and such other consideration as it deems appropriate. Such payment may be made in a lump sum or in installments as prescribed by the Compensation Committee. Any payment made in Common Stock will be based upon the fair market value of the Common Stock on the payment date.

Compensation Report of the Board of Directors

The Compensation Committee is responsible for evaluating the performance of management, determining the compensation for certain executive officers of the Company, and administering the Company's stock option plans under which stock-related grants and awards may be made to employees of the Company. The members of the Compensation Committee have furnished the following report on executive compensation for 2001.

The Company has developed a compensation policy which is designed to attract and retain key executives responsible for the success of the Company and motivate management to enhance long-term stockholder value. The annual compensation package of executive officers primarily consists of (i) a cash salary which reflects the responsibilities relating to the position and individual performance, (ii) variable performance awards payable in cash or stock and tied to the individual's and/or the Company's achievement of certain goals or milestones, and (iii) long-term stock based incentive awards which

Edgar Filing: GOODRICH PETROLEUM CORP - Form DEF 14A

strengthen the mutuality of interest between the executive officers and the Company's stockholders.

In determining the level and position of compensation for each of the Company's executive officers, the Board of Directors took into account various qualitative and quantitative indicators of corporate and individual performance. The Board of Directors generally seeks to set salaries at the low to medium end of the range in comparison to peer group companies. In setting such salaries, the Board of Directors considers its peer group to be certain companies in the energy exploration and production industry with market capitalizations similar to that of the Company. In addition, in evaluating the performance of management, the Board of Directors takes into consideration such factors as oil and gas drilling results, successful acquisitions and operating results. The Board of Directors also recognizes performance and achievements that are more difficult to quantify, such as the successful supervision of major corporate projects, demonstrated leadership ability, and contributions to the industry and community development.

For 2001, the Board of Directors included in its evaluations the exploration and financial results of the Company along with each individual's job performance. Base compensation is established by the Compensation Committee, subject to the approval of the Board of Directors, and reviewed annually. When establishing or reviewing base compensation levels for each executive officer, the Compensation Committee, in accordance with its general compensation policy, considers numerous factors, including the responsibilities relating to the position, the qualifications of the executive, and the relevant experience the individual brings to the Company, strategic goals for which the executive has responsibility and compensation levels of comparable companies. No predetermined weights are given to any one of such factors. The salaries for each of the executive officers in 2001 were determined based on the foregoing factors.

In addition to each executive officer's base compensation, the Board may award cash bonuses and/or stock grant awards under the Company's stock option plan to chosen executive officers depending on the extent to

11

which certain personal and corporate performance goals are achieved. Such goals are the same as discussed above. For 2001 cash bonuses were awarded to executive officers as disclosed in the Summary Compensation Table.

The Board of Directors has not yet adopted a policy with respect to the limitation under the Federal Tax Code that generally limits the Company's ability to deduct compensation in excess of \$1,000,000 to a particular executive officer in any year.

Certain Relationships and Other Transactions

Sale of Oil and Gas Properties to Related Party

On March 12, 2002, the Company, in an effort to monetize a portion of the value created in its Burrwood and West Delta fields and enhance its liquidity position, completed the sale of a thirty percent (30%) working interest in the existing production and shallow rights, and a fifteen percent (15%) working interest in the deep rights below 10,600 feet, in its Burrwood and West Delta 83 fields for \$12 million to Malloy Energy Company, LLC led by Patrick E. Malloy, III and participated in by Sheldon Appel, both members of the Company's Board of Directors. The sale price was determined by discounting the present value of the acquired interest in the field's proved, probable and possible reserves using prevailing oil and gas prices. The Company retains a sixty-five percent (65%) working interest in the existing production and shallow rights, and a thirty-two and one-half percent (32.5%) working interest in the deep rights after the close of the transaction. In conjunction with the sale, the investor group will provide a \$7.7 million line of credit. The \$7.7 million line of credit, which will reduce to \$5.0 million on January 1, 2003, is subordinate to the Company's senior facility and can be used for acquisitions, drilling, and development and general corporate purposes until December 31, 2004. The investor group retains the option, during the two-year period, to convert the amount outstanding under the credit line, and/or provide cash on any unused credit to a maximum of \$7.7 million in the first year and \$5.0 million after December 31, 2002, into working interests in any acquisition(s) the Company may make in Louisiana prior to January 1, 2005. The conversion of the credit facility will be on a pro-rata basis with the Company and may not exceed a maximum of \$7.7 reduced to \$5.0 million after December 31, 2002 or thirty percent (30%) of any potential acquisition(s). The Company opened a data room in its Houston office from January 25, 2002 through February 15, 2002, for parties interest in reviewing the applicable data in order to acquire the applicable interest in the fields.

On June 1, 2001 the Company entered into a consulting agreement with Patrick E. Malloy, III, a member of the Company's Board of Directors, under which Mr. Malloy provides the Company advice on hedging and financial matters. Working Interest Investments by Executive Officers

In connection with the cessation of new prospect activities by Goodrich Oil Company, the former investors of Goodrich Oil Company, including Henry Goodrich, Walter G. Goodrich and Roland L. Frautschi, are working interest investors in certain of the drilling prospects of the Company, and individually participated in one, one and one well, respectively, drilled by the Company during 2001. Such persons have paid their pro rata share of all expenses associated with their interest in each prospect. During 2001, the sum of such persons' participation interests did not exceed 5% of the aggregate interests of all participants in those prospects.

AUDIT COMMITTEE REPORT

The Audit Committee of the board of directors of the Company has been established to implement and to support the Board's oversight function with respect to the Company's financial reporting, accounting policies, internal controls and independent outside auditors. The board of directors adopted the Audit Committee Charter on June 30, 2000. The Audit Committee met three times in 2001. All of the members of the Audit Committee are independent under the rules of the New York Stock Exchange.

In connection with the December 31, 2001 financial statements, the Audit Committee reviewed and discussed the audited financial statements with management; discussed with the auditors the matters required by Statement on Auditing Standards No. 61; and received and discussed with the auditors the matters required by Independence Standards Board Statement No. 1 and considered the compatibility of non-audit services with the auditor's independence.

PROPOSAL 2--APPROVAL OF AUDITORS

Pursuant to the recommendation of the Audit Committee, the board of directors has appointed the firm of KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2002, subject to ratification by the Company's stockholders. KPMG LLP has acted as the Company's auditors since its inception in 1995. A representative of KPMG LLP is expected to be present at the Annual Meeting, will be offered the opportunity to make a statement if such representative desires to do so and will be available to respond to appropriate questions.

The approval and adoption of this proposal requires the affirmative vote of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the annual meeting of stockholders. Accordingly, under Delaware law and the Company's Restated Certificate of Incorporation and Bylaws, abstentions would have the same effect as a vote against this proposal, even though this may not be the intent of the person entitled to vote or giving the proxy. Broker non-votes on proposals are treated as votes withheld by the beneficial holders of the applicable shares and, therefore, such shares are treated as not voting on the proposal.

The board of directors recommends that stockholders vote "FOR" ratification of the appointment of KPMG LLP, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

Stockholders may propose matters to be presented at stockholders' meetings and may also nominate persons to be directors. Formal procedures have been established for those proposals and nominations.

Proposals for 2003 Annual Meeting

With respect to business to be brought before the Annual Meeting, the Company has not received any notices from its stockholders.

In addition to the SEC rules described in the preceding paragraph, the Company's bylaws provide that for business to be properly brought before the Company's Annual Meeting of Stockholders, it must be either (a) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors, (b) otherwise brought before the meeting by or at the direction of the Board of Directors or (c) otherwise properly brought before the meeting by a stockholder of the Company who is a stockholder of record at the time of giving of notice thereafter provided for, who shall be entitled to vote at such meeting and who complies with the following notice procedures. A stockholder's notice to the Secretary shall set forth as to each matter the stockholder proposes to bring before the annual meeting (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and address, as they appear on the Company's books, of the stockholder proposing such business, (iii) the acquisition date, the class and the number of shares of Common Stock that are owned beneficially by the

15

stockholder, (iv) any material interest of the stockholder in such business and (v) a representation that the stockholder intends to appear in person or by proxy at the meeting to bring the proposed business before the meeting. Notwithstanding the foregoing bylaw provisions, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth in the foregoing bylaw provisions. Notwithstanding anything in the Company's bylaws to the contrary, no business shall be conducted at the annual meeting except in accordance with the procedures outlined above.

Only persons who are nominated in accordance with the following procedures will be eligible for election, and to serve, as directors. Nominations of persons for election to the Company's Board of Directors may be made at a meeting of stockholders (a) by or at the direction of the Board of Directors or (b) by any stockholder of the Company who is a stockholder of record at the time of giving of notice thereafter provided for, who shall be entitled to vote for the election of directors at the meeting and who complies with the following notice procedures.
