ASUR's management believes that the lower passenger traffic numbers to Cancun and Cozumel during the period were largely the result of the reduction in available accommodation caused by Hurricane Wilma, which struck the region in October 2005 and caused widespread damage to the hotel infrastructure in the region.

Cancun's Municipal Tourism Authority estimates that of the 27,484 rooms available in Cancun prior to the hurricane, 13,233 or 48.1% were in operation as of January 31, 2006.

The Trust for the Promotion of Tourism in the Mayan Riviera estimates that of 25,170 rooms available in the region, 24,923 or 99.0% were in operation at the end of January 2006.

At this time ASUR cannot estimate the impact that these events will have on passenger traffic for fiscal year 2006.
