PROXY STATEMENT

This Proxy Statement contains information relating to the Annual Meeting of Stockholders of SangStat Medical Corporation, a Delaware corporation, to be held on Thursday, May 15, 2003, beginning at 10:00 a.m., at 6300 Dumbarton Circle, Fremont, California 94555, and at any adjournment of the Annual Meeting. The Proxy Statement and accompanying proxy card are first being mailed to stockholders on or about April 7, 2003.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is the purpose of the Annual Meeting?

Edgar Filing: SANGSTAT MEDICAL CORP - Form DEF 14A

At our Annual Meeting, stockholders will act upon the matters outlined in the accompanying Notice of Annual Meeting, including the following proposals:

the election of six directors for a one-year term; and

the ratification of the appointment of Deloitte & Touche LLP as our independent accountants for our fiscal year ending December 31, 2003.

In addition, our management will report on our performance during fiscal 2002 and respond to questions from stockholders.

What shares can I vote?

All shares of our common stock owned by you as of the close of business on the record date, March 17, 2003, may be voted by you. These shares include (1) shares held directly in your name as the stockholder of record and (2) shares held for you as the beneficial owner through a stockbroker or bank. Each share of common stock owned by you entitles you to cast one vote on each matter to be voted upon.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

1

STOCKHOLDER OF RECORD

If your shares are registered directly in your name with our transfer agent, Equiserve, Inc., you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you by us. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the meeting. We have enclosed or sent a proxy card for you to use.

BENEFICIAL OWNER

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the meeting. However, because you are not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares. Your broker or nominee has enclosed or provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares. If you do not provide the stockholder of record with voting instructions, your shares may constitute broker non-votes. The effect of broker non-votes is more specifically described in "What vote is required to approve each item?" below.

How can I vote my shares in person at the meeting?

Shares held directly in your name as the stockholder of record may be voted in person at the Annual Meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification.

EVEN IF YOU CURRENTLY PLAN TO ATTEND THE ANNUAL MEETING, WE RECOMMEND THAT YOU ALSO SUBMIT YOUR PROXY AS DESCRIBED BELOW SO THAT YOUR VOTE WILL BE COUNTED IF YOU LATER DECIDE NOT TO ATTEND THE MEETING. SHARES HELD BENEFICIALLY IN STREET NAME MAY BE VOTED IN PERSON BY YOU ONLY IF YOU OBTAIN A SIGNED PROXY FROM THE RECORD HOLDER GIVING YOU THE RIGHT TO VOTE THE SHARES.

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee.

Please refer to the summary instructions below and those included on your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee.

You may do this by signing your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee and mailing it in the accompanying enclosed, pre-addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct.

Can I change my vote after I submit my proxy?

Yes. Even after you have submitted your proxy, you may change your vote at any time prior to the close of voting at the Annual Meeting by filing with our Secretary a notice of revocation or by submitting a duly executed proxy bearing a later date.

Will my vote be kept confidential?

We provide for confidential voting. Stockholder votes will be tabulated by Equiserve, Inc. and, subject to certain limited exceptions including a contested proxy solicitation, how a particular stockholder votes will not be disclosed to us prior to the final tabulation of the vote.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding and entitled to vote on the record date will constitute a quorum, permitting the Annual Meeting to conduct its business. At the close of business on the record date, 26,443,805 shares of our common stock were issued and outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the Annual Meeting for purposes of a quorum.

What are the Board of Directors' recommendations?

Unless you give other instructions via your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board of Directors. The Board of Directors' recommendation is set forth together with the description of each item in this Proxy Statement. In summary, the Board of Directors recommends a vote:

FOR the election of each of our nominees to the Board of Directors; and

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent accountants for our fiscal year ending December 31, 2003.

With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote in accordance with their judgment on such matter.

What vote is required to approve each item?

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote, and the director nominees who receive the greatest number of votes at the Annual Meeting (up to the number of directors to be elected) will be elected. Broker non-votes, if any, will not affect the outcome of the vote on the election of directors. Shareholders will not

be allowed to cumulate their votes. The remaining proposals will require the affirmative vote of a majority of the outstanding shares of common stock present in person or represented by proxy at the Annual Meeting. In determining whether these proposals received the requisite number of affirmative votes, abstentions will be counted and will have the same effect as a vote against the proposal; broker non-votes will be disregarded and will have no effect on the outcome of the vote.

What does it mean if I receive more than one proxy or voting instruction card?

It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Where can I find the voting results of the meeting?

We will announce preliminary voting results at the meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal year 2003.

Who will count the votes?

A representative of Equiserve, Inc., our transfer agent, will tabulate the votes.

Who will bear the cost of this solicitation?

We are making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Georgeson Shareholder to assist us in the distribution of proxy materials and the solicitation of votes. We will pay Georgeson Shareholder a fee of \$6,500.00 plus expenses for these services. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

May I propose actions for consideration at next year's annual meeting of stockholders?

For a stockholder's proposal to be included in our Proxy Statement for the 2004 Annual Meeting of Stockholders, the stockholder must follow the procedures of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act), and the proposal must be received by our Secretary not later than 120 days prior to the date of the first anniversary of the Mail Date (April 7, 2003), unless the Annual Meeting is called for a date earlier than April 15, 2004 or later than June 14, 2004, in which case such proposal must be received not later than the close of business on the 10th day following the day on which notice of the date of the meeting is publicly disclosed.

PROPOSAL 1**ELECTION OF DIRECTORS**

Our Certificate of Incorporation currently authorizes our Board of Directors to establish the number of directors. Our Board of Directors is currently comprised of eight (8) directors. Six (6) persons have been nominated for election at the Annual Meeting to the eight (8) positions approved by the Board of Directors pursuant to our Bylaws. Two incumbent directors, Nicholas Simon and Vincent Worms, have decided not to seek re-election. Consequently, two positions are vacant and the Nominating Committee of the Board of Directors is seeking candidates for those positions. Shares represented by the accompanying proxy will be voted for the election of the six (6) nominees unless the proxy is marked in such a manner as to withhold authority to so vote. If any nominee for any reason is unable to serve, or for good cause will not serve, as a director, the proxies may be voted for such substitute nominee as the proxy holders may determine. We are not aware of any nominee who will be unable to serve, or for good cause will not serve, as a director.

The names of the nominees for election as directors at the Annual Meeting and certain information about them as of December 31, 2002, are set forth below:

Name	Age	Position Held With Us	Director Since

Vote Required

Edgar Filing: SANGSTAT MEDICAL CORP - Form DEF 14A

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote, and the director nominees who receive the greatest number of votes at the Annual Meeting (up to the number of directors to be elected) will be elected. Broker non-votes, if any, will not affect the outcome of the vote on the election of directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF EACH NAMED NOMINEE.

How often did the Board of Directors meet during fiscal 2002?

During the fiscal year ended December 31, 2002, the Board of Directors held eleven (11) meetings. Each Board member nominated for election attended 75% or more of the aggregate of the meetings of the Board of Directors and of the committees on which he or she served that were held during the period for which he or she was a director or committee member, respectively.

What are the standing committees of the Board of Directors?

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee.

The Audit Committee reviews our internal accounting procedures and considers and reports to the Board of Directors with respect to other auditing and accounting matters, including the selection of our independent auditors, the scope of annual audits, fees to be paid to our independent auditors and the performance of our independent auditors. The Audit Committee consists of three (3) non-employee directors: Mr. Feldman, Ms. Lyle and Mr. Renton III. The members of our audit committee are independent as that term is used in Item 7(d)(3)(iv) of Schedule 14A of the Exchange Act and Rule 4200(a)(15) of the National Association of Securities Dealers (NASD) listing standards. The Audit Committee held seven (7) meetings during the fiscal year ended December 31, 2002.

The Compensation Committee reviews and recommends to the Board of Directors certain salaries, benefits and stock option grants for employees, consultants, directors and other

7

individuals compensated by us. The Compensation Committee also administers our stock option and other employee benefit plans. The Compensation Committee consists of three (3) non-employee directors: Mr. Perlman, Mr. Renton and Mr. Simon. The Compensation Committee held three (3) meetings during the fiscal year ended December 31, 2002.

The Nominating Committee proposes a slate of directors for election by our stockholders at stockholder meetings. In performing this function, the Nominating Committee considers nominees recommended by stockholders. Such recommendations should be submitted in writing to our Secretary and should include a description of the proposed nominee's qualifications, other relevant biographical data and the written consent of the proposed nominee to serve, if elected. In addition, our Bylaws establish certain procedures concerning stockholder nominations for election of directors. The Bylaws generally require that notice of such nominations be delivered to our Secretary within the following specified time limits prior to the stockholders meeting at which the directors are to be elected: 120 days in advance of the first anniversary of the date our Proxy Statement was released to our stockholders in the previous year; and the tenth day following the date on which notice of a special meeting is first given to stockholders. Each notice of nomination is required to contain: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote for the election of directors on the date of such notice and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, had the nominee been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each nominee to serve as a director of the Corporation if so elected. The Nominating Committee consists of three (3) non-employee directors: Mr. Feldman, Mr. Perlman and Mr. Simon. The Nominating Committee held no meetings during the fiscal year ended December 31, 2002, but acted by written consent.

We also established a Search Committee for the replacement of our Chief Executive Officer. The members of the Search Committee were Mr. Feldman, Ms. Lyle, Mr. Perlman and Mr. Renton.

8

PROPOSAL 2**RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

The Board of Directors has selected Deloitte & Touche LLP as our independent auditors for the fiscal year ending December 31, 2003 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Deloitte & Touche LLP has audited our financial statements since 1990.

Vote Required

The affirmative vote of a majority of the outstanding shares of common stock present in person or represented by proxy at the Annual Meeting is required for the ratification of the appointment of Deloitte & Touche LLP as our independent auditors for the fiscal year ending December 31, 2003. In determining whether the proposal has received the requisite number of affirmative votes, abstentions will be counted and will have the same effect as a vote against this proposal; broker non-votes will be disregarded and will have no effect on the outcome of the vote.

Stockholder ratification of the selection of Deloitte & Touche LLP as our independent auditors is not required by our Bylaws or otherwise. However, the Board of Directors is submitting the selection of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of us and our stockholders. Further, we anticipate that in the near future, upon the effectiveness of certain rules currently proposed by the SEC and the NASD and upon the Company's compliance with such rules, the Audit Committee will have the sole authority to hire or dismiss the Company's independent auditors.

**THE BOARD OF DIRECTORS RECOMMENDS
A VOTE IN FAVOR OF PROPOSAL 2.**

Section 16 Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires that our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on the review of the Forms 3, 4 and 5 furnished to the Company and certain representations made to the Company, the Company believes that during the year ended December 31, 2002, there were no filing deficiencies under Section 16(a), except that Dr. Raymond J. Tesi was late in reporting his initial beneficial ownership.

Each non-employee director elected to the Board of Directors for the first time following this Annual Meeting will receive upon election an initial grant of options to purchase 19,000 shares of common stock at fair market value on the date of grant as well as an annual grant of options to purchase 8,000 shares for each year during the director's term, provided such individual has served as a Board member for at least twenty-four months. The foregoing award of options are granted automatically under the 1996 Non-Employee Directors Stock Option Plan. All of the foregoing options have a ten-year term. The initial option grant vests 25% upon completion of one year of Board service and the balance vests in 36 equal monthly installments. Unvested options will vest upon any Corporate Transaction or Change in Control of the Company, as defined in the 1996 Non-Employee Directors Stock Option Plan. The annual options vest immediately. Additionally, Directors may elect to convert their annual retainer payment into a stock option grant. None of the Directors elected to convert his/her annual retainer payments for 2002 into a stock option grant.

- (1) Option grants were made under the Company's 2002 Option Plan and Director's 1996 Option Plan. Each grant allows the officer to acquire shares of the Company's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time. During the fiscal year ended December 31, 2002, Messrs. Murdock, Bienaimé, Aselage, Dance, and Dr. Tesi were granted options to purchase 60,000 shares, 220,000 shares, 55,000 shares, 40,000 shares and 35,000 shares, respectively under the Company's 2002 Option Plan. These options have a 10 year term and twenty-five percent (25%) of the shares subject to the option vest on the first anniversary of the grant date with the remaining shares vesting in thirty-six successive equal monthly installments over the optionee's continued service with the Company. With respect to the option to purchase 8,000 shares granted to Mr. Murdock under the 1996

Director's Plan on May 14,

14

2002 was an annual board option grant and subject to immediate vesting. With respect to the options granted to Mr. Bienaimé all options ceased vesting on November 15, 2002.

- (2) Based on an aggregate of 1,243,050 options granted to employees and Board members in 2002, including options granted to the Named Executive Officers.
- (3) The potential realizable values are based on an assumption that the price of our common stock will appreciate at the compounded annual rate shown from the date of grant until the end of the option term. These values do not take into account amounts required to be paid as income taxes under the Internal Revenue Code and any applicable state laws or option provisions providing for termination of an option following termination of employment, non-transferability or vesting. These amounts are calculated based on the requirements promulgated by the SEC and do not reflect our estimate of future stock price growth of the shares of our common stock.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

The Company has not entered into employment agreements with the Named Executive Officers, and their employment with the Company may be terminated at any time at the discretion of the Board of Directors.

In December 2000, the Company entered into individual Change in Control agreements (the "Agreements") with Mr. Dance, Mr. Aselage and Dr. Tesi. The Agreements are not employment contracts but are intended to ensure that the Company will have the continued dedication and objectivity of the employee, notwithstanding the possibility or occurrence of a change of control. The Agreements provide various severance benefits to such key employees if their employment is terminated (other than for cause (as defined in the Agreements), disability or death) or an involuntary termination (as defined in the Agreement) occurs, in either case within one (1) month prior to, upon or within eighteen (18) months following a change of control. A change in control would be triggered by the occurrence of any of the following events: (i) the acquisition by any person of beneficial ownership of more than fifty percent of the total combined voting power of the Company's outstanding voting securities, (ii) a merger or consolidation of the Company, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent

16

more than fifty percent of the total combined voting securities of the Company or any surviving entity, (iii) a complete liquidation of the Company; or (iv) the sale or disposition by the Company of all or substantially all the Company's assets.

The Agreements provide for the following severance benefits to each officer: (i) a lump sum payment equal to two times base salary plus bonuses received in the previous twelve months and a pro-rated estimated bonus for the current year, (ii) accelerated vesting of any stock options, (iii) forgiveness of relocation expenses or moving expenses, if applicable, (iv) forgiveness of outstanding loans, if any, (v) continuation for two years of the health care benefits that were being provided by the Company to such officer and his or her family immediately prior to termination, and (vi) outplacement services up to \$15,000 at the Company's expense. Each of the Agreements is substantially identical, except that the agreement with Dr. Tesi provides for (i) a lump sum payment equal to one times base salary, (ii) only one year of paid health care benefits and (iii) outplacement services capped at \$10,000.

All benefits payable under the Agreements would be reduced either (i) to the extent necessary to preserve the ability of the Company to deduct the severance benefits paid and to prevent payments to any officer from exceeding the limit of Section 4999 of the Code, applicable to any excess parachute payment (as defined in Section 280G of the Code), or (ii) for certain employees, the amount of such payments shall be either: (a) the full amount of the payments, or (b) a reduced amount which would result in no portion of the payments being subject to the excise tax imposed pursuant to Section 4999 of the Code, whichever of (a) or (b), taking into account the applicable federal, state and local income taxes and the Excise Tax, results in the receipt by the Employee, on an after-tax basis, of the greatest amount of benefit.

Pursuant to certain retention agreements entered into by and between the Company and Messrs. Aselage, Dance and Dr. Tesi, the executives may earn an amount equal to thirty percent of the executive's base salary, less applicable withholding, on the earlier of (i) September 1, 2002, if the executive is still an employee of the Company, (ii) the termination date of the executive if the executive is terminated without cause (as defined in the agreement), or (iii) the termination date of the executive if the executive resigns for good reason (as defined in the agreement) following a change in control of the Company. For purposes of the retention agreements, a change in control is defined as (i) the acquisition by any person of beneficial ownership of more than fifty percent of the total combined voting power of the Company's outstanding voting securities; (ii) a merger or consolidation of the Company, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent more than fifty percent of the total combined voting securities of the Company or any surviving entity; (iii) a complete liquidation of the Company; or (iv) the sale or disposition by the Company of all or

substantially all the Company's assets. All three executives received this retention compensation on September 1, 2002.

In October 2002, the Company entered into a Separation Agreement with Mr. Bienaimé. The Agreement provided for the payment of the following amounts: (i) \$100,000, representing the pro rata portion of his discretionary bonus for 2002, paid upon his separation date in November 2002 (Separation Date), (ii) a final tax gross up payment of \$65,000 paid on the Separation Date in full satisfaction of the Company's prior commitment (see Officer Loans

17

below), (iii) the cash compensation customarily paid to the non-employee members of the Board of Directors, including the annual retainer payment of \$15,000 for 2002, and (iv) reimbursement of legal expenses not exceeding \$5,000. In addition, certain time-based stock options to purchase up to a maximum of an additional 75,963 shares of common stock (the Time-Based Options) will continue to vest in accordance with and subject to their existing terms and conditions until May 17, 2004, provided that Mr. Bienaimé remains on the Board of Directors until such date, and all remaining Time-Based Options to purchase the then remaining unvested shares will be cancelled as of May 17, 2004. Options vested as of the Separation Date or by May 17, 2004, as the case may be, will remain exercisable in accordance with and subject to their existing terms and conditions and, if unexercised, shall expire within enumerated periods set forth in the respective option agreements or plan following termination of Mr. Bienaimé's service on the Board. In addition, in the event of a Change of Control or the consummation of a Corporate Transaction (as defined in the Company's 2002 Stock Option Plan) prior to May 17, 2004, the vesting of all of the Time Based Options, if any, that remain unvested as of the date of such event will immediately be accelerated without further action by the Company, provided that Mr. Bienaimé remains on the Board of Directors until such date.

In November 2002, the Company entered into a Separation Agreement with Dr. Buelow under which he relinquished his officer position and became a part-time at-will employee in the position of Senior Research Fellow until May 31, 2003 (the Completion Date). The arrangement is intended to provide a smooth transition for the Company as Dr. Buelow assumes his new position as Chief Scientific Officer of another company, Therapeutic Human Polyclonals, Inc. (THP). Mr. Buelow is a founder of and major shareholder in THP. To retain the services of Dr. Buelow through the Completion Date, the Company agreed to pay him his 2002 bonus at 21% of his 2002 salary (payable when other employees of the Company receive their annual bonus payment) and a separation bonus of \$25,000 payable if the Company's Phase IIa RDP58 clinical trial results support further clinical studies (the RDP58 Milestone). In addition, the Company amended a milestone for an option grant to Dr. Buelow of 4,000 shares of the Company's common stock to be the RDP58 Milestone and provided that if Dr. Buelow's employment terminated before the Completion Date for a reason other than a termination for cause or his voluntary termination, and the RDP58 Milestone is still achievable, then he will receive a cash bonus of \$20,000 in lieu of the stock option.

On December 31, 2002, Robert Floc'h's employment as the General Manager of the Company's IMTIX-SangStat SAS subsidiary in France terminated. The Company provided separation benefits to Mr. Floc'h valued at 281,271 Euros. This amount included the transfer to Mr. Floc'h of a Company-provided automobile that had a value of 15,104 Euros and personal computers valued at 1,500 Euros. The Company extended the time for Mr. Floc'h to exercise certain vested stock options to eighteen months after his termination date. These stock options were for 29,295 shares of the Company's stock, and all of these options had an exercise price that was greater than the market value of the underlying shares as of the date of his termination.

18

Officer Loans

The Company extended loans to Mr. Bienaimé, a director and executive officer, to provide housing assistance as part of his relocation package. The Company made Mr. Bienaimé's loans in July 1998 (\$200,000) and in September 2000 (\$100,000). Mr. Bienaimé's \$200,000 loan was evidenced by a promissory note secured by options to purchase shares of the Company's Common Stock and his loan for \$100,000 was secured by a deed of trust on his property. The annual interest rates on the loans were 5.69%. Mr. Bienaimé has not repaid any principal amounts or interest due on his loans, which were originally due on July 17, 2001 and September 12, 2001. On February 1, 2001, the Company entered into a retention agreement with Mr. Bienaimé, under which the Company would forgive his outstanding loans, including any accrued interest thereon, if Mr. Bienaimé was Chief Executive Officer of the Company as of September 30, 2001. The Company subsequently amended its retention agreement with Mr. Bienaimé by extending from September 30, 2001 to January 31, 2002 the date on which the Company would forgive Mr. Bienaimé's loans. In exchange, the Company agreed to pay him an amount equal to the federal and state income taxes arising from the forgiven loans over the three ensuing quarters, subject to his continued employment as Chief Executive Officer of the Company. On January 31, 2002, the Company forgave all outstanding loans made to Mr. Bienaimé, which amounted to \$351,157 in principal amount and accrued interest as of such date. The Company also paid \$184,555 as compensation for the federal and state income taxes on the amount forgiven.

The Company extended a loan to Dr. Tesi, an executive officer, in September 1997 in the amount of \$200,000 at an interest rate of 6.0% to provide housing assistance as part of his relocation package. Dr. Tesi has not repaid any principal amounts or interest due on his loan, which were originally due on October 1, 2001. His loan was evidenced by a promissory note secured by options to purchase shares of the Company's Common Stock. On February 20, 2002, the Compensation Committee adopted an amended schedule for the forgiveness of Dr. Tesi's loan, under which the Company will forgive approximately one-third of Dr. Tesi's loan and the accrued interest thereon in each of three annual installments beginning on January 7, 2003 and ending on January 7, 2005, provided that Dr. Tesi remains continuously employed with the Company through the installment dates for the respective installments to be forgiven. At December 31, 2002, the aggregate indebtedness of Dr. Tesi under the loan was \$272,485, including a principal amount of \$200,000 and accrued interest of \$72,485. On January 7, 2003 the Company forgave principal in the amount of \$68,000 and interest in the amount of \$24,735. The amount owed by Dr. Tesi under his loan in principal amount and accrued interest as of February 28, 2003 was \$181,553.

Limitation of Liability and Indemnification

The Company's certificate of incorporation includes provisions that eliminate the personal liability of the Company's directors for monetary damages for breach of fiduciary duty as a director, except for liability:

for any breach of the director's duty of loyalty to the Company or its stockholders;

19

for acts or omissions not in good faith or that involved intentional misconduct or a knowing violation of law;

under Section 174 of the Delaware law; or

for any transaction from which the director derives an improper personal benefit.

Our bylaws further provide for the indemnification of our directors and officers, under certain circumstances, to the fullest extent authorized by Delaware law, including circumstances in which indemnification is otherwise discretionary. Indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Company under the foregoing provisions, or otherwise.

The Company has entered into agreements to indemnify its directors and executive officers in addition to the indemnification provided for in its charter and bylaws. These agreements, among other things, provide for indemnification of the Company's directors and executive officers for expenses, judgments, fines and settlement amounts incurred by any of these people in any threatened, pending or completed action or proceeding arising out of his or her services as a director or executive officer or at the Company's request. The Company believes that these provisions and agreements are necessary to attract and retain qualified people as directors and executive officers.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

Our executive compensation program presently is administered by the three-member Compensation Committee of the Board of Directors set forth below. These Compensation Committee members are not our employees.

What are our policies regarding executive compensation?

The objectives of our executive compensation policies are to attract, retain and reward executive officers who contribute to our success, to align the financial interests of executive officers with our performance, to strengthen the relationship between executive pay and stockholder value, to motivate executive officers to achieve our business objectives and to reward individual performance. Our executive compensation package consists of three (3) components: base salary and related benefits; annual quarterly cash bonus incentives; and equity-based compensation incentives.

The first component of our executive compensation package is base salary and related benefits. Each executive officer receives a base salary and benefits based on competitive compensation information and his responsibilities and performance. The second component of our executive compensation package is an annual management-by-objectives bonus. Each year, we establish bonus compensation formulas for each

Edgar Filing: SANGSTAT MEDICAL CORP - Form DEF 14A

such officer based on certain individual and Company performance criteria and Company key objectives. This arrangement provides each executive officer with the opportunity to earn a cash bonus according to the extent to which he meets his particular individual performance criteria. The third component of our executive compensation package is stock options, which we believe is an important incentive tool designed to more closely align the interests of our executive officers with the long-term interests of our stockholders and to encourage our executive officers to remain with us. Generally, we grant stock options at fair market exercise prices, as determined at the time of grant.

Our stock option plans have been established to provide all our employees with an opportunity to share, along with our stockholders, in our long-term performance. Periodic grants of stock options are generally made annually to eligible employees, with additional grants being made to certain employees upon commencement of employment and, occasionally, following a significant change in job responsibilities, scope or title. Stock options granted under the plans generally have a non-statutory four-year vesting schedule and generally expire ten years from the date of grant. In addition, a portion of the options granted to our executive officers are performance-based options. The Compensation Committee periodically considers the grant of stock-based compensation to all executive officers. Such grants are made on the basis of a quantitative and qualitative analysis of individual performance, our financial performance, and the executive's existing options.

The bonuses and salaries for Messrs. Murdock and Bienaimé during 2002 were set by the Committee with due regard to their industry experience, competitive salary information and current market conditions. The amount of Mr. Murdock's total compensation was based on

21

negotiations with him prior to his commencement of employment. Mr. Bienaimé's annual bonus was paid in accordance with his Separation Agreement.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held companies may not deduct compensation paid to certain of its top executive officers to the extent such compensation exceeds \$1 million per officer in any year. However, pursuant to regulations issued by the Treasury Department, certain limited exceptions to Section 162(m) apply with respect to performance-based compensation. Awards granted under the 2002 Stock Option Plan are intended to constitute qualified performance-based compensation eligible for such exceptions, and we will continue to monitor the applicability of Section 162(m) to our ongoing compensation arrangements. We do not expect that amounts of compensation paid to our executive officers will fail to be deductible on account of Section 162(m).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 1, 2002, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$60,000 and in which any director, executive officer or holder of more than 5% of our common stock, or an immediate family member of any of the foregoing, had or will have a direct or indirect interest other than:

compensation arrangements, which are described above; and
the transactions described below.

The Company entered into agreements with Therapeutic Human Polyclonals, Inc. (THP), a private biotechnology company. Roland Buelow, an executive officer of the Company during 2002, is a founder of THP and owns a substantial portion of the common stock of THP. The agreements include options to obtain exclusive licenses to the THP technology to produce humanized polyclonal antibody products. One option is for a humanized version of our current Thymoglobulin product. The Company also has options to obtain exclusive licenses to products to treat hematology (blood related) diseases, such as leukemia and lymphoma. The options have an exercise period that commences when THP has produced a genetically engineered rabbit capable of producing commercial-grade humanized antibodies. Each license would have an up-front fee, milestone payments based on progression through clinical trials to product approval, and royalties. THP has the right to contribute to the development costs for hematology products and receive a commensurate share of profits from commercial sales. The Company shares antibody purification know-how with THP. In November 2002, the Company made a one-time technology access fee payment to THP of \$500,000 under the terms of the agreement.

Additionally, the Company made an equity investment of \$3.2 million in THP and is committed to make a second investment of \$3.2 million when THP has produced the proof-of-principle engineered rabbit, unless that milestone is unduly delayed. The total of these investments would represent ownership of approximately twenty percent (20%) of the issued share capital of THP. The Company's investments are made in conjunction with investments by Research Corporation Technologies, Inc., which provided start-up financing for THP and is the majority shareholder of THP. When THP has produced the commercial-grade engineered rabbit, the Company has an option to make an additional equity investment of \$15.0 million, which would give the Company ownership of approximately 40% of THP's issued share capital. The Company does not have the right to acquire full ownership of THP.

26

The Company has entered into agreements to indemnify its directors and executive officers in addition to the indemnification provided for in its charter and bylaws. These agreements, among other things, provide for indemnification of the Company's directors and executive officers for expenses, judgments, fines and settlement amounts incurred by any of these people in any threatened, pending or completed action or proceeding arising out of his or her services as a director or executive officer or at the Company's request.
