SPORTS ARENAS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS DECEMBER 31, 2002 AND 2001 (Unaudited)

1. The information furnished reflects all adjustments of a recurring nature which management believes are necessary to a fair statement of the Company's financial position, results of operations and cash flows for the interim periods.

Revenue recognition:

The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred, the amount is fixed or determinable and collectibility is probable. All of these conditions are typically met at the time the Company ships products to its customers.

- 2. Due to the seasonal fluctuations of the bowling and golf club shaft manufacturing operations, the financial results for the interim periods ended December 31, 2002 and 2001, are not necessarily indicative of operations for the entire year.
- 3. Investments:
 - (a) Investments consist of the following:

(b) Investment in UCV, L.P.

The operating results of this investment are included in the accompanying consolidated condensed statements of operations based upon the partnership's fiscal year (March 31). Summarized information from UCV, L.P.'s (UCV) unaudited statements of income for the six and three-month periods ended September 30, 2001 and 2000 are as follows:

	Six	Months	Three	e Months
	2002	2001	2002	2001
Revenues Operating and general and administrative	\$2,818,000	\$2,683,000	\$1,442,000	\$1,354,000

Net income	156,000	90,000	80,000	50,000

As disclosed in the annual financial statements for the year ended June 30, 2002, the Company performs management services and development services for UCV pursuant to separate agreements with UCV. The Company believes that the terms of these agreements are no less favorable to the Company or UCV than could be obtained with an independent third party.

6

4. Contingencies

The Company is involved in various routine litigation and disputes incident to its business. In management's opinion, based in part on the advice of legal counsel, none of these matters will have a material adverse effect on the Company's financial position.

5. Impact of Adopting SFAS No. 142, Goodwill and Other Intangible Assets

The Company does not have goodwill or intangible assets that have indefinite useful lives recorded on the accompanying consolidated condensed balance sheets. The Company only maintains intangible assets that have finite useful lives which are amortized over their useful lives.

6. Liquidity

The accompanying consolidated condensed financial statements have been prepared assuming the Company will continue as a going concern. The Company has suffered recurring losses, has a working capital deficiency, and is forecasting negative cash flows for the next twelve months. These items raise substantial doubt about the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent on either refinancing or selling certain real estate assets, obtaining additional investors in its subsidiary, Penley Sports, or increases in the sales volume of Penley Sports. The consolidated condensed financial statements do not contain adjustments, if any, including diminished recovery of asset carrying amounts, that could arise from forced dispositions and other insolvency costs.

7. Business segment information

The Company operates principally in four business segments: bowling centers, commercial real estate rental, real estate development, and golf club shaft manufacturing. Other revenues, which are not part of an identified segment, consist of property management and development fees (earned from both a property 50 percent owned by the Company and a property in which the Company has no ownership) and commercial brokerage.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS:

The independent auditors' report dated September 23, 2002 included in our June 30, 2002 Annual Report on Form 10-K contained the following explanatory paragraph:

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 14 to the consolidated financial statements, the Company has suffered recurring losses, has a working capital deficiency and shareholders' deficit, and is forecasting negative cash flows from operating activities for the next twelve months. These items raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 14. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Management estimates negative cash flow of \$200,000 to \$400,000 in total for the remaining two quarters of the year ending June 30, 2003 from operating

activities after deducting capital expenditures and principal payments on notes payable and adding estimated distributions from UCV.

The short-term loan from the Company's partner in UCV is due on demand. The Company is exploring selling its partner a portion of the Company's interest in UCV in satisfaction of the remaining loan obligations. At this point management is unable to assess the likelihood a transaction will be consummated.

Vail Ranch Limited Partners is negotiating the sale of its partnership interest in Temecula Creek Partners to its other partner in Temecula Creek. The Company estimates that its share of the proceeds from this sale to be approximately \$550,0000\$ to \$650,000. The Company is obligated to pay approximately one-half of these proceeds to its minority partner.

Management expects continuing cash flow deficits until Penley Sports develops sufficient sales volume to become profitable. Although, there can be no assurances that Penley Sports will ever achieve profitable operations, management estimates that a combination of continued increases in the sales of Penley Sports and reduction of its operating costs will result in Penley Sports and the Company achieving a breakeven level of operations at the end of the next two quarters.

Management is currently evaluating other sources of working capital including the sale of assets or obtaining additional investors in Penley Sports. Management has not assessed the likelihood of any other sources of long-term or short-term liquidity. If the Company is not successful in obtaining other sources of working capital this could have a material adverse effect on the Company's ability to continue as a going concern. However, management believes it will be able to meet its financial obligations for the next twelve months.

The Company has a working capital deficit of \$1,132,472 at December 30, 2002, which is a \$447,176 increase from the working capital deficit of \$685,296 at June 30, 2002. The increase in working capital deficit is primarily attributable to the cash used by operating activities for the six months ended December 31, 2002. The following is a schedule of the cash provided (used) before changes in assets and liabilities, segregated by business segments:

	2002	2001	Change

CRITICAL ACCOUNTING POLICIES

In response to the SEC's release No. 33-8040, "Cautionary Advice Regarding Disclosure About Critical Accounting Policies", the Company has identified its most critical accounting policy as that related to the carrying value of its long-lived assets. Any event or circumstance that indicates to the Company an impairment of the fair value of any asset is recorded in the period in which such event or circumstance becomes known to the Company. During the three and six month periods ended December 31, 2002 no such event or circumstance occurred that would, in the opinion of management, signify the need for a material reduction in the carrying value of any of the Company's assets.

NEW ACCOUNTING PRONOUNCEMENTS

In June of 2002, the FASB issued SFAS No. 146; Accounting for Costs Associated with Exit or Disposal Activities. SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force (EITF) Issue No. 94-3, Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring). The provisions of this statement are effective for exit or disposal activities that are initiated after December 31, 2002, with early application encouraged. This statement will only have an effect on the Company's financial statements to the extent future exit or disposal activities relevant to SFAS No. 146 occur.

In October 2002, the FASB issued SFAS No. 147; Acquisitions of Certain Financial Institutions. This Statement is not relevant to the Companys operations and will not have an impact on the Company's financial statements.

In December 2002, the FASB issued SFAS No. 148; Accounting for Stock-Based Compensation- Transition and Disclosure. This statement amends SFAS No. 123; Accounting for Stock-Based Compensation, to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this statement amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. This statement is effective for financial statements for fiscal years ending after December 15, 2002. The Company does not have stock-based compensation and this statement will not currently have an impact on the Company's financial statements.

In December 2002, the FASB issued Financial Interpretation No. 45 (FIN 45); Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others. FIN 45 requires guarantors to determine and recognize the fair value of a guarantee at the issuance date. In addition, FIN 45 contains detailed disclosure requirements. The initial recognition and measurement provisions of FIN 45 are applicable on a prospective basis to guarantees issued or modified after December 31, 2002 and the disclosure requirements are effective for financial statements of interim or annual periods ending after December 15, 2002. The Company does not guarantee debt of others and does not expect FIN 45 to have an impact on the Company's financial statements.

In January 2003, the FASB issued Financial Interpretation No. 46 (FIN 46); Consolidation of Variable Interest Entities (VIE). The FASB has transformed its exposure draft on accounting for special purpose entities into this interpretation on variable interest entities. FIN 46 provides new guidance on consolidation of controlled entities, irrespective of voting interests. Most of the requirements under FIN 46 are effective for new VIE's created after January 30, 2003. The Company is still in the process of determining the accounting and

financial statement impact of FIN 46.

"SAFE HARBOR" STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

With the exception of historical information (information relating to the Company's financial condition and results of operations at historical dates or for historical periods), the matters discussed in this Management's Discussion and Analysis of Financial Condition and Results of Operations are forward-looking statements that necessarily are based on certain assumptions and are subject to certain risks and uncertainties. These forward-looking statements are based on management's expectations as of the date hereof, and the Company does not undertake any responsibility to update any of these statements in the future. Actual future performance and results could differ from that contained in or suggested by these forward-looking statements as a result of the factors set forth in this Management's Discussion and Analysis of Financial Condition and Results of Operations and elsewhere in the Company's filings with the Securities and Exchange Commission.

BOWLING OPERATIONS:

Bowl revenues decreased by 9% and 11% in the six and three month periods, respectively, primarily due related declines in the number of games bowled. Both open play and league play decreased by the same percentages. There were no material changes in bowl costs or selling, general and administrative costs related to the bowling center.

RENTAL OPERATIONS:

This segment includes the equity in income of the operation of a 542 unit apartment project (UCV), a subleasehold interest in land underlying a condominium project (PS Sublease) (which was sold in March 2002), and the sublease of a portion of the Penley factory. The following is a summary of the changes in operations:

	Six Month Period			Three Mor	th Perio	d
	PS Sublease	Other	Combined	PS Sublease	Other	Combined

11

The primary reason for the decline in rental revenues and costs related to the sale of the PS Sublease in March 2002.

The equity in income of UCV increased in the six and three month periods primarily due to decreases in interest expense related to the lower interest rate obtained in the refincing in March 2002. Rental revenues increased in each period primarily due to an 6% increase in the average rental rate for each period, which was partially offset by increases in the vacancy rate from 1.2% to 2.1% for the six month period and from 1.07% to 1.32% for the three month period. Costs increased in each period primarily due to increases in insurance costs and maintenance and repairs. The following is a summary of the changes in the operations of UCV, LP in the six and three months periods of 2001 compared to the prior period:

	Six Months	Three Months
Revenues	\$ 135,000	\$ 88,000
Costs	137,000	94,000
Depreciation	(1,000)	(1,000)

Interest and amortization

of loan costs (67,000) (35,000) Net income 66,000 30,000

REAL ESTATE DEVELOPMENT OPERATIONS:

The increase in the equity in income of Vail Ranch Limited Partners (VRLP), relates to the increase in the income from the operation of the partially completed shopping center for which the first store commenced operations in July 2000 and is now reaching a level of stabilzed operations after being leased up.

GOLF OPERATIONS:

Golf revenues increased in 2002 due to increases in sales to small golf club manufacturers and golf equipment distributors. The following is a breakdown of the percentage of increases in sales by customer category:

	Six	Three
	Months	Months
Golf equipment distributors .	133%	158%
Golf club manufacturers	102%	63%
Golf shops	(14%)	(13%)
Other	(46%)	348%

Operating expenses of the golf segment consisted of the following in 2002 and 2001:

	Six M	Ionths	Three Months		
	2002	2001	2002	2001	
Costs of goods sold and manufacturing overhead Research & development	\$1,048,000 97,000	\$ 792,000 114,000	\$ 450,000 49,000	\$ 352,000 55,000	
Total golf costs	1,145,000	906,000	499 , 000	407,000	
Marketing & promotion Administrative-direct	442,000 135,000	581,000 72,000	264,000 56,000	315,000 32,000	
Total SG&A-direct	577,000	653 , 000	320,000	347,000	
Allocated corporate costs	124,000	118,000	62 , 000	57 , 000	

Total golf costs increased in 2002 primarily due to the cost of goods sold and other manufacturing overhead (primarily payroll) associated with increased sales. Marketing and promotion expenses decreased primarily due to the Company not renewing the contract with its marketing consultant in May 2002. Marketing and promotion otherwise decreased due to a decrease in the tour program expenses that resulted from staffing the program with one person instead of two. Administrative expenses increased primarily due to increases in bad debt expense of \$45,000 and \$22,000 in the six and three month periods, respectively.

ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risk primarily due to fluctuations in interest

rates. The Company utilizes both fixed rate and variable rate debt. The following table presents principal maturities and related weighted average interest rates of the Company's long-term fixed rate and variable rate debt for the fiscal years ended June 30.

	2003	2004	 Total	Fa	ir Value
Fixed rate debt Weighted average	\$ 6,000	\$ 3,000	\$ 9,000	\$	(1) 9,000
interest rate .	13.6%	13.6%	13.6%		
Variable rate debt Weighted average	\$ 726,000		\$ 726,000	\$	726,000
interest rate .	5.3%		5.3%		

The amounts for 2003 relate to the six months ending June 30, 2003.

(1) The fair value of fixed-rate debt and variable-rate debt were estimated based on the current rates offered for fixed-rate debt and variable-rate debt with similar risks and maturities.

The variable rate debt includes a \$726,000 short term note payable that is due on demand, which for purposes of this calculation has been treated as though paid during the year ending June 30, 2003.

The Company's unconsolidated subsidiary, UCV, has two notes payable which mature April 1, 2003 as a result of a refinancing in March 2002. The first loan is variable rate debt of \$36,000,000 for which the interest rate was 5.4 percent as of December 31, 2002. However, there is a floor of 5.4% established by the lender and a cap purchased by UCV which effectively caps the maximum rate on this loan at 7%. The scheduled principal payments for UCV's fiscal years ending March 31 2003 is \$36,000,000. The estimated fair value of this debt is \$36,000,000 based on the current rates offered for this type of loan with similar risks and maturities. The second loan of \$2,000,000 is fixed rate debt at 12.5%. The scheduled principal payments for UCV's fiscal years ending March 31 2003 is \$2,000,000. The estimated fair value of this debt is \$2,000,000 based on the current rates offered for this type of loan with similar risks and maturities.

The Company does not enter into derivative or interest rate transactions for speculative or trading purposes.

ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures (as defined in Securities Exchange Act 1934 Rules 13a-14(c) and 15d-4(c)) that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures,

Within 90 days prior to the date of this quarterly report, we carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the

effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective.

Changes in Internal Controls:

There have not been any significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation. There were no significant deficiencies or material weaknesses, and therefore no corrective actions were taken.
