TRUST INC.

Our cover icon represents the underpinnings of Gabelli. The Teton mountains in Wyoming represent what we believe in America -- that creativity, ingenuity, hard work and a global uniqueness provide enduring values. They also stand out in an increasingly complex, interconnected and interdependent economic world.

INVESTMENT OBJECTIVE:

The Gabelli Global Multimedia Trust Inc. is a closed-end, non-diversified management investment company whose primary objective is long-term growth of capital, with income as a secondary objective. The Trust seeks opportunities for long-term growth within the context of two main investment universes: companies involved in creativity, as it relates to the development of intellectual property rights (copyrights); and companies involved in distribution, as it relates to the delivery of these copyrights. Additionally, the Trust will invest in companies participating in emerging technological advances in interactive services and products.

THIS REPORT IS PRINTED ON RECYCLED PAPER.

TO OUR SHAREHOLDERS,

Multimedia stocks took a breather in the first quarter after a strong performance in the fourth quarter of 2002. The Gabelli Global Multimedia Trust (the "Trust") declined 4.69% during the quarter, compared to declines of 4.98% and 6.12% for the Morgan Stanley Capital International All Country ("MSCI AC") World Free Index and Lipper Global Fund Average, respectively. Advertising spending, which had started to improve in the second half of 2002, flattened out as the economy began to sputter due to concern over the impending war with Iraq. A delay in Federal Communications Commission ("FCC") rule changes impacting the broadcasting and newspaper publishing sectors may also have disappointed investors.

## 6.00% SERIES B CUMULATIVE PREFERRED STOCK / SERIES C AUCTION RATE CUMULATIVE PREFERRED STOCK

As authorized by the Board of Directors, the Trust redeemed the remaining 75% (926,025 Shares) of its outstanding 7.92% Cumulative Preferred Stock in conjunction with the issuance of two new series of Preferred Stock. The 7.92% Preferred Stock was redeemed on April 2, 2003 at a redemption price of \$25.033 per Preferred Share, which consists of \$25.00 per share of Preferred Stock (the liquidation value), plus accumulated and unpaid dividends through the redemption date of \$0.033 per share of Preferred Stock. The new preferred issuance consists of

\$25 million of 6.00% Series B Cumulative Preferred Stock and \$25 million of Series C Auction Rate Cumulative Preferred Stock. The proceeds raised will be used for investment purposes.

The 6.00% Series B Preferred Shares are rated "Aaa" by Moody's Investors Service, Inc. and trade on the New York Stock Exchange under the symbol "GGT Pr B". The 6.00% Series B Preferred Shares are perpetual, non-callable for five years and were issued at \$25 per share. Distributions will be paid quarterly beginning on June 26, 2003. The Series C Auction Rate Preferred Shares are rated "Aaa" by Moody's Investors Service, Inc. and "AAA" by Fitch, Inc. for the period ending April 8, 2003. The dividend rates for subsequent periods will be determined by an auction process. The Series C Auction Rate Preferred Shares do not trade on an exchange.

It should be noted that the Investment Adviser will not receive a management fee on the incremental assets raised unless the total return of the Trust to common shareholders during any year exceeds the dividend rate of the preferred stock, including the costs of any interest rate swap agreement the Trust may enter into to protect against short-term interest rate increases.

### COMMENTARY

#### TREADING WATER

As we have frequently pointed out, advertising-supported media is an economically sensitive business; during the good times it is viewed as a necessity and during the bad times as an unnecessary expense. So, it is no surprise that as the economic recovery stalled in the first quarter, ad revenues for media companies also flattened.

The war on Iraq has further clouded the short-term economic outlook, causing corporate decision-makers to wait for more economic visibility before investing significantly in their businesses. Now that U.S. coalition forces have recently achieved their objective of regime change in Iraq, we believe corporate

## Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-30B-2

managers will regain enough confidence to start spending again and advertising revenues will trend higher. Even if the economy remains flat, broadcasters and newspaper ad sales should get a boost from the Olympics and the 2004 elections.

Despite their strong fourth quarter, multimedia stock valuations are still depressed relative to normalized earnings potential and asset values. Some of the most dominant multimedia franchises in the world, including Viacom, News Corp., and much-beleaguered AOL Time Warner are trading at what we believe will prove to be opportunistic prices.

### THE FCC: READY TO ACT?

As we prepare this letter, we are still waiting on FCC rule changes on major regulatory issues impacting broadcasters and newspaper publishers. We believe the FCC will bow to pressure from the courts by raising the cap on a single broadcast company's national "footprint" from 35% to 50% of total households and allow duopolies (the ownership of two TV stations) in smaller markets. This should reinvigorate takeover activity as the bigger fish stalk smaller competitors such as Liberty Corp. and Young Broadcasting. We believe new FCC rules will also permit media companies to own a newspaper and television station in the same market. This should also lead to further merger and acquisition activity as media companies seek economies of scale by consolidating their television and newspaper publishing operations in franchise's markets.

### LIBERTY MEDIA CORP.

Liberty Media's Chairman John Malone was a pioneer in the cable television business, building TCI into the largest cable system in America, before selling it to Time Warner and enriching his shareholders. He then built Liberty Media, a unique collection of wholly and partly owned public and private cable television network properties. Malone has been sitting on a pile of cash for several years looking to do deals in media and telecommunications. He has made some bad investments in telecom, but he still has a lot of financial ammunition to do some interesting things in the media area. He could team up with Barry Diller, Chairman and CEO of USA Interactive, to go after Vivendi or try to merge QVC and Home Shopping Network. Along with a partner, he could also put a deal together for NBC. Changes in FCC regulations are going to make it easier for Malone to do deals and he has a proven track record of building shareholder value. We think Liberty Media stock is cheap and also that it offers investors an active index fund in the media/entertainment industry.

### INVESTMENT SCORECARD

Telecommunications investments such as Time Warner Telecom, Telecom Argentina, American Tower Systems and Britain's Cable & Wireless posted solid gains during the first quarter. Other top holdings that performed well included Echostar, GTECH Holdings and USA Interactive. Small group broadcast holdings were mixed, with Granite Broadcasting, Liberty Corp. and Paxson Communications gaining and Young Broadcasting, Gray Television and Sinclair Broadcast Group declining.

Our investments in Regional Bell Operating Company SBC Communications and leading independent telco Sprint disappointed. Newspaper publishers Belo, Knight Ritter, McClatchy and Meredith Corp. also declined.

IN CONCLUSION

Despite the adverse environment for advertising spending, the delay in FCC rule changes, and little merger and acquisition activity, media stocks held up relatively well in the first quarter of 2003. We may have to wait until there is evidence the economy is regaining momentum before advertising spending increases significantly. However, we expect sweeping FCC regulatory changes later this spring to spawn increased merger and acquisition activity in media sectors in the year ahead. In general, we believe multimedia stocks are good fundamental bargains that will attract favorable attention as another round of industry consolidation begins and the economy gains some traction later this year.

/S/ MARIO J. GABELLI

AUTOMATIC DIVIDEND REINVESTMENT  
AND VOLUNTARY CASH PURCHASE PLAN

ENROLLMENT IN THE PLAN

It is the policy of The Gabelli Global Multimedia Trust Inc. ("Multimedia Trust") to automatically reinvest dividends. As a "registered" shareholder you automatically become a participant in the Multimedia Trust's Automatic Dividend Reinvestment Plan (the "Plan"). The Plan authorizes the Multimedia Trust to issue shares to participants upon an income dividend or a capital gains distribution regardless of whether the shares are trading at a discount or a premium to net asset value. All distributions to shareholders whose shares are registered in their own names will be automatically reinvested pursuant to the Plan in additional shares of the Multimedia Trust. Plan participants may send their stock certificates to EquiServe Trust Company ("EquiServe") to be held in their dividend reinvestment account. Registered shareholders wishing to receive their distribution in cash must submit this request in writing to:

The Gabelli Global Multimedia Trust Inc.  
c/o EquiServe  
P.O. Box 43011  
Providence, RI 02940-3011

Shareholders requesting this cash election must include the shareholder's name and address as they appear on the share certificate. Shareholders with additional questions regarding the Plan may contact EquiServe at 1 (800) 336-6983.

SHAREHOLDERS WISHING TO LIQUIDATE REINVESTED SHARES held at EquiServe must do so in writing or by telephone. Please submit your request to the above mentioned address or telephone number. Include in your request your name, address and account number. The cost to liquidate shares is \$2.50 per transaction as well as the brokerage commission incurred. Brokerage charges are expected to be less than the usual brokerage charge for such transactions.

If your shares are held in the name of a broker, bank or nominee, you should contact such institution. If such institution is not participating in the Plan, your account will be credited with a cash dividend. In order to participate in

## Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-30B-2

the Plan through such institution, it may be necessary for you to have your shares taken out of "street name" and re-registered in your own name. Once registered in your own name your dividends will be automatically reinvested. Certain brokers participate in the Plan. Shareholders holding shares in "street name" at such participating institutions will have dividends automatically reinvested. Shareholders wishing a cash dividend at such institution must contact their broker to make this change.

The number of shares of Common Stock distributed to participants in the Plan in lieu of cash dividends is determined in the following manner. Under the Plan, whenever the market price of the Multimedia Trust's Common Stock is equal to or exceeds net asset value at the time shares are valued for purposes of determining the number of shares equivalent to the cash dividends or capital gains distribution, participants are issued shares of Common Stock valued at the greater of (i) the net asset value as most recently determined or (ii) 95% of the then current market price of the Multimedia Trust's Common Stock. The valuation date is the dividend or distribution payment date or, if that date is not a NYSE trading day, the next trading day. If the net asset value of the Common Stock at the time of valuation exceeds the market price of the Common Stock, participants will receive shares from the Multimedia Trust valued at market price. If the Multimedia Trust should declare a dividend or capital gains distribution payable only in cash, EquiServe will buy Common Stock in the open market, or on the NYSE or elsewhere, for the participants' accounts, except that EquiServe will endeavor to terminate purchases in the open market and cause the Multimedia Trust to issue shares at net asset value if, following the commencement of such purchases, the market value of the Common Stock exceeds the then current net asset value.

The automatic reinvestment of dividends and capital gains distributions will not relieve participants of any income tax which may be payable on such distributions. A participant in the Plan will be treated for Federal income tax purposes as having received, on a dividend payment date, a dividend or distribution in an amount equal to the cash the participant could have received instead of shares.

The Multimedia Trust reserves the right to amend or terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to written notice of the change sent to the members of the Plan at least 90 days before the record date for such dividend or distribution. The Plan also may be amended or terminated by EquiServe on at least 90 days' written notice to participants in the Plan.

### VOLUNTARY CASH PURCHASE PLAN

The Voluntary Cash Purchase Plan is yet another vehicle for our shareholders to increase their investment in the Multimedia Trust. In order to participate in the Voluntary Cash Purchase Plan, shareholders must have their shares registered in their own name and participate in the Dividend Reinvestment Plan.

Participants in the Voluntary Cash Purchase Plan have the option of making additional cash payments to EquiServe for investments in the Multimedia Trust's shares at the then current market price. Shareholders may send an amount from \$250 to \$10,000. EquiServe will use these funds to purchase shares in the open market on or about the 1st and 15th of each month. EquiServe will charge each shareholder who participates \$0.75, plus a pro rata share of the brokerage commissions. Brokerage charges for such purchases are expected to be less than the usual brokerage charge for such transactions. It is suggested that any voluntary cash payments be sent to EquiServe, P.O. Box 43011, Providence, RI 02940-3011 such that EquiServe receives such payments approximately 10 days before the investment date. Funds not received at least five days before the investment date shall be held for investment until the next purchase date. A payment may be withdrawn without charge if notice is received by EquiServe at

## Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-30B-2

least 48 hours before such payment is to be invested.

For more information regarding the Dividend Reinvestment Plan and Voluntary Cash Purchase Plan, brochures are available by calling (914) 921-5070 or by writing directly to the Multimedia Trust.
