NOTICE IS HEREBY GIVEN that the Annual Meeting of Stockholders of Exelixis, Inc., a Delaware corporation (“Exelixis”), will be held on Wednesday, May 25, 2016, at 8:00 a.m., local time, at Exelixis’ offices located at 210 East Grand Avenue, South San Francisco, California 94080 for the following purposes:

2. To ratify the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as Exelixis’ independent registered public accounting firm for the fiscal year ending December 30, 2016.
To approve an amendment and restatement of the Exelixis, Inc. 2000 Employee Stock Purchase Plan (the “2000 Purchase Plan”) to increase the number of shares of common stock reserved for issuance under the 2000 Purchase Plan by 5,000,000 shares and make certain other changes as described in Proposal 3. A copy of the 2000 Purchase Plan, as amended, is attached to the Proxy Statement accompanying this Notice as Appendix A.
3. To approve, on an advisory basis, the compensation of Exelixis’ named executive officers, as disclosed in the Proxy Statement accompanying this Notice.
4. To conduct any other business properly brought before the meeting.

These items of business are more fully described in the Proxy Statement accompanying this Notice.

We are mailing to most of our stockholders a Notice of Internet Availability of Proxy Materials (the “Notice”) instead of a paper copy of this Proxy Statement and our 2015 Annual Report. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this Proxy Statement, our 2015 Annual Report and a form of proxy card or voting instruction card. All stockholders who do not receive a Notice will receive a paper copy of the proxy materials by mail. We believe that this process will allow us to provide our stockholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials.

The record date for the Annual Meeting is March 31, 2016. Only stockholders of record at the close of business on that date may vote at the meeting or any postponement or adjournment thereof.

Important notice regarding the availability of proxy materials for the Annual Meeting of Stockholders to be held on May 25, 2016, at 8:00 a.m., local time, at Exelixis’ offices located at 210 East Grand Avenue, South San Francisco, CA 94080.

The Proxy Statement and Annual Report to stockholders are available at www.exel-annualstockholdermeeting.com.

The Board of Directors recommends that you vote “FOR” Proposal Nos. 1-4 identified above.

PROXY STATEMENT

FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

MAY 25, 2016

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We have made these materials available to you on the Internet or, upon your request, have delivered printed versions of these materials to you by mail because the Board of Directors, or the Board, of Exelixis, Inc. (sometimes referred to as “we,” “us” or “Exelixis”) is soliciting your proxy to vote at the 2016 Annual Meeting of Stockholders, or the Annual Meeting, including at any adjournments or postponements of the meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return a proxy card, or follow the instructions below or in the Notice of Internet Availability of Proxy Materials described below to submit your proxy over the telephone or on the Internet.

We intend to send or make available these materials to stockholders on April 13, 2016.

What is included in these proxy materials?

These proxy materials include:

• The Notice of the 2016 Annual Meeting of Stockholders;

• The Proxy Statement for the Annual Meeting; and

• Our Annual Report on Form 10-K for the year ended January 1, 2016, as filed with the Securities and Exchange Commission, or SEC, on February 29, 2016, or the Annual Report.

If you requested printed versions by mail, these proxy materials also include the proxy card or voting instruction form for the Annual Meeting.

Why did I receive a one-page notice in the mail regarding Internet availability of proxy materials instead of a full set of printed proxy materials?

Pursuant to rules adopted by the SEC, we have elected to use the Internet as the primary means of furnishing proxy materials to our stockholders this year. This method allows us to deliver the proxy materials to you more quickly, lowers our costs significantly and helps to conserve natural resources. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials, or Notice of Availability, to our stockholders who have not asked us to provide proxy materials in printed form. All stockholders receiving a Notice of Availability can request a printed set of proxy materials. Moreover, all stockholders can access the proxy materials at www.exel-annualstockholdermeeting.com, irrespective of whether they receive a Notice of Availability or a printed copy of the proxy materials. Instructions on how to access the proxy materials on the Internet or how to request a printed copy may be found in the Notice of Availability and in this Proxy Statement.

In addition, a stockholder may ask to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage stockholders to take advantage of this option to help reduce the environmental impact of our annual meeting and to reduce costs associated with the physical printing and mailing of materials in line with our cost-containment strategies. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who may vote at the Annual Meeting?

Only stockholders of record at the close of business on March 31, 2016, the Record Date, will be entitled to vote at the Annual Meeting. On the Record Date, there were 228,654,405 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on March 31, 2016, your shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy over the telephone or on the Internet as instructed below, or complete and mail the proxy card if you received printed materials.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on March 31, 2016, your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your shares is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are four matters scheduled for a vote at the 2016 Annual Meeting. They are as follows:

• Election of the three Class II nominees for director named herein to hold office until the 2019 Annual Meeting of Stockholders;

• Ratification of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 30, 2016;

• Approval of an amendment and restatement of the Exelixis, Inc. 2000 Employee Stock Purchase Plan, or the 2000 Purchase Plan, to increase the number of shares of common stock reserved for issuance under the 2000 Purchase Plan by 5,000,000 shares and make certain other change as described in Proposal 3; and
• Advisory approval of the compensation of our named executive officers, as disclosed in this Proxy Statement.

How do I vote?

Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you have four ways to vote.

In person. To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive. You must bring valid photo identification such as a driver’s license or passport and may be asked to provide proof of stock ownership, such as your account statement, as of the Record Date, March 31, 2016.

Via the Internet. To vote on the Internet, go to www.investorvote.com/EXEL and follow the instructions provided in the Notice of Availability. Your vote must be received by 11:59 p.m., Eastern Time, on May 24, 2016, to be counted.

By Telephone. To vote by telephone, request a paper or email copy of the proxy materials by following the instructions provided in the Notice of Availability and call the number provided with the proxy materials to transmit your voting instructions. Your vote must be received by 11:59 p.m. Eastern Time, on May 24, 2016, to be counted.

By Mail. To vote by mail, request a paper copy of the proxy materials by following the instructions provided in the Notice of Availability and complete, sign and date the proxy card enclosed with the paper copy of the proxy materials and return it promptly in the envelope that will be provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker or Bank (i.e., “Street Name”)

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received the Notice of Availability containing voting instructions from that organization rather than from us. Simply follow these instructions for your bank, broker or other agent to vote your shares per your instructions. Alternatively, many brokers and banks provide the means to grant proxies to vote shares by telephone and via the Internet. If your shares are held in an account with a broker or bank providing such a service, you may grant a proxy to vote those shares by telephone or over the Internet as instructed by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from

your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of the Record Date, March 31, 2016.

How are proxies voted?

All shares represented by valid proxies received prior to the taking of the vote at the Annual Meeting will be voted and, where a stockholder specifies by means of a proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions.

What if I return a proxy card but do not make specific choices?

If you are a stockholder of record and you return a signed and dated proxy card without marking any voting selections, your shares will be voted on the proposals as follows:

•“For” the election of Mr. Feldbaum and Drs. Garber and Marchesi as described in Proposal 1;

•“For” the ratification of our selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 30, 2016 as described in Proposal 2;

•“For” the amendment and restatement of the Exelixis, Inc. 2000 Employee Stock Purchase Plan, or 2000 Purchase Plan, to increase the number of shares of common stock reserved for issuance under the 2000 Purchase Plan by 5,000,000 shares and make certain other changes as described in Proposal 3; and

•“For” the advisory approval of the compensation of our named executive officers as described in Proposal 4.

If any other matter is properly presented at the Annual Meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote on “routine” matters but cannot vote on “non-routine” matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.” Proposal 2 constitutes a “routine” management proposal, and thus, if you do not give your broker or nominee specific instructions, your broker or nominee will nevertheless have the authority to vote your shares with respect to this proposal, but will not have the authority to vote your shares with respect to Proposals 1, 3 or 4, which constitute “non-routine” proposals.

Who is paying for this proxy solicitation?

We will bear the entire cost of soliciting proxies, including the preparation, printing and mailing of the Notice of Availability, the Notice of Annual Meeting, the Proxy Statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of our common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of our common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by our directors, officers or other regular employees. No additional compensation will be paid to directors, officers or other regular employees for such services.

What does it mean if I receive more than one Notice of Availability or proxy card?

If you receive more than one Notice of Availability or proxy card, your shares are registered in more than one name or are registered in different accounts. Please follow the instructions on each Notice of Availability or proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. You may revoke your proxy in the following ways:

Stockholder of Record: Shares Registered in Your Name

Your proxy may be revoked by filing with the Secretary of Exelixis at our principal executive office, Exelixis, Inc., 210 East Grand Avenue, South San Francisco, California 94080, either (1) a written notice of revocation or (2) a duly executed proxy card bearing a later date.

Your proxy may also be revoked by granting a subsequent proxy by telephone or on the Internet (your latest telephone or Internet proxy is the one that is counted).

Your proxy may also be revoked by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke your proxy.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as nominee or agent, you should follow the instructions provided by your broker or bank to revoke any prior voting instructions.

What is the quorum requirement for the Annual Meeting?

A majority of the shares entitled to vote at the Annual Meeting must be present at the Annual Meeting, either in person or by proxy, in order to hold a valid meeting. This is called a "quorum."

If you are a stockholder of record, your shares will be counted towards the quorum only if you vote in person at the meeting or have properly voted by proxy on the Internet, by telephone or by submitting a proxy card. You may vote "For," "Against" or "Abstain" for each proposal. Abstentions will be counted towards the number of shares considered to be present at the meeting for purposes of determining whether a quorum is present.

If you are a beneficial owner holding your shares in "street name" then only the broker or bank can vote your shares unless you obtain a valid proxy from the broker or bank. See "What if I return a proxy card but do not make specific choices?" above. Shares represented by "broker non-votes" will be counted in determining whether there is a quorum present. Votes will be counted by the inspector of election appointed for the Annual Meeting. If there is no quorum, either the chairman of the Annual Meeting or the holders of a majority of shares present at the Annual Meeting in person or represented by proxy may adjourn the Annual Meeting to another date.

How many votes are needed to approve each proposal and how are votes counted?

Proposal 1-Election of Directors: Directors in an uncontested election, such as this one, are elected by majority vote. Each of the three Class II nominees must receive "For" votes from the holders of a majority of shares cast with respect to such director (i.e., the number of shares voted "For" a director must exceed the number of shares voted "Against" that director). Abstentions and broker non-votes, if any, are not counted for purposes of electing directors and will have no effect on the results of this vote.

Proposal 2-Ratification of Ernst & Young LLP: The affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 30, 2016. Abstentions will have the effect of votes against this proposal. Brokers generally have discretionary authority to vote on the ratification of our independent accounting firm; thus we do not expect any broker non-votes on this proposal. To the extent there are any broker non-votes, they will have no effect on the results of this vote.

Proposal 3-Amendment and Restatement of the 2000 Purchase Plan: The affirmative vote of a majority of shares present in person or by represented proxy at the Annual Meeting and entitled to vote on the proposal is required to approve the amendment and restatement of the 2000 Purchase Plan. Abstentions will be counted toward the tabulation of votes cast on the proposal and will have the same effect as votes against this proposal. Broker non-votes will have no effect and will not be counted towards the vote total.

Proposal 4-Advisory Vote on Executive Compensation: The affirmative vote of a majority of shares present in person or by represented proxy at the Annual Meeting and entitled to vote on the proposal is required to approve the non-binding, advisory vote on executive compensation. Abstentions will be counted toward the tabulation of votes cast on the proposal and will have the same effect as votes against this proposal. Broker non-votes will have no effect and will not be counted towards the vote total. Since the vote is advisory, it is not binding on the Board or on us.

Nevertheless, the views expressed by our stockholders, whether through this vote or otherwise, are

4

important to management and the Board and, accordingly, the Compensation Committee and Board intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements. Your vote will serve as an additional tool to guide the Compensation Committee and Board in continuing to improve the alignment of our executive compensation programs with business objectives and performance and with the interests of our stockholders.

Do I have dissenters' rights?

No. We are organized as a corporation under Delaware law. Under the Delaware General Corporation Law, our stockholders are not entitled to dissenters' rights with respect to any of the proposals set forth in this Proxy Statement and we will not independently provide the stockholders with any such rights.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

Will other matters be voted on at the Annual Meeting?

We are not aware of any matters to be presented at the Annual Meeting other than those described in this Proxy Statement. If any other matters not described in the Proxy Statement are properly presented at the meeting, proxies will be voted in accordance with the best judgment of the proxyholders.

What proxy materials are available on the Internet?

This Proxy Statement and our 2015 Annual Report are available at www.exel-annualstockholdermeeting.com.

What is the deadline for submitting stockholder proposals for the 2017 Annual Meeting?

To be considered for inclusion in the 2017 proxy materials, your proposal must be submitted in writing by December 14, 2016, to Exelixis' Secretary at Exelixis, Inc., 210 East Grand Avenue, South San Francisco, California 94080, and you must comply with all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended. However, if our 2017 Annual Meeting of Stockholders is held before April 25, 2017, or after June 24, 2017, then the deadline will be a reasonable time prior to the time that we make our proxy materials available to our stockholders, either online or in printed form.

If you wish to submit a proposal or nominate a director at the 2017 Annual Meeting of Stockholders, but you are not requesting that your proposal or nomination be included in next year's proxy materials, you must submit your proposal in writing, in the manner set forth in our Bylaws, to Exelixis' Secretary at Exelixis, Inc., 210 East Grand Avenue, South San Francisco, California 94080, to be received no earlier than the close of business February 24, 2017, and no later than the close of business on March 26, 2017. However, if our 2017 Annual Meeting of Stockholders is held before April 25, 2017, or after June 24, 2017, then you must notify Exelixis' Secretary, in writing, not earlier than the close of business on the 90th day prior to the date of the 2017 Annual Meeting of Stockholders and not later than the close of business on the later of (i) the 60th day prior to the date of the 2017 Annual Meeting of Stockholders or (ii) if we publicly announce the date of the 2017 Annual Meeting of Stockholders fewer than 70 days prior to the date of the 2017 Annual Meeting of Stockholders, the 10th day following the day that we first make such public announcement of the date of the 2017 Annual Meeting of Stockholders. We also advise you to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. The chairperson of the 2017 Annual Meeting of Stockholders may determine, if the facts warrant, that a matter has not been properly brought before the meeting and, therefore, may not be considered at the meeting. In addition, if you do not also comply with the requirements of Rule 14a-4(c)(1) promulgated under the Securities Exchange Act of 1934, as amended, our management will have discretionary authority to vote all shares for which it has proxies for any such stockholder proposal or director nomination, including in opposition to such stockholder proposal or director nomination.

How may I obtain a printed copy of the Proxy Materials?

Instructions on how to obtain a printed copy of the proxy materials are set forth in the Notice of Availability.

Where can I obtain directions to the Annual Meeting?

Directions to our Annual Meeting may be found on our website at: www.exelixis.com/about/locations-and-directions.

PROPOSAL 1

ELECTION OF CLASS II DIRECTORS

Our Certificate of Incorporation and Bylaws provide that the Board is divided into three classes, with each class having a three-year term. As of the date of this Proxy Statement, the Board has ten members -- three Class I directors, three Class II directors and four Class III directors. The term of office for each of the three directors in Class II will expire at the Annual Meeting. Each of the director nominees set forth in this Proxy Statement is currently a director of Exelixis who was previously elected by the stockholders. If elected at the Annual Meeting, each of these nominees would serve until the 2019 Annual Meeting and until his successor is elected and has qualified, or, if sooner, until the director's death, resignation or removal.

As this is an uncontested election, directors will be elected by a majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of such substitute nominee as the Nominating and Corporate Governance Committee of the Board may propose. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve.

All director nominees set forth in this Proxy Statement have tendered an irrevocable resignation as a director conditioned upon (i) such director failing to receive a majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting, and (ii) acceptance by the Board of such resignation. If a director nominee who is serving as a director at the time of the election does not receive a majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting, the Nominating and Corporate Governance Committee will act to determine whether to accept the director's conditional resignation and will submit such recommendation for prompt consideration by the Board. The Board will act on the Nominating and Corporate Governance Committee's recommendation within ninety days following certification of the stockholder vote. In making their decision, the Nominating and Corporate Governance Committee will evaluate the best interests of Exelixis and its stockholders and shall consider all factors and information deemed relevant. The director who tenders his conditional resignation shall not participate in the Nominating and Corporate Governance Committee's recommendation or Board action regarding whether to accept the conditional resignation of such director. If the Board determines not to accept the conditional resignation of a director, the Board will promptly disclose its decision-making process and decision to reject the conditional resignation in a Form 8-K furnished to the Securities and Exchange Commission, or the SEC.

Set forth below is biographical information for each person nominated and each person whose term of office as a director will continue after the Annual Meeting. Incorporated within each biography is a description of the specific experience, qualifications, attributes and skills of each director or director nominee that led our Board to conclude that the individual should serve as a director as of the date of this Proxy Statement.

Class II Director Nominees for Election for a Three-Year Term Expiring at the 2019 Annual Meeting

Carl B. Feldbaum, Esq., age 72, has been a director since February 2007. Mr. Feldbaum serves as a member of the board of directors of BIO Ventures for Global Health, a non-profit organization, and is president emeritus of the Biotechnology Industry Organization (BIO), which represents more than 1,000 biotechnology companies, academic institutions and state biotechnology centers internationally. Mr. Feldbaum holds an A.B. in Biology from Princeton University and a J.D. from the University of Pennsylvania Law School. Our Board has concluded that Mr. Feldbaum should continue to serve as a director of Exelixis as of the date of this Proxy Statement due to his training as an attorney, his knowledge and experience with respect to the biotechnology, pharmaceutical and healthcare industries, his broad leadership experience resulting from service on various boards and as an executive officer and his knowledge and experience

with policymaking, regulatory issues and other governmental matters.

Alan M. Garber, M.D., Ph.D., age 60, has been a director since January 2005. Dr. Garber previously served on the editorial board of acclaimed scientific journals and has received numerous awards and honors. Dr. Garber holds an A.B. summa cum laude, an A.M. and a Ph.D., all in Economics, from Harvard University, and an M.D. with research honors from Stanford University. Our Board has concluded that Dr. Garber should continue to serve as a director of Exelixis as of the date of this Proxy Statement due to his training as a physician and economist, his knowledge and experience with respect to the life sciences, healthcare and pharmaceutical industries, and his knowledge and experience with policymaking, regulatory issues and other governmental matters.

Corporate Governance

Corporate Governance Guidelines

We have adopted written corporate governance guidelines, which may be viewed at www.exelixis.com under the caption "Investors & Media-Corporate Governance." This document includes guidelines for determining director independence and qualifications for directors. Our Board regularly reviews, and modifies from time to time, our corporate governance guidelines, Board committee charters and Board practices. Please note that information found on, or accessible through, our website is not a part of, and is not incorporated into, this Proxy Statement.

Code of Conduct and Ethics

We have adopted a Code of Conduct and Ethics that applies to all directors, officers and employees, including the principal executive officer, principal financial officer and principal accounting officer. The Code of Conduct and Ethics is posted on our website at www.exelixis.com under the caption “Investors & Media-Corporate Governance.” We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of this Code of Conduct and Ethics by posting such information on our website, at the address and location specified above and, to the extent required by the listing standards of the NASDAQ Stock Market, by filing a Current Report on Form 8-K with the SEC, disclosing such information.

Director Independence

We have adopted standards for director independence pursuant to NASDAQ listing standards, which require that a majority of the members of a listed company’s board of directors qualify as “independent,” as affirmatively determined by the

board of directors. An “independent director” means a person other than an officer or employee of Exelixis or one of our subsidiaries, or another individual having a relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and Exelixis, its senior management and its independent registered public accounting firm, the Board has affirmatively determined that Drs. Cohen, Garber, Marchesi, Papadopoulos, Poste, Scangos and Willsey and Messrs. Wyszomierski and Feldbaum, who are nine of the ten members of the Board, represent a majority of the Board and are independent. In making this determination, the Board considered Dr. Cohen’s less than 10% ownership interest in Akarna Therapeutics, Ltd., or Akarna. In 2015, Exelixis entered into an asset purchase agreement pursuant to which Akarna acquired certain assets, technologies and intellectual property relating to one of Exelixis’ terminated programs. After review of this relationship, the Board found that Dr. Cohen did not have a material or other disqualifying relationship with Exelixis. Dr. Morrissey, our President and Chief Executive Officer, is not independent by virtue of his employment with Exelixis. In addition, the Board has also determined that: (i) all directors who serve on the Audit, Compensation and Nominating and Corporate Governance Committees are independent under applicable NASDAQ listing standards; and (ii) all members of the Audit Committee meet the independence requirements under the Securities Exchange Act of 1934, as amended.

Board Leadership Structure

The Board does not have a formal policy on whether the role of chairman and chief executive officer should be separate or combined. Our corporate governance guidelines provide that the Board will select its chairman and the chief executive officer in the manner it considers to be in the best interests of our company and those of our stockholders. Currently, we have an independent chairman of the board separate from the chief executive officer. The Board believes this bifurcated structure provides for sufficient independent oversight of management and strong Board leadership, while allowing for the effective management of company affairs. The Board believes that if the positions of chairman and chief executive officer are combined, the appointment of a lead independent director would be necessary for effective governance. Accordingly, our corporate governance guidelines provide that if the roles are combined, the independent directors of the Board must appoint a lead independent director. Our corporate governance guidelines further provide that the lead independent director would: (i) preside at all meetings of the Board at which the chairman is not present, including executive sessions of the independent directors; (ii) have the authority to call meetings of the independent directors; (iii) serve as the principal liaison on Board-wide issues between the independent directors and the chairman; and (iv) have such other authority and duties as the Board may from time to time determine. The Board believes that this flexible approach provides it with the ability to establish a leadership structure, based upon its judgment that is in the best interests of our company and those of our stockholders at any given time.

Role of the Board in Risk Oversight

Management is responsible for identifying the various risks facing our company, including, without limitation, strategic, operational, financial and regulatory risks that may exist from time to time. Management is also charged with the responsibility of implementing appropriate risk management policies and procedures and managing our risk exposure on a day-to-day basis. While we do not have a formal risk oversight policy, the Board, as a whole and through its various committees, conducts the risk oversight function for our company. In its risk oversight role, the Board evaluates whether management has reasonable controls in place to address material risks currently facing our company and those we may face in the future. The Board and its committees meet at regularly scheduled and special meetings throughout the year at which they are presented with information regarding risks facing the company. Also, the Board is presented with frequent business updates during monthly teleconferences among our Board and senior management. Following consideration of the information provided by management, the Board provides feedback, makes recommendations and, as needed, issues directives to management to address our risk exposure.

Prohibitions on Derivative, Hedging, Monetization and Other Transactions

We maintain an insider trading policy that applies to directors and employees, including our executive officers, which prohibits certain transactions in our stock, including short sales, puts, calls or other transactions involving derivative securities, hedging or monetization transactions, purchases of Exelixis securities on margin or borrowing against an

account in which Exelixis securities are held, or pledging Exelixis stock as collateral for a loan.

Stockholder Communications with the Board

Security holders may send communications to the Board by mail at 210 East Grand Avenue, South San Francisco, California 94080, by facsimile at (650) 837-7951 or by e-mail at info@exelixis.com, each of the foregoing sent "Attn: Board of Directors."

Board Committees and Meetings

The Board held six meetings during 2015 and all of our directors attended at least 75% of the total meetings of the Board and of the committees on which they served. The independent directors met four times in regularly scheduled executive sessions.

During 2015, the Board had four standing committees: an Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Research and Development Committee. Committee membership in 2015 was as follows:

Audit Committee

The Audit Committee of the Board oversees our corporate accounting and financial reporting process, ensures the integrity of our financial statements and has been designated as the Qualified Legal Compliance Committee within the meaning of Rule 205.2(k) of Title 17, Chapter II of the Code of Federal Regulations. The Audit Committee performs several functions, such as evaluating the performance of, and assessing the qualifications of, the independent registered public accounting firm; determining whether to retain or terminate the existing independent registered public accounting firm or to appoint and engage a new independent registered public accounting firm; reviewing and approving the engagement of the independent registered public accounting firm to perform any proposed permissible services and appropriate compensation thereof; reviewing, providing oversight of, and approving related party transactions; establishing procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by Exelixis regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; reviewing the financial statements to be included in our Annual Report on Form 10-K; discussing with management and the independent registered public accounting firm the results of the annual audit and the results of our quarterly financial statement reviews; and resolving any disagreements between the independent registered public accounting firm and management. The Audit Committee also has the specific responsibilities and authority necessary to comply with the listing standards of the NASDAQ Stock Market applicable to audit committees.

The Board has determined that Mr. Wyszomierski is an “audit committee financial expert” as defined in applicable SEC rules.

The Audit Committee’s report is set forth in “Report of the Audit Committee” below. The Audit Committee has a written charter, which is available on our website at www.exelixis.com under the caption “Investors & Media-Corporate Governance.”

Compensation Committee

The purpose of the Compensation Committee is to: oversee our compensation policies, plans and programs; review and determine the compensation to be paid to officers and directors; work with management to address any conflict of interest with any compensation adviser engaged by management or the Compensation Committee; review with management our Compensation Discussion and Analysis, and to consider whether to recommend that it be included in

our proxy statements and other filings; and prepare and review the Compensation Committee's report included in our annual proxy statement or Annual Report on Form 10-K, as applicable, in accordance with applicable rules and regulations of the SEC. The Compensation Committee reviews and recommends to the Board the compensation and benefits of all officers, establishes and reviews general policies relating to compensation and benefits of employees, including executive officers, and performs such other functions

regarding compensation as the Board may delegate. The Compensation Committee also administers the issuance of stock options and other awards under our stock plans.

The Compensation Committee's report is set forth in "Compensation Committee Report" below. Information on the Compensation Committee's processes and procedures for consideration of executive compensation are addressed in "Compensation Discussion and Analysis" below. For information regarding our processes and procedures for the consideration and determination of director compensation, please see "Compensation of Directors" below. The Compensation Committee has a written charter, which is available on our website at www.exelixis.com under the caption "Investors & Media -Corporate Governance."

Compensation Consultants. Management retained Radford, a compensation consulting firm serving technology and life sciences companies, as its external compensation consultant to assist with executive and non-employee director compensation. Management retained Radford principally to provide benchmark and industry compensation data for our senior management. For more detailed information regarding the services provided by Radford, please see "Compensation of Directors" and "Compensation Discussion and Analysis" below. In March 2015, the Compensation Committee assessed the independence of Radford pursuant to SEC rules and concluded that the engagement of Radford did not raise any conflicts of interest that would prevent Radford from serving as an independent consultant to management during 2015. The Compensation Committee performed a similar assessment of Radford in March 2016 and concluded that the engagement of Radford did not raise any conflicts of interest that would prevent Radford from continuing to serve as an independent consultant to management during 2016. In connection with each assessment, Radford provided a certification to the Compensation Committee regarding its independence and provision of services. Radford is an Aon Hewitt company and an affiliate of Aon plc which has provided insurance brokerage services to Exelixis since 2012. Aggregate fees paid to Aon Hewitt and its affiliates for 2015 did not exceed \$120,000.

Nominating and Corporate Governance Committee

The purpose of the Nominating and Corporate Governance Committee is to: oversee all aspects of our corporate governance functions on behalf of the Board; make recommendations to the Board regarding corporate governance issues; identify, review and evaluate candidates to serve as directors; serve as a focal point for communication between such candidates, non-committee directors and management; recommend such candidates to the Board and make such other recommendations to the Board regarding affairs relating to the directors; and develop a set of corporate governance principles for Exelixis. The Nominating and Corporate Governance Committee also oversees our healthcare compliance programs created to prevent fraud and abuse in federal healthcare programs and non-compliance with applicable healthcare laws. The Nominating and Corporate Governance Committee has a written charter, which is available on our website at www.exelixis.com under the caption "Investors & Media-Corporate Governance."

Director Qualifications; Diversity. Because we are a biopharmaceutical company with rapidly evolving and expanding clinical and commercial programs, the Board does not believe that it is appropriate to adopt, and the Nominating and Corporate Governance Committee has not adopted, a formal policy with respect to a fixed set of minimum qualifications for its candidates for membership on the Board. Instead, in considering candidates for directorship, the Nominating and Corporate Governance Committee will generally consider all relevant factors, including the candidate's applicable expertise and demonstrated excellence in his or her field, the usefulness of such expertise to us, the availability of the candidate to devote sufficient time and attention to the affairs of Exelixis, the existence of any relationship that would interfere with the exercise of the candidate's independent judgment, and the candidate's demonstrated character and judgment. In the review process, the Nominating and Corporate Governance Committee evaluates prospective candidates for directorship in the context of the existing membership of the Board (including the qualities and skills of the existing directors), our operating requirements and the long-term interests of our stockholders. The Board does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but the Nominating and Corporate Governance Committee believes that the factors considered above enable it to identify director candidates that possess a wide range of backgrounds, industry knowledge, skills and experiences.

Director Nominations. The Nominating and Corporate Governance Committee considers and assesses all candidates recommended by our directors, officers and stockholders. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. If, after its review, the Nominating and Corporate Governance Committee supports a candidate, it would recommend the candidate for consideration by the full Board. The Nominating and Corporate Governance Committee considers stockholder recommendations for directors using the same criteria as potential nominees recommended by the members of the Nominating and Corporate Governance Committee or others. The Nominating and Corporate Governance Committee has not received any recommended nominations from any stockholder holding 5% or more of our common stock in connection with the 2015 Annual Meeting.

The Nominating and Corporate Governance Committee is authorized to access external resources as it deems necessary or appropriate to fulfill its defined responsibilities, including engagement of executive search firms to help identify director

candidates. In February 2016, the Nominating and Corporate Governance Committee engaged an executive search firm to assist the committee in identifying and recruiting potential candidates for membership on the Board. Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board may do so by delivering a written recommendation to the Nominating and Corporate Governance Committee within the timeframe specified in our Bylaws that is applicable to matters to be brought before an Annual Meeting of Stockholders as set forth under “Questions and Answers About These Proxy Materials and Voting” above. Such communications should be sent to the following address: Exelixis, Inc., 210 East Grand Ave., South San Francisco, California 94080, Attn: Nominating and Corporate Governance Committee of the Board. Submissions must include the full name of the proposed nominee, a description of the proposed nominee’s business experience for at least the previous five years, complete biographical information, a description of the proposed nominee’s qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director, if elected.

Research and Development Committee

The Research and Development Committee, which was established in January 2006, is responsible for advising Exelixis and the Board on matters of scientific importance as the Board, in consultation with management, may designate from time to time.

Annual Meeting; Attendance

The Board does not have a formal policy with respect to the attendance of its members at Annual Meetings of Stockholders. Dr. Morrissey was the only member of the Board in attendance at the 2015 Annual Meeting of Stockholders.

COMPENSATION OF DIRECTORS

The compensation program for our non-employee directors is intended to be competitive and fair so that we can attract optimal talent to our Board and recognize the time and effort required of a director given the size and complexity of our operations. In accordance with its charter, our Compensation Committee is responsible for recommending to the Board for approval the annual compensation for our non-employee directors and acts on behalf of the Board in discharging the Board’s responsibilities with respect to overseeing our compensation policies with respect to non-employee directors.

Compensation Arrangements; Cash and Restricted Stock Units (RSUs) in Lieu of Cash

Historically, each non-employee director has received an annual cash retainer and fees for Board meeting attendance. In addition, chairs of our Board committees have received additional annual retainers and fees for attendance at their respective Committee meetings. However, in the wake of the company’s September 2014 restructuring, the non-employee Board members determined that, in support of the company’s cash conservation measures, they would forego the cash component of their compensation, and instead, be paid that component in the form of equity for services rendered from the fourth quarter of 2014 through the end of 2015. The Board delegated authority to the Compensation Committee to research, develop, discuss and approve the design and terms of the new equity component.

The Compensation Committee reviewed several alternatives, including the grant of restricted stock units, or RSUs, in lieu of cash compensation, and determined that RSUs were the appropriate instrument to replace the director’s cash compensation. (An RSU award is the right to receive an amount of shares, or cash or any combination thereof equal to the fair market value of the shares covered by the RSU on the vesting date.) The Compensation Committee then reviewed each non-employee director’s projected cash compensation for the fourth quarter of 2014 through the end of 2015, taking into account the number of regularly scheduled board and committee meetings anticipated during that period and the retainer payable in accordance with the Compensation Arrangements for Non-Employee Directors for Fiscal 2014 (as set forth in the table below), and used the closing price of the company’s common stock on September 30, 2014, of \$1.53 to determine the number of RSUs to be granted to each non-employee director.

In determining the level of cash compensation for non-employee directors for 2014, the Compensation Committee considered information provided by Radford, a compensation consultant retained by Exelixis to compile industry compensation data. The Compensation Committee, and then the full Board, reviewed, considered and discussed those materials and concluded that 2014 compensation should be targeted with respect to the peer group approved by the Board for compensation purposes at a level approximately the same (and not to exceed) that of the 2014 peer group approved by the Board for cash and equity compensation for the company's executive officers. The Board then established a special committee comprising Dr. Cohen to undertake a further review of, and make a final determination on behalf of the Board with respect to, 2014 non-employee director cash compensation. The special committee determined that the Board retainer payable to each non-employee director would increase from \$20,000 in 2013 to \$25,000 in 2014 (as set forth in the table below). For additional information

on our 2014 peer group, please see "Compensation of Executive Officers" included in our Proxy Statement filed with the SEC on April 16, 2015.

The following table sets forth the number of RSUs granted to each non-employee director (in lieu of cash compensation for the fourth quarter of 2014 through the end of 2015) who was serving on the Board and its committees on October 14, 2014, the date of grant:

Name	Restricted Stock Units Granted in Lieu of Cash Compensation (Sh)
Charles Cohen, Ph.D.	63,725
Carl B. Feldbaum, Esq.	40,033
Alan M. Garber, M.D., Ph.D.	48,611
Vincent T. Marchesi, M.D., Ph.D.	61,683
Stelios Papadopoulos, Ph.D.	69,444
George Poste, D.V.M., Ph.D., FRS	63,725
George A. Scangos, Ph.D.	29,412
Lance Willsey, M.D.	61,275
Jack L. Wyszomierski	55,964

The RSUs were granted under the 2014 Equity Incentive Plan, or 2014 Equity Plan, pursuant to the Non-Employee Director Equity Compensation Policy, or Directors' Policy, described below and vested as to one-fifth of the shares on each of January 2, 2015, April 3, 2015, October 2, 2015 and January 1, 2016.

In December 2015, the Compensation Committee met to discuss non-employee director cash compensation for 2016. Following a review of the compensation arrangement covering the period beginning with the fourth quarter of 2014 through the end of 2015 and with a primary motivation of cash preservation, the Compensation Committee recommended to the Board the continuation of a compensation program that provided for the issuance of RSUs in lieu of cash compensation for non-employee directors. The Board then reviewed the Compensation Committee's recommendation and determined that, in support of the company's cash conservation measures, they would continue to

forgo the cash component of their compensation, and instead,

14

be paid that component in the form of RSUs for services rendered for 2016. The Board delegated authority to the Compensation Committee to determine the amount of RSUs to be granted to each non-employee director. The Compensation Committee then reviewed each non-employee director's projected cash compensation for 2016, taking into account the number of regularly scheduled board and committee meetings anticipated during that period and the retainer payable in accordance with the Compensation Arrangements for Non-Employee Directors for Fiscal 2014 (as set forth in the table above). Given the company's financial position and cash conservation efforts, the Compensation Committee determined that it was appropriate to utilize the established compensation arrangements for non-employee directors for 2014 and 2015 in making its non-employee director compensation decisions for 2016. The Compensation Committee then used the closing price of the company's common stock on December 31, 2015, of \$5.64 to determine the number of RSUs to be granted to each non-employee director. The following table sets forth the number of RSUs granted to each non-employee director (in lieu of cash compensation for 2016) who was serving on the Board and its committees on January 4, 2016, the date of grant:

Name	Restricted Stock Units Granted in Lieu of Cash Compensation (Sh)
Charles Cohen, Ph.D.	13,830
Carl B. Feldbaum, Esq.	8,688
Alan M. Garber, M.D., Ph.D.	10,550
Vincent T. Marchesi, M.D., Ph.D.	13,387
Stelios Papadopoulos, Ph.D.	15,071
George Poste, D.V.M., Ph.D., FRS	13,830
George A. Scangos, Ph.D.	6,383
Lance Willsey, M.D.	13,298
Jack L. Wyszomierski	12,146

The RSUs were granted under the 2014 Equity Plan pursuant to the Directors' Policy and will vest as to one-fourth of the shares on each of April 1, 2016, July 1, 2016, September 30, 2016 and December 30, 2016, subject to the non-employee director's continuous service through those dates.

Additional Equity Compensation Arrangements

Our non-employee directors are also eligible to receive stock options as part of their Board service. Grants to our non-employee directors are made under the 2014 Equity Plan pursuant to the Directors' Policy, as adopted by the Board. The Directors' Policy became effective on the date of the 2014 Annual Meeting of Stockholders and provides for the automatic grant of options to purchase shares of common stock to non-employee directors. Under the terms of the Directors' Policy, non-employee directors are eligible to receive a one-time initial option to purchase 65,000 shares of common stock when they first join the Board and an annual option to purchase 40,000 shares of common stock on the day following each Annual Meeting of Stockholders.

Options granted under the 2014 Equity Plan in accordance with the Directors' Policy are not incentive stock options under the Internal Revenue Code of 1986, as amended, or the Code. The exercise price of automatic grants of stock options under the 2014 Equity Plan is equal to 100% of the fair market value of a share of common stock on the grant date. Under the terms of the Directors' Policy, the initial options to purchase 65,000 shares are immediately exercisable but will vest at the rate of 25% of the shares on the first anniversary of the grant date and monthly thereafter over the next three years. The annual grants are exercisable immediately but will vest monthly over a one-year period. As long as the option holder continues to serve with us or with an affiliate of us, the option will continue to vest and be exercisable during its term. When the option holder's service terminates, we will have the right to repurchase any unvested shares acquired upon exercise of the option at the original exercise price without interest. The post-termination exercise period for the vested portion of the options granted to our non-employee directors is generally set to terminate the earlier of three years after a non-employee director's service terminates or the remainder of the term of the option. The options granted pursuant to the Directors' Policy have a term that does not exceed seven years.

On May 28, 2015, the day after our 2014 Annual Meeting of Stockholders, we granted an annual option to purchase 40,000 shares of common stock to each of our non-employee directors, or the Annual Options. The Annual Options were granted at an exercise price per share of \$3.13, which was equal to the fair market value of our common stock on the date of grant (based on the last reported sale price as quoted on the NASDAQ Global Select Market on the last trading day prior to the day of grant).

Reimbursement of Expenses

The members of the Board are eligible for reimbursement of certain expenses incurred in connection with their attendance of Board meetings and their service on the Board in accordance with our policy.

There were no RSU awards granted to non-employee directors during fiscal 2015. On October 14, 2014, each non-employee director was granted an RSU that vested with respect to 1/5 of the shares at the end of the fourth quarter of fiscal 2014, and 1/5 of the shares at the end of each fiscal quarter of fiscal 2015. The RSU award was granted in lieu of cash fees that would otherwise have been paid for Board service for those five quarters. Amounts shown in this column reflect the aggregate grant date fair value for the portion of the RSU award granted in fiscal 2014 that relates to services provided during fiscal 2015, as computed in accordance with Financial Accounting Standards Board Accounting Standards, or FASB, Codification Topic 718, or ASC 718. The aggregate grant date fair value for the total RSU award granted to each non-employee director in fiscal 2014 is as follows: Dr. Cohen - (1) \$96,862; Mr. Feldbaum - \$60,850; Dr. Garber - \$73,889; Dr. Marchesi - \$93,758; Dr. Papadopoulos - \$105,555; Dr. Poste - \$96,862; Dr. Scangos - \$44,706; Dr. Willsey - \$93,138; and Mr. Wyszomierski - \$85,065. The assumptions used to calculate the value of RSUs are set forth in Note 10 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 1, 2016, filed with the SEC on February 29, 2016. See “Compensation Arrangements; Cash and Restricted Stock Units (RSUs) in Lieu of Cash” above for a description of the RSU awards made to non-employee directors on October 14, 2014. The aggregate grant date fair value for the portion of the RSU award granted in fiscal 2014 that relates to services provided during fiscal 2014 was reported in last year's proxy statement.

There were no RSUs held by any non-employee director as of January 1, 2016.

Amounts shown in this column do not reflect compensation actually received or amounts that may be realized in the future by the non-employee directors. Amounts shown in this column reflect the aggregate grant date fair value for the option awards granted in fiscal 2015 as computed in accordance with FASB ASC 718. The assumptions used to calculate the value of option awards are set forth in Note 10 of the Notes to Consolidated Financial (2) Statements included in our Annual Report on Form 10-K for the fiscal year ended January 1, 2016, filed with the SEC on February 29, 2016. See “Additional Equity Compensation Arrangements” above for a description of the option grants made to non-employee directors on May 28, 2015. There can be no assurance that the options will ever be exercised (in which case no value will actually be realized by the director) or that the value on exercise of stock options will be equal to the grant date fair value shown in this column.

Only one stock option award was granted to each non-employee director during fiscal 2015 and, accordingly, the grant date fair value of that stock option is reflected in the table. The aggregate number of shares subject to all stock options

held by each of our current non-employee directors as of January 1, 2016, is as follows: Dr. Cohen - 316,646; Mr. Feldbaum - 259,796; Dr. Garber - 258,206; Dr. Marchesi - 281,254; Dr. Papadopoulos - 322,041; Dr. Poste - 260,912; Dr. Scangos - 886,684; Dr. Willsey - 307,392; and Mr. Wyszomierski - 263,653.

PROPOSAL 2**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board has selected Ernst & Young LLP as Exelixis' independent registered public accounting firm for the fiscal year ending December 30, 2016. The Board, on behalf of the Audit Committee, has further directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited our financial statements for each of the fifteen fiscal years in the period ended January 1, 2016. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as Exelixis' independent registered public accounting firm. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate governance. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of Exelixis and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as a vote against this proposal. Broker non-votes are counted towards a quorum, but will have no effect on the results of this vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 2.**Principal Accountant Fees and Services**

The aggregate fees billed by Ernst & Young LLP for the last two fiscal years for the services described below are as follows:

	Fiscal Year Ended	
	January 1, 2016	January 2, 2015
Audit Fees (1)	\$1,224,884	\$1,221,921
Audit-Related Fees (2)	25,000	80,000
Tax Fees	—	—
All Other Fees (3)	1,995	—
Total Fees	\$1,251,879	\$1,301,921

(1) "Audit fees" consist of fees billed for professional services rendered for the audit of our consolidated financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by Ernst & Young LLP in connection with statutory and regulatory filings and other engagements such as comfort letters, consents, and review of documents filed with the SEC.

(2) "Audit-related fees" consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under "Audit fees." During fiscal 2015 and 2014, these services included consultations relating to various transactions.

(3) "All other fees" consist of fees for products and services other than the services described above. During fiscal 2015, these fees related to an online subscription to an Ernst & Young, LLP database.

All fees described above were pre-approved by the Audit Committee. The Audit Committee has determined that the rendering of the services other than audit services by Ernst & Young LLP is compatible with maintaining the independence of the independent registered public accounting firm.

Pre-Approval of Services

During 2015 and 2014, the Audit Committee of the Board pre-approved the audit and non-audit services to be performed by Exelixis' independent registered public accounting firm, Ernst & Young LLP. Non-audit services are defined as services other than those provided in connection with an audit or a review of our financial statements. The Audit Committee pre-approves all audit and non-audit services rendered by Ernst & Young LLP. The Audit Committee generally pre-approves specified services in the defined categories of audit services, audit-related services, tax services and all other services up to

specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent registered public accounting firm or on an individual explicit case-by-case basis before the independent auditor is engaged to provide each service. The Audit Committee or its chairman, whom the Audit Committee has designated as a one-person subcommittee with pre-approval authority, pre-approved all audit fees, audit-related fees, tax fees and other fees in 2015 and 2014. Any pre-approvals by the subcommittee must be and were presented to the Audit Committee at its next scheduled meeting.

REPORT OF THE AUDIT COMMITTEE

The material in this report is not “soliciting material,” is not deemed “filed” with the Securities and Exchange Commission and is not deemed to be incorporated by reference in any filing of Exelixis under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

In connection with the audited consolidated financial statements for the fiscal year ended January 1, 2016, of Exelixis, Inc. (“Exelixis”), the Audit Committee of the Board of Directors of Exelixis has:

- (1) reviewed and discussed the audited financial statements for the fiscal year ended January 1, 2016, with management of Exelixis;
- (2) discussed with Ernst & Young LLP, Exelixis’ independent registered public accounting firm (“Ernst & Young”), the matters required to be discussed by Statement on Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board (“PCAOB”); and
- (3) received the written disclosures and the letter from Ernst & Young required by applicable requirements of the PCAOB regarding Ernst & Young’s communications with the Audit Committee concerning independence, and has discussed with Ernst & Young that accounting firm’s independence.

Based on the foregoing, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in Exelixis’ Annual Report on Form 10-K for the fiscal year ended January 1, 2016.

PROPOSAL 3

APPROVAL OF AN AMENDMENT AND RESTATEMENT OF THE EXELIXIS, INC. 2000 EMPLOYEE STOCK PURCHASE PLAN

We are asking our stockholders to approve an amendment and restatement of the Exelixis, Inc. 2000 Employee Stock Purchase Plan (the “2000 Purchase Plan”) at the Annual Meeting. We refer to such amendment and restatement of the 2000 Purchase Plan in this Proxy Statement as the “Amended 2000 Purchase Plan.” The Amended 2000 Purchase Plan was approved by the Compensation Committee on February 11, 2016, subject to approval by our stockholders.

The Amended 2000 Purchase Plan contains the following material changes from the 2000 Purchase Plan:

Subject to adjustment for certain changes in our capitalization, the maximum number of shares of our common stock that may be issued under the Amended 2000 Purchase Plan will be 13,650,000 shares, which is an increase of 5,000,000 shares over the maximum number of shares of our common stock that may be issued under the 2000 Purchase Plan.

The Amended 2000 Purchase Plan provides that the Board and the Compensation Committee will have the discretion to structure an offering so that if the fair market value of our common stock on any purchase date during an offering is less than or equal to the fair market value of our common stock on the first day of the offering, then (i) that offering will terminate immediately following the purchase of shares on such purchase date, and (ii) the participants in such terminated offering will be automatically enrolled in a new offering that begins immediately after such purchase date. The 2000 Purchase Plan does not include such a provision.

The Amended 2000 Purchase Plan provides that upon certain changes in our capitalization, the purchase price of outstanding purchase rights will be appropriately adjusted. The 2000 Purchase Plan does not include such a provision.

In the Amended 2000 Purchase Plan, the definition of “corporate transaction” has been revised to include the acquisition of beneficial ownership of our securities representing at least 50% of the combined voting power entitled to vote in the election of members of the Board.

Approval of the Amended 2000 Purchase Plan by our stockholders will allow us to continue to provide our employees with the opportunity to acquire an ownership interest in Exelixis through their participation in the Amended 2000 Purchase Plan, thereby encouraging them to remain in our service and more closely aligning their interests with those of our stockholders.

If this Proposal 3 is approved by our stockholders, an additional 5,000,000 shares of our common stock will be available for issuance under the Amended 2000 Purchase Plan. As of March 31, 2016, a total of 1,046,959 shares of our common stock were available for issuance under the 2000 Purchase Plan. We do not maintain any other employee stock purchase plans. As of March 31, 2016, a total of 228,654,405 shares of our common stock were outstanding.

If this Proposal 3 is approved by our stockholders, the Amended 2000 Purchase Plan will become effective as of the date of the Annual Meeting. In the event that our stockholders do not approve this Proposal 3, the Amended 2000 Purchase Plan will not become effective and the 2000 Purchase Plan will continue in its current form.

Summary of the Amended 2000 Purchase Plan

The material features of the Amended 2000 Purchase Plan are described below. The following description of the Amended 2000 Purchase Plan is a summary only and is qualified in its entirety by reference to the complete text of the

Amended 2000 Purchase Plan, which is attached to this Proxy Statement as Appendix A.

Purpose

The purpose of the Amended 2000 Purchase Plan is to provide a means by which our employees may be given an opportunity to purchase shares of our common stock, to assist us in retaining the services of our employees, to secure and retain the services of new employees and to provide incentives for such persons to exert maximum efforts for our success. The rights to purchase common stock granted under the Amended 2000 Purchase Plan are intended to qualify as options issued under an “employee stock purchase plan” as that term is defined in Section 423(b) of the Internal Revenue Code of 1986, as amended, or the Code.

Administration

The Board has the power to administer the Amended 2000 Purchase Plan and may also delegate administration of the Amended 2000 Purchase Plan to a committee composed of two or more members of the Board. The Board has delegated administration of the Amended 2000 Purchase Plan to the Compensation Committee, but may, at any time, revert in itself some or all of the powers previously delegated to the Compensation Committee. The Board and the Compensation Committee are each considered to be a Plan Administrator for purposes of this Proposal 3. The Plan Administrator has the final power to construe and interpret both the Amended 2000 Purchase Plan and the rights granted under it. The Plan Administrator has the power, subject to the provisions of the Amended 2000 Purchase Plan, to determine when and how rights to purchase our common stock will be granted, the provisions of each offering of such rights (which need not be identical), and whether employees of any of our parent or subsidiary companies will be eligible to participate in the Amended 2000 Purchase Plan.

Stock Subject to Amended 2000 Purchase Plan

Subject to adjustment for certain changes in our capitalization, the maximum number of shares of our common stock that may be issued under the Amended 2000 Purchase Plan will be 13,650,000 shares. If any rights granted under the Amended 2000 Purchase Plan terminate without being exercised in full, the shares of common stock not purchased under such rights will again become available for issuance under the Amended 2000 Purchase Plan. The shares of common stock issuable under the Amended 2000 Purchase Plan may be unissued shares or shares that have been bought on the open market.

Offerings

The Amended 2000 Purchase Plan will be implemented by offerings of rights to purchase our common stock to all eligible employees. The Plan Administrator will determine the duration of each offering period, provided that in no event may an offering period exceed 27 months. The Plan Administrator may establish separate offerings which vary in terms (although not inconsistent with the provisions of the Amended 2000 Purchase Plan or the requirements of applicable laws). Each offering period will have one or more purchase dates, as determined by the Plan Administrator prior to the commencement of the offering period. The Plan Administrator has the authority to alter the terms of an offering prior to the commencement of the offering period, including the duration of subsequent offering periods. When an eligible employee elects to join an offering period, he or she is granted a right to purchase shares of our common stock on each purchase date within the offering period. On the purchase date, all contributions collected from the participant are automatically applied to the purchase of our common stock, subject to certain limitations (which are described further below under “Eligibility”).

The Plan Administrator has the discretion to structure an offering so that if the fair market value of our common stock on any purchase date during an offering is less than or equal to the fair market value of our common stock on the first day of the offering, then (i) that offering will terminate immediately following the purchase of shares on such purchase date, and (ii) the participants in such terminated offering will be automatically enrolled in a new offering that begins immediately after such purchase date.

Eligibility

Any individual who is employed by us (or by any of our parent or subsidiary companies if such company is designated by the Plan Administrator as eligible to participate in the Amended 2000 Purchase Plan) may participate in offerings under the Amended 2000 Purchase Plan, provided such individual has been employed by us (or our parent or subsidiary, if applicable) for such continuous period preceding the first day of the offering period as the Plan

Administrator may require, but in no event may the required period of continuous employment be equal to or greater than two years. In addition, the Plan Administrator may provide that an employee will not be eligible to be granted purchase rights under the Amended 2000 Purchase Plan unless such employee is customarily employed for more than 20 hours per week and five months per calendar year. The Plan Administrator may also provide in any offering that certain of our employees who are “highly compensated” as defined in the Code are not eligible to participate in the Amended 2000 Purchase Plan.

No employee will be eligible to participate in the Amended 2000 Purchase Plan if, immediately after the grant of purchase rights, the employee would own, directly or indirectly, stock possessing 5% or more of the total combined voting power or value of all classes of our stock or of any of our parent or subsidiary companies, including any stock which such employee may purchase under all outstanding purchase rights and options. In addition, no employee may purchase more than \$25,000 worth of our common stock (determined based on the fair market value of the shares at the time such rights are granted) under all our employee stock purchase plans and any employee stock purchase plans of our parent or subsidiary companies for each calendar year during which such rights are outstanding.

As of March 31, 2016, all of our approximately 229 employees will be eligible to participate in the Amended 2000 Purchase Plan.

Participation in the Amended 2000 Purchase Plan

An eligible employee may enroll in the Amended 2000 Purchase Plan by delivering to us, prior to the date selected by the Plan Administrator as the beginning of an offering period, an agreement authorizing contributions which may not exceed either 15% of such employee's earnings during the offering period or the maximum dollar amount designated by the Plan Administrator for the offering period. Each participant will be granted a separate purchase right for each offering in which he or she participates. Unless an employee's participation is discontinued, his or her purchase right will be exercised automatically at the end of each purchase period at the applicable purchase price.

Purchase Price

The purchase price per share at which shares of our common stock are sold on each purchase date during an offering period will not be less than the lower of (i) 85% of the fair market value of a share of our common stock on the first day of the offering period or (ii) 85% of the fair market value of a share of our common stock on the purchase date. As of March 31, 2016, the closing price of our common stock as reported on the NASDAQ Global Select Market was \$4.00 per share.

Payment of Purchase Price; Payroll Deductions

The purchase of shares during an offering period generally will be funded by a participant's payroll deductions accumulated during the offering period. A participant may change his or her rate of contributions, as determined by the Plan Administrator in the offering. All contributions made for a participant are credited to his or her account under the Amended 2000 Purchase Plan and deposited with our general funds.

Purchase Limits

In connection with each offering made under the Amended 2000 Purchase Plan, the Plan Administrator may specify (i) a maximum number of shares of our common stock that may be purchased by any participant pursuant to such offering, (ii) a maximum number of shares of our common stock that may be purchased by any participant on any purchase date pursuant to such offering, (iii) a maximum aggregate number of shares of our common stock that may be purchased by all participants pursuant to such offering, and/or (iv) a maximum aggregate number of shares of our common stock that may be purchased by all participants on any purchase date pursuant to such offering. If the aggregate purchase of shares of our common stock issuable upon exercise of purchase rights granted under such offering would exceed any such maximum aggregate number, then the Plan Administrator will make a pro rata allocation of available shares in a uniform and equitable manner.

Withdrawal

Participants may withdraw from an offering by delivering a withdrawal form to us and terminating their contributions. Such withdrawal may be elected at any time prior to the end of an offering, except as otherwise provided by the Plan Administrator. Upon such withdrawal, we will distribute to the employee his or her accumulated but unused contributions without interest, and such employee's right to participate in that offering will terminate. However, an employee's withdrawal from an offering does not affect such employee's eligibility to participate in any other offerings under the Amended 2000 Purchase Plan.

Termination of Employment

A participant's rights under any offering under the Amended 2000 Purchase Plan will terminate immediately if the participant either (i) is no longer employed by us or any of our parent or subsidiary companies (subject to any post-employment participation period required by law) or (ii) is otherwise no longer eligible to participate. In such event, we will distribute to the participant his or her accumulated but unused contributions without interest.

Restrictions on Transfer

Rights granted under the Amended 2000 Purchase Plan are not transferable except by will, by the laws of descent and distribution, or if permitted by us, by a beneficiary designation. During a participant's lifetime, such rights may only be exercised by the participant.

Changes in Capitalization

In the event of certain changes in our capitalization, the Plan Administrator will appropriately adjust: (i) the class(es) and maximum number of shares subject to the Amended 2000 Purchase Plan; (ii) the class(es) and number of shares subject to, and the purchase price applicable to outstanding purchase rights; and (iii) the class(es) and number of shares that are the subject of any purchase limits under each ongoing offering.

Effect of Certain Corporate Transactions

In the event of a corporate transaction (as defined in the Amended 2000 Purchase Plan and described below), (i) any surviving or acquiring corporation (or its parent company) will assume outstanding purchase rights granted under the Amended 2000 Purchase Plan or will substitute similar rights (including a right to acquire the same consideration paid to the stockholders in the corporate transaction) for such outstanding purchase rights, or (ii) if any surviving or acquiring corporation (or its parent company) refuses to assume such outstanding purchase rights or to substitute similar rights for such outstanding purchase rights, then, as determined by the Plan Administrator in its sole discretion, such outstanding purchase rights may continue in full force and effect or the participants' accumulated contributions may be used to purchase shares of our common stock immediately prior to the corporate transaction under the ongoing offering and such purchase rights thereafter terminated.

For purposes of the Amended 2000 Purchase Plan, a corporate transaction generally will be deemed to occur in the event of: (i) a dissolution or liquidation of the Company; (ii) a sale, lease or other disposition of all or substantially all of the assets of the Company; (iii) a merger, consolidation or similar transaction in which the Company is not the surviving corporation; (iv) a reverse merger, consolidation or similar transaction in which the Company is the surviving corporation but the shares of common stock outstanding immediately prior to such transaction are converted into other property by virtue of such transaction; or (v) an acquisition of the beneficial ownership of securities of the Company representing at least 50% of the combined voting power entitled to vote in the election of members of the Board.

Duration, Amendment and Termination

The Plan Administrator may amend or terminate the Amended 2000 Purchase Plan at any time. However, except in regard to certain capitalization adjustments, any such amendment must be approved by our stockholders if such approval is required by applicable law or listing requirements.

Any outstanding purchase rights granted before an amendment or termination of the Amended 2000 Purchase Plan will not be materially impaired by any such amendment or termination, except (i) with the consent of the employee to whom such purchase rights were granted, (ii) as necessary to comply with applicable laws, listing requirements or governmental regulations (including Section 423 of the Code), or (iii) as necessary to obtain or maintain favorable tax, listing or regulatory treatment.

Notwithstanding anything in the Amended 2000 Purchase Plan or any offering to the contrary, the Plan Administrator will be entitled to: (i) establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars; (ii) permit contributions in excess of the amount designated by a participant in order to adjust for mistakes in the processing of properly completed contribution elections; (iii) establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of our common stock for each participant properly correspond with amounts withheld from the participant's contributions; (iv) amend any outstanding purchase rights or clarify any ambiguities regarding the terms of any offering to enable such purchase rights to qualify under and/or comply with Section 423 of the Code; and (v) establish other limitations or procedures

as the Plan Administrator determines in its sole discretion advisable that are consistent with the Amended 2000 Purchase Plan. Any such actions by the Plan Administrator will not be considered to alter or impair any purchase rights granted under an offering as they are part of the initial terms of each offering and the purchase rights granted under each offering.

Federal Income Tax Information

The following is a summary of the principal United States federal income tax consequences to participants and us with respect to participation in the Amended 2000 Purchase Plan. This summary is not intended to be exhaustive and does not discuss the income tax laws of any local, state or foreign jurisdiction in which a participant may reside. The information is based upon current federal income tax rules and therefore is subject to change when those rules change. Because the tax consequences to any participant may depend on his or her particular situation, each participant should consult the participant's tax adviser regarding the federal, state, local, and other tax consequences of the grant or exercise of a purchase right or the sale

or other disposition of common stock acquired under the Amended 2000 Purchase Plan. The Amended 2000 Purchase Plan is not qualified under the provisions of Section 401(a) of the Code and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Rights granted under the Amended 2000 Purchase Plan are intended to qualify for favorable federal income tax treatment associated with rights granted under an employee stock purchase plan which qualifies under the provisions of Section 423 of the Code.

A participant will be taxed on amounts withheld for the purchase of shares of our common stock as if such amounts were actually received. Otherwise, no income will be taxable to a participant as a result of the granting or exercise of a purchase right until a sale or other disposition of the acquired shares. The taxation upon such sale or other disposition will depend upon the holding period of the acquired shares.

If the shares are sold or otherwise disposed of more than two years after the beginning of the offering period and more than one year after the shares are transferred to the participant, then the lesser of the following will be treated as ordinary income: (i) the excess of the fair market value of the shares at the time of such sale or other disposition over the purchase price; or (ii) the excess of the fair market value of the shares as of the beginning of the offering period over the purchase price (determined as of the beginning of the offering period). Any further gain or any loss will be taxed as a long-term capital gain or loss.

If the shares are sold or otherwise disposed of before the expiration of either of the holding periods described above, then the excess of the fair market value of the shares on the purchase date over the purchase price will be treated as ordinary income at the time of such sale or other disposition. The balance of any gain will be treated as capital gain. Even if the shares are later sold or otherwise disposed of for less than their fair market value on the purchase date, the same amount of ordinary income is attributed to the participant, and a capital loss is recognized equal to the difference between the sales price and the fair market value of the shares on such purchase date. Any capital gain or loss will be short-term or long-term, depending on how long the shares have been held.

There are no federal income tax consequences to us by reason of the grant or exercise of rights under the Amended 2000 Purchase Plan. We are entitled to a deduction to the extent amounts are taxed as ordinary income to a participant for shares sold or otherwise disposed of before the expiration of the holding periods described above (subject to the requirement of reasonableness and the satisfaction of tax reporting obligations).

Amended 2000 Purchase Plan Benefits

Participation in the Amended 2000 Purchase Plan is voluntary and each eligible employee will make his or her own decision regarding whether and to what extent to participate in the Amended 2000 Purchase Plan. In addition, the Board and the Compensation Committee have not granted any purchase rights under the Amended 2000 Purchase Plan that are subject to stockholder approval of this Proposal 3. Accordingly, the benefits or amounts that will be received by or allocated to our executive officers and other employees under the Amended 2000 Purchase Plan are not determinable. Our non-employee directors will not be eligible to participate in the Amended 2000 Purchase Plan.

The 401(k) Plan permits us to make matching contributions on behalf of all participants. We match 100% of the first 3% of participant contributions into the 401(k) Plan in the form of our common stock.

PROPOSAL 4

ADVISORY VOTE ON THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

Our stockholders are entitled to vote to approve, on an advisory basis, the compensation, as disclosed in this Proxy Statement, of our Chief Executive Officer, Chief Financial Officer and the other executive officers appearing in the table entitled “Summary Compensation Table for Fiscal 2015” later in this Proxy Statement (collectively, the Named Executive Officers). This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement.

The compensation of our Named Executive Officers subject to the vote is disclosed in “Compensation Discussion and Analysis,” and the compensation tables and the related narrative disclosure contained in this Proxy Statement. As discussed in the “Compensation Discussion and Analysis” section of this Proxy Statement, the success of biopharmaceutical companies is significantly influenced by their work forces. We believe it is critical to our business that we retain our core team of highly qualified employees, including our executive officers. Large pharmaceutical and biopharmaceutical companies and strong local competitors have aggressively recruited our executives and other skilled employees, with the most critical positions at our company among those that are the most in demand. In light of these circumstances, we have designed our executive compensation program to help attract and retain highly qualified individuals with relevant experience in the biopharmaceutical industry to manage the varied aspects of our evolving business. The primary objective of our executive compensation program is to retain and motivate our core team of highly qualified employees, including our Named Executive Officers, and align their compensation with our critical business objectives and performance, as well as with the interests of our stockholders. In support of this objective, our fiscal 2015 executive compensation program continues to reflect our decision to focus our proprietary resources and development and commercialization efforts primarily on cabozantinib, an internally-discovered inhibitor of multiple receptor tyrosine kinases, in various tumor indications.

The Board encourages our stockholders to read the disclosures set forth in the “Compensation Discussion and Analysis” section of this Proxy Statement to review the correlation between compensation and performance, as well as compensation actions taken in 2015. The Board believes that our executive compensation program effectively aligns executive pay with our performance and results in the attraction and retention of highly talented executives.

Accordingly, the Board recommends that our stockholders vote FOR the following resolution:

“RESOLVED, that the compensation paid to the our Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

Required Vote and Board of Directors Recommendation

Advisory approval of Proposal 4 requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Abstentions will be counted toward the tabulation of votes cast on the proposal and will have the same effect as votes against this proposal. Broker non-votes will have no effect and will not be counted towards the vote total.

Our Board believes that approval of Proposal 4 is in our best interests and the best interests of our stockholders for the reasons stated above. Because the vote is advisory, it is not binding on the Board or on us. Nevertheless, the views expressed by our stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Compensation Committee and Board intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements. Your vote will serve as an additional tool to guide the Compensation Committee and Board in continuing to improve the alignment of our executive compensation programs with business objectives and performance and with the interests of our stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 4.

(1) This table is based upon information supplied by executive officers and directors and upon information gathered by us about principal stockholders known to us. Unless otherwise indicated in the footnotes to this table and subject to community property laws where applicable, we believe that each of the stockholders named in this table has sole voting and investment power with respect to the shares indicated as beneficially owned. Applicable percentages are based on 228,623,481 shares outstanding on March 11, 2016, adjusted as required by rules promulgated by the

SEC. The percentage of beneficial ownership as to any person as of a particular date is calculated by dividing the number of shares beneficially owned by such person, which includes the number of shares as to which such person has the right to acquire voting or investment power within 60 days of March 11, 2016, by the sum of the number of shares outstanding as of such date plus the number of shares as to which such person has the right to acquire voting or investment power within 60 days of March 11, 2016. Consequently, the denominator for calculating beneficial ownership percentages may be different for each beneficial owner.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

This Compensation Discussion and Analysis explains our strategy, design of, and decision-making related to our compensation programs and practices for our principal executive officer, our principal financial officer and our three other most highly compensated executive officers (collectively, "Named Executive Officers"). This Compensation Discussion and Analysis is intended to provide perspective on the compensation information contained in the tables that follow this discussion.

For fiscal 2015, our Named Executive Officers were:

• Michael M. Morrissey, Ph.D., President and Chief Executive Officer

• Christopher J. Senner, Executive Vice President and Chief Financial Officer

• Deborah Burke, Senior Vice President, Finance and Contoller*

• Jeffrey J. Hesekiel, J.D., Executive Vice President, General Counsel and Secretary

• Peter Lamb, Ph.D., Executive Vice President, Scientific Strategy and Chief Scientific Officer

• Gisela M. Schwab, M.D., President, Product Development and Medical Affairs and Chief Medical Officer

*Ms. Burke served as our Senior Vice President and Chief Financial Officer from September 2014 to July 2015. SEC rules require that we include her as a Named Executive Officer as she served as our principal financial officer for a portion of fiscal 2015.

While the principal purpose of this Compensation Discussion and Analysis is to discuss the compensation of our Named Executive Officers, many of the programs discussed apply to other members of senior management who, together with the Named Executive Officers, are collectively referred to as our "executives."

Executive Summary

Exelixis is a biopharmaceutical company that discovers, develops and commercializes small molecule therapies for the treatment of cancer. Our business focuses predominantly on the development and commercialization of cabozantinib, an internally-discovered inhibitor of multiple receptor tyrosine kinases, in various tumor indications, but also includes the stewardship of various compounds we discovered in our laboratories and have partnered with larger pharmaceutical manufacturers for further development and, if warranted, commercialization. Cabozantinib was first approved in the United States and European Union for the treatment of progressive, metastatic medullary thyroid cancer, or MTC, and it is marketed for that indication in a distinct capsule formulation under the brand name COMETRIQ.

The year 2015 was an impactful one for our company, which translated into rapid achievement of our most important commercial, research and development, and other business goals. In July 2015, we obtained positive clinical results from our phase 3 pivotal trial METEOR (Metastatic RCC Phase 3 Study Evaluating Cabozantinib vs. Everolimus). Following the positive results from METEOR, the U.S. Food and Drug Administration, or FDA, granted Breakthrough Therapy and Fast Track designations for cabozantinib in RCC. These data from METEOR ultimately formed the basis of a New Drug Application, or NDA, submission to the FDA, which was completed in December 2015. On January 27, 2016, the FDA granted priority review to the NDA, with a Prescription Drug User Fee Act, or PDUFA, action date of June 22, 2016. Having been actively preparing for this commercial opportunity, we are presently ready from a staffing perspective to launch cabozantinib for the treatment of patients with advanced RCC in the United States should a positive regulatory decision come prior to the PDUFA action date.

The METEOR results also laid the ground work for our February 2016 exclusive licensing agreement with Ipsen Pharma SAS to commercialize cabozantinib in regions outside the United States, Canada and Japan. Beyond RCC and MTC, we continue to explore the clinical potential of cabozantinib in additional tumor types, including CELESTIAL (Cabozantinib Phase 3 Controlled Study In Hepatocellular Carcinoma), our phase 3 trial of cabozantinib in advanced hepatocellular carcinoma and earlier stage trials conducted through our Cooperative Research and Development Agreement, or CRADA, with the National Cancer Institute's Cancer Therapy Evaluation Program, or NCI-CTEP, or our investigator sponsored trial program.

In 2015, we also made significant progress with respect to the clinical development, regulatory status and commercial potential of certain of our partnered compounds, notably, cobimetinib, a compound we out-licensed in 2006 to

Genentech, Inc. (a member of the Roche Group). The FDA approved cobimetinib on November 10, 2015, under the brand name COTELLIC™, in combination with vemurafenib, as a treatment for patients with BRAF V600E or V600K mutation-positive advanced melanoma. COTELLIC in combination with vemurafenib has also been approved in Switzerland, the European Union and Canada for use in the same indication.

2015 Compensation Program Highlights

Our compensation decisions for 2015 reflected the positive clinical results from the METEOR trial and both the speed and success with which we were able to navigate the regulatory pathway for cabozantinib as a treatment for patients with advanced RCC, including receipt of Breakthrough Therapy and Fast Track designations by the FDA. Further, our Compensation Committee and Board considered that we performed well in most of the other areas of corporate performance that they determined to be important, including, commercialization, research and development and attainment of our business goals for 2015. As part of the decision making process, the Compensation Committee also considered the challenges of operating with a reduced workforce in the wake of our restructuring in late 2014, the rapid evolution of the business following positive clinical results from METEOR in July 2015 and the need to retain the talent required to ensure the success of a commercial launch of cabozantinib in advanced RCC.

In light of the above, the Board and Compensation Committee took the following key actions with respect to 2015 compensation for our Named Executive Officers:

Salaries for Named Executive Officers. In February 2015, in part to encourage retention of our key executive officers during a critical time in the company's evolution, the Compensation Committee increased base salaries of our Named Executive Officers for 2015 by between 3% and 5% over salaries for 2014.

Equity Incentive Compensation. In February 2015, taking consideration of the decision not to pay cash bonuses for 2014 and conscious of need to focus all employees, including our Named Executive Officers, on the achievement of critical milestones in our development of cabozantinib, the Compensation Committee recommended, and the Board approved, a grant of performance-based stock options with vesting milestones tied to our METEOR trial related to cabozantinib for the treatment of advanced RCC. The grants were designed to align employee incentives with those of our investors and only deliver rewards for positive results that drive stockholder value. Then consistent with our prior practice, in September 2015, as part of our ongoing equity incentive compensation program and following positive clinical results from our METEOR trial, the Board granted time-based stock options in order to focus our Named Executive Officers on the company's long-term performance. In February 2016, the Compensation Committee approved a special one-time grant of stock options to certain of our Named Executive Officers in consideration of their exceptional service to our company during 2015 and the desire to retain the executive talent necessary to drive toward the achievement of our company's future commercial and research and development goals.

Annual Cash Bonus (Equity in Lieu of Cash). In February 2016, as part of our continued cash conservation efforts and to align the interests of the Named Executive Officers with those of our stockholders, in lieu of cash bonus payments, the Compensation Committee paid our Named Executive Officers their annual bonuses for 2015 in the form of fully-vested restricted stock units, or RSUs, in amounts ranging from 100% to 111% of annual bonus target.

Objectives of the Compensation Program

The success of biopharmaceutical companies is significantly influenced by the quality of their work forces. We believe it is critical to our business that we retain our core team of highly qualified employees, including our Named Executive Officers. As a testament to their high value in the marketplace for human resources, large pharmaceutical and biopharmaceutical companies and strong local competitors have aggressively recruited our executives and other skilled employees, with the most critical positions at our company among those that are the most in demand. In light of these circumstances, we have designed our executive compensation program to help attract and retain highly qualified individuals with relevant experience in the biopharmaceutical industry to manage the varied aspects of our evolving business. The primary goals of our executive compensation program are to: provide market-competitive compensation that motivates our executive officers to achieve our short- and long-term business objectives, align our executive officers' compensation with the interests of our stockholders and reward our executive officers for their exceptional performance and the success of our business.

To this end, our 2015 compensation program for Named Executive Officers aimed to strike a balance among, the following three principal components, which are discussed in further detail under "Elements of Compensation" below: **Base Salary.** We pay a base salary to each of our Named Executive Officers to provide an appropriate and competitive base level of current cash income.

Annual Cash Bonus. We establish target annual cash bonuses for our Named Executive Officers based on the seniority of the applicable position, as an incentive to encourage superior performance. Actual cash bonuses are discretionary, but the amounts generally are determined following pre-established guidelines that take into account achievement against pre-established company, department and, in some cases, personal objectives.

Equity Incentive Compensation. We grant equity incentive awards designed to ensure that incentive compensation is linked to our long-term performance. These awards align our executives' performance objectives with the interests of our stockholders, and provide strong incentives for our key executives to remain with our company.

In addition, we have a Change in Control and Severance Benefit Plan in which all of our Named Executive Officers participate, as well as an employee stock purchase plan, a 401(k) Retirement Plan, and healthcare, dental and vision plans in which all of our employees are entitled to participate, including our Named Executive Officers.

The Compensation Committee has not established any formal policies or guidelines for allocating compensation between current and long-term incentive compensation, or between cash and non-cash compensation. The Compensation Committee uses its judgment in determining an appropriate mix of current and long-term incentive compensation, and cash and non-cash compensation for our Named Executive Officers, that it believes appropriate to achieve the compensation and corporate objectives described above.

Role of the Compensation Committee and Executive Officers in Compensation Decisions

The Compensation Committee is responsible for determining and approving the compensation packages offered to our Named Executive Officers. When appropriate, the Compensation Committee will solicit the input of, or present its recommendations on compensation matters for consideration and approval to, the full Board. For example, the Compensation Committee recommended to the Board for approval the 2015 salary and annual bonus determinations, and determined that it was appropriate to discuss with, and obtain input from, the Board on the decision to grant fully-vested RSUs in lieu of cash compensation for the 2015 annual bonus, as well as the related share amounts. The Compensation Committee acts on behalf of the Board in discharging the Board's responsibilities with respect to overseeing our compensation policies, plans, and programs, and establishing and reviewing general policies relating to compensation and benefits of our employees. The Compensation Committee also administers our equity and other incentive plans.

Dr. Morrissey participates in the Compensation Committee's deliberations with respect to Named Executive Officer compensation other than his own, and is not present during deliberation and voting on his compensation. Each year, Dr. Morrissey and other senior management also develop annual corporate business goals for the company, which are reviewed and, subject to their input, approved by the Compensation Committee and the Board. In determining Named Executive Officer compensation recommendations for 2015, our Chief Executive Officer solicited the input of and received documentary support from our senior human resources personnel. The Compensation Committee also received documentary support, including benchmark and industry data, from third-party salary survey sources, including the Radford Global Life Sciences Survey, with respect to base salaries, target annual cash bonuses, and equity compensation. In December 2015, the Compensation Committee also retained the consulting firm Compensia, Inc., or Compensia, to compile benchmark biopharmaceutical industry compensation data and help us to evaluate of the compensation of our executive officers in comparison with that benchmark. This information was discussed with the Compensation Committee in January 2016 for use in making 2016 executive compensation decisions. The Compensation Committee does not delegate any of its functions to others in determining executive compensation, and we do not currently engage any other consultants with respect to executive and/or director compensation matters, other than Compensia, and Radford, retained to provide compiled industry compensation data for our senior management and directors.

Compensation Committee Process

In setting the level of salary, cash bonus and equity compensation for our Named Executive Officers, the Compensation Committee considers various factors, including the performance of each Named Executive Officer and of the company itself during the prior year; the criticality of each such officer's skill set; the officer's performance and expected future contributions; market data for our industry and specific peer group; the officer's tenure; the percentage of vested versus unvested equity awards held by the officer; and the value of the equity awards he or she holds. The Compensation Committee balances each of these factors against the company's cash resources and equity award burn

rate guidelines established by proxy advisory firms. When establishing each element of a Named Executive Officer's compensation, the Compensation Committee also typically takes into consideration the officer's historical salary, cash bonus and equity compensation, as well as his or her total current and potential compensation. Using this process, our Compensation Committee strives to ensure that our executive

compensation program as a whole is competitive. Consistent with the Compensation Committee's philosophy of maintaining compensation levels that attract and retain the highest caliber executives, the Compensation Committee generally targets total cash (including salary and cash bonus) and equity compensation above the 50th percentile of the peer company market for the positions for which data is available. In determining the amount and mix of compensation elements and whether each element provides the correct incentives and rewards for performance consistent with our short and long-term goals and objectives, the Compensation Committee relies on its judgment about each individual rather than adopting a formulaic approach to compensatory decisions.

The Compensation Committee believes that it is important when making its compensation decisions to be informed as to the current practices of comparable publicly-held companies. To this end, the Compensation Committee reviews market data, which include competitive information relating to compensation levels for comparable positions in the biotechnology and life sciences sector.

Peer Companies. In February 2015, the Compensation Committee, in consultation with management, developed a peer companies list to be used as a reference point in assisting the Compensation Committee in setting base salaries, bonus targets and annual equity incentive compensation for 2015. The list was developed by modifying the peer companies list originally developed in 2013 in consultation with Frederick W. Cook & Co., Inc. The Compensation Committee used the same peer companies list to assist it with making its executive officer compensation decisions for 2014. Given the company's financial position and cash conservation efforts following the restructuring in late 2014, the Compensation Committee determined that utilizing the resources from prior years was the most appropriate and economical approach for the development of a peer companies list for 2015, and therefore was guided by the prior year's peer companies list to make its compensation decisions for 2015.

In developing the 2015 peer companies list, the Compensation Committee first considered the significant changes to our business, meaningful developments at the companies included on the prior list, as well as companies that might constitute suitable additions to the list. The key qualitative and quantitative considerations that influenced the development of the peer companies list were: (1) comparability of science and therapeutic focus; (2) company size, as reflected generally by headcount and market capitalization; (3) company complexity, as reflected by the number of marketed or investigational products and their respective phase of development; and (4) recent company performance or the proximity of near-term material events. Following this analysis, the Compensation Committee determined that eleven of the companies that were on the list originally developed in 2013 were no longer appropriate peer companies and removed them from the list, and added nine new companies that it determined appropriate based on the criteria set forth above.

The peer companies used in reviewing compensation for 2015 comprised the following 16 publicly-traded, U.S.- based biotechnology/pharmaceutical companies:

Aegerion Pharmaceuticals, Inc.	Incyte Corporation	Pharmacyclics LLC
Array BioPharma, Inc.	Infinity Pharmaceuticals, Inc.	Rigel Pharmaceuticals, Inc.
Arena Pharmaceuticals, Inc.	Ironwood Pharmaceuticals, Inc.	Sunesis Pharmaceuticals, inc.
Ariad Pharmaceuticals, Inc.	Lexicon Pharmaceuticals, Inc.	Synta Pharmaceuticals Corp.
Celldex Therapeutics, Inc.	Merrimack Pharmaceuticals, Inc.	
Clovis Oncology, Inc.	Nektar Therapeutics	

Stockholder Advisory Vote on Executive Compensation. We provide our stockholders with the opportunity to cast an annual advisory vote on our executive compensation program, which vote, the Compensation Committee takes into account when determining the compensation of the company's Named Executive Officers. At our annual meeting of stockholders held in May 2014 and May 2015, approximately 90% and 92%, respectively, of the votes cast on the say-on-pay proposal voted in favor of the proposal. Our Compensation Committee considered these votes to be an endorsement of the Compensation Committee's policies and practices and has continued to conduct its review of executive compensation generally consistent with past practice.

Elements of Compensation

As summarized above, our executive compensation program consists of three principal components: base salary, annual discretionary cash bonuses, and equity incentive compensation. Our Named Executive Officers are also eligible to participate, on the same basis as other employees, in our 401(k) Retirement Plan, our employee stock

purchase plan and other benefit programs generally available to all employees. Our Named Executive Officers currently do not receive any perquisites.

Base Salary. The Compensation Committee reviews annually each Named Executive Officer's base salary and sets salary generally based on the criticality of such officer's skill set, past performance and expected future contributions, the market data for our industry and specific peer group, tenure, and market pressures, with each of these factors balanced against consideration of our cash resources and other elements of the officer's compensation.

Annual Cash Bonus. Our discretionary annual cash bonuses are intended to align the Named Executive Officers' compensation with our business objectives and performance, as well as the interests of our stockholders, and to enable us to retain and reward executive officers who fulfill or exceed performance expectations. Our Compensation Committee recommends bonus targets (expressed as a percentage of base salary) based on the seniority of the applicable position and takes into account the achievement of company-wide and, other than for our Chief Executive Officer, applicable department or personal performance objectives in determining actual cash bonuses. The bonus targets are reviewed annually by the Compensation Committee. The Compensation Committee does not follow rigid percentage allocations or other guidelines related to the portion of each Named Executive Officer's annual cash bonus tied to company-wide, department or personal performance components, but instead exercises its discretion based on its assessment of each officer's individual performance and department and company factors. Whether or not a bonus is paid for any year is solely within the discretion of our Compensation Committee and Board. Additionally, from time to time, the Compensation Committee may decide to grant equity in lieu of cash compensation if deemed appropriate based upon the business requirements and financial position of the company. The actual bonus awarded in any year, if any, may be more or less than the target, depending on individual performance and the achievement of our company-wide objectives, as well as other factors, including our cash resources.

Equity Incentive Compensation. We have granted, and intend to continue to grant, stock options and RSUs, and potentially other types of equity incentive awards, to align our Named Executive Officers' compensation with achievement of the company's most important business objectives and its long-term performance, thereby linking their compensation to the interests of our stockholders. The Compensation Committee believes that stock options are an effective equity-based tool to motivate our Named Executive Officers to pursue these critical company interests aggressively because options only have value if the value of our company as reflected by our stock price increases over time. Stock options are also the most common long-term incentive instrument in use at our peer companies. Another commonly utilized long-term incentive compensation instrument, however, is RSUs. The Compensation Committee believes that RSUs are another effective instrument for employee retention, and that they also have incentive value since the value of RSUs increase as our stock price increases over time; RSUs are also generally less dilutive to our stockholders than stock options. Further, RSUs continue to have incentive value even in the event of a severe stock price decline, unlike stock options that can lose their incentive value in such an event. Because of the overall importance to our success of aggressively pursuing our strategic goals, as well as preserving our cash resources, a significant portion of the Named Executive Officers' total compensation typically has consisted of, and is expected to continue to consist of, equity-based awards.

Change in Control and Severance Benefit Plan. We have adopted a Change in Control and Severance Benefit Plan, in which all of our Named Executive Officers participate, to maintain the competitiveness of our executive compensation program and to remove or at least reduce an executive's potential personal bias against a takeover attempt. It also provides incentives to our executive officers to remain with our company, and objectively evaluate and facilitate an acquisition of our company should consideration of such a transaction be determined appropriate by the Board and in the best interests of our stockholders. A description of this plan is set forth below under the heading "Potential Payments Upon Termination or Change-in-Control." This plan is a double-trigger plan, in which each participant receives benefits under the plan only if the participant is terminated without cause or is constructively terminated in connection with a change in control, rather than a single-trigger plan, in which each participant would receive benefits under the plan if a change in control occurs or the participant resigns for any reason after a change in control. We adopted a double-trigger plan because it protects the participants from post-change in control events that are not related to the participants' performance, encourages them to stay throughout a transition period in the event of a change in control, and does not provide for benefits for a participant who remains with the surviving company in a comparable position. The Compensation Committee believes that these benefits are an important element of the Named Executive Officers' retention and motivation and are consistent with compensation arrangements provided in a

competitive market for executive talent, and that the benefits of such severance rights agreements, including generally requiring a release of claims against us as a condition to receiving any severance benefits are in our best interests.

Other Benefits. We have a 401(k) Retirement Plan in which substantially all of our employees, including our Named Executive Officers, are entitled to participate. Employees contribute their own funds, as salary deductions, on a pre-tax basis. Contributions may be made up to plan limits, subject to government limitations. We match 100% of the first 3% of employee contributions, in the form of Exelixis stock. Our employee stock purchase plan allows

for eligible employees to purchase shares of our common stock at a price equal to the lower of 85% of the closing price at the beginning of the offering period or 85% of the closing price at the end of each six month purchase period, subject to specified limits. We provide health care, dental and vision benefits to all full-time employees, including our Named Executive Officers. These and other standard health and welfare benefits are available to all eligible employees, subject to applicable laws. We provide these benefits because we believe they are consistent and competitive with the market practices of our peers.

2015 Compensation Decisions

2015 Base Salaries

In February 2015, the Compensation Committee reviewed the base salaries of our Named Executive Officers and determined that, in light of their performance in 2014 and their importance to the future of the company, the Compensation Committee would recommend to the Board that the base salary for each of the Named Executive Officers be increased by the following percentages over 2014, with base salary increases approved by the Board as follows, except for Mr. Senner's due to the fact that he joined the company in July 2015. In reaching these decisions, the Compensation Committee did not apply a formula, but rather a holistic analysis emphasizing the factors described above.

Name	2014 Base Salary	2015 Base Salary	Percentage Increase
Michael M. Morrissey, Ph.D.	\$770,000	\$800,000	4%
Christopher J. Senner	--	\$500,000	--
Deborah Burke	\$315,000 ⁽¹⁾	\$327,600	4%
Jeffrey J. Hesekiel, J.D.	\$450,000	\$465,750	3%
Peter Lamb, Ph.D.	\$411,184	\$423,519	3%
Gisela M. Schwab, M.D.	\$523,982	\$550,181	5%

Ms. Burke's annual salary from January 1 through February 28, 2014, was \$273,114 when she was serving as Vice President, Finance and Controller. Her salary increased to \$284,039 effective March 1, 2014 as part of the company's annual review of compensation, and to \$315,000 effective September 21, 2014, when she was appointed (1) Senior Vice President and Chief Financial Officer after serving as Vice President and interim Chief Financial Officer following the departure of Frank Karbe, our former Executive Vice President and Chief Financial Officer, on June 2, 2014.

2015 Annual Cash Bonuses (Equity in Lieu of Cash)

In February 2015, the Compensation Committee recommended, and the Board approved, that 2015 target discretionary annual cash bonus as percentages of base salary remain at the same levels as 2014 (i.e., 60% for Dr. Morrissey, and 45% for each of the other Named Executive Officers, other than Ms. Burke whose 2015 target discretionary bonus remained at 35%). The Compensation Committee's decision regarding 2015 target bonuses was based on its subjective assessment that the percentages of base salaries previously established were appropriate and continue to align us competitively with our peer group. The target bonus amounts for the company's discretionary cash bonuses are intended to serve as general guidelines for awarding actual bonuses and are not designed to set formulaic payout levels.

In connection with establishing the bonus program for 2015, the Compensation Committee reviewed the company's commercial, research and development and general business goals as presented by management and recommended them to the Board for approval. In February 2015, the Board reviewed these goals with the Compensation Committee and management and determined that the goals were appropriate for 2015. These goals were many-faceted, with the primary goals consisting of the following:

- Deliver top-line results on the primary endpoint of progression-free survival for our phase 3 pivotal trial of cabozantinib in advanced RCC (METEOR);

- Execute on our NDA filing for cabozantinib in advanced RCC and launch plan if METEOR top-line results were positive;

- Execute on a partnership to support the commercialization of cabozantinib in approved indications outside of the United States;

Support a successful launch of COTELLIC, in combination with vemurafenib, as a treatment for patients with BRAF V600E or V600K mutation-positive advanced melanoma by our collaboration partner Genentech;

Exceed specified fiscal 2015 revenue targets for sales of COMETRIQ for MTC in the United States; and
 End fiscal 2015 with a specified cash balance, taking into account either an equity financing or a partnership for
 ex-U.S. rights to develop and commercialize cabozantinib.

During 2015, management reported regularly to the Compensation Committee and the Board on the status of the
 company's performance against these goals, including in formal meetings in February, May, September and December.
 In February 2016, the Compensation Committee and the Board evaluated the company's performance in relation to the
 2015 goals, as well as the department and personal objectives applicable to each of the respective Named Executive
 Officers (other than Dr. Morrissey, whose annual bonus is based solely on company performance goals). The
 Compensation Committee concluded that 2015 was a year of strong and meaningful accomplishments, and noted, the
 following achievements, in particular:

- Positive top-line results from our METEOR phase 3 pivotal trial of cabozantinib in advanced RCC;
- Breakthrough Therapy and Fast Track designations for cabozantinib in advanced RCC and submission of our NDA to
 the FDA in December 2015 for which the FDA granted priority review;
- Continued execution on our broad development program to explore the clinical potential of cabozantinib in other
 tumor types;
- Regulatory approval of COTELLIC in combination with vemurafenib, as a treatment for patients with BRAF V600E
 or V600K mutation-positive advanced melanoma in the United States, European Union and Switzerland;
- The hiring of key leadership and expansion of our commercial and medical affairs capabilities;
- Continued execution on our COMETRIQ commercialization plan for MTC, including achievement of specified fiscal
 2015 revenue targets for sales of COMETRIQ for MTC in the United States;
- Final fiscal 2015 cash balance of \$253.3 million; and
- Progress on business development activities towards a partnership to cabozantinib commercialization and
 development outside of the United States.

The Compensation Committee did not assign any weighting of specific company, departmental or personal goals in
 making its assessment of overall performance, but rather made its assessment of performance against the goals on an
 overall basis. Viewing the performance and results of the year, the Compensation Committee determined that the
 company as a whole and each of the Named Executive Officers had performed well. However, given the company's
 continued cash conservation efforts and the Compensation Committee's goal to further align the interests of the
 Named Executive Officer's with our stockholders, the Compensation Committee determined that 2015 annual cash
 bonuses would be paid in the form of equity in lieu of cash. On February 11, 2016, the Compensation Committee
 approved the grant of fully-vested RSUs in the following amounts:

Name	Number of Shares Subject to RSUs
Michael M. Morrissey, Ph.D.	114,286
Christopher J. Senner	53,572
Deborah Burke	27,301
Jeffrey J. Hesekiel, J.D.	49,902
Peter Lamb, Ph.D.	45,378
Gisela M. Schwab, M.D.	65,498

In determining the number of RSUs for each Named Executive Officer, the Compensation Committee assumed a
 bonus payment of 100% of the Named Executive Officer's cash bonus target for 2015 (with the exception of Dr.
 Schwab for whom a bonus payment of 111% of her cash bonus target for 2015 was assumed) divided by \$4.20, the
 closing market price of our common stock on February 11, 2016. The Compensation Committee determined that Dr.
 Schwab's exceptional efforts in leading the development team through major milestones, including obtaining positive
 clinical results from our phase 3 pivotal trial METEOR, receipt of Breakthrough Therapy and Fast Track designation
 from the FDA for cabozantinib in RCC, and swiftly completing our NDA submission to the FDA, warranted a bonus
 award at 50%, which is 111% of her 2015 target of 45%.

2015 Equity Incentive Awards

2015 Performance-Based Stock Options Grants. In February 2015, in light of the fact that no cash bonuses were paid for 2014 due in part to cash conservation efforts and the need for all employees, including our executives, to remain focused on the achievement of critical milestones in our development of cabozantinib, the Compensation Committee recommended, and the Board approved, a grant of performance-based stock options to the Named Executive Officers. As part of this process, management engaged Radford to assist in recommending the appropriate number of stock options for each executive, with equity values for each executive targeted at approximately 100% of the executive's cash bonus target. Following its review, the Compensation Committee granted the following number of performance-based stock options to the Named Executive Officers:

Name	Number of Shares Subject to Performance-Based Stock Options
Michael M. Morrissey, Ph.D.	450,000
Deborah Burke	175,000
Jeffrey J. Hessekiel, J.D.	200,000
Peter Lamb, Ph.D.	175,000
Gisela M. Schwab, M.D.	250,000

The stock options have an exercise price of \$1.90 per share, the fair market value of our common stock on the date of grant, and expire seven years from the date of grant or earlier upon termination of service with us. Vesting of the stock options is subject to the achievement of critical clinical, regulatory, and commercialization goals set by the Compensation Committee and approved by the Board, as follows: (i) 50% of the options would vest if the Compensation Committee determined that top-line efficacy data received from the METEOR phase 3 pivotal trial of cabozantinib in advanced RCC met its primary endpoint at a specified level, with such result to occur no later than a specified date; (ii) 25% of the options would vest if the Compensation Committee confirmed that a new drug application for cabozantinib for the treatment of advanced RCC is accepted for review by the FDA by a specified date; and (iii) 25% of the options will vest if the Compensation Committee confirms that the FDA has approved cabozantinib for the treatment of advanced RCC by a specified date. On July 20, 2015, the Compensation Committee convened to determine that top-line efficacy data received from METEOR met its primary endpoint at the level specified and within the time period permitted by the performance goals, resulting in the vesting of 50% of the option. On March 7, 2016, the Compensation Committee convened to determine that the NDA for cabozantinib for the treatment of advanced RCC was accepted for review by the FDA within the time period permitted by the performance goals, resulting in the vesting of 25% of the option. If the Compensation Committee has not concluded that FDA has approved cabozantinib for the treatment of advanced RCC by the specified date, the performance stock award with respect to that performance goal will be forfeited. We are not disclosing certain additional details with respect to the goals or deadlines because we believe that their disclosure might cause us competitive harm. The Compensation Committee believes the remaining target deadlines it has established are achievable with an appropriate amount of diligent effort and expertise. However, the Compensation Committee believes that at the time the goals were set, there would be a substantial degree of difficulty in achieving the goals, particularly due to the inherent unpredictability of clinical trial outcomes and of regulatory approval processes.

2015 Ongoing Equity Grants. In September 2015, the Compensation Committee reviewed the annual equity compensation awards for our Named Executive Officers for 2015. In determining the form of equity incentive grants for the Named Executive Officers, the Compensation Committee:

- evaluated the status of equity incentive awards held by the Named Executive Officers to assess the retention and incentive values of those awards since prior awards made to the Named Executive Officers were either (i) not in the money at the time the Compensation Committee was considering grants for 2015 or (ii) the majority of performance targets tied to the vesting of outstanding performance-based stock options had been met or were highly likely to be achieved;

- determined the appropriate size and value of new equity incentive awards for our Named Executive Officers during the coming year, taking into consideration the need to be competitive in the market to retain the talent required to

navigate the company through a potential commercial launch in advanced RCC; and recommended the grant of stock options since options only have value if the value of our company, as reflected by our stock price, increases over time and thus incentivizes our executives to perform for the benefit of our stockholders.

When determining the appropriate size and value of new equity incentive awards, management asked Radford to provide guidance with respect to implementing a program that would incentivize our Named Executive Officers to drive toward the achievement of key company priorities and increase stockholder value over the long-term, while maintaining acceptable overhang and burn rates with respect to our equity use. The Compensation Committee reviewed materials provided by Radford and determined that, to be both impactful and within acceptable share use limits, grants should be sized between the 50th and 75th percentile of our peer group for each of our Named Executive Officers. In September 2015, the Board accepted the Compensation Committee's recommendations and approved the following grants to the Named Executive Officers:

Name	Number of Shares Subject to Time-Based Stock Options
Michael M. Morrissey, Ph.D.	500,000
Christopher J. Senner	225,000
Deborah Burke	64,000
Jeffrey J. Hessekiel, J.D.	190,000
Peter Lamb, Ph.D.	190,000
Gisela M. Schwab, M.D.	245,000

The stock options have an exercise price of \$6.21 per share, the fair market value of our common stock on the date of grant, and expire seven years from the date of grant or earlier upon termination of service with us. The stock options vest over a four year period following the grant date. Vesting of these stock options will cease upon termination of service as an employee for any reason. The Named Executive Officers are party to our Change in Control and Severance Benefit Plan, which provides for acceleration of vesting of the award in the event of certain specified change in control events involving us, for the reasons discussed above.

As an inducement to Mr. Senner's appointment as Executive Vice President and Chief Financial Officer, the Compensation Committee approved the grant of (i) a time-based stock option award in the amount of 350,000 shares, with an exercise price of \$3.66 per share, the fair market value of Exelixis' common stock on the date of grant, which was July 15, 2015, the date Mr. Senner commenced employment with the company, which option will vest over a four year period following the date of grant and (ii) a restricted stock unit award in the amount of 100,000 shares, which will vest in full on the one-year anniversary of the date of grant. The option award will expire seven years from the date of grant or earlier upon termination of service with us. When approving his compensation at the time he was hired, the Compensation Committee solicited the input of and received documentary support from our senior human resources personnel. Using this information and considering the compensation Mr. Senner would forfeit to join our company, the Compensation Committee approved the forms and levels of Mr. Senner's equity compensation, within which his ultimate compensation was established during arms-length negotiations.

2016 Special Equity Incentive Compensation. In February 2016, the Compensation Committee approved a special one-time grant of stock options to Drs. Morrissey, Lamb and Schwab, in consideration of their exceptional service to our company during 2015 and the desire to retain the executive talent necessary to drive toward the achievement of our company's future commercial and research and development goals, including the potential commercial launch of cabozantinib in advanced RCC. In determining the size of the award for each Named Executive Officer, the Compensation Committee considered a number of factors, including an assessment of individual performance, the individual's overall contributions and the company's current equity reserve. However, the Compensation Committee did not use a formula or assign a particular weight to any one factor when it determined the size of the award. Rather, the Compensation Committee used a subjective approach, and awarded the special equity grants at levels it believes in its judgment are appropriate and help to further align the interests of these particular Named Executive Officers with those of our stockholders. On February 11, 2016, the Compensation Committee, in consultation with the Board, approved the following grants to the Named Executive Officers identified below:

Name	Number of Shares Subject to Time-Based Stock Options
Michael M. Morrissey, Ph.D.	150,000
Peter Lamb, Ph.D.	40,000
Gisela M. Schwab, M.D.	75,000

The stock options have an exercise price of \$4.20 per share, the fair market value of our common stock on the date of grant, and expire seven years from the date of grant or earlier upon termination of service with us. The stock

options vest over a four year period following the date of grant. Vesting of these stock options will cease upon termination of service as an employee for any reason. The Named Executive Officers identified in the table above are party to our Change in Control and Severance Benefit Plan, which provides for acceleration of vesting of the award in the event of certain specified change in control events involving us, for the reasons discussed above.

Compensation of the Chief Executive Officer for 2015

The Compensation Committee and the Board considered the factors and criteria described under the heading “2015 Compensation Decisions” above in determining Dr. Morrissey’s total compensation for 2015. The Board increased Dr. Morrissey’s base salary for 2015 by 4% over his 2014 base salary. Consistent with the Compensation Committee’s recommendation, the Board has kept Dr. Morrissey’s target cash bonus at 60% of base salary, which is higher than the 45% target for the other Named Executive Officers (other than Ms. Burke’s whose target is 35% of base salary) due to his position as Chief Executive Officer and the critical role he plays at the company. This percentage has not changed since 2011, is consistent with industry practice and reflects Dr. Morrissey’s greater role in determining the course, and ability to influence the future, of the company. In line with the Compensation Committee’s recommendation to issue RSUs in lieu of paying cash bonuses for 2015, Dr. Morrissey received a grant of 114,286 RSUs which vested in full upon grant. In determining the number of RSUs for Dr. Morrissey the Compensation Committee assumed a bonus payment of 100% of Dr. Morrissey’s cash bonus target for 2015 divided by \$4.20, the closing market price of the Company’s common stock on February 11, 2016. In February 2015, upon recommendation of the Compensation Committee, in lieu of a cash bonus paid to Dr. Morrissey for 2014, the Board granted 450,000 performance-based stock options subject to specified vesting conditions tied to our METEOR trial related to cabozantinib for the treatment of advanced RCC. In determining the equity value for Dr. Morrissey, the Compensation Committee targeted approximately 100% of Dr. Morrissey’s cash bonus target. In September 2015, upon recommendation of the Compensation Committee, the Board granted Dr. Morrissey a time-based stock option to purchase 500,000 shares of our common stock which was substantially larger than those made to our other Named Executive Officers, given his position in the company and the other factors described above. The option grant is subject to our standard vesting schedule over a four year period following the date of grant. In February 2016, in consideration for his exceptional service to our company and the desire to retain Dr. Morrissey to lead our company through the potential commercial launch of cabozantinib in advanced RCC, the Compensation Committee, in consultation with the Board, granted to Dr. Morrissey 150,000 additional time-based stock options, subject to the same standard vesting schedule.

Other Compensation Information

Timing of Equity Awards

Grants of equity awards to our Named Executive Officers are generally determined and approved at our pre-scheduled Compensation Committee meetings whenever practicable. However, the Compensation Committee may otherwise approve the grant of equity awards in advance of its next scheduled meeting in connection with a new hire, promotion, and other circumstances where the Compensation Committee deems it appropriate to make such grants. All stock options are granted with an exercise price that is not less than the closing price of our common stock on The NASDAQ Global Select Market on the grant date. It is our policy not to purposely accelerate or delay the public release of material information in consideration of a pending equity grant to allow the grantee to benefit from a more favorable stock price. We recognize that a release of information in close proximity to an equity grant may appear to be an effort to time the announcement to a grantee’s benefit (even if no such benefit was intended). Accordingly, it is our policy that our management team makes a good faith effort to advise the Compensation Committee whenever it is aware that material non-public information is planned to be released to the public in close proximity to the grant of equity awards.

“Clawback” Policy

The Compensation Committee has not yet established a policy to recover bonuses from our executive officers if the performance objectives that led to a bonus determination were to be restated, or found not to have been met to the extent originally believed by the Compensation Committee. As a public company, if we are required to restate our

financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws as a result of misconduct, our Chief Executive Officer and Chief Financial Officer may be legally required to reimburse us for any bonus or other incentive-based or equity-based compensation they receive, in accordance with the provisions of Section 304 of the Sarbanes-Oxley Act of 2002. Further, the Dodd-Frank Wall Street Reform and Consumer Protection Act, or Dodd-Frank Act, requires that the SEC promulgate rules which would require that, in the event we are required to restate our financial statements, we “claw back” any bonuses paid

based on financial performance that would not have been paid if based on the restated financial performance. The SEC has not yet finalized its “claw back” rules and we expect that the Compensation Committee and Board will re-evaluate the potential adoption of a “claw back” policy once such rules have been promulgated.

Accounting and Tax Considerations

Under Financial Accounting Standard Board ASC Topic 718, or ASC 718, we are required to estimate and record an expense for each award of equity compensation (including stock options and RSUs) over the vesting period of the award. As long as stock options and RSUs remain the sole components of our long-term compensation program, we expect to record stock-based compensation expense on an ongoing basis according to ASC 718. Compensation expense relating to awards subject to performance conditions is recognized if it is probable that the performance goals will be achieved. The probability of achievement of such goals is assessed on a quarterly basis. The Compensation Committee has considered, and may in the future consider, the grant of restricted stock to our executive officers in lieu of stock option grants and/or RSU awards.

Section 162(m) of the Code limits our deduction for federal income tax purposes to not more than \$1 million of compensation paid to certain executive officers in a calendar year. Compensation above \$1 million may be deducted if it is “performance-based compensation.” Our Compensation Committee has not yet established a policy for determining which forms of incentive compensation awarded to our executive officers should be designated to qualify as “performance-based compensation.” To maintain flexibility in compensating our executive officers in a manner designed to promote our objectives, the Compensation Committee has not adopted a policy that requires all compensation to be deductible. However, the Compensation Committee intends to evaluate the effects of the compensation limits of Section 162(m) on any compensation it proposes to grant, and the Compensation Committee intends to provide future compensation in a manner consistent with our best interests and those of our stockholders.

Compensation Policies and Practices as They Relate to Risk Management

In 2015, the Compensation Committee reviewed our compensation policies and practices and concluded that the mix and design of these policies and practices are not reasonably likely to encourage our employees to take excessive risks. In connection with its evaluation, the Compensation Committee considered, among other things, the structure, philosophy and design characteristics of our primary incentive compensation plans and programs in light of our risk management and governance procedures, as well as other factors that may calibrate or balance potential risk-taking incentives. Based on this assessment, the Compensation Committee concluded that risks arising from our compensation policies and practices for all employees, including executive officers, are not reasonably likely to have a material adverse effect on us.

Conclusion

It is the Compensation Committee’s opinion that the compensation policies and elements discussed above provide the necessary incentives to align our performance and the interests of our stockholders properly while maintaining balanced and competitive executive compensation practices that enable us to attract and retain the highest caliber of executives. The year 2015 was a significant inflection point for our company: we obtained positive clinical results from our phase 3 pivotal trial METEOR, received Breakthrough Therapy and Fast Track designation from the FDA for cabozantinib in RCC, and swiftly completed our NDA submission to the FDA. These events constituted major milestones for our company, and moved us closer to our commercial launch of cabozantinib in advanced RCC. The compensation of our employees, including our Named Executive Officers, was reflective of not only of those achievements, but also the efforts of our employees to execute on the company’s proposed goals, and to ensure appropriate focus on our future business objectives. Our immediate focus now is to prepare for a potential commercial launch of cabozantinib in the United States as a treatment for patients with advanced RCC. The Compensation Committee believes that the compensation policies and elements described above, including the emphasis upon long-term equity incentive compensation, will encourage the company’s current employees, including its executive officers, to strive for the successful achievement of our immediate commercialization objectives and both short-term and long-term clinical development goals. The Compensation Committee further believes that these policies and elements support our objective of closely managing our expenses to conserve the cash resources necessary to secure long-term value appreciation.

(1) Reflects the date the Compensation Committee determined to make the grant, such grant to be effective on the grant date designated in the column to the left, at the fair market value on the grant date. The grant date was designated at the time of the Compensation Committee's action. If no date appears in this column for a particular grant, the date of approval is the same as the date of grant, as reflected in the column to the left.

(2) Options were granted as performance stock awards pursuant to Section 6(c)(i) of our 2014 Equity Plan. Vesting of the performance-based stock options is tied to performance goals set by the Compensation Committee as follows: (i) 50% of the options would vest if the Compensation Committee determined that top-line efficacy data received from the METEOR phase 3 pivotal trial of cabozantinib in advanced RCC met its primary endpoint at a specified level, with such result to occur no later than a specified date; (ii) 25% of the options would vest if the Compensation Committee confirmed that a new drug application for cabozantinib for the treatment of advanced RCC is accepted for review by the U.S. Food and Drug Administration, or FDA, by a specified date; and (iii) 25% of the options will vest if the Compensation Committee confirms that the FDA has approved cabozantinib for the treatment of advanced RCC by a specified date. On July 20, 2015, the Compensation Committee convened to determine that top-line efficacy data received from METEOR met its primary endpoint at the level specified and within the time period permitted by the performance goals, resulting in the vesting of 50% of the option. On March 7, 2016, the Compensation Committee convened to determine that the NDA for cabozantinib for the treatment of advanced RCC was accepted for review by the FDA within the time period permitted by the performance goals,

resulting in the vesting of 25% of the option. If the Compensation Committee has not concluded that FDA has approved cabozantinib for the treatment of advanced RCC by the specified date, the performance stock award with respect to that performance goal will be forfeited. Each stock award expires seven years from the date of grant or earlier upon termination of service and is subject to vesting acceleration as described under the caption “Potential Payments Upon Termination or Change-in-Control” below.

- (3) RSU award was granted pursuant to our 2014 Equity Plan. The RSU award will vest in full on the one year anniversary of the date of grant, provided that delivery may be delayed pursuant to the terms of the award agreement. Vesting is subject to acceleration as described under the caption “—Potential Payments Upon Termination or Change-in-Control” below.

The option award was granted pursuant to our 2014 Equity Plan and expires seven years from the date of grant or earlier upon termination of service. The option will vest as to 1/4th of the original number of shares subject to the (4) option on the one-year anniversary of the grant date and will continue to vest thereafter as to 1/48th of the original number of shares subject to the option on each monthly anniversary of the grant date. Vesting is subject to acceleration as described under the caption “—Potential Payments Upon Termination or Change-in-Control” below. Amounts shown in this column do not reflect compensation actually received or amounts that may be realized in the future by the Named Executive Officers. The amounts shown in this column reflect the aggregate grant date fair value in fiscal year 2015 for the option award as computed in accordance with ASC 718, excluding estimates of forfeiture. The assumptions used to calculate the value of the option award are set forth in Note 10 of the Notes (5) to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 1, 2016, filed with the SEC on February 29, 2016. There can be no assurance that the stock option award will ever be exercised (in which case no value will actually be realized by the executive) or that the value on exercise will be equal to the ASC 718 value shown in this column.

Compensation Arrangements

Base Salaries. For a description of actions taken by the Compensation Committee with respect to base salaries for our Named Executive Officers for fiscal 2015, please see “Compensation Discussion and Analysis-2015 Compensation Decisions-2015 Base Salaries” above.

Annual Cash Bonuses (Equity In Lieu of Cash). Each year the Compensation Committee considers payment of annual cash bonuses to Named Executive Officers for services rendered in the past year. Whether or not a bonus is paid for any year is solely within the discretion of the Board or Compensation Committee upon delegation by the Board. While the Compensation Committee has established general guidelines related to bonus target amounts and the portion of each Named Executive Officer’s annual cash bonus that is tied to company-wide, department or personal performance components, the Compensation Committee exercises broad discretion in determining the amount of cash bonuses and does not attempt to quantify the level of achievement of corporate goals or the extent to which each Named Executive Officer or his or her department contributed to Exelixis’ overall success. Accordingly, we do not consider these bonuses to be “Non-Equity Incentive Plan Compensation” within the meaning of applicable SEC rules.

For additional information with respect to annual bonuses for our Named Executive Officers for fiscal 2015, please see “Compensation Discussion and Analysis-2015 Compensation Decisions-2015 Annual Cash Bonuses (Equity in Lieu of Cash)” above.

Stock Awards and Option Awards. Our 2014 Equity Plan provides for the grant of RSUs and compensatory stock options to our Named Executive Officers and other employees. In 2015, we granted both performance-based and time-based stock options to our Named Executive Officers to keep our management team focused on certain shorter-term objectives that we believe will further our longer-term business strategy. In 2015, we also granted a time-based RSU award to Mr. Senner in connection with his joining the company in July 2015.

For information regarding stock option grants to the Named Executive Officers in fiscal 2015, including the number of options granted, the exercise price and vesting conditions related thereto, please see “Compensation Discussion and Analysis-2015 Compensation Decisions-2015 Equity Incentive Awards” above. As a general matter, the vested portion of options granted to our Named Executive Officers will expire three months after each Named Executive Officer’s termination of continuous service, subject to extension in certain termination situations or events that can accelerate the vesting, as described under “Potential Payments Upon Termination or Change-in-Control” below.

Employment Agreements. We have no employment agreements with our Named Executive Officers.

Change in Control and Severance Benefit Plan. Each of our Named Executive Officers participates in our Change in Control and Severance Benefit Plan, a description of which is included below under the heading “Potential Payments Upon Termination or Change-in-Control.”

Other Compensatory Arrangements. Please see “Compensation Discussion and Analysis-Elements of Compensation-Other Benefits” above for a description of other executive compensatory arrangements, including our 401(k) Retirement Plan and other benefits.

(1) Option awards granted prior to January 26, 2010, were issued under our 2000 Equity Incentive Plan, have vested in full and expire ten years from the date of grant or earlier upon termination of service. There were no option awards granted to Named Executive Officers between January 26, 2010, and May 18, 2011. Option awards granted between May 18, 2011, and May 28, 2014, were issued under our 2011 Equity Incentive Plan, or 2011 Equity Plan, are either subject to time-based vesting or performance-based vesting and expire seven years from the date of grant or earlier upon termination of continuous service. Vesting of awards granted under the 2011 Equity Plan still subject to vesting is set forth in the applicable footnote accompanying the entry. All option awards granted pursuant to our 2011 Equity Plan subject to time-based vesting have vested in part, and the remaining unvested portion will vest as to 1/48th of the original number of shares subject to the option on each monthly anniversary of the vesting commencement date. All option awards granted under our 2011 Equity Plan subject to

performance-based vesting have either been cancelled or are vested in full. Option awards granted after May 28, 2014, were issued under our 2014 Equity Plan, are either subject to time-based vesting or performance-based vesting and expire seven years from the date of grant or earlier upon termination of service. Vesting of awards granted under the 2014 Equity Plan is set forth in the applicable footnote accompanying the entry. Option awards granted pursuant to our 2014 Equity Plan subject to time-based vesting, vest as to 1/4th of the original number of shares subject to the option on the one-year anniversary of the vesting commencement date and thereafter as to 1/48th of the original number of shares subject to the option on each monthly anniversary of the vesting commencement date. Option awards granted pursuant to our 2014 Equity Plan subject to performance-based vesting, vest in full, in part or not at all based on achievement of certain goals set by the Compensation Committee as described below in Footnote 6. Vesting of all options issued to our Named Executive Officers are subject to acceleration as described under the caption “Potential Payments Upon Termination or Change-in-Control” below.

- RSU awards granted prior to May 28, 2014, were issued under our 2011 Equity Plan and RSU awards granted after May 28, 2014, were issued under our 2014 Equity Plan. Except as described in Footnote 9, RSU awards generally vest as to 1/4th of the original number of shares subject to the RSU award on the first established RSU vesting date following the one year anniversary of the grant date and thereafter as to 1/4th of the original number of shares subject to the RSU award on each anniversary of the first established RSU vesting date following the one year anniversary of the grant date, until fully-vested. We have established February 15th, May 15th, August 15th and November 15th as restricted stock unit vesting dates. Vested shares will be delivered to the Named Executive Officer on the applicable vesting date, provided that delivery may be delayed pursuant to the terms of the award agreement. Vesting of all RSU awards issued to our Named Executive Officers is subject to acceleration as described under the caption “Potential Payments Upon Termination or Change-in-Control” below.
- (2) For purposes of determining market value, we assumed a stock price of \$5.64, the closing sale price per share of our common stock on December 31, 2015, the last business day of our last fiscal year.
- Options vest as to 1/48th of the original number of shares subject to the option on each monthly anniversary of the vesting commencement date with a final vesting date of September 21, 2016 (assuming that such options are not accelerated).
- (4) Options vest as to 1/48th of the original number of shares subject to the option on each monthly anniversary of the vesting commencement date with a final vesting date of September 18, 2017 (assuming that such options are not accelerated).
- Options were granted as performance stock awards pursuant to Section 6(c)(i) of our 2014 Equity Plan. Vesting of the performance-based stock options is tied to performance goals set by the Compensation Committee as follows:
- (i) 50% of the options would vest if the Compensation Committee determined that top-line efficacy data received from the METEOR phase 3 pivotal trial of cabozantinib in advanced RCC met its primary endpoint at a specified level, with such result to occur no later than a specified date; (ii) 25% of the options would vest if the Compensation Committee confirmed that a new drug application for cabozantinib for the treatment of advanced RCC is accepted for review by the U.S. Food and Drug Administration, or FDA, by a specified date; and (iii) 25% of the options will vest if the Compensation Committee confirms that the FDA has approved cabozantinib for the treatment of advanced RCC by a specified date. On July 20, 2015, the Committee convened to determine that top-line efficacy data received from METEOR met its primary endpoint at the level specified and within the time period permitted by the performance goals, resulting in the vesting of 50% of the option. On March 7, 2016, the Committee convened to determine that the NDA for cabozantinib for the treatment of advanced RCC was accepted for review by the FDA within the time period permitted by the performance goals, resulting in the vesting of 25% of the option. If the Compensation Committee has not concluded that FDA has approved cabozantinib for the treatment of advanced RCC by the specified date, the performance stock award with respect to that performance goal will be forfeited.
- (6) Option vests as to 1/4th of the original number of shares subject to the option on the one-year anniversary of the grant date and thereafter as to 1/48th of the original number of shares subject to the option on each monthly anniversary of the grant date with a final vesting date of September 16, 2019 (assuming that such options are not accelerated).
- (7) Option vests as to 1/4th of the original number of shares subject to the option on the one-year anniversary of the grant date and thereafter as to 1/48th of the original number of shares subject to the option on each monthly anniversary of the grant date with a final vesting date of July 15, 2019 (assuming that such options are not accelerated).
- (8) RSU vests in full on July 15, 2016, the one-year anniversary of the grant date (assuming that such RSUs are not accelerated).
- (9) RSUs vest as to 1/4th of the original number of shares subject to the RSU award on each November 15th with a final vesting date of November 15, 2016 (assuming that such RSUs are not accelerated).
- (10) RSUs vest as to 1/4th of the original number of shares subject to the RSU award on each November 15th with a final vesting date of November 15, 2017 (assuming that such RSUs are not accelerated).
- (11)
- (12)

Option vests as to 1/48th of the original number of shares subject to the option on each monthly anniversary of the grant date with a final vesting date of February 10, 2018 (assuming that such options are not accelerated).

(1) "Value Realized on Exercise" reflects the price at which the shares acquired upon exercise of the stock options were sold, net of the exercise price for acquiring the shares.

"Value Realized on Vesting" reflects the product of the fair market value of our common stock on the applicable (2) vesting date multiplied by the number of units vested and does not necessarily reflect proceeds actually received by the Named Executive Officers.

Potential Payments Upon Termination or Change-in-Control

Change in Control and Severance Benefit Plan

In December 2005, the Board, upon recommendation of the Compensation Committee, adopted a Change in Control and Severance Benefit Plan that provides for certain severance benefits to our officers in connection with specified termination events. Eligible plan participants may include any employee having a rank of vice president or above, which includes the Named Executive Officers. We amended our Change in Control and Severance Benefit Plan in December 2008 and again in December 2010 to bring the plan into compliance with Section 409A of the Code and other rules governing such plans.

If a Named Executive Officer's employment terminates due to an involuntary termination without cause or a constructive termination, or Covered Termination, during a period starting one month prior to and ending 13 months following a change in control, or a Change in Control Termination, then the Named Executive Officer would be entitled to the following benefits under the plan:

a cash payment paid in installments pursuant to our regularly scheduled payroll periods equal to the sum of the Named Executive Officer's base salary and target bonus for (i) 18 months for Named Executive Officers (other than the Chief Executive Officer) and (ii) 24 months for the Chief Executive Officer;

the vesting of up to all of the Named Executive Officer's options and RSUs will accelerate in full and the exercise period of such options will be extended to the later of (i) 12 months after the change in control and (ii) the post-termination exercise period provided for in the applicable option agreement; the plan also provides that any reacquisition or repurchase rights held by us in respect of common stock issued or issuable pursuant to any stock awards granted under our 2000 Equity Plan, 2011 Equity Plan and 2014 Equity Plan shall lapse;

payment of COBRA premiums, or the cash equivalent thereof, for any health, dental or vision plan sponsored by Exelixis for a period of up to (i) 18 months for Named Executive Officers (other than the Chief Executive Officer) and (ii) 24 months for the Chief Executive Officer; and

payment of outplacement services for (i) 18 months for Named Executive Officers (other than the Chief Executive Officer), subject to a \$30,000 limit and (ii) 24 months for the Chief Executive Officer, subject to a \$50,000 limit.

In the event of a Covered Termination of a Named Executive Officer that is not also a Change in Control Termination, such Named Executive Officer would be entitled to receive a cash severance benefit under the plan equal to six months of base salary paid in installments pursuant to our regularly scheduled payroll periods. In such

circumstances, we would also pay for a period of up to six months such Named Executive Officer's COBRA premiums, or the cash equivalent thereof, for any health, dental or vision plan that we sponsored and that the Named Executive Officer is enrolled in. However, such Named Executive Officer would not be entitled to any vesting acceleration benefits by virtue of such termination.

The payments and benefits described above are subject to certain reductions and offsets if, for example, the Named Executive Officer received other severance benefits from us pursuant to a written employment agreement. In addition, if any of the severance benefits payable under the plan would constitute a "parachute payment" subject to the excise tax imposed by Section 4999 of the Code, a Named Executive Officer may receive a reduced amount of the affected severance benefits. The plan does not provide for the gross up of any excise taxes imposed by Section 4999 of the Code. No Named Executive Officer would receive benefits under the plan if (i) the Named Executive Officer has entered into an individually negotiated employment agreement that provides for severance or change in control benefits, (ii) the Named Executive Officer voluntarily terminates employment with us to accept employment with another entity that is controlled by us or is otherwise affiliated with us or (iii) the Named Executive Officer does not confirm in writing that he or she is subject to agreements with us relating to proprietary and confidential information. In addition, as a general matter, to be eligible to receive benefits under the plan and if requested by Exelixis, a Named Executive Officer must execute a general waiver and release of claims, and such release must become effective in accordance with its terms.

Treatment of Equity Awards

Pursuant to our 2000 Equity Plan, 2011 Equity Plan and 2014 Equity Plan, in the event of an asset sale, merger or consolidation in which we are not the surviving corporation, or a reverse merger in which we are the surviving corporation but our common stock is converted by virtue of the merger into other property, then any surviving or acquiring corporation may assume outstanding stock awards or substitute similar stock awards for those under the plan. If any surviving or acquiring corporation refuses to assume such outstanding stock awards or substitute similar stock awards, stock awards held by participants whose service has not terminated will be accelerated in full. In addition, if any person, entity or group acquires beneficial ownership of more than 50% of our combined voting power, then stock awards held by participants whose service has not terminated will be accelerated in full.

The following table sets forth the potential severance payments and benefits under our Change in Control and Severance Benefit Plan to which a Named Executive Officer would be entitled in connection with specified termination events, as if such Named Executive Officers' employment terminated as of January 1, 2016, the last day of our last fiscal year. In addition, the table sets forth the amounts to which such Named Executive Officers would be entitled under our equity plans either (i) in connection with a change in control transaction in which the successor corporation did not assume or substitute outstanding stock awards, or (ii) an entity or group acquired more than 50% of our combined voting power, in each case, as of January 1, 2016. There are no other agreements, arrangements or plans that entitle any of the above-mentioned Named Executive Officers to severance, perquisites or other enhanced benefits upon termination of employment, other than certain extensions of the termination date to avoid violation of registration requirements under the Securities Act of 1933, as amended, or for such Named Executive Officer's death or disability.

The following table shows the potential payments upon termination of employment or a change in control for the Named Executive Officers. The table assumes that the triggering event took place on January 1, 2016, the last day of our 2015 fiscal year.

These benefits would be payable under the Change in Control and Severance Benefit Plan if the involuntary
(1) termination without cause or constructive termination occurred during a period starting one month prior to and ending 13 months following the change in control.

These benefits would be payable under the Change in Control and Severance Benefit Plan if the involuntary
(2) termination without cause occurred more than one month before the change in control or if the involuntary termination without cause or a constructive termination occurred more than 13 months following the change in control.

These benefits would be payable under the 2000 Equity Plan and/or the 2011 Equity Plan and/or the 2014 Equity Plan if either (i) a successor corporation does not assume outstanding stock awards in a change of control
(3) transaction or (ii) a person, entity or group acquires beneficial ownership of more than 50% of our combined voting power, and, in each case, the Named Executive Officers do not terminate employment in connection with such a transaction or event.

Assumes that the triggering event occurred on January 1, 2016, the last day of our last fiscal year. However, due to the federal holiday on January 1, 2016, for purposes of this table, we assumed a stock price of \$5.64, the closing sale price per share of our common stock on December 31, 2015, the last business day of our last fiscal year. The amount of the vesting acceleration is determined by: (i) aggregating for all accelerated options, the amount equal to
(4)(A) the excess, if any, of \$5.64 over the relevant exercise price of the option, multiplied by (B) the number of shares underlying unvested options at such exercise price as of December 31, 2015, and (ii) aggregating for all accelerated RSUs, the amount equal to (X) \$5.64 multiplied by (Y) the number of shares underlying the unvested RSUs. There can be no assurance that a similar triggering event would produce the same or similar results as those estimated if such event occurs on any other date or at a time when our closing sale price is different.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2015, the Compensation Committee comprised Drs. Cohen, Marchesi and Willsey. None of the members of the Compensation Committee during 2015 has at any time been an officer or employee of Exelixis, except that Dr. Cohen served as our acting Chief Scientific Officer from December 1995 to April 1997, and was named an officer of one of our former subsidiaries from 2001 through March 2005, for which he did not receive any compensation. No interlocking relationship exists between the Board or Compensation Committee and the board of directors or compensation committee of any other company, nor has any interlocking relationship existed in the past.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Indemnification Agreements

As permitted by Delaware law, our Certificate of Incorporation provides that no director will be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for:

- any breach of duty of loyalty to us or our stockholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- unlawful payment of dividends or unlawful stock repurchases or redemptions; or
- any transaction from which the director derived an improper personal benefit.

Our Bylaws provide that we will indemnify our directors and executive officers and may indemnify our other officers and employees and other agents to the fullest extent permitted by law. We believe that indemnification under our Bylaws covers at least negligence and gross negligence on the part of indemnified parties. Our Bylaws also permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in such capacity, regardless of whether the Bylaws would permit indemnification.

We have entered into agreements to indemnify our directors and executive officers, in addition to the indemnification provided for in our Bylaws. These agreements, among other things, indemnify our directors and executive officers for certain expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by any such person in any action or proceeding, including any action by Exelixis, arising out of such person's services as a director or executive officer with respect to Exelixis, any of our subsidiaries or any other company or enterprise to which the person provides services at our request. We believe that these provisions and agreements are necessary to attract and retain qualified persons as directors and executive officers.

Policies and Procedures with Respect to Related Party Transactions

The Board recognizes that related party transactions can present a heightened risk of potential or actual conflicts of interests. The Board adopted a written Statement of Policy with respect to transactions entered into with related parties. Under this policy, the Audit Committee has been tasked with responsibility to review and approve related party transactions. The policy provides that management shall present related party transactions to the Audit Committee for approval. The policy does not prevent management from entering into any related party transaction without prior approval of the Audit Committee, so long as such related party transaction is thereafter presented to the Audit Committee for ratification. If ratification is not forthcoming, then management shall make all reasonable efforts to cancel or annul such transaction.

Under the policy, a "related party" includes: any senior officer (including each executive officer or officer subject to Section 16 of the Securities Exchange Act of 1934, as amended) or director of Exelixis; a person who is an immediate family member of a senior officer, director or director nominee; a security holder who is known to own of record or beneficially more than 5% percent of any class of our securities; a person who is an immediate family member of such security holder; or an entity which is owned or controlled by one of the aforementioned persons, or an entity in which one of the aforementioned persons has a substantial ownership interest in or control over such entity.

All related party transactions shall be disclosed in our applicable filings with the SEC as required under SEC rules.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers and persons who own more than ten percent of a registered class of our equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities of Exelixis.

Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended January 1, 2016, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers, banks and other fiduciaries) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice or other Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be householding proxy materials. A single Notice will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Notice, please notify your broker or direct your written request to Investor Relations, Exelixis, Inc., 210 East Grand Avenue, South San Francisco, California 94080 or contact Exelixis, Inc., Investor Relations at (650) 837-7000. Stockholders who currently receive multiple copies of the Notice at their address and would like to request householding of their communications should contact their broker.

ANNUAL REPORT ON FORM 10-K

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

Each Offering shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate, which shall comply with the requirements of Section 423(b)(5) of the Code that all Employees granted Rights to purchase Shares under the Plan shall have the same rights and privileges. The terms and conditions of an Offering shall be incorporated by reference into the Plan and treated as part of the Plan. The provisions of separate Offerings need not be identical, but each Offering shall include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering shall be effective, which period shall not exceed twenty-seven (27) months beginning with the Offering Date, and the substance of the provisions contained in Sections 6 through 9, inclusive.

6. Eligibility.

(a)Rights may be granted only to Employees of the Company or, as the Board may designate as provided in Section 3(b), to Employees of an Affiliate.

(i)Except as provided in Section 6(b), an Employee shall not be eligible to be granted Rights under the Plan unless, on the Offering Date, such Employee has been in the employ of the Company or the Affiliate, as the case may be, for such continuous period preceding such grant as the Board may require in the Offering, but in no event shall the required period of continuous employment be equal to or greater than two (2) years.

(ii)The Board may provide in an Offering that Employees whose customary employment is twenty (20) hours or less per week shall not be eligible to participate.

(iii)The Board may provide in an Offering that Employees whose customary employment is for not more than five (5) months in any calendar year shall not be eligible to participate.

(iv)The Board may provide in an Offering that Employees who are highly compensated Employees within the meaning of Section 423(b)(4)(D) of the Code shall not be eligible to participate.

(b)The Board may provide that each person who, during the course of an Offering, first becomes an Eligible Employee will, on a date or dates specified in the Offering which coincides with the day on which such person

becomes an Eligible Employee or which occurs thereafter, receive a Right under that Offering, which Right shall thereafter be deemed to be a part of that Offering. Such Right shall have the same characteristics as any Rights originally granted under that Offering, as described herein, except that:

- (i) the date on which such Right is granted shall be the “Offering Date” of such Right for all purposes, including determination of the exercise price of such Right;
- (ii) the period of the Offering with respect to such Right shall begin on its Offering Date and end coincident with the end of such Offering; and
- (iii) the Board may provide that if such person first becomes an Eligible Employee within a specified period of time before the end of the Offering, he or she will not receive any Right under that Offering.

(c) No Employee shall be eligible for the grant of any Rights under the Plan if, immediately after any such Rights are granted, such Employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Affiliate. For purposes of this Section 6(c), the rules of Section 424(d) of the Code shall apply in determining the stock ownership of any Employee, and stock which such Employee may purchase under all outstanding rights and options shall be treated as stock owned by such Employee.

(d) An Eligible Employee may be granted Rights under the Plan only if such Rights, together with any other rights granted under all Employee Stock Purchase Plans of the Company and any Affiliates, as specified by Section 423(b)(8) of the Code, do not permit such Eligible Employee's rights to purchase stock of the Company or any Affiliate to accrue at a rate which exceeds twenty five thousand dollars (\$25,000) of the Fair Market Value of such stock (determined at the time such rights are granted, and which, with respect to the Plan, will be determined as of their respective Offering Dates) for each calendar year in which such rights are outstanding at any time.

7. Rights; Purchase Price.

(a) On each Offering Date, each Eligible Employee, pursuant to an Offering made under the Plan, shall be granted the Right to purchase up to the number of Shares purchasable either:

(i) with a percentage designated by the Board not exceeding fifteen percent (15%) of such Employee's Earnings (as defined by the Board in each Offering) during the period which begins on the Offering Date (or such later date as the Board determines for a particular Offering) and ends on the date stated in the Offering, which date shall be no later than the end of the Offering; or

(ii) with a maximum dollar amount designated by the Board that, as the Board determines for a particular Offering, (1) shall be withheld, in whole or in part, from such Employee's Earnings (as defined by the Board in each Offering) during the period which begins on the Offering Date (or such later date as the Board determines for a particular Offering) and ends on the date stated in the Offering, which date shall be no later than the end of the Offering and/or (2) shall be contributed, in whole or in part, by such Employee during such period.

(b) The Board shall establish one or more Purchase Dates during an Offering on which Rights granted under the Plan shall be exercised and purchases of Shares carried out in accordance with such Offering.

(c) In connection with each Offering made under the Plan, the Board may specify (i) a maximum amount of Shares that may be purchased by any Participant pursuant to such Offering, (ii) a maximum amount of Shares that may be purchased by any Participant on any Purchase Date pursuant to such Offering, (iii) a maximum aggregate amount of Shares that may be purchased by all Participants pursuant to such Offering, and/or (iv) a maximum aggregate amount of Shares that may be purchased by all Participants on any Purchase Date pursuant to such Offering. If the aggregate purchase of Shares issuable upon exercise of Rights granted under the Offering would exceed any such maximum aggregate amount, then, in the absence of any Board action otherwise, the Board shall make a pro rata allocation of the Shares available in as nearly a uniform manner as shall be practicable and as it shall deem to be equitable.

(d) The purchase price of Shares acquired pursuant to Rights granted under the Plan shall be not less than the lesser of:

(i) an amount equal to eighty-five percent (85%) of the Fair Market Value of the Shares on the Offering Date; or

(ii) an amount equal to eighty-five percent (85%) of the Fair Market Value of the Shares on the applicable Purchase Date.

8. Participation; Withdrawal; Termination.

(a) An Eligible Employee may become a Participant in the Plan pursuant to an Offering and may elect to authorize payroll deductions as the means of making Contributions by delivering a participation agreement to the Company within the time specified in the Offering, in such form as the Company provides. Each such agreement shall authorize Contributions of up to the maximum percentage specified by the Board of such Employee's Earnings during the Offering (as defined in each Offering). The Contributions made for each Participant shall be credited to a bookkeeping account for such Participant under the Plan and shall be deposited with the general funds of the Company, except where applicable law requires that Contributions be deposited with a third party. To the extent provided in the Offering, a Participant may reduce (including to zero) or increase such Contributions.

To the extent provided in the Offering, a Participant may begin such Contributions on or after the beginning of the Offering. To the extent specifically provided in the Offering, in addition to or instead of making Contributions by payroll deductions, a Participant may make Contributions through payment by cash or check prior to a Purchase Date.

(b) At any time during an Offering, a Participant may cease making Contributions and withdraw from the Offering by delivering to the Company a notice of withdrawal in such form as the Company provides. Such withdrawal may be elected at any time prior to the end of the Offering except as provided by the Board in the Offering. Upon such withdrawal from the Offering by a Participant, the Company shall distribute to such Participant all of his or her accumulated Contributions (reduced to the extent, if any, such Contributions have been used to acquire Shares for the Participant) under the Offering, without interest unless otherwise specified in the Offering, and such Participant's Right in that Offering shall be automatically terminated. A Participant's withdrawal from an Offering will have no effect upon such Participant's eligibility to participate in any other Offerings under the Plan but such Participant will be required to deliver a new participation agreement in order to participate in subsequent Offerings under the Plan.

(c) Rights granted pursuant to any Offering under the Plan shall terminate immediately upon cessation of any participating Employee's employment with the Company or a designated Affiliate for any reason (subject to any post-employment participation period required by law) or other lack of eligibility. The Company shall distribute to such Employee all of his or her accumulated Contributions (reduced to the extent, if any, such Contributions have been used to acquire Shares for the Employee) under the Offering, without interest unless otherwise specified in the Offering.

(d) Rights granted under the Plan shall not be transferable by a Participant otherwise than by will or the laws of descent and distribution, or, if permitted by the Company, by a beneficiary designation as provided in Section 15 and, otherwise during his or her lifetime, shall be exercisable only by the person to whom such Rights are granted.

(e) Unless otherwise specified in an Offering, the Company will have no obligation to pay interest on Contributions.

9. Exercise.

(a) On each Purchase Date specified therefor in the relevant Offering, each Participant's accumulated Contributions (without any increase for interest) will be applied to the purchase of Shares up to the maximum amount of Shares permitted pursuant to the terms of the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional Shares shall be issued upon the exercise of Rights granted under the Plan unless specifically provided for in the Offering.

(b) Unless otherwise specifically provided in the Offering, if any amount of accumulated Contributions remains in a Participant's account after the purchase of Shares and such remaining amount is less than the amount required to purchase one Share on the final Purchase Date of an Offering, then such remaining amount shall be held in such Participant's account for the purchase of Shares under the next Offering under the Plan, unless such Participant withdraws from or is not eligible to participate in such next Offering, in which case such amount shall be distributed to such Participant after the final Purchase Date without interest. If the amount of Contributions remaining in a Participant's account after the purchase of Shares is at least equal to the amount required to purchase one Share on the final Purchase Date of an Offering, then such remaining amount shall be distributed in full to such Participant after the final Purchase Date of such Offering without interest.

(c) No Rights granted under the Plan may be exercised to any extent unless the Shares to be issued upon such exercise under the Plan (including Rights granted thereunder) are covered by an effective registration statement pursuant to the Securities Act and the Plan is in material compliance with all applicable state, foreign and other securities and other laws applicable to the Plan. If on a Purchase Date in any Offering hereunder the Shares are not so registered or the

Plan is not in such compliance, no Rights granted under the Plan or any Offering shall be exercised on such Purchase Date, and the Purchase Date shall be delayed until the Shares are subject to such an effective registration statement and the Plan is in such compliance, except that the Purchase Date shall not be delayed more than twelve (12) months and the Purchase Date shall in no event be more than twenty-seven (27) months from the Offering Date. If, on the Purchase Date of any Offering hereunder, as delayed to the maximum extent permissible, the Shares are not so registered or the Plan is not in such compliance, no Rights granted under the Plan or any Offering shall be exercised and all Contributions accumulated during the Offering (reduced to the extent, if any, such Contributions have been used to acquire Shares) shall be distributed to the Participants, without interest unless otherwise specified in the Offering.

10. Covenants of the Company.

The Company shall seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Rights under the Plan and issue and sell Shares upon exercise of the Rights granted under the Plan. If, after commercially reasonable efforts, the Company is unable to obtain from any such

regulatory commission or agency the authority which counsel for the Company deems necessary for the grant of Rights under the Plan or the lawful issuance and sale of Shares under the Plan, and at a commercially reasonable cost, the Company shall be relieved from any liability for failure to grant Rights under the Plan and/or to issue and sell Shares upon exercise of such Rights.

11. Use of Proceeds from Shares.

Proceeds from the sale of Shares pursuant to Rights granted under the Plan shall constitute general funds of the Company.

12. Rights as a Stockholder.

A Participant shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to, Shares subject to Rights granted under the Plan unless and until the Participant's Shares acquired upon exercise of Rights under the Plan are recorded in the books of the Company.

13. Adjustments upon Changes in Securities; Corporate Transactions.

(a) If any change is made in, or other events occur with respect to, the Shares subject to the Plan or subject to any Right, without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, reverse stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto)) (a "Capitalization Adjustment"), the Plan will be appropriately adjusted in the class(es) and maximum number of Shares subject to the Plan pursuant to Section 4(a), and the outstanding Rights and Offerings will be appropriately adjusted in the class(es), number of Shares subject to, purchase price applicable to, and purchase limits of such outstanding Rights and Offerings. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. Notwithstanding the foregoing, the conversion of any convertible securities of the Company shall not be treated as a Capitalization Adjustment.

(b) In the event of (i) a dissolution or liquidation of the Company, (ii) a sale, lease or other disposition of all or substantially all of the assets of the Company, (iii) a merger, consolidation or similar transaction in which the Company is not the surviving corporation, (iv) a reverse merger, consolidation or similar transaction in which the Company is the surviving corporation but the Shares outstanding immediately preceding the merger, consolidation or similar transaction are converted by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise, or (v) an acquisition by any Exchange Act Person of the beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act, or comparable successor rule) of securities of the Company representing at least fifty percent (50%) of the combined voting power entitled to vote in the election of members of the Board (each, a "Corporate Transaction"), (1) any surviving or acquiring corporation (or its parent company) shall assume Rights outstanding under the Plan or shall substitute similar rights (including a right to acquire the same consideration paid to stockholders in the Corporate Transaction) for those outstanding under the Plan, or (2) in the event any surviving or acquiring corporation (or its parent company) refuses to assume such Rights or to substitute similar rights for those outstanding under the Plan, then, as determined by the Board in its sole discretion, such Rights may continue in full force and effect or the Participants' accumulated Contributions (exclusive of any accumulated interest which cannot be applied toward the purchase of Shares under the terms of the Offering) may be used to purchase Shares immediately prior to the Corporate Transaction under the ongoing Offering and the Participants' Rights under the ongoing Offering thereafter terminated.

14. Amendment, Suspension or Termination of the Plan.

(a)The Board at any time, and from time to time, may amend the Plan. However, except as provided in Section 13(a) relating to Capitalization Adjustments, stockholder approval will be required for any amendment of the Plan for which stockholder approval is required by applicable law or listing requirements, including any amendment that either (i) materially increases the number of Shares available for issuance under the Plan, (ii) materially expands the class of individuals eligible to become Participants and receive Rights, (iii) materially increases the benefits accruing to Participants under the Plan or materially reduces the price at which Shares may be purchased under the Plan, (iv) materially extends the term of the Plan, or (v) expands the types of awards available for issuance under the Plan, but in each of (i) through (v) above only to the extent stockholder approval is required by applicable law or listing requirements.

(b)The Board in its discretion may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate at the time that all of the Shares subject to the Plan's reserve, as increased and/or adjusted from time to time, have

been issued under the terms of the Plan. No Rights may be granted under the Plan while the Plan is suspended or after it is terminated.

(c) Any benefits, privileges, entitlements and obligations under any outstanding Rights granted before an amendment, suspension or termination of the Plan shall not be materially impaired by any such amendment, suspension or termination except (i) with the consent of the person to whom such Rights were granted, (ii) as necessary to comply with any laws, listing requirements, or governmental regulations (including, without limitation, the provisions of Section 423 of the Code and the regulations and other interpretive guidance issued thereunder relating to Employee Stock Purchase Plans) including, without limitation, any such regulations or other guidance that may be issued or amended after the effective date of the Plan, or (iii) as necessary to obtain or maintain favorable tax, listing, or regulatory treatment. To be clear, the Board may amend outstanding Rights without a Participant's consent if such amendment is necessary to ensure that the Right and/or the Plan complies with the requirements of Section 423 of the Code.

Notwithstanding anything in the Plan or any Offering to the contrary, the Board will be entitled to: (i) establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars; (ii) permit Contributions in excess of the amount designated by a Participant in order to adjust for mistakes in the Company's processing of properly completed Contribution elections; (iii) establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Shares for each Participant properly correspond with amounts withheld from the Participant's Contributions; (iv) amend any outstanding Rights or clarify any ambiguities regarding the terms of any Offering to enable the Rights to qualify under and/or comply with Section 423 of the Code; and (v) establish other limitations or procedures as the Board determines in its sole discretion advisable that are consistent with the Plan. The actions of the Board pursuant to this paragraph will not be considered to alter or impair any Rights granted under an Offering as they are part of the initial terms of each Offering and the Rights granted under each Offering.

15. Designation of Beneficiary.

(a) The Company may, but is not obligated to, permit a Participant to file a written designation of a beneficiary who is to receive any Shares and/or cash, if any, from the Participant's account under the Plan in the event of such Participant's death subsequent to the end of an Offering but prior to delivery to the Participant of such Shares and cash. In addition, the Company may, but is not obligated to, permit a Participant to file a written designation of a beneficiary who is to receive any cash from the Participant's account under the Plan in the event of such Participant's death during an Offering. The Company may, but is not obligated to, permit the Participant to change such designation of beneficiary at any time by written notice. Any such designation and/or change must be on a form approved by the Company.

(b) In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Company shall deliver such Shares and/or cash to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such Shares and/or cash to the spouse or to any one or more dependents or relatives of the Participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

16. Effective Date of Plan.

The Plan shall become effective as determined by the Board, but no Rights granted under the Plan shall be exercised unless and until the Plan has been approved by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted by the Board.

17. Miscellaneous Provisions.

(a)The Plan and Offering do not constitute an employment contract. Nothing in the Plan or in the Offering will in any way alter the at will nature of a Participant's employment or be deemed to create in any way whatsoever any obligation on the part of any Participant to continue in the employ of the Company or an Affiliate, or on the part of the Company or an Affiliate to continue the employment of a Participant.

(b)The provisions of the Plan will be governed by the laws of the State of California without resort to that state's conflicts of laws rules.
