REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of
Flagstar Bank 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of Flagstar Bank 401(k) Plan (the Plan) as of December 31, 2008 and 2007, and the related statement of changes in net assets available for benefits for the year ended December 31, 2008. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008 and 2007, and the changes in net assets available for benefits for the year ended December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, Schedule H, line 4i Schedule of Assets (Held at End of Year), is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2008 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2008 financial statements taken as a whole.

**Flagstar Bank 401(k) Plan
Notes to Financial Statements
December 31, 2008 and 2007**

Note A Description of Plan

The following description of the Flagstar Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

General

The Plan is a defined contribution plan covering all employees of Flagstar Bancorp, Inc. (the Company) who have met the eligibility service requirements. An employee is eligible to participate in the Plan after three months of service and is age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Eligible employees may contribute up to 60% in 2008 up to the statutory limits (\$15,500 in 2008) per annum, of their eligible compensation to the Plan. Participants that meet certain criteria may make additional catch-up contributions of up to \$5,000 in 2008. Participants may also contribute amounts representing rollover contributions from other qualified defined benefit or defined contribution plans. The Company matches employee contributions up to 3% per annum of the employee s compensation, up to a maximum contribution of \$6,900, excluding the catch-up contributions. The Company may make discretionary contributions to the Plan. No discretionary contributions were made in 2008. All contributions are invested in accordance with the participant s directive.

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the Company contributions and related earnings is based on years of service. A participant becomes 100% vested in Company contributions after five years of credited service.

Participants Accounts

Each participant s account is credited with the participant s contribution, the Company contribution made on the employee s behalf and an allocation of Plan earnings based on the employee s account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account.

Participant Loans

Participant loans are permitted by the Plan. Participants may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant s vested account balance, reduced by the highest outstanding loan balance in the preceding 12 months. All loans must be repaid in level payments through after-tax payroll deductions over a five-year period or up to 10 years for the purchase of a primary residence. The loans are collateralized by up to 50% of a participant s account balance and bear interest at rates ranging from 5.00% 9.25%, as determined by the Plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in 1% increments in any of the available investment options. Participants may change their designation daily.

Payment of Benefits

Upon termination of services, retirement, attainment of age 59-1/2, death or disability, the participant or his or her beneficiaries are entitled to receive a distribution based on the vested amount of his or her account. A participant may also receive a distribution of his or her vested account balance in the case of financial hardship subject to the discretion of the Plan s administrator.

Table of Contents

**Flagstar Bank 401(k) Plan
Notes to Financial Statements Continued
December 31, 2008 and 2007**

Forfeitures

If a participant terminates employment, any non-vested portion of the participant's account is forfeited. Forfeitures are applied to plan expenses and any amounts remaining are then used to reduce the contributions of the Company. Forfeited non-vested accounts totaled \$406,000 at December 31, 2008. In 2008, Company contributions were reduced by \$535,000 from forfeited non-vested accounts.

Administrative Expenses

The Company pays a portion of the Plan's administrative expenses.

Note B Summary of Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value using the methods described in Note C The Plan's investment in the Fidelity Managed Income Portfolio (the Stable Return Fund), a common collective trust sponsored by Fidelity Management Trust Company consists of benefit responsive investment contracts. Benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount the participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment in the common collective trust fund as well as the adjustment of the investment in the common collective trust fund from fair value to contract value relating to the investment contracts. Contract value approximated fair value as of December 31, 2007. The Statement of Changes in Net Assets Available for Benefits is presented on a contract value basis. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fidelity Managed Income Portfolio

The Stable Return Fund invests in a variety of investment contracts such as guaranteed investment contracts (GICs) issued by insurance companies and other financial institutions and other investment products (synthetic GICs and collective investment trusts) with similar characteristics. The Stable Return Fund primarily holds investments in fully benefit-responsive investment contracts that provide that the Plan may make withdrawals at contract value for benefit-responsive requirements.

Table of Contents

**Flagstar Bank 401(k) Plan
Notes to Financial Statements Continued
December 31, 2008 and 2007**

In determining the net assets available for benefits, the Stable Return Fund is carried at fair value based on information provided by the issuer of the common collective trust fund, by discounting the related cash flows based on current yields of similar instruments with the comparable durations considering the credit-worthiness of the issuer of the specific instruments held by the fund at year end.

The interest crediting rate is the periodic interest rate accrued to participants and is either set at the beginning of the contract and held constant, or reset periodically to reflect the performance of the underlying securities. The crediting interest rate for the Stable Return Fund was 3.04% at December 31, 2008. The average yield for the years ended December 31, 2008 was 3.57%.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Stable Return Fund at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA). The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Payment of Benefits

Benefits are recorded when paid.

Note C Fair Value Accounting

On January 1, 2008, the Plan adopted Statement of Financial Accounting Standards Boards (SFAS) No. 157, *Fair Value Measurements*. SFAS 157 establishes a framework for measuring fair value and expands disclosures about fair value measurements. SFAS 157 was issued to establish a uniform definition of fair value. The definition of fair value under SFAS 157 is market-based as opposed to company-specific.

SFAS 157 establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy favors the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows.

Level 1 Fair value is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets in which the Plan can participate.

Level 2 Fair value is based upon quoted prices for similar (i.e., not identical) assets and liabilities in active markets, and other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Fair value is based upon financial models using primarily unobservable inputs.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used by the Plan for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Flagstar Bancorp common stock: Valued at the closing price reported on the active market on which the security is traded.

Table of Contents

Flagstar Bank 401(k) Plan
Notes to Financial Statements Continued
December 31, 2008 and 2007

Mutual funds: Valued at the net asset value of the shares held by the Plan at year end.

Money Market Funds: Valued at cost which approximates the net asset value of the shares held by the Plan at year end.

Common collective trust fund: Valued at fair value, based on information provided by the issuer of the common collective trust fund, by discounting the related cash flows based on current yields of similar instruments with the comparable durations considering the credit-worthiness of the issuer of the specific instruments held by the fund at year end.

Participant loans: Valued at the amortized cost plus accrued interest, which approximates fair value.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different estimates of fair values of the same financial instruments at the reporting date.

The following table presents the Plans investments carried at fair value as of December 31, 2008, by SFAS 157 valuation hierarchy (as described above):

	Level 1	Level 2	Level 3	Investments at Fair Value
Flagstar Bancorp common stock	\$ 3,041,504	\$	\$	\$ 3,041,504
Mutual funds	46,463,706			46,463,706
Money market funds		9,351,460		9,351,460
Common collective trust fund		222,661		222,661
Participant loans			3,286,426	3,286,426
Total assets at fair value	\$49,505,210	\$9,574,121	\$3,286,426	\$62,365,757

The following table provides a summary of changes in the fair value of the Plan's level 3 assets.

	Participant Loans
Balance January 1, 2008	\$ 3,204,057
New loans issued, interest earned and repayments, net	82,369
Balance December 31, 2008	\$ 3,286,426

Notes to Financial Statements Continued
December 31, 2008 and 2007

Note D Investments

The following presents investments that represent 5% or more of the Plan's net assets.

December 31, 2008	Number of Shares	Fair Value
Fidelity Retirement Government Money Market Fund	7,736,897	\$7,736,897
Flagstar Bancorp, Inc. Common Stock	4,283,809	3,041,504
Mutual Funds		
Fidelity Growth Company Fund	112,779	5,521,645
Fidelity Diversified International Fund	212,612	4,573,293
Fidelity Dividend Growth Fund	288,659	4,557,920
Fidelity Mid-Cap Stock Fund	262,787	4,102,097
Fidelity U.S. Bond Index Funds	355,627	3,837,215
Fidelity Spartan U.S. Equity Index Fund	104,380	3,329,709

December 31, 2007	Number of Shares	Fair Value
Flagstar Bancorp, Inc. Common Stock	1,551,694	\$10,815,307
Fidelity Retirement Government Money Market Fund	5,445,684	5,445,684
Mutual Funds		
Fidelity Growth Company Fund	118,569	9,838,844
Fidelity Dividend Growth Fund	263,244	7,739,360
Fidelity Mid-Cap Stock Fund	263,343	7,700,150
Fidelity Spartan U.S. Equity Index Fund	115,435	5,991,055
Fidelity Diversified International Fund	193,116	7,705,322

During 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in fair value as determined by quoted market prices as follows:

	Net Realized and Unrealized Depreciation, in fair value of investments
Flagstar Bancorp, Inc. common stock	\$ (12,877,609)
Mutual funds	(29,035,499)

Note E Parties-In-Interest

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions. Pursuant to the Plan agreement, the Company may pay a portion of the administrative expenses of the Plan, at its discretion. Expenses paid to the trustee by the Company amounted to \$78,300 in 2008. In addition, the Plan trades in the common stock of the Company.

During 2008, Flagstar Bancorp, Inc. did not declare or pay any dividends.

Table of Contents

**Flagstar Bank 401(k) Plan
Notes to Financial Statements Continued
December 31, 2008 and 2007**

Note F Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of termination of the Plan, the assets of the Plan shall be distributed to all participants to the extent of the value of each participant's account after adjustment for liquidation expenses, which were not paid by the Company. In the event of the Plan termination, participants would become 100% vested in their Company contributions.

Note G Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 5, 2001, that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was amended, subsequent to the application for favorable determination above, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Note H Risks and Uncertainties

The Plan provides for various investment options in any combination of equity securities, bonds, fixed income securities and other investments with market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I Amounts Owed to Participants Withdrawing from the Plan

The Plan had no liability to participants who had withdrawn from the Plan as of December 31, 2008 and 2007, respectively.
