**Purchase Agreement**

On October 28, 2010, Carrizo Oil & Gas, Inc. (the Company) and its wholly owned subsidiaries Bandelier Pipeline Holding, LLC, Carrizo (Marcellus) LLC, Carrizo (Marcellus) WV LLC, Carrizo Marcellus Holding Inc., CCBM, Inc., Chama Pipeline Holding LLC, CLLR, Inc, Hondo Pipeline, Inc. and Mescalero Pipeline, LLC (collectively, the Subsidiary Guarantors) entered into a Purchase Agreement (the Purchase Agreement) with Credit Suisse Securities (USA) LLC, Wells Fargo Securities, LLC and RBC Capital Markets Corporation (as predecessor in interest to RBC Capital Markets, LLC), as representatives of a group of initial purchasers (collectively, the Initial Purchasers), pursuant to which the Company agreed to sell \$400 million aggregate principal amount of the Company's 8.625% Senior Notes due 2018 (the Senior Notes). The Senior Notes were offered and sold in a transaction exempt from the registration requirements under the Securities Act of 1933, as amended (the Securities Act). The Senior Notes were resold to qualified institutional buyers in reliance on Rule 144A under the Securities Act and to non-U.S. persons in reliance on Regulation S. The offering closed on November 2, 2010.

The Purchase Agreement contains customary representations and warranties of the parties and indemnification and contribution provisions under which the Company and the Subsidiary Guarantors, on one hand, and the Initial Purchasers, on the other, have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

The Company intends to use a portion of the net proceeds from the offering, which net proceeds are expected to be approximately \$387.7 million after deducting Initial Purchasers' discounts and estimated offering expenses, to repay in full borrowings outstanding under its senior credit facility and to initially hold the remaining net proceeds in short-term investments. Upon closing of the concurrent tender offer for up to \$300 million aggregate principal amount of its outstanding 4.375% convertible senior notes due 2028, Carrizo intends to use the net proceeds that were held in short-term investments, together with borrowings under its senior credit facility, to fund the tender offer. If the tender offer is not consummated, Carrizo intends to use the net proceeds from the offering that were held in short-term investments to fund in part its recently expanded capital expenditure program, including exploration in the Eagle Ford Shale and Niobrara formation, and for general corporate purposes.

The foregoing description of the Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the agreement, which is attached as Exhibit 1.1 to this Current Report and incorporated by reference herein.

**Registration Rights Agreement**

In connection with the issuance and sale of the Senior Notes, on November 2, 2010, the Company and the Subsidiary Guarantors entered into a Registration Rights Agreement (the Registration Rights Agreement) with Credit Suisse Securities (USA) LLC, Wells Fargo Securities, LLC and RBC Capital Markets, LLC. Under the Registration Rights Agreement, the Company and the Subsidiary Guarantors agreed to use their commercially reasonable best efforts to file with the United States Securities and Exchange Commission and cause to become

**Table of Contents**

effective a registration statement relating to an offer to issue new notes having terms substantially identical to the Senior Notes in exchange for outstanding Senior Notes. In certain circumstances, the Issuers and the Subsidiary Guarantors may be required to use commercially reasonable efforts to file a shelf registration statement to cover resales of the Senior Notes. The Company may be required to pay additional interest to holders of the Senior Notes under certain circumstances in connection with its obligations under the Registration Rights Agreement.

The foregoing description of the Registration Rights Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the agreement, which is attached as Exhibit 10.1 to this Current Report and incorporated by reference herein.

The information provided under Item 2.03 of this Current Report is incorporated into this Item 1.01 by reference.

**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

**Indenture and Senior Notes**

On November 2, 2010, the Company, the Subsidiary Guarantors and Wells Fargo Bank, National Association, as trustee, entered into a fourth supplemental indenture (the Fourth Supplemental Indenture ) to the indenture dated as of May 28, 2008 among the Company, certain of its subsidiaries named therein and Wells Fargo Bank, National Association, as trustee (the Base Indenture and, together with the Fourth Supplemental Indenture, the Indenture ), pursuant to which the Company issued the Senior Notes. The Senior Notes are general unsecured senior obligations of the Company. The Senior Notes are unconditionally guaranteed jointly and severally on a senior unsecured basis by the Subsidiary Guarantors and certain future subsidiaries of the Company. The Senior Notes rank equal in right of payment with all existing and future senior indebtedness of the Company, and senior in right of payment to any future subordinated indebtedness of the Company. The Senior Notes are effectively junior in right of payment to any secured indebtedness of the Company to the extent of the collateral securing such indebtedness, and to any indebtedness and other liabilities of any non-guarantor subsidiaries. The subsidiary guarantees rank equal in right of payment with all existing and future senior indebtedness of each Subsidiary Guarantor, and senior in right of payment to any future subordinated indebtedness of each Subsidiary Guarantor. The subsidiary guarantees are effectively junior in right of payment to any secured indebtedness of each Subsidiary Guarantor to the extent of the collateral securing such indebtedness.

*Interest and Maturity*

The Senior Notes will mature on October 15, 2018 and interest on the Senior Notes is payable in cash semi-annually in arrears on each October 15 and April 15, commencing April 15, 2011. Interest will be payable to holders of record on the October 1st and April 1st immediately preceding the related interest payment date, and will be computed on the basis of a 360-day year consisting of twelve 30-day months.

**Table of Contents**

*Optional Redemption*

At any time prior to October 15, 2013, the Company may on any one or more occasions redeem up to 35% of the aggregate principal amount of Senior Notes issued under the Indenture at a redemption price of 108.625% of the principal amount, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), using the net cash proceeds of one or more equity offerings by the Company, provided that:

at least 65% of the aggregate principal amount of Senior Notes issued under the Indenture remains outstanding immediately after the occurrence of such redemption (excluding Senior Notes held by the Company and its subsidiaries); and

the redemption occurs within 180 days of the date of the closing of such equity offering.

Prior to October 15, 2014, the Company may redeem all or part of the Senior Notes upon not less than 30 or more than 60 days' notice, at a redemption price equal to the sum of:

the principal amount thereof, plus

accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), plus

the Make Whole Premium (as defined in the Indenture) at the redemption date.

On and after October 15, 2014, the Company may redeem all or a part of the Senior Notes, upon not less than 30 or more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, to the applicable redemption date, on the Senior Notes redeemed to the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), if redeemed during the twelve-month period beginning on October 15 of the years indicated below:

YEAR	PERCENTAGE
2014	104.313%
2015	102.875%
2016	101.438%
2017 and thereafter	100.000%

*Change of Control*

If a Change of Control (as defined in the Indenture) occurs, each holder of Senior Notes may require the Company to repurchase all or a portion of that holder's Senior Notes for cash at a price equal to 101% of the aggregate principal amount of the Senior Notes repurchased,

**Table of Contents**

plus any accrued but unpaid interest on the notes repurchased, to, but excluding, the date of repurchase (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the repurchase date).

*Certain Covenants*

The Indenture contains covenants that, among other things, limit the Company's ability and the ability of the Company's restricted subsidiaries to:

pay distributions on, purchase or redeem the Company's common stock or other capital stock or redeem its subordinated debt;

make investments;

incur or guarantee additional indebtedness or issue certain types of equity securities;

create certain liens;

sell assets;

consolidate, merge or transfer all or substantially all of the Company's assets;

enter into agreements that restrict distributions or other payments from the Company's restricted subsidiaries to the Company;

engage in transactions with affiliates; and

create unrestricted subsidiaries.

*Events of Default*

Upon a continuing event of default, the trustee or the holders of 25% of the principal amount of the Senior Notes may declare the Senior Notes immediately due and payable, except that a default resulting from a bankruptcy, insolvency or reorganization with respect to the Company, any restricted subsidiary of the Company that is a significant subsidiary or any group of its restricted subsidiaries that, taken together, would constitute a significant subsidiary of the Company, will automatically cause all Senior Notes to become due and payable. Each of the following constitutes an event of default under the Indenture:

default for 30 days in the payment when due of interest on the Senior Notes;

default in payment when due of the principal of, or premium, if any, on the Senior Notes;

failure by the Company to comply with the covenant relating to consolidations, mergers or transfers of all or substantially all of the Company's assets or failure by the Company to purchase notes when required pursuant to the asset sale or change of control provisions of the Indenture;

**Table of Contents**

failure by the Company for 120 days after notice to comply with its reporting obligations under the Indenture;

failure by the Company for 60 days after notice to comply with any of the other agreements in the Indenture;

default under any mortgage, indenture or instrument governing any indebtedness for money borrowed or guaranteed by the Company or any of its restricted subsidiaries, if such default: (i) is caused by a failure to pay principal, interest or premium on such indebtedness within any applicable grace period; or (ii) results in the acceleration of such indebtedness prior to its stated maturity, and, in each case, the principal amount of the indebtedness, together with the principal amount of any other such indebtedness under which there has been a payment default or acceleration of maturity, aggregates \$30.0 million or more, subject to cure and waiver provision;

failure by the Company or any of its restricted subsidiaries to pay final judgments aggregating in excess of \$30.0 million, which judgments are not paid, discharged or stayed for a period of 60 days;

any subsidiary guarantee is held in any judicial proceeding to be unenforceable or invalid, or ceases for any reason to be in full force and effect, or any Subsidiary Guarantor, or any person acting on behalf of any Subsidiary Guarantor, denies or disaffirms its obligations under its subsidiary guarantee; and

certain events of bankruptcy, insolvency or reorganization described in the Indenture with respect to the Company or any of the Company's restricted subsidiaries that is a significant subsidiary or any group of its restricted subsidiaries that, taken as a whole, would constitute a significant subsidiary of the Company.

**Fifth Supplemental Indenture**

On November 2, 2010, the Company, the Subsidiary Guarantors and Wells Fargo Bank, National Association, as trustee, entered into a fifth supplemental indenture (the Fifth Supplemental Indenture) to the Base Indenture, as previously amended by the first supplemental indenture thereto (the First Supplemental Indenture), pursuant to which the Subsidiary Guarantors guaranteed the Company's 4.375% Convertible Notes due 2028 (the Convertible Notes). The guarantee of the Convertible Notes by the Subsidiary Guarantors pursuant to the Fifth Supplemental Indenture was required under the First Supplemental Indenture as a result of the issuance of the Senior Notes, because the Senior Notes are guaranteed by the Subsidiary Guarantors.
