PROXY STATEMENT FOR THE ANNUAL MEETING OF SHAREHOLDERS

JANUARY 14, 2004

GENERAL INFORMATION

This proxy statement and proxy are being furnished to you and solicited by the Board of Directors of Riviera Tool Company, a Michigan corporation (the "Company"), of 5460 Executive Parkway SE, Grand Rapids, Michigan 49512 (telephone number 616-698-2100) in connection with the Annual Meeting of Shareholders (the "Annual Meeting") on Wednesday, January 14, 2004 at 4:00 p.m., Eastern Standard Time, and any adjournments thereof, to be held at 5460 Executive Parkway SE, Grand Rapids, Michigan 49512. These proxy materials are first being mailed to shareholders on or about December 18, 2003.

A Shareholder giving the enclosed proxy (or his authorized representative) may revoke it any time before it is exercised by executing a subsequent proxy, by written notice to the Company received before the proxy is exercised or by voting in person at the meeting, otherwise the proxy will be voted as indicated by the signed proxy.

The Company will bear the cost of soliciting proxies, including charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of stock. In addition to mailings, proxies may be solicited by personal interview, telephone or telegraph by certain of the Company's employees without compensation. The Company may reimburse brokers, dealers, banks, voting trustees or other record holders for postage and other reasonable expenses of forwarding proxy materials to their principals who beneficially own shares of the Company's stock.

A copy of the Company's 2003 Annual Report is enclosed.

STOCK OUTSTANDING, VOTING RIGHTS AND VOTES REQUIRED

Edgar Filing: RIVIERA TOOL CO - Form DEF 14A

Only Common Shareholders of record at the close of business on December 3, 2003 (the "Record Date") are entitled to notice of, and to vote at, the meeting or at adjournment or adjournments thereof, each share having one vote and there are no cumulative voting rights for the election of directors and ratification of independent auditors.

The Company had 3,379,609 shares of Common Shares, no Par Value ("Common Shares"), outstanding on the Record Date. A majority of the Common Shares entitled to vote constitutes a quorum.

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Shares will constitute a quorum for the transaction of business at the Annual Meeting. Directors are elected by a plurality of the votes present in person or by proxy and entitled to vote. Approval of any other matter that may properly come before the Annual Meeting requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote.

Please note that if you hold shares in "street name" (that is, through a bank, broker or other nominee) and would like to attend the Annual Meeting and vote in person, you will need to bring an account statement or other acceptable evidence of ownership in Common Shares as of the close of business on the Record Date, the Record Date for voting. Alternatively, in order to vote, you may contact the person in whose name your shares are registered and obtain a proxy from that person and bring it to the Annual Meeting.

Under the rules of the National Association of Securities Dealers, Inc., member brokers generally may not vote shares held by them in street name for customers unless they are permitted to do so under the rules of any national securities exchange of which they are a member. Under the rules of the NASDAQ, those who hold shares in street name for customers has the authority to vote on certain items if it has transmitted proxy soliciting materials to the beneficial owner but has not received instructions from that owner. NASDAQ rules permit member brokers who do not receive instructions to vote on the proposals presented in this Proxy Statement, other than the shareholder proposal. Under NASDAQ rules, a shareholder proposal is a "non-discretionary" item, which means that NASDAQ member brokers who have not received instructions from the beneficial owners of Common Shares are necessary to approve the shareholder proposal, any such broker non-vote will have the effect of a vote against the proposal.

Shares that reflect abstentions or "broker non-votes" (i.e., shares represented at the Annual Meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting. Abstentions, therefore, will have the effect of negative votes with respect to any matter presented at the Annual Meeting, while "broker non-votes" will have no effect on any matter presented. If authority to vote any matter is withheld on a proxy card, no vote will be cast with respect to the share as represented thereby and the outcome of the election will not be affected.

A Shareholder giving the enclosed proxy (or his authorized representative) may revoke it any time before it is exercised by executing a subsequent proxy, by written notice to the Company received before the proxy is exercised or by voting in person at the meeting, otherwise the proxy will be voted as indicated by the signed proxy.

The principal executive offices of the Company are located at 5460

COMPENSATION PLANS

Edgar Filing: RIVIERA TOOL CO - Form DEF 14A

COMPENSATION POLICY

The Company's compensation policy for executive officers is designed to support the overall objective of enhancing value for shareholders by attracting, developing, rewarding, and retaining highly qualified and productive individuals; relating compensation to both Company and individual performance; and ensuring compensation levels that are externally competitive and internally equitable.

COMPENSATION PROGRAMS

Base Salary

The Compensation Committee reviews each officer's salary annually. In determining appropriate salary levels, consideration is given to scope of responsibility, experience, Company and individual performance as well as pay practices of other companies relating to executives with similar responsibility.

In addition, with respect to the base salary of Mr. Rieth, the Compensation Committee has acknowledged the longevity of Mr. Rieth's service to the Company and its belief that Mr. Rieth is an excellent representative of the Company within the industry. In assessing Mr. Rieth's compensation, the committee engaged an independent firm to perform a review of his proposed compensation. Upon completion of such

10

review, the Board of Directors established Mr. Rieth's base salary on April 25, 2003. This base compensation consists of a regular payroll payment of \$250,000 per year plus an annual bonus equal to 3.5% of the Company's income from operations before such bonus expense. Messrs. Canepa and Wood received a base salary of \$140,000 and \$150,000, respectively, for fiscal 2003.

Bonus Awards

The Company's officers may be considered for annual cash bonuses which are awarded to recognize and reward corporate and individual performance based on meeting specified goals and objectives. The plan in effect for fiscal 2003 for Mr. Rieth provided a bonus to Mr. Rieth. In determining a bonus to Mr. Rieth, the Committee reviews compensation levels and financial results available to it for chief executive officers for similarly sized companies as well as those located near the Company's headquarters. Mr. Rieth recommends to the Committee Messrs. Canepa's and Wood's bonus based on his review of corporate and Messrs. Canepa's and Wood's individual performances as well as the performance bonus the management team awards to employees of the Company other than Messrs. Canepa, Wood and Rieth.

Stock Options

Under the Company's 1996 Incentive Stock Option Plan, as amended, stock options may be granted to the Company's key employees including Messrs. Rieth, Wood and Canepa. The number of options granted is determined by the subjective evaluation of the person's ability to influence the Company's long-term growth and profitability. For fiscal 2003, no stock options were issued under such plan.

Under the Company's 1998 Key Employee Stock Option Plan, stock options may be granted to the Company's key employees and directors including Messrs. Rieth, Highley, Baron, Wood, and Canepa. The number of options granted is determined by the subjective evaluation of the person's ability to influence the Company's

Edgar Filing: RIVIERA TOOL CO - Form DEF 14A

long-term growth and profitability. For fiscal 2003, no stock options were issued under such plan.

Stock options are granted with an exercise price equal to the market price of the Common Shares on the date of grant. Since the value of an option bears a direct relationship to the Company's stock price, it is an effective incentive for employees to create value for shareholders. The Committee therefore views stock options as an important component of its future compensation policy.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the compensation committee during fiscal year ended 2003 were Thomas H. Highley and Dr. Jay S. Baron. Neither Mr. Highley nor Dr. Baron were ever an officer or employee of the Company or any of its subsidiaries, and none of them had any relationship requiring disclosure by the Company under Item 404 of Regulation S-K for the fiscal year ended 2003.

REPORT OF THE COMPENSATION COMMITTEE

Members: Thomas H. Highley, Chairman
Dr. Jay S. Baron

The Compensation Committee is responsible for:

- recommending to the Board of Directors the remuneration arrangements for Kenneth K. Rieth, President and Chief Executive Officer of the Company; and
- granting stock options under the Company's 1996 Incentive Stock Option Plan, as amended, and under the 1998 Key Employee Stock Option Plan

On November 3, 2003, the Compensation Committee adopted a Compensation Committee Charter, which is attached as EXHIBIT B to this proxy statement, which contains a detailed description of the committee's duties and responsibilities.

11

The duty of the Committee is to recommend to the Board of Directors the remuneration arrangements for Kenneth K. Rieth, President and Chief Executive Officer of the Company, as well as grant stock options under the Company's 1996 Incentive Stock Option Plan, as amended, and the 1998 Key Employee Stock Option Plan. The Company's Board of Directors has given Mr. Rieth the authority to set the compensation for senior management.

COMPENSATION PROGRAMS

Base Salary

The Committee reviews each officer's salary annually. In determining appropriate salary levels, consideration is given to scope of responsibility, experience, Company and individual performance as well as pay practices of other companies relating to executives with similar responsibility.

In addition, with respect to the base salary of Mr. Rieth, the Compensation Committee has acknowledged the longevity of Mr. Rieth's service to the Company and its belief that Mr. Rieth is an excellent representative of the Company within the industry. In assessing Mr. Rieth's compensation, the committee engaged an independent firm to perform a review of his proposed compensation. Upon completion of such review, the Board of Directors established Mr. Rieth's base salary on April 25, 2003. This base compensation consists of a regular payroll payment of \$250,000 per year plus an annual bonus equal to 3.5% of the

Edgar Filing: RIVIERA TOOL CO - Form DEF 14A

Company's income from operations before such bonus expense. Messrs. Canepa and Wood received a base salary of \$140,000 and \$150,000, respectively for fiscal 2003.

Bonus Awards

The Company's officers may be considered for annual cash bonuses which are awarded to recognize and reward corporate and individual performance based on meeting specified goals and objectives. The plan in effect for fiscal 2003 for Mr. Rieth provided a bonus to Mr. Rieth. In determining a bonus to Mr. Rieth, the Committee reviews compensation levels and financial results available to it for chief executive officers for similarly sized companies as well as those located near the Company's headquarters. Mr. Rieth recommends to the Committee Messrs. Canepa's and Wood's bonus based on his review of corporate and Messrs. Canepa's and Wood's individual performances as well as the performance bonus the management team awards to employees of the Company other than Messrs. Canepa, Wood and Rieth.

Stock Options

Under the Company's 1996 Incentive Stock Option Plan, as amended, stock options may be granted to the Company's key employees including Messrs. Rieth, Wood and Canepa. The number of options granted is determined by the subjective evaluation of the person's ability to influence the Company's long-term growth and profitability. For fiscal 2003, no stock options were issued under such plan.

Under the Company's 1998 Key Employee Stock Option Plan, stock options may be granted to the Company's key employees and directors including Messrs. Rieth, Baron, Highley Wood, and Canepa. The number of options granted is determined by the subjective evaluation of the person's ability to influence the Company's long-term growth and profitability. For fiscal 2003, no stock options were issued under such plan.

Stock options are granted with an exercise price equal to the market price of the Common Shares on the date of grant. Since the value of an option bears a direct relationship to the Company's stock price, it is an effective incentive for employees to create value for shareholders. The Committee therefore views stock options as an important component of its future compensation policy.

(a) There shall be a committee of the Board of Directors (the "Board") to be known as the audit committee. The audit committee shall be composed of three or more Directors appointed by the Board who are independent of the management of Riviera Tool Company (the "Company") and are free of any relationships that, in accordance with the applicable laws and regulations, would interfere with their exercise of independent judgment as committee members. A non-independent director may serve on the audit committee pursuant to certain exceptional and limited circumstances for a maximum period of two years. Such a non-independent director cannot serve as chairman of the committee. Any directors not meeting other SEC or applicable exchange requirements, such as financial expertise, shall not be eligible.

Edgar Filing: RIVIERA TOOL CO - Form DEF 14A

fundamental financial statements including the Company's balance sheet, income statement and cash flow statement at the time of appointment. It is the desire of the Board that at least one member of the audit committee shall be considered an "audit committee financial expert" with accounting or financial management experience, a professional certification in accounting, or other comparable experience or background which may consist of a current or past position as a chief executive or financial officer or other senior officer with financial oversight responsibilities. Audit committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Company or an outside consultant.

(c) The members of the audit committee shall be recommended to the Board by the nominating committee and shall be elected by the Board at the annual organizational meeting of the Board and shall serve until their respective successors are duly elected and qualified. Unless a chair of the audit committee is elected by the Board, the members of the audit committee may designate a chair by majority vote of the audit committee membership.

2. PURPOSE.

(a) The primary function of the audit committee is to provide assistance to the Board in fulfilling its oversight responsibilities relating to corporate accounting and reporting practices of the Company and monitoring the quality and integrity of the financial reports of the Company. The audit committee's role includes a particular focus on the qualitative aspects of financial reporting to shareholders, and on the Company's processes to manage business and financial risk, and for compliance with significant applicable legal, ethical, and regulatory requirements.

(b) In discharging its purposes, the audit committee will maintain free and open communications between the Directors, the independent auditors, the Company's controller, and the financial management of the Company.

(c) The audit committee is directly responsible for the appointment, compensation, and oversight of the independent auditors and the Company's internal auditor, if any, engaged to prepare or issue an audit report on the financial statements of the Company. The independent auditors shall report directly to the audit committee.

3. MEETINGS.

The audit committee shall meet at least four times annually, or more frequently as circumstances may dictate. As part of its responsibility to foster open communication, the audit committee should meet at least annually with management and the independent auditors in separate executive sessions to discuss any matters

15

that the audit committee or each of these groups believe should be discussed privately. In addition, the audit committee or its chair should meet with the independent auditors and management quarterly to review the Company's financials in discharge of the responsibility set forth in Paragraph 4(c).

4. RESPONSIBILITIES AND DUTIES.

The audit committee relies on management and the independent auditors in carrying out its oversight responsibilities. Management of the Company is responsible for determining that the Company's financial statements are complete, accurate and in accordance with generally accepted accounting principles. The independent auditors are responsible for auditing the Company's

Edgar Filing: RIVIERA TOOL CO - Form DEF 14A

financial statements. It is not the duty of the audit committee to plan or conduct audits, to determine that the financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to assure compliance with laws and regulations or the Company's internal policies, procedures and controls.

The audit committee's specific responsibilities and duties in carrying out its oversight role are listed in the checklist below. In preparing the agenda for each meeting of the audit committee, management will include all of the required topics as forth in this matrix. The chairman of the audit committee will review the agendas before the meetings to ensure that all required topics are included.

The audit committee shall pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent accountants, subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the audit committee prior to the completion of the audit. Pre-approval of all auditing services and permitted non-audit services shall be in accordance with the policy of the audit committee appended to this Charter as Attachment A, as may be amended or modified by the audit committee.

ATTACHMENT A

RIVIERA TOOL COMPANY AUDIT COMMITTEE PRE-APPROVAL POLICY

STATEMENT OF PRINCIPLES

The audit committee is required to pre-approve the audit and non-audit services performed by the independent auditor in order to assure that the provision of such services do not impair the auditor's independence. Unless a type of service to be provided by the independent auditor has received general pre-approval by resolution of the audit committee, it will require specific pre-approval by the audit committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the audit committee.

The term of any general pre-approval is 12 months from the date of pre-approval, unless the audit committee specifically provides for a different period. The audit committee will annually review and pre-approve the services that may be provided by the independent auditor without obtaining specific pre-approval from the audit committee. The audit committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

DELEGATION

The audit committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the audit committee at its next scheduled meeting.

Edgar Filing: RIVIERA TOOL CO - Form DEF 14A

AUDIT SERVICES

The annual audit services engagement terms and fees will be subject to the specific pre-approval of the audit committee. The audit committee will approve, if necessary any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other matters.

In addition to the annual audit services engagement specifically approved by the audit committee, the audit committee may grant general pre-approval for other audit services, which are those services that only the independent auditor reasonably can provide.

AUDIT-RELATED SERVICES

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements or that are traditionally performed by the independent auditor. The audit committee believes that the provision of audit-related services does not impair the independence of the auditor; however, all audit-related services shall be specifically pre-approved by the audit committee.

TAX SERVICES

The audit committee believes that the independent auditor can provide tax services to the Company such as tax compliance, tax planning and tax advice without impairing the auditor's independence. However, the audit committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The audit committee has pre-approved all tax services.

20

ALL OTHER SERVICES

The audit committee may grant general pre-approval to those permissible non-audit services classified as all other services that it believes are routine and recurring services, and would not impair the independence of the auditor.

A list of the Commission's prohibited non-audit services is incorporated by reference into this policy. The Commission's rules and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions.

PRE-APPROVAL FEE LEVELS

Pre-approval fee levels for all services to be provided by the independent auditor will be established annually by the audit committee. Any proposed services exceeding these levels will require specific pre-approval by the audit committee.

PROCEDURES

Requests or applications to provide services that require specific approval by the audit committee will be submitted to the audit committee by both the independent auditor and the Chief Financial Officer and Chief Executive Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the Commission's rules on auditor independence.

The Committee shall also carry out any other responsibilities and duties delegated to it by the Board of Directors from time to time related to the purposes of the Committee outlined in this Charter.

In discharging its oversight role, the Committee is empowered to study or investigate any matter of interest or concern that the Committee deems appropriate and shall have the sole authority to retain, without seeking Board approval outside counsel or other experts for this purpose, including the authority to approve the fees payable to such counsel or experts and any other terms of retention.
