CHESAPEAKE ENERGY CORPORATION

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON JUNE 8, 2001

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Chesapeake Energy Corporation, an Oklahoma corporation (the "Company"), for use at the Annual Meeting of Shareholders of the Company (the "Meeting") to be held on the date, at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders, and any adjournment of the Meeting.

This Proxy Statement, the accompanying form of proxy and the Company's Annual Report for the fiscal year ended December 31, 2000 are being mailed on or about April 30, 2001 to shareholders of record as of April 12, 2001. Shareholders are referred to the Annual Report for information concerning the activities of the Company.

The Board of Directors has established April 12, 2001 as the record date (the "Record Date") to determine shareholders entitled to notice of and to vote at the Meeting. At the close of business on the Record Date, 159,174,002 shares of \$.01 par value common stock of the Company ("Common Stock") were outstanding and entitled to vote at the Meeting. Each share is entitled to one vote. The holders of a majority of the outstanding Common Stock, present in person or by proxy, will constitute a quorum for the transaction of business at the Meeting.

Registered shareholders can vote their shares by (i) placing a toll-free telephone call from the U.S. and Canada; (ii) using the Internet; or (iii) mailing their signed proxy card. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to vote their shares and to confirm that their instructions have been properly recorded. Specific instructions to be followed by any registered shareholder interested in voting via telephone or the Internet are set forth on the enclosed proxy card.

Each proxy properly completed and returned to the Company in time for the Meeting, and not revoked, will be voted in accordance with the instructions given. If there are no contrary instructions, proxies will be voted "FOR" the election of the nominees as directors and "FOR" approval of all proposals listed on the proxy. Proxies may be revoked at any time prior to the voting of the proxy by (i) the execution and submission of a revised proxy, (ii) written notice to the Secretary of the Company, or (iii) voting in person at the Meeting. In the absence of such revocation, shares represented by the proxies will be voted at the Meeting.

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

The election of the director nominees will be by plurality vote. The affirmative vote of holders of two-thirds of the outstanding shares of Common Stock will be required for approval of the amendment to our Certificate of Incorporation to reduce the maximum number of directors. The affirmative vote of holders of a majority of the outstanding shares of Common Stock will be required for approval of the amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock. The affirmative vote of holders of a majority of shares of Common Stock present at the meeting in person or by proxy will be required to approve the adoption of the 2001 Stock Option Plan. The Secretary will appoint an inspector of election to tabulate all votes and to certify the results of all matters voted upon at the Meeting. It is the Company's policy (i) to count abstentions and broker non-votes for purposes of determining the presence of a quorum at the Meeting, (ii) to treat abstentions as shares represented at the Meeting and voting against a proposal and to disregard broker non-votes in determining results on proposals requiring a majority vote, and (iii) to consider neither abstentions nor broker non-votes in determining results of plurality votes.

The cost of soliciting proxies in the enclosed form will be borne by the Company. The Company has retained Innisfree M&A Incorporated to assist in the solicitation of proxies for a fee not to exceed \$20,000, plus out-of-pocket expenses. In addition, officers, employees or agents of the Company may solicit proxies by mail, personally, or by telephone, facsimile transmission or other means of communication. The Company will request banks and brokers or other similar agents or fiduciaries to transmit the proxy material to the beneficial owners for their voting instructions and will reimburse them for their expenses in so doing.

Based on new rules adopted by the Securities and Exchange Commission in 2000, certain shareholders who share the same last name and address will receive only one copy of the proxy materials. This procedure is called "householding." If you hold your shares in street name and would like additional copies of the proxy materials, please contact your broker. If you are currently receiving multiple copies of the proxy materials and would like to request householding, please contact your broker as well. The Company does not currently use householding for record holders. In the future, if the Company decides to use householding, record holders will be notified in advance and given the opportunity to request to continue receiving multiple copies of materials in the same household.

VOTING ITEM 1

ELECTION OF DIRECTORS

Pursuant to provisions of the Company's Certificate of Incorporation and Bylaws, the Board of Directors has fixed the number of directors at seven. There is currently one vacancy on the Board of Directors that has not been filled. The Company's Certificate of Incorporation and Bylaws provide for three classes of directors serving staggered three-year terms, with each class to be as nearly equal in number as possible. The terms of three directors expire at the Meeting, and each of them has been nominated for re-election. In order to cause each class to have an equal number of members, the term of one of the nominees will expire in two years, rather than the usual three years.

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

The Board of Directors has nominated Edgar F. Heizer, Jr. for re-election as a director for a term expiring at the 2003 Annual Meeting of Shareholders and Tom L. Ward and Frederick B. Whittemore for re-election as directors for terms expiring at the 2004 Annual Meeting of Shareholders and, in each case, until their successors are elected and qualified. Proxies cannot be voted for a greater number of persons than the number of nominees named. Other directors will continue in office until the expiration of their terms at the 2002 or 2003 Annual Meeting of Shareholders, as the case may be.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS.

It is the intention of the persons named in the enclosed form of proxy to vote such proxies for the election of the three nominees. The Board of Directors expects that each nominee will be available for election but, in the event that the nominees are not so available, proxies received will be voted for substitute nominees to be designated by the Board of Directors or, in the event no such designation is made by the Board of Directors, proxies will be voted for a lesser number of nominees.

VOTING ITEM 2

PROPOSAL TO AMEND CERTIFICATE OF INCORPORATION TO REDUCE THE MAXIMUM NUMBER OF DIRECTORS

The Board of Directors recommends that the shareholders authorize an amendment to Article VII of the Company's Certificate of Incorporation to reduce the maximum number of directors from fifteen to nine. The proposed amendment also includes changes designed to eliminate any ambiguity or inconsistency with existing provisions of the Certificate of Incorporation.

The Certificate of Incorporation presently provides that the Board of Directors will consist of not less than three and not more than fifteen directors, as fixed by the Board or the shareholders. For the past nine years,

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

the Board has fixed seven as the number of directors to constitute the Board, although there has been one vacancy for the past year. The Board of Directors believes that the proposed reduction in the maximum size of the Board to nine is appropriate for the Board's efficient, orderly and well-informed direction of the Company's affairs. The Board believes that a relatively small Board facilitates communications among directors, increases the efficiency of the Board and provides for greater speed and flexibility in decision making. Setting the maximum number of directors at nine is consistent with the Company's historical practice while permitting any foreseeable expansion of the Board as appropriate in different circumstances in the future.

Under the currently existing provision of our Certificate of Incorporation, approximately one-third of our directors are up for re-election each year, and the proposed amendment would not affect this. As a result of the amendment, the maximum number of directors that could be elected in any year would be less and the reduction in the potential size of the Board of Directors could make a change in control of the Company more difficult, and therefore less likely. Under our Certificate of Incorporation, shareholder action to fix the number of directors within the range authorized requires the affirmative vote of two-thirds of the outstanding shares and the amendment would not change this requirement.

The Board of Directors proposes to amend the first sentence of Section 2 of Article VII of the Certificate of Incorporation to change the maximum number of directors from fifteen to nine and to add a clause clarifying that the number of directors may increase if holders of preferred stock are entitled to elect additional directors. In addition, the Board proposes certain non-substantive changes in this section (to conform the capitalization of "director" and change the spelling of "two-third" to "two-thirds") and the deletion of the last sentence, which may create an ambiguity. It provides that the number of directors may be increased or decreased in such manner as provided in the Bylaws. Because that matter is addressed in Article VII, Section 2 of the Certificate of Incorporation, the reference to the Bylaws is not necessary, even though the current Bylaw provisions pertaining to any increase or decrease in the number of directors are identical with those of the Certificate of Incorporation.

If the proposed amendment to the Certificate of Incorporation is approved by the shareholders, Section 2 of Article VII of the Certificate of Incorporation will be amended and restated to read as follows:

"Subject to the addition of any directors elected by a class of preferred stock as provided in Section 3 of this Article VII, the number of directors which shall constitute the whole board shall be not less than three nor more than nine, and shall be determined by resolution adopted by a vote of two-thirds (2/3) of the entire board, or at an annual or special meeting of shareholders by the affirmative vote of sixty-six and two-thirds percent (66 2/3%) of the outstanding stock entitled to vote. No reduction in number shall have the effect of removing any director prior to the expiration of his term."

Section 2 of Article VII of the Certificate of Incorporation presently reads as follows:

"The number of Directors which shall constitute the whole board shall be not less than three nor more than fifteen, and shall be determined by resolution adopted by a vote of two-third (2/3) of the entire board, or at an annual or special meeting of shareholders by the affirmative vote of sixty-six and two-thirds percent (66 2/3%) of the outstanding stock entitled to vote. No reduction in number shall have the effect of removing any director prior to the expiration of his term. The number of directors of the Corporation may, from time to time, be increased or decreased in

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

such manner as may be provided in the bylaws of the Corporation."

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE PROPOSED AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION. The affirmative vote of the holders of two-thirds of the outstanding shares of Common Stock will be required for adoption of the amendment.

If the proposed amendment to the Certificate of Incorporation is approved by the shareholders, we intend to file the amendment with the Secretary of State of the State of Oklahoma on June 11, 2001. In addition, the Board of Directors will promptly amend the corresponding section in the Company's Bylaws (Article II, Section 2) so that it conforms with the amendment to the Certificate of Incorporation.

7

VOTING ITEM 3

PROPOSAL TO AMEND CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED CAPITAL STOCK

The Board of Directors recommends that the shareholders authorize an amendment to the Company's Certificate of Incorporation to increase the number of authorized shares of Common Stock from 250,000,000 to 350,000,000 shares, par value \$.01 per share. The Board of Directors believes that the proposed increase in authorized shares of Common Stock is desirable to enhance the Company's flexibility in taking possible future actions, such as corporate mergers, acquisitions of assets, stock splits, stock dividends or other corporate purposes. The proposed amendment will allow the Company to accomplish these objectives quickly. There are currently no plans or arrangements for the issuance or use of the additional shares of authorized Common Stock.

The current authorized capital stock of the Company is 250,000,000 shares of Common Stock and 10,000,000 shares of preferred stock, par value \$.01 per share. As of the Record Date, there were 159,174,002 shares of Common Stock issued and outstanding; 623,130 shares of preferred stock issued and outstanding; 21.2 million shares of Common Stock reserved for issuance upon the exercise of options to purchase Common Stock under the Company's stock option plans for directors, employees and consultants, including the 2001 Plan, 1.1 million shares of Common Stock reserved for issuance upon the exercise of warrants and options the Company assumed as part of its acquisition of Gothic Energy Corporation in January 2001; and 4.5 million shares of Common Stock reserved for issuance upon the conversion of outstanding shares of the Company's convertible preferred stock. Any preferred stock which has not been converted into Common Stock by May 1, 2001 will be redeemed on that date for a combination of 5.705 shares of Common Stock and \$2.45 in cash per share of preferred stock redeemed.

The additional Common Stock to be authorized will have rights identical to the currently outstanding Common Stock of the Company. The proposed amendment will not affect the par value of the Common Stock, which will remain at \$.01 per share, nor will it affect the preferred stock.

The Board determines whether, when and on what terms to issue shares of Common Stock. Use of the additional shares proposed to be authorized will not

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

require shareholder approval unless required under Oklahoma corporate law or by the rules of any national securities exchange on which the Common Stock is then listed.

Under the Company's Certificate of Incorporation, shareholders do not have preemptive rights to subscribe to additional securities which may be issued by the Company. This means that current shareholders do not have a prior right to purchase any new issue of the Company's capital stock in order to maintain their proportionate ownership of Common Stock. In addition, if the Company issues additional shares of Common Stock or other securities convertible into Common Stock in the future, it could dilute the voting rights of existing shareholders and could also dilute earnings per share and book value per share of existing shareholders. The increase in authorized Common Stock could also discourage or hinder efforts by other parties to obtain control of the Company, thereby having an anti-takeover effect. The increase in authorized shares of Common Stock is not being proposed in response to any known threat to acquire control of the Company.

If the proposed amendment to the Certificate of Incorporation is approved by the shareholders, it is expected that the amendment will be filed with the Secretary of State of the State of Oklahoma on June 11, 2001, and the first sentence of Article IV of the Certificate of Incorporation will be amended and restated to read as follows:

"The total number of shares of capital stock which the Corporation shall have authority to issue is Three Hundred Sixty Million (360,000,000) shares, consisting of Ten Million (10,000,000) shares of Preferred Stock, par value \$0.01 per share, and Three Hundred Fifty Million (350,000,000) shares of Common Stock, par value \$0.01 per share."

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE PROPOSED AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION. The affirmative vote of the holders of a majority of the outstanding shares of Common Stock will be required for adoption of the amendment.

VOTING ITEM 4

PROPOSAL TO ADOPT THE 2001 STOCK OPTION PLAN

General. On March 9, 2001, the Board of Directors, subject to shareholder approval, adopted the 2001 Plan, which authorizes the granting of incentive stock options and nonqualified stock options to employees and nonqualified stock options to consultants. The Board of Directors has reserved 3,200,000 shares of Common Stock for issuance under the 2001 Plan. A description of the 2001 Plan appears below and a copy of the 2001 Plan is attached to this Proxy Statement as Exhibit B. The description below is qualified in its entirety by reference to the complete text of the 2001 Plan.

Purpose of the 2001 Plan. The purpose of the 2001 Plan is to create incentives which are designed to motivate employees and consultants to put forth maximum effort toward the success and growth of the Company and to enable the Company to attract and retain experienced individuals who by their position, ability and diligence are able to make important contributions to the Company's success. Toward these objectives, the 2001 Plan provides for the granting of stock options intended to be qualified as incentive stock options pursuant to Section 422 of the Internal Revenue Code (the "Code") and nonqualified stock

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

options as described in Sections 83 and 421 of the Code. All shares subject to the 2001 Plan will be registered at the Company's expense under the Securities Act of 1933, as amended.

Plan Administration. The Regular Stock Option Committee, consisting of at least two directors designated by the Board of Directors, will administer the 2001 Plan with respect to consultants and employees who are not executive officers, including the grant of options, and the Special Stock Option Committee, consisting of at least two directors designated by the Board of Directors who meet the definition of "non-employee directors" under Rule 16b-3 of the Securities Exchange Act of 1934, will administer the 2001 Plan with respect to executive officers, including the grant of options.

Messrs. Heizer and Whittemore serve as the members of the Special Stock Option Committee and Messrs. McClendon and Ward serve as the members of the Regular Stock Option Committee. With respect to all decisions relating to non-executive officer participants, including the grant of options, the term "Committee," as hereafter used, applies only to the Regular Stock Option Committee and, with respect to all decisions relating to executive officers, including the grant of options, the term "Committee," as hereafter used, applies only to the Special Stock Option Committee.

Each Committee is authorized and has complete discretion to formulate policies, to establish rules and regulations for the administration of the 2001 Plan and to determine the terms of any options granted under the 2001 Plan.

MATERIAL TERMS OF OPTIONS

Option Price. The exercise price of incentive stock options granted under the 2001 Plan may not be less than 100% of the fair market value of the shares underlying the options on the date of grant, or 110% of the fair market value of such shares in the case of an optionee who holds more than 10% of the combined voting power of the Company's outstanding securities. The Committee may grant nonqualified stock options for the purchase of up to 10% of the shares subject to the 2001 Plan at an exercise price which is not less than 85% of the fair market value of the Common Stock on the date of grant. Otherwise, the exercise price of nonqualified stock options must be at least the fair market value of the Common Stock on the date of grant. No option may have an exercise price less than the par value of the shares subject to the option. With respect to incentive stock options, the aggregate fair market value (determined as of the grant date) of the stock which any participant may first have the right to acquire pursuant to the exercise of any incentive stock options in any calendar year under all incentive stock options of the Company may not exceed \$100,000. In the event options granted to a participant exceed the \$100,000 annual limitation, the participant will be deemed to have been granted incentive stock options with respect to shares within the \$100,000

-7-

9

limitation and nonqualified stock options with respect to shares which cause such limitation to be exceeded. The fair market value of shares of Common Stock is determined by reference to the reported closing price on the New York Stock Exchange ("NYSE") or such other principal national securities exchange upon which the stock is listed.

Option Period and Vesting. The maximum period for exercise of an option will be established by the Committee at the date of grant, but the option period may not be more than ten years from the date of grant (or five years in the case of incentive stock options granted to an optionee who holds more than 10% of the combined voting power of the Company's outstanding securities). An option may be exercised only to the extent that the optionee is vested in accordance with a

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

schedule determined by the Committee in its sole discretion. To the extent exercisable, options granted under the 2001 Plan may be exercised by the optionee during his or her employment and within such period after termination of employment as the Committee determines. The Committee has discretion to accelerate the vesting of unvested options in the case of termination of employment of an optionee.

Payment Upon Exercise. Upon the exercise of an option under the 2001 Plan, the option price and any required state and federal withholding taxes must be paid in full. The optionee may pay the exercise price of an option in cash, by tendering, by either actual delivery of shares or by attestation, shares of Common Stock acceptable to the Committee and valued at fair market value as of the day of exercise, or by using any combination of cash and Common Stock. In addition, the 2001 Plan permits an optionee to pay the exercise price by irrevocably authorizing a third party to sell shares of Common Stock (or a sufficient portion of the shares) acquired upon exercise of the option and remit to the Company a sufficient portion of the sale proceeds to pay the entire exercise price and any tax withholding resulting from such exercise. All withholding taxes must be paid in cash.

Transferability. Options are not transferable except by will or by the laws of descent and distribution.

Adjustments. The 2001 Plan provides for appropriate adjustments in the number of shares and option price in the event of a merger, consolidation, recapitalization, stock split, combination of shares, stock dividend or similar transaction involving the Company.

Acceleration Upon Corporate Event. Upon dissolution or liquidation of the Company, or if the Company merges into, consolidates with, or sells or otherwise transfers all or substantially all of its assets to another corporation and no provision is made for the assumption or substitution of outstanding options by the surviving, resulting or acquiring corporation, each outstanding option granted will terminate, but the optionee will have the right, immediately prior to such transaction, to exercise his or her option, in whole or in part, to the extent not previously exercised, without regard to any vesting provisions. The 2001 Plan also provides that the Committee may, in its discretion, provide for certain payments to be made by the Company to a participant in the event acceleration of the vesting of options is considered a payment subject to the excise tax imposed under Section 4999 of the Code.

Termination and Amendment. The 2001 Plan provides for termination at midnight, February 28, 2011, but will continue with respect to outstanding options as of the time of termination. Prior to such time, the 2001 Plan may be earlier terminated or amended by the Board of Directors. Shareholder approval is required for any amendment to the 2001 Plan which relates to incentive stock options and Section 422 of the Code requires shareholder approval and for any other amendment which, in the opinion of counsel, another law or regulation requires shareholder approval. The 2001 Plan permits the Committee to unilaterally amend the terms of any option agreement to the extent it deems appropriate, whether or not the option granted under the agreement is presently exercisable or vested. Any such amendment which is adverse to the optionee, however, requires the optionee's consent.

Participants. The Company currently has 496 employees who are eligible to participate in the 2001 Plan, five of whom are executive officers. Such executive officers may be granted options by the Special Stock Option Committee and the other employees are eligible to be granted options by the Regular Stock Option Committee. Consultants of the Company are also eligible to participate in the 2001 Plan. The Committee determines from time to time those persons who are to be granted options under the 2001 Plan, taking into account the duties of the

respective optionees, their present and potential contributions to the success of the Company and such other factors as the Committee deems relevant.

Since no decisions have been made with respect to the grants of any options under the 2001 Plan, it is not possible to determine the future benefits or dollar amounts to be received by either the named executive officers, the executive group or the non-executive officer group under the 2001 Plan. The non-executive directors are not eligible to participate in the 2001 Plan.

Federal Income Tax Consequences. Under current federal tax law, the following are the federal income tax consequences generally arising with respect to options granted under the 2001 Plan. The discussion is not a complete analysis of all federal income tax consequences and does not cover all specific transactions which may occur.

No tax consequences attend the grant or timely exercise of an incentive stock option. If the participant holds the Common Stock acquired for at least one year after the transfer of the Common Stock to the participant and two years after the grant of the option, the participant will recognize capital gain or loss upon sale or exchange of the Common Stock equal to the difference between the amount realized on the sale or exchange and the adjusted basis of the stock. The adjusted basis of Common Stock transferred to a participant pursuant to the exercise of an incentive stock option is the price paid for such Common Stock. If the Common Stock is not held for that period, the participant will recognize ordinary income upon disposition in an amount equal to the excess of the fair market value of the Common Stock on the date of exercise over the amount paid for the Common Stock or, if less (and if the disposition is a transaction in which a loss, if sustained, would be recognized by the participant), the gain on disposition. Any additional gain realized by the participant upon that disposition will be a capital gain. The excess of the fair market value of Common Stock received upon the exercise of an incentive stock option over the option price for the Common Stock is an item of adjustment for the participant for purposes of the alternative minimum tax. Expense deductions are not allowed to the Company, unless the participant recognizes ordinary income.

No income generally will be recognized by a participant for U.S. federal income tax purposes upon the grant of a nonqualified stock option. Upon exercise of a nonqualified stock option, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the Common Stock on the date of exercise over the amount of the exercise price. Income recognized upon the exercise of a nonqualified stock option will be considered compensation subject to withholding at the time the income is recognized and, therefore, the Company must make the necessary arrangements with the participant to ensure that the amount of the tax required to be withheld is available for payment. Nonqualified stock options provide the Company with a deduction equal to the amount of income recognized by the participant, subject to certain deduction limitations. The adjusted basis of Common Stock transferred to a participant pursuant to the exercise of a nonqualified stock option is the price paid for the Common Stock plus an amount equal to any income recognized by the participant as a result of the exercise of the option. If a participant thereafter sells Common Stock acquired upon exercise of a nonqualified stock option, any amount realized over the adjusted basis of the Common Stock will constitute capital gain to the participant for U.S. federal income tax purposes.

If the participant surrenders Common Stock which the participant already owns as payment for the exercise price of a stock option, the participant will not recognize gain or loss as a result of such surrender. The number of shares

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

received upon exercise of the option equal to the number of shares surrendered will have a tax basis equal to the tax basis of the surrendered shares. The holding period for such shares will include the holding period for the shares surrendered. The remaining shares received will have a basis equal to the amount of income the participant recognizes upon receipt of such shares. The participant's holding period for such shares will commence on the day after such exercise.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ADOPTION OF THE 2001 PLAN. The affirmative vote of the holders of a majority of the shares of Common Stock present at the Meeting, in person or by proxy, is required for adoption of the 2001 Plan.

We have discussed with PricewaterhouseCoopers LLP its independence and considered the compatibility of non-audit services rendered by PricewaterhouseCoopers LLP with its independence. Based on these reviews and discussions, the Committee recommended to the Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K, for filing with the Securities and Exchange Commission.

EMPLOYMENT AGREEMENTS

The Company has employment agreements with Messrs. McClendon and Ward, each of which provides, among other things, for an annual base salary of not less than \$350,000, bonuses at the discretion of the Board of Directors, eligibility for stock options and benefits, including an automobile and travel allowance, club membership and personal accounting support. Each agreement has a term of five years commencing July 1, 1998, which term is automatically extended for one additional year on each June 30 unless one of the parties provides 30 days prior notice of non-extension. In addition, for each calendar year during which the employment agreements are in effect, Messrs. McClendon and Ward each agree to hold shares of the Company's Common Stock having an aggregate investment value equal to 500% of his annual base salary and bonus.

Under the employment agreements, Messrs. McClendon and Ward are permitted to participate in all of the wells spudded by or on behalf of the Company during each calendar quarter. In order to participate, at least 30 days prior to the beginning of a calendar quarter the executive must notify the members of the Compensation Committee whether the executive elects to participate and, if so, the percentage working interest the executive will take in each well spudded by or on behalf of the Company during such quarter. The participation election by Messrs. McClendon or Ward may not exceed a 2.5% working interest in a well and is not effective for any well where the Company's working interest after elections by Messrs. McClendon and Ward to participate would be reduced to below 12.5%. Once an executive elects to participate, the percentage cannot be adjusted during the calendar quarter without the prior written consent of the disinterested directors. No such adjustment has ever been requested or granted. For each well in which the executive participates, the Company bills to the executive an amount equal to the executive's participation percentage multiplied by the costs of drilling and operating incurred in drilling the well, together with leasehold costs in an amount determined by the Company to approximate what third parties pay for similar leasehold in the area of the well. Payment is due for such costs within 90 days of invoice receipt. The executive also receives a proportionate share of revenue from the well, less certain charges by the Company for marketing the production. To correct the timing of the receipt of revenues, the Company has advanced to the executives an amount equal to one month's production on each of the wells based on a six-month trailing average of production revenue. In the event an executive is not in compliance with the foregoing payment obligations, the right to participate in the Company's wells

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

is automatically suspended until the executive is in compliance.

Messrs. McClendon and Ward have agreed that they will not engage in oil and gas operations individually except pursuant to the aforementioned participation in Company wells and as a result of subsequent operations on properties owned by them or their affiliates as of July 1, 1995. Messrs. McClendon and Ward participated in all wells drilled by the Company from its initial public offering in February 1993 through December 1998 with either a 1.0%, 1.25% or 1.5% working interest. Messrs. McClendon and Ward did not participate in the Company's wells from January 1, 1999 through March 31, 2000, but began participating again on April 1, 2000.

The Company has an employment agreement with Mr. Rowland that is in effect through June 30, 2003. It provides for an annual base salary of not less than \$250,000 and for a work week averaging four days. Mr. Rowland's employment agreement requires him to hold not less than 5,000 shares of the Company's Common Stock throughout the term of the agreement. Mr. Rowland's agreement provides for bonuses at the discretion of the Board of Directors and eligibility for stock options and benefits, including an automobile and travel allowance and club membership. Mr. Rowland's employment agreement permits him to continue to conduct oil and gas activities individually and through various related or family-owned entities, but prohibits him from acquiring, attempting to acquire or aiding another person in acquiring an interest in oil and gas exploration, development or production activities within five miles of any operations or ownership interests of the Company and its affiliates.

The Company also has employment agreements with Messrs. Johnson, Dixon and Lester and Ms. Burger. These agreements have a term of three years from July 1, 2000, with minimum annual base salaries of \$150,000 for Mr.

-19-

21

Johnson, \$205,000 for Messrs. Dixon and Lester and \$170,000 for Ms. Burger. Each agreement provides that the executive officer is eligible for bonuses, stock options and other benefits. The agreements require each executive to acquire and continue to hold at least 1,000 shares of the Company's Common Stock.

The Company may terminate any of the employment agreements with its executive officers at any time without cause; however, upon such termination Messrs. McClendon and Ward are entitled to continue to receive salary and benefits for the balance of the contract term, Mr. Rowland is entitled to continue to receive salary and benefits for 180 days, and the other named executive officers are entitled to continue to receive salary and benefits for 90 days. Each of the employment agreements for Messrs. McClendon and Ward further provides that if, during the term of the agreement, there is a change of control and within two years thereafter (a) the agreement expires; (b) the agreement is not extended and the executive resigns within one year after the nonextension; (c) the executive is terminated other than for cause, death or incapacity; (d) the executive resigns as a result of (i) a change in his duties, (ii) a reduction in his compensation, (iii) a required relocation more than 25 miles from his then current place of employment, or (iv) a default by the Company under the agreement; (e) the agreement has not been assumed, without limitation or reduction, by any successor to or parent of the Company; or (f) the executive has agreed to remain employed by the Company for a period of three months to assist in the transition and thereafter resigns, then the executive officer will be entitled to a severance payment in an amount equal to five times his base compensation (as that term is defined in the agreements), plus a grossup amount to be paid with respect to any excise or income taxes or penalties imposed on the severance payment. Change of control is defined in these agreements to include (1) an event which results in a person acquiring

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

beneficial ownership of securities having 35% or more of the voting power of the Company's outstanding voting securities, or (2) within two years of a tender offer or exchange offer for the voting stock of the Company or as a result of a merger, consolidation, sale of assets or contested election, or any combination of (1) and (2), a majority of the members of the Company's Board of Directors is replaced by directors who were not nominated and approved by the Board of Directors.

The employment agreements for Messrs. Rowland, Dixon, Lester and Johnson and Ms. Burger further state that if, during the term of the agreement, there is a change of control and within one year (a) the agreement expires and is not extended; (b) the executive officer resigns as a result of (i) a reduction in the executive officer's compensation, or (ii) a required relocation more than 25 miles from the executive officer's then current place of employment; or (c) the executive officer is terminated other than for cause, death or incapacity, then the executive officer will be entitled to a severance payment in an amount equal to six months of base salary plus bonuses equal to those paid to him or her in 2000 under the agreement. Change of control is defined in these agreements to include (1) an event which results in a person acquiring beneficial ownership of securities having 51% or more of the voting power of the Company's outstanding voting securities; (2) a merger, consolidation, sale of assets or contested election; or (3) any combination of (1) and (2) which results in a majority of the members of the Company's Board of Directors being replaced by directors who were not nominated and approved by the Board of Directors.

DIRECTORS' COMPENSATION

During 2000, each director who was not an employee of the Company was entitled to receive cash compensation of \$25,000, comprised of an annual retainer of \$5,000, payable in quarterly installments of \$1,250, and \$5,000 for each meeting of the Board attended, not to exceed \$20,000 per year for Board meetings attended. Directors are also reimbursed for travel and other expenses. Officers who also serve as directors do not receive fees for serving as directors. Under the Company's 1992 Nonstatutory Stock Option Plan (the "1992 NSO Plan") on the first business day of each quarter of service, non-employee directors are granted ten-year non-qualified options to purchase 7,500 shares of Common Stock at an exercise price equal to the market price on the date of grant. The options are fully exercisable upon grant.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is composed of Messrs. Heizer and Whittemore. They also administer the Company's stock option plans with respect to employee participants who are executive officers. Neither is or has

-20-

been an officer or employee of the Company, and neither has had any relationship otherwise requiring disclosure hereunder.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors is responsible for establishing the Company's compensation policies and monitoring the implementation of the Company's compensation system. The Committee's specific duties include establishing and periodically reviewing the Company's compensation policies, overseeing the compensation of the Company's executive officers, coordinating with the Company's stock option committees in the award of stock options and the annual review of the Company's benefit plans. The compensation of the Company's employees consists of several components, each of which is determined using different methods and objectives. The components

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

include: (a) base salary, (b) cash bonuses, (c) stock options, and (d) medical insurance, life insurance and other non-cash benefits.

EXECUTIVE OFFICER COMPENSATION. The Committee believes the executive officers' compensation should be competitive with the Company's peer group and should be designed to encourage both short-term and long-term performance aligned with shareholders' interests. The individual components of the executive officers' compensation and the factors considered in connection with each component are as follows:

Base Salary. The executive officers' base salary is reviewed semiannually and is set for each individual. Although the Committee believes that performance-based pay elements should be a key element in the executive officers' compensation package, the Company must also maintain base salary levels commensurate with the Company's peer group. The actual amount of each executive's base salary reflects and is adjusted on a subjective basis for such factors as leadership, commitment, attitude, motivational effect, level of responsibility, prior experience and extraordinary contributions to the Company. The executive officers' salaries were held relatively flat in 1999 because of the difficult operating environment caused by low oil and gas prices in the first half of the year and were raised in 2000 as oil and gas prices recovered and the Company's performance significantly improved.

Cash Bonuses. The Committee believes that cash bonuses should be paid to the executive officers based on a subjective evaluation of the performance of the Company and the individual. The cash bonuses awarded for 2000 were based on the strong profitability of the Company, the significant improvement achieved in the Company's balance sheet and the substantial growth in the Company's assets. Performance measurements for the Company as a whole include growth in oil and gas reserves, production and cash flow. Performance measurements for each individual or business segment are dependent on the individual circumstances. It is anticipated that an executive officer's bonus as a percentage of base salary will increase as the management level and responsibility level of the individual increases and as the size of the Company increases. The Committee does not believe bonuses can be awarded based on a predetermined formula so the amount of each executive officer's cash bonus is based on a subjective evaluation of many factors such as performance, leadership, commitment, attitude, motivational effect, level of responsibility, prior experience and extraordinary contributions to the Company.

Stock Options. The other performance-based compensation provided by the Company is the issuance of stock options under existing and future stock option plans. Currently, stock options are granted to all employees based on a subjective determination utilizing the factors for base compensation and cash bonus awards. Because all stock options granted to executive officers are issued at not less than the market price of the Company's Common Stock on the date of issuance and options granted in 2000 vest over a period of four years, the options provide strong incentives for long-term performance and continued retention of the executives by the Company. The Committee coordinates closely with the Company's stock option committees in issuing the stock options. The executive officers' options were reduced in 1999 from 1998 because of the difficult operating environment caused by low oil and gas prices in the first half of 1999, and were subsequently increased in 2000 based on the strong profitability of the Company and the rise in oil and gas prices.

2000 Performance. The Company achieved record financial and operating results for the year 2000. The Company's stock price increased 326% and was the eighth best performer on the New York Stock Exchange during

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

2000 and the second best performer among all New York Stock Exchange listed energy companies. As a result, the Committee increased executive compensation levels by approximately 30%.

Suggested Stock Ownership. The Committee believes it is appropriate for each executive officer to maintain direct ownership in the Company's Common Stock, as provided in the individual employment agreements. The stock ownership targets for executive officers range from 1,000 shares to 500% of annual base salary and bonus (based on the individual officer's aggregate investment in the stock as computed under the employment agreements). The Committee believes that compliance with such stock ownership targets is necessary to ensure that the interests of the executive officers and shareholders are the same. Failure to meet such objectives will adversely and materially affect the performance-based compensation for an executive officer who fails to meet the stock ownership targets. It is the Committee's further belief that a large stock ownership position should not negatively affect an executive officer's compensation or stock option awards. Except for stock ownership targets discussed above, the Committee does not consider the number of options or stock held in determining compensation.

Discretion. Individual circumstances and performance can substantially affect the amount of compensation or benefits to be received by each executive officer. In general, measuring the efforts or impact of an individual employee and converting such concepts on an objective basis to a quantifiable increase in compensation is not possible. However, given the importance of individual effort to the success of the Company, the lack of objective measurement standards should not prohibit performance rewards. Accordingly, from time to time, the Committee may provide extraordinary compensation to an individual employee or group of employees based on outstanding performance.

Policy on Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid by a publicly held company to its chief executive officer and the Company's four other most highly compensated executive officers, unless certain requirements are met. The Committee presently intends that all compensation paid to executive officers will meet the requirements for deductibility under Section 162(m). However, the Committee may award compensation which is not deductible under Section 162(m) if it believes that such awards would be in the best interest of the Company or its shareholders.

COMPENSATION OF CHIEF EXECUTIVE OFFICER AND CHIEF OPERATING OFFICER. Based on historical operations of the Company, the Chief Executive Officer and Chief Operating Officer have identical positions with managerial control over different areas of the Company. Accordingly, the Chief Executive Officer and Chief Operating Officer have been historically compensated on an equal basis and the Committee anticipates that such practice will continue in the future. In each case, the compensation for each of the officers was determined in the same manner as the compensation for other executive officers of the Company. The cash bonuses and options granted to Messrs. McClendon and Ward were based on the subjective evaluation of the Company's growth and profitability, the perceived contributions of Messrs. McClendon and Ward to that growth and the compensation paid to other chief executive officers in the Company's peer group. The Committee determined that the increase in overall compensation for the Chief Executive Officer and Chief Operating Officer during 2000 was appropriate given the Company's strong performance in 2000.

Oil and Gas Operations. The Company operates wells in which directors, executive officers and related parties own working interests. The table below presents information about drilling, completion, equipping and operating costs billed to Messrs. McClendon and Ward from January 1, 2000 to December 31, 2000, the largest amount owed by them during the period and the balances owed by them at December 31, 1999 and 2000. No interest is charged on amounts owing for such costs. See "Employment Agreements" for a description of terms covering the participation by Messrs. McClendon and Ward in Company wells. The amounts for all other directors and executive officers who are joint working interest owners in Company wells were insignificant.

The amounts advanced to the executive officers as of December 31, 2000 to correct the timing of the receipt of oil and gas revenues on the wells in which the executive officers participated, including accrued interest, equaled \$376,577 for Mr. McClendon, and \$371,267 for Mr. Ward. The amount of advances in excess of revenue received by the Company and not disbursed bears interest at 9.125%. As of December 31, 2000, the amount of these advances did not exceed the revenue received by the Company but not disbursed.

Purchase of Oil and Gas Assets from Executive. In January 2000, the Company purchased Mr. Rowland's interests in the oil and gas wells in which he participated pursuant to his employment agreement. The purchase price for the oil and gas assets was \$465,000 and was determined using a methodology similar to that used by the Company for similar acquisitions of assets from disinterested third parties.

AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

CHARTER

1. Purpose

2. Composition

The audit committee will consist of three or more directors as selected by the Board, each of whom will be an independent director. Each member of the committee will be free from any relationship that, in the opinion of the Board, would interfere with the exercise of such member's independent judgment independent from management of the Corporation. In no event will a person be considered independent if such person is currently an employee or an executive officer of the Corporation or any affiliate of the Corporation, or has been such an employee or officer within the past three years. All members of the committee will have a working familiarity with basic finance and accounting practices or become reasonably familiar with such practices in a reasonable period of time, and at least one member of the committee will have accounting or related financial management expertise.

3. Meetings

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

4. Outside Auditors

The Board, acting through the committee and independently, has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the independent auditor. The foregoing includes the selection and nomination of the independent auditor for approval by the Board or the shareholders. In order to ensure that the independent auditor is independent, at least annually the independent auditor will submit to the committee a formal written statement delineating all relationships between the auditor, the Corporation and the management of the Corporation. The committee will review and discuss with the independent auditor any disclosed relationships or services that may impact the objectivity and independence of the independent auditor and, if necessary, make recommendations to the Board regarding any actions to be taken to ensure the independence of the Corporation's independent auditor.

5. Responsibilities

The audit committee believes its policies and procedures should remain flexible in order to react more effectively to changing conditions and to ensure that the corporate accounting and reporting practices of the Corporation are in accordance with all requirements and are of the highest quality. Any changes in accounting principles should be reviewed and approved by the committee.
- o Provide sufficient opportunity for the independent auditors to meet with the members of the audit committee without members of management present. for any other reason determined by the Board, the Board may take any action

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

under the Plan that would otherwise be the responsibility of the Committee.

Unless otherwise provided in the by-laws of the Company or resolutions adopted from time to time by the Board establishing the Committee, the Board may from time to time remove members from, or add members to, the Committee. Vacancies on the Committee, however caused, shall be filled by the Board. The Committee shall hold meetings at such times and places as it may determine. A majority of the Committee shall constitute a quorum, and the acts of a majority of the members present at any meeting at which a quorum is present shall be the valid acts of the Committee. Any action which may be taken at a meeting of the Committee may be taken without a meeting if all the members of the Committee consent to the action in writing.

Subject to the provisions of the Plan, the Committee shall have exclusive power to:

- (a) Select the Eligible Persons to participate in the Plan.
- (b) Determine the time or times when Options will be granted.
- (c) Determine the form of Option, whether an Incentive Stock Option or a Nonqualified Stock Option, the number of shares of Common Stock subject to any Option, all the terms, conditions (including performance requirements), restrictions and/or limitations, if any, of an Option, including the time and conditions of exercise or vesting, and the terms of any Option Agreement, which may include the waiver or amendment of prior terms and conditions or acceleration of the vesting or exercise of an Option under certain circumstances determined by the Committee.
- (d) Determine whether Options will be granted singly or in combination.
- (e) Take any and all other action it deems necessary or advisable for the proper operation or administration of the Plan.

SECTION 3.2 Committee to Make Rules and Interpret Plan. The Committee in its sole discretion shall have the authority, subject to the provisions of the Plan, to establish, adopt, or revise such rules and regulations and to make all such determinations relating to the Plan as it may deem necessary or advisable for the administration of the Plan. The Committee reserves the right to modify outstanding Options and awards unilaterally in any manner that is not adverse to the Option holder. The Committee's interpretation of the Plan or any Options granted pursuant hereto and all decisions and determinations by the Committee with respect to the Plan shall be final, binding, and conclusive on all parties.

ARTICLE IV

GRANT OF OPTIONS

The Committee may, from time to time, grant Options to one or more Participants, provided, however, that:

- (a) Any shares of Common Stock related to Options which terminate by expiration, forfeiture, cancellation or otherwise without the issuance of shares of Common Stock shall be available again for grant under the Plan.
- (b) Common Stock delivered by the Company upon exercise of an Option under the Plan will be authorized and unissued shares or issued shares which have been reacquired by the Company (i.e., treasury

shares).

(c) The Committee shall, in its sole discretion, determine the manner in which fractional shares arising under this Plan shall be treated.

B-3

33

(d) Upon the exercise of any Option, the Company shall issue and deliver to the Participant who exercised the Option a certificate representing the number of shares of Common Stock purchased thereby.

ARTICLE V

ELIGIBILITY

Subject to the provisions of the Plan, the Committee shall, from time to time, select from the Eligible Persons those to whom Options shall be granted and shall determine the type or types of Options to be granted and shall establish in the related Option Agreements the terms, conditions, restrictions and/or limitations, if any, applicable to the Options in addition to those set forth in the Plan and the administrative rules and regulations issued by the Committee. Nonqualified Stock Options may be granted to any Eligible Person. Incentive Stock Options may be granted only to Employees.

ARTICLE VI

STOCK OPTIONS

SECTION 6.1 Grant of Options. The Committee may, from time to time, subject to the provisions of the Plan and such other terms and conditions as it may determine, grant Options to Eligible Persons. Subject to Article V, these Options may be Incentive Stock Options or Nonqualified Stock Options, or a combination of both. Each grant of an Option shall be evidenced by an Option Agreement executed by the Company and the Participant, and shall contain such terms and conditions and be in such form as the Committee may from time to time approve, subject to the requirements of Section 6.2.

SECTION 6.2 Conditions of Options. Each Option so granted shall be subject to the following conditions:

(a) Exercise Price. As limited by Section 6.2(e) below, the Option Agreement for each Option shall state the exercise price which shall be set by the Committee on the Date of Grant. No Option shall be granted at an exercise price which is less than the Fair Market Value of the Common Stock on the Date of Grant, except that Nonqualified Stock Options for the purchase of up to ten percent (10%) of the shares subject to the Plan may be granted at an exercise price which is not less than eighty-five percent (85%) of the Fair Market Value of the Common Stock on the Date of Grant.

(b) Form of Payment. The payment of the exercise price of an Option shall be subject to the following:

- (i) The full exercise price for shares of Common Stock purchased upon the exercise of any Option shall be paid at the time of such exercise (except that, in the case of an exercise arrangement approved by the Committee and described in clause (iii) below, payment may be made as soon as practicable after

the exercise).

- (ii) The exercise price shall be payable in cash (including a check acceptable to the Committee, bank draft or money order) or by tendering, by either actual delivery of shares or by attestation, shares of Common Stock acceptable to the Committee and valued at Fair Market Value as of the day of exercise, or any combination thereof, as determined by the Committee.
- (iii) The Committee may permit a Participant to elect to pay the exercise price upon the exercise of an Option by irrevocably authorizing a third party to sell shares of Common Stock (or a sufficient portion of the shares) acquired upon exercise of the Option and remit to the Company a sufficient portion of the sale proceeds to pay the entire exercise price and any tax withholding resulting from such exercise.

B-4

34

(c) Exercise of Options. Options granted under the Plan shall be exercisable, in whole or in such installments and at such times, and shall expire at such time, as shall be provided by the Committee in the Option Agreement. Exercise of an Option shall be by written notice stating the election to exercise in the form and manner determined by the Committee. Every share of Common Stock acquired through the exercise of an Option shall be deemed to be fully paid at the time of exercise and payment of the exercise price.

(d) Other Terms and Conditions. Among other conditions that may be imposed by the Committee, if deemed appropriate, are those relating to (i) the period or periods and the conditions of exercisability of any Option; (ii) the minimum periods during which Participants must be employed by the Company or its Subsidiaries, or must hold Options before they may be exercised; (iii) the minimum periods during which shares acquired upon exercise must be held before sale or transfer shall be permitted; (iv) the maximum period that Participants will be allowed to be inactively employed or on a leave of absence before their vesting is suspended until they return to active employment; (v) conditions under which such Options or shares may be subject to forfeiture; (vi) the frequency of exercise or the minimum or maximum number of shares that may be acquired at any one time and (vii) the achievement by the Company of specified performance criteria.

(e) Special Restrictions Relating to Incentive Stock Options. In addition to being subject to all applicable terms, conditions, restrictions and/or limitations established by the Committee, Options issued in the form of Incentive Stock Options shall comply with the requirements of Section 422 of the Code (or any successor Section thereto), including, without limitation, the requirement that the exercise price of an Incentive Stock Option not be less than 100% of the Fair Market Value of the Common Stock on the Date of Grant, the requirement that each Incentive Stock Option, unless sooner exercised, terminated or cancelled, expire no later than 10 years from its Date of Grant, the requirement that Incentive Stock Options be granted only to Employees, and the requirement that the aggregate Fair Market Value (determined on the Date of Grant) of the Common Stock with respect to

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year (under this Plan or any other plan of the Company or any Subsidiary) not exceed \$100,000. Incentive Stock Options which are in excess of the applicable \$100,000 limitation will be automatically recharacterized as Nonqualified Stock Options as provided under Section 6.3 of this Plan. No Incentive Stock Options shall be granted to any Employee if, immediately before the grant of an Incentive Stock Option, such Employee owns more than 10% of the total combined voting power of all classes of stock of the Company or its Subsidiaries (as determined in accordance with the stock attribution rules contained in Sections 422 and 424(d) of the Code). Provided, the preceding sentence shall not apply if, at the time the Incentive Stock Option is granted, the exercise price is at least 110% of the Fair Market Value of the Common Stock subject to the Incentive Stock Option, and such Incentive Stock Option by its terms is exercisable no more than five years from the date such Incentive Stock Option is granted.

(f) Application of Funds. The proceeds received by the Company from the sale of Common Stock issued upon the exercise of Options will be used for general corporate purposes.

(g) Shareholder Rights. No Participant shall have any rights as a shareholder with respect to any share of Common Stock subject to an Option prior to the purchase of such share of Common Stock by exercise of the Option.

SECTION 6.3 Options Not Qualifying as Incentive Stock Options. With respect to all or any portion of any Option granted under this Plan not qualifying as an "incentive stock option" under Section 422 of the Code, such Option shall be considered a Nonqualified Stock Option granted under this Plan for all purposes. Further, this Plan and any Incentive Stock Options granted hereunder shall be deemed to have incorporated by reference all the provisions and requirements of Section 422 of the Code (and the Treasury Regulations issued thereunder) necessary to ensure that all Incentive Stock Options granted hereunder shall be "incentive stock options" described in Section 422 of the Code. Further, in the event that the \$100,000 limitation contained in Section 6.2(e) herein is exceeded in any Incentive Stock Option granted under this Plan, the portion of the Incentive Stock Option in excess of such limitation shall be treated as

B-5

35

a Nonqualified Stock Option under this Plan subject to the terms and provisions of the applicable Option Agreement, except to the extent modified to reflect recharacterization of the Incentive Stock Option as a Nonqualified Stock Option.

ARTICLE VII

STOCK ADJUSTMENTS

Subject to the provisions of Article IX of this Plan, in the event that the shares of Common Stock, as presently constituted shall be changed into or exchanged for a different number or kind or shares of stock or other securities of the Company or of another corporation (whether by reason of merger, consolidation, recapitalization, reclassification, stock split, combination of shares or otherwise), or if the number of such shares of Common Stock shall be increased through the payment of a stock dividend, or a dividend on the shares of Common Stock or rights or warrants to purchase securities of the Company shall be made, then there shall be substituted for or added to each share available under and subject to the Plan as provided in Section 1.3 hereof, and each share then subject or thereafter subject or which may become subject to

Options under the Plan, the number and kind of shares of stock or other securities into which each outstanding share of Common Stock shall be so changed or for which each such share shall be exchanged or to which each such share shall be entitled, as the case may be, on a fair and equivalent basis in accordance with the applicable provisions of Section 424 of the Code; provided, however, in no such event will such adjustment result in a modification of any Option as defined in Section 424(h) of the Code. In the event there shall be any other change in the number or kind of the outstanding shares of Common Stock, or any stock or other securities into which the Common Stock shall have been changed or for which it shall have been exchanged, then if the Committee shall, in its sole discretion, determine that such change equitably requires an adjustment in the shares available under and subject to the Plan, or in any Option theretofore granted or which may be granted under the Plan, such adjustments shall be made in accordance with such determination, except that no adjustment of the number of shares of Common Stock available under the Plan or to which any Option relates that would otherwise be required shall be made unless and until such adjustment either by itself or with other adjustments not previously made would require an increase or decrease of at least 1% of the number of shares of Common Stock available under the Plan or to which any Option relates immediately prior to the making of such adjustment (the "Minimum Adjustment"). Any adjustment representing a change of less than such minimum amount shall be carried forward and made as soon as such adjustment together with other adjustments required by this Article VII and not previously made would result in a Minimum Adjustment. Notwithstanding the foregoing, any adjustment required by this Article VII which otherwise would not result in a Minimum Adjustment shall be made with respect to shares of Common Stock relating to any Option immediately prior to exercise of such Option.

No fractional shares of Common Stock or units of other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share.

ARTICLE VIII

GENERAL

SECTION 8.1 Amendment or Termination of Plan. The Board may suspend or terminate the Plan at any time. In addition, the Board may, from time to time, amend the Plan in any manner, but may not adopt any amendment without Shareholder Approval if (i) the amendment relates to Incentive Stock Options and Section 422 of the Code requires Shareholder Approval of such amendment, or (ii) in the opinion of counsel to the Company, Shareholder Approval is required by any federal or state laws or regulations.

SECTION 8.2 Acceleration of Otherwise Unexercisable Stock Options on Death, Disability or Other Special Circumstances. The Committee, in its sole discretion, may permit (i) a Participant who terminates employment due to a Disability, (ii) the personal representative of a deceased Participant, or (iii) any other Participant who terminates employment upon the occurrence of special circumstances (as determined by the Committee) to purchase all or any part of the shares subject to any unvested Option on the date of the Participant's termination of employment due to a Disability, death or special circumstances, or as the Committee otherwise so determines. With respect to Options which have already vested at the date of such termination or the vesting of which is accelerated by the Committee in

B-6

36

accordance with the foregoing provision, the Participant or the personal representative of a deceased Participant shall have the right to exercise such

Edgar Filing: CHESAPEAKE ENERGY CORP - Form PRER14A

vested Options within such period(s) as the Committee shall determine.

SECTION 8.3 Nonassignability. Options are not transferable otherwise than by will or the laws of descent and distribution. Any attempted transfer, assignment, pledge, hypothecation or other disposition of, or the levy of execution, attachment or similar process upon, any Option contrary to the provisions hereof shall be void and ineffective, shall give no right to any purported transferee, and may, at the sole discretion of the Committee, result in forfeiture of the Option involved in such attempt.

SECTION 8.4 Withholding Taxes. A Participant must pay to the Company the amount of taxes required by law upon the exercise of an Option in cash.

SECTION 8.5 Amendments to Options. The Committee may at any time unilaterally amend the terms of any Option Agreement, whether or not the Option granted thereunder is presently exercisable or vested, to the extent it deems appropriate; provided, however, that any such amendment which is adverse to the Participant shall require the Participant's consent.

SECTION 8.6 Regulatory Approval and Listings. The Company shall use its best efforts to file with the Securities and Exchange Commission as soon as practicable following the date this Plan is effective, and keep continuously effective and usable, a Registration Statement on Form S-8 with respect to shares of Common Stock subject to Options hereunder. Notwithstanding anything contained in this Plan to the contrary, the Company shall have no obligation to issue or deliver certificates representing shares of Common Stock evidencing Options prior to:

(a) the obtaining of any approval from, or satisfaction of any waiting period or other condition imposed by, any governmental agency which the Committee shall, in its sole discretion, determine to be necessary or advisable;

(b) the listing of such shares on any exchange on which the Common Stock may be listed; and

(c) the completion of any registration or other qualification of such shares under any state or federal law or regulation of any governmental body which the Committee shall, in its sole discretion, determine to be necessary or advisable.

SECTION 8.7 Right to Continued Employment. Participation in the Plan shall not give any Participant any right to remain in the employ of the Company or any Subsidiary or any partnership or limited liability company controlled by the Company. Further, the adoption of this Plan shall not be deemed to give any Employee or Consultant or any other individual any right to be selected as a Participant or to be granted an Option.

SECTION 8.8 Reliance on Reports. Each member of the Committee and each member of the Board shall be fully justified in relying or acting in good faith upon any report made by the independent public accountants of the Company and its Subsidiaries and upon any other information furnished in connection with the Plan by any person or persons other than the Committee or Board member. In no event shall any person who is or shall have been a member of the Committee or of the Board be liable for any determination made or other action taken or any omission to act in reliance upon any such report or information or for any action taken, including the furnishing of information, or failure to act, if in good faith.

SECTION 8.9 Construction. The titles and headings of the sections in the Plan are for the convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall

control.

SECTION 8.10 Governing Law. The Plan shall be governed by and construed in accordance with the laws of the State of Oklahoma except as superseded by applicable federal law.

B-7

37

ARTICLE IX

ACCELERATION OF OPTIONS UPON CORPORATE EVENT

SECTION 9.1 Procedures for Acceleration and Exercise. If the Company shall, pursuant to action by the Board, at any time propose to dissolve or liquidate or merge into, consolidate with, or sell or otherwise transfer all or substantially all of its assets to another corporation and provision is not made pursuant to the terms of such transaction for the assumption by the surviving, resulting or acquiring corporation of outstanding Options under the Plan, or for the substitution of new options therefor, the Committee shall cause written notice of the proposed transaction to be given to each Participant no less than forty days prior to the anticipated effective date of the proposed transaction, and the Participant's Option shall become 100% vested. Prior to a date specified in such notice, which shall be not more than ten days prior to the anticipated effective date of the proposed transaction, each Participant shall have the right to exercise his or her Option to purchase any or all of the Common Stock then subject to such Option. Each Participant, by so notifying the Company in writing, may, in exercising his or her Option, condition such exercise upon, and provide that such exercise shall become effective immediately prior to the consummation of the transaction, in which event such Participant need not make payment for the Common Stock to be purchased upon exercise of such Option until five days after receipt of written notice by the Company to such Participant that the transaction has been consummated. If the transaction is consummated, each Option, to the extent not previously exercised prior to the date specified in the foregoing notice, shall terminate on the effective date such transaction is consummated. If the transaction is abandoned, (i) any Common Stock not purchased upon exercise of such Option shall continue to be available for purchase in accordance with the other provisions of the Plan and (ii) to the extent that any Option not exercised prior to such abandonment shall have vested solely by operation of this Section 9.1, such vesting shall be deemed voided as of the time such acceleration otherwise occurred pursuant to Section 9.1, and the vesting schedule set forth in the Participant's Option Agreement shall be reinstated as of the date of such abandonment.

SECTION 9.2 Certain Additional Payments by the Company. The Committee may, in its sole discretion, provide in any Option Agreement for certain payments by the Company in the event that acceleration of vesting of any Option under the Plan is subject to the excise tax imposed by Section 4999 of the Code or any interest or penalties with respect to such excise tax (such excise tax, interest and penalties, collectively, the "Excise Tax"). An Option Agreement may provide that the Participant shall be entitled to receive a payment (a "Gross-Up Payment") in an amount such that after payment by the Participant of all taxes (including any interest or penalties imposed with respect to such taxes), including any Excise Tax, imposed upon the Gross-Up Payment, the Participant retains an amount of the Gross-Up Payment equal to the Excise Tax imposed upon such acceleration of vesting of any Option.
