**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Executive Committee of the  
Savings and Profit Sharing Plan  
for Employees of First Interstate BancSystem, Inc.  
Billings, Montana

We have audited the accompanying statement of net assets available for benefits of the **Savings and Profit Sharing Plan for Employees of First Interstate BancSystem, Inc.** as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we do not express such an opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Assets Held at End of Year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**NOTE 1 DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES**

*Description of Plan*

The following description of the First Interstate BancSystem, Inc. (Company) Savings and Profit Sharing Plan for Employees of First Interstate BancSystem, Inc. (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of the Company's member banks and affiliates who are classified as regular-status scheduled to work 20 hours or more per week, or, if not classified as regular status have completed 1,000 hours of service in no more than twelve consecutive months. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Elective and Matching Contributions. At initial entry in the Plan Participants are automatically enrolled to contribute four percent of their annual compensation in pre-tax contributions, unless they elect otherwise. Participants may change their elective contribution rate as of any pay period by filing a new election. Such elective contributions are limited to the annual limitation defined in Internal Revenue Code Section 402(g)(1), which was \$14,000 for 2005. Participants aged 50 or older before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes a matching contribution of 125 percent of the first four percent of annual compensation that a participant contributes to the Plan.

Discretionary Contributions. At its discretion, the Company may make a quarterly profit sharing contribution. The Plan also allows for an Applicable Minimum Employer contribution and a Specified Minimum Employer contribution as determined by the Company's board of directors by appropriate resolution on or before the last day of the Company's tax year.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of the Company contributions and Plan earnings. Allocations of participant earnings are based on account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FOR EMPLOYEES OF FIRST INTERSTATE BANCSYSTEM, INC.  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2005 AND 2004**

**Vesting.** Participants are immediately vested in their contributions and any rollover contributions plus allocated earnings thereon. Vesting in the Company's matching and profit sharing contribution portions of their accounts and earnings thereon is contingent upon the participant's date of hire. Employees who were hired before January 1, 2000 and participating in the plan before January 1, 2001 are 100 percent vested in the Company's matching and profit sharing contributions. Employees who were hired as regular-status working 20 hours or more per week during the fiscal year 2000 and became participants in fiscal year 2001 after completing 1 year of service, as defined, are also 100 percent vested in the Company's matching and profit sharing contributions. Employees hired in fiscal year 2001 or later are subject to a vesting schedule based on years of service. These participants are 100 percent vested in the Company's matching and profit sharing contributions after three years of credited service.

**Participant loans.** Loans are limited to the lesser of (a) 50 percent of the participant's vested account balance or (b) \$50,000, reduced by the excess, if any, of (i) the participant's highest outstanding loan balance during the previous year, over (ii) the participant's outstanding loan balance on the date the loan is made. Loan terms shall not exceed the earlier of (a) 15 years if the loan is for the purchase of a principal residence of the borrower or (b) five years for all other loans. The loans are secured by the balance in the participant's account and bear a rate of interest which is commensurate with the interest rates being charged at the time such loan is made under similar circumstances by financial institutions in the community in which the Company's principal office is then located. Interest rates on the participant loans outstanding at December 31, 2005 ranged from 5.0 percent to 10.5 percent. Principal and interest is paid ratably through biweekly payroll deductions for active employees.

**Investment Options.** Upon enrollment in the Plan, a participant may direct contributions in a variety of registered investment companies. The most common options as of December 31, 2005 are as follows:

*Accessor Balanced Allocation Fund* Funds are divided between equity funds and fixed-income funds in approximate equal proportion.

*Accessor Growth Allocation Fund* Funds are invested primarily in equity funds and some fixed-income funds with a target range of approximately 80% and 20%, respectively.

*Accessor Aggressive Growth Allocation Fund* Funds are invested in the domestic and international equity markets.

*Accessor Growth & Income Allocation Fund* Funds are invested in equity funds and some fixed-income funds with a target range of approximately 60% and 40%, respectively.

*Harbor International Fund* Funds are invested primarily in equity securities, principally common and preferred stocks of foreign companies located in Europe, the Pacific Basin and emerging industrialized countries whose economics and political regimes appear more stable and are believed to provide some protection to foreign shareholders.

*Fidelity Spartan U.S. Equity Index Fund* Funds are invested primarily in common stocks included in the Standard & Poor's 500 Index, which broadly represents the performance of common stocks publicly traded in the United States.

*Fidelity Spartan Money Market Fund* Funds are invested in U.S. dollar-dominated money market securities of domestic and foreign issuers and repurchase agreements.

A participant may not contribute to, but may direct transfers from any investment into, the following investment option:

*First Interstate BancSystem, Inc. Stock* Funds are invested in First Interstate BancSystem, Inc. stock (Company Stock). A participant's investment in Company Stock is limited to 50 percent of the participant's account balance, as defined.

As of December 31, 2005 and 2004, plan assets invested in Company Stock were 37 percent and 35 percent of net assets available for benefits, respectively.

**Payment of Benefits.** After termination of service due to death, disability, or retirement, a participant with an account balance of more than \$5,000 may, on any distribution date following termination, elect to receive either a lump sum distribution of his/her vested account balance or installment payments (annually, quarterly, or monthly) of a specific dollar amount not to exceed 10% of the account balance at the time of election or installment payments over a specified period of time not to exceed the participant's life expectancy or an installment in an amount equal to the required minimum distribution for the year. Any participant account balance with less than \$5,000 is distributed in a lump sum. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump sum distribution. A participant may elect to receive a hardship distribution, without termination of employment, if he/she qualifies under the hardship withdrawal rules.

***Basis of Accounting***

The accompanying financial statements have been prepared on an accrual basis and present the net assets available for participant benefits and changes in those net assets.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2005 AND 2004**

*Use of Estimates*

The preparation of financial statements in conformity with standards of the Public Company Accounting Oversight Board (United States) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Investment Valuation and Income Recognition*

The Plan's investments in registered investment companies are valued at quoted market prices. Company Stock is valued based on an independent appraisal prepared by Alex Sheshunoff & Co. Investment Banking. The appraised fair market value of a share of Company Stock was \$68.00 and \$55.50 as of September 30, 2005 and 2004, respectively. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

*Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

*Payment of Benefits*

Benefits are recorded when paid.

*Income Tax Status*

The Plan obtained its latest determination letter dated July 2, 2003, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's counsel believe the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC.

Certain Plan investments are shares of mutual funds managed by Fidelity Management & Research, which is an affiliate of the plan's custodian, Fidelity Investments Institutional Brokerage Group. In this custodial capacity, Fidelity has no fiduciary responsibility to the Plan. However, these transactions could qualify as party-in-interest should some change occur in this relationship.

**NOTE 6 PLAN AMENDMENTS**

For employees who become eligible to participate in the plan after March 31, 2005, either as a new employee or as a rehired employee, the Plan was amended effective April 1, 2005 to increase the automatic elective deferral rate from one percent to four percent.

Effective April 1, 2005 participants were no longer required to suffer a financial hardship in order to obtain a loan from the Plan. Loans must still comply with all other requirements of the Plan as defined above and in the Plan.

For distributions on or after March 28, 2005 the Plan was amended to provide that any mandatory distribution greater than \$1,000 will be distributed in a direct rollover to an individual retirement plan designated by the Plan

Administrator if the participant does not elect to have the distribution paid directly to a plan or individual retirement account specified by the participant or does not elect to receive the distribution directly.

Lastly, effective April 1, 2005 the plan was amended to provide that, in the case of any cash withdrawal from the plan, the proceeds for such withdrawal will be funded by a pro rata liquidation of assets from the participant's vested account balance, including shares of Company stock.
