PROXY STATEMENT

2003 ANNUAL MEETING OF STOCKHOLDERS

MAY 16, 2003

Proxies in the form enclosed with this proxy statement are solicited by the Board of Directors of Netegrity, Inc., a Delaware corporation (the "Company"), for use at the 2003 Annual Meeting of Stockholders to be held on Friday, May 16, 2003, at 9:00 a.m., local time, at the Company's principal executive offices located at 201 Jones Road, Waltham, Massachusetts 02451, and any adjournments thereof (the "Meeting").

If the enclosed proxy is properly executed and returned, it will be voted in the manner directed by the stockholder. If no specification is made with respect to a particular matter, the shares will be voted "For" approval of the matter. With respect to the election of directors, any stockholder submitting a proxy has the right to withhold authority to vote for any individual nominee or group of nominees to the Board of Directors by writing the name of such individual or group in the space provided on the proxy. Any person giving the enclosed form of proxy has the power to revoke it by executing a proxy bearing a later date and delivering it to the Secretary of the Company at any time before the proxy is exercised, by voting in person at the meeting, or by giving written notice of revocation to the Secretary of the Company at any time before the proxy is exercised.

The representation in person or by proxy of at least a majority of the outstanding shares of Common Stock is necessary to establish a quorum for the transaction of business. The election of the nominees for director will be decided by a plurality vote. Both abstentions and broker "non-votes" will be counted as present for the purposes of determining the existence of a quorum for the transaction of business. However, for purposes of determining the number of shares voting on a particular proposal, abstentions and broker "non-votes" will not be counted as votes cast or shares voting.

The Annual Report to Stockholders, containing financial statements for the fiscal year ended December 31, 2002, is being mailed with the proxy materials to all stockholders entitled to vote, on or about April 4, 2003.

The Company's principal executive offices are located at 201 Jones Road, Waltham, Massachusetts 02451, and its telephone number is (781) 890-1700.

RECORD DATE AND VOTING SECURITIES

Only stockholders of record at the close of business on March 17, 2003 are entitled to notice of, and to vote at, the Meeting. On March 17, 2003, the Company had outstanding 34,324,210 shares of Common Stock, par value \$.01 per share. Each outstanding share of Common Stock entitles the record holder to one vote.

MANAGEMENT AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The following table sets forth the beneficial ownership of the Company's Common Stock, as of February 28, 2003, by (i) each person known by the Company to beneficially own more than 5% of the issued and outstanding shares of Common Stock, (ii) each director, (iii) each "named executive officer" identified in the Summary Compensation Table below, and (iv) the current directors and executive officers as a group. The address of each of our directors and named executive officers is c/o Netegrity, Inc., 201 Jones Road, Waltham, MA 02451.

Edgar Filing: NETEGRITY INC - Form DEF 14A

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission ("SEC"), and generally includes voting power and/or investment power with respect to securities. Shares of Common Stock subject to options or warrants exercisable within 60 days of February 28, 2003 are deemed outstanding for purposes of computing the percentage beneficially owned by the person holding the options or warrants, but are not deemed outstanding for purposes of computing the percentage beneficially owned by any other person. Except as indicated by footnote, we believe that the persons named in this table, based on information provided by them, have sole voting and investment power with respect to the shares of Common Stock indicated.

- 3 -

On August 23, 2002, the Company filed a tender offer statement with the SEC in connection with its offer to exchange certain employee options to purchase shares of the Company's Common Stock for new options to purchase shares of its Common Stock (the "Offer to Exchange"). The Offer to Exchange provided for the grant of new options on two different dates. The number of shares to be granted to each optionee will equal the number of shares tendered by each optionee, except that options with an exercise price of \$36.09 tendered by Barry Bycoff and Deepak Taneja will be exchanged at a rate of one share underlying a new option for each two shares underlying such tendered options. The Company granted 50% of the new options on March 25, 2003 and expects to grant the remaining 50% on or about April 25, 2003, subject to the terms and conditions of the Offer to Exchange. Each new option will be exercisable in accordance with a schedule tied to the duration of an individual's employment with the Company. Solely for the purposes of the following table, the options that are currently expected to be exercisable under the Offer to Exchange when they are granted are deemed outstanding for purposes of computing the percentage beneficially owned by the person who will hold the option, but are not deemed outstanding for purposes of computing the percentage beneficially owned by any other person.

CORPORATE GOVERNANCE PHILOSOPHY

GENERAL

We believe that good corporate governance is important to ensure that the Company is managed for the long-term benefit of its stockholders. During the past year, we have been reviewing our corporate governance policies and practices and comparing them to those suggested by various authorities in corporate governance and the practices of other public companies. We have also been reviewing the provisions of the Sarbanes-Oxley Act of 2002, the new and proposed rules of the Securities and Exchange Commission (the "SEC") and the proposed new listing standards of NASDAQ to ensure compliance.

Based on our review, we have taken steps to voluntarily implement many of the proposed new rules and listing standards. In particular, we have:

- Adopted corporate governance guidelines

BOARD OF DIRECTORS

The business affairs of the Company are conducted under the direction of the Board in accordance with Delaware law, as implemented by the Company's Certificate of Incorporation and By-laws. In satisfying its responsibilities, the Board is authorized to retain its own advisors to assist and advise the Board and its Committees.

The role of the Board is to effectively govern the affairs of the Company for the benefit of its stockholders. The Board strives to ensure the success and continuity of the Company's business through the appointment of qualified management. The Board also seeks to ensure that the Company's activities are conducted in a responsible and ethical manner. Edgar Filing: NETEGRITY INC - Form DEF 14A

- Oversee the evaluation of the Board and management.

The Nomination and Governance Committee will consider for nomination to the Board candidates suggested by stockholders, provided such recommendations are delivered to the Company not later than the deadline for submission of stockholder proposals (see "Stockholder Proposals" below). Stockholders who wish to suggest qualified candidates for consideration as directors of the Company by the Nomination and Corporate Governance Committee should write to Secretary of the Company, Netegrity, Inc., 201 Jones Road, Waltham, Massachusetts 02451, stating in detail the qualifications of such persons.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has reviewed and discussed the Company's audited financial statements with management. The Audit Committee has discussed with KPMG LLP, ("KPMG") the Company's independent accountants, the matters required to be discussed by Statement of Auditing Standards No. 61, Communication with Audit Committees which provides that certain matters related to the conduct of the audit of the Company's financial statements are to be communicated to the Audit Committee. The Audit Committee has also received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 relating to the accountant's independence from the Company, has discussed with KPMG their independence from the Company, and has considered the compatibility of non-audit services with the accountant's independence. Based on the review and discussions referred to above, the Audit Committee recommended to the Company's Board (and the Board has approved) that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002, as amended.

- 9 -

The Audit Committee acts pursuant to a written Audit Committee charter, which is attached to this proxy statement as Appendix A. Each member of the Audit Committee qualifies as an "independent" director under the current listing standards of the NASDAQ Stock Market.

Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. This oversight does not provide the Audit Committee with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Therefore, the Committee members have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Compensation Committee of the Board, currently consisting of Mr. Mark, Chairman, and Mr. Wagner (the "Compensation Committee"). All members of the Compensation Committee are non-employee directors. From January 1, 2002 until May 14, 2002, the Compensation Committee of the Board of Directors consisted of Mr. Deninger, Chairman, Mr. Giler and Mr. Mark, from May 15, 2002 until December 18, 2002, the Compensation Committee of the Board of Directors consisted of Mr. Deninger, Chairman, Mr. Wagner and Mr. Mark, and from December 18, 2002 through December 31, 2002, the Compensation Committee of the Board consisted of Mr. Mark, Chairman, and Mr. Wagner. Mr. Deninger abstained from voting on matters regarding executive compensation during 2002. In August 2001, Broadview International LLC was engaged by the Company to

- 15 -

assist with the acquisition of identified companies with portal service products. The Company paid a fee of \$750,000 to Broadview International LLC in connection with an acquisition. Mr. Deninger is the Chairman and CEO of Broadview.

Pursuant to the authority delegated to it by the Board, the Compensation Committee is responsible for the review and approval of company bonus plans and the granting of stock options to employees and consultants. The Compensation Committee recommends the compensation of executive management to the Board who has authority to approve the annual salaries, bonuses and stock option grants.

One of the Company's primary business objectives is to maximize long-term stockholder returns. To achieve this objective, the Company believes it is necessary to attract, to retain and to motivate qualified executives. The Compensation Committee and the Board therefore apply the philosophy that compensation of executive officers, specifically including that of the Chief Executive Officer should be linked to the Company's performance.

Establishing compensation programs generally and determining the compensation of individual executive officers are complex matters involving numerous issues and a variety of data, including a competitive analysis prepared by an independent third party executive compensation advisory firm. The approach of the Compensation Committee is primarily subjective in nature. The Compensation Committee identifies relevant factors to be considered, such as the need to be competitive in the market for executive talent, retain and motivate existing officers with competitive salary and option programs and to provide incentives and rewards for individual and corporate performance. However, the Compensation Committee maintains a flexible approach that is based on the exercise of judgment and discretion and reflects the Company's entrepreneurial operating environment and long-term performance orientation. Although targets and goals are set, precise formulas are not utilized and specific weights are not assigned to the various factors.

The Compensation Committee focuses on the Company's goal of long-term enhancement of stockholder value by stressing long-term goals and by using stock-based incentive programs with extended vesting schedules. The Compensation Committee believes that the use of such incentives to retain and motivate individuals who have developed the skills and expertise required to lead the Company is key to the Company's success.

Under the supervision of the Compensation Committee, the Company has developed and implemented certain compensation policies. The Compensation Committee's executive compensation policies are designed to (i) enhance

Edgar Filing: NETEGRITY INC - Form DEF 14A

profitability of the Company and stockholder value, (ii) integrate compensation with the Company's annual and long-term performance goals, (iii) reward corporate performance, (iv) recognize individual initiative, achievement and hard work, (v) assist the Company in attracting and retaining qualified executive officers and (vi) retain and motivate existing officers to perform.

Compensation is comprised of cash compensation in the form of annual base salary and performance-based bonuses and long-term incentive compensation in the form of stock options.

In setting cash compensation levels for executive officers, the Compensation Committee prepares a salary review annually. The Compensation Committee endeavors to set base salaries at levels comparable to the amounts paid to senior executives with comparable qualifications, experience and responsibilities at other technology companies with which the Company competes for talent.

The Compensation Committee relies on incentive compensation in the form of performance-based bonuses and stock options to retain and motivate executive officers. Incentive compensation in the form of performance-based bonuses for the Chief Executive Officer and the Company's other executive officers are based upon management's success in meeting the Company's financial and operational goals. Milestones are established for revenue growth, operating income and earnings per share. With the exception of Mr. Thimot, Vice President of Worldwide Sales and Services, the milestones established by the Compensation Committee for 2002 were not achieved and no performance-based bonuses were paid to the executive officers. Mr. Thimot was paid \$49,575 during February 2003, as incentive compensation for achieving his performance milestones in the fourth quarter of 2002.

In establishing the compensation for 2002 of Barry N. Bycoff, the Chief Executive Officer and President of the Company, the Compensation Committee considered the factors detailed above. The Compensation Committee also established objective financial measures against which Mr. Bycoff's performance is measured, including achievement of certain revenue goals and other operational goals. Mr. Bycoff's incentive compensation is tied to the achievement of these goals.

- 16 -

Mr. Bycoff's base salary was \$375,000 and Mr. Bycoff was granted a \$25,000 retention bonus in 2002, in accordance with the terms of his Executive Employment Agreement. The Compensation Committee, as an incentive to build stockholder value and improve corporate performance over the long term, granted Mr. Bycoff options to purchase 425,000 shares of the Company's Common Stock at an exercise price of \$15.37 per share.

Incentive compensation in the form of stock options is designed to provide long-term incentives to executive officers and other employees, to encourage the executive officers and other employees to remain with the Company and to enable optionees to develop and maintain a significant, long-term stock ownership position in the Company's Common Stock, which in turn motivates the recipient to focus on long-term enhancement in stockholder value. The Company's 1994 Stock Option Plan, 1997 Stock Option Plan, 2000 Stock Incentive Plan, 2001 Interim General Stock Incentive Plan, 2002 General Stock Incentive Plan and 2002 Employee Retention General Incentive Plan, each administered by the Compensation Committee, are the vehicles for the granting of stock options.

Factors reviewed by the Compensation Committee in determining whether to grant options are similar to those considered in determining salaries and

Edgar Filing: NETEGRITY INC - Form DEF 14A

bonuses described above. Several other factors, however, such as an employee's individual initiative, achievement and performance are also considered by the Compensation Committee. In making recommendations for specific grants to executives, the Compensation Committee evaluates each officer's total equity compensation package in relation to competitive data provided by the independent third party executive compensation advisory firm. The Compensation Committee generally reviews the option holdings of each of the executive officers including vesting and exercise price and the then current value of such unvested options. The Compensation Committee considers equity compensation to be an integral part of a competitive executive compensation package, a way to reinforce the individual's commitment to the Company and an important mechanism to align the interests of management with those of the Company's stockholders.

In August 2002, the Company offered to employees the opportunity to exchange certain outstanding options to purchase shares of Common Stock for new options to be issued in March 2003 and April 2003. Because the market value of the Company's Common Stock had fallen substantially below the exercise price of most outstanding options, the value of such stock options as a means of motivating and retaining employees had been significantly diminished. The Compensation Committee concluded that the Company needed to restore the value of the existing stock options as a means of motivating and retaining employees in order to promote the successful implementation of the Company's strategies.

The Internal Revenue Code limits the deduction a public company is permitted for compensation paid to the chief executive officer and to the four most highly compensated executive officers, other than the chief executive officer. Generally, amounts paid in excess of \$1 million to a covered executive, other than performance-based compensation, cannot be deducted. In order to qualify as performance-based compensation under the tax law, certain requirements must be met including approval of the performance measures by the stockholders. In its deliberations, the Compensation Committee considers ways to maximize deductibility of executive compensation, while retaining the discretion the Compensation Committee considers appropriate to compensate executive officers at levels commensurate with their responsibilities and achievements. The Company has not adopted a policy that all executive compensation be fully deductible.

The Company has entered into Transition and Consulting Agreements with Thomas Palka, former Vice President of Sales and Services. Pursuant to these agreements, Mr. Palka resigned as an executive officer of the Company on October 1, 2002 and as an employee of the Company on December 31, 2002.
