**Item 1.01 Execution of a material definitive agreement**

On April 3 2008, Federal Signal agreed to sell Dayton Progress Corporation and its subsidiaries to Connell Limited Partnership, a holding company with operating companies including Anchor Danly Companies and Yuba Heat Transfer, LLC. Dayton Progress will be operated as an independent subsidiary of Connell.

Dayton Progress, with 2007 sales of \$119 million, produces punches, pilots, dies and retainers and other metal stamping and forming tools. Through its subsidiary PCS Company, it sells mold bases, components and hot runner systems for plastic injection molds.

Federal Signal expects to receive proceeds from the sale, net of taxes, of approximately \$60 million and expects to recognize a loss on the transaction. It is anticipated that the divestiture will be modestly dilutive to 2008 earnings. The transaction is expected to close during the second quarter, subject to customary closing conditions.

A copy of the press release is furnished herewith as Exhibit 99.1 and incorporated herein by reference.
