- (1) Based upon the total number of options that we granted to our employees during 2000.
- (2) The estimated grant date present value reflected in the above table is determined using the Black-Scholes model. The material assumptions and adjustments incorporated in the Black-Scholes model in estimating the value of the options reflected in the above table include the following: (a) the respective option exercise prices, (b) the exercise of options within three and one-half years of the date that they become exercisable, (c) a risk-free interest rate of 5.29% per annum and (d) volatility of 1.0. The ultimate values of the options will depend on the future market price of our common stock which cannot be forecast with reasonable accuracy. The actual value, if any, an optionee will realize upon exercise of an option will depend on the excess of the market value of our common stock over the exercise price on the date the option is exercised. 2000 Long-Term Incentive Plan annually on January 1. Prior to the adoption of our 2000 Long-Term Incentive Plan, board members were eligible to receive stock options under our 1996 Stock Plan, and outside directors received stock options pursuant to automatic grants under that plan.

COMPENSATION ARRANGEMENTS WITH EXECUTIVE OFFICERS

Arrangements with Martin J. Wygod

Letter agreement. On June 18, 2000, we entered into a letter agreement with Martin J. Wygod, who at the time was serving as Medical Manager's and CareInsite's Chairman, which became effective upon the completion of our mergers with Medical Manager and CareInsite in September 2000. The letter agreement provides that if Mr. Wygod's employment with us terminates for any reason, or he ceases to serve as our Co-Chief Executive Officer or Chief Executive Officer for any reason, each option held by Mr. Wygod at the time of the mergers, other than the options granted pursuant to the option agreement described below, will continue to vest in accordance with the applicable schedule and will otherwise be treated as if he remained employed through the earlier of the first anniversary of the last scheduled vesting date for those options or the material breach by him of the restrictive covenants contained in the letter agreement, which are described below.

The letter agreement provides that, except as otherwise permitted, until the earlier of the second anniversary of the date Mr. Wygod is neither a member of our board of directors nor our Co-Chief Executive Officer or Chief Executive Officer or September 2003, Mr. Wygod will not engage in business activities that are either substantially similar to, or competitive with, the businesses engaged in by Medical Manager and CareInsite at the time of the mergers. In addition, until the end of Mr. Wygod's noncompete period, Mr. Wygod is subject to nonsolicitation and confidentiality provisions.

Option agreement. On August 21, 2000, Medical Manager entered into an amended and restated option agreement with Mr. Wygod, which we assumed upon completion of the Medical Manager merger. Mr. Wygod was granted options to purchase shares of Medical Manager common stock, which were converted in the Medical Manager merger into options to purchase 3,000,000 shares of our common stock at an exercise price of \$12.75 per share.

The options vest in equal monthly installments commencing on September 1, 2000, except that if Mr. Wygod's employment is terminated due to his death or disability, by us without "cause" or by Mr. Wygod for "good reason," as those terms are defined in the option agreement, all unvested options will become fully vested and exercisable on the date of termination. In addition, if Mr. Wygod's employment is terminated by us with cause or by Mr. Wygod without good reason, all unvested options will terminate and be cancelled on the date of termination. If a "change in control," as defined in the option agreement, occurs, all unvested options will become fully vested and exercisable on the date of the change in control. The options are not exercisable following the tenth anniversary of the date of grant.

Edgar Filing: WEBMD CORP /NEW/ - Form 10-K/A

The option agreement contains a tax gross-up provision relating to any excise taxes that Mr. Wygod incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the tax code.

Arrangements with Jeffrey T. Arnold

In connection with Jeffrey T. Arnold's resignation as our Co-Chief Executive Officer in October 2000, we entered into a letter agreement with Mr. Arnold dated October 11, 2000. Pursuant to the October letter agreement, we paid Mr. Arnold \$4,000,000 and agreed to continue his participation in our benefit plans until the earlier of the 18-month anniversary of the date of termination and the date on which Mr. Arnold becomes covered by another comparable plan. Mr. Arnold's resignation was treated as a

9

11

termination without cause and, as a result, all of his outstanding options became fully vested at the time of his resignation and will remain exercisable for ten years from the applicable date of grant.

Mr. Arnold is subject to noncompetition, nonsolicitation and confidentiality provisions. Mr. Arnold is entitled to receive a tax gross-up payment to the extent of any excise taxes he incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the tax code.

Arrangements with Marvin P. Rich

On June 18, 2000, Medical Manager and CareInsite entered into an amended and restated employment agreement with Marvin P. Rich, which was subsequently modified by a letter agreement dated September 11, 2000. We assumed the obligations of Medical Manager under the employment agreement upon completion of the Medical Manager merger. The term of the agreement ends on January 4, 2005, subject to automatic monthly renewal. The employment agreement provides for Mr. Rich's appointment as President of Medical Manager and Chief Executive Officer of CareInsite. Upon completion of the mergers, Mr. Rich became our President. The employment agreement also provides that during the term of his employment, we will use our best efforts to include Mr. Rich in management's nominees for election, and recommend his election, as a member of our board of directors. The employment agreement provides for an annual aggregate base salary of \$500,000, subject to increase at the discretion of the board or the compensation committee of the board, and an annual aggregate performance bonus of up to \$500,000. Each of Medical Manager and CareInsite made a full recourse loan to Mr. Rich in the principal amount of \$300,000, which loans, together with accrued interest of approximately \$34,000 in the aggregate, were forgiven in full in September 2000 on the completion of the mergers.

If Mr. Rich resigns for "good reason" or his employment is terminated by us without "cause," as those terms are defined in his employment agreement, he will be entitled to continuation of his base salary for three years, continued participation in our benefit plans for three years or, if earlier, until he is offered comparable coverage with a subsequent employer, and the aggregate bonus that would have been payable for three years, based on the highest bonus paid during the prior three years or, if shorter, during the term of his employment. In addition, all outstanding options granted to Mr. Rich prior to the completion of the mergers will become fully vested and immediately exercisable upon the date of such termination and remain exercisable through the tenth anniversary of the applicable date of grant.

Notwithstanding the foregoing, if an event occurs prior to September 12,

Edgar Filing: WEBMD CORP /NEW/ - Form 10-K/A

2001 that would constitute good reason, Mr. Rich has agreed to remain employed until September 12, 2001, and he would be entitled to receive the severance benefits described above upon his resignation after that date, except that his outstanding options would become fully vested and immediately exercisable at the time such good reason event occurs. In the event that Mr. Rich is terminated for cause or resigns prior to September 12, 2001, he would forfeit his outstanding options and would be required to disgorge any gains realized upon prior exercise of such options.

If Mr. Rich's employment is terminated due to his death or disability, he will be entitled to the same benefits described above, but for four years, and Mr. Rich's outstanding options granted to him prior to the completion of the mergers will remain outstanding and continue to vest as if he remained employed by us until the fourth anniversary of the date of termination. If Mr. Rich's employment agreement is terminated by us for cause, he will receive only base salary that was earned but unpaid as of the date of termination.

The employment agreement contains confidentiality obligations, some of which survive indefinitely, and nonsolicitation and noncompetition obligations that end on the second anniversary of the date employment has ceased.

The employment agreement contains a tax gross-up provision relating to any excise taxes that Mr. Rich incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the tax code.

Arrangements with Patricia Fili-Krushel

Patricia Fili-Krushel, our Chief Executive Officer, Consumer Sales and Services, receives an annual base salary of \$1,000,000, subject to annual increase in the discretion of the compensation committee of our board with the approval of our full board. In addition, Ms. Fili-Krushel will be entitled to an annual bonus based on performance criteria established from year to year by the compensation committee, but which will be at least \$500,000 for each year during the term. We will also provide Ms. Fili-Krushel with term life insurance of not less than \$5,000,000.

Arrangements with K. Robert Draughon

In connection with the WebMD, Inc. merger, we became party to an employment agreement effective February 1, 1998 with K. Robert Draughon which, as modified by a letter agreement dated September 12, 2000, is described below. The employment agreement provides for Mr. Draughon's appointment as our Executive Vice President, Business Development. Pursuant to the employment agreement, Mr. Draughon is to receive an annual base salary of \$450,000 and is entitled to participate in any bonus program established by us for our senior executive officers.

Upon termination of Mr. Draughon's employment due to his death or disability, by us without "cause" or by Mr. Draughon for "good reason," as those terms are defined in Mr. Draughon's employment agreement, he will be entitled to continuation of his base salary for twelve months and continuation of benefit plans for twelve months. In addition, all options granted to Mr. Draughon prior to December 31, 2000 which have not vested prior to the date of termination will be vested as of the date of termination and all such options will continue to be exercisable until the tenth anniversary of the applicable date of grant.

If Mr. Draughon's employment is terminated by us for cause or by him without good reason, he is not entitled to any further compensation or benefits.

Edgar Filing: WEBMD CORP /NEW/ - Form 10-K/A

In addition, any options granted to him prior to December 31, 2000 which have not vested prior to the date of termination will be forfeited, and any such options which have vested at that time will continue to be exercisable until the tenth anniversary of the applicable date of grant.

The employment agreement contains confidentiality obligations, some of which survive indefinitely and some of which end on the first anniversary of the date employment has ceased, and nonsolicitation and noncompetition obligations that end on the second anniversary of the date employment has ceased.

The employment agreement contains a tax gross-up provision relating to any excise taxes that Mr. Draughon incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the tax code.

Arrangements with Jack D. Dennison

On September 12, 2000, we entered into a letter agreement with Jack D. Dennison which was modified by a letter agreement dated October 11, 2000.

Mr. Dennison resigned effective January 26, 2001 and, in accordance with the terms of the letter agreement, the resignation was mutually agreed to be for good reason. As a result, Mr. Dennison is entitled to continuation of his base salary of \$450,000 for twelve months and continuation of benefit plans for twelve months. In addition, all options which were not vested prior to the date of termination became vested as of that date and all options will continue to be exercisable until the tenth anniversary of the applicable date of grant.

The letter agreement contains nonsolicitation and noncompetition obligations that end on January 26, 2003.

The letter agreement contains a tax gross-up provision relating to any excise taxes that Mr. Dennison incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the tax code.

Except as indicated in the footnotes to this table, and subject to applicable community property laws, these persons have sole voting and investment power with respect to all shares of our common stock shown as beneficially owned by them. ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 1, 2000, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we or any of our subsidiaries was or is to be a party in which the amount involved exceeds \$60,000 and in which any director, executive officer, holder of more than 5% of our common stock or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest other than the transactions described below.

Microsoft

We entered into a five-year strategic alliance with Microsoft in May 1999. In March 2001, we executed a non-binding letter of intent with Microsoft with respect to revisions to the relationship. In April 2001, we entered into definitive agreements with Microsoft to implement the revised relationship. The original and revised strategic relationships are described below.

Original strategic relationship. Under the terms of the original strategic relationship, WebMD has been developing, hosting and maintaining on our servers a health channel for MSN and was required to pay Microsoft an aggregate of \$162,000,000 in carriage fees for the distribution of that content. In addition, Microsoft and WebMD each committed co-marketing funds of \$50,000,000 over the first two years of the term. As of December 31, 2000 and 1999, WebMD had recognized \$30,562,000 and \$3,950,000, respectively, as sales and marketing expense related to the carriage fees.

Microsoft was required to remit to WebMD 100% of the net revenue over the term of the agreement from banner and other advertising and e-commerce transactions generated on the health channel or advertising that Microsoft placed on WebMD.com each year during the term until we received an amount equal to that year's carriage fees, including guaranteed minimum amounts of \$22,500,000 in each of the first two years of the term, and was required to share revenue equally with us after that. We were required to pay Microsoft a 25% commission on the portion of the revenue received up to the annual guaranteed minimum amounts for all advertisements placed by Microsoft. We recognized this advertising revenue when Microsoft notified us that advertisements had been placed on the health channel and billed by Microsoft, not based on the guaranteed minimum amounts. During 2000 and 1999, we recognized \$5,996,000 and \$1,590,000, respectively, net of commissions, related to health channel advertising.

Microsoft agreed to sponsor up to 5.0 million subscriber months, for \$29.95 per month, of subscriptions to our physician Web site over the term of the agreement. We were required to pay a \$5 per month commission on all subscriptions placed by Microsoft. During 2000 and 1999, WebMD recorded \$16,114,000 and \$1,845,000, respectively, as revenue, net of commissions, related to subscriptions sponsored by Microsoft.

WebMD was required to share with Microsoft 50% of net revenue from banner and other advertising on our physician Web site generated by sponsored subscriptions until Microsoft received the amount it had

incurred for its sponsored subscriptions. Thereafter, WebMD was required to share 25% of this revenue with Microsoft. In addition, WebMD was required to share with Microsoft 15% of WebMD's net revenue from e-commerce transactions and additional services not included in the basic subscription to WebMD's physician Web site generated by these sponsored subscriptions. There were no obligations to Microsoft as of December 31, 2000 or 1999 relating to this provision.

Revised strategic relationship. To implement the revised relationship, the parties entered into two definitive agreements. Under the first agreement:

- Microsoft has agreed to provide performance-based funding tied to the roll-out of WebMD's new handheld solution for physicians, which operates on a wireless LAN and integrates with the physician's practice management system.
- WebMD has agreed to adopt the PocketPC, Windows 2000 and SQL Server 2000 as the development platform for our handheld for physicians.
- WebMD has agreed to make Intergy, our new physician practice management system, available to run on Windows 2000 and SQL Server 2000.
- WebMD has agreed to continue to transition the WebMD.com portal to Windows 2000 and SQL Server 2000 when WebMD makes additional investments in its portal.
- Microsoft has agreed to provide consulting services, support and other resources in connection with these undertakings.

The term of this agreement is scheduled to expire on December 31, 2004. This agreement is subject to termination by either party beginning on May 18, 2001 in the event that the parties have not reached agreement on terms for an Application Services Agreement, or ASP Agreement, and related documents to govern deployments by WebMD of Microsoft software on an ASP basis.

Under the second agreement, WebMD will program the majority of the MSN health channel, and will have a majority share of revenue derived from advertising, sponsorship and e-commerce on the MSN health channel site and will no longer pay carriage fees to Microsoft. The term of this agreement is scheduled to expire on June 30, 2004.

As a result of the execution of these agreements, Microsoft will no longer be responsible for funding the sponsorship of subscriptions to WebMD's physician portal, and WebMD will not be required to share with Microsoft revenue generated by physician usage of WebMD's healthcare portals.

Other. In connection with the original strategic relationship, Microsoft acquired shares of common stock and a warrant to purchase shares of common stock of WebMD, Inc. These securities were converted into securities of our company as a result of the merger of Healtheon Corporation and WebMD, Inc. in November 1999. As of April 9, 2001, Microsoft owned 11,933,340 shares of our common stock and a warrant to purchase an additional 13,676,389 shares of our common stock. The warrant is fully vested and expires on May 12, 2004. Microsoft has registration rights with respect to the shares that it owns and the shares issuable upon exercise of its warrant.

Quintiles

In connection with our acquisition of Envoy from Quintiles in May 2000, we entered into a Data Rights Agreement and an Internet Product Development and Marketing Agreement with Quintiles. Pursuant to the Data Rights Agreement, we

Edgar Filing: WEBMD CORP /NEW/ - Form 10-K/A

provide certain data to Quintiles through Envoy, which Quintiles uses to provide market research and related products and services to third parties. The Data Rights Agreement does not require us to provide data to Quintiles if we are prohibited from doing so by our contracts with third parties or applicable law. Data elements that would make the data individually identifiable to a particular person are required to be removed before the data is provided to Quintiles. The Data Rights Agreement provides that we are to receive a royalty from Quintiles based upon the operating income generated from these products. During 2000, Quintiles did not make any payments to us pursuant

15

17

to the Data Rights Agreement. Disputes which have arisen with respect to the obligations of the parties under the Data Rights Agreement are described in detail in "Legal Proceedings -- Quintiles v. WebMD" on page 24 of our annual report on Form 10-K.

The Internet Product Development and Marketing Agreement provides that we will engage in a collaborative effort with Quintiles to develop, market and commercialize a portfolio of Internet-based products and services for the pharmaceutical industry. Quintiles has agreed to pay \$100,000,000 for our development activities and each of us has agreed to share revenue with the other from the sale of these products and services. During 2000, Quintiles paid us \$929,000 for engineering services. Disputes have arisen with respect to the obligations of the parties under the Internet Product Development and Marketing Agreement and we have commenced the dispute resolution procedures provided for in the Internet Product Development and Marketing Agreement.

News Corporation

Pursuant to an agreement signed and publicly announced in December 1999 and closed in January 2000, WebMD entered into a strategic alliance with The News Corporation Limited, Fox Entertainment Group and certain of their affiliates, which we refer to collectively as News Corporation. On December 29, 2000, this strategic alliance was revised by the parties. The original and revised strategic relationships are described below.

Original strategic relationship. In January 2000, WebMD entered into a strategic relationship with News Corporation. WebMD received from News Corporation \$100,000,000 in exchange for a 50% interest in a newly formed international joint venture, WebMD International LLC, domestic and international advertising and promotion on News Corporation's various properties to be used over ten years, and a 50% interest in each of The Health Network LLC, a health-focused cable network, and in Health & Fitness, which operated a companion Web site, "thehealthnetwork.com." WebMD also entered into a five-year agreement with News Corporation to provide syndicated, daily broadcast content for use across various News Corporation properties for cash payments totaling \$12,000,000 annually.

In connection with the original strategic relationship, we issued News Corporation 155,951 shares of Series A convertible preferred stock, which were convertible into 21,282,645 shares of our common stock. In addition, News Corporation purchased 2,000,000 shares of our common stock for an aggregate purchase price of \$100,000,000.

Revised strategic relationship. Under the revised relationship, WebMD retained the right to receive \$205,000,000 in domestic media services over ten years from News Corporation and will continue to provide content to News Corporation for use across News Corporation's media properties for the next four years. News Corporation transferred its 50% interest in WebMD International LLC to WebMD and was relieved of its commitment to provide any future capital to

Edgar Filing: WEBMD CORP /NEW/ - Form 10-K/A

WebMD International LLC and its commitment to provide any international media services. WebMD transferred its interest in The Health Network and Health & Fitness to News Corporation. WebMD was also relieved of all future capital commitments to these entities. During 2000, WebMD recognized \$21,324,000 in advertising expense related to the domestic media services provided by News Corporation and \$12,000,000 in revenue for content license fees.

In connection with the revisions to the relationship, News Corporation surrendered 155,951 shares of WebMD's Series A convertible preferred stock, which would have converted into 21,282,645 shares of our common stock. WebMD granted to News Corporation a warrant to acquire 3,000,000 shares of its common stock at an exercise price of \$15 per share. News Corporation has registration rights with respect to the shares of common stock issuable upon exercise of the warrant.

Pursuant to that agreement, WebMD, Inc. issued to Gleacher & Co. a warrant to purchase 1,038,450 shares of its Series D common stock, which we assumed in connection with the WebMD, Inc. merger. As a result of transfers of portions of the warrant, Gleacher & Co. currently holds a fully vested warrant to purchase 545,366 shares of our common stock, Luna I Investors, LLC currently holds a fully vested warrant to purchase 144,231 shares of our common stock, and Eric J. Gleacher currently holds a fully vested warrant to purchase 418,627 shares of our common stock, in each case at an exercise price of \$8.04 per share. The agreement also requires PTEK Holdings to pay us \$1,000,000 per year for exclusivity rights on our physician portal. In connection with obtaining PTEK Holdings' agreement to vote for the WebMD, Inc. merger, WebMD, Inc. agreed to use its best efforts to cause us to honor WebMD, Inc.'s rights and obligations under this agreement, including provisions regarding exclusivity of telecommunications services.

William P. Payne, who was one of our directors until his resignation in September 2000, was Vice Chairman of PTEK Holdings and an employee and the Chairman of the Board of Orchestrate.com, Inc., a subsidiary of PTEK Holdings. As Chairman of Orchestrate.com, one of Mr. Payne's principal duties was to assist us in the development of our business for the purpose of increasing revenue opportunities for PTEK Holdings. In connection with the WebMD, Inc. merger, we assumed an agreement between Mr. Payne and WebMD, Inc. effective until May 2000 pursuant to which, in consideration of Mr. Payne's devotion of up to 60% of his time directly to our business, we reimbursed PTEK Holdings \$375,000 per year for Mr. Payne's salary, \$125,000 per year for Mr. Payne's minimum bonus and \$6,000 per year for Mr. Payne's automobile allowance.
