PROXY STATEMENT

The following information is furnished in connection with the solicitation of proxies by the Board of Directors of the Company for the Annual Meeting of Shareholders (the Meeting) to be held on Wednesday, August 29, 2007, at 11:00 A.M., Atlanta time, at the Company s Corporate Headquarters, 1945 The Exchange, Suite 300, Atlanta, Georgia. A copy of the Company s Annual Report for the fiscal year ended April 30, 2007, and a proxy for use at the meeting are enclosed with this Proxy Statement. This Proxy Statement and the enclosed proxy first were mailed to shareholders on or about August 8, 2007.

GENERAL INFORMATION

Any proxy given pursuant to this solicitation may be revoked, without compliance with any other formalities, by any shareholder who attends the Meeting and gives oral notice of his or her election to vote in person. In addition, any proxy given pursuant to this solicitation may be revoked prior to the Meeting by delivering to the Secretary of the Company at the address set forth above a notice of revocation or a duly executed proxy for the same shares bearing a later date. All proxies of shareholders solicited by the Company, which are properly executed and received by the President of the Company prior to the Meeting, and which are not revoked, will be voted at the Meeting. The shares represented by such proxies will be voted in accordance with the instructions thereon, and unless specifically instructed to vote otherwise, the individuals named in the enclosed proxy will vote to elect all the nominees for Director as set forth in this Proxy Statement. Abstentions and broker non-votes will be included in determining whether a quorum is present at the Meeting, but will otherwise have no effect on the election of the Directors. Broker non-votes are proxies received from brokers or other nominees holding shares on behalf of their clients who have not received specific voting instructions from their clients with respect to non-routine matters. A system administered by the Company s transfer agent will tabulate the votes cast.

The Company pays the cost of soliciting proxies. Copies of solicitation material may be furnished to banks, brokerage houses and other custodians, nominees and fiduciaries for forwarding to beneficial owners of shares of the Common Stock and normal handling charges may be paid for such forwarding service. In addition to soliciting by mail, Directors and regular employees of the Company, at no additional compensation, may assist in soliciting proxies by telephone or other means.

As of the Record Date for the Meeting, there were 3,529,370 shares of Common Stock outstanding and entitled to vote. The holders of Common Stock, the only outstanding class of voting stock of the Company, are entitled to one (1) vote per share.

ELECTION OF DIRECTORS

The Board of Directors recommends the election of the five (5) nominees listed below to constitute the entire Board to hold office until the next Meeting of Shareholders and until their successors are elected and qualified. If, at the time of the Meeting, any of such nominees should be unable or unwilling to serve, the persons named in the proxy will vote for such substitutes or vote to reduce the number of Directors for the ensuing year in accordance with his judgment of what is in the best interest of the Company. Management has no reason to believe that any substitute nominee or nominees or reduction in the number of Directors for the ensuing year will be required. The affirmative vote of a plurality of the votes cast at the Meeting is required to elect the nominees. The Board has determined that Samuel E. Allen, Gilbert L. Danielson, and Robert T. McWhinney, Jr. are independent Directors within the meaning of the listing standards of the Nasdaq Stock Market.

During the fiscal year ended April 30, 2007, the Board of Directors held six (6) meetings, the Audit Committee held four (4) meetings, the Nominating and Corporate Governance Committee held one (1) meeting, and the Compensation Committee held five (5) meetings. All of the Directors who served during the fiscal year ended April 30, 2007, attended at least seventy-five percent (75%) of the aggregate of all Board meetings and the meetings of each committee of the Board on which he or she served, if any.

The Board's standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee are each composed entirely of independent Directors as defined in the listing standards of the Nasdaq Stock Market. These committees all operate pursuant to written charters adopted by the Board of Directors available at the Company's Website, www.servidyne.com, through the Investor Relations and then the Corporate Governance links.

The Audit Committee currently consists of Mr. Allen, Mr. Danielson, Chairman, and Mr. McWhinney. The Board has determined that Mr. Danielson is an audit committee financial expert within the meaning of the rules of the Securities & Exchange Commission. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its financial and other oversight responsibilities by serving as an independent and objective party to oversee, monitor and appraise: (1) the integrity of the Company's financial statements and other external financial information, financial reporting process and internal controls; (2) the Company's auditing process, including all engagements of the Company's independent accountants, the internal auditors, and the performance of financial management; and (3) the Company's ethical and legal compliance. The Audit Committee has the sole authority to appoint, compensate, retain, and terminate the independent accountants, and to pre-approve all audit and permitted non-audit services, if any, provided by the independent accountants.

The Compensation Committee currently consists of Mr. Allen, Mr. Danielson, and Mr. McWhinney, Chairman. The primary function of the Compensation Committee is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to executive compensation. This Committee is authorized to determine the compensation of the Company's Executive Officers, and to administer the Company's 2000 Stock Award Plan. The processes and procedures for the Committee's consideration and determination of executive compensation are discussed below under **COMPENSATION DISCUSSION AND ANALYSIS ADMINISTRATION**.

The Nominating and Corporate Governance Committee currently consists of Mr. Allen, Chairman, Mr. Danielson, and Mr. McWhinney. The primary function of the Nominating and Corporate Governance Committee is to assist the Board of Directors in fulfilling its responsibilities with respect to: (1) Board and Committee membership, organization and function; (2) director qualifications, performance and compensation; and (3) corporate governance. The Committee is responsible for recommending to the Board the slate of nominees to be recommended to the shareholders for election at the Company's Annual Meeting of Shareholders.

The Board also has a standing Executive Committee, currently consisting of Alan R. Abrams, J. Andrew Abrams, and current Director Ms. Melinda S. Garrett. This Committee is empowered to take actions that do not require the approval of the full Board of Directors, subject to the authority of the other Board committees and the requirements of applicable law. All actions of the Executive Committee are subsequently submitted to the full Board of Directors for affirmation. The Executive Committee did not meet during fiscal 2007, but did execute several unanimous consents in lieu of meetings.

NOMINATION OF DIRECTORS

Nominations Process. The Nominating and Corporate Governance Committee is responsible for considering and making recommendations to the Board concerning nominees to recommend to the shareholders in connection with the Company's Annual Meeting of Shareholders, and nominees for appointments to fill any vacancy on the Board. To fulfill these responsibilities, the Committee periodically considers and makes recommendations to the Board regarding what experience, talents, skills and other

characteristics the Board as a whole should possess in order to maintain its effectiveness. In determining whether to nominate an incumbent Director for re-election, the Board and the Nominating and Corporate Governance Committee evaluate each incumbent's continued service in light of the Board's collective requirements at the time such Director comes up for re-election.

When the need for a new Director arises (whether because of a newly created Board seat or a vacancy), the Nominating and Corporate Governance Committee proceeds by whatever means it deems appropriate to identify a qualified candidate or candidates. The Committee reviews the qualifications of each candidate. Final candidates are generally interviewed by one or more Board members. The Committee then makes a recommendation to the Board based on its review, the results of interviews with the candidate, and all other available information. The Board makes the final decision on whether to invite the candidate to join the Board.

Director Qualifications. The Nominating and Corporate Governance Committee is responsible for considering and making recommendations to the Board concerning criteria for the selection of qualified Directors. At a minimum, Directors should have high moral character and personal integrity, demonstrated accomplishment in his or her field, and the ability and desire to devote sufficient time to carry out the duties of a Director. In addition to these minimum qualifications for candidates, in evaluating candidates the Board and the Committee may consider all information relevant in their business judgment to the decision of whether to nominate a particular candidate for a particular Board seat, taking into account the then-current composition of the Board. These factors may include: a candidate's professional and educational background, reputation, industry knowledge and business experience, and the relevance of those characteristics to the Company and the Board; whether the candidate will complement or contribute to the mix of talents, skills and other characteristics needed to maintain the Board's effectiveness; the candidate's ability to fulfill the responsibilities of a Director and of a member of one or more of the Board's standing committees; whether the candidate is independent; and whether the candidate is financially literate or a financial expert.

Shareholder Nominations. Nominations of individuals for election to the Board at any meeting of shareholders at which Directors are to be elected may be made by any Company shareholder entitled to vote for the election of Directors at that meeting by complying with the procedures set forth in Section 10 of the Company's Bylaws. Section 10 provides that notice of proposed shareholder nominations must be given to the Secretary of the Company at the Company's principal executive offices not less than sixty (60) days nor more than ninety (90) days prior to the meeting at which Directors are to be elected, unless the notice of meeting or public disclosure of the date of the meeting is given less than sixty (60) days prior to the meeting, in which case the notice of nomination must be received not later than the tenth (10th) day following the day on which the notice of meeting was mailed to shareholders or such public disclosure was made. The notice of nomination must contain information about each proposed nominee, including age, address, principal occupation, the number of shares of stock of the Company beneficially owned by such nominee, and such other information as would be required to be disclosed under the Securities Exchange Act of 1934 (the Exchange Act), in connection with any acquisition of shares by such nominee or with the solicitation of proxies by such nominee for his or her election as a Director. Information must also be disclosed by and about the shareholder proposing to nominate that person. The chairman of a shareholder meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

The Nominating and Corporate Governance Committee will consider recommending to the Board that it include in the Board's slate of Director nominees to be presented to a meeting of shareholders a nominee

submitted to the Company by a shareholder who has beneficially held at least five percent (5%) of the Company's outstanding Common Stock for at least two (2) years. In order for the Committee to consider such nominees, the nominating shareholder should submit the information about the nominee and nominating shareholder described in Section 10 of the Bylaws to the Secretary of the Company at the Company's principal executive offices within the time period prescribed by Rule 14a-8 under the Exchange Act generally, at least one hundred twenty (120) days before the first anniversary of the date that the Company's Proxy Statement was released to shareholders in connection with the previous year's Annual Meeting of Shareholders. That deadline can be found under Shareholder Proposals. The nominating shareholder should expressly indicate that such shareholder desires that the Board and the Committee consider such shareholder's nominee for inclusion with the Board's slate of nominees for the shareholders' meeting, and should submit information demonstrating that the shareholder has beneficially owned at least five percent (5%) of the Company's outstanding Common Stock for at least two (2) years. The nominating shareholder and shareholder's nominee should undertake to provide, or consent to the Company obtaining, all other information the Board and the Committee may request in connection with their evaluation of the nominee.

A nominee submitted to the Company by a shareholder must satisfy the minimum qualifications for Director described above. In addition, in evaluating shareholder nominees for inclusion with the Board's slate of nominees, the Board and Committee may consider all relevant information, including: the factors described above; whether there are or will be any vacancies on the Board; the size of the nominating shareholder's Company holdings and the length of time such shareholder has owned such holdings; whether the nominee is independent of the nominating shareholder and able to represent the interests of the Company and its shareholders as a whole; and the interests and/or intentions of the nominating shareholder.

COMPENSATION OF DIRECTORS

The chairman of the Audit Committee was paid an annual retainer fee of \$10,000. Inside Directors receive no retainer fee or other remuneration of any kind for service on the Board of Directors or committee of the Board of Directors.

For purposes of the Deferred Compensation Plan, compensation means the retainer fees and meeting fees payable to such Directors by the Company in their capacities as Directors or as members of a committee of the Board of Directors, respectively, but excludes awards of restricted stock, or stock options, stock appreciation rights or other equity incentives. A committee member may not participate in any decision relating in any way to his or her individual rights or obligations as a participant under the Deferred Compensation Plan. For the year ended April 30, 2007, two (2) members of the Board of Directors participated in the Deferred Compensation Plan.

See Note 2 to the consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ending April 30, 2007, for the assumptions made in determining the values under SFAS 123R. There can be no assurance that the SFAS 123R amounts will ever be realized.

On June 26, 2006, the Company granted certain Directors 12,000 SARs to purchase the Company's Common Stock with an exercise price of \$4.14, with a grant date value of \$9,720 computed in accordance with SFAS 123R.

On December 6, 2006, the Company granted certain Directors 8,000 SARs to purchase the Company's Common Stock with an exercise price of \$3.98, with a grant date value of \$5,680, computed in accordance with SFAS 123R.

The SARs awarded have a five-year vesting period, in which thirty percent (30%) of the SARs will vest on the 3rd annual anniversary of the date of grant, thirty percent (30%) will vest on the 4th annual anniversary of the date of grant, and forty percent (40%) will vest on the 5th annual anniversary of the date of grant, with an early vesting provision by which one hundred percent (100%) of the SARs will vest immediately at such time as the Company's stock price closes at or above \$20 per share for ten (10) consecutive business days.

The number of outstanding stock options and SARs held by each of the Company's independent Directors as of April 30, 2007, is summarized in the table below:

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

In this section, the Company describes the compensation objectives and policies as applied to the Company's Chief Executive Officer, the Chief Financial Officer, and the Company's three other most highly compensated Executive Officers during fiscal 2007. These five persons are referred throughout this section and this Proxy Statement as the Named Executive Officers. The following discussion and analysis is intended to provide a framework within which to understand the actual compensation awarded to, earned, or held by each Named Executive Officer during fiscal 2007, as reported in the compensation tables and accompanying narrative sections of this Proxy Statement.

Administration

The Compensation Committee exists to assist the Board of Directors in fulfilling oversight responsibilities with respect to executive compensation. Under its Charter, the Compensation Committee has the authority to approve performance goals and objectives for the Executive Officers, including the Named Executive Officers, in connection with the Company's incentive compensation plan. Based on such valuation and other matters, the Compensation Committee determines the compensation of the Chief Executive Officer (CEO) and the other Executive Officers.

Although management may participate in discussions at the Compensation Committee meetings and provide information for consideration, management does not participate in the voting or decision-making. The CEO makes recommendations on the compensation of the Executive Officers, other than himself. The CEO is not present during deliberations or voting on his compensation.

The Compensation Committee also has the authority to approve grants of stock options, restricted stock, stock appreciation rights and other equity incentives under the 2000 Stock Award Plan, which are based in part on the recommendation of the CEO.

In determining the compensation of the Executive Officers, including the Named Executive Officers, the Compensation Committee considers not only the recommendations of the CEO, but also objective measurements of business performance, the accomplishment of strategic and financial objectives, the development of management talent within the Company, enhancement of shareholder value, and other matters relevant to the short-term and the long-term success of the Company.

Executive Compensation

Philosophy. The Company's executive compensation philosophy is to offer a compensation package designed to enhance the Company's financial performance, the linkage between the financial interests of the Named Executive Officers and the shareholders and the individual performance of the Named Executive Officers.

Objectives. The objectives of the Company's executive compensation program are to enhance the profitability of the Company, and thus shareholder value, by aligning employee compensation with the financial interests of the shareholders of the Company, and to attract, motivate, reward and retain skilled employees, including Executive Officers, who contribute to the long-term success of the Company.

Elements of Compensation. The Company's compensation program for Executive Officers includes:

- base salary;
- annual incentive compensation; and
- long-term equity incentive compensation.

The executive compensation program also provides certain benefits to the Named Executive Officers. In addition, at the discretion of the Board of Directors, Executive Officers may participate in the Senior Management Deferral Plan, which is designed to permit eligible employees to defer a portion of their incentive compensation.

These elements are designed to be competitive with comparable employers and to achieve the objectives of the Company's executive compensation program, consistent with the program's philosophy. Although the Compensation Committee does not set overall compensation targets and then allocate them among the elements, it does review total compensation when making decisions on each element of compensation to ensure that in the Committee's judgment the total compensation for each Named Executive Officer is justified and appropriate and in the best interests of the Company's shareholders.

The following is a summary of the Compensation Committee's actions during fiscal 2007 with respect to annual base salary, annual incentive compensation, and long-term equity compensation awards.

Annual Base Salary. The Compensation Committee determines base salaries for the Named Executive Officers, including the CEO, based upon the financial performance of the Company or subsidiary, as the case may be, and upon the individual's level of responsibility, qualifications, time with the Company, contribution, performance, and the compensation levels of similarly positioned executives in comparable companies. Evaluation of these factors is subjective, and no fixed, relative weights are assigned to the criteria considered. The table below summarizes the 2007 base compensation for each Named Executive Officer:

Name	Base Salary	2007 Car Allowance	Total
Alan R. Abrams	\$ 306,000	\$	\$ 306,000
Mark J. Thomas	197,000		197,000
M. Todd Jarvis	200,000	10,200	210,200
Melinda S. Garrett	203,000		203,000

Cash Incentive Compensation. The Company is committed to attracting skilled employees by offering competitive compensation programs. Accordingly, the Company has an annual cash incentive compensation program that covers all full-time employees of the Company and its subsidiaries, including the Executive Officers. At the beginning of each fiscal year, with recommendations from management and after giving appropriate consideration to targeted returns on Shareholders' Equity, the Compensation Committee approves a specific consolidated net earnings target and an incentive bonus opportunity for each Executive Officer, generally expressed as a percentage of such officer's base salary. The incentive compensation award that can be earned by Executive Officers, or any full-time employee, is contingent on

the Company achieving pre-determined consolidated net earnings targets, and is derived by a formula tied to the level of attainment of the consolidated net earnings targets. All Executive Officers receive any earned incentive awards in two (2) installments, payable six (6) months apart. To qualify to receive an incentive compensation award installment, a plan participant must be actively employed by the Company at the time of such payment. The Company retains discretion to terminate or amend the plan at any time.

The table below illustrates fiscal 2007 actual incentive compensation and 2008 target incentive compensation awards established by the Compensation Committee for each Named Executive Officer:

Name	2007 Cash Incentive Compensation Actual	2008 Cash Incentive Compensation Target
Alan R. Abrams	\$ 106,980	\$ 122,329
Mark J. Thomas	61,474	70,354
M. Todd Jarvis	62,411	71,425
Melinda S. Garrett	70,378	72,490
J. Andrew Abrams	59,983	61,783

Long-term Equity Incentive Awards. The Board of Directors adopted the 2000 Stock Award Plan on May 26, 2000. The Company's shareholders approved the 2000 Stock Award Plan on August 23, 2000. It is the intent of the 2000 Stock Award Plan to provide the means through which employees, including Executive Officers, can build a financial stake in the Company, so as to align the employees' economic interests with those of shareholders. The 2000 Stock Award Plan is designed to play an integral role in the ability of the Company to attract and retain key employees, directors, consultants and independent contractors. The Company believes that equity ownership among employees and directors is an incentive which can enhance the Company's growth, profitability, and, accordingly, shareholder value. The awards granted under the 2000 Stock Award Plan may be incentive stock options; nonqualified stock options; shares of Common Stock; stock appreciation rights; or performance shares. See GRANTS OF PLAN-BASED AWARDS for details on the 2000 Stock Award Plan activity in fiscal 2007.

Benefits. The Company makes a full range of benefits available to its Named Executive Officers, including the standard medical, dental, group-term life and accidental death and dismemberment insurance, and short-term and long-term disability coverage. The Company has also has a 401(k) plan (the Plan) that covers eligible employees meeting certain service requirements. Pursuant to the provisions of the Plan, eligible employees may elect to make salary deferrals (before tax) of up to one hundred percent (100%) of their total compensation per Plan year, subject to a specified maximum annual contribution as determined by the Internal Revenue Service. The Plan also includes provisions that authorize the Company to make discretionary contributions. Such contributions, if made, are allocated among all eligible employees as determined under the Plan. The trustees under the Plan invest the assets of each participant's account as directed by the participant. During the fiscal year ended April 30, 2007, the Company made employer matching 401(k) contributions to the Plan for all participating employees totaling approximately \$105,000.

Deferred Compensation Plan. The Company maintains a Deferred Compensation Plan for each member of the Board of Directors and selected eligible employees, including the Named Executive Officers. A Director may elect to defer to a future date receipt of all or any part of his or her compensation as a Director and/or as a member of a committee of the Board. Similarly, employee participants may elect to

defer all or a portion of their incentive compensation awards, if any. All compensation deferred is held in the Plan's investment vehicles, which are similar to those provided in the Company's 401(k) Plan. The Deferred Compensation Plan is administered by the Executive Committee of the Board of Directors. The Company will make payments of deferred compensation and the accumulated earnings on such deferred compensation, pursuant to the provisions of the Deferred Compensation Plan, at the time specified by each participant, in a lump sum, subject to the Deferred Compensation Plan's restrictions and limitations, or, at the sole discretion of the participant, in no more than five (5) equal annual installments. For the year ended April 30, 2007, one (1) Named Executive Officer and two (2) members of the Board of Directors participated in the Deferred Compensation Plan. See NONQUALIFIED DEFERRED COMPENSATION.

Compensation Deductibility Policy. The Company does not anticipate that Section 162 (m) of the Internal Revenue Code, which limits the tax deduction for certain executive compensation exceeding \$1,000,000, will have any impact on the compensation policies of the Company.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended April 30, 2007, with management and the independent auditors, Deloitte & Touche LLP. Management made representations to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The discussions with the independent auditors also included the matters required by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board in its Rule 3200T.

The Audit Committee discussed with the independent auditors the auditors' independence.

INFORMATION CONCERNING THE COMPANY'S INDEPENDENT AUDITORS

Deloitte & Touche LLP was the independent public accountant for the Company for the fiscal year ended April 30, 2007. Representatives of Deloitte & Touche are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so, and respond to appropriate questions. The Audit Committee of the Board of Directors has not selected auditors for the present fiscal year because the matter has not yet been considered.

Pre-Approval of Audit and Permissible Non-Audit Services

Pursuant to its Charter, the Audit Committee is responsible for the pre-approval of all audit services and all permissible non-audit services to be performed for the Company by the independent public accountant. To help fulfill this responsibility, the Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy. Under the Policy, all auditor services must be pre-approved by the Audit Committee either (1) before the commencement of each service on a case-by-case basis called specific pre-approval; or (2) by the description in sufficient detail in an appendix to the Policy of particular services that the Audit Committee has generally approved, without the need for case-by-case consideration called general pre-approval. Unless a particular service has received general pre-approval, it must receive the specific pre-approval of the Committee, or one of its members to whom the Committee has delegated specific pre-approval authority. The appendix to the Policy describes the services which have received general pre-approval. These general pre-approvals allow the Company to engage the independent public accountant for the enumerated services subject to fee limits per engagement and aggregate limits per service for a fiscal year. Any engagement of the independent public accountant pursuant to a general pre-approval must be reported to the Audit Committee at its next regular meeting. The Audit Committee periodically reviews the services that have received general pre-approval and the associated ranges of fees. The Policy in no way delegates to management the Audit Committee's responsibility to pre-approve services performed by the independent public accountant.
