**NOTES TO CONSOLIDATED FINANCIAL INFORMATION**

**(Unaudited)**

**1. Basis of presentation**

The consolidated financial information of Trend Micro Incorporated and its subsidiaries (collectively the Company) are unaudited. The financial information have been prepared in accordance with U.S. GAAP. The unaudited financial information furnished include all adjustments that are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. Operating results for the six months ended June 30, 2002 are not necessarily indicative of the results for the year ended December 31, 2002.

**2. Recent pronouncements**

From the fiscal year beginning January 1, 2002, the Company adopted Statement of Financial Accounting Standards ( FAS No.141 ) Business Combinations which supersedes Accounting Principles Board Opinion ( APB ) No. 16 Business Combination and FAS No.142 Goodwill and Other Intangible Assets which supersedes APB No. 17 Intangible assets. FAS No.141 requires the use of purchase method of accounting for business combinations and prohibits the use of the pooling of interests method, which was previously permitted under APB No.16, for business combinations initiated after June 30, 2001. FAS No.141 also refines the definition of intangible assets acquired in a purchase business combination. As a result, the purchase price allocation of future business combinations may be different than the allocation that would have resulted under the old rules. FAS No.142 eliminates the amortization of goodwill, requires annual impairment testing of goodwill and introduces the concept of indefinite life intangible assets. The new rules also prohibit the amortization of goodwill associated with business combinations that close after June 30, 2001. These new requirements will impact future period net income by an amount adjusted for any differences between the old and new rules for defining intangible assets on future business combinations. Although FAS No.142 requires to perform an initial transition impairment test in 2002, the Company did not have any goodwill balances as of December 31, 2001. The adoption of FAS No.141 and FAS No.142 did not have a material effect on the Company's financial position and results of operations.

From the fiscal year beginning January 1, 2002, the Company adopted FAS No.144 Accounting for the Impairment or Disposal of Long-Lived Assets. FAS No. 144 addresses significant issues relating to the implementation of FAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of, and develops a single accounting model, based on the framework established in FAS No. 121 for long-lived assets to be disposed of by sale, whether such assets are or are not deemed to be a business. FAS No. 144 also modifies the accounting and reporting rules for discontinued operations. The adoption of FAS No.144 did not have a material effect on the Company's financial position and results of operations.

In August 2001, the FASB issued FAS No.143 Accounting for Asset Retirement Obligations. FAS No. 143 provides accounting and reporting guidance for legal obligations associated with the retirement of long-lived assets that result from the acquisition, construction or normal operation of a long-lived asset. The standard is effective January 1, 2003. The Company is reviewing the provisions of this standard. Its adoption is not expected to have a material effect on the financial statements.

In April 2002, the FASB issued Statement of Financial Accounting Standards No. 145, Rescission of FASB Statements No. 4, 44, and 64, Amendment of FAS No. 13, and Technical Corrections, effective for the fiscal years beginning or transactions occurring after May 15, 2002. This statement rescinds certain authoritative pronouncements and amends, clarifies or describes the applicability of others. The Company is in the process of assessing the impact that the statement will have on the Company's financial position and results of operations.

In July 2002, the FASB issued FAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities. FAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies EITF Issue No.94-3 ( EITF No. 94-3 ), Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring). FAS No. 146 requires that a liability for costs associated with an exit or disposal activity be recognized and measured initially at fair value only when the liability is incurred. The provisions of FAS No. 146 are effective for exit or disposal activities that are initiated after December 31, 2002. The Company is evaluating the effect of the new standard, if any, on its financial position and results of operations.

**Table of Contents****3. Reclassifications**

Certain prior year amounts have been reclassified to conform to the 2002 presentation.

**4. U.S. dollar amounts**

U.S. dollar amounts presented in the financial information are included solely for the convenience of the reader. These translations should not be construed as representations that the yen amounts actually represent, or have been or could be converted into, U.S. dollars. As the amounts shown in U.S. dollars are for convenience only, the approximate current rate at June 30, 2002 ((Yen)119.00 = U.S. \$1) has been used for the purpose of presentation of the U.S. dollar amounts in the accompanying consolidated financial information.

**5. Net income per share**

Net income per share amounts were computed based on Statements of Financial Accounting Standards No. 128. For the six months ended June 30, 2001 and 2002, weighted average shares used for computation of basic net income per share were 131,340 thousand shares and 132,153 thousand shares, respectively, and the weighted average shares used for diluted net income per share were 133,676 thousand shares and 132,747 thousand shares, respectively. The weighted average shares outstanding for diluted net income per share calculation were increased to include additional shares from the assumed exercise of stock warrants and options which had dilutive effect.

For the above stock warrants granted on April 15, 1998 and June 15, 1998, management calculated deferred compensation expense during fiscal 1998. Such deferred compensation will be amortized over the vesting period, which is generally 24 months. This deferred compensation expense was amortized during fiscal 1998, 1999 and 2000 respectively. The grants of October 17, 1997, July 29, 1999, June 26, 2000 March 19, 2001, June 4, 2001, November 19, 2001 and April 18, 2002 with respect to which the vesting period is generally 24 months, did not result in deferred compensation.

**Table of Contents****12. Commitments and contingent liabilities**

The Company and its subsidiaries have no significant commitments outstanding, and no material pending litigation or claims threatened against them.

**13. Segment information**

The Company and its consolidated subsidiaries operate principally in two business segments: the Security software business and the Internet-related products/service business. However, business segment information was not disclosed for the six months ended June 30, 2001 since more than 90% of sales, operating income and assets in all segments are from the security software business. Afterwards, ipTrend Incorporated, which has operated the Internet-related product/service business, was liquidated in year ended December 31, 2001 and ipTrend Incorporated (Taiwan) has been processed to liquidate. Thus, from the six months ended June 30, 2002, the company and its subsidiaries are specialized in the Security software business. Net sales are attributed to countries based on the location of the Company or the relevant consolidated subsidiary. Geographic information concerning the Company's net sales to external customers and long-lived assets for the six months ended June 30, 2001 and 2002 is as follows:

Taiwan had been disclosed separately. However, the sales volume in Taiwan has been decreasing and it is expected to decline more. In addition, strictly considering geographical proximity, it is rational to disclose Taiwan together with Korea, Australia, Hong Kong, Malaysia, New Zealand and China. Therefore, from the six months ended June 30, 2002, they are disclosed as Asia Pacific. Segment information for the six months ended June 30, 2001 in the current way of classification and allocation are disclosed for comparison as follows.

**14. Acquisition and divestiture**

In February 2000, the company acquired a controlling interest in ipTrend Incorporated ( ipTrend ) for the purpose of making inroads into UNIX-based operating systems, and Internet platform technology, especially into Linux systems. ipTrend effectively became a wholly owned subsidiary upon acquisition of the remaining minority interest in November 2000. The total purchase price was (Yen) 2,800,000 thousand and (Yen) 2,527,636 thousand was allocated to goodwill. However, based on a revaluation of the Company's strategy for ipTrend's business and the performance of ipTrend, the Company decided to curtail ipTrend's business. ipTrend was liquidated in December 2001 after transferring the main business of ipTrend to IPSQUARE, an unrelated third party, and the Security Appliance Server business to the parent company in August 2001. The assets of (Yen) 40,000 thousand and the liabilities of (Yen) 29,000 thousand were transferred to or assumed by IPSQUARE at their carrying amount without any gain or loss on the transaction. As a result of the curtailment of ipTrend's business, the Company wrote off the unamortized goodwill balance of (Yen) 2,253,559 thousand. The write-off of (Yen) 2,253,559 thousand were included in operating income for the six months ended June 30, 2001.
