PROXY STATEMENT OF  
RANGER GOVERNANCE, LTD.  
IN OPPOSITION TO THE BOARD OF  
DIRECTORS OF COMPUTER ASSOCIATES INTERNATIONAL, INC.  
-----

ANNUAL MEETING OF STOCKHOLDERS  
OF  
COMPUTER ASSOCIATES INTERNATIONAL, INC.  
TO BE HELD ON AUGUST 28, 2002  
-----

This Proxy Statement and the enclosed WHITE proxy card are being furnished by Ranger Governance, Ltd. ("Ranger") to holders of shares of common stock, par value \$0.10 per share (the "Shares" or the "Common Stock"), of Computer Associates International, Inc., a Delaware corporation ("Computer Associates" or the "Company"), in connection with Ranger's solicitation of proxies to elect its five nominees to the board of directors of Computer Associates (the "Board of Directors") at Computer Associates' 2002 Annual Meeting of Stockholders, and at any and all adjournments, postponements, continuations or reschedulings thereof (the "2002 Annual Meeting").

Ranger is a Texas limited partnership, and Ranger GP Governance, L.L.C., a Texas limited liability company ("Ranger Governance"), is the general partner of Ranger. Ranger was formed in June 2001 to solicit proxies in opposition to the Board of Directors for the election of directors at Computer Associates' 2001 Annual Meeting of Stockholders (the "2001 Annual Meeting"), and to promote what it believed to be more responsible corporate governance at Computer Associates. Further information concerning Ranger, Ranger Governance, Ranger's nominees standing for election to the Company's Board of Directors at the 2002 Annual Meeting and other persons who are participants in Ranger's solicitation of proxies, including Sam Wyly, a limited partner of Ranger and manager of Ranger Governance, is provided in this Proxy Statement under the headings "ELECTION OF DIRECTORS" and "THE RANGER NOMINEES," and in Annex A.

This Proxy Statement and the enclosed WHITE proxy card are first being sent or given by Ranger to stockholders of Computer Associates on or about July \_\_, 2002.

THIS SOLICITATION IS BEING MADE BY RANGER, AND NOT BY OR ON BEHALF OF THE BOARD OF DIRECTORS OF COMPUTER ASSOCIATES.

According to the preliminary proxy statement filed by Computer Associates (the "Management Preliminary Proxy Statement") with the Securities and Exchange Commission on July 16, 2002, the 2002 Annual Meeting will be held on August 28, 2002 at 10:00 a.m., local time, at the Wyndham Wind Watch Hotel, 1717 Motor Parkway, Islandia, New York, the record date for determining stockholders entitled to notice of and to vote at the 2002 Annual Meeting is July 3, 2002 (the "Record Date") and there were outstanding and entitled to vote 578,101,483 shares of Common Stock as of the Record Date. As of the Record Date, Ranger was the holder of record and beneficial owner of 100 Shares. Ranger also is the owner of currently exercisable options to purchase an aggregate of 1,478,925 Shares, with 1,309,905 of such options having an exercise price of \$25.08 per Share and 169,020 of such options having an exercise price of \$24.19 per Share. Ranger is deemed to be the beneficial owner of the Shares issuable upon exercise of such options. The exercise prices of such options are

## Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form PRRN14A

substantially in excess of the current market price of the Common Stock, the closing price of which was \$13.13 on July 15, 2002. Sam Wyly may be considered the beneficial owner of the Shares and options to purchase Common Stock held by Ranger by virtue of his interest in Ranger.

According to the Management Preliminary Proxy Statement, at the 2002 Annual Meeting eleven members of the Board of Directors will be elected for one-year terms expiring at Computer Associates' 2003 Annual Meeting of Stockholders. In opposition to the solicitation of proxies by the Board of Directors, Ranger is proposing, and soliciting proxies in support of, a slate of five nominees (the "Ranger Nominees") to stand for election to the Board of Directors. The Ranger Nominees are Richard J. Agnich, Max D. Hopper, Stephen R. Perkins, Ronald J. Robinson and Cece Smith, and they will be standing for election in opposition to five nominees of the Board of Directors, namely Russell M. Artzt, Alfonse M. D'Amato, Sanjay Kumar, Charles B. Wang and Thomas H. Wyman. Ranger is not opposing the election of the six other nominees of the Board of Directors. If elected, the Ranger Nominees will constitute five of the eleven members of the Board of Directors.

RANGER URGES COMPUTER ASSOCIATES STOCKHOLDERS TO VOTE "FOR" THE RANGER NOMINEES ON THE ENCLOSED WHITE PROXY CARD.

As discussed in more detail under the heading "QUORUM AND VOTING" in this Proxy Statement, stockholders who vote on the WHITE proxy card furnished by Ranger will be able to vote for the election of the five Ranger Nominees and, in addition, will be able to vote for the election of six persons nominated by the Computer Associates Board of Directors, constituting a full slate of eleven director candidates. The Ranger Nominees, if elected, will constitute a minority of the members of the Board of Directors and, accordingly, if the full Board of Directors is present at a meeting, the Ranger Nominees, by themselves, will not be able to cause any action to be taken or not be taken by the Board of Directors. There is no assurance that any of the nominees of the Board of Directors will serve as directors of Computer Associates if any of the Ranger Nominees are elected.

YOUR VOTE AT THIS YEAR'S ANNUAL MEETING IS VERY IMPORTANT, NO MATTER HOW MANY OR HOW FEW SHARES YOU OWN. PLEASE SIGN AND DATE THE ENCLOSED WHITE PROXY CARD OR VOTING INSTRUCTION FORM AND RETURN IT IN THE ENCLOSED POSTAGE-PAID ENVELOPE PROMPTLY. PROPERLY VOTING THE ENCLOSED WHITE PROXY CARD OR VOTING INSTRUCTION FORM WILL REVOKE ANY PROXY PREVIOUSLY SIGNED BY YOU.

PLEASE DO NOT RETURN ANY PROXY CARD SENT TO YOU BY COMPUTER ASSOCIATES. Even if you may have voted on Computer Associates' proxy card, you can easily change your vote and revoke that proxy by signing, dating and returning the enclosed WHITE proxy card. ONLY YOUR LATEST DATED PROXY WILL COUNT AT THE 2002 ANNUAL MEETING.

If you have any questions or need any assistance in voting your Shares, please call the firm assisting Ranger in its solicitation of proxies:

## BACKGROUND; REASONS FOR THE SOLICITATION

Ranger solicited proxies in connection with Computer Associates' 2001 Annual Meeting held on August 29, 2001, in an effort to elect Ranger's nominees to the Computer Associates Board of Directors (the "2001 Proxy Contest"). Initially, Ranger's slate of nominees consisted of ten persons who, if elected, would have constituted the entire membership of the Board of Directors. On August 16, 2001, Ranger reduced its slate of nominees from ten persons to four persons and such four nominees, if elected, would have constituted a minority of the membership of the Board of Directors. At the 2001 Annual Meeting, the ten nominees of Computer Associates' Board of Directors were elected for a term of one year; none of Ranger's four nominees were elected as directors of Computer Associates.

Following the 2001 Annual Meeting, Ranger continued to monitor the financial and stock market performance of Computer Associates, as well as its adherence to the various corporate governance principles advocated by Ranger during the course of the 2001 Proxy Contest. Between September 2001 and March 2002, Ranger grew increasingly concerned as Computer Associates' financial performance and stock price continued to deteriorate. It is Ranger's belief that Computer Associates' senior management and Board of Directors have failed to adequately address the financial and governance issues raised during the 2001 Proxy Contest. As a result, Ranger has no confidence in the willingness or ability of Computer Associates' current senior management and Board of Directors to implement changes that Ranger believes are necessary to improve Computer Associates' financial performance and increase stockholder value.

In March 2002, Ranger informed the directors of Computer Associates that Ranger believes Computer Associates needs a new senior management team, and Ranger requested that the Board of Directors replace Chairman Charles B. Wang, President and Chief Executive Officer Sanjay Kumar and Chief Financial Officer Ira H. Zar. Ranger also informed the Board of Directors of Ranger's belief that a change in Computer Associates' corporate culture would be beneficial and that Computer Associates would thrive under a new, highly qualified and well-respected Chief Executive Officer.

Ranger further informed the Board of Directors that while Computer Associates had made certain changes in its corporate governance following the 2001 Proxy Contest, Ranger believes much remains to be done. For example, Ranger cited the fact that, while Computer Associates had revised its "poison pill" in certain respects, it had not eliminated the "poison pill." Ranger requested that Computer Associates' independent directors meet with Ranger to discuss Ranger's view that Messrs. Wang, Kumar and Zar be removed from their respective offices by the Board of Directors.

On April 11, 2002, Computer Associates' independent directors sent a letter to Ranger which, among other things, rejected Ranger's request for a meeting to discuss the removal of Messrs. Wang, Kumar and Zar, and stated that "those officers continue to enjoy our full confidence ..."

On June 27, 2002, Ranger publicly announced its intention to commence a proxy solicitation to elect the Ranger Nominees to the Board of Directors at the 2002 Annual Meeting, and on the same date Ranger furnished a written notice to the Company of its intention to nominate the Ranger Nominees in accordance with certain provisions of Computer Associates'

## Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form PRRN14A

by-laws, as amended (the "By-laws").

It is Ranger's strongly held belief that directors must be held accountable for poor performance by corporate management, and Ranger believes that Computer Associates' management has performed poorly. Ranger believes that one of the most important responsibilities of a board of directors of a public company is to select a well-qualified senior management team. In failing to replace Messrs. Wang, Kumar and Zar, Ranger believes that the Board of Directors has not lived up to that responsibility.

Ranger believes that the election of the Ranger Nominees to the Board of Directors will add individuals with significant software-specific industry and corporate governance experience. Ranger also believes the Ranger Nominees have the skills and conviction to evaluate management performance and would be capable of assisting with the selection of highly qualified senior executives to replace Messrs. Wang, Kumar and Zar if the Board of Directors determines to replace them. Ranger believes the replacement of the Company's senior management is necessary in order to begin implementing specific programs designed to stem the downward trend of Computer Associates' stock price.

Ranger believes that prompt and decisive action is needed to increase investor confidence in Computer Associates and that the quickest and surest way to increase investor confidence is to bring in a new, well-qualified and highly-respected senior management team. As evidence of what it believes to be an increasing lack of confidence in the current senior management team, Ranger cites the following:

- [ ] Since August 29, 2001, the date of the 2001 Annual Meeting, Computer Associates' stock price has dropped from \$32.00 on that date to \$13.13 on July 15, 2002 - a decrease of approximately 59% in less than eleven months.
- [ ] Computer Associates' stock during its most recent fiscal year ended March 31, 2002 substantially underperformed the S&P Systems Software Index and the S&P 500 Index. During this period, Computer Associates' total return was negative (20)% while the S&P Systems Software returned a positive 4% and the total return on the S&P 500 Index remained unchanged.
- [ ] From March 31, 2002 through July 15, 2002, Computer Associates' stock fell 38%, again underperforming the S&P 500 Index which was down 20% and the S&P Systems Software Index which fell 18% during the same period.
- [ ] Since January 26, 2000, the date when the stock closed at a high of \$74.56, the price has fallen to \$13.13 as of July 15, 2002 - a decrease of 82% in two and one-half years.
- [ ] Computer Associates has reported in its public filings revenues and basic earnings (loss) per Share for its last three fiscal years as follows:

Fiscal Year Ended March 31,  
-----

Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form PRRN14A

	2000 ----	2001 ----	2002 ----
Revenues	\$6.09 billion	\$4.19 billion	\$2.96 billion
Basic Earnings (Loss) Per Share	\$1.29	(\$1.02)	(\$1.91)

Computer Associates attributes this dramatic reduction in revenues and basic earnings per share primarily to changes in its revenue recognition policies under its "new Business Model" adopted in December 2000.(1) Ranger believes that the adoption by Computer Associates of its "new Business Model" makes a comparison of its recent reported financial results to those of prior years very difficult without resort to Computer Associates' unaudited, supplemental "pro forma" financial statements. In Ranger's view, this significantly detracts from the transparency of Computer Associates' financial statements, and makes it difficult to ascertain the growth or decline in Computer Associates' underlying business.

- 
- (1) Information as to Computer Associates' revenue and basic earnings (loss) per share for its fiscal years ended March 31, 2000, 2001 and 2002, is taken from the Computer Associates and Subsidiaries Consolidated Statements of Operations appearing in Computer Associates' Annual Report on Form 10-K for the fiscal year ended March 31, 2002 (the "2002 Form 10-K"). Reference is made to Note 1 of Computer Associates' audited financial statements included in the 2002 Form 10-K for a description of Computer Associates' significant accounting policies, including its revenue recognition policies, and the changes made to its revenue recognition policies when Computer Associates adopted what it refers to as its "new Business Model" in December 2000. According to Computer Associates, contracts entered into in connection with the new Business Model result in less current recognized revenue than under the former model, although Computer Associates' recognized revenue over the life of an individual contract would be the same. In order "to provide comparable financial results," the 2002 Form 10-K contains pro forma financial information in the Management's Discussion and Analysis section. The pro forma results of operations adjust historical prior period revenue recorded under the old business model to revenue recognized under the new Business Model.

- [ ] In March 2002, Computer Associates' debt rating was downgraded by Moody's to two notches above "junk" bond status, and in February 2002, Standard & Poor's revised its rating outlook on the Company from stable to negative.

As discussed above, the Ranger Nominees, if elected, would constitute a minority of the directors serving on the Board of Directors and, by themselves, would not be able to cause any action to be taken or not be taken by the Board of Directors. Moreover, as discussed more fully

## Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form PRRN14A

below under the heading "ELECTION OF DIRECTORS," the Ranger Nominees, if elected, will owe fiduciary duties to the stockholders of Computer Associates, and not to Ranger or to any other person or entity.

In addition to the removal of the senior officers of Computer Associates identified above, the Ranger Nominees, if elected, intend to urge the Board of Directors to implement the following actions:

- [ ] Review all Computer Associates' accounting procedures and policies in order to ensure the highest degree of credibility and transparency.
- [ ] Review internal financial reporting systems, with the Chief Financial Officer meeting regularly with, and being directly accountable to, the independent Audit Committee of the Board of Directors.
- [ ] Redeem the Company's "poison pill" in order to remove what Ranger believes to be unnecessary impediments to third parties who may wish to make an offer to acquire the Company.
- [ ] Oversee the creation of a consistent long-term market strategy. This market strategy would be supported by a newly-formed strategic technical committee composed of research and development and strategic managers for each of the Company's business units (which are referred to by Computer Associates as "brand units"), which would be chaired by the Chief Technology Officer. This committee's focus would be to ensure coordination among the business units, eliminate redundant activity, review the development of strategic products and the prospects for Company acquisitions, address issues of integration and interoperability among products and platforms, and monitor the Company's customer base for the technology they need.
- [ ] Overhaul and improve customer support activities so that the Company's support service for all customers is both simplified and more comprehensive. There would be a single point of contact for customers, and mechanisms for customers to voice complaints would be strengthened. There would be broader management contact directly with customers, with a focus on customer needs and relationship building. Directors would be urged to visit periodically with customers and attend annual user conferences.
- [ ] Increase emphasis on sales objectives and rewards to enhance product-line specialization and the leveraging of sales in existing data centers, with the goal of returning the Company to profitability by targeting selling opportunities to customers where Computer Associates already has established relationships with such customers.
- [ ] Reduce the Company's \$3.8 billion of outstanding debt (as of the end of its most recent fiscal year as reported in the 2002 Form 10-K) in order to strengthen its balance sheet and improve its liquidity. The Ranger Nominees expect to request the Board of Directors to consider a variety of measures typically employed by corporations to reduce debt, including, but not limited to, disposing of non-strategic/non-core assets, disposing of non-strategic/non-core products, and

## Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form PRRN14A

utilizing excess working capital, including the scheduled liquidation of installment accounts receivable.

Ranger believes that the above actions, if implemented, would be of benefit to Computer Associates and its stockholders. In particular, Ranger believes that such actions may increase investor confidence in the Company's financial reporting procedures, better integrate and coordinate the Company's portfolio of products, refocus and improve the Company's sales efforts, and strengthen the Company's balance sheet. Ranger believes the Company's poison pill creates an obstacle to enhancing stockholder value by discouraging potential purchasers of the Company. Ranger believes the poison pill places too much discretion in the hands of the Company's directors and may possibly be used by directors to entrench themselves and management in office instead of maximizing stockholder wealth. There may be certain disadvantages in removing the Company's poison pill. Namely, if the poison pill remains in place it could discourage, delay or prevent a takeover or change of control of the Company, or could prevent a sudden shift in corporate policy and contribute to the stability of the Company's corporate governance. However, as discussed above, Ranger believes that the removal of the poison pill is in the best interests of the Company's stockholders.

RANGER URGES ALL COMPUTER ASSOCIATES STOCKHOLDERS TO VOTE "FOR" THE RANGER NOMINEES BY SIGNING, DATING AND RETURNING THE ENCLOSED WHITE PROXY CARD.

### GENERAL

#### Proxy Information

As of the Record Date, Ranger was the holder of record and beneficial owner of 100 Shares. In addition, Ranger is the owner of currently exercisable options to purchase an aggregate of 1,478,925 Shares, with 1,309,905 of such options having an exercise price of \$25.08 per Share and 169,020 of such options having an exercise price of \$24.19 per Share. Ranger is deemed to be the beneficial owner of the Shares issuable upon the exercise of such options. The exercise prices of such options are substantially in excess of the current market price of the Common Stock, the closing price of which was \$13.13 on July 15, 2002. The shares beneficially owned by Ranger represent less than 1% of the Shares outstanding and entitled to vote on the Record Date. Sam Wyly, through his interest in Ranger, may be considered the beneficial owner of the Shares and options to purchase Common Stock held by Ranger.

The shares of Common Stock represented by each WHITE proxy card which is properly executed and returned to Ranger will be voted at the 2002 Annual Meeting in accordance with the instructions marked thereon. Executed but unmarked WHITE proxy cards will be voted FOR the election of the five Ranger Nominees (together with six nominees of the Computer Associates Board of Directors), FOR the approval of the Company's 2002 Incentive Plan, FOR the approval of the Company's 2002 Compensation Plan for Non-Employee Directors and will ABSTAIN with respect to the ratification of KPMG LLP as the independent accountants of Computer Associates for the fiscal year ending March 31, 2003. If any other matter properly comes before the 2002 Annual Meeting, the named proxies will vote all proxies granted to them in their sole discretion.

#### Proxy Revocation

## Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form PRRN14A

Whether or not you plan to attend the 2002 Annual Meeting, Ranger urges you to vote FOR the election of the Ranger Nominees by signing, dating and returning the WHITE proxy card in the enclosed envelope. You can do this even if you may have voted on the proxy card solicited by the Board of Directors. It is only the latest dated proxy that counts.

Execution of a WHITE proxy card will not affect your right to attend the 2002 Annual Meeting and to vote in person. Any stockholder granting a proxy (including a proxy given to Computer Associates) may revoke it at any time before it is voted by (i) submitting a duly executed new proxy bearing a later date, (ii) attending and voting at the 2002 Annual Meeting in person, or (iii) at any time before a previously executed proxy is voted, giving written notice of revocation either to Ranger c/o Morrow & Co, Inc., 445 Park Avenue, New York, New York 10022, or to Computer Associates International, Inc., One Computer Associates Plaza, Islandia, New York 11749, Attention: Corporate Secretary. Merely attending the 2002 Annual Meeting without voting at the 2002 Annual Meeting will not revoke any previous proxy which has been duly executed by you.

### QUORUM AND VOTING

Computer Associates will furnish stockholders with a definitive proxy statement (the "Management Proxy Statement") in connection with the Board of Directors' solicitation of proxies at the 2002 Annual Meeting. Information concerning the number of shares of Common Stock outstanding and entitled to vote on the Record Date is required to be set forth in the Management Proxy Statement and, in accordance with Rule 14a-5(c) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), reference is made to the Management Proxy Statement for such information. According to the Management Preliminary Proxy Statement, there were outstanding 578,101,483 shares of Common Stock as of the Record Date. Only stockholders of record at the close of business on the Record Date are entitled to notice of and to vote on matters that come before the 2002 Annual Meeting.

According to the By-laws, the presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the 2002 Annual Meeting is necessary to constitute a quorum at the 2002 Annual Meeting.

According to the Management Preliminary Proxy Statement, directors will be elected by a plurality of votes cast by stockholders at the 2002 Annual Meeting. Votes not cast at the 2002 Annual Meeting because of broker non-votes will be included for purposes of determining the presence of a quorum, but will not be considered in connection with determining the outcome of the election of directors. Computer Associates does not provide for cumulative voting in the election of directors.

There are five Ranger Nominees standing for election to the Board of Directors. According to the Management Preliminary Proxy Statement, eleven directors will be elected at the 2002 Annual Meeting, and the Board of Directors has designated eleven nominees to stand for election (the "Computer Associates Nominees").

Accordingly, there will be sixteen nominees (five Ranger Nominees and eleven Computer Associates Nominees) for eleven director positions on the Board of Directors. Under Computer Associates' plurality voting provisions, the eleven nominees who receive the greatest number of votes will be elected. Stockholders who vote on the WHITE proxy card furnished by Ranger will be able to vote for the five Ranger Nominees and, as discussed

## Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form PRRN14A

below, also will be able to vote for six Computer Associates Nominees, constituting a full slate of eleven persons. There is no assurance that any of the Computer Associates Nominees will serve on the Board of Directors if any of the Ranger Nominees are elected. Stockholders who use Computer Associates' proxy card will not be able to vote for any of the Ranger Nominees. Accordingly, any stockholder who wishes to vote for the Ranger Nominees should vote on Ranger's WHITE proxy card.

The eleven Computer Associates Nominees are identified in the Management Proxy Statement. The five Computer Associates Nominees with respect to whom Ranger is not seeking authority to vote and who may not be voted for on Ranger's WHITE proxy card are Russell M. Artzt, Alfonse M. D'Amato, Sanjay Kumar, Charles B. Wang and Thomas H. Wyman. Any stockholder who wishes to vote for one or more of the Ranger Nominees and for one or more of Messrs. Artzt, D'Amato, Kumar, Wang and Wyman will be unable to do so on either Ranger's WHITE proxy card or Computer Associates' proxy card, and may only do so by voting by ballot at the 2002 Annual Meeting. Stockholders should refer to the Management Proxy Statement for information concerning the Computer Associates Nominees.

In addition to the five Computer Associates Nominees identified above, there are six other Computer Associates Nominees. Ranger is not opposing the election of such six other Computer Associates Nominees and intends to use the WHITE proxy card to vote for their election. Stockholders who use the WHITE proxy card may withhold authority to vote for any of the five Ranger Nominees by striking a line through the name of that nominee and may withhold authority to vote for any of the six Computer Associates Nominees that Ranger will vote for by writing the name of that nominee in the indicated space on the WHITE proxy card.

Required information concerning the necessary vote to approve the other matters being voted upon at the 2002 Annual Meeting and the effects, if any, of abstentions and broker non-votes on such other matters, will be set forth in the Management Proxy Statement and, in accordance with Rule 14a-5(c) under the Exchange Act, reference is made to the Management Proxy Statement for such information.

### ELECTION OF DIRECTORS

Ranger is soliciting proxies in support of the election to the Board of Directors of the following five Ranger Nominees for a one-year term expiring at the 2003 Annual Meeting of Stockholders and until their respective successors are duly elected and qualify: Richard J. Agnich, Max D. Hopper, Stephen R. Perkins, Ronald J. Robinson and Cece Smith.

The By-laws provide that there shall be three or more directors, with the number of directors to be fixed from time to time by resolution of the Board of Directors. On July 16, 2002, Computer Associates announced that it had added four new directors to the Board. Accordingly, the Board of Directors is currently comprised of fifteen directors. At the same time, Computer Associates announced that four current directors will not stand for reelection to the Board of Directors at the 2002 Annual Meeting. As a result, eleven directors will be elected at the 2002 Annual Meeting. In accordance with the By-laws, Ranger has provided written notice to Computer Associates of its intent to nominate the Ranger Nominees for election as directors at the 2002 Annual Meeting. Ranger has nominated the Ranger Nominees to fill five of the eleven available seats on the Board of Directors.

Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form PRRN14A

Each of the Ranger Nominees has consented to serve as a Ranger Nominee and to be named as a Ranger Nominee in this Proxy Statement, and to serve as a director of Computer Associates, if elected. If any Ranger Nominee is unable to serve or otherwise unavailable to stand for election as a director at the 2002 Annual Meeting, Ranger intends to nominate a replacement nominee for election. Should one or more replacement nominees be required, the named proxies will exercise their discretionary authority to vote for any replacement nominee selected by Ranger.

If the Ranger Nominees are elected to the Board of Directors, the Ranger Nominees would constitute only five of the eleven members serving on the Board of Directors. Since the By-laws provide that action by the Board of Directors requires a majority vote of the directors present at a meeting at which a quorum is present, the five Ranger Nominees, by themselves, ordinarily would not be able to cause any action to be taken or not taken by the Board of Directors (unless fewer than ten directors are present at a meeting of the Board of Directors, and the Ranger Nominees present at such meeting constitute a majority of all directors present at such meeting). Nevertheless, the five Ranger Nominees may, because of their different backgrounds and expertise, be able to inform and persuade other directors sufficiently to cause the Board of Directors to take or not take various actions.

If elected, the Ranger Nominees will owe fiduciary duties to the stockholders of Computer Associates, and not to Ranger or to any other person or entity. The Ranger Nominees are committed to acting in the best interests of Computer Associates' stockholders and, subject to their fiduciary duties as directors of Computer Associates, will, to the extent possible, attempt to persuade the Board of Directors to implement the various matters discussed in this Proxy Statement under the heading "BACKGROUND; REASONS FOR THE SOLICITATION." The implementation of such matters would be subject to events and circumstances that the Ranger Nominees may not currently be aware of, as well as events and circumstances that have not yet occurred and cannot readily be predicted, such as (i) actions of the Board of Directors not known to the Ranger Nominees, (ii) the views of the Ranger Nominees, (iii) the views of officers and other key employees of Computer Associates, (iv) developments in Computer Associates' business, operations and financial performance, (v) changes in the U.S. and global economies, debt and equity markets, and (vi) any future judicial decisions or governmental actions regarding the business of Computer Associates, the management of Computer Associates, or the Board of Directors.

THE RANGER NOMINEES

Set forth below are the names and addresses of, and certain biographical information relating to, the five Ranger Nominees:

Name, Business Address and Age -----	Employment History or Present Principal Occupation and Five-Year Employment History -----

Cece Smith.....57  
Phillips-Smith-Machens  
Venture Partners  
5080 Spectrum Drive  
Suite 805 West  
Addison, TX 75001

Since 1986, Ms. Smith has been a general partner of Phillips-Smith-Machens Venture Partners, a venture capital investment firm that specializes in retail and consumer investments. She currently serves as a director of Brinker International, Inc. and Beautyco, Inc. She previously served as a director of A Pea in the Pod, Inc., BizMart, Inc., Cheap Tickets, Inc. and Hot Topic, Inc. Prior to starting Phillips-Smith, Ms. Smith was Executive Vice President - Finance and Administration of Pearle Health Services, Inc., a retail optical chain. Ms. Smith served as a director from 1992 to 1997 and as Chairman from 1994 to 1996 of the Federal Reserve Bank of Dallas. She is also a CPA.

Except for Mr. Perkins who is a joint, beneficial owner of 1,000 Shares with his wife, none of the Ranger Nominees own any Shares (except insofar as any Ranger Nominee may be deemed to have beneficial ownership of the Shares beneficially owned by Ranger pursuant to the letter agreements described below). As discussed below, each Ranger Nominee has an economic interest in 20,000 options to purchase shares of Common Stock.

Each Ranger Nominee has entered into a letter agreement with Ranger that provides that Ranger will indemnify and hold harmless the Ranger Nominee from any and all liabilities, losses, claims, damages and out-of-pocket expenses (including reasonable attorneys' fees and expenses) (collectively, "Losses") based upon or arising out of the solicitation of proxies by Ranger from Computer Associates' stockholders and the willingness of the Ranger Nominee to stand for election as a director of Computer Associates, except to the extent that any such Losses (i) may arise out of inaccurate written information supplied by the Ranger Nominee in connection with Ranger's solicitation of proxies or (ii) are found in a final judgment by a court, not subject to further appeal, to have resulted from bad faith, willful misconduct or gross negligence on the part of the Ranger Nominee.

Each letter agreement also provides that Ranger will grant to each Ranger Nominee an economic interest in 20,000 options to purchase Computer Associates Common Stock presently held by Ranger (the "Options"). The Options expire on October 6, 2006 and have an exercise price of \$25.08 per Share. Ranger will pay each Ranger Nominee, whether or not the Ranger Nominee is elected to the Board of Directors, an amount equal to the excess, if any, of the market price of the Common Stock over the exercise price of the Options, as determined on the earlier of (i) October 6, 2006 and (ii) the date Ranger has exercised an aggregate of at least 140,000 Options after the date of such letter agreements. The \$25.08 exercise price of the Options is substantially in excess of the current market price of Common Stock, the closing price of which was \$13.13 on July 15, 2002, and there will be no economic value in the Option interests granted by Ranger to the Ranger Nominees unless the market value of the Common Stock exceeds the exercise price on the payment date described above. In addition, each

## Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form PRRN14A

letter agreement provides that Ranger shall pay to each Ranger Nominee, whether or not the Ranger Nominee is elected to the Board of Directors, the sum of \$20,000 for serving as a Ranger Nominee.

Each of the Ranger Nominees, if elected, will be entitled to receive compensation customarily paid by Computer Associates to its independent directors, which will be described in the Management Proxy Statement.

Ranger reserves the right to nominate substitute persons as Ranger Nominees if Computer Associates makes or announces any changes to the By-laws or takes or announces any other action that has, or if consummated would have, the effect of disqualifying any of the Ranger Nominees. In addition, if Computer Associates causes any additional directorships to be voted upon at the 2002 Annual Meeting, Ranger reserves the right to nominate additional persons to fill the added positions. Shares represented by Ranger's WHITE proxy cards will be voted for any such substitute or additional nominees of Ranger.

### OTHER MATTERS TO BE VOTED UPON

At the 2002 Annual Meeting, in addition to electing directors, the Company is asking stockholders to approve the Company's 2002 Incentive Plan, to approve the Company's 2002 Compensation Plan for Non-Employee Directors and to ratify the appointment of KPMG LLP as the Company's independent auditors for the fiscal year ending March 31, 2003.

According to the Management Preliminary Proxy Statement, on June 21, 2002, the Compensation Committee of the Computer Associates' Board of Directors approved, and the Board of Directors adopted, the 2002 Incentive Plan effective as of April 1, 2002, subject to approval by the stockholders of Computer Associates. According to the Management Preliminary Proxy Statement, the 2002 Incentive Plan is intended to replace future awards under the Company's 1994 Annual Incentive Compensation Plan and 2001 Stock Option Plan.

In addition, according to the Management Preliminary Proxy Statement, the 2002 Compensation Plan for Non-Employee Directors was adopted by the Computer Associates Board of Directors effective as of July 1, 2002, subject to approval by the stockholders of Computer Associates. According to the Management Preliminary Proxy Statement, the 2002 Compensation Plan for Non-Employee Directors is intended to replace the Company's 1993 Stock Option Plan for Non-Employee Directors and the 1996 Deferred Stock Plan for Non-Employee Directors.

Ranger supports the principle of offering, subject to proper administration by the Compensation Committee and the Board of Directors, competitive equity incentive programs to employees and non-employee directors and, as a result, supports the adoption of the 2002 Incentive Plan and the 2002 Compensation Plan for all Non-Employee Directors.

Copies of the 2002 Incentive Plan and the 2002 Compensation Plan for Non-Employee Directors are attached to the Management Preliminary Proxy Statement as Exhibits B and C, respectively, and descriptions of such Plans are included in the Management Preliminary Proxy Statement. Reference is hereby made to such information pursuant to Rule 14a-5(c) under the Exchange Act.

Ranger recommends that stockholders vote "For" the approval of the 2002 Incentive Plan and the 2002 Compensation Plan for Non-Employee

Directors.

Ranger does not make any recommendation with respect to the ratification of KPMG LLP as the Company's independent auditors for the fiscal year ending March 31, 2003. If stockholders provide instructions regarding the ratification of the auditors on the enclosed WHITE proxy card, Ranger will vote the Shares as directed; if no instructions are given, Shares represented by Ranger's WHITE proxy card will abstain on this matter.

Submitting a WHITE proxy card will entitle the named proxies to vote your Shares in accordance with their sole discretion on matters not described in this Proxy Statement that may arise at the 2002 Annual Meeting.

### SOLICITATION OF PROXIES; EXPENSES

The total cost of this proxy solicitation (including fees of attorneys, financial advisors, proxy solicitors and printing and mailing expenses) will be borne by Ranger, and is estimated to be approximately \$3,000,000. Approximately \$900,000 of such costs have been incurred to date. Ranger will not seek reimbursement from Computer Associates for the costs of this proxy solicitation.

Proxies may be solicited by mail, telephone, telefax, telegraph, Internet, e-mail and in person. While Ranger may make solicitations via the Internet, Ranger will not provide stockholders with proxy cards via the Internet and will not provide stockholders with a means to vote their proxies via the Internet. Officers and certain employees of Ranger and its affiliates and the other participants listed on Annex A hereto, may assist in the solicitation of proxies without any additional remuneration.

Ranger has retained Morrow & Co., Inc. ("Morrow") for solicitation and advisory services in connection with the solicitation of proxies relating to the 2002 Annual Meeting, for which Morrow will receive a fee not to exceed \$850,000, plus reimbursement of reasonable out-of-pocket expenses. Ranger has agreed to indemnify Morrow against any liabilities and expenses relating to or arising out of Morrow's engagement by Ranger, except for any liabilities and expenses resulting from any failure by Morrow or its employees to comply with the agreement between Morrow and Ranger and except for any liabilities and expenses resulting from the gross negligence, bad faith or willful misconduct on the part of Morrow or its employees. Morrow will utilize approximately 40 people to solicit proxies from Computer Associates stockholders.

### CERTAIN INFORMATION ABOUT THE PARTICIPANTS

Ranger, Ranger Governance, the Ranger Nominees, Sam Wyly, a limited partner of Ranger and manager of Ranger Governance, and certain other persons identified in Annex A are participants (collectively, the "Participants," and each, a "Participant") in Ranger's solicitation of proxies for the 2002 Annual Meeting within the meaning of the federal securities laws. Information in this Proxy Statement and in Annex A about each Participant was provided by that Participant.

### OTHER INFORMATION

Except for the election of directors to the Board of Directors, the approval of the Company's 2002 Incentive Plan, the approval of the

Company's 2002 Compensation Plan for Non-Employee Directors and the ratification of the selection of KPMG LLP as the independent accountants for the fiscal year ending March 31, 2003, Ranger is not aware of any other matter to be presented for consideration at the 2002 Annual Meeting. However, if any other matter properly comes before the 2002 Annual Meeting, the persons named as proxies by Ranger will exercise their discretionary authority to vote on such matters in accordance with their best judgment.

The Management Proxy Statement is required to set forth information regarding (a) the beneficial ownership of Shares by (i) any person known to Computer Associates to beneficially own more than 5% of any class of voting securities of Computer Associates, (ii) each director and nominee, and certain executive officers of Computer Associates, and (iii) all directors and executive officers of Computer Associates as a group, (b) information concerning Computer Associates' directors and management, including information relating to management compensation and (c) information concerning the procedures for submitting stockholder proposals for consideration at Computer Associates' 2003 Annual Meeting of Stockholders. Reference is hereby made to such information which, to the extent it may be deemed required, is incorporated herein pursuant to Rule 14a-5(c) under the Exchange Act
